262 Assumptions to be made in assessing compensation on certain compulsory acquisitions of land for service stations etc. and lorry areas for special roads.

- (1) Where land is compulsorily acquired—

- (a) under section 239(4)(c) above in a case where the acquisition is authorised by a compulsory purchase order which does not also authorise the acquisition of land required for the provision of the adjacent length of special road, or
- (b) in pursuance of a notice under [^{F45}section 137 of the Town and Country Planning Act 1990] (protection of owners of land affected by certain planning decisions) in a case where the [^{F46}Upper Tribunal] is satisfied that there are proposals for using the whole or part of the relevant land for such purposes in connection with the special road as are mentioned in section 239(4)(c) above and that the amount of compensation would apart from this section be affected by the provision or proposed provision of the special road, or
- (c) in pursuance of a notice under [^{F47}section 150 or 161 of that Act] (protection of owner-occupiers in respect of planning blight) in a case where the appropriate enactment for the purposes of [^{F47}section 154 of that Act] is or includes section 239(4)(c) above,

then subsection (3) below applies for the purpose of assessing compensation in respect of the compulsory acquisition.

- (2) Where there are proposals for the provision of a lorry area on land adjoining, or in the vicinity of, a special road or proposed special road then, if that land, or any land of which that land forms part, is compulsorily acquired—

- (a) under section 240(5) above in a case where the acquisition is authorised by a compulsory purchase order which does not also authorise the acquisition of land required for the provision of the adjacent length of special road, or
- (b) in pursuance of a notice under [^{F48}section 137 of the Town and Country Planning Act 1990], in a case where the [^{F46}Upper Tribunal] is satisfied that there are proposals for using the whole or part of the relevant land for the purpose of providing a lorry area, in connection with the special road, and that the amount of the compensation would apart from this section be affected by the provision or proposed provision of the special road, or
- (c) in pursuance of a notice under [^{F49}section 150 or 161 of that Act] in a case where the appropriate enactment for the purposes of [^{F50}section 154 of that Act] is or includes section 240(5) above,

subsection (3) below applies for the purpose of assessing compensation in respect of the compulsory acquisition.

- (3) In any such case as is mentioned in subsection (1) or (2) above the value of the relevant interest shall be ascertained—

- (a) so far as it is attributable to any relevant planning permission, on the assumption that traffic carried by the special road will not have direct or indirect access to the relevant land; and
- (b) so far as it is not attributable to any such planning permission, on the assumption that traffic carried by the special road will not have direct access to the relevant land.

- (4) In this section—

“direct access” means access otherwise than by means of a highway which is not a special road and “indirect access” means access by means of a highway which is not a special road;

“lorry area development” means development for the purpose of providing a lorry area for use in connection with a special road or proposed special road;

“relevant planning permission” means any planning permission for service area development or, as the case may be, lorry area development, which is in force on the date of service of the notice to treat, or as to the grant of which any assumption is required to be made by virtue of [F51 section 15] of the M3 Land Compensation Act 1961, or the possibility of the grant of which is taken into account in assessing the compensation;

“service area development” means development of the relevant land, or of any part of it, for the purpose of providing such service stations or other buildings or facilities as are mentioned in section 239(4)(c) above or of providing any other buildings or facilities designed to cater to a significant extent for traffic carried or to be carried by the special road;

and any expression which is also used in the M4 Land Compensation Act 1961 has the same meaning as in that Act.

authority for the trunk road (“the trunk road authority”),] by virtue of this section on the date on which the highway becomes a trunk road (“the transfer date”).

- (2) If on the transfer date a part of the highway carried by the bridge is not a trunk road, the bridge is not transferred to the [^{F76}trunk road authority] by virtue of this section unless and until that part becomes a trunk road.
- (3) Where a bridge is transferred to the [^{F77}trunk road authority] by virtue of this section, then, subject to subsection (4) below—
 - (a) the bridge, including any building or structure comprised in it and the highway carried by it, vests by virtue of this section in the [^{F78} authority] for all the estate or interest of the owners therein, and
 - (b) any statutory provision in force, in relation to the bridge, for the protection or benefit of statutory undertakers has effect, subject to any necessary modifications, as if for any reference therein to the owners of the bridge there were substituted a reference to the [^{F78} authority].
- (4) The [^{F79}trunk road authority] and the owners may, by agreement in writing made either before or after the transfer date, agree that the provisions of subsection (3) above with respect to the transfer of property shall not apply or, as the case may be, shall be deemed not to have applied, to such property comprised in the bridge as may be specified in the agreement.
- (5) In respect of any bridge which is transferred to the [^{F80}trunk road authority] by virtue of this section, the [^{F81} authority] shall pay to the owners such sum as may be agreed between the [^{F81} authority] and the owners, or in default of agreement such sum as may be determined by arbitration to represent the value to the owners of the bridge as an asset productive of revenue.

For the purposes of this subsection a bridge is not to be treated as an asset productive of revenue unless at the time when the bridge is transferred by virtue of this section—

- (a) a contract is in force under which payments have been made or will accrue to the owners in respect of the use of the bridge; or
 - (b) the bridge includes a building constructed or adapted for use by the owners for the purposes of their undertaking or for letting to some other person.
- (6) Where a bridge transferred to the [^{F82}trunk road authority] by virtue of this section carries the highway over a railway, canal, way or other works used for the purposes of an undertaking carried on by the owners, then, so long as those works are so used—
 - (a) the [^{F83} authority] shall, before entering on any land of the owners for the purpose of executing works for the maintenance, improvement or alteration of the bridge, give notice to the owners specifying the general nature of the works proposed to be executed;
 - (b) except with the consent of the owners, the [^{F83} authority] shall not reduce the headway or any span of the bridge; and
 - (c) if the headway of the bridge is reduced in consequence of subsidence due to mining operations, or of works carried out by the owners for the purpose of raising the railway, canal, way or other works to a level not higher than their level before the subsidence occurred, the [^{F83} authority] shall, if so required by the owners, raise the bridge so far as may be necessary to give the same headway as before the subsidence occurred.

- (8) Any dispute between the [^{F85}trunk road authority] and any person as to the property or liabilities transferred by virtue of this section, or as to the liability imposed on the [^{F85}trunk road authority] by subsection (6)(c) above to carry out works, shall be determined by arbitration.
- (9) This section applies to all bridges (not being highways maintainable at the public expense) which carry the highway over a railway or highway or over a canal, river, watercourse, marsh or other place where water flows or is collected or over a ravine or other depression, other than—
- (a) swing bridges,
 - (b) bridges which carry a railway as well as a highway, and
 - (c) bridges to which a right to levy tolls is attached;
- but this section does not apply to Rochester Bridge.
- (10) In this section—
- “bridge” includes so much of the approaches thereto as supports or protects the surface of the trunk road;
 - “owners”, in relation to a bridge, means the persons who immediately before the transfer of the bridge to the [^{F86}trunk road authority] were responsible for the maintenance of it, and includes any persons who, in pursuance of any agreement with the persons so responsible, were then discharging that responsibility on their behalf.
