

Animals (Scientific Procedures) Act 1986

1986 CHAPTER 14

Additional controls

15 Killing animals at conclusion of regulated procedures.

- (1) Where a protected animal—
- (a) has been subjected to a series of regulated procedures for a particular purpose; and
 - (b) at the conclusion of the series is suffering or likely to suffer adverse effects [^{F1}as a result of being subjected to the series] ,
- the person who applied those procedures, or the last of them, shall [^{F2}ensure that the animal is immediately killed in accordance with section 15A] .
- (2) Subsection (1) above is without prejudice to any condition of a project licence requiring an animal to be killed at the conclusion of a regulated procedure in circumstances other than those mentioned in that subsection.
