- (1) Where a toll order does not authorise a special road authority to assign their rights under the order to charge and to collect tolls, the toll order shall in every case specify the maximum tolls which may be charged for the use of the road or any length of the road in respect of which tolls are charged.
- (2) The order may specify different maxima for different descriptions of traffic (which need not correspond with the classes of traffic prescribed by the special road scheme) and may provide for the amounts to be varied in accordance with a formula specified in the order.
- (3) Subject to section 32, where a toll order does authorise a special road authority to assign their rights under the order to charge and to collect tolls, it shall not specify any maximum in respect of tolls which may be charged by the concessionaire.

- (2) The Secretary of State may make provision by regulations as to what is to be treated as a major crossing for this purpose and as to the circumstances in which another route is to be taken to be, or not to be, a reasonably convenient alternative.
- (3) Subject to any such regulations, a major crossing means a crossing of navigable waters more than 100 metres wide and a reasonably convenient alternative means another crossing (other than a ferry) which is free of toll and is within five miles of the crossing in question.

For this purpose—

- (a) the width of tidal waters shall be ascertained by reference to the mean high-water mark and the width of other waters by reference to the ordinary limits of the waters, and
 - (b) the distance between two crossings shall be taken to be the shortest distance between the centre lines of the two crossings.

If that condition ceases to be satisfied, generally or in relation to certain types of traffic, the provisions of the order as to maximum tolls shall, where an assignation has been granted under section 28(1), cease to apply, or cease to apply to that type of traffic, for so long as that remains the case.

- (5) The order may specify different maxima for different descriptions of traffic (which need not correspond with the classes of traffic prescribed by the special road scheme) and may provide for the amounts to be varied in accordance with a formula specified in the order.

- (2) Where the toll charged is subject to a maximum specified by the toll order, the ^{M24}Fair Trading Act 1973 has effect as if the service deemed by subsection (1) above to be supplied were among those listed in Part I of Schedule 7 to that Act (services excluded from Director’s power to make monopoly reference).

- (3) The Restrictive Trade Practices Act 1976 has effect in relation to any agreement which—

- (3) He shall before the end of the next working day after the day on which the reinstatement is completed inform the street authority that he has completed the reinstatement of the street, stating whether the reinstatement is permanent or interim.
- (4) If it is interim, he shall complete the permanent reinstatement of the street as soon as reasonably practicable and in any event within six months (or such other period as may be prescribed) from the date on which the interim reinstatement was completed; and he shall notify the street authority when he has done so.
- (5) The permanent reinstatement of the street shall include, in particular, the reinstatement of features designed to assist people with a disability.
- (6) An undertaker who fails to comply with any provision of this section commits an offence and is liable on summary conviction to a fine not exceeding level 3 on the standard scale.
- (7) In proceedings against a person for an offence of failing to comply with subsection (2) it is a defence for him to show that any delay in reinstating the street was in order to avoid hindering the execution of other works, or other parts of the same works, to be undertaken immediately or shortly thereafter.

71 Materials, workmanship and standard of reinstatement.

- (1) An undertaker executing street works shall in reinstating the street comply with such requirements as may be prescribed as to the specification of materials to be used and the standards of workmanship to be observed.
- (2) He shall also ensure that the reinstatement conforms to such performance standards as may be prescribed—
 - (a) in the case of interim reinstatement, until permanent reinstatement is effected, and
 - (b) in the case of permanent reinstatement, for the prescribed period after the completion of the reinstatement.

This obligation is extended in certain cases and restricted in others by the provisions of section 73 as to cases where a reinstatement is affected by subsequent works.

- (3) Regulations made for the purposes of this section may make different provision in relation to different classes of excavation and different descriptions of street, and in relation to interim and permanent reinstatement.
- (4) The Secretary of State may issue or approve for the purposes of this section codes of practice giving practical guidance as to the matters mentioned in subsections (1) and (2); and regulations made for the purposes of this section may provide that—

- (a) so far as an undertaker complies with such a code of practice he shall be taken to comply with his duties under this section; and

- (5) An undertaker who fails to comply with his duties under this section commits an offence and is liable on summary conviction to a fine not exceeding level 3 on the standard scale.

72 Powers of street authority in relation to reinstatement.

If such a failure is disclosed, the undertaker shall bear the cost of the investigatory works; if not, the street authority shall bear the cost of the investigatory works and of any necessary reinstatement.

- (2) Where an undertaker has failed to comply with his duties under this Part with respect to reinstatement, he shall bear the cost of—

 - (c) an inspection by the authority when the remedial works have been completed.
- (3) The street authority may by notice require an undertaker who has failed to comply with his duties under this Part with respect to reinstatement to carry out the necessary remedial works within such period of not less than 7 working days as may be specified in the notice.

If he fails to comply with the notice, the authority may carry out the necessary works and recover from him the costs reasonably incurred by them in doing so.

- (4) If it appears to the street authority that a failure by an undertaker to comply with his duties under this Part as to reinstatement is causing danger to users of the street, the authority may carry out the necessary works without first giving notice and may recover from him the costs reasonably incurred by them in doing so.

They shall, however, give notice to him as soon as reasonably practicable stating their reasons for taking immediate action.

73 Reinstatement affected by subsequent works.

- (2) Where a reinstatement is affected by remedial works executed by the undertaker in order to comply with his duties under this Part with respect to reinstatement and the extent of the works exceeds that prescribed, the subsequent reinstatement shall be treated as a new reinstatement as regards the period of his responsibility.

- (4) Where a reinstatement is affected by remedial works executed by the street authority in exercise of their powers under section 72(3) or (4) (powers to act in default of undertaker)—
 - (a) the undertaker is responsible for the subsequent reinstatement carried out by the authority, and
 - (b) if the extent of the works exceeds that prescribed, the subsequent reinstatement shall be treated as a new reinstatement as regards the period of his responsibility.
- (5) The following provisions apply where a reinstatement is affected by subsequent works in the street otherwise than as mentioned above.
- (6) If the reinstatement is dug out to any extent in the course of the subsequent works, the responsibility of the undertaker for the reinstatement shall cease to that extent.
- (7) If in any other case the reinstatement ceases to conform to the prescribed performance standards by reason of the subsequent works, the responsibility of the undertaker for the reinstatement is transferred to the person executing the subsequent works; and the provisions of this Part apply in relation to him as they would have applied in relation to the undertaker.
- (8) Where there are successive subsequent works affecting a reinstatement, then as between earlier and later works—
 - (a) subsections (6) and (7) apply in relation to the cessation or transfer of the responsibility of the person for the time being responsible for the reinstatement; and
 - (b) if the reinstatement ceases to conform to the prescribed performance standards by reason of the works or any of them, it shall be presumed until the contrary is proved that this was caused by the later or last of the works.

 - (b) the works are not completed within a reasonable period.
- (2) For this purpose “a reasonable period” means such period as is agreed by the authority and the undertaker to be reasonable or, in default of such agreement, is determined by arbitration to be reasonable, for completion of the works in question.

In default of agreement, the authority's view as to what is a reasonable period shall be acted upon pending the decision of the arbitrator.

(3) The regulations may provide that if an undertaker has reason to believe that the duration of works will exceed the prescribed period he may submit to the authority an estimate of their likely duration—

- (a) in the case of works in connection with the initial placing of apparatus in the street in pursuance of a street works licence, together with his application for the licence,

(4) The regulations may also provide that if it appears to the undertaker that by reason of matters not previously foreseen or reasonably foreseeable the duration of the works—

- (a) is likely to exceed the prescribed period,
- (b) is likely to exceed the period stated in his previous estimate, or
- (c) is likely to exceed the period previously agreed or determined to be a reasonable period,

he may submit an estimate or revised estimate accordingly, and that if he does so any previous estimate, agreement or determination shall cease to have effect and the period stated in the new estimate shall be taken to be agreed by the authority to be reasonable unless they give notice, in such manner and within such period as may be prescribed, objecting to the estimate.

(5) The amount of the charge shall be determined in such manner as may be prescribed by reference to the time taken to complete the works and the extent to which the surface of the highway is affected by the works.

Different rates of charge may be prescribed according to the place and time at which the works are executed and such other factors as appear to the Secretary of State to be relevant.

(6) The regulations may make provision as to the time and manner of making payment of any charge.

(7) The regulations shall provide that a highway authority may reduce the amount, or waive payment, of a charge in any particular case, in such classes of case as they may decide or as may be prescribed, or generally.

- (2) If any person having a sufficient interest in the land gives notice to the undertaker that he objects to the continuance of the powers and rights over the land given by that Schedule, those powers and rights shall cease to have effect at the end of the period of six months from the date on which the notice was given.

For this purpose a person has a sufficient interest in the land if he is an owner, lessee or occupier of the land having an interest greater than that of tenant for a year or from year to year.

107 Roads, road works and undertakers.

- (1) In this Part a “road” means any way (other than a substitute road made under section 74(1) of the ^{M50}Roads (Scotland) Act 1984 or a waterway) whether or not there is over it a public right of passage and whether or not it is for the time being formed as a way; and the expression includes a square or court, and any part of a road.
- (2) Where a road passes over a bridge or through a tunnel, references in this Part to the road include that bridge or tunnel.
- (3) In this Part “road works” means works for any purposes other than roads purposes, being works of any of the following kinds executed in a road in pursuance of a statutory right or with permission granted under section 109—
 - (a) placing apparatus, or
 - (b) inspecting, maintaining, adjusting, repairing, altering or renewing apparatus, changing the position of apparatus or removing it,or works required for or incidental to any such works (including, in particular, breaking up or opening the road, or any sewer, drain or tunnel under it, or tunnelling or boring under the road).
- (4) In this Part “undertaker” in relation to road works means the person by whom the relevant statutory right is exercisable (in the capacity in which it is exercisable by him) or a person having permission under section 109 to execute road works, as the case may be.

- (2) In the case of a road for which the Secretary of State is the roads authority but in relation to which a local roads authority acts as his agent under section 4 of the Roads (Scotland) Act 1984, the local roads authority shall be regarded as the road works authority for the purposes of section 112 (the road works register) and sections 113 to 119 (advance notice and co-ordination of works).

 - (a) where the works include the breaking up or opening in the road of a sewer vested in the local authority, that local authority;

- but without prejudice to the provisions of this Part as to the making of requirements by any such authority or person or as to the settlement of a plan and section and the execution of the works in accordance with them.

- (a) the duration of the works exceeds such period as may be prescribed, and
 - (b) the works are not completed within a reasonable period.

- (2) For this purpose “a reasonable period” means such period as is agreed by the authority and the undertaker to be reasonable or, in default of such agreement, is determined by arbitration to be reasonable, for completion of the works in question.

In default of agreement, the authority’s view as to what is a reasonable period shall be acted upon pending the decision of the arbiter.

- (3) The regulations may provide that if an undertaker has reason to believe that the duration of works will exceed the prescribed period he may submit to the authority an estimate of their likely duration—
- (a) in the case of works in connection with the initial placing of apparatus in the road in pursuance of a permission granted under section 109 (permission to execute road works), together with his application for permission,
 - (b) in the case of other works (not being emergency works), together with his notice under section 114 (notice of starting date), or
 - (c) in the case of emergency works, as soon as reasonably practicable after the works are begun,

and that the period stated in an estimate so submitted shall be taken to be agreed by the authority to be reasonable unless they give notice, in such manner and within such period as may be prescribed, objecting to the estimate.

- (4) The regulations may also provide that if it appears to the undertaker that by reason of matters not previously foreseen or reasonably foreseeable the duration of the works—
- (a) is likely to exceed the prescribed period,
 - (b) is likely to exceed the period stated in his previous estimate, or
 - (c) is likely to exceed the period previously agreed or determined to be a reasonable period,

he may submit an estimate or revised estimate accordingly, and that if he does so any previous estimate, agreement or determination shall cease to have effect and the period stated in the new estimate shall be taken to be agreed by the authority to be reasonable unless they give notice, in such manner and within such period as may be prescribed, objecting to the estimate.

Different rates of charge may be prescribed according to the place and time at which the works are executed and such other factors as appear to the Secretary of State to be relevant.

- (6) The regulations may make provision as to the time and manner of making payment of any charge.
- (7) The regulations shall provide that a roads authority may reduce the amount, or waive payment, of a charge in any particular case, in such classes of case as they may decide or as may be prescribed, or generally.

- (3) The Secretary of State may by regulations make a scheme under which undertakers pay the prescribed fee only in respect of such proportion or number of excavations or other works as may be determined in accordance with the scheme.
- (4) The scheme may make provision—
- (a) as to the periods and areas by reference to which the proportion or number is to be determined, and
 - (b) as to the intervals at which an account is to be struck between an undertaker and a road works authority and any necessary payment or repayment made; and different provision may be made for different descriptions of undertaker and different descriptions of road works authority.
