(1) If the [^{F38}consumer prices index for the month of September in any year] is higher than it was for the [^{F39}previous September], then, unless Parliament otherwise determines, section 7 above and Schedule 1 to this Act shall apply to chargeable transfers made on or after 6th April in the following year with the substitution of [^{F40}a new Table for the Table] applying (whether by virtue of this section or otherwise) to earlier chargeable transfers.

(1A) ^{F41}

(2) The new [^{F42}Table] shall differ from the [^{F42}Table] it replaces in that for each of the amounts specified in the first and second columns there shall be substituted amounts arrived at by increasing the previous amounts by the same percentage as the percentage increase in the [^{F43}consumer prices index] and, if the result is not a multiple of £1,000, rounding it up to the nearest amount which is such a multiple.

[^{F44}(3) In this section, “consumer prices index” means the all items consumer prices index published by the Statistics Board.]

[^{F46}8A] Transfer of unused nil-rate band between spouses and civil partners

- (1) This section applies where—
- (a) immediately before the death of a person (a “deceased person”), the deceased person had a spouse or civil partner (“the survivor”), and
 - (b) the deceased person had unused nil-rate band on death.
- (2) A person has unused nil-rate band on death if—

M>VT

where—

M is the maximum amount that could be transferred by a chargeable transfer made (under section 4 above) on the person's death if it were to be wholly chargeable to tax at the rate of nil per cent. (assuming, if necessary, that the value of the person's estate

were sufficient but [^{F47}that the maximum amount chargeable at nil per cent. under section 8D(2) is equal to the person's residence nil-rate amount and] otherwise having regard to the circumstances of the person); and

VT is the value actually transferred by the chargeable transfer so made (or nil if no chargeable transfer is so made).

(3) Where a claim is made under this section, the nil-rate band maximum at the time of the survivor's death is to be treated for the purposes of the charge to tax on the death of the survivor as increased by the percentage specified in subsection (4) below (but subject to subsection (5) and section 8C below).

(4) That percentage is—

$$\text{ENRBMD} \times 100$$

where—

E is the amount by which M is greater than VT in the case of the deceased person; and

NRBMD is the nil-rate band maximum at the time of the deceased person's death.

(5) If (apart from this subsection) the amount of the increase in the nil-rate band maximum at the time of the survivor's death effected by this section would exceed the amount of that nil-rate band maximum, the amount of the increase is limited to the amount of that nil-rate band maximum.

(6) Subsection (5) above may apply either—

- (a) because the percentage mentioned in subsection (4) above (as reduced under section 8C below where that section applies) is more than 100 because of the amount by which M is greater than VT in the case of one deceased person, or
- (b) because this section applies in relation to the survivor by reference to the death of more than one person who had unused nil-rate band on death.

(7) In this Act “nil-rate band maximum” means the amount shown in the second column in the first row of the Table in Schedule 1 to this Act (upper limit of portion of value charged at rate of nil per cent.) and in the first column in the second row of that Table (lower limit of portion charged at next rate).

 - (b) after the death of the deceased person, tax is charged on an amount under any of sections 32, 32A and 126 below by reference to the rate or rates that would have been applicable to the amount if it were included in the value transferred by the chargeable transfer made (under section 4 above) on the deceased person's death.
- (2) If the tax is charged before the death of the survivor, the percentage referred to in subsection (3) of section 8A above is (instead of that specified in subsection (4) of that section)—

- (3) In this section, the person's "former allowance" is the total of—
- (a) the residential enhancement at the time of completion of the disposal of the qualifying former residential interest,
 - (b) any brought-forward allowance that the person would have had if the person had died at that time, having regard to the circumstances of the person at that time (see section 8G as applied by subsection (4)), and

37 Abatement of gifts.

- (1) Where a gift would be abated owing to an insufficiency of assets and without regard to any tax chargeable, the gift shall be treated for the purposes of the following provisions of this Chapter as so abated.
- (2) Where the value attributable, in accordance with section 38 below, to specific gifts exceeds the value transferred the gifts shall be treated as reduced to the extent necessary to reduce their value to that of the value transferred; and the reduction shall be made in the order in which, under the terms of the relevant disposition or any rule of law, it would fall to be made on a distribution of assets.

38 Attribution of value to specific gifts.

- (1) Such part of the value transferred shall be attributable to specific gifts as corresponds to the value of the gifts; but if or to the extent that the gifts—
 - (a) are not gifts with respect to which the transfer is exempt or are outside the limit up to which the transfer is exempt, and
 - (b) do not bear their own tax,
 the amount corresponding to the value of the gifts shall be taken to be the amount arrived at in accordance with subsections (3) to (5) below.
- (2) Where any question arises as to which of two or more specific gifts are outside the limit up to which a transfer is exempt or as to the extent to which a specific gift is outside that limit—
 - (a) the excess shall be attributed to gifts not bearing their own tax before being attributed to gifts bearing their own tax, and
 - (b) subject to paragraph (a) above, the excess shall be attributed to gifts in proportion to their values.
- (3) Where the only gifts with respect to which the transfer is or might be chargeable are specific gifts which do not bear their own tax, the amount referred to in subsection (1) above is the aggregate of—
 - (a) the sum of the value of those gifts; and
 - (b) the amount of tax which would be chargeable if the value transferred equalled that aggregate.
- (4) Where the specific gifts not bearing their own tax are not the only gifts with respect to which the transfer is or might be chargeable, the amount referred to in subsection (1) above is such amount as, after deduction of tax at the assumed rate specified in subsection (5) below, would be equal to the sum of the value of those gifts.
- (5) For the purposes of subsection (4) above—
 - (a) the assumed rate is the rate found by dividing the assumed amount of tax by that part of the value transferred with respect to which the transfer would be chargeable on the hypothesis that—
 - (i) the amount corresponding to the value of specific gifts not bearing their own tax is equal to the aggregate referred to in subsection (3) above, and
 - (ii) the parts of the value transferred attributable to specific gifts and to gifts of residue or shares in residue are determined accordingly; and
 - (b) the assumed amount of tax is the amount that would be charged on the value transferred on the hypothesis mentioned in paragraph (a) above.

- (4) Where on the death of a person legal rights under the law of Scotland are claimed by a person entitled to claim them, they shall be treated for the purposes of this Chapter as a specific gift which bears its own tax; and in determining the value of such legal rights, any tax payable on the estate of the deceased shall be left out of account.

- or would be so held or charged or burdened if the disposition or dispositions were regulated by the law of any part of the United Kingdom; or whereby, under the law of any other country, the administration of the property is for the time being governed by provisions equivalent in effect to those which would apply if the property were so held, charged or burdened.
- (3) A lease of property which is for life or lives, or for a period ascertainable only by reference to a death, or which is terminable on, or at a date ascertainable only by reference to, a death, shall be treated as a settlement and the property as settled property, unless the lease was granted for full consideration in money or money’s worth; and where a lease not granted as a lease at a rack rent is at any time to become a lease at an increased rent it shall be treated as terminable at that time.

- (5) In the application of this Act to Northern Ireland this section shall have effect as if references to property held in trust for persons included references to property standing limited to persons and as if the lease referred to in subsection (3) did not include a lease in perpetuity within the meaning of section 1 of the ^{M8}Renewable Leasehold Conversion Act 1849 or a lease to which section 37 of that Act applies.

- (2) Where more than one person is a settlor in relation to a settlement and the circumstances so require, this Part of this Act (except section 48(4) to (6)) shall have effect in relation to it as if the settled property were comprised in separate settlements.

45 Trustee.

In this Act “trustee”, in relation to a settlement in relation to which there would be no trustees apart from this section, means any person in whom the settled property or its management is for the time being vested.

46 Interest in possession: Scotland.

In the application of this Act to Scotland, any reference to an interest in possession in settled property is a reference to an interest of any kind under a settlement by virtue of which the person in right of that interest is entitled to the enjoyment of the property or would be so entitled if the property were capable of enjoyment, including an interest of an assignee under an assignation of an interest of any kind (other than a reversionary interest) in property subject to a proper liferent; and the person in right of such an interest at any time shall be deemed to be entitled to a corresponding interest in the whole or any part of the property comprised in the settlement.

(4) For the purposes of subsection (3) above, the “Chargeable amount” is—

- (a) the amount by which the value of property which is comprised in the settlement and to which section 71D above applies is less immediately after the event giving rise to the charge than it would be but for the event, or

- (7) For the purposes of subsection (3) above, the “Settlement rate” is the effective rate (that is to say, the rate found by expressing the tax chargeable as a percentage of the amount on which it is charged) at which tax would be charged on the value transferred by a chargeable transfer of the description specified in subsection (8) below.
- (8) The chargeable transfer postulated in subsection (7) above is one—
- the value transferred by which is equal to an amount determined in accordance with subsection (9) below,

 - on which tax is charged in accordance with section 7(2) above.
- (9) The amount referred to in subsection (8)(a) above is equal to the aggregate of—

[^{F375}74A Arrangements involving acquisition of interest in settled property etc

- (1) This section applies where—
 - (a) one or more persons enter into arrangements,
 - (b) in the course of the arrangements—
 - (i) an individual (“the individual”) domiciled in the United Kingdom acquires or becomes able to acquire (directly or indirectly) an interest in property comprised in a settlement (“the relevant settled property”), and
 - (ii) consideration in money or money's worth is given by one or more of the persons mentioned in paragraph (a) (whether or not in connection with the acquisition of that interest or the individual becoming able to acquire it),
 - (c) there is a relevant reduction in the value of the individual's estate, and
 - (d) condition A or condition B is met.
- (2) Condition A is that—
 - (a) the settlor was not domiciled in the United Kingdom at the time the [^{F376}relevant settled property became comprised in the settlement], and
 - (b) the relevant settled property is situated outside the United Kingdom at any time during the course of the arrangements.
- (3) Condition B is that—
 - (a) the settlor was not an individual or a close company at the time the [^{F377}relevant settled property became comprised in the settlement], and
 - (b) condition A is not met.
- (4) Subsection (6) applies if all or a part of a relevant reduction (“amount A”) is attributable to the value of the individual's section 49(1) property being less than it would have been in the absence of the arrangements.
- (5) “The individual's section 49(1) property” means settled property to which the individual is treated as beneficially entitled under section 49(1) by reason of the individual being beneficially entitled to an interest in possession in the property.
- (6) Where this subsection applies—
 - (a) a part of that interest in possession is deemed, for the purposes of section 52, to come to an end at the relevant time, and
 - (b) that section applies in relation to the coming to an end of that part as if the reference in subsection (4)(a) of that section to a corresponding part of the whole value of the property in which the interest in possession subsists were a reference to amount A.

- (7) Subsection (8) applies to so much (if any) of a relevant reduction as is not amount A (“amount B”).
- (8) Tax is to be charged as if the individual had made a transfer of value at the relevant time and the value transferred by it had been equal to amount B.

74B Section 74A: supplementary provision

- (1) A transfer of value arising by virtue of section 74A is to be taken to be a transfer which is not a potentially exempt transfer.
- (2) For the purposes of section 74A—
- when determining the value transferred by a transfer of value arising by virtue of that section, no account is to be taken of section 3(2),
 - nothing in section 10(1) applies to prevent such a transfer, and
 - nothing in sections 102 to 102C of the Finance Act 1986 applies in relation to such a transfer.
- (3) Where, ignoring this subsection, a transfer of value would arise by virtue of section 74A (“the current transfer”), the value transferred by a relevant related transfer is to be treated as reducing the value transferred by the current transfer.

But this subsection does not apply if and to the extent that the relevant related transfer has already been applied to reduce another transfer of value arising by virtue of that section.

- (4) “Relevant related transfer” means—
- where the arrangements consist of a series of operations, any transfer of value constituted by one or more of those operations which occur before or at the same time as the current transfer, other than a transfer of value arising by virtue of section 74A, and
 - where the arrangements consist of a single operation, any transfer of value which arises from that operation, other than a transfer of value arising by virtue of section 74A.
- (5) Section 268(3) does not apply to a transfer of value arising by virtue of section 74A.
- (6) Where—
- a transfer of value has arisen by virtue of section 74A,
 - in the course of the arrangements the individual acquires an interest in possession in settled property, and
 - section 5(1B) applies to the interest in possession so that it forms part of the individual's estate,

(1) In this Part of this Act—

“close company” means a company within the meaning of the Corporation Tax Acts which is (or would be if resident in the United Kingdom) a close company for the purposes of those Acts;

“participator”, in relation to any company, means any person who is (or would be if the company were resident in the United Kingdom) a participator in relation to that company [^{F489}within the meaning given by section 454 of the Corporation Tax Act 2010], other than a person who would be such a participator by reason only of being a loan creditor;

“qualifying interest in possession” has the meaning given by section 59 above.

136 Transactions of close companies.

- (1) This section applies where the transferred property consists of shares in a close company and at any time after the chargeable transfer and before the relevant date there is a relevant transaction in relation to the shares; and for this purpose “relevant transaction” means a transaction which is—
 - (a) the making of a transfer of value by the company, or
 - (b) an alteration in so much of the company’s share or loan capital as does not consist of ^{F564}[quoted shares] or an alteration in any rights attaching to ^{F565}[unquoted shares in or unquoted debentures of the company],
 but which does not give rise to an adjustment, under any of the preceding sections of this Chapter, in the market value of the transferred property on the relevant date.
- (2) Subject to subsections (3) and (4) below, where this section applies the market value of the transferred property on the relevant date shall for the purposes of section 131 above be taken to be increased by an amount equal to the difference between—

- (b) what that value would have been if the relevant transaction had occurred before rather than after that time.
- (3) Where the relevant transaction is the making by the company of a transfer of value by which the value of the estate of the person who made the chargeable transfer or, if his spouse [^{F566}or civil partner] is domiciled in the United Kingdom, his spouse [^{F566}or civil partner] is increased by any amount, the increase provided for by subsection (2) above shall be reduced by that amount.
- (4) Where the market value of the transferred property at the time of the chargeable transfer is less than it would have been as mentioned in subsection (2) above, that subsection shall apply as if, instead of providing for an increase, it provided for the market value on the relevant date to be reduced to what it would have been if the relevant transaction had not occurred.

- (a) the market value of the interest at the time of the chargeable transfer, and
- (b) what that market value would have been if the circumstances prevailing on the relevant date and by reason of which the conditions are not satisfied had prevailed at the time of the chargeable transfer.
- (2) The conditions referred to in subsection (1) above are—
- (a) that the interest was the same in all respects and with the same incidents at the time of the chargeable transfer and on the relevant date, and
- (b) that the land in which the interest subsists was in the same state and with the same incidents at the time of the chargeable transfer and on the relevant date.
- (3) If after the date of the chargeable transfer but before the relevant date compensation becomes payable under any enactment to the transferee or his spouse [^{F567}or civil partner]—
- (a) because of the imposition of a restriction on the use or development of the land in which the interest subsists, or
- (b) because the value of the interest is reduced for any other reason,
- the imposition of the restriction or the other cause of the reduction in value shall be ignored for the purposes of subsections (1) and (2) above, but the market value of the interest on the relevant date shall be taken to be increased by an amount equal to the amount of the compensation.

- (b) what that value would have been if the circumstances prevailing at the relevant date and by reason of which the condition is not satisfied had prevailed at the time of the chargeable transfer.
- (2) The condition referred to in subsection (1) above is that the transferred property was the same in all respects at the time of the chargeable transfer and on the relevant date.
- (3) Where the market value of the transferred property at the time of the chargeable transfer is less than it would have been as mentioned in subsection (1) above, that subsection shall apply as if, instead of providing for an increase, it provided for the market value on the relevant date to be reduced to what it would have been if the property had remained the same in all respects as it was at the time of the chargeable transfer.
- (4) Where the transferred property is neither shares nor an interest in land and during the period between the time of the chargeable transfer and the relevant date benefits in money or money's worth are derived from it which exceed a reasonable return on its market value at the time of the chargeable transfer, then—
- (a) any effect of the benefits on the transferred property shall be ignored for the purposes of the preceding provisions of this section, but
 - (b) the market value of the transferred property on the relevant date shall be taken for the purposes of section 131 above to be increased by an amount equal to the said excess.

140 Interpretation.

- (1) In this Chapter—
- “close company” has the same meaning as in Part IV of this Act;
 - “interest in land” does not include any estate, interest or right by way of mortgage or other security;
 - “shares” includes securities;
- and “the relevant date”, “the transferee” and “the transferred property” shall be construed in accordance with section 131(1) above.
- (2) For the purposes of this Chapter the market value at any time of any property is the price which the property might reasonably be expected to fetch if sold in the open market at that time; but—
- (a) that price shall not be assumed to be reduced on the ground that the whole property is on the market at one and the same time, and
 - (b) in the case of [^{F569}unquoted shares], it shall be assumed that in that market there is available to any prospective purchaser of the shares all the information which a prudent prospective purchaser might reasonably require if he were proposing to purchase them from a willing vendor by private treaty and at arm's length.

CHAPTER V

MISCELLANEOUS

Successive charges

141 Two or more transfers within five years.

- (1) Where the value of a person's estate was increased by a chargeable transfer ("the first transfer") made not more than five years before—
 - (a) his death, or
 - (b) a chargeable transfer which is made by him otherwise than on his death and as to which the conditions specified in subsection (2) below are satisfied,

the tax chargeable on the value transferred by the transfer made on his death or, as the case may be, referred to in paragraph (b) above ("the later transfer") shall be reduced by an amount calculated in accordance with subsection (3) below.
- (2) The conditions referred to in subsection (1)(b) above are—
 - (a) that the value transferred by the later transfer falls to be determined by reference to the value of settled property in which there subsists an interest in possession to which the transferor is entitled;
 - (b) that the value transferred by the first transfer also fell to be determined by reference to the value of that property; and
 - (c) that the first transfer either was or included the making of the settlement or was made after the making of the settlement.
- (3) The amount referred to in subsection (1) above is a percentage of the tax charged on so much of the value transferred by the first transfer as is attributable to the increase mentioned in that subsection; and the percentage is—
 - (a) 100 per cent. if the period beginning with the date of the first transfer and ending with the date of the later does not exceed one year;
 - (b) 80 per cent. if it exceeds one year but does not exceed two years;
 - (c) 60 per cent. if it exceeds two years but does not exceed three years;
 - (d) 40 per cent. if it exceeds three years but does not exceed four years; and
 - (e) 20 per cent. if it exceeds four years.
- (4) Where in relation to the first transfer there is more than one later transfer, the reduction provided for by this section shall be given only in respect of the earliest of them, unless the reduction represents less than the whole of the tax charged as mentioned in subsection (3) above; and in that case a reduction may be made in respect of subsequent transfers (in chronological order) until reductions representing the whole of that tax have been made.
- (5) For the purposes of subsection (4) above, a reduction made in accordance with paragraph (a) of subsection (3) above represents an equivalent amount of tax, a reduction made in accordance with paragraph (b) represents the amount of tax of which it is 80 per cent., and so on.
- (6) In determining for the purposes of this section whether or to what extent the value of the transferor's estate was increased by a chargeable transfer, there shall be disregarded any excluded property consisting of a reversionary interest to which he became entitled on the occasion of or before the chargeable transfer.

(7) Where—

- (a) the value of the transferor’s estate was increased in consequence of—
 - (i) a gift inter vivos, or
 - (ii) a disposition or determination of a beneficial interest in possession in property comprised in a settlement, and
- (b) tax under section 22(5) of the ^{M33}Finance Act 1975 was by reason of the gift or interest payable on a subsequent death,

this section shall apply as if the increase had been by the chargeable transfer made on the occasion of the death.

[^{F570}**141A**Apportionment of relief under section 141

- (1) This section applies if any part of the value transferred by the later transfer qualifies for the lower rate of tax in accordance with Schedule 1A.
- (2) The amount of the reduction made under section 141(1) is to be apportioned in accordance with this section.
- (3) For each qualifying component, the tax chargeable on so much of the value transferred by the later transfer as is attributable to property in that component (“the relevant part of the tax”) is to be reduced by the appropriate proportion of the amount calculated in accordance with section 141(3).
- (4) “The appropriate proportion” is a proportion equal to the proportion that—
 - (a) the relevant part of the tax, bears to
 - (b) the tax chargeable on the value transferred by the later transfer as a whole.
- (5) If parts of an estate are treated under Schedule 1A as a single component, subsection (3) applies to the single component (and not to individual components forming part of the deemed single component).
- (6) If, after making the reductions required by subsection (3), there remains any part of the tax chargeable on the value transferred by the later transfer that has not been reduced, the remaining part of the tax is to be reduced by so much of the amount calculated in accordance with section 141(3) as has not been used up for the purposes of making the reductions required by subsection (3).
- (7) In this section—

“component” means a component of the estate, as defined in paragraph 3 of Schedule 1A;

“the later transfer” has the meaning given in section 141(1);

“qualifying component” means a component (or deemed single component) for which the donated amount is at least 10% of the baseline amount, as determined in accordance with Schedule 1A.]

262 Tax chargeable in certain cases of future payments, etc.

- (1) Where a disposition made for a consideration in money or money's worth is a transfer of value and any payments made or assets transferred by the transferor in pursuance of the disposition are made or transferred more than one year after the disposition is made, tax (if any) shall be charged as if—
 - (a) any payment made or asset transferred in pursuance of the disposition were made or transferred in pursuance of a separate disposition made, without consideration, at the time the payment is made or the asset is transferred, and
 - (b) the amount of the payment made or the value of the asset transferred in pursuance of each of those separate dispositions were the chargeable portion of the payment or asset.
- (2) For the purposes of this section the chargeable portion of any payment made or any asset transferred at any time shall be such portion of its value at that time as is found by applying to it the fraction of which—

- (a) the numerator is the value actually transferred by the disposition first mentioned in subsection (1) above (calculated as if no tax were payable on it), and
- (b) the denominator is the value, at the time of that disposition, of the aggregate of the payments made or to be made and assets transferred or to be transferred by the transferor in pursuance of it.

263 Annuity purchased in conjunction with life policy.

(1) Where—

- (a) a policy of life insurance is issued in respect of an insurance made after 26th March 1974 or is after that date varied or substituted for an earlier policy, and
- (b) at the time the insurance is made or at any earlier or later date an annuity on the life of the insured is purchased, and
- (c) the benefit of the policy is vested in a person other than the person who purchased the annuity,

then, unless it is shown that the purchase of the annuity and the making of the insurance (or, as the case may be, the substitution or variation) were not associated operations, the person who purchased the annuity shall be treated as having made a transfer of value by a disposition made at the time the benefit of the policy became so vested (to the exclusion of any transfer of value which, apart from this section, he might have made as a result of the vesting, or of the purchase and the vesting being associated operations).

(2) The value transferred by that transfer of value shall be equal to whichever of the following is less, namely,—

- (a) the aggregate of—
 - (i) the value of the consideration given for the annuity, and
 - (ii) any premium paid or other consideration given under the policy on or before the transfer; and
- (b) the value of the greatest benefit capable of being conferred at any time by the policy, calculated as if that time were the date of the transfer.

(3) The preceding provisions of this section shall apply, with the necessary modifications, where a contract for an annuity payable on a person's death is after 26th March 1974 made or varied or substituted for or replaced by such a contract or a policy of life insurance as they apply where a policy of life insurance is issued, varied or substituted as mentioned in subsection (1) above.

264 Transfers reported late.

(1) This section has effect where a person has made a transfer of value (“the earlier transfer”) which—

- (2) Where the earlier transfer is made in the period of ten years ending with the date of the later transfer there shall be charged on the value transferred by the earlier transfer, in addition to any tax chargeable on it apart from this section, an amount of tax equal to the difference, if any, between—
- (a) the tax which, having regard to the earlier transfer, was properly chargeable on the value transferred by the later transfer, and
 - (b) the payment accepted by the Board in full satisfaction of the tax chargeable on that value;
- and any such difference shall not be chargeable on the value transferred by the later transfer.
- (3) Where in the period mentioned in subsection (2) above there have been two or more earlier transfers the reference in paragraph (a) of that subsection to the earlier transfer shall be construed as a reference to both or all of those transfers, but the amount of tax chargeable under that subsection in respect of each of them shall, subject to subsection (4) below, be reduced in the proportion which the value transferred by it bears to the aggregate of the values transferred by it and the other or others.
- (4) Where the earlier transfers mentioned in subsection (3) above include a settled transfer, that is to say, a transfer in the case of which an amount in full satisfaction of the tax chargeable in respect of it under subsection (2) above has been paid to and accepted by the Board before the discovery of one or more of the other earlier transfers,—
- (a) no further tax shall be chargeable under subsection (2) above in respect of the settled transfer in consequence of regard being had under paragraph (a) of that subsection to the subsequently discovered transfer or transfers;
 - (b) the amount so paid and accepted shall reduce the amount chargeable under subsection (2) above in respect of the subsequently discovered transfer or transfers; and
 - (c) if there are two or more subsequently discovered transfers, the value transferred by the settled transfer shall be disregarded in calculating under subsection (3) above the reduction in the amount of tax chargeable in respect of each of them.
- (5) Where the later transfer referred to in subsection (2) above is itself an earlier transfer in relation to another later transfer the references in paragraphs (a) and (b) of that subsection to tax chargeable on the value transferred by it are references to tax so chargeable apart from this section.
- (6) Subsection (2) above shall not increase the amount in respect of which interest is payable under section 233 above in relation to the earlier transfer in respect of any period falling before the expiration of six months from the date on which it was discovered.
- (7) Where, apart from this subsection, the earlier transfer would be wholly or partly exempt by reason of some or all of the value transferred by it falling within a limit applicable to an exemption, then, if tax has been accepted as mentioned in subsection (1)(b) above on the basis that the later transfer is partly exempt by reason of part of the value thereby transferred falling within that limit—
- (a) tax shall not be chargeable on that part of the value transferred by the later transfer, but
 - (b) a corresponding part of the value transferred by the earlier transfer shall be treated as falling outside that limit.

- (8) Subsection (1)(b) above shall apply to a transfer in respect of which no tax is chargeable because the rate of tax applicable under section 7 above is nil as if payment had been accepted when the transfer was notified in an account under section 216 above, and subsection (2)(b) above shall apply in relation to any such transfer as if the amount of the payment were nil.
- (9) For the purposes of this section a transfer is discovered—
- (a) if it is notified under the provisions mentioned in subsection (1)(a) above after the expiration of the period there mentioned, on the date on which it is so notified;
 - (b) in any other case, on the date on which the Board give notice of a determination in respect of the transfer under section 221 above.

[^{F926}SCHEDULE 1A

GIFTS TO CHARITIES ETC: TAX CHARGED AT LOWER RATE

Textual Amendments

F926 Sch. 1A inserted (with effect in accordance with Sch. 33 para. 10(1) of the amending Act) by [Finance Act 2012 \(c. 14\)](#), [Sch. 33 para. 1](#)

Application of this Schedule

- 1 (1) This Schedule applies if—
 - (a) a chargeable transfer is made (under section 4) on the death of a person (“D”), and
 - (b) all or part of the value transferred by the chargeable transfer is chargeable to tax at a rate other than nil per cent.
- (2) The part of the value transferred that is chargeable to tax at a rate other than nil per cent is referred to in this Schedule as “TP”.

The relief

- 2 (1) If the charitable giving condition is met—
 - (a) the tax charged on the part of TP that qualifies for the lower rate of tax is to be charged at the lower rate of tax, and
 - (b) the tax charged on any remaining part of TP is to be charged at the rate at which it would (but for this Schedule) have been charged on the whole of TP in accordance with section 7.
- (2) For the purposes of this paragraph, the charitable giving condition is met if, for one or more components of the estate (taking each component separately), the donated amount is at least 10% of the baseline amount.
- (3) Paragraph 3 defines the components of the estate.
- (4) Paragraphs 4 and 5 explain how to calculate the donated amount and the baseline amount for each component.
- (5) The part of TP that “qualifies for the lower rate of tax” is the part attributable to all the property in each of the components for which the donated amount is at least 10% of the baseline amount.
- (6) The lower rate of tax is 36%.

The components of the estate

- 3 (1) For the purposes of paragraph 2, the components of the estate are—
 - (a) the survivorship component,
 - (b) the settled property component, and
 - (c) the general component.

Changes to legislation: Inheritance Tax Act 1984 is up to date with all changes known to be in force on or before 19 June 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details) View outstanding changes

- (2) The survivorship component is made up of all the property comprised in the estate that, immediately before D's death, was joint (or common) property liable to pass on D's death—
- (a) by survivorship (in England and Wales or Northern Ireland),
 - (b) under a special destination (in Scotland), or
 - (c) by or under anything corresponding to survivorship or a special destination under the law of a country or territory outside the United Kingdom.
- (3) The settled property component is made up of all the settled property comprised in the estate in which there subsisted, immediately before D's death, an interest in possession to which D was beneficially entitled immediately before death.
- (4) The general component is made up of all the property comprised in the estate other than—
- (a) property in the survivorship component,
 - (b) property in the settled property component, and
 - (c) property that forms part of the estate by virtue of section 102(3) of the Finance Act 1986 (gifts with reservation).

The donated amount

- 4 The donated amount, for a component of the estate, is so much of the value transferred by the relevant transfer as (in total) is attributable to property that—
- (a) forms part of that component, and
 - (b) is property in relation to which section 23(1) applies.

The baseline amount

- 5 The baseline amount, for a component of the estate, is the amount calculated in accordance with the following steps—

Step 1 Determine the part of the value transferred by the chargeable transfer that is attributable to property in that component.

Step 2 Deduct from the amount determined under Step 1 the appropriate proportion of the available nil-rate band.

“The appropriate proportion” is a proportion equal to the proportion that the amount determined under Step 1 bears to the value transferred by the chargeable transfer as a whole.

“The available nil-rate band” is the amount (if any) by which—

- (a) the nil-rate band maximum (increased, where applicable, in accordance with section 8A), exceeds
- (b) the sum of the values transferred by previous chargeable transfers made by D in the period of 7 years ending with the date of the relevant transfer.

Step 3 Add to the amount determined under Step 2 an amount equal to so much of the value transferred by the relevant transfer as (in total) is attributable to property that—

- (a) forms part of that component, and
- (b) is property in relation to which section 23(1) applies.

Changes to legislation: *Inheritance Tax Act 1984 is up to date with all changes known to be in force on or before 19 June 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details) View outstanding changes*

The result is the baseline amount for that component.

Rules for determining whether charitable giving condition is met

- 6
- (1) For the purpose of calculating the donated amount and the baseline amount, any amount to be arrived at in accordance with section 38(3) or (5) is to be arrived at assuming the rate of tax is the lower rate of tax (see paragraph 2(6)).
 - (2) For the purpose of calculating the donated amount, section 39A does not apply to a specific gift of property in relation to which section 23(1) applies (but that section does apply to such a gift for the purpose of calculating the baseline amount).
 - (3) Subject to sub-paragraphs (1) and (2), the provisions of this Act apply for the purpose of calculating the donated amount and the baseline amount as for the purpose of calculating the tax to be charged on the value transferred by the chargeable transfer.

Election to merge parts of the estate

- 7
- (1) An election may be made under this paragraph if, for a component of the estate, the donated amount is at least 10% of the baseline amount.
 - (2) That component is referred to as “the qualifying component”.
 - (3) The effect of the election is that the qualifying component and one or more eligible parts of the estate (as specified in the election) are to be treated for the purposes of this Schedule as if they were a single component.
 - (4) Accordingly, if the donated amount for that deemed single component is at least 10% of the baseline amount for it, the property in that component is to be included in the part of TP that qualifies for the lower rate of tax.
 - (5) In relation to the qualifying component—
 - (a) each one of the other two components of the estate is an “eligible part” of the estate, and
 - (b) all the property that forms part of the estate by virtue of section 102(3) of the Finance Act 1986 (gifts with reservation) is also an “eligible part” of the estate.
 - (6) The election must be made by all those who are appropriate persons with respect to the qualifying component and each of the eligible parts to be treated as a single component.
 - (7) “Appropriate persons” means—
 - (a) with respect to the survivorship component, all those to whom the property in that component passes on D's death (or, if they have subsequently died, their personal representatives),
 - (b) with respect to the settled property component, the trustees of all the settled property in that component,
 - (c) with respect to the general component, all the personal representatives of D or, if there are none, all those who are liable for the tax attributable to the property in that component, and
 - (d) with respect to property within paragraph (b) of sub-paragraph (5), all those in whom the property within that paragraph is vested when the election is to be made.

Changes to legislation: Inheritance Tax Act 1984 is up to date with all changes known to be in force on or before 19 June 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details) View outstanding changes

Opting out

- 8 (1) If an election is made under this paragraph in relation to a component of the estate, this Schedule is to apply as if the donated amount for that component were less than 10% of the baseline amount for it (whether or not it actually is).
- (2) The election must be made by all those who are appropriate persons (as defined in paragraph 7(7)) with respect to the component.

Elections: procedure

- 9 (1) An election under this Schedule must be made by notice in writing to HMRC within two years after D's death.
- (2) An election under this Schedule may be withdrawn by notice in writing to HMRC given—
- (a) by all those who would be entitled to make such an election, and
 - (b) no later than the end of the period of two years and one month after D's death.
- (3) An officer of Revenue and Customs may agree in a particular case to extend the time limit in sub-paragraph (1) or (2)(b) by such period as the officer may allow.

General interpretation

- 10 In this Schedule, in relation to D—
- “the chargeable transfer” means the chargeable transfer mentioned in paragraph 1(1);
 - “the estate” means D's estate immediately before death;
 - “the relevant transfer” means the transfer of value that D is treated (under section 4) as having made immediately before death.]

 - (b) in a case in which paragraph (a) above does not apply, where the trustees make a disposition (otherwise than by such an application) as a result of which the value of settled property to which this paragraph applies is less than it would be but for the disposition.
- (3) Subsections (4), (5) and (10) of section 70 of this Act shall apply for the purposes of this paragraph as they apply for the purposes of that section (with the substitution of a reference to sub-paragraph (2)(b) above for the reference in section 70(4) to section 70(2)(b)).

- (4) Where the property in respect of which the tax is chargeable has at any time ceased to be and again become property to which paragraph 8 above applies in circumstances such that by virtue of paragraph 9(1) above there was no charge to tax in respect of it (or, but for paragraph 9(4), there would have been no charge), it shall for the purposes of this paragraph be treated as having been property to which paragraph 8 above applies throughout the period mentioned in paragraph 9(1).
- 12 (1) This paragraph applies where tax is chargeable under paragraph 8 above and paragraph 11 above does not apply.
- (2) Where this paragraph applies, the rate at which the tax is charged shall be the higher of—
 - (a) the first rate (as determined in accordance with paragraph 13 below), and
 - (b) the second rate (as determined in accordance with paragraph 14 below).
- 13 (1) The first rate is the aggregate of the following percentages—

- (3) For the purposes of sub-paragraph (2) above, any occasion on which property became property to which paragraph 8 above applies, and which occurred before an occasion of charge to tax under that paragraph in respect of the property, shall be disregarded.
- (4) The reference in sub-paragraph (3) above to an occasion of charge to tax under paragraph 8 does not include a reference to—
 - (a) the occasion by reference to which the rate is being determined in accordance with this Schedule, or
 - (b) an occasion which would not be an occasion of charge but for paragraph 9(4) above.
- 14 (1) If the settlor is alive, the second rate is the effective rate at which tax would be charged, on the amount on which it is chargeable, [^{F961}in accordance with the appropriate provision of section 7 of this Act] if the amount were the value transferred by a chargeable transfer made by him on the occasion on which the tax becomes chargeable.

- (3) If the settlor died before 13th March 1975, the second rate is the effective rate at which tax would have been charged, on the amount on which it is chargeable (“the chargeable amount”), [^{F961}in accordance with the appropriate provision of section 7 of this Act] if the settlor had died when the event occasioning the charge under paragraph 8 above occurred, the value transferred on his death had been equal to the amount on which estate duty was chargeable when he in fact died, and the chargeable amount had been added to that value and had formed the highest part of it.
- [^{F963}(2A) In determining for the purposes of sub-paragraph (2) the effective rate or rates at which tax would have been charged on the amount in accordance with section 7(1), the effect of Schedule 1A (if it would have applied) is to be disregarded.]
- (4) Where, in the case of a settlement (“the current settlement”), tax is chargeable under paragraph 8 above in respect of property which—
