QUALITY OBJECTIVES

82 Classification of quality of waters.

- (1) The Secretary of State may, in relation to any description of controlled waters (being a description applying to some or all of the waters of a particular class or of two or more different classes), by regulations prescribe a system of classifying the quality of those waters according to criteria specified in the regulations.
- (2) The criteria specified in regulations under this section in relation to any classification shall consist of one or more of the following, that is to say—
 - (a) general requirements as to the purposes for which the waters to which the classification is applied are to be suitable;
 - (b) specific requirements as to the substances that are to be present in or absent from the water and as to the concentrations of substances which are or are required to be present in the water;

- (1) For the purpose of maintaining and improving the quality of controlled waters the Secretary of State may, by serving a notice on the [^{F1}Agency] specifying—
- (a) one or more of the classifications for the time being prescribed under section 82 above; and
 - (b) in relation to each specified classification, a date, establish the water quality objectives for any waters which are, or are included in, waters of a description prescribed for the purposes of that section.
- (2) The water quality objectives for any waters to which a notice under this section relates shall be the satisfaction by those waters, on and at all times after each date specified in the notice, of the requirements which at the time of the notice were the requirements for the classification in relation to which that date is so specified.
- (3) Where the Secretary of State has established water quality objectives under this section for any waters he may review objectives for those waters if—
- (a) five years or more have elapsed since the service of the last notice under subsection (1) or (6) of this section to be served in respect of those waters; or
 - (b) the [^{F1}Agency], after consultation with such water undertakers and other persons as it considers appropriate, requests a review;
- and the Secretary of State shall not exercise his power to establish objectives for any waters by varying the existing objectives for those waters except in consequence of such a review.

- (5) A notice under subsection (4) above shall be given—
