(4) References in this section to the relevant local social services authority, in relation to a guardianship application, are references to the local social services authority named in the application as guardian or (as the case may be) the local social services authority for the area in which the person so named resides.

15  Rectification of applications and recommendations.

(1) If within the period of 14 days beginning with the day on which a patient has been admitted to a hospital in pursuance of an application for admission for assessment or for treatment the application, or any medical recommendation given for the purposes of the application, is found to be in any respect incorrect or defective, the application or recommendation may, within that period and with the consent of the managers of the hospital, be amended by the person by whom it was signed; and upon such amendment being made the application or recommendation shall have effect and shall be deemed to have had effect as if it had been originally made as so amended.

(2) Without prejudice to subsection (1) above, if within the period mentioned in that subsection it appears to the managers of the hospital that one of the two medical recommendations on which an application for the admission of a patient is founded is insufficient to warrant the detention of the patient in pursuance of the application, they may, within that period, give notice in writing to that effect to the applicant; and where any such notice is given in respect of a medical recommendation, that recommendation shall be disregarded, but the application shall be, and shall be deemed always to have been, sufficient if—

(a) a fresh medical recommendation complying with the relevant provisions of this Part of this Act (other than the provisions relating to the time of signature
and the interval between examinations) is furnished to the managers within that period; and

(b) that recommendation, and the other recommendation on which the application is founded, together comply with those provisions.

(3) Where the medical recommendations upon which an application for admission is founded are, taken together, insufficient to warrant the detention of the patient in pursuance of the application, a notice under subsection (2) above may be given in respect of either of those recommendations.

(4) Nothing in this section shall be construed as authorising the giving of notice in respect of an application made as an emergency application, or the detention of a patient admitted in pursuance of such an application, after the period of 72 hours referred to in section 4(4) above, unless the conditions set out in paragraphs (a) and (b) of that section are complied with or would be complied with apart from any error or defect to which this section applies.

17 Leave of absence from hospital.

(1) The responsible clinician may grant to any patient who is for the time being liable to be detained in a hospital under this Part of this Act leave to be absent from the hospital subject to such conditions (if any) as that clinician considers necessary in the interests of the patient or for the protection of other persons.

(2) Leave of absence may be granted to a patient under this section either indefinitely or on specified occasions or for any specified period; and where leave is so granted for a specified period, that period may be extended by further leave granted in the absence of the patient.

(2A) But longer-term leave may not be granted to a patient unless the responsible clinician first considers whether the patient should be dealt with under section 17A instead.

(2B) For these purposes, longer-term leave is granted to a patient if—
(a) leave of absence is granted to him under this section either indefinitely or for a specified period of more than seven consecutive days; or

(b) a specified period is extended under this section such that the total period for which leave of absence will have been granted to him under this section exceeds seven consecutive days.

(3) Where it appears to the responsible clinician that it is necessary so to do in the interests of the patient or for the protection of other persons, he may, upon granting leave of absence under this section, direct that the patient remain in custody during his absence; and where leave of absence is so granted the patient may be kept in the custody of any officer on the staff of the hospital, or of any other person authorised in writing by the managers of the hospital or, if the patient is required in accordance with conditions imposed on the grant of leave of absence to reside in another hospital, of any officer on the staff of that other hospital.

(4) In any case where a patient is absent from a hospital in pursuance of leave of absence granted under this section, and it appears to the responsible clinician that it is necessary so to do in the interests of the patient’s health or safety or for the protection of other persons, that clinician may, subject to subsection (5) below, by notice in writing given to the patient or to the person for the time being in charge of the patient, revoke the leave of absence and recall the patient to the hospital.

(5) A patient to whom leave of absence is granted under this section shall not be recalled under subsection (4) above after he has ceased to be liable to be detained under this Part of this Act.

(6) Subsection (7) below applies to a person who is granted leave by or by virtue of a provision—

(a) in force in Scotland, Northern Ireland, any of the Channel Islands or the Isle of Man; and

(b) corresponding to subsection (1) above.

(7) For the purpose of giving effect to a direction or condition imposed by virtue of a provision corresponding to subsection (3) above, the person may be conveyed to a place in, or kept in custody or detained at a place of safety in, England and Wales by a person authorised in that behalf by the direction or condition.

F44 Words in s. 17(5) omitted (1.4.1996 with application as mentioned in s. 3(3) of the omitting Act)) by virtue of 1995 c. 52, ss. 3(1)(3), 7(2)
(1) The responsible clinician may by order in writing discharge a detained patient from hospital subject to his being liable to recall in accordance with section 17E below.

(2) A detained patient is a patient who is liable to be detained in a hospital in pursuance of an application for admission for treatment.

(3) An order under subsection (1) above is referred to in this Act as a “community treatment order”.

(4) The responsible clinician may not make a community treatment order unless—
   (a) in his opinion, the relevant criteria are met; and
   (b) an approved mental health professional states in writing—
      (i) that he agrees with that opinion; and
      (ii) that it is appropriate to make the order.

(5) The relevant criteria are—
   (a) the patient is suffering from mental disorder of a nature or degree which makes it appropriate for him to receive medical treatment;
   (b) it is necessary for his health or safety or for the protection of other persons that he should receive such treatment;
   (c) subject to his being liable to be recalled as mentioned in paragraph (d) below, such treatment can be provided without his continuing to be detained in a hospital;
   (d) it is necessary that the responsible clinician should be able to exercise the power under section 17E(1) below to recall the patient to hospital; and
   (e) appropriate medical treatment is available for him.

(6) In determining whether the criterion in subsection (5)(d) above is met, the responsible clinician shall, in particular, consider, having regard to the patient's history of mental disorder and any other relevant factors, what risk there would be of a deterioration of the patient's condition if he were not detained in a hospital (as a result, for example, of his refusing or neglecting to receive the medical treatment he requires for his mental disorder).

(7) In this Act—
   “community patient” means a patient in respect of whom a community treatment order is in force;
   “the community treatment order”, in relation to such a patient, means the community treatment order in force in respect of him; and
   “the responsible hospital”, in relation to such a patient, means the hospital in which he was liable to be detained immediately before the community treatment order was made, subject to section 19A below.
17B Conditions

(1) A community treatment order shall specify conditions to which the patient is to be subject while the order remains in force.

(2) But, subject to subsection (3) below, the order may specify conditions only if the responsible clinician, with the agreement of the approved mental health professional mentioned in section 17A(4)(b) above, thinks them necessary or appropriate for one or more of the following purposes—
   a) ensuring that the patient receives medical treatment;
   b) preventing risk of harm to the patient's health or safety;
   c) protecting other persons.

(3) The order shall specify—
   a) a condition that the patient make himself available for examination under section 20A below; and
   b) a condition that, if it is proposed to give a certificate under Part 4A of this Act [F47that falls within section 64C(4) below] in his case, he make himself available for examination so as to enable the certificate to be given.

(4) The responsible clinician may from time to time by order in writing vary the conditions specified in a community treatment order.

(5) He may also suspend any conditions specified in a community treatment order.

(6) If a community patient fails to comply with a condition specified in the community treatment order by virtue of subsection (2) above, that fact may be taken into account for the purposes of exercising the power of recall under section 17E(1) below.

(7) But nothing in this section restricts the exercise of that power to cases where there is such a failure.

(1) The responsible clinician may recall a community patient to hospital if in his opinion

   (a) the patient requires medical treatment in hospital for his mental disorder; and

(3) The hospital to which a patient is recalled need not be the responsible hospital.

(4) Nothing in this section prevents a patient from being recalled to a hospital even though he is already in the hospital at the time when the power of recall is exercised; references to recalling him shall be construed accordingly.

(5) The power of recall under subsections (1) and (2) above shall be exercisable by notice in writing to the patient.

(2) The patient may be transferred to another hospital in such circumstances and subject to such conditions as may be prescribed in regulations made by the Secretary of State (if the hospital in which the patient is detained is in England) or the Welsh Ministers (if that hospital is in Wales).

(3) If he is so transferred to another hospital, he shall be treated for the purposes of this section (and section 17E above) as if the notice under that section were a notice recalling him to that other hospital and as if he had been detained there from the time when his detention in hospital by virtue of the notice first began.

(4) The responsible clinician may by order in writing revoke the community treatment order if—
   (a) in his opinion, the conditions mentioned in section 3(2) above are satisfied in respect of the patient; and
   (b) an approved mental health professional states in writing—
       (i) that he agrees with that opinion; and
       (ii) that it is appropriate to revoke the order.

(5) The responsible clinician may at any time release the patient under this section, but not after the community treatment order has been revoked.

(6) If the patient has not been released, nor the community treatment order revoked, by the end of the period of 72 hours, he shall then be released.

(7) But a patient who is released under this section remains subject to the community treatment order.

(8) In this section—
   (a) “the period of 72 hours” means the period of 72 hours beginning with the time when the patient’s detention in hospital by virtue of the notice under section 17E above begins; and

Functions of relatives of patients

26 Definition of “relative” and “nearest relative”.

(1) In this Part of this Act “relative” means any of the following persons:—
(   a) husband or wife [F136 or civil partner];
   (b) son or daughter;
   (c) father or mother;
   (d) brother or sister;
   (e) grandparent;
   (f) grandchild;
   (g) uncle or aunt;
   (h) nephew or niece.

(2) In deducing relationships for the purposes of this section, any relationship of the half-blood shall be treated as a relationship of the whole blood, and an illegitimate person shall be treated as the legitimate child of

F137

(a) his mother, and
   (b) if his father has parental responsibility for him within the meaning of section 3 of the Children Act 1989, his father.

(3) In this Part of this Act, subject to the provisions of this section and to the following provisions of this Part of this Act, the “nearest relative” means the person first described in subsection (1) above who is for the time being surviving, relatives of the whole blood being preferred to relatives of the same description of the half-blood and the elder or eldest of two or more relatives described in any paragraph of that subsection being preferred to the other or others of those relatives, regardless of sex.

(4) Subject to the provisions of this section and to the following provisions of this Part of this Act, where the patient ordinarily resides with or is cared for by one or more of his relatives (or, if he is for the time being an in-patient in a hospital, he last ordinarily resided with or was cared for by one or more of his relatives) his nearest relative shall be determined—
(a) by giving preference to that relative or those relatives over the other or others; and

(b) as between two or more such relatives, in accordance with subsection (3) above.

(5) Where the person who, under subsection (3) or (4) above, would be the nearest relative of a patient—

(a) in the case of a patient ordinarily resident in the United Kingdom, the Channel Islands or the Isle of Man, is not so resident; or

(b) is the husband or wife \[F138\] of the patient, but is permanently separated from the patient, either by agreement or under an order of a court, or has deserted or has been deserted by the patient for a period which has not come to an end; or

(c) is a person other than the husband, wife \[F139\] of the patient, and is for the time being under 18 years of age, \[F140\] the nearest relative of the patient shall be ascertained as if that person were dead.

(6) In this section “husband” \[F141\], “wife” and “civil partner” include a person who is living with the patient as the patient's husband or wife or as if they were civil partners\[F141\], as the case may be (or, if the patient is for the time being an in-patient in a hospital, was so living until the patient was admitted), and has been or had been so living for a period of not less than six months; but a person shall not be treated by virtue of this subsection as the nearest relative of a married patient \[F142\] or a patient in a civil partnership unless the husband, wife or civil partner \[F142\] of the patient is disregarded by virtue of paragraph (b) of subsection (5) above.

(7) A person, other than a relative, with whom the patient ordinarily resides (or, if the patient is for the time being an in-patient in a hospital, last ordinarily resided before he was admitted), and with whom he has or had been ordinarily residing for a period of not less than five years, shall be treated for the purposes of this Part of this Act as if he were a relative but—

(a) shall be treated for the purposes of subsection (3) above as if mentioned last in subsection (1) above; and

(b) shall not be treated by virtue of this subsection as the nearest relative of a married patient \[F143\] or a patient in a civil partnership unless the husband, wife or civil partner \[F143\] of the patient is disregarded by virtue of paragraph (b) of subsection (5) above.
