The principal objective and general duties of the Secretary of State and the Authority.

(1) The principal objective of the Secretary of State and the Gas and Electricity Markets Authority (in this Act referred to as “the Authority”) in carrying out their respective functions under this Part is to protect the interests of existing and future consumers in relation to gas conveyed through pipes.

(1A) Those interests of existing and future consumers are their interests taken as a whole, including

(a) their interests in the reduction of gas-supply emissions of targeted greenhouse gases;...
(b) their interests in the security of the supply of gas to them; and
(c) their interests in the fulfilment by the Authority, when carrying out its functions as designated regulatory authority for Great Britain, of the objectives set out in Article 40(a) to (h) of the Gas Directive.

(1B) The Secretary of State and the Authority shall carry out their respective functions under this Part in the manner which the Secretary of State or the Authority (as the case may be) considers is best calculated to further the principal objective, wherever appropriate by promoting effective competition between persons engaged in, or in commercial activities connected with, the shipping, transportation or supply of gas conveyed through pipes.

(1C) Before deciding to carry out functions under this Part in a particular manner with a view to promoting competition as mentioned in subsection (1B), the Secretary of State or the Authority shall consider—

(a) to what extent the interests referred to in subsection (1) of consumers would be protected by that manner of carrying out those functions; and
(b) whether there is any other manner (whether or not it would promote competition as mentioned in subsection (1B)) in which the Secretary of State or the Authority (as the case may be) could carry out those functions which would better protect those interests.

(2) In performing the duties under subsections (1B), (1C) and (2), the Secretary of State or the Authority shall have regard to—

(a) the need to secure that, so far as it is economical to meet them, all reasonable demands in Great Britain for gas conveyed through pipes are met; and
(b) the need to secure that licence holders are able to finance the activities which are the subject of obligations imposed by or under this Part, the Utilities Act 2000, Part 5 of the Energy Act 2008 or section 4, Part 2, or sections 26 to 29 of the Energy Act 2010; and
(c) the need to contribute to the achievement of sustainable development.

(3) In performing the duties under subsections (1B), (1C) and (2), the Secretary of State or the Authority shall have regard to the interests of—

(a) individuals who are disabled or chronically sick;
(b) individuals of pensionable age;
(c) individuals with low incomes; and
(d) individuals residing in rural areas;

but that is not to be taken as implying that regard may not be had to the interests of other descriptions of consumer.
(4) The Secretary of State and the Authority may, in carrying out any function under this Part, have regard to—

(a) the interests of consumers in relation to electricity conveyed by distribution systems (within the meaning of the Electricity Act 1989); and

(b) any interests of consumers in relation to—

(i) communications services and electronic communications apparatus, or

(ii) water services or sewerage services (within the meaning of the Water Industry Act 1991),

which are affected by the carrying out of that function.

(5) Subject to subsections (1B) and (2) and to section 132(2) of the Energy Act 2013 (duty to carry out functions in manner best calculated to further delivery of policy outcomes), the Secretary of State and the Authority shall carry out their respective functions under this Part in the manner which he or it considers is best calculated—

(a) to promote efficiency and economy on the part of persons authorised by licences or exemptions to carry on any activity, and the efficient use of gas conveyed through pipes;

(b) to protect the public from dangers arising from the conveyance of gas through pipes or from the use of gas conveyed through pipes or the provision of a smart meter communication service;

(c) to secure a diverse and viable long-term energy supply,

shall have regard, in carrying out those functions, to the effect on the environment of activities connected with the conveyance of gas through pipes or the provision of a smart meter communication service.

(5A) In carrying out their respective functions under this Part in accordance with the preceding provisions of this section the Secretary of State and the Authority must each have regard to—

(a) the principles under which regulatory activities should be transparent, accountable, proportionate, consistent and targeted only at cases in which action is needed; and

(b) any other principles appearing to him or, as the case may be, it to represent the best regulatory practice.

(5B) In subsection (1A)—

“emissions” has the same meaning as in the Climate Change Act 2008 (see section 97 of that Act);

“gas-supply emissions” in relation to emissions of a targeted greenhouse gas, means any such emissions (wherever their source) that are wholly or partly attributable to, or to commercial activities connected with, the shipping, transportation or supply of gas conveyed through pipes;

“targeted greenhouse gases” has the same meaning as in Part 1 of the Climate Change Act 2008 (see section 24 of that Act).

(6) In subsections (1C), (3) and (4) references to consumers include both existing and future consumers.
(7) In this section and sections 4AB and 4A, references to functions of the Secretary of State or the Authority under this Part include a reference to functions under the Utilities Act 2000 which relate to gas conveyed through pipes.

(8) In this Part, unless the context otherwise requires,—

(b) in the case of a restriction, artificially to include in the restriction, premises likely to be owned or occupied by persons who are chronically sick, disabled or of pensionable age, or who are likely to default in the payment of charges.

(9) If the holder of a licence under subsection (1) above applies to the Director for a restriction of the licence, or for the revocation of the licence in accordance with any term contained in it, the Director shall, subject to subsection (8) above, accede to the application if he is satisfied that such arrangements have been made as—

(a) will secure continuity of supply for all relevant consumers; and

(b) in the case of each such consumer who is supplied with gas in pursuance of a contract, will secure such continuity on the same terms as nearly as may be as the terms of the contract.

(10) A person is a relevant consumer for the purposes of subsection (9) above if—

(a) immediately before the restriction or revocation takes effect, he is being supplied with gas by the holder of the licence; and

(b) in the case of a restriction, his premises are excluded from the licence by the restriction;

and in that subsection “contract” does not include any contract which, by virtue of paragraph 8 of Schedule 2B to this Act, is deemed to have been made.

(11) In this Part “gas supplier” and “gas shipper” mean respectively the holder of a licence under subsection (1) above, and the holder of a licence under subsection (2) above, except (in either case) where the holder is acting otherwise than for purposes connected with the carrying on of activities authorised by the licence.

(12) Any reference in this Part (however expressed) to activities authorised by a licence under subsection (1) above shall be construed without regard to any exception contained in Schedule 2A to this Act.]

(b) under or by virtue of any enactment, in the second licensee’s capacity as holder of that licence.

(b) be modified in such manner as may be specified in the conditions at such times and in such circumstances as may be so determined.

(8) Any provision included in a licence by virtue of subsection (7) above shall have effect in addition to the provision made by this Part with respect to the modification of the conditions of a licence.

The provisions of Schedule 2B to this Act (which relate to rights and obligations of licence holders and consumers and related matters) shall have effect.

Gas transmission and the operation of gas interconnectors: independence

Requirement for certain gas transporters and operators of gas interconnectors to be certified as independent

(1) A person who, for any period on or after the relevant date, holds a licence under section 7 and carries out transmission of gas must ensure that the person is certified by the Authority under section 8F throughout that period.

(2) A person who, for any period on or after the relevant date, holds a licence under section 7ZA and participates in the operation of a gas interconnector must ensure that the person is certified by the Authority under section 8F throughout that period.
(3) In subsections (1) and (2) the “relevant date” in respect of a person is 3 March 2012 or any later date before 4 March 2013 which the Authority specifies under subsection (4) or (5) in respect of the person.

(4) The Authority may specify a later date in respect of a person if—
   (a) the person has asked the Authority to specify a later date;
   (b) the person is not, and is not part of, a vertically integrated undertaking; and
   (c) no senior officer of the person is also a senior officer of a relevant producer or supplier.

(5) The Authority may also specify a later date in respect of a person if the Authority thinks that, for reasons beyond its and the person’s control, the Authority will not reasonably be able to make a final decision before 3 March 2012 as to whether to certify the person.

(6) In this section—
   (a) “transmission” has the meaning given by Article 2(3) of the Gas Directive; and
   (b) “vertically integrated undertaking” has the meaning given by Article 2(20) of that Directive.

8D  Application for certification

(1) Any person may apply for certification.

(2) An application for certification—
   (a) must be made in writing to the Authority; and
   (b) must be made in such form and contain such information as the Authority may specify.

(3) If the application is made on or after 3 March 2013 and the applicant is a person from a third country or a person controlled by a person from a third country, the Authority must, as soon as is reasonably practicable after receiving the application—
   (a) notify the Secretary of State and the European Commission that an application has been made by such a person; and
   (b) enclose with the notification to the Secretary of State any information which, at the time of the notification, the Authority has in its possession and thinks is relevant to the question of whether the security of gas supplies in the United Kingdom or any other EEA state would be put at risk by the certification of the applicant.

(4) The Authority may ask an applicant for certification for any further information the Authority thinks is relevant to the application, and the applicant must supply that information if—
   (a) it is in the applicant’s possession; or
   (b) it is information which the applicant could reasonably be expected to obtain.

(5) The Authority may ask a relevant producer or supplier for any information the Authority thinks is relevant to an application for certification, and the relevant producer or supplier must supply that information if—

expected to obtain.

(6) A person required to supply information under subsection (4) or (5) must do so by any

section 8D(3) that an application has been made by a person from a third country or
a person controlled by a person from a third country.

(2) The Secretary of State must prepare a report on whether the security of gas supplies in
the United Kingdom or any other EEA state would be put at risk by the certification
of the applicant.

(3) The Secretary of State must prepare the report and send it to the Authority within
the 6 weeks beginning with the day on which the notification under section 8D(3) is
received.

(4) If, before the Secretary of State sends the report to the Authority, the Authority
receives information under section 8D(4) or (5) and thinks that the information is
relevant to the preparation of the report, the Authority must supply that information
to the Secretary of State as soon as is reasonably practicable.

8F Certification

(1) Where the Authority receives an application for certification, it must make a
preliminary decision by the relevant deadline as to whether it should certify the
applicant.

(2) The relevant deadline is the end of the 4 months beginning with the day on which
the Authority receives the application; but this is subject to any extension under
subsection (3).

(3) If, before the deadline mentioned in subsection (2) (or before that deadline as
previously extended under this subsection), the Authority asks the applicant or a
relevant producer or supplier for information under section 8D(4) or (5), the relevant
deadline is the end of the 4 months beginning with the day on which the last of that
information is received.

(4) As soon as is reasonably practicable after making the preliminary decision the
Authority must notify the decision and the reasons for it to—

   (a) which the Secretary of State has prepared under section 8E in respect of the applicant; and
   (b) which the Authority receives before giving the notification.

(6) Subsections (7) and (8) apply in relation to the Authority’s final decision under Article 3 of the Gas Regulation as to whether to certify the applicant.

(7) As soon as is reasonably practicable after making the final decision the Authority must notify the decision and the reasons for it to—
   (a) the applicant;
   (b) the Secretary of State; and
   (c) the European Commission.

(8) If the final decision is to certify the applicant the applicant is to be taken as certified by the Authority under this section.

8G Grounds for certification

(1) This section applies to—
   (a) a preliminary decision under section 8F as to whether an applicant should be certified;
   (b) a final decision under Article 3 of the Gas Regulation as to whether to certify an applicant.

(2) The Authority may only decide that the applicant should be certified, or decide to certify the applicant, if one of the following six grounds (“the certification grounds”) applies.

(3) The first certification ground is that the applicant meets the ownership unbundling requirement in section 8H.

(4) The second certification ground is that the applicant has asked the Authority to exempt it from the ownership unbundling requirement on the grounds in paragraph (9) of Article 9 of the Gas Directive (alternative arrangements for independence), and the Authority thinks the requirements of that paragraph are met.

(5) The third certification ground is that—
   (a) the applicant has asked the Authority to exempt it from the ownership unbundling requirement on the grounds in paragraphs (1) and (2) of Article 14 of the Gas Directive (independent system operator);
   (b) the applicant has nominated an independent system operator for designation in accordance with those paragraphs; and
   (c) the Authority—
      (i) thinks that the requirements of those paragraphs are met, and
      (ii) is minded to designate the nominated independent system operator.

(6) The fourth certification ground is that—
   (a) the applicant holds a licence under section 7ZA;
   (b) the applicant has asked the Authority to exempt it from the ownership unbundling requirement on the ground that it meets the requirements of
Chapter 4 of the Gas Directive (independent transmission operator), in accordance with Articles 9(8)(b) and 18(10) of that Directive; and

c) the Authority thinks that the applicant meets the requirements of that Chapter, in accordance with those Articles.

(7) The fifth certification ground is that—

(a) the applicant holds a licence under section 7ZA; and

(b) in accordance with the conditions of that licence, the applicant has been granted an exemption from the ownership unbundling requirement in accordance with Article 36 of the Gas Directive (new infrastructure) and remains entitled to the benefit of it.

(8) The sixth certification ground is that—

(a) the applicant holds a licence under section 7ZA; and

(b) either—

   (i) the applicant has, in accordance with the conditions of that licence, been granted an exemption in accordance with Article 22 of Directive 2003/55/EC of the European Parliament and of the Council of 26 June 2003 on common rules for the internal market in natural gas (new infrastructure) and remains entitled to the benefit of it; or

   (ii) another person benefits from such an exemption, and the applicant is in a position which is substantially similar to the position of that person.

(9) But, regardless of whether a certification ground applies, the Authority—

(a) may, in particular, decide that the applicant should not be certified, or decide not to certify the applicant, if, on the basis of an opinion expressed by the European Commission under Article 11 of the Gas Directive (certification in relation to persons from countries outside the European Economic Area), the Authority thinks that the certification of the applicant would put at risk the security of gas supplies in any EEA state;

(b) must not decide that the applicant should be certified, and must not decide to certify the applicant, if a report prepared by the Secretary of State under section 8E states that the certification of the applicant would put at risk the security of gas supplies in the United Kingdom or any other EEA state;

(c) must not decide to certify the applicant on the second certification ground if the European Commission has not verified, in accordance with paragraph (10) of Article 9 of the Gas Directive (verification of independence under alternative arrangements), that the requirement in that paragraph as to arrangements for effective independence is met.

8H The ownership unbundling requirement

(1) In section 8G(3) the ownership unbundling requirement is met by an applicant for certification if, in relation to each of the five tests below—

   (a) the Authority thinks that it is passed, or

   (b) it is treated as passed by virtue of subsection (7), (9) or (9A).

(2) The first test is that the applicant—

   (a) does not control a relevant producer or supplier;

   (b) does not have a majority shareholding in a relevant producer or supplier; and
(c) will not, on or after the relevant date, exercise shareholder rights in relation to a relevant producer or supplier.

(3) For the purposes of subsection (2)(c), the Authority is entitled to think that the applicant will not exercise shareholder rights if the applicant has given an undertaking not to exercise those shareholder rights.

(4) The second test is that, where the applicant is a company, partnership or other business, none of its senior officers has been, or may be, appointed by a person who—
   (a) controls a gas undertaking which is a relevant producer or supplier; or
   (b) has a majority shareholding in a gas undertaking which is a relevant producer or supplier.

(5) The third test is that, where the applicant is a company, partnership or other business, none of its senior officers is also a senior officer of a gas undertaking which is a relevant producer or supplier.

(6) The fourth test is that the applicant is not controlled by a person who controls a relevant producer or supplier.

(7) But even where the fourth test is not passed, the Authority may treat it as passed if—
   (a) the control over the applicant was gained through the exercise of a right conferred as a condition of the provision of either financial support or a guarantee (or both), in relation to the applicant’s business; or
   (b) the control over the relevant producer or supplier was gained through the exercise of such a right conferred in relation to the business of the relevant producer or supplier.

(8) The fifth test is that the applicant is not controlled by a person who has a majority shareholding in a relevant producer or supplier.

(9) But even where the fifth test is not passed, the Authority may treat it as passed if—
   (a) the control over the applicant was gained through the exercise of a right conferred as a condition of the provision of either financial support or a guarantee (or both), in relation to the applicant’s business; or
   (b) the majority shareholding in the relevant producer or supplier was gained through the exercise of such a right conferred in relation to the business of the relevant producer or supplier.

[9A] The Authority may treat one or more of the five tests in this section as passed if—
   (a) the test or tests are not passed in relation to a relevant producer or supplier,
   (b) the applicant has demonstrated to the Authority’s satisfaction that the applicant does not have a relationship with the relevant producer or supplier which might lead the applicant to discriminate in favour of the relevant producer or supplier, and
   (c) the Authority thinks it appropriate to treat the test or tests as passed.

(10) In subsection (2)(c) “relevant date” means the relevant date for the purposes of section 8C(1) or (2).

8I  The ownership unbundling requirement: supplementary

(1) Subsections (2) and (3) apply where—
(a) by virtue of subsection (7) or (9) of section 8H, the Authority treats the fourth or fifth test under section 8H as passed in relation to a person; and
(b) the person is certified in reliance on that treatment.

(2) The Authority must by notice to the certified person specify a period of time at the end of which the Authority will cease to treat that test as passed by virtue of that subsection.

(3) The Authority may by notice to the certified person extend that period if the Authority thinks it necessary or expedient to do so.

(4) In deciding whether to treat a test as passed by virtue of section 8H(7) or (9), and in determining any period or extension under subsection (2) or (3), the Authority—
(a) must take into account—
(i) the period of time for which the test is likely to continue not to be passed, and
(ii) whether the relationship (direct or indirect) between the applicant and the relevant producer or supplier has led or might lead the applicant to discriminate in favour of the relevant producer or supplier; and
(b) may, in particular, take into account any information or undertaking given to the Authority by the applicant, the relevant producer or supplier or the person who controls the applicant and controls or has a majority shareholding in the relevant producer or supplier.

(5) The information and undertakings that may be taken into account under subsection (4)
(b) include information and undertakings regarding any measures that have been or will be put in place to ensure the effective separation of the business of the applicant and the business of the relevant producer or supplier.

8J  Designation for the purposes of EU gas legislation

(1) This section applies in relation to any period for which a person—
(a) holds a licence under section 7 or 7ZA; and
(b) is certified.

(2) If the person is certified on the first, second, fourth, fifth or sixth certification ground in section 8G, the person is designated as a gas transmission system operator for the purposes of Article 10(2) of the Gas Directive (designation of transmission system operators).
(3) If the person is certified on the third certification ground in section 8G, the independent system operator nominated in the application for certification is designated as a gas transmission system operator for the purposes of that Article.

(4) As soon as is reasonably practicable after a person is designated by virtue of this section, the Authority must notify the designation to—
   (a) the person designated;
   (b) the Secretary of State; and
   (c) the European Commission.

8K Monitoring and review of certification

(1) The Authority must monitor, in respect of each certified person, whether the basis on which the Authority decided to certify the person, including the certification ground on which the person was certified, (the “certification basis”) continues to apply.

(2) If, on or after 3 March 2013, as result of information it has received or obtained, the Authority thinks that a person from a third country has taken or may take control of a certified person, the Authority must, as soon as is reasonably practicable—
   (a) notify the information to the Secretary of State and the European Commission; and
   (b) enclose with the notification to the Secretary of State any further information which, at the time of the notification, the Authority has in its possession and thinks is relevant to the question of whether the security of gas supplies in the United Kingdom or any other EEA state would be put at risk by the continued certification of the person.

(3) The Authority must review whether the certification basis in respect of a certified person continues to apply if the European Commission asks it to do so.

(4) A review under subsection (3) is to be carried out within the 4 months beginning with the day on which the Authority receives the request from the European Commission.

(5) The Authority may also review whether the certification basis in respect of a certified person continues to apply if—
   (a) the certified person notifies it of any event or circumstance which may affect that basis; or
   (b) the Authority thinks that the basis may no longer apply.

(6) A review under subsection (5) is to be carried out within the 4 months beginning with—
   (a) if paragraph (a) of subsection (5) applies, the day on which the Authority receives the notification under that paragraph;
   (b) otherwise, the first day on which the Authority thinks that the certification basis may no longer apply.

(7) Subsection (8) applies where—
   (a) by virtue of section 8H(7) or (9), the Authority has treated the fourth or fifth test under section 8H as passed;
   (b) a person is certified in reliance on that treatment; and
   (c) the period specified under section 8I as the period at the end of which that treatment will cease comes to an end.
(8) Where this subsection applies, the Authority must review whether that test is now passed.

(9) A review under subsection (8) is to be carried out within the 4 months beginning with the end of the period mentioned in subsection (7)(c).

(10) If, before any of the deadlines mentioned in subsection (4), (6) or (9) (or before such deadline as previously extended under this subsection), the Authority asks the certified person or a relevant producer or supplier for information under section 8L(2) or (3), the relevant deadline is the end of the 4 months beginning with the day on which the last of that information is received.

(3) The Secretary of State must prepare the report and send it to the Authority within the 6 weeks beginning with the day on which the notification is received.
(4) If, before the Secretary of State sends the report to the Authority, the Authority receives information under section 8L(2) or (3) and thinks that the information is relevant to the preparation of the report, the Authority must supply that information to the Secretary of State as soon as is reasonably practicable.

8R Independence of storage facilities

(1) This section applies to a storage facility unless a minor facility exemption is in force in respect of that facility under section 8S.

(2) The owner of a storage facility to which this section applies must, notwithstanding any licence held by the owner, refrain from producing gas in an EEA state.

(3) The owner must also, notwithstanding any licence held by the owner, refrain from carrying out any of the following activities in an EEA state except to the extent that the activity is necessary for the efficient operation of the storage facility or of another facility used by the owner to store gas—
   (a) the supply to any premises of gas which has been conveyed to those premises through pipes;
   (b) the making of an arrangement with a gas transporter for gas to be introduced into, conveyed by means of or taken out of a pipe-line system operated by that gas transporter;
   (c) any other sale of gas.

(4) If an affiliate of the owner carries out in an EEA state an activity which, under subsection (2) or (3), the owner must refrain from carrying out, the owner must operate the storage facility independently of the interests of that affiliate and must, in particular, ensure that—
   (a) no senior officer or manager of the owner is a senior officer or manager of the affiliate;
   (b) if a senior officer or manager of the owner has an interest in the affiliate that conflicts, or is likely to conflict, with the interests of the storage facility, the owner maintains procedures to ensure that the storage facility is operated independently of that interest in the affiliate;
   (c) the owner is entitled to take decisions without the consent of that affiliate in respect of any assets necessary to operate, maintain or develop the storage facility; and
   (d) the owner does not take instructions from the affiliate regarding day to day operations or individual decisions concerning the construction or upgrading of the storage facility.
(5) Subsection (4)(c) and (d) does not prevent a parent undertaking of the owner from requiring the owner—
   (a) to obtain the parent undertaking’s approval of the owner’s annual financial planning;
   (b) to comply with restrictions on the owner’s overall indebtedness.

(6) The owner must establish a programme (the “independence programme”) in relation to the owner’s senior officers, other officers, managers and employees for the purpose of ensuring that they do not cause the owner to—
   (a) discriminate against persons who are not affiliates of the owner; or
   (b) breach any of the owner’s obligations under section 11C regarding the disclosure or use of information.

(7) The owner must—
   (a) ensure that compliance with the independence programme is monitored; and
   (b) each year, publish a report setting out the measures taken in accordance with the independence programme and send a copy to the Authority.

(8) For the purposes of this section a person produces gas if the person—
   (a) gets natural gas from its natural condition in strata otherwise than as an unintended consequence of the storage of gas, and requires a licence under section 3 of the Petroleum Act 1998 (licences to search and bore for and get petroleum) to do so or would require such a licence if getting the gas in Great Britain; or
   (b) produces any other gas, including in particular biomethane, which is suitable for conveyance through pipes to premises in accordance with a licence under section 7.

   “parent undertaking” has the meaning given by section 1162 of the Companies Act 2006.

(10) The reference in subsection (4)(b) to a conflict of interests includes a conflict of interest and duty and a conflict of duties.

8S Independence of storage facilities and duty to allow others to use them: exemptions for minor facilities

(1) A person who is or expects to be an owner of a storage facility may apply in writing to the Authority for an exemption from the requirements of sections 8R and 19B in respect of that facility (a “minor facility exemption”).

(2) The Authority must give a minor facility exemption in respect of a facility where it is satisfied that use of the facility by other persons is not technically or economically necessary for the operation of an efficient gas market.
(3) A minor facility exemption—
   (a) must be in writing;
   (b) may be given—
      (i) for an indefinite period or for a period determined under the exemption;
      (ii) unconditionally or subject to such conditions as the Authority considers appropriate.

(4) The Authority must publish its decision to give or refuse to give a minor facility exemption together with the reasons for the decision.

(5) A minor facility exemption may be revoked—
   (a) in accordance with provisions contained in it;
   (b) at any other time, if the Authority considers that the condition in subsection (2) is no longer met.

(6) The Authority must from time to time publish a document setting out how it will determine whether the use of a facility by other persons is technically or economically necessary for the operation of an efficient gas market, including the matters it will take into account when determining this.

(7) Publication under subsection (4) or (6) must be in such manner as the Authority considers appropriate.

(8) Before publishing a document under subsection (6) the Authority must consult—
   (a) the Secretary of State; and
   (b) such other persons as the Authority considers appropriate.

9  [F124 General powers and duties.]

   (1) It shall be the duty of a [F125 gas transporter] as respects each authorised area of his—
      (a) to develop and maintain an efficient and economical pipe-line system for the conveyance of gas; and
      (b) subject to paragraph (a) above, to comply, so far as it is economical to do so, with any reasonable request for him [F126—
         (i)] to connect to that system, and convey gas by means of that system to, any premises [F127; or.
         (ii) to connect to that system a pipe-line system operated by an authorised transporter.]

(1) Subsection (2) below applies to any premises in an authorised area of a [F131 gas transporter] which—
   (a) are situated within 23 metres from a relevant main of the transporter; or
   (b) could be connected to any such main by a pipe supplied and laid, or proposed to be supplied and laid, by the owner or occupier of the premises.

(2) Subject to the provisions of this Part and any regulations made under those provisions, a [F131 gas transporter] shall, on being required to do so by the owner or occupier of any premises to which this subsection applies—
   (a) in the case of premises falling within paragraph (a) of subsection (1) above, connect the premises to the relevant main, and supply and lay any pipe that may be necessary for that purpose; and
(b) in the case of premises falling within paragraph (b) of that subsection, connect the premises to the relevant main by the pipe there mentioned;

and in the following provisions of this section “connect”, in relation to any premises, means connect to a relevant main of a §F131§ gas transporter] and “connection” shall be construed accordingly.

(3) Subject to the provisions of this Part and any regulations made under those provisions, where any premises are connected (whether by virtue of subsection (2) above or otherwise), the §F131§ gas transporter] shall maintain the connection until such time as it is no longer required by the owner or occupier of the premises.

§F132§ (3A) A gas transporter may require any person who requires a connection under subsection (2)(b) to accept any terms—

(a) indemnifying the transporter in respect of any liability connected with the laying of the pipe;

(b) which it is reasonable in all the circumstances for that person to be required to accept.

(4) Where any person requires a connection in pursuance of subsection (2) above, he shall serve on the §F131§ gas transporter] a notice specifying—

(a) the premises in respect of which the connection is required; and

(b) the day (not being earlier than a reasonable time after the service of the notice) upon which the connection is required to be made.

(5) Where any pipe is supplied and laid by a §F131§ gas transporter] in pursuance of subsection (2)(a) above, the cost of supplying and laying the pipe shall, if and to the extent that the transporter so requires and the conditions of his licence so allow, be defrayed by the person requiring the connection.

§F133§ (5A) Where in pursuance of subsection (2)(b) a gas transporter connects any premises to a relevant main by a pipe supplied and laid by the owner or occupier of the premises, the cost of making the connection shall, if and to the extent that the transporter so requires and the conditions of his licence so allow, be defrayed by the person supplying and laying the pipe.

(6) Where at any time a §F131§ gas transporter] connects any premises under subsection (2)(b) above—

(a) the pipe supplied and laid by the owner or occupier of the premises; and

(b) any rights §F134§ or liabilities] of the owner or occupier which relate to the laying, maintenance, repair, alteration or removal of the pipe,

shall at that time vest in and become property §F135§, rights or liabilities of the transporter.

(7) The Director may, with the consent of the Secretary of State, make provision by regulations for entitling a §F131§ gas transporter] to require a person requiring a connection in pursuance of subsection (2) above to pay to the transporter an amount in respect of the expenses of the laying of the main used for the purpose of making that connection if—

(a) the connection is required within the prescribed period after the laying of the main;

(b) a person for the purpose of connecting whose premises the main was laid has made a payment to the transporter in respect of those expenses;
(c) the amount required does not exceed any amount paid in respect of those expenses by such a person or by any person previously required to make a payment under the regulations; and

(d) the transporter has not recovered those expenses in full.

(8) Nothing in subsection (2) or (3) above shall be taken as requiring a [F131 gas transporter] to connect, or maintain the connection of, any premises if the supply of gas to those premises is likely to exceed 75,000 therms in any period of twelve months.

(9) Nothing in subsection (2) or (3) above shall be taken as requiring a [F131 gas transporter] to connect, or to maintain the connection of, any premises if—

(a) he is prevented from doing so by circumstances not within his control;

(b) circumstances exist by reason of which his doing so would or might involve danger to the public, and he has taken all such steps as it was reasonable to take both to prevent the circumstances from occurring and to prevent them from having that effect; or

(c) in the case of premises falling within paragraph (b) of subsection (1) above, the pipe supplied and laid by the owner or occupier of the premises is not fit for the purpose.

(10) Where—

(b) the making or maintenance of the connection would involve a new or increased supply of gas to the premises in question;

(c) the [F131 gas transporter] reasonably expects that, if the connection were made or maintained, gas would be supplied to the premises in question at a rate exceeding 2,500 therms a year; and

(d) the new or increased supply is such that the connection cannot be made or maintained without the laying of a new main, or the enlarging of an existing main, or the construction or enlarging of any other works required for the conveyance of gas,

the transporter may, if he thinks fit, refuse to make or maintain the connection unless that person enters into a written contract with the transporter to make such payments to him as he may reasonably require having regard to the expense to be incurred in laying or enlarging the main or constructing or enlarging the other works and the extent to which it is reasonable to expect that the transporter will recover that expense from elsewhere.

(11) If and to the extent that regulations made by the Director with the consent of the Secretary of State so provide, subsection (10) above shall have effect as if—

(a) the reference in paragraph (d) to the laying of a new main, the enlarging of an existing main or the construction or enlarging of any other works required for the conveyance of gas included a reference to a new main which had previously been laid, an existing main which had previously been enlarged or any other works required for the conveyance of gas which had previously been constructed or enlarged;

(b) the reference to the expense to be incurred in laying or enlarging the main or constructing or enlarging the other works included a reference to the expense which had been so incurred; and
(c) the reference to the extent to which it is reasonable to expect that the transporter will recover that expense from elsewhere included a reference to the extent to which the transporter had been able so to recover that expense.

(12) Subject to subsection (13) below, in this section “relevant main”, in relation to a [F131 gas transporter], means any distribution main in [F136 an authorised area of his] which is being used for the purpose of giving a supply of gas to any premises in that area at a rate not exceeding 75,000 therms a year.

(13) Any pipe which—

(a) vests in and becomes the property of a [F131 gas transporter] by virtue of subsection (6) above; and

(b) apart from this subsection, would be a relevant main for the purposes of this section,

shall be such a main if, and only if, it has been declared to be such a main by the transporter.

(14) A [F131 gas transporter] shall make a declaration under subsection (13) above in respect of each pipe falling within that subsection which is fit for the purpose of being a relevant main; and a declaration under that subsection shall not be capable of being revoked.

   (a) as to the places or premises and the times at which, and the manner in which—
      (i) tests under this section are to be carried out;
      (ii) samples of gas are to be taken and provided under this section; and
      (iii) results of tests under this section are to be notified or made available;
   (b) for the Authority to require by direction any matter which may be required by regulations by virtue of paragraph (a);
   (c) for persons representing the gas transporter concerned to be present during the carrying out of any tests carried out by persons appointed under subsection (3);

   (e) for requiring gas transporters to notify the results of such tests carried out by them to the Authority or to any person appointed under subsection (3);
(f) for conferring powers of entry on property owned or occupied by gas transporters for the purpose of carrying out tests under this section and otherwise for the purposes of the regulations.

(7) Subject to subsection (8), the Authority may by notice in writing require a gas transporter to give to the Authority, or to any person appointed by it for the purpose, within such time and at such place as may be specified in the notice, such information as the Authority may reasonably require for the purpose of making regulations under this section or of giving directions under such regulations.

(8) A gas transporter shall not be required under subsection (7) to give any information which he could not be compelled to give in evidence in civil proceedings before the High Court or, in Scotland, the Court of Session.

(9) Every person who is a gas transporter during any period shall pay to the Authority such proportion as the Authority may determine of such part of its expenses for that period as the Authority may determine to be attributable to its functions in connection with the testing of gas for the purposes of this section.

(10) It shall be the duty of every gas transporter to conduct his business in such a way as can reasonably be expected to secure compliance with the standards set under subsection (1).]
[F157 Meter testing and stamping.

(2) Subject to subsections (3) to (5) below, it shall be the duty of a meter examiner who is [F159 employed in the civil service of the State], on being required to do so by any person and on payment of the requisite fee—

(a) to examine any meter used or intended to be used for ascertaining the quantity of gas supplied to any person; and

(b) to stamp, or authorise the stamping of, that meter.

(3) A meter examiner shall not stamp, or authorise the stamping of, any meter unless he is satisfied that it is of such pattern and construction and is marked in such manner as is approved by the Director and that the meter conforms with such standards as may be prescribed for the purposes of this subsection.

(4) A meter examiner may stamp or authorise another person to stamp a meter, notwithstanding that he has not himself examined it, if—

(b) that person has obtained the consent of the Director to his submission; and

(c) any conditions subject to which the consent was given have been satisfied.

(5) A meter examiner may authorise another person to stamp a meter, notwithstanding that he has not himself examined it, if—

(8) All fees payable to meter examiners who are \[F162employed in the civil service of the State\] for the performance of functions conferred by or under this section shall be paid to the Director; and any sums received by him under this subsection shall be paid into the Consolidated Fund.

(9) Regulations under this section, which shall be made by the Director \[F163\], may make provision—

(b) for requiring meters to be periodically overhauled; and

(c) for the revocation of any approval given by the Director to any particular pattern or construction of meter, and for requiring existing meters of that pattern or construction to be replaced within such period as may be prescribed for the purposes of this subsection.

(10) The fees to be paid to meter examiners who are \[F164employed in the civil service of the State\] for the performance of functions conferred by or under this section, and the persons by whom they are to be paid, shall be such as the Director may, with the approval of the Treasury, from time to time determine; and a determination under this subsection may—

(a) make different provision for different areas or in relation to different cases or different circumstances; and

(b) make such supplementary, incidental or transitional provision as the Director considers necessary or expedient.

(11) If any person supplies gas through a meter which has not been stamped under this section, he shall be guilty of an offence and liable on summary conviction to a fine not exceeding level 3 on the standard scale.

(12) Where the commission by any person of an offence under subsection (11) above is due to the act or default of some other person, that other person shall be guilty of the offence; and a person may be charged with and convicted of the offence by virtue of this subsection whether or not proceedings are taken against the first-mentioned person.

(13) In any proceedings for an offence under subsection (11) above it shall be a defence for the person charged to prove that he took all reasonable steps and exercised all due diligence to avoid committing the offence.

(14) The preceding provisions of this section shall not have effect in relation to the supply of gas to a person under any agreement providing for the quantity of gas supplied to him to be ascertained by a meter designed for rates of flow which, if measured at a temperature of 15°C and a pressure of 1013.25 millibars, would exceed 1600 cubic metres an hour.

(15) Regulations under this section may provide that subsection (14) above shall have effect as if for the number of cubic metres an hour which is for the time being applicable

(2) The Secretary of State may by regulations make provision for empowering any officer authorised by the relevant authority—

(a) to enter any premises in which there is a service pipe connected with a gas main, for the purpose of inspecting any gas fitting on the premises, any flue or means of ventilation used in connection with any such gas fitting, or any part of the gas system on the premises, that is to say, any service pipe or other apparatus (not being a gas fitting) which is on the premises and is used for the conveyance or supply of gas or is connected with a gas main;

(b) where he so enters any such premises, to examine or apply any test to any such object as is mentioned in paragraph (a) above and (where the object is a gas fitting) to verify what supply of air is available for it; and

(c) where in his opinion it is necessary to do so for the purpose of averting danger to life or property, and notwithstanding any contract previously existing, to disconnect and seal off any gas fitting or any part of the gas system on the premises, or disconnect the premises or, if the premises are not connected, to signify the refusal of the relevant authority to convey gas or, as the case may be, allow gas to be conveyed to the premises.

(3) Where any regulations under subsection (2) above confer any power in accordance with paragraph (c) of that subsection, the regulations shall also include provision—
(a) for securing that, where any such power is exercised, the consumer will be notified as to the nature of the defect or other circumstances in consequence of which it has been exercised;

(b) for enabling any consumer so notified to appeal to the Secretary of State on the grounds that the defect or other circumstances in question did not constitute a danger such as to justify the action taken in the exercise of the power, or did not exist or have ceased to exist; and

(c) for enabling the Secretary of State to give such directions as may in accordance with the regulations be determined by him to be appropriate in consequence of any such appeal.

(4) Regulations made under subsection (2) above may make provision for prohibiting any person, except with the consent of the relevant authority or in pursuance of any directions given by the Secretary of State as mentioned in subsection (3)(c) above, from—

(c) causing gas from a gas main to be conveyed to any premises where in pursuance of the regulations the refusal of the relevant authority to convey gas or, as the case may be, allow gas to be conveyed to those premises has been signified and that refusal has not been withdrawn.

(5) Where in pursuance of any powers conferred by regulations made under subsection (2) above, entry is made on any premises by an officer authorised by the relevant authority—

(a) the officer shall ensure that the premises are left no less secure by reason of the entry; and

(b) the relevant authority shall make good, or pay compensation for, any damage caused by the officer, or by any person accompanying him in entering the premises, in taking any action therein authorised by the regulations, or in making the premises secure.

(6) Any officer exercising powers of entry conferred by regulations made under subsection (2) above may be accompanied by such persons as may be necessary or expedient for the purpose for which entry is made, or for the purposes of subsection (5) above.

(7) If any person intentionally obstructs any officer exercising powers of entry conferred by regulations made under subsection (2) above, he shall be guilty of an offence and liable on summary conviction to a fine not exceeding level 3 on the standard scale.

(8) The Rights of Entry (Gas and Electricity Boards) Act 1954 (entry under a justice’s warrant) shall apply in relation to any powers of entry conferred by regulations made under subsection (2) above as if any reference to a gas operator were a reference to the relevant authority.

(9) In this section “the relevant authority”—

(a) in relation to dangers arising from the conveyance of gas by a gas transporter, or from the use of gas conveyed by such a transporter, means that transporter; and
(b) in relation to dangers arising from the conveyance of gas by a person other than a [F174 gas transporter], or from the use of gas conveyed by such a person, means the Secretary of State.

(10) Where the relevant authority is a [F174 gas transporter], any reference in this section to any officer authorised by the authority includes a reference to any officer authorised by another such transporter with whom the authority has made arrangements for officers authorised by the other transporter to discharge any functions of the authority under this section.

(11) Except in cases of emergency, no officer shall be authorised by a [F174 gas transporter] to exercise any powers of entry conferred by regulations under this section unless the transporter has taken all reasonable steps to ensure that he is a fit and proper person to exercise those powers.

Pipe-line systems, storage facilities and LNG import or export facilities: rights of use etc

Amendments (Textual)

F177  S. 19 cross-heading substituted (10.11.2011) by The Electricity and Gas (Internal Markets) Regulations 2011 (S.I. 2011/2704), regs. 1(1), 8(1)
19 [F178 Acquisition of rights to use pipe-line systems.]

(1) In the case of a pipe-line system operated by a [F179 gas transporter], any person may, after giving the transporter not less than 28 days’ notice, apply to the Director for directions under this section which would secure to the applicant a right of a description specified in the application to have conveyed by the system gas which—
   (a) is of a kind so specified; and
   (b) is of, or of a kind similar to, the kind which the system is designed to convey.

(2) Where an application is made under subsection (1) above, it shall be the duty of the Director—
   (a) to decide whether the application is to be adjourned (so as to enable negotiations or further negotiations to take place), considered further or rejected;
   (b) to give notice of his decision to the applicant;
   (c) in the case of a decision that the application is to be considered further, to give to the transporter, to the Health and Safety Executive and to any person who has a right to have gas conveyed by the pipe-line system, notice that the application is to be so considered and an opportunity of being heard about the matter.

(3) Where, after further considering an application under subsection (1) above, the Director is satisfied that the giving of directions under this section would not prejudice the efficient operation of the pipe-line system, or the conveyance by the system of—
   (a) the quantities of gas which the [F179 gas transporter] requires or may reasonably be expected to require to be conveyed by the system to enable the transporter to comply with the conditions of his licence and to perform his contractual obligations;
   (b) the quantities of gas which any person who has a right to have gas conveyed by the system is entitled to require to be so conveyed in the exercise of that right,
the Director may give such directions to the transporter.

(4) Directions under this section may—
   (a) specify the terms on which the Director considers the [F179 gas transporter] should enter into an agreement with the applicant for all or any of the following purposes—
      (i) for securing to the applicant the right to have conveyed by the pipe-line system, for the period specified in the directions and in the quantities so specified or determined by or under the directions, gas which is of a kind so specified;
      (ii) for securing that the exercise of that right is not prevented or impeded;
      (iii) for regulating the charges which may be made for the conveyance of gas by virtue of that right;
      (iv) for securing to the applicant such ancillary or incidental rights as the Director considers necessary or expedient, which may include the right to have a pipe-line of his connected to the pipe-line system by the transporter;
   (b) specify the sums or the method of determining the sums which the Director considers should be paid by way of consideration for any such right; and
   (c) require the transporter, if the applicant pays or agrees to pay those sums within a period specified in that behalf in the directions, to enter into an agreement with him on the terms so specified.
(5) In giving any directions under this section, the Director shall apply the principle 
that the [gas transporter] should be entitled to receive by way of charges for the 
conveyance of gas by virtue of the right—

(a) the appropriate proportion of the costs incurred by the transporter in 
administering, maintaining and operating his pipe-line system; and 

(b) a return equal to the appropriate proportion of the return received by the 
transporter (otherwise than by virtue of the right) on the capital value of 
the system (including so much of that return as is set aside to meet the need from 
time to time to renew the system).

(6) In subsection (5) above “the appropriate proportion” means such proportion as 
properly—

(a) reflects the use made of the [gas transporter’s] pipe-line system by virtue of 
the right as compared with the use made of that system for other purposes; and 

(b) takes into account the sums paid by way of consideration for the right and any 
sums paid in respect of the pipe-line system (whether by the applicant or by 
any other person) in pursuance of directions under section 21(1) below.

(7) Any reference in this section to a right to have gas of any kind conveyed by a pipe-line 
system includes a reference to a right to introduce into, or take out of, such a system 
gas of that kind.

[F180]19A Application of section 19B to storage facilities.

[F181](1) Section 19B applies to a storage facility, except as provided in subsections (1A) and (1B).

(1A) Section 19B does not apply to a storage facility if it is subject to a minor facility 
exemption under section 8S.

(1B) Section 19B does not apply to a storage facility if, or to the extent that, it is exempt 
under this section.

(1C) The Authority must maintain on its website a list of the facilities to which section 19B 
applies.

(1D) If only part of the capacity of a storage facility is exempt under this section, the list 
under subsection (1C) must specify the extent to which section 19B applies to the 
facility.]
(2) [F182] A person who is or expects to be an owner [F183] of a storage facility may apply in writing to the Director for an exemption [F184] with respect to the facility.

[F185] (2A) An application under subsection (2) must relate to—
(a) a storage facility (or proposed storage facility) which is not yet operational; or
(b) a modification (or proposed modification) which falls within subsection (2B) and is not yet operational.

(2B) A modification (or proposed modification) falls within this subsection if it is—
(a) a modification of a storage facility to provide for a significant increase in the capacity of the facility; or
(b) a modification of a storage facility to enable the development of new sources of gas supply.

(2C) The Authority must send to the European Commission a copy of an application under subsection (2) as soon as is reasonably practicable following its receipt.

[F186] (3) An exemption under this section must be given in writing and on the following terms—
(a) a term specifying the period of the exemption, or specifying how that period is to be determined;
(b) a term as to whether the exemption applies to all of the capacity of the facility or part of that capacity only;
(c) a term that the owner must comply with the capacity allocation mechanism approved in accordance with section 19DB; and
(d) such other terms regarding non-discriminatory access to the facility or any other matter as the Authority considers appropriate.

(3A) When determining a term under subsection (3) the Authority must take into account—
(a) the capacity of the facility or (as the case may be) the increase in capacity of the facility;
(b) the length of time required to recover the investment in the facility or (as the case may be) the investment in the modification;
(c) the implications of the exemption for the operation of the gas market in Great Britain.

[F187] (4) .................................................................

[F188] (5) .................................................................

(6) [F189] Where the Authority receives an application under subsection (2) in relation to a facility or modification, it must give an exemption if it is satisfied that—
[F190] (a) .................................................................
(b) the requirements of subsection (8) are met.

[F191] (6A) An exemption given in accordance with subsection (6) may apply to all of the capacity of the facility concerned or to part of that capacity only, regardless of the extent of the exemption applied for; but this is subject to subsection (7).

(7) In respect of a facility which is or is to be modified to provide for a significant increase in its capacity, an exemption by virtue of subsection (6)(b) may only be given in relation to that increase in its capacity [F192] or part of that increase in its capacity.
When deciding whether the requirements of subsection (8)(a), (d) and (e) are met, the Authority must take into account the way in which capacity is to be allocated under the capacity allocation mechanism approved in accordance with section 19DB.

The requirements of this subsection are that—

(a) the facility or (as the case may be) the modification will promote security of supply;

(b) the level of risk is such that the investment to construct the facility or (as the case may be) to modify the facility would not be or would not have been made without the exemption;

(c) the facility is or is to be owned by a person other than the gas transporter who operates or will operate the pipeline system connected or to be connected to the facility;

(d) charges will be levied on users of the facility or (as the case may be) the increase in its capacity;

(e) the exemption will not be detrimental to competition, the operation of an economically efficient gas market or the efficient functioning of the pipeline system connected or to be connected to the facility.

Subject to subsections (9A) and (10), an exemption may not be given by virtue of subsection (6)(b) more than once in respect of the same facility.

Subsection (9) does not prevent a further exemption being given by virtue of subsection (6)(b) in respect of a facility if the previous exemption given by virtue of that provision in respect of the facility has been revoked under section 19AA(5).

Subsection (9) does not prevent a further exemption being given by virtue of subsection (6)(b) in respect of a facility if—

the facility is or is to be modified to provide for a significant increase in its capacity or to enable the development of new sources of gas supply; the exemption has effect only in relation to that modification; and no previous exemption has been given by virtue of subsection (6)(b) in relation to that modification.

The Authority shall publish its decision to give or refuse to give an exemption under this section, together with the reasons for its decision, in such manner as it considers appropriate.

(b) if the facility, or (as the case may be) the modification to which the exemption relates, is not operational within the 5 years beginning with the relevant date.

(4) In subsection (3) “relevant date” means—

(a) if the European Commission notified the Authority that it approved the exemption and terms as copied to it under subsection (1), the date of that notification;

(b) if, in accordance with Article 36(9) of the Gas Directive, the European Commission required the Authority to modify the terms, the date of that requirement;

(c) otherwise, the date 4 months after the Authority sent the Commission a copy of the exemption and terms under subsection (1).

(5) The Authority may at any other time revoke an exemption given under section 19A, or modify the terms on which such an exemption is given, in respect of a facility—

(a) in accordance with the provisions of the exemption; or

(b) by giving the owner of the facility a notice of revocation at least 4 months before the revocation takes effect.

19B Acquisition of rights to use storage facilities.

(1) The owner of a storage facility to which this section applies (a “relevant facility”)—

(a) shall publish at least once in every year the main commercial conditions relating to the grant to another person of a right to have gas stored in the facility on that person’s behalf; and
shall publish any changes to the published conditions as soon as they become effective.

(2) In subsection (1) “year” means any year ending with 9th August.

(3) The owner of a relevant facility shall ensure that the conditions which he is required to publish under subsection (1) do not discriminate against any applicants or descriptions of applicants, or any potential applicants or descriptions of potential applicants, for a right to have gas or liquid gas stored in the facility.

(b) At least 2 months before publishing the main commercial conditions, or any changes to the published conditions, under subsection (1), the owner of a relevant facility must—

(a) publish a draft of the proposed conditions or changes; and

(b) inform any person who has a right to have gas stored in the facility that the draft has been published.

(3A) When finalising conditions or changes under subsection (1), the owner of a relevant facility must take into account any representations it has received about the proposed conditions or changes.

(3B) Where an applicant gives notice under subsection (5), he and the owner of the facility shall negotiate in good faith and endeavour to reach agreement on the application.

(4) Any person who seeks a right to have gas or liquid gas stored on his behalf in a relevant facility (“the applicant”) shall, before making an application to the Director under subsection (8), apply to the owner of the facility for the right.

(5) An application under subsection (4) shall be made by giving notice to the owner specifying what is being sought.

(6) Such a notice shall, in particular, specify—

(a) the period during which the gas or liquid gas is to be stored in the facility;

(b) the kind of gas or liquid gas to be stored (which must be of, or similar to, the kind which the facility is designed to store); and

(c) the quantities of gas or liquid gas to be stored.

(7) Where an applicant gives notice under subsection (5), he and the owner of the facility shall negotiate in good faith and endeavour to reach agreement on the application.

(8) If the owner and the applicant do not reach any such agreement, the applicant may apply to the Director for directions under subsection (11) which would secure to the applicant the right specified in the notice under subsection (5).

(9) The Director shall not entertain an application under subsection (8) unless he is satisfied that the parties have had a reasonable time in which to fulfil their duties under subsection (7).

(10) Where a person applies to the Director under subsection (8) and the Director is satisfied as mentioned in subsection (9), the Director shall—

(a) decide whether the application is to be adjourned (so as to enable further negotiations to take place), considered further or rejected;

(b) give notice of his decision to the applicant; and

(c) in the case of a decision that the application is to be considered further, give to the owner of the facility, the Health and Safety Executive and any person who has a right to have gas or liquid gas stored in the facility notice that the application is to be so considered and an opportunity of being heard on the matter.
(11) Where, after considering an application under subsection (8), the Director is satisfied that the giving of directions under this subsection would not prejudice the efficient operation of the facility, or the storage in the facility of—

(a) the quantities of gas or liquid gas which the owner of the facility requires or may reasonably be expected to require to be stored in the facility; and

(b) the quantities of gas or liquid gas which any person who has a right to have gas or liquid gas stored in the facility is entitled to require to be so stored in the exercise of that right;

the Director may give such directions to the owner of the facility.

(12) Directions under subsection (11) may—

(a) specify the terms on which the Director considers the owner of the facility should enter into an agreement with the applicant for all or any of the following purposes—

(i) for securing to the applicant the right to have stored in the facility, for the period specified in the directions and in the quantities so specified or determined by or under the directions, gas or liquid gas which is of a kind so specified;

(ii) for securing that the exercise of that right is not prevented or impeded;

(iii) for regulating the charges which may be made for the storage of gas or liquid gas by virtue of that right;

(iv) for securing to the applicant such ancillary or incidental rights as the Director considers necessary or expedient (which may include, in particular, a right to have a pipeline of his connected to the facility by the owner);

(b) specify the sums or the method of determining the sums which the Director considers should be paid by way of consideration for any such right; and

(c) require the owner, if the applicant pays or agrees to pay those sums within a period specified in that behalf in the directions, to enter into an agreement with him on the terms so specified.

(1) Section 19D applies to an LNG import or export facility, except as provided in subsections (1A) and (1B).

(1A) Section 19D does not apply to an LNG import or export facility if, or to the extent that, it is exempt under this section.

(2) A person who is or expects to be an owner of an LNG import or export facility may apply in writing to the Director for an exemption under this section with respect to the facility.

(2A) An application under subsection (2) must relate to—
(a) a facility (or proposed facility) which is not yet operational; or
(b) a modification (or proposed modification) which falls within subsection (2B) and is not yet operational.

(2B) A modification (or proposed modification) falls within this subsection if it is—
(a) a modification of an LNG import or export facility to provide for a significant increase in the capacity of the facility; or
(b) a modification of an LNG import or export facility to enable the development of new sources of gas supply.

(2C) The Authority must send to the European Commission a copy of an application under subsection (2) as soon as is reasonably practicable following its receipt.

(3) An exemption under this section must be given in writing and on the following terms—
(a) a term specifying the period of the exemption, or specifying how that period is to be determined;
(b) a term as to whether the exemption applies to all of the capacity of the facility or part of that capacity only;
(c) a term that the owner must comply with the capacity allocation mechanism approved in accordance with section 19DB; and
(d) such other terms regarding non-discriminatory access to the facility or any other matter as the Authority considers appropriate.

(3A) When determining a term under subsection (3) the Authority must take into account—
(a) the capacity of the facility or (as the case may be) the increase in capacity of the facility;
(b) the length of time required to recover the investment in the facility or (as the case may be) the investment in the modification; and
(c) the implications of the exemption for the operation of the gas market in Great Britain.

(5) The Authority shall give an exemption with respect to a facility where it is satisfied that the requirements of subsection (7) are met.

(7) The requirements of this subsection are that—
(a) the facility or (as the case may be) the modification will promote security of supply;

(b) the level of risk is such that the investment to construct the facility or (as the case may be) to modify the facility would not be or would not have been made without the exemption;

(c) the facility is or is to be owned by a person other than the gas transporter who operates or will operate the pipeline system connected or to be connected to the facility;

(d) charges will be levied on users of the facility or (as the case may be) the increase in its capacity;

(e) the exemption will not be detrimental to competition, the operation of an economically efficient gas market or the efficient functioning of the pipeline system connected or to be connected to the facility;

(f) ...........................................................

(8) Subject to subsection (8A) and (9), an exemption may not be given by virtue of subsection (5) more than once in respect of the same facility.

(8A) Subsection (8) does not prevent a further exemption being given by virtue of subsection (5) in respect of a facility if the previous exemption given by virtue of that subsection in respect of the facility has been revoked under section 19CA(3).

(9) Subsection (8) does not prevent a further exemption being given by virtue of subsection (5) in respect of a facility if—

the facility is or is to be modified to provide for significant increase in its capacity; 

or to enable the development of new sources of gas supply; 

the exemption has effect only in relation to modification; and 

no previous exemption has been given by virtue of subsection (5) in relation to modification.

(10) The Authority shall publish its decision to give or refuse to give an exemption under this section, together with the reasons for its decision, in such manner as it considers appropriate.

(a) if an exemption was granted, a copy of the exemption and of the terms on which it has been given;

(b) the Authority’s reasons for giving the exemption or not giving it, which must address each of the matters listed in Article 36(1) of the Gas Directive;

(c) any supporting information held by the Authority which is relevant to the application for an exemption, including in particular any—

(i) relevant financial information;

(ii) analysis of the likely effect of the exemption on competition and on the effective functioning of the EU market for natural gas;

(d) if an exemption was granted, the basis on which the Authority determined—

(i) the period of the exemption or how that period is to be determined; and

(ii) the capacity to which the exemption applies;

(e) any contribution by the storage facility to the diversification of gas supply; and

(f) any other information requested by the European Commission.
(2) If, in accordance with Article 36(9) of the Gas Directive, the European Commission requires the Authority to revoke an exemption given under section 19C, or to modify the terms on which such an exemption is given, the Authority must—
(a) comply with that request within the period of 1 month beginning with the day on which it receives the request; and
(b) inform the European Commission when it has done so.

(3) The Authority must revoke an exemption given under section 19C in respect of a facility—
(a) if the construction of the facility, or (as the case may be) the making of the modification to which the exemption relates, has not been started within the 2 years beginning with the relevant date; or
(b) if the facility, or (as the case may be) the modification to which the exemption relates, is not operational within the 5 years beginning with the relevant date.

(4) In subsection (4) “relevant date” means—

(b) if, in accordance with Article 36(9) of the Gas Directive, the European Commission required the Authority to modify the terms, the date of that requirement;
(c) otherwise, the date 4 months after the Authority sent the Commission a copy of the exemption and terms under subsection (1).

(5) The Authority may at any other time revoke an exemption given under section 19C, or modify the terms on which such an exemption is given, in respect of a facility—
(a) in accordance with the provisions of the exemption; or
(b) by giving the owner of the facility a notice of revocation at least 4 months before the revocation takes effect.

19D Acquisition of rights to use LNG facilities.

(1) Subject to subsection (2A), the owner of an LNG import or export facility to which this section applies (a “relevant facility”)—
(a) shall publish prior to their entry into force the main commercial conditions relating to the grant to another person of a right to have gas or liquid gas treated in the facility on that person’s behalf; and
(b) shall publish any changes to the published conditions as soon as they become effective.

(2) The cost or the method of determining the cost of acquiring the right to have gas or liquid gas treated in a relevant facility and any changes thereto must be approved by
the Authority prior to their publication; and such approval may be given on condition that certain modifications are made to the cost or methodology.

(2B) Before the owner of a relevant facility seeks approval under subsection (2A) he must carry out such consultation as the Authority may require.

(3) The owner of a relevant facility shall ensure that the conditions which he is required to publish under subsection (1) do not discriminate against any applicants or descriptions of applicants, or any potential applicants or descriptions of potential applicants, for a right to have [gas or liquid gas] treated in the facility.

(4) Any person who seeks a right to have gas or liquid gas treated on his behalf in a relevant facility (“the applicant”) shall, before making an application to the Director under subsection (8), apply to the owner of the facility for the right.

(5) An application under subsection (4) shall be made by giving notice to the owner specifying what is being sought.

(6) Such a notice shall, in particular, specify—

(a) the kind of gas or liquid gas to be treated (which must be of, or similar to, the kind which the facility is designed to treat); and

(b) the quantities of gas or liquid gas to be treated.

(7) The owner shall notify the applicant of his decision giving reasons for any refusal.

(8) If the owner refuses the application, the applicant may apply to the Director for directions under subsection (11) which would secure to the applicant the right specified in the notice under subsection (5).

(9) Where a person applies to the Authority under subsection (8), the Authority shall

(a) decide whether to give directions under subsection (11), to consider the application further or to reject the application;

(b) give notice of his decision to the applicant; and

(c) in the case of a decision that the application is to be considered further—

(i) give to the owner of the facility, the Health and Safety Executive and any person who has a right to have liquid gas treated in the facility notice that the application is to be so considered and an opportunity of being heard about the matter; and

(ii) after so considering the matter, decide whether to give directions under subsection (11) or to reject the application and give notice of its decision to the applicant.

(11) Where, after considering an application under subsection (8), the Director is satisfied that the giving of directions under this subsection would not prejudice the efficient operation of the facility, or the treatment in the facility of—

(a) the quantities of gas or liquid gas which the owner of the facility requires or may reasonably be expected to require to be treated in the facility; and
(b) the quantities of [F234]gas or[F248]liquid gas which any person who has a right to have [F234]gas or[F248]liquid gas treated in the facility is entitled to require to be so treated in the exercise of that right;

the Director may give such directions to the owner of the facility [F249], but this is subject to subsections (11A) and (11B).

[F250](11A) When considering whether the giving of directions under subsection (11) in respect of an LNG import or export facility would be prejudicial as mentioned in that subsection, the Authority must disregard any difficulties by virtue of which the owner of the facility may or must apply for an exemption under section 19DZA with respect to the facility.

(11B) The Authority must not give directions under subsection (11) in respect of an LNG import or export facility if—

(a) such directions would prevent the owner from carrying out any public service obligation, within the meaning of paragraph (2) of Article 3 of the Gas Directive, which is imposed on the owner pursuant to that paragraph; or

(b) an exemption is in force with respect to the facility under section 19DZA (regardless of whether that exemption was given before or after the application to the Authority under subsection (8) was made).

(12) Directions under subsection (11) may—

(a) specify the terms on which the Director considers the owner of the facility should enter into an agreement with the applicant for all or any of the following purposes—

(i) for securing to the applicant the right to have treated in the facility, [F251]... and in the quantities so specified or determined by or under the directions, [F234]gas or[F248]liquid gas which is of a kind so specified;

(ii) for securing that the exercise of that right is not prevented or impeded;

(iii) for regulating the charges which may be made for the treatment of [F234]gas or[F248]liquid gas by virtue of that right;

(iv) for securing to the applicant such ancillary or incidental rights as the Director considers necessary or expedient [F254]...;

(b) specify the sums or the method of determining the sums which the Director considers should be paid by way of consideration for any such right; and

Duty to allow others to use LNG import or export facilities: exemptions in relation to take-or-pay commitments

(1) The owner of an LNG import or export facility may apply to the Authority for an exemption under this section with respect to the facility if the owner—

(a) receives an application under section 19D(4) with respect to the facility; and

(b) considers that allowing the application would cause the owner serious financial difficulties because of take-or-pay commitments of the owner under one or more gas-purchase contracts.
(2) The owner of an LNG import or export facility must apply to the Authority for an exemption under this section with respect to the facility if—
   (a) the owner refuses an application under section 19D(4) with respect to the facility; and
   (b) the reason, or one of the reasons, given under section 19D(7) for the refusal is the consideration mentioned in subsection (1)(b).

(3) An application made by virtue of subsection (2) must be made before the end of the 7 days beginning with the day of the refusal.

(4) An application for an exemption under this section must enclose all relevant information, including in particular information in respect of—
   (a) the nature and extent of the difficulties mentioned in subsection (1)(b) which the owner considers would arise (the “difficulties”);
   (b) any steps taken by the owner to prevent the difficulties from arising; and
   (c) the period over which the owner considers the difficulties would arise.

(5) The Authority may give an exemption under this section if it considers that—
   (a) having regard to any steps taken by the owner to prevent the difficulties from arising, the only reasonably available means of prevention is an exemption under this section; and
   (b) an exemption ought to be given, having regard to—
      (i) the objective of achieving a competitive gas market;
      (ii) the need for the owner to comply with any relevant public service obligation, within the meaning of paragraph (2) of Article 3 of the Gas Directive, which is imposed on the owner pursuant to that paragraph;
      (iii) the need to ensure security of the supply of gas;
      (iv) the position of the owner of the facility in the gas market and the level of competition in the market;
      (v) the level of seriousness of the difficulties;
      (vi) the time when the gas-purchase contract was entered into, and the extent to which the owner could reasonably have foreseen at that time that the difficulties were likely to arise;
      (vii) the terms of the gas-purchase contract, including the extent to which the contract allows for market changes;
      (viii) the significance of the facility to the gas market; and
      (ix) the overall effect of the exemption on the operation of an economically efficient gas market.

(6) An exemption under this section must be given for a limited period and in writing and must specify—
   (a) the period of the exemption; and
   (b) any conditions the Authority considers necessary in order to ensure that the owner takes all reasonably practicable steps to ensure that, by the time the exemption expires, the difficulties would no longer arise.

(7) If the Authority has given an exemption under this section it must send to the European Commission as soon as is reasonably practicable—
   (a) a copy of its decision to give the exemption, including the terms on which the exemption was given; and
(b) any other information the Authority considers relevant to the exemption or to the terms on which the exemption was given.

(8) An exemption under this section may be modified or revoked by the Authority—
(a) in accordance with its provisions;
(b) at any other time, if the Authority considers that an exemption under this section is no longer required.

(9) The Authority must modify or revoke an exemption given under this section if required to do so by the European Commission in accordance with Article 48(2) of the Gas Directive.

(10) In this section “take-or-pay commitment” and “gas-purchase contract” have the same meanings as in Article 48(1) of the Gas Directive.

F257 19DB Allocation of capacity in exempt new and modified facilities

(1) This section applies in relation to an application for an exemption—
(a) under section 19A(2), in respect of all or part of the capacity of a storage facility; or
(b) under section 19C(2), in respect of all or part of the capacity of an LNG import or export facility.

(2) The application must specify the criteria that will be used to determine—
(a) who is to be granted rights to use the facility, or the part of the capacity of the facility, to which the application relates (the “exempt infrastructure”); and
(b) the way in which those rights may be exercised,

(the “capacity allocation mechanism”).

(3) The Authority must not give an exemption under section 19A or 19C in response to the application unless it has—
(a) approved the capacity allocation mechanism specified in the application; or
(b) approved the mechanism on condition that certain modifications are made to it.

(4) The Authority may only approve the capacity allocation mechanism under subsection (3)(a) if it considers that the mechanism meets the following three conditions.

(5) The first condition is that before a right to use the exempt infrastructure is granted to the owner of the facility or to any other person—
   (a) the intention to grant a right to use the exempt infrastructure must be published in a way that the Authority considers appropriate for the purpose of bringing it to the attention of persons likely to be interested in using the infrastructure; and
   (b) such persons must be able to register an interest in using the exempt infrastructure.

(6) The second condition is that the mechanism must require that any unused capacity in the exempt infrastructure be made available to other users or potential users.

(7) The third condition is that the mechanism must not prevent, and must not be capable of being used to prevent, subsequent trading of rights to use the exempt infrastructure.

(8) The Authority may only approve the capacity allocation mechanism under subsection (3)(b) if it considers that the mechanism will meet those three conditions once the modifications on which the approval is conditional have been made.

“accounting information” means such accounting records as would be required by [F261] section 386 of the Companies Act 2006[3] in respect of each of the storage or (as the case may be) treatment activities undertaken by the owner of the facility if those activities were the only business undertaken by the owner and the owner were a person to whom that section applied;

“significant transaction” means—
   (a) any transaction which relates to rights to have [F264] gas or liquid gas stored in a storage facility, or (as the case may be) [F265] treated in an LNG import or export facility; and
   (b) any other transaction which is of a description specified from time to time by the Director by notice;
(2) For the purpose of considering an application under section 19B(8) or 19D(8), the Director may by notice require the owner of the relevant facility to provide him with accounting information and details of the main commercial terms of any significant transactions with associated undertakings.

(3) Owners of relevant facilities shall keep their internal accounts in such manner as will enable them to provide accounting information if required to do so by a notice under subsection (2).

(4) Any reference in section 19B to a right to have gas or gas of any kind, or liquid gas or liquid gas of any kind, stored in a storage facility includes a reference to a right to introduce into, or take out of, such a facility gas or gas of that kind, or liquid gas or liquid gas of that kind.

21 Increase of capacity etc. of pipelines.

(1) If in the case of a pipe-line system operated by a gas transporter it appears to the Director, on the application of a person other than the transporter, that the system can and should be modified—
   (a) by installing in it a junction through which another pipe-line may be connected to the system; or
   (b) by modifying apparatus and works associated with a high pressure pipe-line so as to increase the capacity of the pipe-line,

then, subject to subsection (3) below, the Director may, after giving to the transporter an opportunity of being heard about the matter and giving to the Health and Safety Executive notice of his proposed directions, give directions to the transporter in accordance with subsection (2) below in consequence of the application.

(2) Directions under subsection (1) above may—
   (a) specify the modifications which the Director considers should be made in consequence of the application;
   (b) specify the sums or the method of determining the sums which the Director considers should be paid to the gas transporter by the applicant by way of consideration for the modifications;
   (c) specify the arrangements which the Director considers should be made by the applicant, within a period specified in that behalf in the directions, for the purpose of securing that those sums will be paid to the transporter if he carries out the modifications;
   (d) require, if the applicant makes those arrangements within the period aforesaid, to carry out the modifications within a period specified in that behalf in the directions.

(3) Where the Director proposes to give directions under subsection (1) above, it shall be his duty before doing so to give to the applicant—
   (a) particulars of the modifications which he proposes to specify in the directions; and
   (b) an opportunity of making an application under subsection (1) of section 19 above in respect of the pipe-line system;

and that section shall have effect in relation to such an application made by virtue of this subsection as if for references to a pipe-line system there were substituted references to the pipe-line system as it would be with those modifications and the reference in subsection (2) to the Director deciding whether the application is to be adjourned were omitted.

(3A) In giving any directions under this section, the Director shall apply the principle that, so far as the following, namely—
   (a) the cost of carrying out the modifications; and
   (b) a reasonable element of profit,
will not be recoverable by the [F272 gas transporter] from elsewhere, the transporter should be entitled to receive them by way of consideration for carrying out the modifications.]

(4) References in this section to modifications include, in the case of modifications to any apparatus and works, references to changes in, substitutions for and additions to the apparatus and works; and the reference in subsection (1) above to apparatus and works associated with a pipe-line shall be construed in accordance with section 65(2) of the M6 Pipe-lines Act 1962.

[F277 (5) In this section—

Construction of pipe-lines.

(1) A gas transporter shall not at any time execute within 23 metres from a pipe-line of another gas transporter (the “other transporter”) any works for the construction of a pipe-line unless—

(a) he has given the other transporter a notice stating that he intends to construct the pipe-line;

(b) he has consulted with that transporter as to exactly where the proposed pipe-line is to be located, having regard to the location of other pipe-lines;

(c) he has consulted with that transporter as to the manner in which—

(i) the safety of the pipe-line is to be secured; and

(ii) any escapes of gas (actual or suspected) from the pipe-line are to be dealt with;

(d) (subject to subsection (1C)) where the existing pipe-line is a relevant main of the other transporter, that transporter has consented in writing to the construction of the proposed pipe-line, either unconditionally or subject to conditions.

(1A) Subsection (1) does not apply if the proposed pipe-line is required to enable a gas transporter to comply with any duty imposed by section 10(2).

(1B) Conditions imposed under subsection (1)(d) may relate to matters arising after the construction of the proposed pipe-line, including the use to be made of the pipe-line.

(1C) If the other transporter—

(b) gives such consent subject to conditions, consent may instead be given in writing by the Authority where it considers it appropriate to do so.
(1D) Consent under subsection (1C) may only be given unconditionally or, in a case falling within subsection (1C)(b), subject to the same conditions as were imposed by the other transporter.

(2) A notice under subsection (1)(a) above shall—
   (a) specify the points between which the proposed pipe-line is to run and be accompanied by a map (drawn to an appropriate scale) on which is delineated the route which it is proposed to take;
   (b) specify the length, diameter and operating pressure of the proposed pipe-line and the kind of gas which it is designed to convey; and
   (c) contain such other particulars (if any) as may be prescribed.

(3) In this section—
   “construction”, in relation to a pipe-line, includes placing;
   “pipe-line” has the same meaning as in the Pipe-lines Act 1962.
   [F289 “relevant main” has the meaning given by section 10(12).]

(4) For the purposes of this section the execution of works in land for the purpose of determining whether or not it is suitable for the placing in it of a pipe-line and the carrying out of surveying operations for the purpose of settling the route of a proposed pipe-line shall be deemed not to constitute the execution of works for the construction of a pipe-line.

23D  Determination by [F308 CMA] of appeal

(1) This section applies to every appeal brought under section 23B.

(2) In determining an appeal the [F308 CMA] must have regard, to the same extent as is required of the Authority, to the matters to which the Authority must have regard—
   (a) in the carrying out of its principal objective under section 4AA;
   (b) in the performance of its duties under that section; and
   (c) in the performance of its duties under sections 4AB and 4A.

(3) In determining the appeal the [F308 CMA]—
   (a) may have regard to any matter to which the Authority was not able to have regard in relation to the decision which is the subject of the appeal; but
   (b) must not, in the exercise of that power, have regard to any matter to which the Authority would not have been entitled to have regard in reaching its decision had it had the opportunity of doing so.

(4) The [F308 CMA] may allow the appeal only to the extent that it is satisfied that the decision appealed against was wrong on one or more of the following grounds—
   (a) that the Authority failed properly to have regard to any matter mentioned in subsection (2);
   (b) that the Authority failed to give the appropriate weight to any matter mentioned in subsection (2);
   (c) that the decision was based, wholly or partly, on an error of fact;
   (d) that the modifications fail to achieve, in whole or in part, the effect stated by the Authority by virtue of section 23(7)(b);
   (e) that the decision was wrong in law.

(5) To the extent that the [F308 CMA] does not allow the appeal, it must confirm the decision appealed against.
(c) substitute the [F313]CMA's decision for that of the Authority (to the extent that the appeal is allowed) and give any directions to the Authority or any other party to the appeal.

(3) If the appeal is in relation to any other decision, the [F314]CMA must do one or both of the following—
   (a) quash the decision (to the extent that the appeal is allowed);
   (b) remit the matter back to the Authority for reconsideration and determination in accordance with any directions given by the [F314]CMA.

(4) A direction under subsection (2) or (3) must not require a person to do anything that the person would not have power to do (apart from the direction).

(5) A person to whom a direction is given under that subsection must comply with it.

(6) A direction given under that subsection to a person other than the Authority is enforceable as if it were an order of the High Court or (in Scotland) an order of the Court of Session.

(7) For the purposes of this section a decision is a price control decision, in relation to the modification of a condition of a licence, if the purpose of the condition is, in the [F315]CMA's opinion, to limit or control the charges on, or the revenue of, the holder of the licence.

(8) In determining for the purposes of subsection (7) what the purpose of a condition is the condition may be assessed on its own or in combination with any other conditions of the licence.

(9) In this section and sections 23F and 23G any reference to a party to an appeal is to be read in accordance with Schedule 4A.

(a) an order under section 75, 83 or 84 of, or paragraph 5, 10 or 11 of Schedule 7 to, the Enterprise Act 2002 where—

(ii) the storage of gas on terms which have been determined by the holder of a licence under section 7 above, or could have been determined by the holder if he had thought fit or had been required to determine them by or under a condition of the licence.

(1A) The modification under subsection (1)(a) of part of a standard condition of a particular licence in consequence of a reference under section 24(1) shall not prevent any other part of the condition from continuing to be regarded as a standard condition for the purposes of this Part.

(2) Where at any time the [F333relevant authority] modifies under subsection (1)(b) above the standard conditions of licences under section 7 above[F334, licences under section 7ZA above], licences under subsection (1) of section 7A above or licences under subsection (2) of that [F335section, the relevant authority]—

or expedient of any conditions of licences under that provision granted before that time.

(5) Where at any time the [F338 relevant authority] modifies standard conditions under subsection (2)(a) above for the purposes of their incorporation in licences granted after that time, [F339 the relevant authority] shall publish those modifications in such manner as [F339 the relevant authority] considers appropriate.

(i) by either party, or

(ii) with the consent of either party, by Citizens Advice or Citizens Advice Scotland or Citizens Advice Scotland acting jointly; and

(a) arises under section 9(1)(b) above and relates to the connection of any premises to a pipe-line system operated by a gas transporter; or

(b) arises under section 10 above, or regulations under that section, and relates to the connection of any premises to a main of such a transporter, may be referred to the Director after the end of the period of 12 months beginning with the time when the connection is made.

(6) Where any dispute between a gas supplier and a person requiring a supply of gas falls to be determined under this section, the Director may give directions as to the circumstances in which, and the terms on which, the supplier is to give or (as the case may be) to continue to give the supply pending the determination of the dispute.

(7) Where any dispute arising under section 11(1) above falls to be determined under this section, the Director may give directions as to the security (if any) to be given pending the determination of the dispute.
(8) Any direction under subsection (5), (6) or (7) above may be expressed to apply either in relation to a particular case or in relation to a class of case.

(9) An order under this section—
(a) may include such incidental, supplemental and consequential provision (including provision requiring either party to pay a sum in respect of the costs or expenses incurred by the person making the order) as that person considers appropriate; and
(b) shall be final and—
(i) in England and Wales, enforceable, in so far as it includes such provision as to costs or expenses, as if it were a judgment of [F346 the county court]; and
(ii) in Scotland, enforceable as if it were an extract registered decree arbitral bearing a warrant for execution issued by the sheriff.

(1) The Authority may from time to time—
   (a) determine such standards of overall performance in connection with the activities of gas transporters as, in its opinion, ought to be achieved by them; and
   (b) arrange for the publication, in such form and in such manner as he considers appropriate, of the standards so determined.

[F43633BQ][F437] Promotion of reductions in carbon emissions: gas transporters and gas suppliers

(1) The Secretary of State may by order impose—
(a) on each gas transporter (or each gas transporter of a specified description); and
(b) on each gas supplier (or each gas supplier of a specified description),
an obligation to achieve, within a specified period and in accordance with the order, the [F438carbon emissions reduction target] to be determined by [F439the Administrator] under the order for that transporter or supplier (and that obligation is referred to in this section as [F440“a carbon emissions reduction obligation”]).

[F441](1A) The power to make orders under this section may be exercised so as to impose more than one carbon emissions reduction obligation on a person in relation to the same period or to periods that overlap to any extent.

[F442](2) In this section “carbon emissions reduction target” means a target for the promotion of any of the following—
(a) measures for improving energy efficiency, that is to say, efficiency in the use by consumers of electricity, gas conveyed through pipes or any other source of energy which is specified in the order;
(b) if the order so provides—
(i) measures for increasing the amount of electricity generated, or heat produced, by microgeneration;
(ii) any other measures of a description specified in the order for increasing the amount of electricity generated, or heat produced, using low-emissions sources or technologies;
(iii) measures for reducing the consumption of such energy as is mentioned in paragraph (a).

(2A) In this section “the Administrator” means—
(a) the Authority; or
(b) if the order so provides, the Secretary of State or a specified body other than the Authority.

(3) An order under this section may specify criteria by reference to which the Administrator is to determine carbon emissions reduction targets for the gas transporters and gas suppliers on whom obligations are imposed by the order.

(4) The Secretary of State and (subject to any directions given under subsection (9B)) the Administrator shall carry out their respective functions under this section in the manner he or it considers is best calculated to ensure that no gas transporter is unduly disadvantaged in competing with other gas transporters and no gas supplier is unduly disadvantaged in competing with other gas suppliers.

(5) The order may make provision generally in relation to the carbon emissions reduction obligations which it imposes, including in particular provision—
(a) as to the treatment of persons who become gas transporters or gas suppliers after the beginning of the period to which the order relates;
(b) as to the action which qualifies for the purpose of meeting the whole or any part of a carbon emissions reduction target;

(6) requiring part of a carbon emissions reduction target to be met by action of a specified description;

(bb) requiring the whole or any part of a carbon emissions reduction target to be met by action relating to—
(i) individuals of a specified description,
(ii) property of a specified description,
(iii) specified areas or areas of a specified description, or
(iv) individuals or property of a specified description in specified areas or areas of a specified description;

(bc) enabling the Administrator to direct a transporter or supplier to meet part of a carbon emissions reduction target by action relating to an individual named in the direction;

(bd) preventing action from qualifying for the purpose of meeting the whole or any part of a carbon emissions reduction target unless such persons as are specified in, or determined in accordance with, the order—
(i) have been consulted about the action;
(ii) have consented to the action;

(be) requiring action which qualifies for the purpose of meeting both a carbon emissions reduction target and a home-heating cost reduction target to be treated as qualifying only for the purpose of meeting such one of those targets as the transporter or supplier concerned elects;
(c) determining, or specifying the method for determining, the contribution that any action makes towards meeting a carbon emissions reduction target;

(d) requiring transporters and suppliers to give to the Administrator specified information, or information of a specified nature, about their proposals for complying with their carbon emissions reduction obligations;

(e) requiring the Administrator to determine—
   (i) whether any proposed action qualifies for the purpose of achieving the whole or any part of a person’s carbon emissions reduction target; and
   (ii) if so, what contribution the proposed action (or any result of that action specified in the determination) is to make towards achieving the carbon emissions reduction target;

(f) requiring transporters or suppliers to produce to evidence of a specified kind demonstrating that they have complied with their carbon emissions reduction obligations; and

(g) requiring the Administrator or a specified body to offer services of a specified kind and authorising a specified fee to be charged to those who take up the offer.

(5A) If the order makes provision by virtue of subsection (5)(bc) enabling the Administrator to direct a transporter or supplier to meet part of a carbon emissions reduction target by action relating to an individual named in the direction the order may also make provision—

(a) authorising the Administrator to require specified persons to provide it with information for the purpose of enabling it to identify and select individuals who are to be the subject of a direction;

(b) specifying criteria in accordance with which the Administrator is to select individuals who are to be the subject of a direction;

(c) determining, or specifying the method for determining, which transporter or supplier is to be given a direction in relation to any particular individual selected in accordance with provision made under paragraph (b);

(d) authorising the Administrator, if it gives a direction to a transporter or supplier, to provide the transporter or supplier with information relating to the individual concerned for the purpose of assisting the transporter or supplier to comply with the direction;

(e) as to the times at which a direction may be given;

(f) as to the circumstances in which a direction need not be complied with.

(5B) Provision made by virtue of subsection (5)(c) may in particular provide for an action to be treated as making a greater contribution than it would otherwise do if the action relates to—

(a) an individual of a specified description,

(b) a property of a specified description, or

(c) both an individual of a specified description and a property of a specified description.

(6) The order may make provision authorising the Administrator to require a transporter or supplier to provide it with specified information, or information of a specified nature, relating to—

(a) his proposals for complying with his carbon emissions reduction obligation; or
(b) the question whether he has complied with that obligation.

(7) The order may make provision as to circumstances in which—

(a) a person’s [F461 carbon emissions reduction target] may be altered during the period to which the order relates;

(b) the whole or any part of a person’s [F461 carbon emissions reduction target] may be treated as having been achieved by action taken otherwise than by or on behalf of that person;

(c) any action taken before the period to which the order relates may be treated as qualifying action taken during that period;

(d) the whole or any part of a person’s [F462 carbon emissions reduction target] may be transferred to another gas transporter or gas supplier or to an electricity distributor or electricity supplier (within the meaning of Part I of the Electricity Act 1989); or

(e) a person may carry forward the whole or any part of his [F462 carbon emissions reduction target] for the period to which the order relates to a subsequent period.

[F463 (7A) The order may—

(a) make provision for any specified requirement contained in it to be treated as a relevant requirement for the purposes of this Part; or

(b) .................................................

(7B) Provision made by virtue of paragraph (b) of subsection (7A) may, in particular, include provision corresponding to or applying (with or without modifications) any of sections 28 to 30F and section 38.]

(8) The order may—

(a) provide for exceptions from any requirement of the order;

(b) provide that any specified requirement contained in it is to be treated as a relevant requirement for the purposes of this Part;

(c) make supplementary, incidental and transitional provision; and

(d) subject to subsection (4), make different provision for different cases (including different provision in relation to different transporters or suppliers).

(9) The order may include provision for treating the promotion of the supply to premises of—

(a) electricity generated by a generating station which is operated for the purposes of producing heat, or a cooling effect, in association with electricity;

(b) heat produced in association with electricity or steam produced from (or air or water heated by) such heat; or

(c) any gas or liquid subjected to a cooling effect produced in association with electricity, as promotion of improvements in energy efficiency.

[F465 (9A) The order may make provision requiring the Administrator to give guidance to transporters or suppliers concerning such matters relating to the order as are specified.]

(9B) The Administrator shall carry out its functions under this section in accordance with any general or specific directions given to it by the Secretary of State.]
(10) No person shall be required by virtue of this section to provide any information which he could not be compelled to give in evidence in civil proceedings in the High Court or, in Scotland, the Court of Session.

[F466](10A) The Secretary of State must obtain the consent of the Scottish Ministers before making an order under this section which contains provision that—

(a) is included by virtue of subsection (2)(b),
(b) extends to Scotland, and
(c) would be within the legislative competence of the Scottish Parliament if contained in an Act of that Parliament.

(11) Before making an order under this section the Secretary of State shall consult the Authority, Citizens Advice, Citizens Advice Scotland, gas transporters and gas suppliers and such other persons as he considers appropriate.

(12) An order under this section shall not be made unless a draft of the instrument containing it has been laid before, and approved by a resolution of, each House of Parliament.

[F468](12A) Subsection (12) does not apply to an order under this section made only for the purpose of amending an earlier order under this section so as to alter the provision included in the earlier order by virtue of any of paragraphs (b), (ba) or (c) of subsection (5). But such an order shall be subject to annulment in pursuance of a resolution of either House of Parliament.

(12B) If an order under this section provides for the Administrator to be a body other than the Authority, the Secretary of State may make payments to the body of such amounts as the Secretary of State considers appropriate.

[F469](13) In this section—

“home-heating cost reduction target” has the meaning given by section 33BD(2)(a);]

“microgeneration” has the same meaning as in the Climate Change and Sustainable Energy Act 2006;

“plant” includes any equipment, apparatus or appliance;

“specified” means specified in the order.

(14) For the purposes of subsection (2)(b)(ii), electricity is generated, or heat is produced, using low-emissions sources or technologies if it is generated, or produced, by plant which relies wholly or mainly on a source of energy or a technology mentioned in section 26(2) of the Climate Change and Sustainable Energy Act 2006.

Scottish Ministers' promotion of reductions in carbon emissions: gas suppliers

(1) Where the Secretary of State under section 33BC imposes on gas suppliers obligations to achieve a target within a specified period, the power to make orders under that section is exercisable by the Scottish Ministers for the purposes of those obligations imposed in relation to Scotland and not, except as provided by subsections (9) and (10), by the Secretary of State.

(2) An obligation is imposed in relation to Scotland to the extent that measures to meet that obligation may be carried out in Scotland (disregarding any power to elect under section 103 of the Utilities Act 2000).

(3) For the purposes of the exercise by the Scottish Ministers of the power to make an order under section 33BC, that section applies with the following modifications—
   (a) for subsection (1) there is substituted a power by order to specify how gas suppliers may meet their obligations to achieve the carbon emissions reduction target through measures carried out in Scotland;
   (b) subsections (1A), (3), (5)(a), (7)(a) and (10A) are omitted;
   (c) in subsection (2A) at the beginning of paragraph (b) there is inserted “where the Secretary of State has apportioned the overall carbon emissions reduction target under section 103(2A) of the Utilities Act 2000, and”;
   (d) in subsection (11) “Citizens Advice” and “gas transporters” are omitted;
   (e) in subsection (12), for the words from “shall not be made” to the end is substituted “ is subject to the affirmative procedure ”;
   (f) in subsection (12A) for the words from “shall be subject to” to the end is substituted “ is subject to the negative procedure ”;
   (g) for “Secretary of State” in each place is substituted “ Scottish Ministers ”.

(4) The power of the Scottish Ministers under section 33BC does not include power to make provision in relation to the subject-matter of sections 88 to 90 of the Energy Act 2008 (smart meters).

(5) Where an overall carbon emissions reduction target has been apportioned under section 103(2A) of the Utilities Act 2000, the Scottish Ministers must—
   (a) when making any order under section 33BC, comply with the duty in subsection (6), and
   (b) if the Secretary of State amends any order under that section, make any provision they think necessary, in consequence of the amendment, to comply with that duty.

(6) The duty of the Scottish Ministers where subsection (5)(a) or (b) applies is to exercise their powers under section 33BC (subject to subsection (8)) in the way they think most likely to secure that the proportion of compliance costs that is represented by costs relating to Scotland is no greater than the proportion of the overall carbon emissions reduction target that is represented by the part of it apportioned to measures carried out in Scotland.
(7) In subsection (6)—
(a) “compliance costs” means the total costs to gas suppliers of complying with carbon emissions reduction obligations that, in relation to any period, are imposed by order under section 33BC, and
(b) “costs relating to Scotland” means the total costs to gas suppliers of complying with obligations that, in relation to the same period, are imposed in relation to Scotland.

(8) The Scottish Ministers may not make an order under section 33BC unless—
(a) they have consulted the Secretary of State about the proposed order, and
(b) the Secretary of State has agreed to the order being made.

(9) Subsection (1) does not prevent the Secretary of State from making provision under—
(a) section 33BC(1A), (3), (5)(a) or (7)(a), or
(b) section 33BC(2A) where an overall carbon emissions reduction target has not been apportioned under section 103(2A) of the Utilities Act 2000.

(10) Subsection (1) does not prevent the Secretary of State from making any other provision under section 33BC or from varying or revoking an order made by the Scottish Ministers under that section—
(a) with the agreement of the Scottish Ministers, or
(b) without their agreement, if subsection (11) applies.

(11) This subsection applies if it appears to the Secretary of State, in the case of obligations imposed in relation to Scotland (the “Scottish obligations”), taking into account any provision made by the Scottish Ministers, that the Scottish obligations are, alone or in conjunction with obligations imposed or to be imposed in relation to England and Wales, likely to—
(a) cause detriment to the United Kingdom,
(b) adversely affect the ability of the United Kingdom to comply with an international agreement or arrangement in relation to climate change or energy efficiency, or
(c) result in costs incurred by suppliers that are not broadly equivalent in relation to England and Wales and in relation to Scotland, and the Scottish Ministers have failed to comply with a request made to them by the Secretary of State to make modifications specified by the Secretary of State.

(12) In determining for the purposes of subsection (11), whether detriment is likely to be caused to the United Kingdom, considerations that the Secretary of State may take into account include the costs imposed on suppliers by virtue of obligations imposed or to be imposed by the Secretary of State under section 33BC or any provision made by the Scottish Ministers under that section.

(13) A request by the Secretary of State to the Scottish Ministers for the purposes of subsection (11)—
(a) must be in writing;
(b) must specify only modifications that appear to the Secretary of State to be necessary to prevent the effect mentioned in subsection (11)(a), (b) or (c);
(c) must specify the time within which the modifications are to be made, which must not be less than 2 months from the date of the request.]

33BIPromotion of reductions in home-heating costs: gas transporters and gas suppliers

(1) The Secretary of State may by order impose—
(a) on each gas transporter (or each gas transporter of a specified description); and
(b) on each gas supplier (or each gas supplier of a specified description),
an obligation to achieve, within a specified period and in accordance with the order, the home-heating cost reduction target to be determined by the Administrator under the order for that transporter or supplier (and that obligation is referred to in this section as a “home-heating cost reduction obligation”).

(2) In this section—
(a) “the Administrator” means—
(i) the Authority; or
(ii) if the order so provides, the Secretary of State or a specified body other than the Authority;
(b) “home-heating cost reduction target” means a target for the promotion of measures for reducing the cost to individuals of heating their homes;
(c) “specified” means specified in the order.

(3) The power to make orders under this section may be exercised so as to impose more than one home-heating cost reduction obligation on a person in relation to the same period or to periods that overlap to any extent.

(4) Subsections (3), (5) to (8), (9A) and (10A) to (12B) of section 33BC apply to an order under this section as they apply to an order under that section, with the following modifications—

(5) Subsections (4) and (9B) of section 33BC apply to the carrying out by the Secretary of State and the Administrator of their respective functions under this section as they apply to the carrying out by those persons of their functions under that section.

(6) No person shall be required by virtue of this section to provide any information which he could not be compelled to give in evidence in civil proceedings in the High Court or, in Scotland, the Court of Session.]
33BDA - Scottish Ministers' promotion of reductions in home-heating costs: gas suppliers

(1) Where the Secretary of State under section 33BD imposes on gas suppliers obligations to achieve a target within a specified period, the power to make orders under that section is exercisable by the Scottish Ministers for the purposes of those obligations imposed in relation to Scotland and not, except as provided by subsections (9) and (10), by the Secretary of State.

(2) An obligation is imposed in relation to Scotland to the extent that measures to meet that obligation may be carried out in Scotland (disregarding any power to elect under section 103A of the Utilities Act 2000).

(3) For the purposes of the exercise by the Scottish Ministers of the power to make an order under section 33BD, that section applies with the following modifications—
   (a) for subsection (1) there is substituted a power by order to specify how gas suppliers may meet their obligations to achieve the home-heating cost reduction target through measures carried out in Scotland;
   (b) subsection (3) is omitted;
   (c) subsections (3), (5)(a), (7)(a) and (10A) of section 33BC as applied by subsection (4) are omitted;
   (d) in subsection (2)(a) at the beginning of sub-paragraph (ii) there is inserted “where the Secretary of State has apportioned the overall home-heating cost reduction target under section 103A(3A) of the Utilities Act 2000, and”;
   (e) in section 33BC(11) as applied by subsection (4) “Citizens Advice” and “gas transporters” are omitted;
   (f) in section 33BC(12) as applied by subsection (4) for the words from “shall not be made” to the end is substituted “is subject to the affirmative procedure”;
   (g) in section 33BC(12A) as applied by subsection (4) for the words from “shall be subject to” to the end is substituted “is subject to the negative procedure”;
   (h) for “Secretary of State” in each place (including any references in section 33BC that apply by virtue of subsection (4)), is substituted “Scottish Ministers”.

(4) The power of the Scottish Ministers under section 33BD does not include power to make provision in relation to the subject-matter of sections 88 to 90 of the Energy Act 2008 (smart meters).

(5) Where an overall home-heating cost reduction target has been apportioned under section 103A(3A) of the Utilities Act 2000, the Scottish Ministers must—
   (a) when making any order under section 33BD, comply with the duty in subsection (6), and
   (b) if the Secretary of State amends any order under that section, make any provision they think necessary, in consequence of the amendment, to comply with that duty.
(6) The duty of the Scottish Ministers where subsection (5)(a) or (b) applies is to exercise their powers under section 33BD (subject to subsection (8)) in the way they think most likely to secure that the proportion of compliance costs that is represented by costs relating to Scotland is no greater than the proportion of the overall home-heating cost reduction target that is represented by the part of it apportioned to measures carried out in Scotland.

(7) In subsection (6)—
(a) “compliance costs” means the total costs to gas suppliers of complying with home-heating cost reduction obligations that, in relation to any period, are imposed by order under section 33BD, and
(b) “costs relating to Scotland” means the total costs to gas suppliers of complying with obligations that, in relation to the same period, are imposed in relation to Scotland.

(8) The Scottish Ministers may not make an order under section 33BD unless—
(a) they have consulted the Secretary of State about the proposed order, and
(b) the Secretary of State has agreed to the order being made.

(9) Subsection (1) does not prevent the Secretary of State from making provision under—
(a) section 33BD(3),
(b) section 33BC(3), (5)(a) or (7)(a) as applied by section 33BD(4), or
(c) section 33BD(2)(a) where an overall home-heating cost reduction target has not been apportioned under section 103A(3A) of the Utilities Act 2000.

(10) Subsection (1) does not prevent the Secretary of State from making any other provision under section 33BD or from varying or revoking an order made by the Scottish Ministers under that section—
(a) with the agreement of the Scottish Ministers, or
(b) without their agreement, if subsection (11) applies.

(11) This subsection applies if it appears to the Secretary of State, in the case of obligations imposed in relation to Scotland (the “Scottish obligations”), taking into account any provision made by the Scottish Ministers, that the Scottish obligations are, alone or in conjunction with obligations imposed or to be imposed in relation to England and Wales, likely to—
(a) cause detriment to the United Kingdom,
(b) adversely affect the ability of the United Kingdom to comply with an international agreement or arrangement in relation to climate change or energy efficiency, or
(c) result in costs incurred by suppliers that are not broadly equivalent in relation to England and Wales and in relation to Scotland,
and the Scottish Ministers have failed to comply with a request made to them by the Secretary of State to make modifications specified by the Secretary of State.

(12) In determining for the purposes of subsection (11), whether detriment is likely to be caused to the United Kingdom, considerations that the Secretary of State may take into account include the costs imposed on suppliers by virtue of obligations imposed or to be imposed by the Secretary of State under section 33BD or any provision made by the Scottish Ministers under that section.
(13) A request by the Secretary of State to the Scottish Ministers for the purposes of subsection (11)—
   (a) must be in writing;
   (b) must specify only modifications that appear to the Secretary of State to be necessary to prevent the effect mentioned in subsection (11)(a), (b) or (c);
   (c) must specify the time within which the modifications are to be made, which must not be less than 2 months from the date of the request.

Exercise of functions through nominees.

(1) The Treasury or, with the consent of the Treasury, the Secretary of State may for the purposes of section 51 or 52 above appoint any person to act as the nominee, or one of the nominees, of the Treasury or the Secretary of State; and—
(a) securities of the successor company may be issued under section 51 above to any nominee of the Treasury or the Secretary of State appointed for the purposes of that section or to any person entitled to require the issue of the securities following their initial allotment to any such nominee; and

(b) any such nominee appointed for the purposes of section 52 above may acquire securities or rights under that section,
in accordance with directions given from time to time by the Treasury or, with the consent of the Treasury, by the Secretary of State.

(2) Any person holding any securities or rights as a nominee of the Treasury or the Secretary of State by virtue of subsection (1) above shall hold and deal with them (or any of them) on such terms and in such manner as the Treasury or, with the consent of the Treasury, the Secretary of State may direct.

54 Target investment limit for Government shareholding.

(1) As soon as he considers expedient and, in any case, not later than six months after the successor company ceases to be wholly owned by the Crown, the Secretary of State shall by order fix a target investment limit in relation to the shares for the time being held in that company by virtue of any provision of this Part by the Treasury and their nominees and by the Secretary of State and his nominees (in this section referred to as “the Government shareholding ”).

(2) The target investment limit shall be expressed as a proportion of the voting rights which are exercisable in all circumstances at general meetings of the successor company (in this section referred to as “the ordinary voting rights ”).

(3) The first target investment limit fixed under this section shall be equal to the proportion of the ordinary voting rights which is carried by the Government shareholding at the time when the order fixing the limit is made.

(4) The Secretary of State may from time to time by order fix a new target investment limit in place of the one previously in force under this section; but—

(a) any new limit must be lower than the one it replaces; and

(b) an order under this section may only be revoked by an order fixing a new limit.

(5) It shall be the duty of the Treasury and of the Secretary of State so to exercise—

(a) their powers under section 52 above and any power to dispose of any shares held by virtue of any provision of this Part; and

(b) their power to give directions to their respective nominees,
as to secure that the Government shareholding does not carry a proportion of the ordinary voting rights exceeding any target investment limit for the time being in force under this section.

(6) Notwithstanding subsection (5) above, the Treasury or the Secretary of State may take up, or direct any nominee of the Treasury or of the Secretary of State to take up, any rights for the time being available to them or him, or to that nominee, as an existing holder of shares or other securities of the successor company; but if, as a result, the proportion of the ordinary voting rights carried by the Government shareholding at any time exceeds the target investment limit, it shall be the duty of the Treasury or, as the case may be, the Secretary of State to comply with subsection (5) above as soon after that time as is reasonably practicable.
For the purposes of this section the temporary suspension of any of the ordinary voting rights shall be disregarded.

### Financial structure of the successor company.

1. If the Secretary of State so directs at any time before the successor company ceases to be wholly owned by the Crown, such sum (not exceeding the accumulated realised profits of the Corporation) as may be specified in the direction shall be carried by the successor company to a reserve (in this section referred to as “the statutory reserve”).

2. The statutory reserve may only be applied by the successor company in paying up unissued shares of the company to be allotted to members of the company as fully paid bonus shares.

3. Notwithstanding subsection (2) above, the statutory reserve shall not count as an undistributable reserve of the successor company for the purposes of section 831(4)(d) of the Companies Act 2006; but for the purpose of determining under that section whether the successor company may make a distribution at any time any amount for the time being standing to the credit of the statutory reserve shall be treated for the purposes of section 831(4)(c) as if it were unrealised profits of the company.

4. For the purposes of any statutory accounts of the successor company—
   a. the vesting effected by virtue of section 49 above shall be taken to have been a vesting of all the property, rights and liabilities to which the Corporation was entitled or subject immediately before the end of the last complete financial year of the Corporation ending before the transfer date (other than any rights and liabilities which vest in the Treasury by virtue of section 50 above) and to have been effected immediately after the end of that year; and
   b. the value of any asset and the amount of any liability of the Corporation taken to have been vested in the successor company by virtue of paragraph (a) above shall be taken to have been the value or (as the case may be) the amount assigned to that asset or liability for the purposes of the corresponding statement of accounts prepared by the Corporation in respect of that year.

5. For the purposes of any statutory accounts of the successor company the amount to be included in respect of any item shall be determined as if anything done by the Corporation (whether by way of acquiring, revaluing or disposing of any asset or incurring, revaluing or discharging any liability, or by carrying any amount to any provision or reserve, or otherwise) had been done by the successor company.

Accordingly (but without prejudice to the generality of the preceding provision) the amount to be included from time to time in any reserves of the successor company as representing its accumulated realised profits shall be determined as if any profits realised and retained by the Corporation had been realised and retained by the successor company.

6. References in this section to the statutory accounts of the successor company are references to any accounts prepared by the successor company for the purposes of any provision of the Companies Act 1985 (including group accounts); and in this section “complete financial year” means a financial year ending with 31st March.
56  Temporary restrictions on successor company’s borrowings etc.

(1) If articles of association of the successor company confer on the Secretary of State powers exercisable with the consent of the Treasury for, or in connection with, restricting the sums of money which may be borrowed or raised by the group during any period, those powers shall be exercisable in the national interest notwithstanding any rule of law and the provisions of any enactment.

(2) For the purposes of this section any alteration of the articles of association of the successor company which—

(a) has the effect of conferring or extending any such power as is mentioned in subsection (1) above; and

(b) is made at a time when that company has ceased to be wholly owned by the Crown,

shall be disregarded.

(3) In this section “group ” means the successor company and all of its subsidiaries taken together.

(a) in every year preceding the first investment year which is included in the relevant five years; and

(b) in the first investment year, if that year is included in the relevant five years and the successor company does not in fact pay such a dividend in that year.

(2) In subsection (1) above “the relevant five years” means the five years immediately preceding the year in which the investment in question is made or proposed to be made.

(i) that it would need to increase the capacity of its distribution system in order to give a third party supplier access to that distribution system; and

(ii) that one of the conditions in sub-paragraph (5) is met.

(5) Those conditions are—

(a) that it is not technically feasible to provide the increase in capacity in question;

(b) that providing that increase in capacity would have a significant and adverse economic impact on the distribution exemption holder or any other person.

(6) Where the distribution exemption holder has served on the customer a notice under sub-paragraph (4)(a), the distribution exemption holder must—

(a) serve on any third party supplier identified in the expression of interest a notice specifying—

(i) any metering arrangements that the distribution exemption holder considers would be required to enable access to be given; and

(ii) whether it would be willing to give access through contractual arrangements which would not require a connection to be made or modified; and

(b) provide each such third party supplier with any other documents or information that it may reasonably request.

(7) The distribution exemption holder must serve the notice required by sub-paragraph (6)(a) within 20 working days beginning with the day on which it receives the expression of interest.

(8) The distribution exemption holder must provide any documents or information requested by a third party supplier under sub-paragraph (6)(b)—

(a) within 20 working days beginning with the day of the distribution exemption holder’s receipt of the expression of interest; or

(b) if the request is made at a time when there are fewer than 10 working days remaining in the 20 working day period mentioned in paragraph (a) above,
(1) This paragraph and paragraph 3 apply where a customer who has served an expression of interest relating to an exempt distribution system serves on the distribution exemption holder a notice—

(a) confirming that the customer has entered into a contract with a third party supplier identified in the expression of interest for the supply of gas to premises which are connected to the exempt distribution system; and

(b) identifying that third party supplier.

(2) Within 5 working days beginning with the day on which it receives the notice served under sub-paragraph (1), the distribution exemption holder must provide any person related to it that is currently giving a supply of gas to the customer with a copy of that notice.

(3) If the distribution exemption holder has not, by the end of the 10 working day period mentioned in paragraph 1(4), served on the customer a notice under paragraph 1(4)(b), the distribution exemption holder must give the third party supplier such access to the distribution system to which the expression of interest relates as is necessary to enable the third party supplier to give a supply of gas to the customer.

(4) Access under sub-paragraph (2) must be given either—

(a) as soon as is reasonably practicable after the distribution exemption holder receives the notice served under sub-paragraph (1); or

(b) on a date agreed by the distribution exemption holder, the third party supplier and the customer in writing.

(5) Sub-paragraphs (6) to (11) apply if the distribution exemption holder has served on the customer a notice under paragraph 1(4)(b) (whether before or after the service of the notice under sub-paragraph (1)).

(6) Subject to sub-paragraph (7), the distribution exemption holder must give the third party supplier such access to its distribution system as is necessary to enable the third party supplier to give a supply of gas to the customer, and must give that access—

(a) as soon as is reasonably practicable after the end of the period of 28 working days beginning with the day on which the customer serves the notice under sub-paragraph (1); or

(b) on a date agreed by the distribution exemption holder, the third party supplier and the customer in writing.

(7) If, before the end of the period mentioned in sub-paragraph (6)(a), the distribution exemption holder takes the steps mentioned in sub-paragraph (8)—

(a) the distribution exemption holder is not required to give access in accordance with sub-paragraph (6), and

(b) sub-paragraph (9) applies.

(8) The steps mentioned in sub-paragraph (7) are—

(a) providing the third party supplier with evidence to show—

(i) that the distribution exemption holder would need to increase the capacity of its distribution system in order to give the third party supplier access to that distribution system; and

(ii) that one of the conditions in paragraph 1(5) is met; and

(b) sending a copy of the evidence to the customer.
(9) If, within the period mentioned in sub-paragraph (10), the distribution exemption holder and the third party supplier enter into a contract for the provision to the third party supplier of such access as is necessary to enable it to give a supply of gas to the customer through the distribution system, the distribution exemption holder must give access to the third party supplier in accordance with the terms of the contract.

(10) That period is—

(a) the 14 days immediately following the period mentioned in sub-paragraph (6)(a); or

(b) any longer period that the distribution exemption holder, the third party supplier and the customer may agree in writing.

(11) If, before the end of the 28 day period mentioned in sub-paragraph (6)(a), the distribution exemption holder, the third party supplier and the customer agree in writing to the extension of that period, sub-paragraphs (6) to (10) have effect as if sub-paragraph (6)(a) referred to the extended period instead of to the period of 28 working days there mentioned.

3. (1) The third party supplier mentioned in paragraph 2(1) may make an application to the Authority under this paragraph if—

(a) the distribution exemption holder has served on the customer a notice under paragraph 1(4)(b); and

(b) at the end of the period mentioned in paragraph 2(10), the distribution exemption holder is not under a duty (whether by virtue of sub-paragraph (6) or (9) of paragraph 2) to give access to the third party supplier.

(2) The third party supplier may not make an application under this paragraph unless it has, no later than the 10th working day before the day on which the application is made, served on the distribution exemption holder a notice—

(a) informing the distribution exemption holder that it intends to make an application under this paragraph; and

(b) inviting the distribution exemption holder to provide it with any further evidence it may wish to provide for the purpose mentioned in paragraph 2(8)(a).

(3) The application must include—

(a) any evidence provided by the distribution exemption holder under paragraph 2(8)(a) or sub-paragraph (2)(b) above;

(b) a description of the nature of the access required by the third party supplier (including any alternative forms of access that would be acceptable to it); and

(c) any evidence the third party supplier may wish to include—

(i) to show that the capacity of the distribution system would not need to be increased in order to give a third party supplier access to it;

(ii) to show that a condition in paragraph 1(5) is not met; or

(iii) as to the benefits that would be brought by any increase in capacity that may be necessary.

(4) The third party supplier must send a copy of the application to the distribution exemption holder and the customer.

(5) Where an application has been made under this paragraph the Authority may, at the request of the customer or the third party supplier (the "requesting party"), ask the distribution exemption holder to provide the Authority and the requesting party
with information in respect of the measures that would be required to reinforce the distribution system in order to provide the necessary capacity.

(6) Except to the extent that sub-paragraph (7) applies, the distribution exemption holder must comply with any request made by the Authority under sub-paragraph (5).

(7) If the distribution exemption holder represents to the Authority that particular information should not be disclosed under sub-paragraph (6) because it is commercially sensitive, the Authority may determine that the information in question should be excepted from the duty to disclose information under that sub-paragraph, having regard to the need to preserve the confidentiality of commercially sensitive information.

(8) The distribution exemption holder may recover from the requesting party any costs reasonably incurred in providing any information requested under sub-paragraph (5).

(9) Where an application has been made under this paragraph the Authority—
   (a) must, if satisfied that the conditions in sub-paragraph (10) are met, determine that the distribution exemption holder is entitled to refuse the third party supplier access to its distribution system on the ground of lack of capacity;
   (b) must, if not satisfied that those conditions are met, determine that the distribution exemption holder is not entitled to refuse the third party supplier access to its distribution system on the ground of lack of capacity.

(10) Those conditions are—
   (a) that the distribution exemption holder would need to increase the capacity of its distribution system in order to give the third party supplier access to it; and
   (b) that either it is not technically feasible to provide that increase in capacity, or the benefits of the increase in capacity would be outweighed by the economic impact that the provision of the increase in capacity would have on the distribution exemption holder or any other person.

(11) The Authority must, as soon as is reasonably practicable after making its determination—
   (a) notify the distribution exemption holder of its determination; and
   (b) provide the customer and the third party supplier with a copy of that notice.

(12) If the Authority determines that the distribution exemption holder is not entitled to refuse the third party supplier access to its distribution system on the ground of lack of capacity—
   (a) the distribution exemption holder must give the third party supplier such access to its distribution system as is necessary to enable the third party supplier to give a supply of gas to the customer;
   (b) paragraph 1(6) to (8) applies as if the distribution exemption holder had served a notice under paragraph 1(4)(a) on the customer, and as if the references in paragraph 1(7) and (8)(a) to the “expression of interest” were to the notification under sub-paragraph (11) above; and
   (c) paragraph 5 has effect as if the reference in paragraph 5(3) to the “expression of interest” were to the notification under sub-paragraph (11) above.

(13) Access under sub-paragraph (12)(a) must be given either—
   (a) as soon as is reasonably practicable after the distribution exemption holder receives the notification under sub-paragraph (11); or
(b) on a date agreed by the distribution exemption holder, the third party supplier and the customer in writing.

4. (1) This paragraph applies where a distribution exemption holder is required under paragraph 2(3), (6) or (9) or 3(12)(a) to give a third party supplier access to its distribution system.

(2) The duty must be performed for so long as the access is required.

(3) In meeting the duty the distribution exemption holder must not—
   (a) treat the third party supplier less favourably than any other supplier in respect of the terms and conditions for access to its distribution system, including those relating to any connection under paragraph 7(3);
   (b) refuse to give access on the basis that the Authority has not yet approved its charging methodology; or
   (c) act in a manner which unreasonably prevents, restricts or delays access to its distribution system by the third party supplier.

(4) The distribution exemption holder must grant the third party supplier such ancillary or incidental rights over its distribution system as are necessary to enable the third party supplier to meet its licence or statutory obligations, including any obligations of the third party supplier relating to metering functions.

(5) Where access has been given before a methodology for calculating a use of system charge has been given an approval that is required by virtue of paragraph 5(1), the distribution exemption holder may, within a reasonable period after receiving notification of the approval of the methodology, require the third party supplier to pay for that access an amount that is—
   (a) equivalent to the charge that would have been payable for that access had the methodology been approved before the access was given; and
   (b) payable within such period as the parties agree or, in the absence of such agreement, within such reasonable period after the distribution exemption holder demands the payment as may be specified by the distribution exemption holder.

Charges for use of system

5. (1) Subject to paragraph 13(1), a distribution exemption holder on whom a customer has served an expression of interest must not impose a use of system charge unless the Authority has approved the methodology for calculating that charge under sub-paragraph (5) or paragraph 14(7).

(2) If such a distribution exemption holder proposes to impose a use of system charge in circumstances where, by virtue of sub-paragraph (1), the Authority’s approval of the methodology for that charge is required the distribution exemption holder must—
   (a) prepare a record of the assets and liabilities associated with its distribution activities at the time of the receipt of the expression of interest;
   (b) prepare a statement (a “charging statement”) containing details of the proposed methodology for calculating the use of system charge;
   (c) provide the Authority with—
      (i) the charging statement,
(ii) any evidence that the distribution exemption holder may wish to provide in support of the methodology proposed for calculating the use of system charge,

(iii) a copy of the expression of interest, and

(iv) such other information or documents as the Authority may request;

(d) provide the relevant third party supplier with a copy of the charging statement.

(3) Subject to sub-paragraph (4), all of the steps required by sub-paragraph (2) must be carried out within 20 working days beginning with the day of the distribution exemption holder’s receipt of the expression of interest.

(4) Where the Authority has requested further information or documents in accordance with sub-paragraph (2)(c)(iv) at a time when there are fewer than 10 working days remaining in the 20 working day period mentioned in sub-paragraph (3), the further information or documents must be provided within 10 working days beginning with the day of the distribution exemption holder’s receipt of the request.

(5) Where a distribution exemption holder has complied with sub-paragraph (2)(c) the Authority must, as soon as is reasonably practicable—

(a) decide whether to approve the methodology proposed by that distribution exemption holder; and

(b) notify the distribution exemption holder of that decision.

(6) Where a distribution exemption holder receives a notice under sub-paragraph (5)(b), it must, as soon as is reasonably practicable after that receipt, provide the relevant third party supplier with a copy of that notice.

(7) Where the Authority does not approve the methodology proposed by the distribution exemption holder, the Authority must give reasons for that decision.

(8) Where the Authority does not approve the methodology proposed by the distribution exemption holder and the distribution exemption holder still wishes to impose a use of system charge the distribution exemption holder must—

(a) submit to the Authority a charging statement containing details of a revised methodology;

(b) provide the Authority with a copy of such other information as the Authority may request in respect of that revised methodology; and

(c) provide the relevant third party supplier with a copy of the charging statement.

(9) Where at any time a distribution exemption holder wishes to modify a methodology that has previously been approved under this Schedule and is used by it for calculating a use of system charge levied for the use of a distribution system other than a closed distribution system, the distribution exemption holder must—

(a) submit to the Authority a charging statement containing details of the proposed revised methodology;

(b) provide the Authority with a copy of such other information as the Authority may request; and

(c) provide the relevant third party supplier, and any other third party supplier who would be affected by the modification proposed, with a copy of the charging statement.
(10) If a distribution exemption holder takes the steps required by sub-paragraph (8) or (9), sub-paragraphs (5) to (7) apply as if it had complied with sub-paragraph (2)(c).

(11) For the purposes of sub-paragraphs (2)(d), (6), (8)(c) and (9)(c), a duty to provide anything to “the relevant third party supplier” is a duty to provide it—

(a) if at the time when the duty is discharged the distribution exemption holder has received a notice from the customer under paragraph 2(1), to the third party supplier identified in that notice; or

(b) if at the time when the duty is discharged the distribution exemption holder has not received such a notice from the customer, to any third party supplier identified in the expression of interest.

6. (1) Sub-paragraph (2) applies where a distribution exemption holder is under a duty to give access to its distribution system under paragraph 2(3), (6) or (9) or 3(12)(a).

(2) Where and for so long as the distribution exemption holder is imposing a use of system charge, it must—

(a) prepare and maintain distribution accounts in respect of the distribution system for each regulatory year;

(b) keep copies of those accounts for 6 years from the date of the transactions to which they relate; and

(c) notify the Authority of the address where those accounts are held.

(3) In sub-paragraph (2)—

“distribution accounts” means accounting records in relation to the business (the “distribution business”) constituted by the distribution activities of the distribution exemption holder’s business that—

(a) are sufficient to show and explain the transactions of the distribution business, separate from any other transactions of the distribution exemption holder’s business;

(b) are sufficient to disclose with reasonable accuracy, at any time, the financial position of the distribution business at that time;

(c) contain entries from day to day of all sums of money received and expended in the course of the distribution business and the matters in respect of which the receipt and expenditure takes place; and

(d) contain a record of the assets and liabilities attributable to the distribution business;

“regulatory year”, in relation to a distribution business, means—

(a) a period of 12 months beginning on 1 April in any calendar year and ending on 31 March of the next calendar year; or

(b) where the distribution exemption holder wishes to align the accounting period for the distribution business with the accounting period for any other business it carries on or the business of any a person related to it, the period of 12 months used as the accounting period for that other business or the business of that related person.

Connection

7. (1) This paragraph applies where a distribution exemption holder is under a duty to give access to a third party supplier under paragraph 2(3), (6) or (9) or 3(12)(a).
(2) The third party supplier, or the customer who served the notice under paragraph 2(1), may require a connection to be made between the distribution exemption holder’s distribution system and—
   (a) the premises mentioned in paragraph 1(1)(a), or
   (b) a pipe-line system operated or controlled by—
      (i) a gas transporter, or
      (ii) another distribution exemption holder.

(3) The distribution exemption holder must, if required to make a connection pursuant to sub-paragraph (2) either—
   (a) connect the premises or pipe-line system to its distribution system and supply and lay any pipe that may be necessary for that purpose; or
   (b) where the distribution exemption holder and the person requiring the connection have agreed that a person other than the distribution exemption holder is to supply and lay any pipe that may be necessary for the purpose of connection, connect the premises or pipe-line system to its distribution system once that pipe has been supplied and laid.

(4) The duty under sub-paragraph (3) must be performed in accordance with such terms as are agreed under paragraphs 8 and 9, or paragraph 10, for so long as the connection is required.

(5) In this paragraph and paragraphs 8 to 10—
   (a) any reference to a distribution exemption holder connecting any premises or pipe-line system includes a reference to maintaining the connection;
   (b) any reference to requiring a connection includes a reference to requiring the connection to be maintained;
   (c) any reference to supplying or laying a pipe includes a reference to the supply or laying of a pipe either by the installation of a new one or by the modification of an existing one; and
   (d) any reference to a pipe includes a reference to any apparatus ancillary to the pipe.

8. (1) Where a distribution exemption holder is under a duty to connect any premises, or another pipe-line system, to its distribution system in accordance with paragraph 7(3) (a)—
   (a) any expenses reasonably incurred in making the connection or in supplying and laying the pipe must, if and to the extent that the distribution exemption holder requires, be met by the person requiring the connection;
   (b) the distribution exemption holder may require the person requiring the connection to provide it with reasonable security for the payment to it of all money which may become due to it in respect of the supply and laying of the pipe;
   (c) if the person requiring the connection fails to provide any security required under paragraph (b), or any security given by the person requiring the connection becomes invalid or insufficient and that person fails to provide alternative or additional security, the distribution exemption holder may if it thinks fit—
      (i) where the connection has not been made, refuse to supply or lay the pipe for so long as the failure continues, or
(ii) where the connection is being maintained, disconnect the premises or pipe-line system in question;

(d) the distribution exemption holder may require the person requiring the connection to accept, in respect of the making of the connection and the supplying and laying of the pipe, any terms restricting any liability of the distribution exemption holder for economic loss resulting from negligence that it is reasonable in all the circumstances for that person to be required to accept.

(2) The reference in sub-paragraph (1)(a) to expenses reasonably incurred in supplying a pipe includes a reference to the capitalised value of any expenses likely to be so incurred in continuing to supply it; and the reference in sub-paragraph (1)(b) to money which may become due in respect of the laying of the pipe is to be construed accordingly.

(3) Where any sum has been deposited with a distribution exemption holder by way of security under sub-paragraph (1)(b), the distribution exemption holder must, on repaying the amount, also pay interest on that amount, calculated on a daily basis at the rate of 1 per cent above LIBOR, for the period beginning with the day following that on which the amount was deposited and ending on the day on which the amount is repaid.

(4) In sub-paragraph (3), “LIBOR”, in relation to any day, means the sterling three-month London inter-bank offered rate in force for that day rounded if necessary to two decimal places.

(5) Where the distribution exemption holder is under a duty to connect any premises, or another pipe-line system to its distribution system in accordance with paragraph 7(3)(b)—

(a) any expenses reasonably incurred in making the connection must, if and to the extent that the distribution exemption holder requires, be met by the person requiring the connection;

(b) the distribution exemption holder may require the person requiring the connection to accept any terms—

(i) indemnifying the distribution exemption holder in respect of any liability connected with the laying of the pipe, and

(ii) which it is reasonable in all the circumstances for the person requiring the connection to be required to accept; and

(c) the following will, from the time of the connection, vest in and become property, rights or liabilities of the distribution exemption holder—

(i) the pipe supplied and laid for the purpose of connection, and

(ii) any rights or liabilities of the owner or occupier of the premises, or of the person who operates or has control of the pipe-line system which relate to the laying, maintenance, repair, alteration or removal of the pipe.

(6) Nothing in paragraph 7 is to be taken as requiring the distribution exemption holder to make a connection if and to the extent that—

(a) the distribution exemption holder is prevented from doing so by circumstances outside its control;

(b) circumstances exist by reason of which the connection would or might involve danger to the public, and the distribution exemption holder has taken
(7) Without prejudice to the generality of sub-paragraph (6), nothing in paragraph 7 is to be taken as requiring the distribution exemption holder to make a connection if any consent that is necessary for the connection to be made or, as the case may be, for the pipe to be supplied and laid, has not been given.

(8) Sub-paragraphs (1)(c)(ii) and (6)(c), do not permit a distribution exemption holder to disconnect any premises or pipe-line system unless the distribution exemption holder has given the owner and the occupier of the premises or (as the case may be) the person who operates or has control of the pipe-line system not less than 7 working days’ notice of its intention to disconnect.

(9) Nothing in paragraph 7 is to be taken as requiring a distribution exemption holder to connect any premises or pipe-line system if the supply of gas to the premises or pipe-line system is likely to exceed 75,000 therms in any period of 12 months.

9. (1) This paragraph applies where a distribution exemption holder is required to connect its distribution system to any premises or pipe-line system under paragraph 7.

(2) Except where an agreement under paragraph 10(1) is in place, the distribution exemption holder must comply with the requirements of sub-paragraph (3) as soon as is reasonably practicable after the person requiring the connection has—

(a) served on the distribution exemption holder a notice requesting that the distribution exemption holder offer terms for making the connection; and

(b) provided the distribution exemption holder with the following information—

(i) details of the premises or pipe-line system from which the connection to the distribution exemption holder’s distribution system is required, including the location of the premises or pipe-line system,

(ii) the date on or by which the person requiring the connection proposes that the work necessary for the connection to be made should be carried out,

(iii) details of the person by whom the person requiring the connection proposes that the pipe should be supplied and laid,

(iv) the maximum pressure at which gas may be required to be conveyed through the connection,

(v) details of any other requirements that the person requiring the connection has, including any metering requirements, and

(vi) any other information in relation to the required connection reasonably requested by the distribution exemption holder.

(3) The distribution exemption holder must serve on the person requiring the connection a notice—

(a) raising any concerns that it has with the information provided in accordance with sub-paragraph (2)(b);

(b) proposing arrangements for any security that the person requiring the connection will be required to pay to it under paragraph 8(1)(b);

(c) proposing arrangements for any payment that the person requiring the connection will be required to make under paragraph 8(1)(a) or (5)(a);
(d) stating any terms that the person requiring a connection will be required to accept under paragraph 8(1)(d), restricting the distribution exemption holder’s liability;

(e) stating any terms for indemnity that the person requiring a connection will be required to accept under paragraph 8(5)(b); and

(f) proposing any other terms on which it will make the connection.

(4) The distribution exemption holder must negotiate in good faith with the person requiring the connection and endeavour to reach an agreement on the terms and conditions for that connection.

10. (1) The distribution exemption holder may enter into an agreement with a person requiring a connection in pursuance of paragraph 7(2) for the making of a connection on such terms as may be agreed by the parties.

(2) So long as the agreement is effective, the rights and liabilities of the parties shall be those arising under the agreement and not those provided for under paragraphs 7 to 9.

11. (1) Section 27A (determination of certain disputes) has effect as if the disputes mentioned in section 27A(1) included a dispute arising under paragraphs 7 to 9 of this Schedule between a distribution exemption holder and a person requiring a connection in pursuance of paragraph 7(2).

(2) In the application of section 27A in relation to such a dispute, that section is to be read as if—

(a) subsection (2) provided that such a dispute, if relating to the connection of any premises to a pipe-line system operated or controlled by a distribution exemption holder, may not be referred to the Authority after the end of the period of 12 months beginning with the time when the connection is made;

(b) in subsection (5) the references to a gas transporter were to a distribution exemption holder, and the reference to a person requiring a connection to a main of the transporter were to a person requiring a connection in pursuance of paragraph 7(2) of this Schedule;

(c) subsection (6) and the reference to that subsection in subsection (8) were omitted; and

(d) the reference in subsection (7) to a dispute arising under section 11(1) were to a dispute arising under paragraph 8(1)(b) or (c) of this Schedule.

(3) The references in sub-paragraphs (1) and (2)(b) to a person requiring a connection in pursuance of paragraph 7(2) are to be construed in accordance with paragraph 7(5).

Closed distribution systems

12. (1) A distribution exemption holder may apply to the Authority for an exempt distribution system operated or controlled by it to be classified as a closed distribution system.

(2) Where the Authority has received an application from a distribution exemption holder under sub-paragraph (1) (a “closed distribution system application”), it must classify the distribution system as a closed distribution system if the Authority considers that all of the following criteria are met—

(a) the distribution system is not used for the purpose of supplying gas to household customers, or is used to supply fewer than 50 household customers who—
(i) are employees of, or work for or otherwise render services to, the
distribution exemption holder or a person related to the distribution
exemption holder; and

(ii) take a supply of gas that is wholly or mainly from a gas production
site embedded in the distribution system;

(b) the distribution system is wholly or mainly used for distributing gas within a
geographically self-contained industrial, commercial or shared services site
and is not integrated with any pipe-line system operated by a gas transporter;

and

(c) the distribution system is wholly or mainly used either—

(i) by system users whose businesses, for technical or safety-related
reasons, have operational or production processes that are integrated
with those of other system users of that distribution system; or

(ii) for the purpose of supplying gas to premises owned or occupied
by the distribution exemption holder or by a person related to the
distribution exemption holder.

(3) In sub-paragraph (2) “gas production site” means a site on which a person carries
on an activity by virtue of which the person is a gas producer within the meaning
of section 7.

(4) A closed distribution system application must—

(a) identify the distribution system to which the application relates;

(b) include any evidence available to the applicant to support that application;

and

(c) provide any further information or documents that the Authority may request
in respect of that application;

(5) The Authority must decide whether to classify a distribution system as a closed
distribution system as soon as is reasonably practicable after the Authority has
received—

(a) the closed distribution system application; and

(b) any further information or documents requested by it in under sub-
paragraph (4)(c).

(6) The Authority must notify the distribution exemption holder of its decision as soon
as is reasonably practicable after that decision has been made.

13. (1) Paragraph 5(1) to (8) does not apply in relation to any use of system charge (or
proposed use of system charge) that relates to a closed distribution system.

(2) Where a distribution exemption holder that operates or has control of a closed
distribution system receives an expression of interest from a customer who owns or
occupies premises that are connected to that system, it must—

(a) include in any notice served under paragraph 1(4) a statement that its
distribution system is a closed distribution system; and

(b) within 7 working days beginning with the day on which it receives the
expression of interest, by notice inform any third party supplier identified in
the expression of interest that its distribution system is a closed distribution
system.

14. (1) Sub-paragraphs (2) and (3) apply if a customer has served an expression of interest
with respect to a closed distribution system and—
(a) the customer, or a third party supplier identified in the expression of interest, serves a notice on the distribution exemption holder requesting that the methodology for a proposed use of system charge be submitted to the Authority for approval; and

(b) at the time of receiving the request the distribution exemption holder has not received any confirmation under paragraph 2(1) that the customer has entered into a contract with a third party supplier.

(2) From the time when the distribution exemption holder receives that request, paragraph 5(1) to (8) has effect in relation to the closed distribution system as if paragraph 13(1) did not have effect.

(3) For the purposes of the application of paragraph 5(2) in relation to the proposed use of system charge mentioned in sub-paragraph (1)(a), the reference in paragraph 5(3) to the “expression of interest” is to be read as a reference to the request mentioned in sub-paragraph (1)(a).

(4) Sub-paragraphs (5) to (11) apply where a customer who owns or occupies premises that are connected to a closed distribution system has served a notice under paragraph 2(1) confirming that it has entered into a contract with a third party supplier (“the confirmed third party supplier”) and—

(a) the customer or the confirmed third party supplier serves on the distribution exemption holder that operates or has control of the closed distribution system a notice requesting that the methodology for a use of system charge that is being applied by the distribution exemption holder be submitted to the Authority for approval;

(b) the methodology for calculating the charge has not previously been approved under this Schedule; and

(c) at the time of receiving the notice under paragraph (a), the distribution exemption holder has received the notice served under paragraph 2(1).

(5) The distribution exemption holder must, within 20 working days beginning with the day on which it receives the request under sub-paragraph (4)(a)—

(a) provide the Authority with—

(i) a charging statement in respect of the methodology for any use of system charge applied at the time of the request being made; and

(ii) such other information or documents as the Authority may specify; and

(b) provide the customer and the confirmed third party supplier with a copy of that charging statement.

(b) provide the Authority with a copy of such other information or documents as the Authority may request; and

(c) send a copy of the charging statement to the customer, the confirmed third party supplier and any other third party supplier who would be affected by the modification proposed.

(13) If the distribution exemption holder takes the steps mentioned in sub-paragraph (12) (a) to (c), sub-paragraphs (7) and (8) apply as if it had complied with sub-paragraph (5)(a).

15. (1) If, after a system has been classified as a closed distribution system, there is a change of circumstance which affects, or might affect, whether the system continues to meet the criteria set out in paragraph 12(2), the distribution exemption holder that operates or has control of the distribution system must notify the Authority of the change as soon as is reasonably practicable after it occurs.

(2) If the distribution exemption holder that operates or has control of the distribution system wishes the system to continue to be classified as a closed distribution system, it must include in the notice an application to the Authority asking the Authority to confirm the classification.
(3) Any application under sub-paragraph (2) must—

SCHEDULE 2AB

DUTIES OF SUPPLY EXEMPTION HOLDERS

Change of supplier

1. (1) This paragraph applies if a supply exemption holder enters into a contract with a customer to start supplying gas to any premises.

(2) The supply exemption holder must, within 7 days beginning with the day on which the contract is entered into, give any person who is currently supplying gas to the premises a notice stating—

(a) that the contract has been entered into, and

(b) when the supply exemption holder will start supplying gas to the premises.

(3) Subject to sub-paragraphs (4) and (7), the supply exemption holder must start supplying gas to the premises within 21 days of the relevant date.

(4) The supply exemption holder need not comply with sub-paragraph (3) if—

(a) the customer requests that the supply start on a later date;

(b) the customer terminates, or gives notice to terminate, the contract; or

(c) one or more of the reasons in sub-paragraph (5) applies.

(5) The reasons in this sub-paragraph are—

(a) that the supply exemption holder—

(i) does not have all of the information it requires in order to start supplying gas to the premises, despite having taken all reasonable steps to obtain the missing information from the customer; and
(ii) cannot readily obtain that information from another source;

(b) that the customer is taking a supply of gas through an exempt distribution system and the supply exemption holder is unable to start supplying gas to the premises because—

(i) a connection which the customer or supply exemption holder requires to be made in pursuance of paragraph 7(2) of Schedule 2AA has not yet been made; or

(ii) the distribution exemption holder has specified, in a notice under paragraph 1(6)(a)(i) of Schedule 2AA, a metering arrangement which it considers would be required for access to be given to a third party supplier (within the meaning of that Schedule) and that metering arrangement is not yet in place;

(c) that any other circumstance which is outside the control of the supply exemption holder and which it has taken all reasonably practicable steps to resolve prevents it from starting to supply gas to the premises.

(6) If, because of a reason in sub-paragraph (5), a supply exemption holder is not required to start supplying gas to the premises within 21 days of the relevant date, it must start supplying gas to the premises as soon as is reasonably practicable after the reason ceases to apply, and in any event within 21 days of the date on which the reason ceases to apply (but if there is more than one reason, references in this sub-paragraph to a reason’s ceasing to apply are to all the reasons’ having ceased to apply).

(7) If another supply exemption holder is currently supplying gas to the premises and has objected to the change of supplier under paragraph 2, then the supply exemption holder mentioned in sub-paragraph (1) above—

(a) must not start supplying gas to the premises before that objection is resolved; but

(b) must start supplying gas to the premises as soon as is reasonably practicable after the objection is resolved, and in any event within 21 days of the date on which the objection is resolved.

(8) For the purposes of sub-paragraph (7) an objection made under paragraph 2 is taken to be resolved—

(a) in the case of an objection based on the reason in paragraph 2(5)(a) alone—

(i) when the customer, or the supply exemption holder who made the objection, informs the supply exemption holder mentioned in sub-paragraph (1) above that the debt has been paid off in full; or

(ii) when an arrangement such as is mentioned in paragraph 2(5)(a)(iii) is made with respect to the debt;

(b) in the case of an objection based on the reason in paragraph 2(5)(b) alone, when the period mentioned in that paragraph expires;

(c) in the case of an objection based on both those reasons, when the objection has been resolved in relation to each reason in accordance with paragraphs (a) and (b) above; or

(d) in any case, when the objection is withdrawn.

(9) In this paragraph “the relevant date” means—

(a) the day after the day on which the supply exemption holder enters into the contract mentioned in sub-paragraph (1); or

(b) if, after the contract is entered into, there is a period within which the customer may decide not to proceed with it, the earlier of—
2. (1) This paragraph applies if—
   (a) a person ("the new supplier") has entered into a contract with a customer to start supplying electricity to any premises; and
   (b) a supply exemption holder is currently supplying electricity to the premises under a contract with that customer.

   (2) If one or more of the reasons in sub-paragraph (5) applies, the supply exemption holder may object to the change of supplier by sending notice of the objection and the reason (or reasons) for it to—
   (a) the new supplier; and
   (b) the customer.

   (3) A notice under sub-paragraph (2) must be sent—
   (a) as soon as reasonably practicable; and
   (b) if the supply exemption holder is notified under paragraph 1(2), or in accordance with a condition in a licence, that the contract has been entered into, not later than the end of the 14th day after the day on which it receives that notification.

   (4) If the supply exemption holder objects to a change of supplier because of the reason in sub-paragraph (5)(b), the notice of this objection must also state when the period mentioned in that sub-paragraph will expire.

   (5) The reasons in this sub-paragraph are that—
   (a) the customer owes money ("the debt") to the supply exemption holder in respect of gas supplied to the customer and—
      (i) the supply exemption holder has demanded payment of the debt;
      (ii) at least 28 days have passed since the date on which the demand was sent to the customer and any date for payment stated in the demand has also passed; and
      (iii) the new supplier and the supply exemption holder have not agreed to an arrangement under which some or all of the debt will be assigned to the new supplier; or
   (b) a contract between the supply exemption holder and the customer includes a term which prevents the customer from terminating that contract within a specified period which has not expired.

   (6) The supply exemption holder must comply with any reasonable request from the new supplier to provide any information, or take any other steps, required to enable the new supplier to start supplying gas to the customer’s premises.

3. (1) A supply exemption holder must not require a household customer to pay any sum in respect of a change of supplier by that household customer.

   (2) Sub-paragraph (1) does not prevent a supply exemption holder from requiring payment of any termination fee payable under any contract between it and the household customer.

   (3) A supply exemption holder must take all reasonable steps to ensure that a final bill in respect of any unpaid charges for gas supplied to a household customer’s premises...
is sent to that customer within 6 weeks of the date on which the supply exemption holder stops supplying gas to the premises.

Customer contracts

4. (1) Where a supply exemption holder enters into a contract with a household customer for the supply of gas it must provide the customer with a copy of the contract.

(2) The contract must specify—
   (a) the identity and address of the supply exemption holder;
   (b) the services provided, including any maintenance services provided;
   (c) any service quality levels that are to be met;

   (e) the means by which up-to-date information may be obtained about—
      (i) any applicable tariffs and maintenance charges; and
      (ii) the supply exemption holder’s standard terms and conditions;
   (f) the duration of the contract;
   (g) any conditions for renewal of the contract;
   (h) any conditions for termination of the contract or of any services provided under it, and whether the customer can terminate the contract if the supply exemption holder increases the applicable tariffs or charges, or changes one or more of the main contractual conditions;
   (i) any charges for early termination of the contract;
   (j) any compensation and refund arrangements which apply if any service quality levels specified in the contract are not met, including any arrangements which apply in the event of inaccurate or delayed billing;
   (k) the methods of dispute resolution available to the customer in the event of a dispute with the supply exemption holder, including how such dispute resolution procedures can be initiated; and
   (l) where further information on the customer’s rights as a consumer of gas can be found.

(3) If a supply exemption holder intends to increase the applicable tariffs or charges payable under a contract with a household customer it must inform that customer of the change and of any applicable termination rights as soon as practicable and no later than the date on which the customer is first charged for electricity at the increased rate.

(4) If a supply exemption holder intends to change any of the main contractual conditions of a contract with a household customer it must inform that customer of the change and of any applicable termination rights at least one month before the change is to come into effect.

(5) Any charge made under the contract for offering a particular payment method, including any charge for use of a pre-payment meter, must reflect the cost to the supply exemption holder of making that payment method available.

(6) A supply exemption holder must not treat a household customer or groups of household customers differently without good reason when offering different payment methods to customers.
(7) In this paragraph, “main contractual conditions” means any conditions of the contract which relate to a matter mentioned in any of paragraphs (b), (c) and (f) to (j) of sub-paragraph (2).

Customer information

5.  (1) No later than 12 months after entering into a contract with a customer to start supplying gas to any premises, and at intervals of not less than 12 months thereafter, a supply exemption holder must send the customer the information specified in sub-paragraph (3), (4) or (5) (whichever is applicable).

(2) But the supply exemption holder is required to specify the matters mentioned in sub-paragraphs (3)(b) and (4)(b) only so far as it is reasonably practicable to do so.

(3) If the customer is charged for its supply wholly or partly by reference to the quantity of gas supplied and a meter records the quantity supplied to that customer separately from the quantity supplied to other customers, the information in question is—

(a) the number of that meter if it has one;

(b) the amount of gas recorded by that meter as having been consumed by that customer in the 12 months immediately preceding the date on which the information is sent (or in the part of that period during which the supply exemption holder supplied electricity to those premises under the contract with the customer); and

(c) the total cost that the customer has been charged for that gas.

(4) If the customer is charged for its supply wholly or partly by reference to the quantity of gas supplied and that quantity is not recorded using a separate meter, the information in question is—

(a) the number of any meter that recorded the total gas consumed by that customer and other customers in the 12 months immediately preceding the date on which the information is sent (or in any part of that period during which the supply exemption holder supplied gas to those premises under the contract with the customer);

(b) the amount of gas recorded by that meter; and

(c) an explanation as to how the proportion of gas charged to the customer was determined.

(5) If the customer is not charged for its supply by reference to the quantity of gas supplied, the information in question is the total cost that the customer has been charged for that gas in the 12 months immediately preceding the date on which the information is sent.

(6) A supply exemption holder who is supplying electricity to any premises under a contract with a customer must comply with any written request by the customer to send relevant information—

(a) to the customer, or

(b) to a person who is not currently supplying electricity to the premises under a contract with the customer but has expressed an interest in doing so.

(7) In sub-paragraph (6) “relevant information” means—

(a) if information has been sent to a customer in accordance with sub-paragraph (1) in the previous 12 months, a copy of that information;
6. (1) A supply exemption holder must—
   (a) with each bill inform each customer what methods of dispute resolution are available to the customer in the event of a dispute with the supply exemption holder; and
   (b) with each bill inform each household customer—
       (i) where the energy consumer guidance and the concise guidance can be found; and
       (ii) that the household customer has a right to request a copy of the concise guidance from the supply exemption holder.

(2) At the end of any period of 12 months during which a supply exemption holder has supplied a customer with gas but has not sent a bill (nor provided the customer with information under this sub-paragraph) the supply exemption holder must inform the customer of—
   (a) the matters mentioned in sub-paragraph (1)(a), and
   (b) if the customer is a household customer, the matters mentioned in sub-paragraph (1)(b).

(3) A supply exemption holder must send a household customer a copy of the concise guidance within one month of receiving a request for it from or on behalf of that customer.

(4) A supply exemption holder must not require a customer to pay for any costs associated with preparing or sending information to the customer in accordance with this paragraph.

(5) In this paragraph—
   (a) “the energy consumer guidance” means any guidance such as in mentioned in section 19A(1)(a) of the Consumers, Estate Agents and Redress Act 2007 which is published under that section; and
   (b) “the concise guidance” means any summary such as is mentioned in section 19A(1)(b) of that Act which is so published.

7. (1) Sections 27C and 27D apply in relation to an exempt supply dispute as they apply in relation to an Article 41 dispute such as is mentioned in section 27B(1), but as if in section 27C(8) the words “against whom a complaint is made as mentioned in section 27B(1)(a), and” were omitted.

(2) A dispute is an “exempt supply dispute” if—
   (a) it is wholly or mainly a dispute—
       (i) regarding an obligation of a supply exemption holder under this Schedule; or
(ii) as to whether a supply exemption holder who has objected to a
change of supplier because of a reason in paragraph 2(5) of this
Schedule was entitled to object on that basis;
(b) it arises from a written complaint made against the supply exemption holder,
and
(c) it is a dispute between the complainant and that supply exemption holder.

| F732(1A) | A payment is a relevant payment for the purposes of sub-paragraph (1) if it is due to the gas supplier from the consumer— |
| | (a) in respect of the supply of gas to any premises of the consumer (in this paragraph referred to as “the premises”); or |

| | (b) the supplier has assigned to the new supplier his right to recover any of the payments due to him from the consumer, |
| sub-paragraph (3) above shall apply as if any reference to the supplier were a reference to the new supplier. |

(5) The powers conferred by sub-paragraphs (3) and (4) above shall not be exercisable as respects any payments or deposit the amount of which is genuinely in dispute.
8  (1) Where a gas supplier supplies gas to a consumer otherwise than in pursuance of a contract, the supplier shall be deemed to have contracted with the consumer for the supply of gas as from the time ( "the relevant time ") when he began so to supply gas to the consumer.

(2) Where—

(a) the owner or occupier of any premises takes a supply of gas which has been conveyed to those premises by a gas transporter in pursuance of arrangements made with the transporter by a gas shipper, or by a person authorised to make the arrangements by an exemption granted under section 6A of this Act;

(b) that supply is not made by a gas supplier, or by a person authorised to make it by an exemption granted under section 6A of this Act or an exception contained in Schedule 2A to this Act; and

(3) In sub-paragraph (2) above “the appropriate supplier ” means—

(a) the gas supplier who previously supplied gas to the premises or, if more than one, the gas supplier who last supplied gas to the premises; or

(b) where that supplier’s licence has been assigned generally, or has been assigned so far as relating to the premises, the person to whom the licence was so assigned; or

supplier with whom that supplier made arrangements for securing continuity of supply to the premises.

(4) The express terms and conditions of a contract which, by virtue of sub-paragraph (1) or (2) above, is deemed to have been made shall be provided for by a scheme made under this paragraph.

(5) Each gas supplier shall make, and from time to time revise, a scheme for determining the terms and conditions which are to be incorporated in the contracts which, by virtue of sub-paragraph (1) or (2) above, are to be deemed to have been made; but this sub-paragraph shall not apply in any case where it is reasonably expected that neither of those sub-paragraphs will apply.

(6) The terms and conditions so determined may include terms and conditions for enabling the gas supplier to determine, in any case where the meter is not read immediately before the relevant time, the number of therms or kilowatt hours which are to be treated as supplied to the consumer, or taken by the owner or occupier of the premises, during the period beginning with the relevant time and ending with—

Where any person takes a supply of gas which is in the course of being conveyed by a gas transporter, the transporter shall be entitled to recover from that person the value of the gas so taken.

Where—

(a) any person at premises which have been reconnected in contravention of paragraph 11(1) below takes a supply of gas which has been conveyed to those premises by the gas transporter; and

(b) the supply is taken otherwise than in pursuance of a contract made with a gas supplier, or deemed to have been made with such a supplier by virtue of paragraph 8 above or paragraph 19 of Schedule 5 to the Gas Act 1995,

the transporter shall be entitled to recover from that person the value of the gas so taken.

Each gas transporter shall make, and from time to time revise, a scheme providing for the manner in which, and the persons by whom, the number of therms or kilowatt hours represented by a supply of gas taken in such circumstances as are mentioned in sub-paragraph (1) or (2) above is to be determined for the purposes of that sub-paragraph.

Sub-paragraphs (10) and (11) of paragraph 8 above shall apply in relation to a scheme under this paragraph as they apply in relation to a scheme under that paragraph.

In this paragraph—

“gas supplier ” includes a person authorised to supply gas by an exemption granted under section 6A of this Act or an exception contained in Schedule 2A to this Act;

“value ”, in relation to any gas taken in such circumstances as are mentioned in sub-paragraph (1) or (2) above, means the amount which, if the gas had been taken in such circumstances as are mentioned in sub-paragraph (2) of paragraph 8 above, could reasonably be expected to have been payable in respect of the gas under a contract deemed to have been made by virtue of that sub-paragraph.

   (c) prevents any such meter from duly registering the quantity of gas conveyed or supplied,

   he shall be guilty of an offence and liable on summary conviction to a fine not exceeding level 3 on the standard scale.

(2) In the case of any offence under sub-paragraph (1) above, the transporter or supplier may disconnect the premises of, or cut off the supply of gas to, the person so offending.

(3) Where any person is prosecuted for an offence under sub-paragraph (1)(b) or (c) above, the possession by him of artificial means for causing an alteration of the index of the meter or, as the case may be, for preventing the meter from duly registering shall, if the meter was in his custody or under his control, be prima facie evidence that the alteration or prevention was intentionally caused by him.

Restoration of supply without consent

11. (1) Where a consumer’s premises have been disconnected by a gas transporter, or a supply of gas to a consumer’s premises has been cut off by a gas supplier, otherwise than in the exercise of a power conferred by—

7 For section 7 of that Act (measure of compensation) there shall be substituted the following section—

“7 In assessing the compensation to be paid by the acquiring authority under this Act regard shall be had not only to the extent (if any) to which the value of the land over which the right is to be acquired is depreciated by the acquisition of the right but also to the damage (if any) to be sustained by the owner of the land by reason of its severance from other land of his, or injuriously affecting that other land by the exercise of the powers conferred by this or the special Act.”

F776 Section 8(1) of the Compulsory Purchase Act 1965 has effect as if references to acquiring land were to acquiring a right in the land, and Schedule 2A to that Act is to be read as if, for that Schedule, there were substituted—

“SCHEDULE
2A
COUNTER-NOTICE REQUIRING PURCHASE OF LAND

Introduction

1 (1) This Schedule applies where an acquiring authority serve a notice to treat in respect of a right over the whole or part of a house, building or factory.

(2) But see section 2A of the Acquisition of Land Act 1981 (under which a compulsory purchase order can exclude from this Schedule land that is 9 metres or more below the surface).
2 In this Schedule “house” includes any park or garden belonging to a house.

Counter-notice requiring purchase of land

3 A person who is able to sell the house, building or factory (“the owner”) may serve a counter-notice requiring the authority to purchase the owner’s interest in the house, building or factory.

4 A counter-notice under paragraph 3 must be served within the period of 28 days beginning with the day on which the notice to treat was served.

Response to counter-notice

5 On receiving a counter-notice the acquiring authority must decide whether to—
   (a) withdraw the notice to treat,
   (b) accept the counter-notice, or
   (c) refer the counter-notice to the Upper Tribunal.

6 The authority must serve notice of their decision on the owner within the period of 3 months beginning with the day on which the counter-notice is served (“the decision period”).

7 If the authority decide to refer the counter-notice to the Upper Tribunal they must do so within the decision period.

8 If the authority do not serve notice of a decision within the decision period they are to be treated as if they had served notice of a decision to withdraw the notice to treat at the end of that period.

9 If the authority serve notice of a decision to accept the counter-notice, the compulsory purchase order and the notice to treat are to have effect as if they included the owner’s interest in the house, building or factory.

Determination by Upper Tribunal

10 On a referral under paragraph 7 the Upper Tribunal must determine whether the acquisition of the right would—
   (a) in the case of a house, building or factory, cause material detriment to the house, building or factory, or
   (b) in the case of a park or garden, seriously affect the amenity or convenience of the house to which the park or garden belongs.

11 In making its determination, the Upper Tribunal must take into account—
   (a) the effect of the acquisition of the right,
   (b) the proposed use of the right, and
   (c) if the right is proposed to be acquired for works or other purposes extending to other land, the effect of the whole of the works and the use of the other land.

12 If the Upper Tribunal determines that the acquisition of the right would have either of the consequences described in paragraph 10 it must determine how much of the house, building or factory the authority ought to be required to take.
13 If the Upper Tribunal determines that the authority ought to be required to take some or all of the house, building or factory the compulsory purchase order and the notice to treat are to have effect as if they included the owner’s interest in that land.

14 (1) If the Upper Tribunal determines that the authority ought to be required to take some or all of the house, building or factory, the authority may at any time within the period of 6 weeks beginning with the day on which the Upper Tribunal makes its determination withdraw the notice to treat in relation to that land.

(2) If the acquiring authority withdraws the notice to treat under this paragraph they must pay the person on whom the notice was served compensation for any loss or expense caused by the giving and withdrawal of the notice.

(3) Any dispute as to the compensation is to be determined by the Upper Tribunal.”

PART II

PROVISIONS AND SAVINGS COMING INTO FORCE ON TRANSFER DATE

18 An authorisation granted under section 7 of this Act to the Corporation which is effective on the transfer date shall have effect as if granted to the successor company.

19 A declaration made by the Corporation in accordance with regulations made, or having effect as if made, under section 12(3) of this Act which is effective on the transfer date shall have effect as if made by the successor company.

20 A tariff fixed, or having effect as fixed, under section 14(1) of this Act by the Corporation which is effective on the transfer date shall have effect as if fixed by the successor company.

21 A direction given, or having effect as if given, under section 19 of this Act to the Corporation which is effective on the transfer date shall have effect as if given to the successor company.

23 A direction given, or having effect as if given, under section 21(1) this Act to the Corporation which is effective on the transfer date shall have effect as if given to the successor company.

24 Any office fixed or address published by the Corporation for the purposes of section 46(3) of this Act, and any office or address having effect as if so fixed or published, shall be deemed on and after the transfer date to have been so fixed or published by the successor company.

25 A direction given under section 63 of this Act to the Corporation which is effective on the transfer date shall have effect as if given to the successor company.

26 A compulsory purchase order made by the Corporation which was made, or has effect as if made, by virtue of Schedule 3 to this Act and is effective on the transfer date shall have effect as if made by the successor company.

27 (1) Where immediately before the transfer date there is in force an agreement which—

   (a) confers or imposes on the Corporation any rights or liabilities which vest in the successor company by virtue of section 49 of this Act; and

   (b) refers (in whatever terms and whether expressly or by implication) to a member or officer of the Corporation,

   the agreement shall have effect, in relation to anything falling to be done on or after that date, as if for that reference there were substituted a reference to such person as that company may appoint or, in default of appointment, to the officer of that company who corresponds as nearly as may be to the member or officer of the Corporation in question.

   (2) References in this paragraph to an agreement include references to a deed, bond or other instrument.
28 (1) Any agreement made, transaction effected or other thing done by, to or in relation to the Corporation which is in force or effective immediately before the transfer date shall have effect as if made, effected or done by, to or in relation to the successor company, in all respects, as if the successor company were the same person, in law, as the Corporation, and accordingly references to the Corporation—
(a) in any agreement (whether or not in writing) and in any deed, bond or instrument;
(b) in any process or other document issued, prepared or employed for the purposes of any proceeding before any court or other tribunal or authority; and
(c) in any other document whatsoever (other than an enactment) relating to or affecting any property, right or liability of the Corporation which vests by virtue of section 49 of this Act in the successor company,
shall be taken as referring to the successor company.

(2) Nothing in sub-paragraph (1) above shall be taken as applying in relation to any agreement made, transaction effected or other thing done with respect to any right or liability of the Corporation which vests by virtue of section 50 of this Act in the Treasury.

29 It is hereby declared for the avoidance of doubt that—
(a) the effect of section 49 of this Act in relation to any contract of employment with the Corporation in force immediately before the transfer date is merely to modify the contract by substituting the successor company as the employer (and not to terminate the contract or vary it in any other way); and
(b) that section is effective to vest the rights and liabilities of the Corporation under any agreement or arrangement for the payment of pensions, allowances or gratuities in the successor company along with all other rights and liabilities of the Corporation;

and accordingly any period of employment with the Corporation or a wholly owned subsidiary of the Corporation shall count for all purposes as a period of employment with the successor company or (as the case may be) a wholly owned subsidiary of the successor company.

30 (1) Any certificate issued or other thing done in pursuance of any regulation made or having effect as if made under section 21 of the 1972 Act which is in force or effective immediately before the transfer date shall have effect as if issued or done in pursuance of the corresponding enactment, regulation or rule relating to securities issued under the National Loans Act 1968.

(2) Any agreement made, transaction effected or other thing done in relation to any British Gas 3% Guaranteed Stock, 1990-95 which is in force or effective immediately before the transfer date shall have effect as if made, effected or done in relation to that Stock as renamed under subsection (3) of that section and, accordingly, references to that Stock in any agreement (whether or not in writing) or in any deed, bond, instrument or other document whatsoever shall be taken as referring to that Stock as so renamed.

(3) In this paragraph “British Gas Stock” has the same meaning as in section 50 of this Act.
31 (1) It shall be the duty of the Corporation and of the successor company to take, as and when during the transitional period the successor company considers appropriate, all such steps as may be requisite to secure that the vesting in the successor company by virtue of section 49 of this Act or this paragraph of any foreign property, right or liability is effective under the relevant foreign law.

(2) During the transitional period, until the vesting in the successor company by virtue of section 49 of this Act or this paragraph of any foreign property, right or liability is effective under the relevant foreign law, it shall be the duty of the Corporation to hold that property or right for the benefit of, or to discharge that liability on behalf of, the successor company.

(3) Nothing in sub-paragraphs (1) and (2) above shall be taken as prejudicing the effect under the law of the United Kingdom or of any part of the United Kingdom of the vesting in the successor company by virtue of section 49 of this Act or this paragraph of any foreign property, right or liability.

(4) The Corporation shall have all such powers as may be requisite for the performance of its duty under this paragraph, but—
   (a) it shall be the duty of the successor company during the transitional period to act on behalf of the Corporation (so far as possible) in performing the duty imposed on the Corporation by this paragraph; and
   (b) any foreign property, rights and liabilities acquired or incurred by the Corporation during that period shall immediately become property, rights and liabilities of the successor company.

(5) References in this paragraph to any foreign property, right or liability are references to any property, right or liability as respects which any issue arising in any proceedings would have been determined (in accordance with the rules of private international law) by reference to the law of a country or territory outside the United Kingdom.

(6) Any expenses incurred by the Corporation under this paragraph shall be met by the successor company.

32 (1) Notwithstanding the repeal by this Act of section 8 of the 1972 Act, it shall be the duty of the Corporation to make a report to the Secretary of State in accordance with that section in respect of each financial year of the Corporation ending before the transfer date.

(2) Notwithstanding the repeal by this Act of section 23 of that Act, it shall be the duty of the Corporation to prepare statements of accounts in accordance with subsection (1) (b) and (2) of that section in respect of each financial year of the Corporation ending before the transfer date, and that section shall continue to apply during the transitional period in relation to those statements and in relation also to the auditing of those statements and of accounts kept in accordance with subsection (1)(a) of that section in respect of that financial year.

(3) Any expenses incurred by the Corporation under this paragraph shall be met by the successor company.
33 Where by virtue of anything done before the transfer date, any enactment amended by Schedule 7 to this Act has effect in relation to the Corporation, that enactment shall have effect in relation to the successor company as if that company were the same person, in law, as the Corporation.

34 Every provision contained in a local Act, or in subordinate legislation, which is in force immediately before the transfer date and then applicable to the Corporation shall have effect as if—

(a) for references therein to the Corporation there were substituted references to the successor company; and

(b) for any reference (however worded and whether expressly or by implication) to the undertaking or business, or any part of the undertaking or business, of the Corporation there were substituted a reference to the undertaking or business, or the corresponding part of the undertaking or business, of the successor company.

35 (1) Nothing in this Act shall effect the validity of anything done by, or in relation to, the Corporation before the transfer date under or by virtue of the Public Utilities Street Works Act 1950; and anything which, immediately before that date, is in process of being done under, or by virtue of, that Act by or in relation to it (including, in particular, any legal proceedings to which it is a party) may be continued by, or in relation to, the successor company.

(2) Any notice or direction given or other thing whatsoever done under the said Act of 1950 by the Corporation shall, if effective at the transfer date, continue in force and have effect as if similarly given or done by the successor company.

Annotions:

36 (1) For the purposes of section 33 of the General Rate Act 1967 (public gas suppliers) the successor company shall be treated as if it were the same person as the Corporation.

(2) An order under subsection (1) of that section which applies that section to the Corporation and is effective on the transfer date shall have effect as if it applied that section to the successor company.

(3) An order under subsection (5) of that section which applies in relation to hereditaments occupied by the Corporation and is effective on the transfer date shall have effect as if it applied to the corresponding hereditaments occupied by the successor company.

Annotions:

37 (1) Where an asset, or the right to receive an asset, vests in the successor company by virtue of section 49 of this Act, then for the purposes of Part I of the Industry Act 1972 and Part II of the Industrial Development Act 1982—
(a) so much of any expenditure incurred by the Corporation in providing that asset as is approved capital expenditure (of any description relevant for the purposes of regional development grant) in respect of which no payment of regional development grant has been made to the Corporation shall be treated as having been incurred by the successor company and not by the Corporation; and

(b) where the asset itself vests in the successor company by virtue of section 49 of this Act, it shall be treated as a new asset if it would have fallen to be so treated if it had remained vested in the Corporation.

(2) In this paragraph “regional development grant” means a grant under Part I of the Industry Act 1972 or Part II of the Industrial Development Act 1982 and “approved capital expenditure” has the same meaning as it has for the purposes of the provisions relating to regional development grant.

41 (1) Where a distribution is proposed to be declared during the accounting reference period of the successor company which includes the transfer date or before any accounts are laid or filed in respect of that period, sections 270 to 276 of the Companies Act 1985 (accounts relevant for determining whether a distribution may be made by a company) shall have effect as if—

(a) references in section 270 to the company’s accounts or to accounts relevant under that section; and

(b) references in section 273 to initial accounts,

included references to such accounts as, on the assumptions stated in sub-paragraph (2) below, would have been prepared under section 227 of that Act in respect of the relevant year.

(2) The said assumptions are—

(a) that the relevant year had been a financial year of the successor company;

(b) that the vesting effected by section 49 of this Act had been a vesting of all the property, rights and liabilities (other than any rights or liabilities which vest in the Treasury by virtue of section 50 of this Act) to which the Corporation was entitled or subject immediately before the beginning of the relevant year and had been effected immediately after the beginning of that year;

(c) after the value of any asset and the amount of any liability of the Corporation vested in the successor company by virtue of that section had been the value or (as the case may be) the amount assigned to that asset or liability for the purposes of that statement of accounts prepared by the Corporation in respect of the financial year immediately preceding the relevant year;

(d) that any securities of the successor company issued or allotted before the declaration of the distribution had been issued or allotted before the end of the relevant year; and

(e) such other assumptions (if any) as may appear to the directors of the successor company to be necessary or expedient for the purposes of this paragraph.

(3) For the purposes of the said accounts the amount to be included in respect of any item shall be determined as if anything done by the Corporation (whether by way of acquiring, revaluing or disposing of any asset or incurring, revaluing or discharging any liability, or by carrying any amount to any provision or reserve, or otherwise) had been done by the successor company.

Accordingly (but without prejudice to the generality of the preceding provision) the amount to be included in any reserves of the successor company as representing its accumulated realised profits shall be determined as if any profits realised and retained by the Corporation had been realised and retained by the successor company.

(4) The said accounts shall not be regarded as statutory accounts for the purposes of section 55 of this Act.

(5) In this paragraph—

“complete financial year” means a financial year ending with 31st March;

“the relevant year” means the last complete financial year of the Corporation ending before the transfer date;

“securities” has the same meaning as in Part II of this Act.
