- (b) in consequence of the service of the notice, a question of disputed compensation in respect of the purchase of the right would, apart from this section, fall to be determined by the Lands Tribunal, and
- (c) before the Lands Tribunal have determined that question, the person on whom the notice has been served satisfies them that the relevant conditions are met.

 paragraph 10(3) of Schedule 1 (owners under incapacity),  
 paragraph 2(3) of Schedule 2 (absent and untraced owners), and  
 paragraphs 2(3) and 7(2) of Schedule 4 (common land),

- (5) Section 11 of that Act (powers of entry) shall be so modified as to secure that, as from the date on which the acquiring authority have served notice to treat in respect of any right, they have power, exercisable in the like circumstances and subject to the like conditions, to enter for the purpose of exercising that right (which shall be deemed for this purpose to have been created on the date of service of the notice); and sections 12 (penalty for unauthorised entry) and 13 (entry on sheriff's warrant in the event of obstruction) of that Act shall be modified correspondingly.
- (6) Section 20 of that Act (compensation for short term tenants) shall apply with the modifications necessary to secure that persons with such interests in land as are mentioned in that section are compensated in a manner corresponding to that in which they would be compensated on a compulsory acquisition of the land but taking into account only the extent (if any) of such interference with such interests as is actually caused, or likely to be caused, by the exercise of the right in question.
- (7) Section 22 of that Act (protection of acquiring authority's possession of land where interest accidentally omitted from purchase) shall be so modified as to enable the acquiring authority, in circumstances corresponding to those referred to in that section, to continue to be entitled to exercise the right acquired, subject to compliance with that section as respects compensation.
- (8) References in that Act to land are, in appropriate contexts, to be read (according to the requirements of the particular context) as referring to, or as including references to—
- (a) the right acquired or to be acquired, or
  - (b) the land over which the right is, or is to be, exercisable.
- (9) In the Land Compensation Act 1973, for section 44 there shall be substituted—

**“44 Compensation for injurious affection**

(1) Where a right over land is purchased from any person for the purpose of works which are to be situated partly on that land and partly elsewhere, compensation for injurious affection of land retained by that person shall be assessed by reference to the whole of the works and not only the part situated on the land over which the right is exercisable.

(2) In this section “compensation for injurious affection” means compensation for injurious affection under section 7 or 20 of the Compulsory Purchase Act 1965 as applied by paragraph 8(2) of Schedule 4 to the Channel Tunnel Rail Link Act 1996.”

- (10) For section 58 of that Act there shall be substituted—

*Status: This is the original version (as it was originally enacted).*

**“58 Determination of material detriment where right over part of house etc. proposed for compulsory acquisition.**

the Lands Tribunal shall take into account not only the effect of the right on the whole of the house, building or manufactory or of the house and the park or garden but also the use to be made of the rights proposed to be acquired and, in a case where the right is proposed to be acquired for works or other purposes extending to other land, the effect of the whole of the works and the use to be made of the other land.”

- 10 (1) The Secretary of State may by order provide, in relation to land to which this paragraph applies, that section 4(1) above, so far as relating to acquisition by virtue of paragraph 8(1) above, shall be treated as also authorising acquisition by such person as may be specified in the order.
- (2) This paragraph applies to land within the limits of deviation for the scheduled works or within the limits of land to be acquired or used which is or will be required for use in relocating any apparatus which it is expedient to divert or replace in consequence of the carrying out of any of the works authorised by this Part of this Act.
- (3) The power to make an order under sub-paragraph (1) above includes power to make an order varying or revoking any order previously made under that provision.
