37 Interpretation of sections 28 to 36.

(1) In sections 28 to 36 of this Act—

“itinerant metal dealer” means a person who carries on a business which consists wholly or partly of buying and selling for scrap waste materials and old, broken, worn out, defaced or partly manufactured articles made wholly or partly of metal which he collects by means of visits from place to place and which he disposes of without causing them to be kept in a metal store or other premises (either by so keeping them himself, or by disposing of them or giving custody of them to a person who keeps a metal store);

“metal” means any metal (including any precious metal) and any alloy of any metals, whether old or new and includes manufactured articles, whether old or new, made wholly or partly of metal, of any of the materials commonly known as hard metal or of cemented or sintered metallic carbides;

“metal dealer” means a person carrying on business in terms of subsection (2) below but does not include an itinerant metal dealer within the meaning of this subsection;

“metal store” means a place where metal is received or kept in the course of a metal dealer’s business;

“processing”, in relation to metal, includes melting down and any process whereby the composition or form of the metal or of any article which is made of the metal is altered so as to make it substantially less identifiable than before the process, and “process” and “processed” shall be construed accordingly.

(2) For the purposes of sections 28 to 36 of this Act a person carries on business as a metal dealer if he carries on a business which consists wholly or partly of buying and selling for scrap old, broken, worn out, defaced or partly manufactured articles made wholly or partly of metal (whether the metal sold is in the form in which it was bought or otherwise), other than a business in the course of which metal is not bought except as materials for the manufacture of other articles and is not sold except as a by-product of such manufacture or as surplus materials bought but not required for such manufacture.
