- (3) In determining under this section whether a licence should be varied and, if so, what directions should be given under subsection (5) below, the Secretary of State shall consider whether any such direction would require such a variation of the licence as would so authorise—
- (a) the abstraction of water; or
 - (b) the flow of any inland waters to be obstructed or impeded by means of impounding works,
- as to derogate from rights which, at the time when the direction is given, are protected rights for the purposes of this Chapter.
- (4) The provisions of sections 39(2) and 40 above shall apply in relation to any proposals referred to the Secretary of State in accordance with section 53(4) above as if in those provisions—
- (a) any reference to the Authority were a reference to the Secretary of State;
 - (b) any reference to the application were a reference to the proposals; and
 - (c) the references to sections 38(3) and 39(1) were references to subsections (1) and (3) above.
- (5) Where the decision of the Secretary of State on a reference in accordance with section 53(4) above is that the licence in question should be revoked or varied, the decision shall include a direction to the Authority to revoke the licence or, as the case may be, to vary it so as to contain such provisions as may be specified in the direction.
- (6) A decision of the Secretary of State under this section with respect to any proposals shall be final.

55 Application for modification of licence by owner of fishing rights.

- (1) Subject to the following provisions of this section and to Schedule 7 to this Act, where a licence under this Chapter authorises abstraction from any inland waters in respect of which no minimum acceptable flow has been determined under Chapter I of this Part, any person who is the owner of fishing rights in respect of those inland waters may apply to the Secretary of State for the revocation or variation of the licence.
- (2) No application shall be made under this section in respect of any licence except at a time after the end of the period of one year beginning with the date on which the licence was granted but before a minimum acceptable flow has been determined in relation to the waters in question.
- (3) Any application under this section made by a person as owner of fishing rights in respect of any inland waters shall be made on the grounds that, in his capacity as owner of those rights, he has sustained loss or damage which is directly attributable to the abstraction of water in pursuance of the licence in question and either—
- (a) he is not entitled to a protected right for the purposes of this Chapter in respect of those inland waters; or
 - (b) the loss or damage which he has sustained in his capacity as owner of those rights is not attributable to any such breach of statutory duty as is mentioned in subsection (2) or (3) of section 60 below or is in addition to any loss or damage attributable to any such breach.
- (4) Where an application is made under this section in respect of any licence, the applicant shall serve notice in the prescribed form on the Authority and on the holder of the licence, stating that each of them is entitled, at any time before the end of the

period of twenty-eight days beginning with the date of service of the notice, to make representations in writing to the Secretary of State with respect to the application.

(5) In this section and section 56 below “fishing rights”, in relation to any inland waters, means any right (whether it is an exclusive right or a right in common with one or more other persons) to fish in those waters, where the right in question—

- (a) constitutes or is included in an interest in land; or
- (b) is exercisable by virtue of an exclusive licence granted for valuable consideration;

and any reference to an owner of fishing rights is a reference to the person for the time being entitled to those rights.

(6) In this section any reference to a right included in an interest in land is a reference to a right which is exercisable only by virtue of, and as a right incidental to, the ownership of that interest.

56 Determination of application under section 55.

(1) The Secretary of State, in determining any application under section 55 above in respect of any licence, shall take into account any representations in writing received by him, within the period mentioned in subsection (4) of that section, from the Authority or from the holder of the licence.

(2) Before determining on an application under section 55 above whether a licence should be revoked or varied the Secretary of State may, if he thinks fit—

- (a) cause a local inquiry to be held; or
- (b) afford to the applicant, the holder of the licence and the Authority an opportunity of appearing before, and being heard by, a person appointed by the Secretary of State for the purpose;

and the Secretary of State shall act as mentioned in paragraph (a) or (b) above if a request is made by the applicant, the holder of the licence or the Authority to be heard with respect to the proposals.

(3) Subject to subsections (4) and (5) below, on an application under section 55 above in respect of any licence, the Secretary of State shall not determine that the licence shall be revoked or varied unless—

- (a) the grounds of the application, as mentioned in subsection (3) of that section, are established to his satisfaction; and
- (b) he is satisfied that the extent of the loss or damage which the applicant has sustained, as mentioned in that subsection, is such as to justify the revocation or variation of the licence.

(4) On an application under section 55 above in respect of any licence, the Secretary of State shall not determine that the licence shall be revoked or varied if he is satisfied that the fact that the abstraction of water in pursuance of the licence caused the loss or damage which the applicant has sustained, as mentioned in subsection (3) of that section, was wholly or mainly attributable to exceptional shortage of rain or to an accident or other unforeseen act or event not caused by, and outside the control of, the Authority.

(5) Where the Secretary of State determines, on an application under section 55 above, that a licence shall be varied, the variation shall be limited to that which, in the opinion

of the Secretary of State, is requisite having regard to the loss or damage which the applicant has sustained as mentioned in subsection (3) of that section.

- (6) Where the decision of the Secretary of State on an application under section 55 above in respect of any licence is that the licence should be revoked or varied, the decision shall include a direction to the Authority to revoke the licence or, as the case may be, to vary it so as to contain such provisions as may be specified in the direction.
- (7) A decision of the Secretary of State on an application under section 55 above shall be final.

57 **Emergency variation of licences for spray irrigation purposes.**

- (1) This section applies where at any time—
 - (a) one or more licences under this Chapter are in force in relation to a source of supply authorising water abstracted in pursuance of the licences to be used for the purpose of spray irrigation, or for that purpose together with other purposes; and
 - (b) by reason of exceptional shortage of rain or other emergency, it appears to the Authority that it is necessary to impose a temporary restriction on the abstraction of water for use for that purpose.
- (2) Subject to subsections (3) and (4) below, where this section applies the Authority may serve a notice on the holder of any of the licences reducing, during such period as may be specified in the notice, the quantity of water authorised to be abstracted in pursuance of the licence from the source of supply for use for the purpose of spray irrigation; and, in relation to that period, the licence shall have effect accordingly subject to that reduction.
- (3) The Authority shall not serve a notice under this section in respect of abstraction of water from underground strata unless it appears to the Authority that such abstraction is likely to affect the flow, level or volume of any inland waters which are neither discrete waters nor inland waters comprised in an order under section 33 above.
- (4) In the exercise of the power conferred by this section in a case where there are two or more licences under this Chapter in force authorising abstraction from the same source of supply either at the same point or at points which, in the opinion of the Authority, are not far distant from each other—
 - (a) the Authority shall not serve a notice under this section on the holder of one of the licences unless a like notice is served on the holders of the other licences in respect of the same period; and
 - (b) the reductions imposed by the notices on the holders of the licences shall be so calculated as to represent, as nearly as appears to the Authority to be practicable, the same proportion of the quantity of water authorised by the licences (apart from the notices) to be abstracted for use for the purpose of spray irrigation.
- (5) The provisions of this section shall have effect without prejudice to the exercise of any power conferred by sections 51 to 54 above.

- (1) A breach of the duty imposed by subsection (1) of section 39 above (including that duty as applied by section 51(3) or 53(5) above) shall neither invalidate the grant or variation of a licence nor be enforceable by any criminal proceedings, by prohibition or injunction or by action against any person other than the Authority.
- (2) Instead, the duty referred to in subsection (1) above shall be enforceable, at the suit of any person entitled to a protected right for the purposes of this Chapter, by an action against the Authority for damages for breach of statutory duty.

- (3) Where under any provision of this Chapter, the Authority is directed by the Secretary of State to grant or vary a licence, and the licence, as granted or varied in compliance with the direction, authorises derogation from protected rights, then—
- (a) the grant or variation of the licence shall, as between the Authority and the person entitled to those rights, have effect as a breach on the part of the Authority of a statutory duty not to authorise derogation from those rights; and
 - (b) subsection (2) above shall apply in relation to that statutory duty as it applies in relation to the duty imposed by section 39(1) above.
- (4) Subsection (3) above shall be without prejudice to the duty of the Authority, to comply with the direction in question, but that duty shall not afford any defence in an action brought by virtue of paragraph (b) of that subsection.
- (5) In any action brought against the Authority in pursuance of this section it shall be a defence for the Authority to show that the fact, as the case may be—
- (a) that the abstraction of water authorised by the licence, as granted or varied by the Authority, derogated from the plaintiff's protected right; or
 - (b) that the obstruction or impeding of the flow of the inland waters authorised by the licence, as so granted or varied, derogated from the plaintiff's protected right,
- was wholly or mainly attributable to exceptional shortage of rain or to an accident or other unforeseen act or event not caused by, and outside the control of, the Authority.
- (6) This section has effect subject to the provision made by Schedule 7 to this Act.
- (7) In this section any reference to authorising a derogation from protected rights is a reference to so authorising—
- (a) the abstraction of water; or

- (5) Any question of disputed compensation under this section shall be referred to and determined by the Lands Tribunal; and in relation to the determination of any such compensation the provisions of sections 2 and 4 of the ^{M34}Land Compensation Act 1961 shall apply, subject to any necessary modifications.
- (6) For the purpose of assessing any compensation under this section, in so far as that compensation is in respect of loss or damage consisting of depreciation of the value of an interest in land, the rules set out in section 5 of the Land Compensation Act 1961 shall, so far as applicable and subject to any necessary modifications, have effect as they have effect for the purpose of assessing compensation for the compulsory acquisition of an interest in land.
- (7) Where the interest in land, in respect of which any compensation falls to be assessed in accordance with subsection (6) above, is subject to a mortgage—
 - (a) the compensation shall be assessed as if the interest were not subject to the mortgage;
 - (b) a claim for the compensation may be made by any mortgagee of the interest, but without prejudice to the making of a claim by the person entitled to the interest;
 - (c) no such compensation shall be payable in respect of the interest of the mortgagee (as distinct from the interest which is subject to the mortgage);

(ii) in the case of a park or garden, the part over which the right is proposed to be acquired can be made subject to that right without seriously affecting the amenity or convenience of the house;

and, if the Lands Tribunal so determine, the Tribunal shall award compensation in respect of any loss due to the acquisition of the right, in addition to its value; and thereupon the party interested shall be required to grant to the acquiring authority that right over the part of the house, building, manufactory, park or garden.

Section 22 of the 1965 Act
