- (3) Where, after further considering an application under subsection (1) above, the Director is satisfied that the giving of directions under this section would not prejudice the conveyance by the pipe-line of—
- (a) the quantities of gas which the public gas supplier requires or may reasonably be expected to require to be conveyed by the pipe-line in order to secure the performance by the supplier of his duties under sections 9(1) and 10(1) above and his contractual obligations; and
 - (b) the quantities of gas which any person who has a right to have gas conveyed by the pipe-line is entitled to require to be so conveyed in the exercise of that right,

 - (ii) if so, what improvement in energy efficiency is to be attributed for that purpose to the proposed action or to any result of that action specified in the determination; and
 - (f) requiring transporters or suppliers to produce to the Authority evidence of a specified kind demonstrating that they have complied with their energy efficiency obligations.
