\[\text{F84}\] or any proposed highway—

(i) to be constructed by the Minister[\text{F85}] or a strategic highways company, or

If an order under this section directing that a proposed highway shall become a trunk road is revoked or varied by a subsequent order made at any time before the date on which the highway is opened for the purposes of through traffic, the revoking or varying order shall not be deemed for the purposes of section 2 above to be an order directing that a trunk road shall cease to be a trunk road.

In addition to the case where a trunk road ceases to be a trunk road by virtue of an order made under this section, a trunk road shall cease to be a trunk road if the road is transferred from the Minister or a strategic highways company to some other highway authority to become part of a special road provided by that authority.

(a) as a lump sum, or
(b) by annual payments of such amount, and continuing for such number of years, as may be agreed between him and the highway authority or, in default of agreement, as may be determined by arbitration.

(3) Any matter which by virtue of subsection (1) or (2) above is to be determined by arbitration shall be determined by a single arbitrator appointed, in default of agreement between the parties concerned, by the Minister.

55 **Extinguishment of liability to maintain or improve bridges comprised in trunk roads and special roads.**

(1) Where a highway comprising a bridge becomes a trunk road, and the bridge is transferred to the Minister or a strategic highways company (“the trunk road authority”) under this Act, then, if immediately before the transfer the bridge was not a highway maintainable at the public expense, any liability of the owners of the bridge for the maintenance or improvement of it or of the highway carried by it is thereupon extinguished.

(2) Where the liability of the owners of a bridge is extinguished under subsection (1) above, the owners shall pay to the [F225 trunk road authority] such sum as may be agreed between them and the [F227 authority] or, in default of agreement, as may be determined by arbitration to represent the value to the owners of the extinguishment of their liability.

(3) Any sum payable by the owners of a bridge under subsection (2) above shall, in so far as it exceeds any sum payable by the [F225 trunk road authority] to the owners under this Act, be paid, at the option of the owners—

(a) as a lump sum, or

(b) by annual instalments of such amount, and continuing for such number of years, as may be agreed between the owners and the [F225 trunk road authority] or, in default of agreement, as may be determined by arbitration, or

(c) by perpetual annual payments of such amount as may be so agreed or determined.

(4) The foregoing provisions of this section apply where a highway comprising a bridge is included in the route prescribed by a scheme under section 16 above authorising the provision of a special road by a local highway authority and the bridge is transferred to the special road authority, as they apply where such a highway becomes a trunk road and the bridge is transferred to the [F226 trunk road authority]; and accordingly those provisions have effect as if the references therein to a trunk road and to the Minister, a strategic highways company or trunk road authority included references to a special road and to the special road authority.

(5) In this section—

“bridge” includes so much of the approaches thereto as supports or protects the surface of the trunk road or special road;

“owners”, in relation to a bridge, means the persons who, immediately before the transfer of the bridge to the [F223 trunk road authority] or the special road authority, were responsible for the maintenance of it, and includes any persons who, in pursuance of any agreement with the persons so responsible, were then discharging that responsibility on their behalf.
Enforcement of liability for maintenance

56 Proceedings for an order to repair highway.

(1) A person ("the complainant") who alleges that a way or bridge—
   (a) is a highway maintainable at the public expense or a highway which a person is liable to maintain under a special enactment or by reason of tenure, enclosure or prescription, and
   (b) is out of repair,
may serve a notice on the highway authority or other person alleged to be liable to maintain the way or bridge ("the respondent") requiring the respondent to state whether he admits that the way or bridge is a highway and that he is liable to maintain it.

(2) If, within 1 month from the date of service on him of a notice under subsection (1) above, the respondent does not serve on the complainant a notice admitting both that the way or bridge in question is a highway and that the respondent is liable to maintain it, the complainant may apply to the Crown Court for an order requiring the respondent, if the court finds that the way or bridge is a highway which the respondent is liable to maintain and is out of repair, to put it in proper repair within such reasonable period as may be specified in the order.

(3) The complainant for an order under subsection (2) above shall give notice in writing of the application to the appropriate officer of the Crown Court and the notice shall specify—
   (a) the situation of the way or bridge to which the application relates,
   (b) the name of the respondent,
   (c) the part of the way or bridge which is alleged to be out of repair, and
   (d) the nature of the alleged disrepair;
and the complainant shall serve a copy of the notice on the respondent.

(4) If, within 1 month from the date of service on him of a notice under subsection (1) above, the respondent serves on the complainant a notice admitting both that the way
or bridge in question is a highway and that the respondent is liable to maintain it, the complainant may, within 6 months from the date of service on him of that notice, apply to a magistrates’ court for an order requiring the respondent, if the court finds that the highway is out of repair, to put it in proper repair within such reasonable period as may be specified in the order.

(5) A court in determining under this section whether a highway is out of repair shall not be required to view the highway unless it thinks fit, and any such view may be made by any 2 or more of the members of the court.

(6) If at the expiration of the period specified in an order made under subsection (2) or (4) above a magistrates’ court is satisfied that the highway to which the order relates has not been put in proper repair, then, unless the court thinks fit to extend the period, it shall by order authorise the complainant (if he has not the necessary power in that behalf) to carry out such works as may be necessary to put the highway in proper repair.

(7) Any expenses which a complainant reasonably incurs in carrying out works authorised by an order under subsection (6) above are recoverable from the respondent summarily as a civil debt.

(8) Where any expenses recoverable under subsection (7) above are recovered from the respondent, then, if the respondent would have been entitled to recover from some other person the whole or part of the expenses of repairing the highway in question if he had repaired it himself, he is entitled to recover from that other person the whole or the like part, as the case may be, of the expenses recovered from him.

(9) Where an application is made under this section for an order requiring the respondent to put in proper repair a footpath or bridleway which, in either case, is a highway maintainable at the public expense and some other person is liable to maintain the footpath or bridleway under a special enactment or by reason of tenure, enclosure or prescription, that other person has a right to be heard by the court which hears the application, but only on the question whether the footpath or bridleway is in proper repair.

57 **Default powers of highway authorities in respect of non-repair of privately maintainable highways.**

(1) Where a person is liable under a special enactment or by reason of tenure, enclosure or prescription to maintain a footpath or bridleway which, in either case, is a highway maintainable at the public expense, and the highway authority for the highway repair it in the performance of their duty to maintain it, they may, subject to subsection (3) below, recover the necessary expenses of doing so from that person in any court of competent jurisdiction.

(2) Where a person is liable as aforesaid to maintain a highway other than such a footpath or bridleway as is referred to in subsection (1) above the highway authority for the highway may, if in their opinion the highway is not in proper repair, repair it and, subject to subsection (3) below, recover the necessary expenses of doing so from that person in any court of competent jurisdiction.

(3) The right of recovery conferred by the foregoing provisions of this section is not exercisable—

(a) in a case where a highway authority repair a footpath or bridleway in obedience to an order of a court made under section 56 above, unless not less than 21 days before the date on which the application was heard by the court
the authority gave notice to the person liable to maintain the path or way of
the making of an application with respect to it and of the time and place at
which the application was to be heard by the court (so however that there is
no obligation to give notice to him under this paragraph if he was the person
on whose application the order of the court was made);

(b) in any other case, unless the highway authority, before repairing the highway,
have given notice to the person liable to maintain it that the highway is not in
proper repair, specifying a reasonable time within which he may repair it, and
he has failed to repair it within that time.

(4) Where a highway authority exercise a right of recovery from any person under the
foregoing provisions of this section, then, if that person would have been entitled to
recover from some other person the whole or part of the expenses of repairing the
highway if he had repaired it himself, he is entitled to recover from that other person
the whole or the like part, as the case may be, of the expenses recovered from him
by the highway authority.

58 Special defence in action against a highway authority for damages for non-
repair of highway.

(1) In an action against a highway authority in respect of damage resulting from their
failure to maintain a highway maintainable at the public expense it is a defence
(without prejudice to any other defence or the application of the law relating to
contributory negligence) to prove that the authority had taken such care as in all the
circumstances was reasonably required to secure that the part of the highway to which
the action relates was not dangerous for traffic.

(2) For the purposes of a defence under subsection (1) above, the court shall in particular
have regard to the following matters:—

(a) the character of the highway, and the traffic which was reasonably to be
expected to use it;
(b) the standard of maintenance appropriate for a highway of that character and
used by such traffic;
(c) the state of repair in which a reasonable person would have expected to find
the highway;
(d) whether the highway authority knew, or could reasonably have been expected
to know, that the condition of the part of the highway to which the action
relates was likely to cause danger to users of the highway;
(e) where the highway authority could not reasonably have been expected to
repair that part of the highway before the cause of action arose, what warning
notices of its condition had been displayed;

but for the purposes of such a defence it is not relevant to prove that the highway
authority had arranged for a competent person to carry out or supervise the
maintenance of the part of the highway to which the action relates unless it is
also proved that the authority had given him proper instructions with regard to the
maintenance of the highway and that he had carried out the instructions.

(3) This section binds the Crown.
Recovery by highway authorities etc. of certain expenses incurred in maintaining highways

59  Recovery of expenses due to extraordinary traffic.

(1) Subject to subsection (3) below, where it appears to the highway authority for a highway maintainable at the public expense, by a certificate of their proper officer, that having regard to the average expense of maintaining the highway or other similar highways in the neighbourhood extraordinary expenses have been or will be incurred by the authority in maintaining the highway by reason of the damage caused by excessive weight passing along the highway, or other extraordinary traffic thereon, the highway authority may recover from any person (“the operator”) by or in consequence of whose order the traffic has been conducted the excess expenses.

(2) In subsection (1) above “the excess expenses” means such expenses as may be proved to the satisfaction of the court having cognizance of the case to have been or to be likely to be incurred by the highway authority by reason of the damage arising from the extraordinary traffic; and for the purposes of that subsection the expenses incurred by a highway authority in maintaining a highway are (without prejudice to the application of this section to a by-pass provided under this Act for use in connection with a cattle-grid) to be taken to include expenses incurred by them in maintaining a cattle-grid provided for the highway under this Act.

(3) If before traffic which may cause such damage commences the operator admits liability in respect of such traffic, then—

(a) the operator and the highway authority may agree for the payment by the operator to the highway authority of a sum by way of a composition of such liability, or

(b) either party may require that the sum to be so paid shall be determined by arbitration;

and where a sum has been so agreed or determined the operator is liable to pay that sum to the highway authority and is not liable to proceedings for the recovery of the excess expenses under subsection (1) above.
(5) Proceedings for the recovery of any sums under this section shall be commenced within 12 months from the time at which the damage has been done or, where the damage is the consequence of any particular building contract or work extending over a long period, not later than 6 months from the date of completion of the contract or work.

(6) In the application of this section to highways for which the Minister is the highway authority the words “by a certificate of their proper officer” in subsection (1) are to be omitted.

118 Stopping up of footpaths F434, bridleways and restricted byways].

(1) Where it appears to a council as respects a footpath F435, bridleway or restricted byway] in their area (other than one which is a trunk road or a special road) that it is expedient that the path or way should be stopped up on the ground that it is not needed for public use, the council may by order made by them and submitted to and confirmed by the Secretary of State, or confirmed as an unopposed order, extinguish the public right of way over the path or way.

An order under this section is referred to in this Act as a “public path extinguishment order”.

(2) The Secretary of State shall not confirm a public path extinguishment order, and a council shall not confirm such an order as an unopposed order, unless he or, as the case may be, they are satisfied that it is expedient so to do having regard to the extent (if any) to which it appears to him or, as the case may be, them that the path or way would, apart from the order, be likely to be used by the public, and having regard to the effect which the extinguishment of the right of way would have as respects land served by the path or way, account being taken of the provisions as to compensation contained in section 28 above as applied by section 121(2) below.

(3) A public path extinguishment order shall be in such form as may be prescribed by regulations made by the Secretary of State and shall contain a map, on such scale as may be so prescribed, defining the land over which the public right of way is thereby extinguished.

(4) Schedule 6 to this Act has effect as to the making, confirmation, validity and date of operation of public path extinguishment orders.

(5) Where, in accordance with regulations made under paragraph 3 of the said Schedule 6, proceedings preliminary to the confirmation of the public path extinguishment order are taken concurrently with proceedings preliminary to the confirmation of a public path creation order F436, public path diversion order or rail crossing diversion order then, in considering—

(a) under subsection (1) above whether the path or way to which the public path extinguishment order relates is needed for public use, or

(b) under subsection (2) above to what extent (if any) that path or way would apart from the order be likely to be used by the public,

the council or the Secretary of State, as the case may be, may have regard to the extent to which the public path creation order F437, public path diversion order or rail crossing diversion order] would provide an alternative path or way.
(6) For the purposes of subsections (1) and (2) above, any temporary circumstances preventing or diminishing the use of a path or way by the public shall be disregarded.

(6A) The considerations to which—

(a) the Secretary of State is to have regard in determining whether or not to confirm a public path extinguishment order, and

(b) a council are to have regard in determining whether or not to confirm such an order as an unopposed order,

(b) provide that so much of the order as extinguishes (in accordance with subsection (1)(b) above) a public right of way is not to come into force until the local highway authority for the new path or way certify that the work has been carried out.]

(a) the diversion would have on public enjoyment of the path or way as a whole,

(b) the coming into operation of the order would have as respects other land served by the existing public right of way, and
(c) any new public right of way created by the order would have as respects the land over which the right is so created and any land held with it, so, however, that for the purposes of paragraphs (b) and (c) above the Secretary of State or, as the case may be, the council shall take into account the provisions as to compensation referred to in subsection (5)(a) above.

(3) For the purposes of the application of subsection (1) above in the case of a particular crop, the crop shall be treated as grass if, and only if—

(11) In this section [F575, section 140 and section 140A] below—

(1) The Minister may make provision by regulations requiring the owner of a builder’s skip deposited on a highway maintainable at the public expense to pay a charge to the highway authority where—

(a) the period for which the skip remains in the highway exceeds such period as may be prescribed, and

(b) the skip is not removed within a reasonable period.
(2) For this purpose “a reasonable period” means such period as is agreed by the authority and the owner of the skip to be reasonable or, in default of such agreement, is determined by arbitration to be reasonable in the circumstances.

In default of agreement, the authority’s view as to what is a reasonable period shall be acted upon pending the decision of the arbitrator.

(3) The regulations may provide that if a person applying to the highway authority for permission under section 139 above submits together with his application an estimate of the likely duration of the occupation of the highway, the period stated in the estimate shall be taken to be agreed by the authority to be reasonable unless they give notice, in such manner and within such period as may be prescribed, objecting to the estimate.

(4) The regulations may also provide that if it appears to the owner of the skip that by reason of matters not previously foreseen or reasonably foreseeable the duration of the occupation of the highway—

(a) is likely to exceed the prescribed period,
(b) is likely to exceed the period stated in his previous estimate, or
(c) is likely to exceed the period previously agreed or determined to be a reasonable period,

he may submit an estimate or revised estimate accordingly, and that if he does so any previous estimate, agreement or determination shall cease to have effect and the period stated in the new estimate shall be taken to be agreed by the authority to be reasonable unless they give notice, in such manner and within such period as may be prescribed, objecting to the estimate.

(5) The amount of the charge shall be determined in such manner as may be prescribed by reference to the period for which the highway is occupied by the skip and the extent of the occupation.

Different rates of charge may be prescribed according to the place and time of the occupation and such other factors as appear to the Minister to be relevant.

(6) The regulations may make provision as to the time and manner of making payment of any charge.

(7) The regulations shall provide that a highway authority may reduce the amount, or waive payment, of a charge in any particular case, in such classes of case as they may decide or as may be prescribed, or generally.

### 164 Power to require removal of barbed wire.

(1) Where on land adjoining a highway there is a fence made with barbed wire, or having barbed wire in or on it, and the wire is a nuisance to the highway, a competent authority may by notice served on the occupier of the land require him to abate the nuisance within such time, not being less than one month nor more than 6 months from the date of service of the notice, as may be specified in it.

For the purposes of this section—

(a) the competent authorities, in relation to any highway, are the highway authority and also (where they are not the highway authority) the local authority for the area in which the highway is situated;

(b) “barbed wire” means wire with spikes or jagged projections, and barbed wire is to be deemed to be a nuisance to a highway if it is likely to be injurious to persons or animals lawfully using the highway.

(2) If at the expiration of the time specified in the notice the occupier has failed to comply with the notice, a magistrates’ court, if satisfied on complaint made by the authority that the wire is a nuisance to the highway, may order the occupier to abate the nuisance and, if he fails to comply with the order within a reasonable time, the authority may do whatever may be necessary in execution of the order and recover from him the expenses reasonably incurred by them in so doing.

(3) If the local authority who are a competent authority in relation to the highway concerned are the occupiers of the land in question proceedings under this section may be taken against them by any ratepayer within the area of that local authority and the foregoing provisions apply accordingly in relation to him and to the authority as they apply in relation to an authority and to an occupier of land.
165 Dangerous land adjoining street.

(1) If, in or on any land adjoining a street, there is an unfenced or inadequately fenced source of danger to persons using the street, the local authority in whose area the street is situated may, by notice to the owner or occupier of that land, require him within such time as may be specified in the notice to execute such works of repair, protection, removal or enclosure as will obviate the danger.

(2) A person aggrieved by a requirement under subsection (1) above may appeal to a magistrates’ court.

(3) Subject to any order made on appeal, if a person on whom a notice is served under this section fails to comply with the notice within the time specified in it, the authority by whom the notice was served may execute such works as are necessary to comply with the notice and may recover the expenses reasonably incurred by them in so doing from that person.

(4) Where the power conferred by subsection (1) above is exercisable in relation to land adjoining a street and has not been exercised by the local authority empowered to exercise it, then, if that authority are not the highway authority for the street, the highway authority for the street may request the local authority to exercise the power.

(5) If the local authority refuse to comply with a request made under subsection (4) above or fail within a reasonable time after the request is made to them to do so, the highway authority may exercise the power (and where they do so subsections (2) and (3) above apply accordingly).

166 Forecourt abutting on streets.

(1) If it appears to a competent authority that the forecourt of premises abutting on a street, or any steps or projection or goods (whether for sale or not) placed in such a forecourt, is or are a source of danger, obstruction or inconvenience to the public, the authority may by notice require the owner or occupier of the forecourt to fence the forecourt from the street or, at his election, to take such other steps as may be specified in the notice to obviate the danger, obstruction or inconvenience to the public.

For the purposes of this section the following are competent authorities—

(a) in the case of a street outside Greater London which is a highway, a local authority and also the highway authority;

(b) in the case of any other street, a local authority.

(2) If it appears to a competent authority that a stall or other erection on a forecourt of premises abutting on a street is by reason of its character injurious to the amenities of the street, the authority may by notice require the owner or occupier of the forecourt to fence the forecourt from the street or, at his election, to take such other steps as may be specified in the notice to obviate the danger, obstruction or inconvenience to the public.

This subsection does not apply to any erection which has been in position in the forecourt of any premises at all times since 10th November 1960.

(3) A competent authority does not have power under subsection (1) or (2) above to give a notice applying to any advertisement as defined in section 336(1) of the Town and Country Planning Act 1990, or under subsection (2) above to give a notice applying to anything erected in conformity with planning permission granted on an application under Part III of that Act.
(4) The provisions of Part XII of the M32 Public Health Act 1936 with respect to appeals against, and the enforcement of, notices requiring the execution of works apply in relation to any notice under this section as if this section were contained in that Act (and as if the references to the local authority included references to the highway authority); and section 290(6) of that Act shall authorise the authority at their election to take either of the courses which were open to the person on whom the notice was served in order to comply with it.

(5) In this section, “local authority” means any of the following, namely, the council of a district or London borough, the Common Council, the sub-treasurer of the Inner Temple, the under-treasurer of the Middle Temple, a Welsh council and the Council of the Isles of Scilly.

Precautions to be taken in doing certain works in or near streets or highways

168 Building operations affecting public safety.

(1) If in the course of the carrying out of any building operation in or near a street there occurs an accident which—

(a) gives rise to the risk of serious bodily injury to a person in the street, whether or not the death or disablement of any person is caused thereby; or

(b) would have given rise to such risk but for the fact that a local authority or highway authority had in the exercise of their powers under section 78 of the Building Act 1984 (emergency measures to deal with dangerous buildings) or any other enactment taken steps to ensure that if an accident occurred it would not give rise to such risk,

then, subject to the provisions of this section, the owner of the land or building on which the building operation is being carried out is, without prejudice to any liability to which he or any other person may be subject apart from this section, guilty of an offence and liable to a fine not exceeding level 5 on the standard scale.

(2) Where the commission by any person of an offence under this section is due to the act or default of some other person, that other person is guilty of the offence, and a person may be charged with and convicted of the offence by virtue of this subsection whether or not proceedings are taken against the first-mentioned person.

(3) In any proceedings for an offence under this section it is a defence, subject to subsection (4) below, for the person charged to prove—

(a) that he took all reasonable precautions to secure that the building operation was so carried out as to avoid causing danger to persons in a street; or

(b) that the commission of the offence was due to the act or default of another person and that he took all reasonable precautions and exercised all due diligence to avoid the commission of such an offence by himself or any person under his control.

(4) A person charged with an offence under this section is not, without leave of the court, entitled to rely on the defence provided by subsection (3)(b) above unless, within a period ending 7 clear days before the hearing, he has served on the prosecutor a notice in writing giving such information identifying or assisting in the identification of that other person as was then in his possession.

(5) In this section “building operation” means the construction, structural alteration, repair or maintenance of a building (including re-pointing, external re-decoration and external cleaning), the demolition of a building, the preparation for, and laying the foundations of, an intended building and the erection or dismantling of cranes or scaffolding.

169 Control of scaffolding on highways.

(1) Subject to subsection (6) below no person shall, in connection with any building or demolition work or the alteration, repair, maintenance or cleaning of any building, erect or retain on or over a highway any scaffolding or other structure which obstructs the highway (hereafter in this section referred to as a “relevant structure”) unless he is authorised to do so by a licence in writing issued for the purposes of this section by the highway authority (hereafter in this section referred to as “a licence”) and complies with the terms of the licence; and a licence may contain such terms as the authority issuing it thinks fit.

(2) If a person applies to a highway authority for a licence in respect of any relevant structure and furnishes the authority with such particulars in connection with the structure as the authority reasonably demand, it is the duty of the authority to issue a licence to him in respect of the structure unless the authority consider—

(a) that the structure would cause unreasonable obstruction of a highway; or

(b) that a relevant structure erected otherwise than as proposed by the applicant would cause less obstruction of a highway than the structure proposed by him and could conveniently be used for the work in question.

(3) If on an application for a licence in connection with a highway the highway authority refuse to issue a licence or issue a licence containing terms to which the applicant objects, the applicant may appeal to a magistrates’ court against the refusal or terms; and on such an appeal the court may—

(a) in the case of an appeal against a refusal, direct the highway authority to issue a licence in pursuance of the application;

(b) in the case of an appeal against the terms of the licence, alter the terms.

(4) Subject to subsection (6) below, it is the duty of a person to whom a licence is issued by a highway authority in respect of a relevant structure—

(a) to ensure that the structure is adequately lit at all times between half an hour after sunset and half an hour before sunrise;

(b) to comply with any directions given to him in writing by the authority with respect to the erection and maintenance of traffic signs in connection with the structure; and

(c) to do such things in connection with the structure as any statutory undertakers reasonably request him to do for the purpose of protecting or giving access to any apparatus belonging to or used or maintained by the undertakers.

In this subsection and in section 171(2) below “statutory undertakers” means any of the following, namely, any body who are statutory undertakers within the meaning provided by section 329(1) below, any universal service provider in connection with the provision of a universal postal service, any licensee under a street works licence, and the operator of an electronic communications code network or a driver information network.

(5) A person who contravenes the provisions of subsection (1) above otherwise than by failing to comply with the terms of a licence or who fails without reasonable excuse to comply with the terms of a licence or to perform a duty imposed on him by subsection (4) above, is guilty of an offence and liable to a fine not exceeding level 5 on the standard scale.

(6) Nothing in the preceding provisions of this section applies to a relevant structure erected before 14th February 1977 or erected or retained by the British Railways
Board, [\textit{Canal & River Trust}] or [\textit{Transport for London or any of its subsidiaries} (within the meaning of the Greater London Authority Act 1999)] in the exercise of powers conferred on the body in question by any enactment; and nothing in paragraph (a) or (b) of subsection (4) above applies to a relevant structure if no part of it is less than 18 inches in a horizontal direction from a carriageway of the relevant highway and no part of it over a footway of the relevant highway is less than 8 feet in a vertical direction above the footway.

(7) No civil or criminal proceedings lie in respect of any obstruction of a highway which is caused by a relevant structure if the structure is on or over the highway in accordance with a licence and the person to whom the licence is issued performs the duties imposed on him in respect of the structure by subsection (4) above; and a highway authority by whom a licence is issued does not incur any liability by reason of the issue of the licence.

(b) a person who—

(i) carries out any works in contravention of subsection (2) above, or

(ii) fails to comply with a requirement made to him under that subsection, is guilty of an offence and, without prejudice to any other liability to which he may be subject, liable to a fine not exceeding [F692 level 1 on the standard scale].

(5) As soon as may be after an authority give consent under either subsection (1) or subsection (2) above they shall give notice thereof to any public utility undertakers having any apparatus under the street.

184 Vehicle crossings over footways and verges.

(1) Where the occupier of any premises adjoining or having access to a highway maintainable at the public expense habitually takes or permits to be taken a mechanically propelled vehicle across a kerbed footway or a verge in the highway to or from those premises, the highway authority for the highway may, subject to subsection (2) below, serve a notice on the owner and the occupier of the premises—

(a) stating that they propose to execute such works for the construction of a vehicle crossing over the footway or verge as may be specified in the notice; or
(b) imposing such reasonable conditions on the use of the footway or verge as a crossing as may be so specified.

(2) A highway authority is not entitled by virtue of subsection (1) above to construct a vehicle crossing on, or on any part of, the site of a made-up vehicle crossing which has been constructed either under this section or under section 40 of the Highways Act 1971 (which this section replaces) or before the commencement of the said section 40, or to impose conditions on the use of such a crossing.

(3) Where any land is being, or is to be, developed in accordance with a planning permission granted, or deemed to have been granted, under the Town and Country Planning Act 1990, and it appears to the highway authority for a highway maintainable at the public expense that the development makes it necessary—

(a) to construct a crossing over a kerbed footway or a verge in the highway so as to provide an access for mechanically propelled vehicles to or from the carriageway of the highway from or to premises adjoining or having access to the highway; or

(b) to improve or otherwise alter a made-up vehicle crossing that provides such an access as is mentioned in paragraph (a) above (whenever constructed), that authority may serve on the owner and the occupier of the premises a notice stating that they propose to execute such works for the construction or, as the case may be, alteration of the crossing as may be specified in the notice.

(4) Unless the development giving rise to a notice under subsection (3) above consists solely of the provision of a new means of access to or from a highway from or to premises, there may be specified in a notice under that subsection works for the construction as part of the vehicle crossing proposed to be constructed or altered, as the case may be, of acceleration and deceleration lanes.

(5) In determining whether to exercise their powers under subsection (1) or (3) above, a highway authority shall have regard to the need to prevent damage to a footway or verge, and in determining the works to be specified in a notice under subsection (1)(a) or (3) an authority shall have regard to that and the following other matters, namely—

(7) Where a notice under subsection (1)(a) or (3) above has become effective, the highway authority by whom the notice was served may execute such works as are specified in the notice, subject to such modifications (if any) as may have been made by the Minister, and may recover the expenses reasonably incurred by them in so doing from the owner or occupier of the premises in question.

(8) A notice under subsection (1) or (3) above shall inform the person on whom it is served of his right to object to the notice and (except in the case of a notice under subsection (1)(b)) shall state the effect of subsection (7) above.

(9) Where a person who is carrying out, or proposes to carry out, such a development as is referred to in subsection (3) above offers to execute the works specified in a
notice under that subsection, the highway authority by whom the notice was served may authorise him to execute those works in accordance with plans approved by them.

(10) If a person authorised under subsection (9) above to execute any works fails to execute them to the satisfaction of the highway authority before the development is completed, the authority may execute the works or alter the works executed by that person and recover the expenses reasonably incurred by them in so doing from him.

(11) Any person may request the highway authority for a highway maintainable at the public expense to execute such works as are specified in the request for constructing a vehicle crossing over a footway or verge in the highway, and the authority may approve the request with or without modification, or may propose alternative works or reject the request; and in determining how to exercise their powers under this subsection an authority shall have regard to the matters mentioned in subsection (5) above.

(12) An authority to whom a request under subsection (11) above is made shall notify the person making the request of their decision and if they approve, with or without modification, the works proposed in the request or propose alternative works, they shall supply him with a quotation of the cost of the works as approved or proposed by them, and he may, on depositing with them the amount quoted, require them to execute those works.

(13) As soon as practicable after such a deposit has been made with an authority the authority shall execute the works as approved or proposed by them.

(14) . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . .

(15) The expenses recoverable under subsection (7) or (10) above and the cost of the works for the purposes of subsection (12) above include the cost of any measures needing to be taken in relation to undertaker’s apparatus, in accordance with section 84 of the New Roads and Street Works Act 1991[,] in consequence of the construction of the crossing.

(16) Nothing in this section imposes on any person other than a highway authority any obligation to maintain a vehicle crossing.

(17) If a person knowingly uses a footway or verge as a crossing in contravention of any condition imposed under subsection (1)(b) above, or knowingly permits it to be so used, he is guilty of an offence and liable to a fine not exceeding £20 or, in the case of a second or subsequent offence, to a fine not exceeding £50.

(2) In this Part of this Act “private street” means a street that is not a highway maintainable at the public expense, and—

(a) includes any land that is deemed to be a private street by virtue of a declaration made under section 232 below, and

(ii) the fact that a part of a street is a highway maintainable at the public expense does not prevent any other part of it from being a part of a private street for the purposes of this Part of this Act.

(3) In this Part of this Act—

“contributory place” has the same meaning as in section 343 of the Public Health Act 1936;

“fronting” includes adjoining, and “front” is to be construed accordingly;

“local Act” includes a provisional order confirmed by Parliament and the confirming Act so far as it relates to that order;

“paving, metalling and flagging” includes all methods of making a carriageway or footway;

“place of public religious worship” means a place of public religious worship which belongs to the Church of England or to the Church in Wales (within the meaning of the Welsh Church Act 1914), or which is for the time being certified as required by law as a place of religious worship;

“street works” means any works for the sewering, levelling, paving, metalling, flagging, channelling and making good of a street, and includes the provision of proper means for lighting a street;

“street works authority” means—
(a) as respects a street outside Greater London, the council of the county or metropolitan district in which the street is situated,
(b) as respects a street in a London borough, the council of the borough, and

(4) For the purposes of the advance payments code and of section 229 below, the frontage of a building or proposed building on a street shall be deemed to be the frontage that the building itself and any land occupied or, as the case may be, proposed to be occupied, with the building and for the purposes of it has or will have on the street.

(5) In ascertaining a majority in number of owners for the purposes of any provision of this Part of this Act, joint owners are to be treated as one owner.

    of the Local Land Charges Act 1975, to be treated as the originating authority for
    the purposes of that Act.

225 Interest on sums paid under advance payments code.

(1) Any sum paid by the owner of land to a street works authority under section 219
    above, in so far as it continues to be held by the authority, carries simple interest at
    the appropriate rate from the date of payment until such time as the sum or a part of
    it remaining so held—
    (a) falls to be set off under section 222 above against the liability of the owner of

        and the interest shall be held by the authority until that time and dealt with under

    agreement as is referred to in section 221(3) above.

(2) For the purposes of the advance payments code interest on any sum held by a street
    works authority shall be calculated in respect of each financial year during which it
    accrues at the appropriate rate prevailing at the commencement of that financial year.

(3) In this section “the appropriate rate” means the rate at the material time determined by
    the Treasury in respect of local loans for periods of 10 years on the security of local
    rates (being a determination under section 6(2) of the National Loans Act 1968, and
    subject to any relevant direction under the said section 6(2)).
226 Power to vary width of carriageway and footway on making up a private street.

(1) A street works authority may include in street works done in relation to a street under the private street works code a variation of the relative widths of the carriageway and of the footway or footways of the street.

(2) No greater charge shall be imposed on a person by reason of any such variation than could have been imposed in respect of a carriageway or footway of the width prescribed for a new street of the same class by a byelaw or enactment with respect to the width of new streets which applied to the street when it was laid out; and any sum in excess of that charge shall be borne by the authority.

227 Widening of highway comprised in private street.

Where, in the course of the execution of street works under the private street works code in a private street which consists of or comprises a highway, the street works authority widen the highway under Part V of this Act, the widening does not relieve any person of liability for expenses of the street works, and the amount of that liability is not greater or less than it would have been if the highway had not been widened.

228 Adoption of private street after execution of street works.

(1) When any street works have been executed in a private street, the street works authority may, by notice displayed in a prominent position in the street, declare the street to be a highway which for the purposes of this Act is a highway maintainable at the public expense, and on the expiration of one month from the day on which the notice was first so displayed the street shall, subject to subsections (2) to (4) below, become such a highway.

(2) A street shall not become a highway maintainable at the public expense by virtue of subsection (1) above if, within the period there mentioned, the owner of the street or, if more than one, the majority in number of the owners of the street, by notice to the authority object; but within 2 months from the expiration of that period the street works authority may apply to a magistrates’ court for an order overruling the objection.

(3) If an order overruling an objection under subsection (2) above is made pursuant to an application under that subsection and no appeal against the order is brought within the time limited for such an appeal, the street or part in question shall become a highway maintainable at the public expense on the expiration of that time.

(4) Where such an order is made or refused and an appeal, or an appeal arising out of that appeal, is brought against or arises out of the order or refusal, then—

(a) if the final determination of the matter is in favour of the authority, or
(b) the appeal is abandoned by the objectors,
the street shall become a highway maintainable at the public expense on that final
determination or, as the case may be, on the abandonment of the appeal.

(5) Notwithstanding anything in any other enactment or provision, for the purposes of this
section the time for bringing or seeking leave for any appeal (including an application
for certiorari) is 2 months from the date of the decision or of the conclusion of the
proceedings appealed against, unless apart from this subsection the time is less than
that period; and no power, however worded, to enlarge any such time is exercisable
for the purposes of this section.

(6) Where street works have been executed in a part only of a street (other than a part
extending for the whole of the length of the street), subsections (1) to (4) above have
effect as if for references in those subsections to the street there were substituted
references to the length of the street which constitutes or comprises that part.

(7) If all street works (whether or not including lighting) have been executed in a private
street to the satisfaction of the street works authority, then, on the application of the
majority in rateable value of the owners of premises in the street, the street works
authority shall, within the period of 3 months from the date of the application, by
notice displayed in a prominent position in the street, declare the street to be a highway
which for the purposes of this Act is a highway maintainable at the public expense
and thereupon the street shall become such a highway.

In this subsection a reference to a street does not include a reference to a part of a street.

229 Power of majority of frontagers to require adoption where advance payment
made.

(1) Where a majority in number of the owners of land having a frontage on a built-up
private street, or as many of those owners as have between them more than half the
aggregate length of all the frontages on both sides of the street, by notice request the
street works authority to exercise their powers under the private street works code so
as—

(a) to secure the carrying out of such street works in that street as the street works
authority require under that code before declaring the street to be a highway
which for the purposes of this Act is a highway maintainable at the public
expense, and

(b) to declare the street to be such a highway,
the street works authority shall proceed to exercise their powers accordingly.

(2) Subsection (1) above does not apply unless, in at least one case, a payment has been
made or security has been given under section 219 above by the owner of land having
a frontage on the street and the payment has not been refunded, or the security released
or realised, under subsection (5) of that section, or under section 223 above.

(3) For the purposes of this section a street is to be deemed to be built-up if the aggregate
length of the frontages of the buildings on both sides of the street constitutes at least
one half of the aggregate length of all the frontages on both sides of the street.

(4) This section does not apply in relation to a part of a street unless it is a part not less
than 100 yards in length which the owners of land having a frontage on that part of
the street elect to treat as constituting a street for the purposes of this section.
230 Urgent repairs to private streets.

(1) Where repairs are needed to obviate danger to traffic in a private street the street works authority may by notice require the owners of the premises fronting the street to execute, within such time as may be specified in the notice, such repairs as may be so specified.

(2) Where such repairs as are mentioned in subsection (1) above are needed in a part only of the street (other than a part extending for the whole of the length of the street), a requirement under that subsection shall be made only of the owners of the premises fronting the length of the street which constitutes or comprises that part.

(3) A person aggrieved by a requirement of a street works authority under this section may appeal to a magistrates’ court.

(4) Subject to any order made on appeal and to subsection (5) below, if, within the time specified in a notice served under subsection (1) above, the repairs required thereby have not been executed, the authority may execute the repairs, and may recover the expenses reasonably incurred by them in so doing from the owners in default, the expenses being apportioned between those owners according to the extent to which their respective premises front the street.

(5) If, within the time so specified, the majority in number or rateable value of owners of premises in the street by notice require the street works authority to proceed in relation to the street under the private street works code, the street works authority shall so proceed, and on the completion of the necessary works shall forthwith declare the street to be a highway which for the purposes of this Act is a highway maintainable at the public expense; and thereupon the street shall become such a highway.

(6) Where a requirement under subsection (1) above has been made in respect of a part only of a street (other than a part extending for the whole of the length of the street), subsection (5) above has effect as if for references therein to the street there were substituted references to the length of the street which constitutes or comprises that part.

(7) Without prejudice to the foregoing provisions of this section or to any other enactment for the time being in force relating to private street works, the street works authority and also, in the cases mentioned below, the district council may, in any street that is not a highway maintainable at the public expense, execute such repairs as are in their opinion urgently required to prevent or remove danger to persons or vehicles in the street.

The cases in which the district council may act under this subsection are those in which the street concerned is situated in a non-metropolitan district and is a footpath, bridleway or any such road as is mentioned in section 42(2)(c) above (urban roads).

(8) The power of a district council under subsection (7) above is subject to Part I of Schedule 7 to this Act.

(a) for the inclusion in the expenses recoverable as aforesaid in respect of street works carried out by the street works authority of any expenses incurred by a local authority after the date on which the land is defined and designated as mentioned in subsection (1) above, and before it is declared to be a private street under subsection (2) above, in the construction of sewers in or under the land; and

252 Power of landowner affected by rights acquisition to compel acquisition of whole interest.

(1) The following provisions have effect where there has come into force a compulsory purchase order made by a highway authority in the exercise of highway land acquisition powers and providing for the acquisition of a right over land and notice to treat in respect of the right has been served on a person having an interest in the land.

(2) A person for the time being entitled to that interest (“the landowner”) may, at any time within 6 weeks of service of the notice to treat, or such longer period as may be agreed in writing by the highway authority, but so long only as the notice has not been withdrawn, serve on the highway authority a counter-notice requiring them, instead of acquiring the right in question, to acquire instead his interest so far as it subsists in the land which is shown in the notice to treat as that over which the right is to be acquired.

(3) As from the date of service of the landowner’s counter-notice—

(a) the compulsory purchase order shall, as against the landowner, cease to have effect so far as it authorises the acquisition of the right in respect of which the counter-notice was served and shall have effect instead so as to authorise the
authority to acquire compulsorily the landowner’s interest in the land referred to in subsection (2) above; and

(b) the notice to treat referred to in subsection (1) above shall be deemed to have been served (on the date on which it was in fact served) in respect of the said interest, instead of in respect of the right (without prejudice to the authority’s power under section 31 of the \textit{M55}\footnote{Land Compensation Act 1961} to withdraw the notice).

(4) Nothing in this section prevents the highway authority from exercising any powers (and, in particular, any power of entry) which they have by virtue of having served notice to treat; and the operation of subsection (3) above does not prejudice any such power of the authority either as respects a previous exercise of it or as respects its continuance by virtue of sub-section (3)(b).

266  Transfer to Minister[\(^{F834}\) or a strategic highways company] of privately maintainable bridges carrying trunk roads.

(1) Where a highway comprising a bridge to which this section applies becomes a trunk road, the bridge by which that highway is carried is, subject to subsection (2) below, transferred to the Minister[\(^{F835}\) or a strategic highways company, whichever is highway authority for the trunk road (“the trunk road authority”),] by virtue of this section on the date on which the highway becomes a trunk road (“the transfer date”).

(2) If on the transfer date a part of the highway carried by the bridge is not a trunk road, the bridge is not transferred to the [\(^{F836}\) trunk road authority] by virtue of this section unless and until that part becomes a trunk road.

(3) Where a bridge is transferred to the [\(^{F837}\) trunk road authority] by virtue of this section, then, subject to subsection (4) below—

(a) the bridge, including any building or structure comprised in it and the highway carried by it, vests by virtue of this section in the [\(^{F838}\) authority] for all the estate or interest of the owners therein, and

(b) any statutory provision in force, in relation to the bridge, for the protection or benefit of statutory undertakers has effect, subject to any necessary modifications, as if for any reference therein to the owners of the bridge there were substituted a reference to the [\(^{F838}\) authority].

(4) The [\(^{F839}\) trunk road authority]and the owners may, by agreement in writing made either before or after the transfer date, agree that the provisions of subsection (3) above with respect to the transfer of property shall not apply or, as the case may be, shall be deemed not to have applied, to such property comprised in the bridge as may be specified in the agreement.

(5) In respect of any bridge which is transferred to the [\(^{F840}\) trunk road authority] by virtue of this section, the [\(^{F841}\) authority] shall pay to the owners such sum as may be agreed between the [\(^{F841}\) authority] and the owners, or in default of agreement such sum as may be determined by arbitration to represent the value to the owners of the bridge as an asset productive of revenue.
For the purposes of this subsection a bridge is not to be treated as an asset productive of revenue unless at the time when the bridge is transferred by virtue of this section—

(a) a contract is in force under which payments have been made or will accrue to the owners in respect of the use of the bridge; or

(b) the bridge includes a building constructed or adapted for use by the owners for the purposes of their undertaking or for letting to some other person.

(6) Where a bridge transferred to the [F842 trunk road authority] by virtue of this section carries the highway over a railway, canal, way or other works used for the purposes of an undertaking carried on by the owners, then, so long as those works are so used—

(a) the [F843 authority] shall, before entering on any land of the owners for the purpose of executing works for the maintenance, improvement or alteration of the bridge, give notice to the owners specifying the general nature of the works proposed to be executed;

(b) except with the consent of the owners, the [F843 authority] shall not reduce the headway or any span of the bridge; and

(c) if the headway of the bridge is reduced in consequence of subsidence due to mining operations, or of works carried out by the owners for the purpose of raising the railway, canal, way or other works to a level not higher than their level before the subsidence occurred, the [F843 authority] shall, if so required by the owners, raise the bridge so far as may be necessary to give the same headway as before the subsidence occurred.

(7) A consent required for the execution of works by the [F844 trunk road authority] under subsection (6) above shall not be unreasonably withheld, and any question whether the withholding of such a consent is unreasonable shall be determined by arbitration.

(8) Any dispute between the [F845 trunk road authority] and any person as to the property or liabilities transferred by virtue of this section, or as to the liability imposed on the [F845 trunk road authority] by subsection (6)(c) above to carry out works, shall be determined by arbitration.

(9) This section applies to all bridges (not being highways maintainable at the public expense) which carry the highway over a railway or highway or over a canal, river, watercourse, marsh or other place where water flows or is collected or over a ravine or other depression, other than—

(a) swing bridges,

(b) bridges which carry a railway as well as a highway, and

(c) bridges to which a right to levy tolls is attached;

but this section does not apply to Rochester Bridge.

(10) In this section—

“bridge” includes so much of the approaches thereto as supports or protects the surface of the trunk road;

“owners”, in relation to a bridge, means the persons who immediately before the transfer of the bridge to the [F846 trunk road authority] were responsible for the maintenance of it, and includes any persons who, in pursuance of any agreement with the persons so responsible, were then discharging that responsibility on their behalf.
266 Transfer of property and liabilities upon a highway becoming or ceasing to be a GLA road.

(1) This section applies where, by virtue of an order made by the Greater London Authority under section 14B(2) above, a highway or proposed highway becomes, or ceases to be, a GLA road.

(2) As from the operative date there are transferred to the new highway authority by virtue of this section—

(a) the property mentioned in subsection (4) below, in so far as, immediately before the operative date, it was vested in the former highway authority for the purposes of their functions in relation to the transferred highway, and

(b) all liabilities incurred by any such authority for the purposes of its functions in relation to the transferred highway and not discharged before the operative date, other than loans and loan charges,

and the property and liabilities so transferred vest, by virtue of this section, in the new highway authority.

(3) There is not transferred to the new highway authority by virtue of this section any right or liability in respect of—

(a) work done, services rendered, goods delivered, or money due for payment, before the operative date, or
(b) damages or compensation for any act or omission before that date, or
(c) the price of, or compensation for, any land purchased, or for which a contract
to purchase has been concluded, before that date.

(4) The property referred to in subsection (2)(a) above is—
(a) land, other than land—
   (i) vested in the former highway authority for the purpose of being
       used for the storage of materials required wholly or mainly for the
       maintenance and improvement of other highways, or
   (ii) acquired for the improvement or development of frontages to the
       highway, or of land adjoining or adjacent to the highway, and
(b) all other property (including unexpended balances of any grants paid by the
    Minister to the former highway authority), other than—
   (i) materials to be used for the maintenance or improvement of the
       highway, and
   (ii) the unexpended balances of any loans raised by the former highway
       authority.

(5) Any property vested in the new highway authority by virtue of this section shall be
held by it subject to all covenants, conditions and restrictions subject to which the
property was held by the former highway authority and to all liabilities affecting the
property, except liabilities referred to in subsection (3) above.

(6) The new highway authority and the former highway authority may agree, on such
terms as they think fit—
(a) that any property or liabilities (except loans and loan charges) acquired or
    incurred by the former highway authority for the purposes of their functions
    in relation to the transferred highway, other than property or liabilities
    transferred to the new highway authority by virtue of this section, shall be
    transferred to the new highway authority, or
(b) that any property or liabilities transferred to the new highway authority by
    virtue of this section shall be re-transferred to the former highway authority.

(7) Any dispute between the new highway authority and any other person as to the
property or liabilities transferred by virtue of this section shall be determined by
arbitration.

(8) Paragraphs 1 and 3 to 8 of Schedule 21 to this Act shall have effect for the purpose
of providing for transitional matters arising where a highway or proposed highway
becomes, or ceases to be, a GLA road as it applies where a highway becomes, or ceases
to be, a trunk road; but in having such effect those paragraphs shall be treated as if—
(a) for the references to a trunk road there were substituted references to a GLA
    road, and
(b) for the references to the Minister[848] or a strategic highways company] there
    were substituted references to the new highway authority (within the meaning
    of this section).

(9) For the purposes of this section—
    “former highway authority” means the highway authority for the
    transferred highway immediately before the operative date;
    “new highway authority” means the highway authority for the transferred
    highway immediately after the operative date;
“operative date” means the date on which the highway or proposed highway becomes, or ceases to be, a GLA road;
“property” includes property, rights and powers of every description; and
“transferred highway” means the highway or proposed highway which is the subject of the order under section 14B(2) above.

### Transfer of employees upon a highway becoming or ceasing to be a GLA road.

(1) This section applies where, by virtue of an order made by the Greater London Authority under section 14B(2) above, a highway or proposed highway becomes, or ceases to be, a GLA road.

(2) The Greater London Authority may, if it is necessary in connection with the highway becoming, or ceasing to be, a GLA road, by order make schemes containing provision for or in connection with the transfer from the former highway authority to the new highway authority of rights and liabilities under contracts of employment.

(3) The rights and liabilities which may be transferred by such a scheme include rights and liabilities which would not otherwise be capable of being transferred or assigned.

(4) Subsections (5) to (7) below apply where any rights or liabilities under a contract of employment are transferred by virtue of this Act.

(5) Anything done by or in relation to the former highway authority in respect of the employee before the day on which the transfer of the rights and liabilities takes effect shall be treated on and after that day as done by or in relation to the new highway authority.

(6) For the purposes of Part XI of the Employment Rights Act 1996 (redundancy payments etc) the employee shall not be regarded as having been dismissed by virtue of the transfer.

(7) For the purposes of that Act, the employee’s period of employment with the former highway authority shall count as a period of employment with the new highway authority, and the change of employment shall not break the continuity of the period of employment.

(8) An order under this section shall be of no effect unless—
   (a) it is made with the consent of the relevant highway authority; or
   (b) if that consent is refused, it is confirmed (with or without modification) by the Secretary of State.

(9) For the purposes of subsection (8) above, the relevant highway authority is—
   (a) in a case where the order under section 14B above directs that a highway or proposed highway shall become a GLA road, the former highway authority; and
(b) in a case where the order directs that a GLA road shall cease to be such a road, the new highway authority.

(10) Section 266A(9) above also applies for the purposes of this section.]

267 Transfer to local highway authorities of privately maintainable bridges carrying special roads.

(1) Where the route prescribed by a scheme under section 16 above authorising the provision of a special road by a local highway authority includes a highway carried by a bridge which, if the special road were a trunk road, would be transferred to the Minister[or a strategic highways company,] by virtue of section 266 above, any order under section 18 above by which the highway is appropriated by or transferred to the special road authority may provide for the transfer of the bridge to that authority.

(2) Where a bridge is so transferred to a special road authority, subsections (3) to (8) of section 266 above apply as they apply in relation to a bridge transferred by virtue of that section and accordingly have effect as if, for references therein to the [trunk road authority] and to the trunk road there were substituted references to the special road authority and to the special road; and no order shall be made by virtue of section 268 below in respect of liabilities of the owners of the bridge.

(3) In this section “bridge” and “owners” are to be construed in accordance with section 266(10) above, but with the substitution, in the definition of “owners”, of a reference to the special road authority for the reference to the [trunk road authority].

270 Transfer of lighting systems.

(1) In this section—

“footway lighting system” means a system of lighting, provided for a highway, which satisfies the following conditions, namely, that either—

(a) no lamp is mounted more than 13 feet above ground level, or
(b) no lamp is mounted more than 20 feet above ground level and there is at least one interval of more than 50 yards between adjacent lamps in the system.

or such other conditions as may be prescribed by order of the Minister in substitution for the above-mentioned conditions;

“road lighting system” means a lighting system that is not a footway lighting system;

and references in this section, as respects a transfer from a lighting authority to a highway authority, to “the agreed date” are references to such date as may be determined by agreement between the two authorities or, in default of such agreement, as the Minister may direct.

(2) Subsections (3) to (6) below have effect where a road lighting system is at any time provided by a lighting authority for the purposes of a highway for which they are not the highway authority, and this includes cases where a footway lighting system maintained by a lighting authority other than the highway authority becomes a road lighting system—
(a) in consequence of any order made by the Minister under subsection (1) above (as respects the conditions referred to in the definition of “footway lighting system”), or
(b) in consequence of any alterations effected by the lighting authority.

(3) On the agreed date there are transferred to the highway authority—
(a) all lamps, lamp-posts and other apparatus which, immediately before the agreed date, were vested in the lighting authority as part of the road lighting system; and
(b) except as provided by subsection (4) below, all other property or rights which, immediately before the agreed date, were vested in the lighting authority for the purposes of that system, and all liabilities incurred by that authority for those purposes and not discharged before that date;

and any property or rights so transferred vest, by virtue of this section, in the highway authority.

(4) There is not transferred to a highway authority by virtue of this section any right or liability of a lighting authority in respect of work done, services rendered, goods (including gas and electricity) supplied or money due for payment before the agreed date, and there is not transferred to the Minister by virtue of this section any liability of a lighting authority in respect of loans or loan charges.

to the authority on whose application the order was made of his intention to remove the affected apparatus or that part of it, as the case may be;

(b) the operator of the [F1031 network] may by notice in that behalf to the said authority abandon the affected apparatus or any part of it, and is to be deemed, as respects the affected apparatus or any part of it, to have abandoned it at the expiration of the said period of 3 months unless before the expiration of that period he has removed it or given notice of his intention to remove it;
