  - (b) inland waters are related inland waters in relation to any other inland waters, where it appears to the [<sup>F9</sup>Agency] that changes in the flow of the other waters may affect the flow of the first-mentioned inland waters.

- (2) In the case of any abstraction of water from underground strata which falls within subsection (1) above, the restriction imposed by section 24(2) above shall not apply—
  - (a) to the construction or extension of any well, borehole or other work; or

- (1) The [<sup>F48</sup>Agency] shall not determine any application for a licence under this Chapter before the end of the period specified [<sup>F49</sup>in the notice referred to in section 37(4)(b)] above.

[<sup>F50</sup>(1A) An application shall be determined in two stages in accordance with subsections (1B) and (1C) below if it is an application for a full licence or a transfer licence which, if granted—

- (b) would in any other respect be different from the existing licence in a way which, if the existing licence were to continue without expiring, would require an application to be made under section 51(2) below for a variation of the licence.

(1B) So far as the application relates to any such difference as is mentioned in subsection (1A)(b) above, it shall first be treated for determination purposes as if it were an application for a variation under section 51(2) below (but as if the existing licence were to continue without expiring).

(1C) If the result of that would have been the grant of the application for variation of the licence, the application referred to in subsection (1) above shall be treated as one for a licence with that variation, and its determination concluded accordingly; and otherwise its determination shall be concluded as if it were an application for a licence with no such variation.]

- [F53 (4) Subsection (1) above, and paragraph (a) of subsection (3) above, do not apply if in relation to the application in question the requirements of section 37(1) above do not apply by virtue of section 37(6)(a) above or have been dispensed with by virtue of section 37A above.]

**56 Determination of application under section 55.**

- (1) The Secretary of State, in determining any application under section 55 above in respect of any licence, shall take into account any representations in writing received by him, within the period mentioned in subsection (4) of that section, from the [<sup>F103</sup>Agency] or from the holder of the licence.
- (2) Before determining on an application under section 55 above whether a licence should be revoked or varied the Secretary of State may, if he thinks fit—
  - (a) cause a local inquiry to be held; or
  - (b) afford to the applicant, the holder of the licence and the [<sup>F103</sup>Agency] an opportunity of appearing before, and being heard by, a person appointed by the Secretary of State for the purpose;

- (3) Subject to subsections (4) and (5) below, on an application under section 55 above in respect of any licence, the Secretary of State shall not determine that the licence shall be revoked or varied unless—
  - (a) the grounds of the application, as mentioned in subsection (3) of that section, are established to his satisfaction; and

- (4) On an application under section 55 above in respect of any licence, the Secretary of State shall not determine that the licence shall be revoked or varied if he is satisfied that the fact that the abstraction of water in pursuance of the licence caused the loss or damage which the applicant has sustained, as mentioned in subsection (3) of that section, was wholly or mainly attributable to exceptional shortage of rain or to an accident or other unforeseen act or event not caused by, and outside the control of, the [<sup>F103</sup>Agency].
- (5) Where the Secretary of State determines, on an application under section 55 above, that a licence shall be varied, the variation shall be limited to that which, in the opinion of the Secretary of State, is requisite having regard to the loss or damage which the applicant has sustained as mentioned in subsection (3) of that section.
- (6) Where the decision of the Secretary of State on an application under section 55 above in respect of any licence is that the licence should be revoked or varied, the decision shall include a direction to the [<sup>F103</sup>Agency] to revoke the licence or, as the case may be, to vary it so as to contain such provisions as may be specified in the direction.
- (7) A decision of the Secretary of State on an application under section 55 above shall be final.

### 57 Emergency variation of licences for spray irrigation purposes.

- (1) This section applies where at any time—
  - (a) one or more licences under this Chapter are in force in relation to a source of supply authorising water abstracted in pursuance of the licences to be used for the purpose of spray irrigation, or for that purpose together with other purposes; and
  - (b) by reason of exceptional shortage of rain or other emergency, it appears to the [F104Agency] that it is necessary to impose a temporary restriction on the abstraction of water for use for that purpose.
- (2) Subject to subsections (3) and (4) below, where this section applies the [F104Agency] may serve a notice on the holder of any of the licences reducing, during such period as may be specified in the notice, the quantity of water authorised to be abstracted in pursuance of the licence from the source of supply for use for the purpose of spray irrigation; and, in relation to that period, the licence shall have effect accordingly subject to that reduction.
- (3) The [F104Agency] shall not serve a notice under this section in respect of abstraction of water from underground strata unless it appears to the [F104Agency] that such abstraction is likely to affect the flow, level or volume of any inland waters which are neither discrete waters nor inland waters comprised in an order under section 33 above.
- (4) In the exercise of the power conferred by this section in a case where there are two or more licences under this Chapter in force authorising abstraction from the same source of supply either at the same point or at points which, in the opinion of the [F104Agency], are not far distant from each other—
  - (a) the [F104Agency] shall not serve a notice under this section on the holder of one of the licences unless a like notice is served on the holders of the other licences in respect of the same period; and
  - (b) the reductions imposed by the notices on the holders of the licences shall be so calculated as to represent, as nearly as appears to the [F104Agency] to be practicable, the same proportion of the quantity of water authorised by the licences (apart from the notices) to be abstracted for use for the purpose of spray irrigation.
- (5) The provisions of this section shall have effect without prejudice to the exercise of any power conferred by sections 51 to 54 above.

### **59C Apportionment of licence to abstract**

- (1) The holder of a full licence or of a transfer licence (the “old licence”) may apply to the Agency for the division of the holder’s right to abstract water in accordance with the old licence and for the transfer—

- (5) Subject to subsection (9) below, if the Agency receives an apportionment notice and the application for revocation referred to in subsection (4) above, the Agency shall—
  - (a) revoke the old licence;
  - (b) if the holder is to continue the abstraction in part and a licence is required under this Chapter for that purpose, grant to the holder of the old licence a licence relating to that part of the abstraction; and

- (6) Sections 34 to 45 above shall not apply to the grant of a new licence under subsection (5) above.

- (10) For the purposes of this Chapter, a person (whether the holder of the old licence or a successor) who proposes to carry on a part of the abstraction in the circumstances mentioned in subsection (9) above shall, if the old licence was a full licence, be taken to have the right to do so in relation to that part, subject to subsection (11) below.
- (11) For the purposes of this Chapter, a person shall cease to be taken to have a right, by virtue of subsection (10) above, to carry on an abstraction if—

### [<sup>F112</sup>61A Recovery of compensation from new licence-holder

- (1) This section applies where compensation has been paid under section 61 above to the holder of a licence (“licence A”) following its revocation, and—
  - (a) the holder of licence A was a water undertaker;
  - (b) at the time of the revocation an application from a qualifying person for a licence to abstract water (“licence B”) was outstanding;
  - (c) if the Agency had granted licence B while licence A still had effect, the Agency would have been in breach of the duty imposed on it by section 39(1) above owed to the holder of licence A;
  - (d) the ground for revoking licence A was that the Agency was of the view that in the interests of greater efficiency in the use of water resources it would be better for licence B to be granted and licence A revoked; and
  - (e) the Agency proposes to grant licence B.
- (2) If this section applies, the Agency may (if licence B is granted) recover from the qualifying person the amount of the compensation referred to in subsection (1) above (or such lesser amount as the Agency determines).
- (3) Subsection (6) of section 41 of the 1995 Act (which confers powers to make schemes imposing charges) shall apply to the amount referred to in subsection (2) above as if it were a charge due and payable to the Agency in respect of the subsistence of licence B.
- (4) In this section, “qualifying person” means—

- (2) Where, on an application under section 55 above for the revocation or variation of a licence, the Secretary of State determines—
  - (a) that the grounds of the application (as mentioned in subsection (3) of that section) have been established to his satisfaction; but
  - (b) that the licence shall not be revoked or varied in pursuance of that application, he shall certify accordingly for the purposes of the following provisions of this section.
- (3) Unless within the period of six months from the date on which a certificate under subsection (2) above is granted either—
  - (a) notice to treat for the acquisition of the fishing rights of the applicant, or of an interest in land which includes those rights, has been served by the [<sup>F113</sup>Agency]; or

 is depreciated by the operation of section 48(2) above in relation to the licence to which the application related.
- (5) Any question of disputed compensation under this section shall be referred to and determined by the Lands Tribunal; and in relation to the determination of any such compensation the provisions of sections 2 and 4 of the <sup>M9</sup>Land Compensation Act 1961 shall apply, subject to any necessary modifications.
- (6) For the purposes of this section a right or interest is acquired on compulsory purchase terms if it is acquired on terms that the price payable shall be equal to and shall, in default of agreement, be determined in like manner as the compensation which would be payable in respect thereof if the right or interest were acquired compulsorily by the [<sup>F113</sup>Agency].
- (7) Where—

- (b) notice to treat for the acquisition of the fishing rights to which the application related, or of an interest in land in which those rights are included, has been served by the [F113 Agency] within the period of six months from the date on which that certificate is granted,

then, for the purpose of assessing compensation in respect of any compulsory acquisition in pursuance of that notice to treat, no account shall be taken of any depreciation of the value of the fishing rights, or of the interest in question, which is applicable to the operation, in relation to that licence, of section 48(2) above.

- (8) Subsections (5) and (6) of section 55 above shall apply for construing references in this section to fishing rights or to rights included in an interest in land as they have effect for construing such references in that section.
