5 When capital expenditure is incurred

- (1) For the purposes of this Act, the general rule is that an amount of capital expenditure is to be treated as incurred as soon as there is an unconditional obligation to pay it.

- (3) There are the following exceptions to the general rule.

- (6) If under an agreement—
- (a) there is an unconditional obligation to pay an amount of capital expenditure on a date earlier than accords with normal commercial usage, and
 - (b) the sole or main benefit which might have been expected to be obtained thereby is that the amount would be treated, under the general rule, as incurred in an earlier chargeable period,
- the amount is to be treated as incurred on the date on or before which it is required to be paid.
- (7) This section—
- (a) is subject to any provision of this Act which has the effect that expenditure is to be treated as incurred on a date later than would result from the application of this section, and
 - (b) does not apply to expenditure treated as incurred as a result of a person incurring an additional VAT liability.

6 Meaning of “chargeable period”

 - (b) one period of account includes another,
- the period common to both is to be treated as part of the first period of account only.
- (5) If there is a gap between two periods of account, the gap is to be treated as part of the first period of account.
- (6) If a period of account would (apart from this subsection) be longer than 18 months, that period must be treated as divided into separate periods of account—
- (a) the first beginning with the start date of the original period, and
 - (b) each subsequent one beginning with an anniversary of that date,
- so as to ensure that none of the periods of account is longer than 12 months.

Status: Point in time view as at 22/07/2004.

- (3) Subject to subsection (4), the amount of the notional expenditure is the market value of the plant or machinery on the date when it is brought into use for the purposes of the qualifying activity.
- (4) If the market value is greater than the actual expenditure, the amount of the notional expenditure is the amount of the actual expenditure, less any amount required to be deducted under subsection (5).
- (5) The amount to be deducted is any amount that under section 218 or 224 would have been left out of account in determining the person’s available qualifying expenditure if the actual expenditure had been incurred on the provision of the plant or machinery for the purposes of the qualifying activity.
- (6) The question whether the provision of the plant or machinery is to be treated as wholly or only partly for the purposes of the qualifying activity is to be determined according to whether the use referred to in subsection (1)(a) is wholly or only partly for those purposes.
- (7) This section is subject to section 161 (pre-trading expenditure on mineral exploration and access).

 - (a) as having incurred capital expenditure on the provision of the plant or machinery for the purposes of the qualifying activity on the date on which it is brought into use for those purposes, and
 - (b) as owning the plant or machinery as a result of having incurred that expenditure.
- (3) The amount of that capital expenditure is to be treated as being the market value of the plant or machinery on the date when it was brought into use for the purposes of the qualifying activity.
- (4) The question whether the provision of the plant or machinery is to be treated as wholly or only partly for the purposes of the qualifying activity is to be determined according to whether the use referred to in subsection (1)(b) is wholly or only partly for those purposes.

109 Writing-down allowances at 10%

- (4) Subsections (3) and (4) of section 56 (proportionate increases or reductions in amount in certain cases) apply for the purposes of subsection (1) of this section as they apply for the purposes of subsection (1) of that section.

110 Cases where allowances are prohibited

- (1) A person is not entitled to any writing-down or balancing allowances in respect of qualifying expenditure which is within subsection (2).
- (2) Expenditure is within this subsection if—
 - (a) it is incurred on the provision of plant or machinery for leasing,
 - (b) the plant or machinery is at any time in the designated period used for overseas leasing which is not protected leasing,

List

Leases in relation to which allowances are prohibited

- | | |
|----|--|
| 1. | The lease is expressed to be for a period of more than 13 years. |
| 2. | The lease, or a separate agreement, provides for—
(a) extending or renewing the lease, or
(b) the grant of a new lease, making it possible for the plant or machinery to be leased for a period of more than 13 years. |
| 3. | There is a period of more than one year between the dates on which any two consecutive payments become due under the lease. |
| 4. | Any payments are due under the lease or a collateral agreement other than periodical payments. |

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

5. If payments due under the lease or a collateral agreement are expressed as monthly amounts due over a period, any payment due for that period is not the same as any of the others.
But, for this purpose, ignore variations made under the terms of the lease which are attributable to changes in—
(a) the rate of corporation tax or income tax,
(b) the rate of capital allowances,
(c) any rate of interest where the changes are linked to changes in the rate of interest applicable to inter-bank loans, or
(d) the premiums charged for insurance of any description by a person who is not connected with the lessor or the lessee.
6. The lessor or a person connected with the lessor will, or may in certain circumstances, become entitled at any time to receive from the lessee or any other person a payment, other than a payment of insurance money, which is—
(a) of an amount determined before the expiry of the lease, and
(b) referable to a value of the plant or machinery at or after the expiry of the lease.
For this purpose, it does not matter whether the payment relates to a disposal of the plant or machinery.

-
- (3) In items 4 and 5 of the list “collateral agreement” means an agreement which might reasonably be construed as being collateral to the lease.

- (4) The amounts are—
- The balancing charge*
- The amount, if any, by which $F + N$ exceeds T , where—
- F is the amount of any first-year allowance made in respect of the qualifying expenditure referred to in subsection (1)(a) (“ E ”),
- N is the total of any normal writing-down allowances made in respect of E for the relevant chargeable periods, and
- T is the total of the allowances that could have been made for the relevant chargeable periods if no first-year allowance or normal writing-down allowances had been or could have been made.
- The disposal value*
- The amount, if any, by which E exceeds $(F + N)$, where E , F and N have the meaning given in relation to the amount of the balancing charge.
- The amount to be allocated to the pool*
- The aggregate of the balancing charge and the disposal value.
- (5) For the purpose of calculating N , the normal writing-down allowances that were made in respect of expenditure on an item of plant or machinery are to be determined as if that item were the only item of plant or machinery in relation to which Chapter 5 had effect.
- (6) “The relevant chargeable periods” means the chargeable period in which the qualifying expenditure was incurred and any subsequent chargeable period up to and including the one in which the plant or machinery was first used as described in subsection (1)(b).

112 Excess allowances: connected persons

N is the amount of any normal writing-down allowance or balancing allowance within subsection (1)(c).
- (3) For the purposes of section 111(2) and (3), any consideration paid or received on a disposal of the plant or machinery between the connected persons is to be disregarded.
- (4) If a balancing allowance or a balancing charge has been made in respect of any of the transactions, the amount representing $F + N$ is to be adjusted in a just and reasonable manner.
- (5) “The relevant provisions of ICTA” means section 113(2), 114(1) or 343(2) (effect of change in persons carrying on a trade etc. or of company reconstruction).

113 Excess allowances: special provision for ships

- (a) no allowance is to be made in respect of the ship under section 131(3) (postponed allowances) for the first chargeable period of overseas use or any subsequent chargeable period,
- (b) nothing in section 132(2) (disposal events and single ship pool) restricts the operation of section 111, and
- (c) the amount of any first-year or writing-down allowance in respect of the ship which has been postponed under section 130 and not made is to be allocated to a long-life asset pool or an overseas leasing pool for the chargeable period following the first chargeable period of overseas use.
- (2) “The first chargeable period of overseas use” means the chargeable period in which the plant or machinery is first used for overseas leasing which is not protected leasing.

114 Prohibited allowances: standard recovery mechanism

- (1) If—
- (a) a first-year allowance, a writing-down allowance or a balancing allowance has been made in respect of expenditure incurred in providing plant or machinery, and
- (b) at any time in the designated period, an event occurs such that the expenditure is brought within section 110(2) (cases where allowances are prohibited),

 - R is any amount previously recovered under section 111 or 112 (recovery of excess allowances), and
 - E is the amount of the expenditure referred to in subsection (1)(a).
- (4) For the purpose of calculating A, the amount of the allowances made in respect of expenditure on an item of plant or machinery is to be determined as if that item were the only item of plant or machinery in relation to which Chapter 5 had effect.

115 Prohibited allowances: connected persons

- (1) Section 114 applies with the modifications in subsection (2) in a case in which—
 - (a) an amount falls to be treated as a balancing charge under that section,
 - (b) the person on whom the balancing charge is to be imposed acquired the plant or machinery in question as a result of a transaction between connected persons (or a series of transactions each of which was between connected persons),
 - (c) none of the relevant provisions of ICTA under which the qualifying activity might have been treated as continuing has applied in respect of the transaction (or transactions), and
 - (d) a first-year allowance, a writing-down allowance or a balancing allowance in respect of expenditure on the provision of that plant or machinery has been made to any of those persons.
- (2) For the purpose of calculating the balancing charge—
 - (a) A is the amount of any allowances within subsection (1)(d),
 - (b) any consideration paid or received on a disposal of the plant or machinery between the connected persons is to be disregarded, and

- (3) The expenditure on the provision of the plant or machinery is to be treated as not subject to sections 107, 109 and 110 if, and to the extent to which, it appears that the profits of the qualifying activity or activities will be chargeable to tax throughout—
 - (a) the designated period, or
 - (b) if shorter, the period of the lease.
- (4) Subsection (5) applies if, under subsection (3), part of the expenditure is treated as not subject to section 107, 109 or 110.
- (5) Whether or not the plant or machinery continues to be leased as described in subsection (1), Chapters 5 (allowances and charges) and 10 (long-life assets) and this Chapter have effect as if—
 - (a) the part of the expenditure that is not subject to section 107, 109 or 110 were expenditure on the provision of a separate item of plant or machinery, and
 - (b) the rest were expenditure which has been incurred on the provision of another item of plant or machinery (and which is subject to those sections).
- (6) All such apportionments are to be made as are necessary as a result of subsection (5).

117 Recovery of allowances in case of joint lessees

- (1) If—
 - (a) expenditure is incurred on the provision of plant or machinery which is leased as described in section 116(1),
 - (b) the whole or a part of the expenditure has qualified for a normal writing-down allowance under section 116(3),
 - (c) at any time in the designated period while the plant or machinery is so leased, no lessee uses the plant or machinery for the purposes of a qualifying activity or activities the profits of which are chargeable to tax, and
 - (d) section 114 (recovery of prohibited allowances) does not apply at that time and has not applied at any earlier time,sections 111 and 112 (recovery of excess allowances) apply as if the plant or machinery or (as the case may be) the separate item of plant or machinery referred to in section 116(5)(a) had at that time begun to be used for overseas leasing which is not protected leasing.
- (2) If—
 - (a) the whole or a part of any expenditure has qualified for—
 - (i) a normal writing-down allowance otherwise than as a result of section 116(3), or
 - (ii) a first-year allowance,
 - (b) subsequently, but during the designated period, the plant or machinery is leased as described in section 116(1),

 - (c) at the end of the designated period, the plant or machinery is leased as described in section 116(1) but subsection (1) has not had effect, and
 - (d) it appears that the extent to which the plant or machinery has been used for the purposes of a qualifying activity or activities the profits of which are chargeable to tax is less than the extent of such use taken into account in determining the amount of the expenditure which qualified for a normal writing-down allowance.
- (4) Sections 111 and 112 (recovery of excess allowances) apply as if—
- (a) a part of the expenditure corresponding to the reduction in the extent of use referred to in subsection (3)(d) were expenditure on the provision of a separate item of plant or machinery, and
 - (b) the separate item of plant or machinery had been used, on the last day of the designated period, for overseas leasing which is not protected leasing.
- (5) Any disposal value subsequently brought into account under this Part in respect of the plant or machinery must be apportioned by reference to the extent of its use (determined at the end of the designated period) for the purposes of a qualifying activity or activities the profits of which are chargeable to tax.
- (6) If an apportionment is made under subsection (5), section 116(6) does not apply.

- (1) Qualifying expenditure incurred on the provision of a ship for the purposes of a qualifying activity, if allocated to a pool, must be allocated to a single asset pool (a “single ship pool”).
- (2) Subsection (1) is subject to the exceptions given in section 128 and any election under section 129 to use the appropriate non-ship pool.
- (3) In this Chapter “the appropriate non-ship pool”, in relation to a ship, means the pool to which the expenditure incurred on the provision of the ship would be allocated, or would have been allocated, apart from this Chapter.

128 Expenditure which is not to be allocated to single ship pool

- (1) The expenditure is not to be allocated to a single ship pool if the ship is provided for leasing unless—
 - (a) the ship is not used for overseas leasing at any time in the designated period, or if it is, is used only for protected leasing, and
 - (b) it appears that the ship will be used for a qualifying purpose in the designated period and will not be used for any other purpose at any time in that period.
- (2) The expenditure is not to be allocated to a single ship pool if the qualifying activity for the purposes of which the ship is provided is special leasing of plant or machinery.
- (3) In subsection (1) “leasing”, “overseas leasing”, “protected leasing”, “qualifying purpose” and “designated period” have the same meaning as in Chapter 11 (overseas leasing).

129 Election to use the appropriate non-ship pool

- (1) A person who has incurred qualifying expenditure on the provision of a ship may, by an election made for a chargeable period, allocate to the appropriate non-ship pool—
 - (a) all or a part of any qualifying expenditure that would otherwise be allocated to a single ship pool, or
 - (b) all or a part of the available qualifying expenditure in a single ship pool.
- (2) An election under this section must be made by notice given to the Inland Revenue—
 - (a) for income tax purposes, on or before the normal time limit for amending a tax return for the tax year in which the relevant chargeable period ends;
 - (b) for corporation tax purposes, no later than 2 years after the end of the relevant chargeable period.
- (3) “The relevant chargeable period” means the chargeable period for which the election is made.

130 Notice postponing first-year or writing-down allowance

- (1) A person who is entitled to a first-year allowance for a chargeable period in respect of qualifying expenditure on the provision of a ship may, by notice, postpone all or part of the allowance.
- (2) A person who is entitled to a writing-down allowance for a chargeable period in respect of qualifying expenditure allocated to a single ship pool may, by notice, postpone all or part of the allowance.
- (3) A notice under this section must specify the amount postponed.
- (4) A notice under this section must be given to the Inland Revenue—
 - (a) for income tax purposes, on or before the normal time limit for amending a tax return for the tax year in which the relevant chargeable period ends;
 - (b) for corporation tax purposes, no later than 2 years after the end of the relevant chargeable period.
- (5) “The relevant chargeable period” means the chargeable period for which the person is entitled to the allowance.
- (6) If a person entitled to a first-year allowance in respect of qualifying expenditure on the provision of a ship claims the allowance in respect of part of the expenditure, subsection (1) applies to the allowance claimed.
- (7) If a person entitled to a writing-down allowance in respect of qualifying expenditure allocated to a single ship pool requires the allowance to be reduced to a specified amount, subsection (2) applies to the allowance as so reduced.

131 Effect of postponement

- (1) If a person gives notice in respect of a chargeable period under section 130—
 - (a) the allowance is withheld or withdrawn to the extent that it is postponed, but
 - (b) sections 57 to 59 (calculation of available qualifying expenditure) apply as if the allowance had been made to the person without any postponement.
- (2) On making a claim, the person is entitled to have all or part of a postponed first-year allowance made to him as a first-year allowance for one or more subsequent chargeable periods in which he is carrying on the qualifying activity.
- (3) On making a claim, the person is entitled to have all or part of a postponed writing-down allowance made to him as a writing-down allowance for one or more subsequent chargeable periods in which he is carrying on the qualifying activity.
- (4) The total amount of any first-year allowances made under subsection (2) or writing-down allowances made under subsection (3) must not exceed the amount of the postponed allowance in question.
- (5) A writing-down allowance made under subsection (3) is ignored for the purposes of section 59 (unrelieved qualifying expenditure).
- (6) The fact that a postponed writing-down allowance is claimed for a chargeable period does not affect entitlement to, or the amount of, any other writing-down allowance to which the person is otherwise entitled for that chargeable period.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (7) A postponed allowance is not, merely because of the postponement, included in the reference in section 403ZB(2) of ICTA (group relief) to an allowance or amount carried forward from an earlier period.

132 Disposal events and single ship pool

- (1) A person is required to bring a disposal value into account in a single ship pool if the ship—
- (a) is provided for leasing, and
 - (b) begins to be used otherwise than for a qualifying purpose within the first 4 years of the designated period.
- (2) If any disposal event (including one under subsection (1)) occurs in relation to a single ship pool—
- (a) the available qualifying expenditure in the single ship pool is allocated, for the chargeable period in which the event occurs, to the appropriate non-ship pool,
 - (b) the disposal value must be brought into account as a disposal value for that chargeable period in the appropriate non-ship pool, and
 - (c) the single ship pool ends without a final chargeable period and without any liability to a balancing charge arising.
- (3) Subsections (1) and (2) apply even if, as a result of an election under section 129, some of the qualifying expenditure on the provision of the ship has been allocated to the appropriate non-ship pool.
- (4) In subsection (1) “leasing”, “qualifying purpose” and “designated period” have the same meaning as in Chapter 11 (overseas leasing).

133 Ship not used

- (1) This section applies if—
- (a) a person has incurred qualifying expenditure on the provision of a ship for the purposes of a qualifying activity, and
 - (b) the ship ceases to be owned by the person without having been brought into use for the purposes of the qualifying activity.
- (2) Any writing-down allowances that have previously been made in respect of qualifying expenditure in the single ship pool (or which have been postponed) must be withdrawn.
- (3) The amount of any writing-down allowances withdrawn under subsection (2) is allocated, for the chargeable period in which the person ceases to own the ship, to the appropriate non-ship pool.
- (4) Any adjustments required by this section are in addition to any adjustments required under section 132 (disposal events and single ship pool).

Status: Point in time view as at 22/07/2004.

Deferment of balancing charges

134 Deferment of balancing charges: introduction

- (1) Sections 135 to 156 enable a balancing charge that arises when there is a disposal event in respect of a ship to be deferred and attributed to qualifying expenditure on another ship.
- (2) In this Chapter “the deferment rules” means sections 135 to 156.

135 Claim for deferment

- (1) A person (“the shipowner”) who is liable to a balancing charge for a chargeable period may claim deferment of all or part of the charge if—
 - (a) in the chargeable period there is a disposal event (“the relevant disposal event”) in respect of a ship (“the old ship”),
 - (b) the old ship—
 - (i) was provided for the purposes of a qualifying activity carried on by the shipowner, and
 - (ii) was owned by the shipowner at some time in the chargeable period, and
 - (c) the conditions in section 136 are met.
- (2) The amount which may be deferred is subject to the limit in section 138.
- (3) For income tax purposes, a claim for deferment must be made on or before the normal time limit for amending a tax return for the tax year in which the relevant chargeable period ends.
- (4) “The relevant chargeable period” means the chargeable period for which the shipowner is liable to the balancing charge.
- (5) For corporation tax purposes, Part IX of Schedule 18 to FA 1998 applies in relation to the making of a claim for deferment as it applies in relation to the making of a claim for an allowance.

136 Further conditions for deferment

The conditions referred to in section 135(1)(c) are that—

- (a) the relevant disposal event is of a kind mentioned in section 61(1)(a) to (d) (cessation of ownership, loss, abandonment, destruction etc. of ship),
- (b) the old ship was a qualifying ship immediately before the relevant disposal event,
- (c) the shipowner has not incurred a loss in respect of the qualifying activity for the chargeable period for which he is liable to the balancing charge, and
- (d) no amount in respect of the old ship has been allocated to—
 - (i) the overseas leasing pool,
 - (ii) a single asset pool under section 206 (plant or machinery provided or used partly for purposes other than those of the qualifying activity),
 - (iii) a single asset pool under section 211 (payment of partial depreciation subsidy), or
 - (iv) a pool for a qualifying activity consisting of special leasing.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

137 Effect of deferment

A claim for deferment is given effect by allocating the amount deferred, for the chargeable period in respect of which the claim is made, to the appropriate non-ship pool.

138 Limit on amount deferred

- (1) The amount deferred must not exceed the smallest of the following amounts—
 - (a) the amount of any balancing charge which, if the claim for deferment had not been made, would have been made for the chargeable period for which deferment is claimed in the appropriate non-ship pool;
 - (b) the amount given by section 139 (amount taken into account in respect of the old ship);
 - (c) the amount which is, or is expected to be, the amount of expenditure on new shipping incurred—
 - (i) by the shipowner or, if the shipowner is a company, by another company which is a member of the same group at the time when the expenditure is incurred, and
 - (ii) within the period of 6 years beginning with the relevant disposal event;
 - (d) the amount of the shipowner's profits or income from the qualifying activity for the chargeable period for which deferment is claimed.
- (2) In determining profits or income for the purposes of subsection (1)(d)—
 - (a) any other amounts deferred under section 135 are to be taken into account, and
 - (b) any amounts brought forward under section 385 or 393 of ICTA (losses) are to be disregarded.

139 Amount taken into account in respect of old ship

- (1) The amount taken into account in respect of the old ship for the purposes of section 138(1)(b) is—
 - (a) amount A, if no election has been made under section 129 (election to use appropriate non-ship pool) in respect of any of the qualifying expenditure incurred on the provision of the ship, or
 - (b) amount B, in any other case.
- (2) Amount A is the amount which falls to be brought into account as a disposal value in the appropriate non-ship pool under section 132(2)(b) as a result of the relevant disposal event, less the available qualifying expenditure allocated to the appropriate non-ship pool under section 132(2)(a).
- (3) Amount B is—

$$DV - (QE - WDA - FYA)$$

where—

DV is the amount of the disposal value required to be brought into account in respect of the old ship,

QE is all the qualifying expenditure incurred in respect of the old ship,

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

WDA is the maximum amount of any writing-down allowances which (on the assumptions in subsection (4)) could have been made in respect of that qualifying expenditure for chargeable periods up to (but not including) the one in respect of which the claim for deferment is made, and

FYA is the total of any first-year allowances actually made or postponed in respect of the old ship.

- (4) The assumptions are that—
- (a) all the qualifying expenditure in respect of the old ship is (and has always been) allocated to the appropriate non-ship pool, and
 - (b) no other qualifying expenditure has been allocated to that pool.
- (5) If an election is made under section 129 (election to use appropriate non-ship pool) after the determination under this section of the amount taken into account in respect of the old ship, the amount is, and is treated as always having been, amount B and not amount A.

Attribution of deferred amounts

140 Notice attributing deferred amounts to new expenditure

- (1) The shipowner may, by notice to the Inland Revenue, attribute all or part of an amount deferred under section 135 to expenditure on new shipping.
- (2) An amount attributed under this section is attributed to an equal amount of the expenditure on new shipping.
- (3) Subsection (1) is subject to subsections (4) and (5) and section 141 (deferred amounts attributed to earlier expenditure first).
- (4) Subsection (1) applies only if the expenditure on new shipping is incurred—
 - (a) by the shipowner or, if the shipowner is a company, by another company which is a member of the same group at the time when the expenditure is incurred, and
 - (b) within the period of 6 years beginning with the relevant disposal event.
- (5) An amount may be attributed to expenditure on new shipping only to the extent that amounts have not already been attributed to it under this section.
- (6) A notice given in respect of expenditure incurred by another company does not have effect unless the other company joins the shipowner in giving it.

141 Deferred amounts attributed to earlier expenditure first

- (1) No part of an amount deferred under section 135 is to be attributed to the whole or a part of any expenditure on new shipping (“the current expenditure”) if there is other expenditure (“the earlier expenditure”) which—
 - (a) was incurred before the current expenditure but at the same time as or after the relevant disposal event,
 - (b) was incurred by the shipowner or, if the shipowner is a company, by another company which was a member of the same group at the time the earlier expenditure was incurred, and

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

(c) is expenditure on new shipping, or would be treated as such but for an election under section 129 (election to use appropriate non-ship pool), unless the condition in subsection (2) is met in relation to the earlier expenditure.

(2) The condition is that—

- (a) amounts have been attributed to all the earlier expenditure under section 140, and
- (b) the attributions have been made in the case of the amount deferred and any other amounts deferred under section 135 as a result of disposal events occurring at the same time as or before the relevant disposal event.

142 Variation of attribution

- (1) The shipowner may, by notice, vary an attribution under section 140 (notice attributing deferred amounts to new expenditure).
- (2) The notice must be given to the Inland Revenue on or before the time limit for the shipowner to make a claim for deferment in respect of the relevant chargeable period.
- (3) For the time limit for making a claim for deferment, see section 135(3) to (5).
- (4) For the purposes of subsection (2), it is to be assumed that—
 - (a) the shipowner is liable to a balancing charge for the relevant chargeable period, and
 - (b) a claim for deferment of that balancing charge can be made for the relevant chargeable period.
- (5) “The relevant chargeable period” means the earliest chargeable period in which expenditure to which the variation relates is incurred.
- (6) If the person to whose expenditure the notice relates is not the shipowner, a notice under subsection (1) does not have effect unless the person joins the shipowner in giving it.

143 Effect of attribution

- (1) This section applies if a notice is given under section 140 attributing an amount to expenditure on new shipping.
- (2) The amount must be brought into account as a disposal value—
 - (a) for the chargeable period in which the expenditure is incurred, and
 - (b) in the single ship pool to which the expenditure is allocated.

144 Amounts which cease to be attributable

- (1) This section applies if—
 - (a) an amount has been deferred under section 135, and
 - (b) circumstances arise in which any part of the amount ceases (otherwise than by being attributed) to be attributable.
- (2) The shipowner is assumed not to have been entitled to defer so much of the amount as ceases to be attributable.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (3) For the purposes of this section an amount is attributable if it may be attributed to expenditure on new shipping in accordance with section 140.

145 Requirement to notify where no entitlement to defer amounts

- (1) This section applies if—
- (a) an amount has been deferred under section 135, and
 - (b) circumstances arise that require the shipowner to be treated as if he was not entitled to defer all or part of the amount.
- (2) The shipowner must give notice of the fact to the Inland Revenue, specifying the circumstances.
- (3) The notice must be given no later than 3 months after the end of the chargeable period in which the circumstances first arise.
- (4) An assessment to tax chargeable as a result of the circumstances may be made at any time in the period which—
- (a) begins when those circumstances arise, and
 - (b) ends 12 months after the shipowner gives notice of them to the Inland Revenue.
- (5) Subsection (4) applies in spite of any limitation on the time for making assessments.

Expenditure on new shipping

146 Basic meaning of expenditure on new shipping

- (1) For the purposes of the deferment rules, expenditure on the provision of a ship is expenditure on new shipping if the conditions in subsection (3) are met.
- (2) Subsection (1) is subject to sections 147 to 150.
- (3) The conditions are that—
- (a) the expenditure is qualifying expenditure incurred by a person wholly and exclusively for the purposes of a qualifying activity carried on by him,
 - (b) when the expenditure is incurred, it appears that the ship will—
 - (i) be brought into use for the purposes of the qualifying activity as a qualifying ship, and
 - (ii) continue to be a qualifying ship for at least 3 years after that, and
 - (c) the expenditure is allocated to a single ship pool.

147 Exclusions: ship previously owned

- (1) Expenditure on the provision of a ship is not expenditure on new shipping if the person who incurred the expenditure—
- (a) has already owned the ship in the period of 6 years ending with the time when he first owns it as a result of incurring the expenditure, or
 - (b) was connected at a material time with a person who owned the ship at any time during that period.
- (2) For this purpose a material time is—

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (a) the time when the expenditure was incurred, or
- (b) any earlier time in the 6 year period beginning with the relevant disposal event.

148 Exclusions: object to secure deferment

Expenditure on the provision of a ship is not expenditure on new shipping if the object, or one of the main objects, of—

- (a) the transaction by which the ship was provided for the purposes of a qualifying activity carried on by the person who incurred the expenditure,
- (b) any series of transactions of which that transaction was one, or
- (c) any transaction in such a series,

was to secure the deferment of a balancing charge under section 135.

149 Exclusions: later events

(1) Expenditure on the provision of a ship is not, and is treated as never having been, expenditure on new shipping if—

- (a) at a time during the period mentioned in subsection (2), the ship is not a qualifying ship,
- (b) the expenditure is allocated to a pool as a result of an election under section 129 (election to use appropriate non-ship pool), or
- (c) section 107 applies in relation to the expenditure (overseas leasing).

(2) The period referred to in subsection (1)(a) is—

- (a) the period of 3 years beginning with the time when the ship is first brought into use for the purposes of a qualifying activity carried on—
 - (i) by the person (“A”) who incurred the expenditure, or
 - (ii) if earlier, by a person connected with A, or
- (b) if shorter, the period beginning with that time and ending when neither A nor a person connected with A owns the ship.

150 Exclusions where expenditure not incurred by shipowner

(1) Expenditure on the provision of a ship is not, and is treated as never having been, expenditure on new shipping if—

- (a) it is incurred by a company which is a member of the same group as the shipowner at the time when the expenditure is incurred, and
- (b) subsection (2) or (4) applies.

(2) This subsection applies (subject to subsection (3)) if—

- (a) the ship ceases to be owned by the company before it has been brought into use for the purposes of a qualifying activity carried on by the company, or
- (b) a disposal event occurs in respect of the ship within 3 years of its first being brought into use for the purposes of a qualifying activity carried on by the company.

(3) But subsection (2) does not apply if the event which would otherwise result in that subsection applying is, or is the result of, the total loss of the ship or irreparable damage to it.

(4) This subsection applies if—

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (a) after the expenditure is incurred, there is a time when the company and the shipowner are not members of the same group, and
 - (b) if the ship is brought into use for the purposes of a qualifying activity carried on by the company, that time is within 3 years of the ship first being so brought into use.
- (5) A time falling after the total loss of the ship or irreparable damage to it is to be disregarded for the purposes of subsection (4).
- (6) In this section “irreparable damage”, in relation to a ship, means damage that puts it in a condition in which it is impossible, or not commercially worthwhile, to undertake the repairs required for restoring it to its previous use.

Qualifying ships

151 Basic meaning of qualifying ship

- (1) For the purposes of the deferment rules, a ship is a qualifying ship if it is—
- (a) of a sea-going kind, and
 - (b) registered as a ship with a gross tonnage of 100 tons or more in a register of shipping established and maintained under the law of any country or territory.
- (2) This is subject to sections 152 to 154.

152 Ships under 100 tons

- (1) This section applies if the relevant disposal event is, or results from—
- (a) the total loss of the old ship, or
 - (b) damage to the old ship that puts it in a condition in which it is impossible, or not commercially worthwhile, to undertake the repairs required for restoring it to its previous use.
- (2) A registered ship may be a qualifying ship for the purposes of—
- (a) section 136(b) (further conditions for deferment), or
 - (b) sections 146(3)(b) and 149(1)(a) (expenditure on new shipping),
- even if it is not registered as a ship with a gross tonnage of 100 tons or more.
- (3) In subsection (2) “registered ship” means a ship registered in a register of shipping established and maintained under the law of any country or territory.

153 Ships which are not qualifying ships

- (1) A ship is not a qualifying ship if the primary use to which ships of the same kind as that ship are put—
- (a) by the persons who own them, or
 - (b) by others to whom they are made available,
- is use for sport or recreation.

[^{F59}(2) A ship is not a qualifying ship at any time when it is an offshore installation.]

- (2) The qualifying period is—
- (a) the period of 3 years beginning with the time when the ship is first brought into use for the purposes of a qualifying activity carried on—

- (3) In determining the qualifying period for the old ship, a qualifying activity carried on at any time by a person (“B”) is taken to be carried on at that time by a person connected with A if—
- (a) it is subsequently carried on by A or a person connected with A, and
 - (b) the only changes in the persons carrying it on between the time that B does so and the time that A or a person connected with A does so are changes in respect of which, under section 113(2) or 343(2) of ICTA, the qualifying activity is not treated as having been discontinued.
- (4) In this section “relevant register” means a register of shipping established and maintained—

- (2) For the purposes of the deferment rules—
- (a) expenditure incurred by a person mentioned in subsection (1)(a) for the purposes of the qualifying activity is to be treated as incurred by the shipowner, and

In this Chapter—

- “mineral extraction trade”, and
- “mineral exploration and access”

160 Expenditure treated as incurred for purposes of mineral extraction trade

For the purposes of this Part, expenditure incurred by a person—

- (a) on the provision of plant or machinery for mineral exploration and access, and
- (b) in connection with a mineral extraction trade carried on by him,

is to be treated as incurred for the purposes of that trade.

(1) This section applies if a person—

- (a) incurs pre-trading expenditure on the provision of plant or machinery for the purposes of mineral exploration and access, and
- (b) owns the plant or machinery on the first day of trading.

But this is subject to subsection (5).

(2) The person is to be treated for the purposes of this Part as if he had—

- (a) sold the plant or machinery immediately before the first day of trading, and
- (b) on that first day incurred capital expenditure on the provision of the plant or machinery for the purposes of the trade.

(3) The amount of the capital expenditure that the person is to be treated as having incurred is an amount equal to—

- (a) the pre-trading expenditure, or
- (b) if there has been an actual sale and re-acquisition before the first day of trading, the amount last incurred on the provision of the plant or machinery.

(4) In this section—

- (a) “pre-trading expenditure” means capital expenditure incurred before the day on which a person begins to carry on a mineral extraction trade, and
- (b) “the first day of trading”, in relation to a person’s pre-trading expenditure, means the day on which that person begins to carry on the mineral extraction trade.

(5) This section does not apply if the plant or machinery on which the pre-trading expenditure was incurred is sold, demolished, destroyed or abandoned before the first day of trading (but see section 402 (mineral extraction allowances: pre-trading expenditure on plant or machinery)).

Status: Point in time view as at 22/07/2004.

- (3) The maximum allowable amount is—

D + I

where—

D is the disposal value of the plant or machinery which the past owner has been or is required to bring into account, and

I is any of the new expenditure that is treated under section 25 (building alterations in connection with installation) as expenditure on the provision of the plant or machinery.

- (4) If more than one disposal event has occurred requiring the past owner to bring the disposal value of the plant or machinery into account, the maximum allowable amount is calculated by reference only to the most recent of those events.
- (5) For the purposes of this section, the current owner and the past owner may be the same person.
- (6) In subsection (1)(b) “relevant earlier time” means (subject to subsection (7)) any time before the earliest time when the current owner is treated as owning the plant or machinery as a result of incurring the new expenditure.

 - (c) the current owner of the plant or machinery makes a claim in respect of expenditure (“new expenditure”) incurred—
 - (i) on the provision of the plant or machinery, and
 - (ii) at a time when it is a fixture in the building.

where—

F is the part of the consideration for the transfer by the past owner that is attributable to the fixture,

 - (i) on the provision of the plant or machinery, and
 - (ii) at a time when it is a fixture.
- (2) If the new expenditure exceeds the maximum allowable amount, the excess is to be left out of account in determining the current owner’s qualifying expenditure.
- (3) The maximum allowable amount is—

$$\frac{F}{T} \times A$$

where—

F is the part of the consideration for the disposal of the Part 6 asset by the past owner that is attributable to the fixture,

T is the total consideration for that disposal, and

A is an amount equal to whichever is the smaller of—

(b) partly for other purposes,
any first-year allowance to which he is entitled in respect of the expenditure must be reduced to an amount which is just and reasonable having regard to the relevant circumstances.

- (2) The relevant circumstances include, in particular, the extent to which it appears that the plant or machinery is likely to be used for purposes other than those of the qualifying activity in question.
- (3) In calculating for the purposes of section 58 the balance left after deducting a first-year allowance, a reduction under subsection (1) is to be disregarded.

206 Single asset pool etc.

- (1) Qualifying expenditure to which this subsection applies, if allocated to a pool, must be allocated to a single asset pool.
- (2) Subsection (1) applies to qualifying expenditure incurred by a person carrying on a qualifying activity—
 - (a) partly for the purposes of the qualifying activity, and
 - (b) partly for other purposes.
- (3) If a person is required to bring a disposal value into account in a pool for a chargeable period because the plant or machinery begins to be used partly for purposes other than those of the qualifying activity, an amount equal to that disposal value is allocated (as expenditure on the plant or machinery) to a single asset pool for that chargeable period.
- (4) In the case of a single asset pool under subsection (1), there is no final chargeable period or disposal event merely because the plant or machinery begins to be used partly for purposes other than those of the qualifying activity.

207 Reduction of allowances and charges on expenditure in single asset pool

- (1) This section applies if a person's expenditure is in a single asset pool under section 206(1) or (3).
- (2) The amount of—
 - (a) any writing-down allowance or balancing allowance to which the person is entitled, or
 - (b) any balancing charge to which the person is liable,

- (3) The relevant circumstances include, in particular, the extent to which it appears that the plant or machinery was used in the chargeable period in question for purposes other than those of the person's qualifying activity.
- (4) In calculating under section 59 the amount of unrelieved qualifying expenditure carried forward, a reduction of a writing-down allowance under subsection (2) is to be disregarded.
- (5) If a person entitled to a writing-down allowance for a chargeable period—
 - (a) does not claim the allowance, or
 - (b) claims less than the full amount of the allowance,

the unrelieved qualifying expenditure carried forward from the period is to be treated as not reduced or (as the case may be) only proportionately reduced.

208 Effect of significant reduction in use for purposes of qualifying activity

(1) This section applies if—

- (a) expenditure is allocated to a single asset pool under this Chapter,
- (b) there is such a change of circumstances as would make it appropriate for any reduction falling to be made under section 207—
 - (i) for the chargeable period in which the change takes place (“the relevant chargeable period”), or
 - (ii) for any subsequent chargeable period,to represent a larger proportion of the amount reduced than would have been appropriate apart from the change,
- (c) no disposal value in respect of the plant or machinery would, apart from this section, fall to be brought into account for the relevant chargeable period, and
- (d) the market value of the plant or machinery at the end of the relevant chargeable period exceeds the available qualifying expenditure in that pool for that period by more than £1 million.

(2) If this section applies—

- (a) a disposal value is required to be brought into account in the single asset pool for the relevant chargeable period, and
- (b) section 206 applies as if, at the beginning of the following chargeable period, expenditure had been incurred on the provision of the plant or machinery of an amount equal to the disposal value brought into account as a result of paragraph (a).

CHAPTER 18

ADDITIONAL VAT LIABILITIES AND REBATES

Introduction

234 Introduction

For the purposes of this Chapter—

- (a) “additional VAT liability” and “additional VAT rebate” have the meaning given by section 547,
- (b) the time when—
 - (i) a person incurs an additional VAT liability, or
 - (ii) an additional VAT rebate is made to a person,
 is given by section 548, and
- (c) the chargeable period in which an additional VAT liability or an additional VAT rebate accrues is given by section 549.

Additional VAT liability

235 Additional VAT liability treated as qualifying expenditure

- (1) This section applies if a person—
 - (a) has incurred qualifying expenditure (“the original expenditure”), and
 - (b) incurs an additional VAT liability in respect of the original expenditure at a time when the plant or machinery is provided for the purposes of the qualifying activity.
- (2) The additional VAT liability is to be treated as qualifying expenditure—
 - (a) which is incurred on the same plant or machinery as the original expenditure, and
 - (b) which may be taken into account in determining the person’s available qualifying expenditure for the chargeable period in which the additional VAT liability accrues.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

236 Additional VAT liability generates first-year allowance

- (1) Subsection (2) applies if—
 - (a) the original expenditure was first-year qualifying expenditure, and
 - (b) the additional VAT liability is incurred at a time when the plant or machinery is provided for the purposes of the qualifying activity.
- (2) The additional VAT liability is to be regarded for the purposes of this Part as first-year qualifying expenditure which—
 - (a) is incurred on the same plant or machinery and is the same type of first-year qualifying expenditure as the original expenditure, and
 - (b) entitles the person incurring the liability to a first-year allowance for the chargeable period in which the liability accrues.
- (3) Subsections (3) and (4) of section 52 apply to first-year qualifying expenditure constituted by the additional VAT liability as they apply to other first-year qualifying expenditure.
- (4) This section is subject to sections 237 and 241.

237 Exceptions to section 236

- (1) An additional VAT liability is not first-year qualifying expenditure if at the time when the liability is incurred the plant or machinery is used for overseas leasing which is not protected leasing.
- (2) An additional VAT liability is not first-year qualifying expenditure if, at the time when the liability is incurred, the original expenditure is treated under section 43 (plant or machinery subsequently primarily for use outside Northern Ireland) as expenditure which was never first-year qualifying expenditure.

Additional VAT rebate

238 Additional VAT rebate generates disposal value

- (1) This section applies if—
 - (a) a person has incurred qualifying expenditure (“the original expenditure”),
 - (b) an additional VAT rebate is made to the person in respect of the original expenditure, and
 - (c) the person owns the plant or machinery on which the original expenditure was incurred at any time in the chargeable period in which the rebate is made.
- (2) If (apart from this section) there would not be a disposal value to be brought into account in respect of the plant or machinery for the chargeable period in which the rebate accrues, the amount of the rebate must be brought into account as a disposal value for that chargeable period.
- (3) If (apart from this section) there would be a disposal value to be brought into account in respect of the plant or machinery for the chargeable period in which the rebate accrues, the amount of the rebate must be brought into account as an addition to that disposal value.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

 - (a) a person is required to bring a disposal value into account in respect of any plant or machinery, and
 - (b) any additional VAT rebate or rebates has or have been made to him in respect of the original expenditure.
- (2) The amount of the disposal value is limited to the amount of the original expenditure reduced by the total of any additional VAT rebates accruing in previous chargeable periods in respect of that expenditure.

But this is subject to subsections (3) to (6).
- (3) Subsection (4) applies if the disposal value is required to be brought into account by section 238(2) (disposal value for additional VAT rebate on its own).
- (4) The amount of the disposal value to be brought into account is limited to the amount of the original expenditure reduced by the amount of any disposal values brought into account in respect of the plant or machinery as a result of any earlier event.
- (5) If—
 - (a) the person required to bring the disposal value into account has acquired the plant or machinery as a result of a transaction which was, or a series of transactions each of which was, between connected persons, and
 - (b) an additional VAT rebate has been made to any party to the transaction, or to any of the transactions,the amount of the disposal value is limited to the greatest relevant expenditure of any of the parties.
- (6) The relevant expenditure of a party is that party's qualifying expenditure on the provision of the plant or machinery, less any additional VAT rebate made to that party.

Short-life assets: balancing allowance

240 Additional VAT liability

- (1) This section applies if a person—
 - (a) was entitled to a balancing allowance for the final chargeable period for a short-life asset pool for a qualifying activity,
 - (b) has incurred, after the end of that period, an additional VAT liability in respect of the original expenditure on the provision of the short-life asset, and

 - (a) B's expenditure under the relevant transaction, and

- (5) If S is not required to bring a disposal value into account under this Part because of the relevant transaction, D is whichever of the following is the smallest—
 - (a) the market value of the plant or machinery;
 - (b) if S incurred capital expenditure on the provision of the plant or machinery, the notional written-down value of that capital expenditure;
 - (c) if a person connected with S incurred capital expenditure on the provision of the plant or machinery, the notional written-down value of that capital expenditure.
- (6) In this section “the notional written-down value”, in relation to expenditure incurred by a person on the provision of plant or machinery, has the meaning given by section 222(3).
- (7) If—
 - (a) S is not required to bring a disposal value into account under this Part because of the relevant transaction,

- (3) If a relevant grant or relevant payment towards the expenditure is made after the making of an initial allowance, the allowance is to be withdrawn to that extent.
- (4) If the amount of the grant or payment is repaid by the grantee to the grantor, in whole or in part, the grant or payment is treated, to that extent, as never having been made.
- (5) All such assessments and adjustments of assessments are to be made as are necessary to give effect to subsection (3) or (4).

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (6) Any such assessment or adjustment is not out of time if it is made within 3 years of the end of the chargeable period in which the grant, payment or repayment was made.

CHAPTER 6

WRITING-DOWN ALLOWANCES

309 Entitlement to writing-down allowance

- (1) A person is entitled to a writing-down allowance for a chargeable period if—
- qualifying expenditure has been incurred on a building,
 - at the end of that chargeable period, the person is entitled to the relevant interest in the building in relation to that expenditure, and
 - at the end of that chargeable period, the building is an industrial building.
- (2) A person claiming a writing-down allowance may require the allowance to be reduced to a specified amount.

310 Basic rule for calculating amount of allowance

- (1) The basic rule is that the writing-down allowance for a chargeable period is—
- in the case of qualifying enterprise zone expenditure, 25% of the expenditure, and
 - in the case of other qualifying expenditure, 4% of the expenditure.
- (2) The allowance is proportionately increased or reduced if the chargeable period is more or less than a year.
- (3) This basic rule does not apply if section 311 applies.

311 Calculation of allowance after sale of relevant interest

- (1) If a relevant event occurs, the writing-down allowance for any chargeable period ending after the event is—

$$RQE \times \frac{A}{B}$$

where—

RQE is the amount of the residue of qualifying expenditure immediately after the event,

A is the length of the chargeable period, and

B is the length of the period from the date of the event to the end of the period of 25 years beginning with the day on which the building was first used.

- (2) On any later relevant event, the writing-down allowance is further adjusted in accordance with this section.
- (3) “Relevant event” means—
- a sale of the relevant interest in the building which is a balancing event to which section 314 applies, or

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (b) an event which is a relevant event for the purposes of this section under section 347 or 349 (additional VAT liabilities and rebates).

312 Allowance limited to residue of qualifying expenditure

- (1) The amount of the writing-down allowance for a chargeable period is limited to the residue of qualifying expenditure.
- (2) For this purpose the residue is ascertained immediately before writing off the writing-down allowance at the end of the chargeable period.

313 Meaning of “the residue of qualifying expenditure”

The residue of qualifying expenditure is the qualifying expenditure that has not yet been written off in accordance with Chapter 8.

CHAPTER 7

BALANCING ADJUSTMENTS

General

314 When balancing adjustments are made

- (1) A balancing adjustment is made if—
 - (a) qualifying expenditure has been incurred on a building, and
 - (b) a balancing event occurs while the building is an industrial building or after it has ceased to be an industrial building.
- (2) A balancing adjustment is either a balancing allowance or a balancing charge and is made for the chargeable period in which the balancing event occurs.
- (3) A balancing allowance or balancing charge is made to or on the person entitled to the relevant interest in the building immediately before the balancing event.
- (4) No balancing adjustment is made if the balancing event occurs more than 25 years after the building was first used.
- (5) If more than one balancing event within section 315(1) occurs during a period when the building is not an industrial building, a balancing adjustment is made only on the first of them.

315 Main balancing events

- (1) The following are balancing events for the purposes of this Part—
 - (a) the relevant interest in the building is sold;
 - (b) if the relevant interest is a lease, the lease ends otherwise than on the person entitled to it acquiring the interest reversionary on it;
 - (c) the building is demolished or destroyed;
 - (d) the building ceases altogether to be used (without being demolished or destroyed);

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (e) if the relevant interest depends on the duration of a foreign concession, the concession ends.
- (2) “Foreign concession” means a right or privilege granted by the government of, or any municipality or other authority in, a territory outside the United Kingdom.
- (3) Other balancing events are provided for by—
- section 328 (realisation of capital value where site of building is in enterprise zone);
 - section 343 (ending of highway concession);
 - section 350 (additional VAT rebates and balancing adjustments);
- and a balancing event under this section may also occur as a result of section 317 (hotel not qualifying hotel for 2 years).

316 Proceeds from main balancing events

- (1) References in this Part to the proceeds from a balancing event within section 315(1) are to the amounts received or receivable in connection with the event, as shown in the Table—

Table

Balancing events and proceeds

<i>1. Balancing event</i>	<i>2. Proceeds from event</i>
1. The sale of the relevant interest.	The net proceeds of the sale.
2. The demolition or destruction of the building.	The net amount received for the remains of the building, together with— (a) any insurance money received in respect of the demolition or destruction, and (b) any other compensation of any description so received, so far as it consists of capital sums.
3. The building ceases altogether to be used.	Any compensation of any description received in respect of the event, so far as it consists of capital sums.
4. A foreign concession ends.	Any compensation payable in respect of the relevant interest.

- (2) The amounts referred to in column 2 of the Table are those received or receivable by the person whose entitlement to a balancing allowance or liability to a balancing charge is in question.

317 Balancing event where hotel not qualifying hotel for 2 years

- (1) This section applies if—
- (a) a building ceases to be a qualifying hotel otherwise than on the occurrence of a balancing event which is within section 315(1), and
 - (b) after the building ceases to be a qualifying hotel, a period of 2 years elapses—

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (i) in which it is not a qualifying hotel, and
 - (ii) without the occurrence of a balancing event.
- (2) This Part has effect as if—
- (a) the relevant interest in the building had been sold at the end of the 2 year period, and
 - (b) the net proceeds of the sale were equal to the market value of that interest.
- (3) Subsection (2) does not affect section 285 (building treated as industrial building during period of temporary disuse).
- (4) But a building is not to be treated under section 285(b) as continuing to be a qualifying hotel for more than 2 years after the end of the chargeable period in which it falls temporarily out of use.
- (5) This section does not apply to qualifying enterprise zone expenditure.

Calculation of balancing adjustments

318 Building an industrial building etc. throughout

- (1) This section provides for balancing adjustments where the building was—
- (a) an industrial building, or
 - (b) used for research and development,
- for the whole of the relevant period of ownership.
- (2) A balancing allowance is made if—
- (a) there are no proceeds from the balancing event, or
 - (b) the proceeds from the balancing event are less than the residue of qualifying expenditure immediately before the event.
- (3) The amount of the balancing allowance is the amount of—
- (a) the residue (if there are no proceeds);
 - (b) the difference (if the proceeds are less than the residue).
- (4) A balancing charge is made if the proceeds from the balancing event are more than the residue, if any, of qualifying expenditure immediately before the event.
- (5) The amount of the balancing charge is the amount of—
- (a) the difference, or
 - (b) the proceeds (if the residue is nil).

319 Building not an industrial building etc. throughout

- (1) This section provides for balancing adjustments where the building was not—
- (a) an industrial building, or
 - (b) used for research and development,
- for a part of the relevant period of ownership.
- (2) A balancing allowance is made if—
- (a) there are no proceeds from the balancing event or the proceeds are less than the starting expenditure, and

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (b) the net allowances made are less than the adjusted net cost of the building.
- (3) The amount of the balancing allowance is the amount of the difference between the adjusted net cost of the building and the net allowances made.
- (4) A balancing charge is made if the proceeds from the balancing event are equal to or more than the starting expenditure.
- (5) The amount of the balancing charge is an amount equal to the net allowances made.
- (6) A balancing charge is also made if—
 - (a) there are no proceeds from the balancing event or the proceeds are less than the starting expenditure, and
 - (b) the net allowances made are more than the adjusted net cost of the building.
- (7) The amount of the balancing charge is the amount of the difference between the net allowances made and the adjusted net cost of the building.

320 Overall limit on balancing charge

The amount of a balancing charge made on a person must not exceed the amount of the net allowances made.

Meaning of “the relevant period of ownership” etc.

321 The relevant period of ownership

The relevant period of ownership is the period beginning—

- (a) with the day on which the building was first used for any purpose, or
- (b) if the relevant interest has been sold after that day, with the day following that on which the sale (or the last such sale) occurred,

and ending with the day on which the balancing event occurs.

322 Starting expenditure

- (1) This section gives the starting expenditure for the purposes of this Chapter.
- (2) If the person to or on whom the balancing allowance or balancing charge falls to be made is the person who incurred the qualifying expenditure, that expenditure is the starting expenditure.
- (3) Otherwise, the starting expenditure is the residue of qualifying expenditure at the beginning of the relevant period of ownership.
- (4) If section 340 (treatment of demolition costs) applies, the starting expenditure is increased by an amount equal to the net cost of the demolition.

323 Adjusted net cost

The amount of the adjusted net cost is—

$$(S - P) \times \frac{I}{R}$$

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

where—

S is the starting expenditure,

P is the amount of any proceeds from the balancing event,

I is the number of days in the relevant period of ownership on which the building was an industrial building or used for research and development, and

R is the number of days in the whole of the relevant period of ownership.

324 Net allowances

For the purposes of this Chapter, the amount of the net allowances made, in relation to any qualifying expenditure, is—

$$(I + WDA + RDA) - B$$

where—

I is the amount of any initial allowances made to the person in relation to that qualifying expenditure,

WDA is the amount of any writing-down allowances made to the person for chargeable periods ending on or before the date of the balancing event giving rise to the balancing adjustment,

RDA is the amount of any allowances under Part 6 (research and development allowances) made to the person for such chargeable periods, and

B is the amount of any balancing charges made on the person for such chargeable periods.

Balancing allowances restricted where sale subject to subordinate interest

325 Balancing allowances restricted where sale subject to subordinate interest

(1) This section applies if—

- (a) the relevant interest in a building is sold subject to a subordinate interest,
- (b) the person entitled to the relevant interest immediately before the sale (“the former owner”) would, apart from this section, be entitled to a balancing allowance under this Chapter as a result of the sale, and
- (c) condition A or B is met.

(2) Condition A is that—

- (a) the former owner,
- (b) the person who acquires the relevant interest, and
- (c) the person to whom the subordinate interest was granted,

or any two of them, are connected persons.

(3) Condition B is that it appears that the sole or main benefit which might have been expected to accrue to the parties or any of them from the sale or the grant, or transactions including the sale or grant, was the obtaining of an allowance under this Part.

(4) For the purpose of deciding what balancing adjustment is to be made in a case to which this section applies, the net proceeds to the former owner of the sale are to be increased—

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (a) by an amount equal to any premium receivable by him for the grant of the subordinate interest, and
 - (b) if no rent, or no commercial rent, is payable in respect of the subordinate interest, by the amount by which the proceeds would have been greater if a commercial rent had been payable and the relevant interest had been sold in the open market.
- (5) But the net proceeds of the sale are not to be treated as being greater than the amount which secures that no balancing allowance is made.
- (6) If the terms on which a subordinate interest is granted are varied before the sale of the relevant interest—
- (a) any capital consideration for the variation is to be treated for the purposes of this section as a premium for the grant of the interest, and
 - (b) the question whether any, and if so what, rent is payable in respect of the interest is to be determined by reference to the terms in force immediately before the sale.
- (7) If this section applies in relation to a sale to deny or reduce a balancing allowance, the residue of qualifying expenditure immediately after the sale is nevertheless calculated as if the balancing allowance had been made or not reduced.

326 Interpretation of section 325

- (1) In section 325—

“commercial rent” means such rent as may reasonably be expected to have been required in respect of the subordinate interest (having regard to any premium payable for the grant of the interest) if the transaction had been at arm’s length;

“premium” includes any capital consideration, except so much of any sum as corresponds to an amount of rent or profits falling to be calculated by reference to that sum under section 34 of ICTA;

“subordinate interest” means an interest in or right over the building, whether granted by the former owner or anyone else.

- (2) In section 325 and this section—

“capital consideration” means consideration which consists of a capital sum or would be a capital sum if it had consisted of a money payment, and

“rent” includes any consideration which is not capital consideration.

Qualifying enterprise zone expenditure: effect of realising capital value

327 Capital value provisions: application of provisions

Sections 328 to 331 apply only if expenditure on the construction of a building has been incurred—

- (a) at a time—

(i) when the site of the building was wholly or mainly in an enterprise zone, and

(ii) which was not more than 10 years after the site was first included in the zone, or

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (b) under a contract entered into at such a time.

328 Balancing adjustment on realisation of capital value

- (1) There is a balancing event if, while the building is an industrial building or after it has ceased to be one, any capital value is realised.
- (2) No balancing allowance is to be made because of a balancing event under this section.
- (3) The amount of capital value realised is to be treated as the proceeds from the balancing event.
- (4) If a balancing event under this section occurs—
 - (a) section 319 (balancing adjustment where building not an industrial building etc. throughout) has effect as if, immediately after the balancing event, the starting expenditure were reduced by the amount of capital value realised, and
 - (b) if the net proceeds of a sale of the relevant interest fall to be increased under section 325(4) (balancing allowances restricted where sale subject to subordinate interest), those proceeds as so increased are reduced by the amount of any capital value realised before the sale.
- (5) Capital value is realised if an amount of capital value is paid which is attributable to an interest in land (“the subordinate interest”) to which the relevant interest in the building is or will be subject.
- (6) The capital value is realised on the making of the payment.
- (7) The amount of capital value realised is the amount of capital value that is attributable to the subordinate interest under section 329.

329 Capital value that is attributable to subordinate interest

- (1) Capital value is attributable to the subordinate interest if it is paid—
 - (a) in consideration of the grant of the subordinate interest,
 - (b) instead of any rent payable by the person entitled to the subordinate interest,
 - (c) in consideration of the assignment of such rent, or
 - (d) in consideration of—
 - (i) the surrender of the subordinate interest, or
 - (ii) the variation or waiver of any of the terms on which it was granted.
- (2) If—
 - (a) no premium is given in consideration of the grant of the subordinate interest or any premium so given is less than the commercial premium, and
 - (b) no commercial rent is payable in respect of the subordinate interest,capital value is attributable under subsection (1)(a) as if the commercial premium had been paid on and in consideration of the grant of the subordinate interest.
- (3) If any value given instead of any rent payable by the person entitled to the subordinate interest is less than the commercial amount, capital value is attributable under subsection (1)(b) as if the commercial amount had been paid.
- (4) If—
 - (a) any rent payable in respect of the subordinate interest is assigned, but

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (b) no value is given in consideration of the assignment or any value so given is less than the commercial amount,
 capital value is attributable under subsection (1)(c) as if the commercial amount had been given on and in consideration of the assignment.
- (5) If—
- (a) the subordinate interest is surrendered, or any of the terms on which the subordinate interest was granted are varied or waived, but
- (b) no value is given in consideration of the surrender, variation or waiver or any value so given is less than the commercial amount,
 capital value is attributable under subsection (1)(d) as if the commercial amount had been given on and in consideration of the surrender, variation or waiver.
- (6) Capital value is not attributable to the subordinate interest if it is paid in consideration of the grant of a lease to which an election under section 290 (treating grant of lease exceeding 50 years as sale) applies.

330 Exception for payments more than 7 years after agreement

- (1) Capital value is not realised for the purposes of section 328 if the payment is made more than 7 years after—
- (a) the agreement under which the qualifying expenditure was incurred was entered into, or
- (b) if that agreement was conditional, the time when the agreement became unconditional.
- (2) If an agreement is made to pay in respect of any event an amount of capital value which would be attributable to the subordinate interest, and—
- (a) the agreement is made, or if conditional becomes unconditional, before the end of the period of 7 years referred to in subsection (1), and
- (b) the event occurs, or any payment in consideration of the event is made, after the end of that period,
 the event or payment is treated for the purposes of subsection (1) as occurring or made before the end of the 7 years.
- (3) Subsection (1) does not apply if arrangements—
- (a) under which the person entitled to the relevant interest acquired it, or
- (b) which were made in connection with its acquisition,
 include provision which requires, or makes substantially more likely, any of the events set out in subsection (4).
- (4) The events are—
- (a) the subsequent sale of the relevant interest;
- (b) the subsequent grant of an interest in land out of the relevant interest;
- (c) any other event on which capital value attributable to the subordinate interest would be paid or treated as paid.

331 Capital value provisions: interpretation

- (1) “Capital value” means any capital sum—

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (a) including what would have been a capital sum if it had been a money payment (and references to payment are to be read accordingly), but
 - (b) excluding so much of any sum as corresponds to an amount of rent or profits calculated by reference to that sum under section 34 of ICTA (premiums etc. treated as rent).
- (2) “Interest in land” means—
- (a) a leasehold estate in the land, whether in the nature of a head lease, sub-lease or under-lease;
 - (b) an easement or servitude;
 - (c) a licence to occupy land.
- (3) References to granting an interest in land include agreeing to grant any such interest.
- (4) In section 329—
- “commercial amount” means the amount that would have been given if the transaction had been at arm’s length,
 - “commercial premium” means the premium that would have been given if the transaction had been at arm’s length, and
 - “commercial rent” means such rent as may reasonably be expected to have been required in respect of the subordinate interest (having regard to any premium paid in consideration of the grant of the interest) if the transaction had been at arm’s length.
- (5) In the application of section 329 to Scotland, references to assignment are to be read as references to assignation.

CHAPTER 8

WRITING OFF QUALIFYING EXPENDITURE

332 Introduction

For the purposes of this Part qualifying expenditure is written off to the extent and at the times specified in this Chapter.

333 Writing off initial allowances

If an initial allowance is made in respect of the qualifying expenditure, the amount of the allowance is written off at the time when the building is first used.

334 Writing off writing-down allowances

- (1) If a writing-down allowance is made in respect of the qualifying expenditure, the amount of the allowance is written off at the end of the chargeable period for which the allowance is made.
- (2) If a balancing event occurs at the end of the chargeable period referred to in subsection (1), the amount written off under that subsection is to be taken into account in calculating the residue of qualifying expenditure immediately before the event to determine what balancing adjustment (if any) is to be made.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

335 Writing off research and development allowances

- (1) If an allowance under Part 6 (research and development allowances) is made in respect of the qualifying expenditure, the amount of the allowance is written off at the end of the chargeable period for which the allowance is made.
- (2) If a balancing event occurs at the end of the chargeable period referred to in subsection (1), the amount written off under that subsection is to be taken into account in calculating the residue of qualifying expenditure immediately before that event to determine what balancing adjustment (if any) is to be made.

336 Writing off expenditure when building not an industrial building

- (1) This section applies if for any period or periods between—
 - (a) the time when the building was first used for any purpose, and
 - (b) the time when the residue of qualifying expenditure falls to be ascertained, the building was not an industrial building.
- (2) An amount equal to the notional writing-down allowances for the period or periods is written off at the time when the residue falls to be ascertained.
- (3) The notional writing-down allowances are the allowances that would have been made for the period or periods in question (if the building had remained an industrial building), at such rate or rates as would have been appropriate having regard to any relevant sale.
- (4) In subsection (3) “relevant sale” means a sale of the relevant interest as a result of which a balancing adjustment falls to be made under section 314.

337 Writing off or increase of expenditure where balancing adjustment made

- (1) This section applies if the relevant interest in the building is sold.
- (2) If a balancing allowance is made, the amount by which the residue of qualifying expenditure before the sale exceeds the net proceeds of the sale is written off at the time of the sale.
- (3) If a balancing charge is made, the amount of the residue of qualifying expenditure is increased at the time of the sale by the amount of the charge.
- (4) But if the balancing charge is made under section 319(6) (difference between net allowances made and adjusted net cost), the residue of qualifying expenditure immediately after the sale is limited to the net proceeds of the sale.

338 Writing off capital value which has been realised

If a balancing event within section 328 occurs (realisation of capital value), an amount equal to any capital value realised is written off at the time of the event.

339 Crown or other person not within the charge to tax entitled to the relevant interest

- (1) This section applies if at any time—
 - (a) the Crown, or

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (b) a person who is not within the charge to tax,
 - (“A”) is entitled to the relevant interest in a building.
- (2) Sections 333 to 338 (writing off qualifying expenditure) have effect as if all writing-down allowances and balancing adjustments had been made as could have been made if—
 - (a) a person (“B”) who—
 - (i) is not the Crown,
 - (ii) is within the charge to tax, and
 - (iii) is not a company,had been entitled to the relevant interest, and
 - (b) the other assumptions in subsection (3) had been made.
- (3) The assumptions are that—
 - (a) while A was entitled to the relevant interest, all things which were done in relation to the building—
 - (i) by or to A, or
 - (ii) by or to a person using the building under the authority of A,were done by or to B for the purposes of, and in the course of, a trade carried on by B,
 - (b) any sale of the relevant interest in the building by or on behalf of A was made in connection with the termination of the trade carried on by B, and
 - (c) B’s periods of account for that trade had, in the case of each tax year, ended immediately before the beginning of the next tax year.

340 Treatment of demolition costs

- (1) This section applies if—
 - (a) a building is demolished, and
 - (b) the person to or on whom any balancing allowance or balancing charge is or might be made is the person incurring the cost of the demolition.
- (2) The net cost of the demolition is added to the residue of qualifying expenditure immediately before the demolition.
- (3) “The net cost of the demolition” means the amount, if any, by which the cost of the demolition exceeds any money received for the remains of the property.
- (4) If this section applies, neither the cost of the demolition nor the net cost of the demolition is treated for the purposes of any Part of this Act other than Part 10 (assured tenancy allowances) as expenditure on any other property replacing the property demolished.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

CHAPTER 9

HIGHWAY UNDERTAKINGS

341 Carrying on of highway undertakings

- (1) For the purposes of this Part the carrying on of a highway undertaking is to be treated as the carrying on of an undertaking by way of trade; and accordingly references in this Part (except sections 274 and 276) to a trade include a highway undertaking.
- (2) For the purposes of this Part a person carrying on a highway undertaking is to be treated as occupying, for the purposes of the undertaking, any road in relation to which it is carried on.
- (3) In this Chapter “highway undertaking” has the meaning given in item 6 of Table B in section 274.
- (4) In that item and this Chapter “highway concession”, in relation to a road, means—
 - (a) a right to receive sums from [^{F104}the relevant authority] because the road is or will be used by the general public, or
 - (b) if the road is a toll road, the right to charge tolls in respect of the road.
- [^{F105}(5) In subsection (4) “the relevant authority” means—
 - (a) the Secretary of State,
 - (b) the Scottish Ministers,
 - (c) the National Assembly for Wales, or
 - (d) the Department for Regional Development in Northern Ireland.]

342 The relevant interest

- (1) For the purposes of Chapter 3 (the relevant interest in the building) as it applies to expenditure incurred on the construction of a road, a highway concession is not to be treated as an interest in the road.
- (2) But if the person who incurred the expenditure on the construction of the road—
 - (a) was not entitled to an interest in the road when he incurred the expenditure, but
 - (b) was at that time entitled to a highway concession in respect of the road,
 the highway concession is to be treated as the relevant interest in relation to that expenditure.
- (3) Any question as to what is the relevant interest is to be determined on the assumption that, if section 344 (renewed or new concession treated as extension of earlier concession) applies, the renewed or new concession is a continuation of the earlier concession.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

343 Balancing adjustment on ending of concession

- (1) If—
 - (a) the relevant interest is a highway concession, and
 - (b) the concession is brought to or comes to an end without being treated as extended under section 344,the ending of the concession is a balancing event.
- (2) The proceeds from such a balancing event are—
 - (a) any insurance money received by the person entitled to the highway concession in respect of any qualifying expenditure, and
 - (b) other compensation so received so far as it consists of capital sums.

344 Cases where highway concession is to be treated as extended

- (1) A highway concession in respect of a road is to be treated as extended if—
 - (a) the person entitled to the concession takes up a renewed concession in respect of the whole or a part of the road, or
 - (b) that person or a person connected with him takes up a new concession in respect of—
 - (i) the whole or a part of the road, or
 - (ii) a road that includes the whole or a part of the road.
- (2) But the concession is to be treated as extended only—
 - (a) to the extent that the concession which has in fact ended, and the renewed or new concession, relate to the same road, and
 - (b) for the period of the renewed or new concession.
- (3) A person takes up a renewed or new concession if he is afforded, whether or not under legally enforceable arrangements, an opportunity to be granted the renewed or new concession and takes advantage of the opportunity.
- (4) For the purposes of subsection (3) it does not matter whether the renewed or new concession is on the same terms as the previous concession or on modified terms.
- (5) If—
 - (a) a highway concession is treated as extended under this section, and
 - (b) the period of the extension is different in relation to different parts of the road in relation to which the concession has been granted,such apportionments are to be made for the purposes of section 343 as are just and reasonable.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

CHAPTER 10

ADDITIONAL VAT LIABILITIES AND REBATES

Introduction

345 Introduction

For the purposes of this Chapter—

- (a) “additional VAT liability” and “additional VAT rebate” have the meaning given by section 547,
- (b) the time when—
 - (i) a person incurs an additional VAT liability, or
 - (ii) an additional VAT rebate is made to a person,
 is given by section 548, and
- (c) the chargeable period in which, and the time when, an additional VAT liability or an additional VAT rebate accrues are given by section 549.

Additional VAT liabilities

346 Additional VAT liabilities and initial allowances

- (1) This section applies if—
 - (a) a person was entitled to an initial allowance in respect of qualifying enterprise zone expenditure,
 - (b) the person entitled to the relevant interest in relation to that expenditure incurs an additional VAT liability in respect of that expenditure,
 - (c) the additional VAT liability is incurred at a time when the building is, or is to be, an industrial building—
 - (i) occupied by the person entitled to the relevant interest or a qualifying lessee, or
 - (ii) used by a qualifying licensee, and
 - (d) the additional VAT liability is incurred not more than 10 years after the site of the building was first included in the enterprise zone.
- (2) If this section applies, the person entitled to the relevant interest is entitled to an initial allowance on the amount of the additional VAT liability.
- (3) The amount of the initial allowance is 100% of the amount of the additional VAT liability.
- (4) A person claiming an initial allowance under this section may require the allowance to be reduced to a specified amount.
- (5) The allowance is made for the chargeable period in which the additional VAT liability accrues.
- (6) The persons mentioned in subsection (1)(a) and (b) need not be the same.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

347 Additional VAT liabilities and writing-down allowances

- (1) This section applies if the person entitled to the relevant interest in relation to qualifying expenditure incurs an additional VAT liability in respect of that expenditure.
- (2) If this section applies—
 - (a) the additional VAT liability is treated as qualifying expenditure, and
 - (b) the amount of the residue of qualifying expenditure is accordingly increased at the time when the liability accrues by the amount of the liability.
- (3) The incurring of the additional VAT liability is a relevant event for the purposes of section 311 (calculation of writing-down allowances) that is to be treated as occurring at the time when the liability accrues.

348 Additional VAT liabilities and writing off initial allowances

If an initial allowance is made in respect of an additional VAT liability incurred after the building is first used, the amount of the allowance is written off at the time when the liability accrues.

Additional VAT rebates

349 Additional VAT rebates and writing-down allowances

- (1) This section applies if—
 - (a) an additional VAT rebate is made in respect of qualifying expenditure to the person entitled to the relevant interest in relation to that qualifying expenditure, and
 - (b) immediately before the rebate accrues, the residue of that qualifying expenditure is equal to, or greater than, the amount of the rebate.
- (2) The making of the additional VAT rebate is a relevant event for the purposes of section 311 (calculation of writing-down allowances) that is to be treated as occurring at the time when the rebate accrues.

350 Additional VAT rebates and balancing adjustments

- (1) If an additional VAT rebate is made in respect of qualifying expenditure to the person entitled to the relevant interest in relation to that qualifying expenditure—
 - (a) the making of the rebate is a balancing event for the purposes of this Part, but
 - (b) the making of balancing adjustments as a result of the event is subject to subsections (2) and (3).
- (2) No balancing allowance is to be made as a result of the event.
- (3) A balancing charge is not to be made as a result of the event unless—
 - (a) the amount of the additional VAT rebate is more than the amount of the residue of qualifying expenditure immediately before the time when the rebate accrues, or
 - (b) there is no such residue.
- (4) The amount of the balancing charge is—
 - (a) the amount of the difference, or

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

(b) the amount of the rebate (if there is no residue).

- (5) If a balancing charge is made under this section, the starting expenditure is reduced by the amount of that charge in a case where section 322(2) applies (person subject to balancing adjustment is the person who incurred the qualifying expenditure).

351 Additional VAT rebates and writing off qualifying expenditure

If an additional VAT rebate is made in respect of qualifying expenditure, an amount equal to the rebate is written off at the time when the rebate accrues.

CHAPTER 11

GIVING EFFECT TO ALLOWANCES AND CHARGES

352 Trades

- (1) An allowance or charge to which a person is entitled or liable under this Part is to be given effect in calculating the profits of that person's trade, by treating—
- (a) the allowance as an expense of the trade, and
 - (b) the charge as a receipt of the trade.
- (2) In the case of a person who—
- (a) is entitled to an allowance or liable to a charge in respect of a commercial building, and
 - (b) occupies the building in the course of a profession or vocation,
- the references in subsection (1) to a trade are to be read as references to the profession or vocation.
- (3) Subsection (1) is subject to the following provisions of this Chapter.

353 Lessors and licensors

- (1) This section applies if—
- (a) a person is entitled or liable to an allowance or charge for a chargeable period ("the relevant period"), but
 - (b) his interest in the building in question is or was subject to a lease or a licence at the relevant time.
- (2) If the person's interest in the building is an asset of a Schedule A business carried on by him at any time in the relevant period, the allowance or charge is to be given effect in calculating the profits of that business for the relevant period, by treating—
- (a) the allowance as an expense of that business, and
 - (b) the charge as a receipt of that business.
- (3) If the person's interest in the building is an asset of an overseas property business carried on by him at any time in the relevant period, the allowance or charge is to be given effect in calculating the profits of the overseas property business for the relevant period, by treating—
- (a) the allowance as an expense of that business, and
 - (b) the charge as a receipt of that business.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (4) If the person's interest in the building is not an asset of any property business carried on by him at any time in the relevant period, the allowance or charge is to be given effect by treating him as if he had been carrying on a Schedule A business in that period and as if—
- (a) the allowance were an expense of that business, and
 - (b) the charge were a receipt of that business.
- (5) In subsection (1) “the relevant time” means—
- (a) in relation to an initial allowance, the time when the expenditure was incurred or any subsequent time before the building is used for any purpose;
 - (b) in relation to a writing-down allowance, the end of the relevant period;
 - (c) in relation to a balancing allowance or balancing charge, the time immediately before the event giving rise to the allowance or charge.

354 Buildings temporarily out of use

- (1) This section applies if a person is entitled to an allowance or liable to a charge for a chargeable period during which the building is treated as an industrial building under section 285 (building still industrial building despite temporary disuse).
- (2) If, when the building was last in use as an industrial building—
- (a) it was in use for the purposes of a trade which has since been permanently discontinued, or
 - (b) the relevant interest in the building was subject to a lease or a licence which has since come to an end,
- section 353(4) applies to the person as if the relevant interest were subject to a lease or licence at the relevant time.
- (3) If—
- (a) the person is liable to a balancing charge, and
 - (b) when the building was last in use as an industrial building, it was in use as an industrial building for the purposes of a trade which was carried on by the person but which has since been permanently discontinued,
- the same deductions may be made from the amount of the balancing charge as may be made under section 105 of ICTA (deductions allowed in case of post-cessation receipts) from an amount chargeable to tax under section 103 or 104(1) of ICTA.
- (4) Subsection (3) does not affect the making of any deduction allowed under any other provision of the Tax Acts.
- (5) For the purposes of this section the permanent discontinuance of a trade does not include an event treated as a permanent discontinuance under section 113(1) or 337(1) of ICTA (change in persons carrying on a trade etc. and effect of company ceasing to trade etc.).
- (6) In this section “trade”, in relation to a commercial building, includes a profession or vocation.

355 Buildings for miners etc.: carry-back of balancing allowances

- (1) This section applies if—

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (a) a trade consists of or includes the working of a source of mineral deposits (within the meaning of item 7 of Table A in section 274),
 - (b) a balancing allowance falls to be made under this Part for the last chargeable period in which the trade is carried on,
 - (c) the event giving rise to the allowance is—
 - (i) the source of mineral deposits ceasing to be worked, or
 - (ii) the coming to an end of a foreign concession,
 - (d) the allowance is made for expenditure on a building which was constructed for occupation by, or for the welfare of, persons employed at or in connection with the working of the source of mineral deposits, and
 - (e) full effect cannot be given to the allowance because there are insufficient profits for that chargeable period.
- (2) If this section applies, the person entitled to the allowance may claim that the balance of the allowance is to be given for the last preceding chargeable period, and so on for other preceding chargeable periods.
- (3) But allowances are not to be given under subsection (2) for chargeable periods amounting in total to more than 5 years; but a proportionately reduced allowance may be given for a chargeable period of which part is required to make up the 5 years.
- (4) In counting the 5 years, include any period for which an allowance might be made but cannot be given effect because there are insufficient profits.
- (5) If this section applies to a company, no allowance may be given under this section so as to create or increase a loss in any accounting period.
- (6) If this section applies to a company and a claim is made both under this section and under section 393A(1) of ICTA (relief for company trading losses)—
- (a) effect is to be given to the claim under that section before this section is applied, and
 - (b) for the purposes of giving effect to the claim under that section, the allowance for which the claim under this section is made is to be disregarded.

CHAPTER 12

SUPPLEMENTARY PROVISIONS

356 Apportionment of sums partly referable to non-qualifying assets

- (1) If the sum paid for the sale of the relevant interest in a building is attributable—
- (a) partly to assets representing expenditure for which an allowance can be made under this Part, and
 - (b) partly to assets representing other expenditure,
- only so much of the sum as on a just and reasonable apportionment is attributable to the assets referred to in paragraph (a) is to be taken into account for the purposes of this Part.
- (2) Subsection (1) applies to other proceeds from a balancing event in respect of a building as it applies to a sum given for the sale of the relevant interest in the building.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (3) Subsection (1) does not affect any other provision of this Act requiring an apportionment of the proceeds of a balancing event.

357 Arrangements having an artificial effect on pricing

- (1) If—

- (a) the relevant interest in a building is sold,
- (b) related arrangements have been entered into, at or before the time when the sale price is fixed, which had the effect at that time of enhancing the value of the relevant interest, and
- (c) the arrangements contain a provision which has an artificial effect on pricing (see subsection (4)),

the sum paid on the sale of the relevant interest is to be treated for the purposes of arriving at qualifying expenditure as reduced to what it would have been if the arrangements had not contained the provision having that artificial effect.

- (2) If—

- (a) qualifying expenditure is equal to a price paid on a sale of the relevant interest in a building,
- (b) related arrangements have been entered into, at or before the time when the sale price is fixed, which had the effect at that time of enhancing the value of the relevant interest, and
- (c) the arrangements contain a provision which has an artificial effect on pricing,

the proceeds from any balancing event subsequently occurring in relation to the building are to be treated for the purposes of this Part as reduced to what they would have been if the arrangements had not contained the provision having that artificial effect.

- (3) “Related arrangements” means arrangements between two or more persons which relate—

- (a) to an interest in or right over the building, or
- (b) to other arrangements made with respect to such an interest or right;

and for this purpose it is immaterial whether the interest or right in question is granted by the person entitled to the relevant interest or another person.

- (4) Arrangements contain a provision having an artificial effect on pricing to the extent that they go beyond what could reasonably have been regarded as required in comparable commercial transactions by the market conditions prevailing when the arrangements were entered into.

- (5) “Comparable commercial transactions” means transactions—

- (a) involving interests in or rights over buildings of the same kind as (or of a similar kind to) the building to which the arrangements relate, and
- (b) made by persons dealing with each other at arm’s length in the open market.

358 Requisitioned land

- (1) This section applies in relation to any period (“period of requisition”) for which compensation—

- (a) is payable, or

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (b) but for any agreement would be payable,
under section 2(1)(a) of the Compensation (Defence) Act 1939 (c. 75).
- (2) This Part has effect in relation to the period of requisition as if the Crown had been in possession of the land for that period under a lease.
- (3) If a person carrying on a trade is authorised by the Crown to occupy the land (or part of it) during the whole or a part of the period of requisition, this Part has effect as if the Crown had granted a sub-lease of the land (or that part of it) to the occupier.
- (4) If subsection (2) or (3) applies, references in this Part to—
- (a) the surrender of a leasehold interest,
 - (b) a leasehold interest being extinguished on the person entitled to it acquiring the interest which is reversionary on it, or
 - (c) the merger of a leasehold interest,
- apply (with the necessary modifications) in relation to the lease under subsection (2) or the sub-lease under subsection (3).
- (5) If the person who (subject to the rights of the Crown) is entitled to possession of the land pays any sum to—
- (a) the Crown, or
 - (b) if subsection (3) applies, the occupier,
- in respect of a building constructed on the land during the period of requisition, the sum is to be treated for the purposes of this Part as paid in consideration of the surrender of the lease or sub-lease (as the case may be).

359 Provisions applying on termination of lease

- (1) This section applies for the purposes of this Part if a lease is terminated.
- (2) If, with the consent of the lessor, the lessee of a building remains in possession of the building after the termination without a new lease being granted to him the lease is treated as continuing so long as the lessee remains in possession.
- (3) If on the termination a new lease is granted to the lessee as a result of the exercise of an option available to him under the terms of the first lease, the second lease is treated as a continuation of the first.
- (4) If on the termination the lessor pays a sum to the lessee in respect of a building comprised in the lease, the lease is treated as if it had come to an end by surrender in consideration of the payment.
- (5) If on the termination—
- (a) another lease is granted to a different lessee, and
 - (b) in connection with the transaction that lessee pays a sum to the person who was the lessee under the first lease,
- the two leases are to be treated as if they were the same lease which had been assigned by the lessee under the first lease to the lessee under the second lease in consideration of the payment.

360 Meaning of “lease” etc.

- (1) In this Part “lease” includes—

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (a) an agreement for a lease if the term to be covered by the lease has begun, and
 - (b) any tenancy,
- but does not include a mortgage (and “lessee”, “lessor” and “leasehold interest” are to be read accordingly).
- (2) In the application of this Part to Scotland—
- (a) “leasehold interest” (or “leasehold estate”) means the interest of a tenant in property subject to a lease, and
 - (b) any reference to an interest which is reversionary on a leasehold interest or on a lease is to be read as a reference to the interest of the landlord in the property subject to the leasehold interest or lease.

PART 4

AGRICULTURAL BUILDINGS ALLOWANCES

CHAPTER 1

INTRODUCTION

361 Agricultural buildings allowances

- (1) Allowances are available under this Part if—
- (a) capital expenditure has been incurred on the construction of a building (such as a farmhouse, farm building or cottage) or on the construction of fences or other works,
 - (b) the expenditure was incurred—
 - (i) by a person having a freehold or leasehold interest in land in the United Kingdom occupied wholly or mainly for the purposes of husbandry, and
 - (ii) for the purposes of husbandry on that land, and
 - (c) the expenditure, or other expenditure, is qualifying expenditure.
- (2) In this Part—
- (a) “agricultural building” means a building, fence or other works referred to in subsection (1)(a), and
 - (b) “the related agricultural land” means the land referred to in subsection (1)(b).
- (3) Allowances under this Part are made to the person who for the time being has the relevant interest (see Chapter 2) in relation to the qualifying expenditure (see Chapter 3).

362 Meaning of “husbandry”

- (1) In this Part “husbandry” includes—
- (a) any method of intensive rearing of livestock or fish on a commercial basis for the production of food for human consumption, and
 - (b) the cultivation of short rotation coppice.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (2) “Short rotation coppice” has the meaning given by section 154(3) of FA 1995 (meaning for general tax purposes: tree species planted at high density where stems harvested at intervals of less than 10 years).

363 Expenditure on the construction of a building

For the purposes of this Part, expenditure on the construction of a building does not include expenditure incurred on the acquisition of land or rights in or over land.

CHAPTER 2

THE RELEVANT INTEREST

364 General rule as to what is the relevant interest

- (1) The relevant interest in relation to any qualifying expenditure is the freehold or leasehold interest in the related agricultural land to which the person who incurred the expenditure on the construction of the agricultural building was entitled when the expenditure was incurred.
- (2) Subsection (1) is subject to the following provisions of this Chapter.
- (3) If, when the expenditure was incurred—
- (a) the person was entitled to freehold and leasehold interests or to more than one leasehold interest in the related agricultural land, and
 - (b) one of those interests was reversionary on all the others,
- the reversionary interest is the relevant interest.

365 Effect of creation of subordinate lease

An interest does not cease to be the relevant interest merely because of the creation of a lease or other interest to which that interest is subject.

366 Interest conveyed or assigned by way of security

If an interest in land is—

- (a) conveyed or assigned by way of security, and
- (b) subject to a right of redemption,

the person with the right of redemption is treated for the purposes of this Part as having that interest, and not the creditor.

367 Merger of leasehold interest

- (1) If the relevant interest is a leasehold interest which is extinguished on—
- (a) being surrendered, or
 - (b) the person entitled to it acquiring the interest which is reversionary on it,
- the interest into which the leasehold interest merges becomes the relevant interest when the leasehold interest is extinguished.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (2) If the person who owns the interest into which the leasehold interest is merged is not the same as the person who owned the leasehold interest, the relevant interest is to be treated for the purposes of this Part as acquired by the owner of the interest into which the leasehold interest is merged.
- (3) Subsection (1) does not apply if a new lease of the whole or a part of the related agricultural land is granted to take effect on the extinguishment of the former leasehold interest.

368 Provisions applying on ending of lease

- (1) This section applies if—
 - (a) a lease which is the relevant interest comes to an end, and
 - (b) section 367(1) does not apply.
- (2) If a new lease of the whole or a part of the related agricultural land is granted to the same lessee, the lessee is to be treated as continuing to have the same relevant interest in the whole of the related agricultural land.
- (3) If—
 - (a) a new lease of the whole or a part of the related agricultural land is granted to a different lessee, and
 - (b) that lessee (“the incoming lessee”) makes a payment to the outgoing lessee in respect of assets representing the qualifying expenditure,the incoming lessee is to be treated as acquiring the relevant interest in the whole of the related agricultural land.
- (4) In any other case, the former lease and the interest of the lessor under it are to be treated as the same interest; and so the relevant interest in the whole of the related agricultural land is to be treated as acquired by the lessor.

CHAPTER 3

QUALIFYING EXPENDITURE

369 Capital expenditure on construction of agricultural building

- (1) If—
 - (a) capital expenditure has been incurred on the construction of an agricultural building,
 - (b) the expenditure was incurred for the purposes of husbandry as mentioned in section 361, and
 - (c) the relevant interest has not been sold or, if it has been sold, has been sold only after the first use of the building,the capital expenditure is qualifying expenditure.
- (2) Subsections (3) and (4) apply if the capital expenditure has been incurred on the construction of a farmhouse.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (3) If the accommodation and amenities of the farmhouse are proportionate to the nature and extent of the farm, only one third of the capital expenditure is to be taken into account under subsection (1).
- (4) If they are disproportionate, only such part of the expenditure as is just and reasonable (and not exceeding one third) is to be taken into account under subsection (1).
- (5) If—
 - (a) the capital expenditure is incurred on the construction of any agricultural building other than a farmhouse, and
 - (b) the building is to be used partly for the purposes of husbandry on the related agricultural land and partly for other purposes,
 only such part of the expenditure as, on a just and reasonable apportionment, is referable to use for the purposes of husbandry is to be taken into account under subsection (1).

370 Purchase of relevant interest before first use of agricultural building

- (1) This section applies if—
 - (a) capital expenditure has been incurred on the construction of an agricultural building,
 - (b) the expenditure was incurred for the purposes of husbandry as mentioned in section 361,
 - (c) the relevant interest is sold before the building is first used, and
 - (d) a capital sum is paid by the purchaser for the relevant interest.
- (2) The lesser of—
 - (a) the capital expenditure incurred on the construction of the agricultural building, and
 - (b) the capital sum paid by the purchaser,
 is qualifying expenditure.
- (3) For the purposes of subsections (1) and (2)—
 - (a) capital expenditure incurred on the construction of the agricultural building does not include any amount excluded from being taken into account under section 369(3) to (5), and
 - (b) the capital sum paid by the purchaser for the relevant interest does not include any amount which, on a just and reasonable apportionment, is attributable to assets representing expenditure in respect of which an allowance cannot be made under this Part.
- (4) Subsection (3)(b) does not affect sections 562, 563 and 564(1) (apportionment and procedure for determining apportionment).
- (5) The qualifying expenditure is to be treated as incurred when the capital sum became payable.
- (6) If the relevant interest is sold more than once before the building is first used, subsection (2) has effect only in relation to the last of those sales.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

371 Different relevant interests in different parts of the related agricultural land

If a person is entitled to different relevant interests in different parts of the related agricultural land—

- (a) the expenditure is to be apportioned between those parts on a just and reasonable basis, and
- (b) this Part applies as if the person had incurred the expenditure apportioned to each part separately.

CHAPTER 4

WRITING-DOWN ALLOWANCES

372 Entitlement to writing-down allowance

- (1) A person is entitled to a writing-down allowance for a chargeable period if—
 - (a) qualifying expenditure has been incurred,
 - (b) at any time during that chargeable period he is entitled to the relevant interest in relation to the qualifying expenditure, and
 - (c) that time falls within the writing-down period.
- (2) The writing-down period, in relation to qualifying expenditure incurred by a person, is 25 years beginning with the first day of the chargeable period of that person in which the qualifying expenditure was incurred.
- (3) A person claiming a writing-down allowance may require the allowance to be reduced to a specified amount.

373 Basic rule for calculating amount of allowance

- (1) The basic rule is that the writing-down allowance for a chargeable period is 4% of the qualifying expenditure.
- (2) The allowance is proportionately increased or reduced if the chargeable period is more or less than a year.

374 First use of building not for purposes of husbandry, etc.

- (1) No writing-down allowance is to be made under section 372 if, when the agricultural building is first used, it is not used for the purposes of husbandry.
- (2) Any writing-down allowance which has been made in respect of an agricultural building which has not been used is to be withdrawn if—
 - (a) when the building is first used, it is not used for the purposes of husbandry, or
 - (b) the person to whom the allowance was made sells the relevant interest before the building is first used.
- (3) All such assessments and adjustments of assessments are to be made as are necessary to give effect to this section.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

375 Effect of acquisition of relevant interest after first use of building

- (1) This section applies if—
- (a) a person (“the former owner”) would be entitled to an allowance under this Part in respect of any expenditure if he continued to be the owner of the relevant interest, and
 - (b) another person (“the new owner”) acquires the relevant interest in the whole or a part of the related agricultural land.
- (2) For the purposes of subsection (1)(b), it is immaterial whether the relevant interest is acquired by transfer, by operation of law or otherwise.
- (3) The former owner—
- (a) is not entitled to an allowance for any chargeable period after that in which the acquisition occurs, and
 - (b) if the acquisition occurs during a chargeable period, is entitled only to an appropriate part of any writing-down allowance for that period.
- (4) The new owner—
- (a) is entitled to allowances for the chargeable period in which the acquisition occurs and for subsequent chargeable periods falling wholly or partly within the writing-down period, and
 - (b) if the acquisition occurs during a chargeable period, is entitled only to an appropriate part of any writing-down allowance for that period.
- (5) If the new owner acquires the relevant interest in part only of the related agricultural land, subsections (3) and (4) apply to so much only of the allowance as is properly referable to that part of the agricultural land as if it were a separate allowance.

376 Calculation of allowance after acquisition

- (1) This section applies if—
- (a) section 375 applies, and
 - (b) the acquisition is a balancing event under section 381 (as a result of an election made in accordance with section 382).
- (2) The writing-down allowance for a chargeable period ending after the event is—

$$RQE \times \frac{A}{B}$$

where—

RQE is the residue of qualifying expenditure immediately after the event,

A is the length of the chargeable period, and

B is the length of the period from the date of the event to the end of the writing-down period.

- (3) On any later acquisition that is a balancing event under section 381, the writing-down allowance is further adjusted in accordance with this section.
- (4) The residue of qualifying expenditure immediately after a balancing event is calculated as mentioned in section 386, taking into account any balancing adjustment falling to be made on the event.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (5) For this purpose, any balancing allowance on that or any previous balancing event which is reduced or denied under section 389 (sale subject to subordinate interest) is to be treated as having been made in full.
- (6) The allowance is proportionately reduced if the person entitled to the allowance is not entitled to the relevant interest in relation to the expenditure in question during part of the chargeable period.

377 Chargeable period when balancing adjustment made

A person is not entitled to a writing-down allowance for a chargeable period in which a balancing allowance or balancing charge is made to or on him in respect of the qualifying expenditure.

378 Allowance limited to residue of qualifying expenditure

- (1) The amount of a writing-down allowance for a chargeable period is limited to the residue of qualifying expenditure immediately before it is made or would, apart from this section, be made.
- (2) The residue of qualifying expenditure is calculated in accordance with section 386.

379 Final writing-down allowance

- (1) In this section “the final writing-down allowance” means the writing-down allowance which is made—
 - (a) to the person who is entitled to the relevant interest when the writing-down period ends, and
 - (b) for the chargeable period in which it ends.
- (2) If the final writing-down allowance would, apart from this section, be less than the amount of the residue of qualifying expenditure immediately before it is made, the allowance is increased to that amount.
- (3) When determining the residue of qualifying expenditure under section 386 for the purposes of subsection (2), assume that all such writing-down allowances have been made to the persons who have been entitled to the relevant interest during the writing-down period as could have been made if each of them—
 - (a) had been entitled to allowances, and
 - (b) had claimed allowances in full.

CHAPTER 5

BALANCING ADJUSTMENTS

General

380 When balancing adjustments are made

- (1) A balancing adjustment is made if—

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (a) qualifying expenditure has been incurred, and
 - (b) a balancing event occurs in a chargeable period for which a person would (apart from this section) be entitled to a writing-down allowance.
- (2) A balancing adjustment is either a balancing allowance or a balancing charge and is made for the chargeable period in which the balancing event occurs.
- (3) A balancing allowance or balancing charge is made to or on the person entitled to the relevant interest in relation to the qualifying expenditure immediately before the balancing event.

381 Balancing events (on making an election)

- (1) Any event described in subsection (2) is a balancing event, but only if an election is made in accordance with section 382 for it to be treated as such.
- (2) The events are—
- (a) the relevant interest is acquired as mentioned in section 375;
 - (b) the agricultural building is demolished or destroyed;
 - (c) the agricultural building ceases altogether to be used (without being demolished or destroyed).

382 Requirements as to elections

- (1) An election relating to an event within section 381(2)(a) must be made jointly by the former owner and the new owner.
- (2) No election relating to such an event may be made if it appears that the sole or main benefit which might have been expected to accrue to the parties, or any of them, from—
- (a) the acquisition, or
 - (b) transactions of which the acquisition is one,
- is the obtaining of an allowance, or a greater allowance, under this Part.
- (3) In determining for the purposes of subsection (2) what benefit might have been expected to accrue, sections 568 and 573 (sales treated as being for alternative amount) are to be disregarded.
- (4) An election relating to an event within section 381(2)(b) or (c) must be made by the person entitled to the relevant interest immediately before the event.
- (5) No election relating to any event may be made if any person by whom the election is to be made is not within the charge to tax.
- (6) The election must be made by notice given to the Inland Revenue—
- (a) for income tax purposes, on or before the normal time limit for amending a tax return for the tax year in which the relevant chargeable period ends;
 - (b) for corporation tax purposes, no later than 2 years after the end of the relevant chargeable period.
- (7) “The relevant chargeable period” means the chargeable period in which the event in question occurs.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

383 Proceeds from balancing events

- (1) References in this Part to the proceeds from a balancing event are to the amounts received or receivable in connection with the event, as shown in the Table—

Table

Balancing events and proceeds

<i>1. Balancing event</i>	<i>2. Proceeds from event</i>
1. The sale of the relevant interest.	The net proceeds of the sale.
2. The acquisition of the relevant interest under section 368(3) (ending of lease where incoming lessee makes payment to outgoing lessee).	The net amount of the payment to the outgoing lessee.
3. The demolition or destruction of the agricultural building.	The net amount received for the remains of the building, together with— (a) any insurance money received in respect of the demolition or destruction, and (b) any other compensation of any description so received, so far as it consists of capital sums.
4. The agricultural building ceases altogether to be used.	Any compensation of any description received in respect of the event, so far as it consists of capital sums.

- (2) The amounts referred to in column 2 of the Table are those received or receivable by the person whose entitlement to a balancing allowance or liability to a balancing charge is in question.

384 Exclusion of proportion of proceeds

- (1) The amounts referred to in column 2 of the Table in section 383 do not include any amount which, on a just and reasonable apportionment, is attributable to assets representing expenditure in respect of which an allowance cannot be made under this Part.
- (2) If the qualifying expenditure in respect of which the balancing adjustment is made was restricted as a result of—
- (a) subsection (3) or (4) of section 369 (restrictions on expenditure on farmhouse), or
 - (b) subsection (5) of that section (restriction on expenditure on buildings to be used partly for purposes other than husbandry),
- a corresponding proportion only of the amounts referred to in the Table in section 383 is to be treated as proceeds from the balancing event.
- (3) Subsection (1) does not affect sections 562, 563 and 564(1) (apportionment and procedure for determining apportionment).

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

Calculation of balancing adjustments

385 Calculation of balancing adjustment

- (1) A balancing allowance is made if—
 - (a) there are no proceeds from the balancing event, or
 - (b) the proceeds from the balancing event are less than the residue of qualifying expenditure immediately before the event.
- (2) The amount of the balancing allowance is the amount of—
 - (a) the residue (if there are no proceeds);
 - (b) the difference (if the proceeds are less than the residue).
- (3) A balancing charge is made if the proceeds from the balancing event are more than the residue of qualifying expenditure immediately before the event.
- (4) The amount of the balancing charge is the amount of the difference.

386 The residue of qualifying expenditure

The residue of qualifying expenditure at any time is—

$$QE + B - A$$

where—

QE is the amount of qualifying expenditure,

B is the total amount of balancing charges previously made under this Part in respect of the expenditure, and

A is the total amount of any allowances (including balancing allowances) previously made under this Part in respect of that expenditure (whether to the same or to different persons).

387 Overall limit on balancing charge

The amount of a balancing charge made on a person in respect of any qualifying expenditure must not exceed the total allowances made under this Part to the person in respect of the expenditure for chargeable periods ending before that in which the balancing event occurs.

388 Acquisition of relevant interest in part of land, etc.

- (1) This section applies if a balancing event relates to—
 - (a) the acquisition of the relevant interest in part only of the related agricultural land in which the interest subsisted when the qualifying expenditure was incurred, or
 - (b) only part of the agricultural building.
- (2) Entitlement or liability to, and the amount of, the balancing adjustment, are determined by reference to the part of the qualifying expenditure that is properly attributable to the part of the related agricultural land or (as the case may be) the part of the agricultural building.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (3) Section 377 (no writing-down allowance for qualifying expenditure for the chargeable period in which a balancing adjustment is made) applies to the part of the qualifying expenditure referred to in subsection (2).

389 Balancing allowances restricted where sale subject to subordinate interest etc.

- (1) This section applies if—
- (a) the relevant interest is sold subject to a subordinate interest,
 - (b) the person entitled to the relevant interest immediately before the sale (“the former owner”) would, apart from this section, be entitled to a balancing allowance under this Chapter as a result of the sale, and
 - (c) condition A or B is met.
- (2) Condition A is that—
- (a) the former owner,
 - (b) the person who acquires the relevant interest, and
 - (c) the person to whom the subordinate interest was granted,
- or any two of them, are connected persons.
- (3) Condition B is that it appears that the sole or main benefit which might have been expected to accrue to the parties or any of them from the sale or the grant, or transactions including the sale or grant, was the obtaining of an allowance under this Part.
- (4) For the purpose of deciding what balancing adjustment is to be made in a case to which this section applies, the net proceeds to the former owner of the sale are to be increased—
- (a) by an amount equal to any premium receivable by him for the grant of the subordinate interest, and
 - (b) if no rent, or no commercial rent, is payable in respect of the subordinate interest, by the amount by which the proceeds would have been greater if a commercial rent had been payable and the relevant interest had been sold in the open market.
- (5) But the net proceeds of the sale are not to be treated as being greater than the amount which secures that no balancing allowance is made.
- (6) If the terms on which a subordinate interest is granted are varied before the sale of the relevant interest—
- (a) any capital consideration for the variation is to be treated for the purposes of this section as a premium for the grant of the interest, and
 - (b) the question whether any, and if so what, rent is payable in respect of the interest is to be determined by reference to the terms in force immediately before the sale.
- (7) If this section applies in relation to a sale to deny or reduce a balancing allowance, the residue of qualifying expenditure immediately after the sale is nevertheless calculated as if the balancing allowance had been made or not reduced.

390 Interpretation of section 389

- (1) In section 389—

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

“commercial rent” means such rent as may reasonably be expected to have been required in respect of the subordinate interest (having regard to any premium payable for the grant of the interest) if the transaction had been at arm’s length;

“premium” includes any capital consideration, except so much of any sum as corresponds to an amount of rent or profits falling to be calculated by reference to that sum under section 34 of ICTA;

“subordinate interest” means an interest in or right over the related agricultural land, whether granted by the former owner or anyone else.

(2) In section 389 and this section—

“capital consideration” means consideration which consists of a capital sum or would be a capital sum if it had consisted of a money payment, and

“rent” includes any consideration which is not capital consideration.

CHAPTER 6

392 Schedule A businesses

- (1) This section applies if a person who is entitled or liable to an allowance or charge for a chargeable period was not carrying on a trade in that period.
- (2) If the person was carrying on a Schedule A business at any time in that period, the allowance or charge is to be given effect in calculating the profits of that business, by treating—
 - (a) the allowance as an expense of that business, and
 - (b) the charge as a receipt of that business.
- (3) If the person was not carrying on a Schedule A business at any time in that period, the allowance or charge is to be given effect by treating him as if he had been carrying on such a business in that period and as if—
 - (a) the allowance were an expense of that business, and
 - (b) the charge were a receipt of that business.

- (5) Treasury regulations may make further provision as to the circumstances in which a flat is, or is not, a qualifying flat.

393E High value flats

CHAPTER 4

THE RELEVANT INTEREST IN THE FLAT

393F General rule as to what is the relevant interest

- (1) The relevant interest in a flat in relation to any qualifying expenditure is the interest in the flat to which the person who incurred the expenditure was entitled when it was incurred.
- (2) Subsection (1) is subject to the following provisions of this Chapter and to section 393V (provisions applying on termination of lease).
- (3) If—
- the person who incurred the qualifying expenditure was entitled to more than one interest in the flat when the expenditure was incurred, and
 - one of those interests was reversionary on all the others,
- the reversionary interest is the relevant interest in the flat.
- (4) An interest does not cease to be the relevant interest merely because of the creation of a lease or other interest to which that interest is subject.
- (5) If—
- the relevant interest is a leasehold interest, and
 - that interest is extinguished on the person entitled to it acquiring the interest which is reversionary on it,
- the interest into which the leasehold interest merges becomes the relevant interest when the leasehold interest is extinguished.

393G Interest acquired on completion of conversion

- For the purposes of determining the relevant interest in a flat, a person who—
- incurs expenditure on the conversion of part of a building into the flat, and
 - is entitled to an interest in the flat on or as a result of the completion of the conversion,
- is treated as having had that interest when the expenditure was incurred.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

CHAPTER 5

INITIAL ALLOWANCES

393H Initial allowances

- (1) A person who has incurred qualifying expenditure in respect of a flat is entitled to an initial allowance in respect of the expenditure.
- (2) The amount of the initial allowance is 100% of the qualifying expenditure.
- (3) A person claiming an initial allowance under this section may require the allowance to be reduced to a specified amount.
- (4) The initial allowance is made for the chargeable period in which the qualifying expenditure is incurred.

393I Flat not qualifying flat or relevant interest sold before flat first let

- (1) No initial allowance is to be made under section 393H if, at the relevant time, the flat is not a qualifying flat.
- (2) An initial allowance which has been made in respect of a flat which is to be a qualifying flat is to be withdrawn if—
 - (a) the flat is not a qualifying flat at the relevant time, or
 - (b) the person to whom the allowance was made has sold the relevant interest in the flat before the relevant time.
- (3) All such assessments and adjustments of assessments are to be made as are necessary to give effect to this section.
- (4) In this section “ the relevant time ” means the time when the flat is first suitable for letting as a dwelling.

CHAPTER 6

WRITING-DOWN ALLOWANCES

393J Entitlement to writing-down allowances

- (1) A person is entitled to a writing-down allowance for a chargeable period if he has incurred qualifying expenditure in respect of a flat and, at the end of the chargeable period—
 - (a) the person is entitled to the relevant interest in the flat,
 - (b) the person has not granted a long lease of the flat out of the relevant interest in consideration of the payment of a capital sum, and
 - (c) the flat is a qualifying flat.
- (2) In subsection (1)(b) “ long lease ” means a lease the duration of which exceeds 50 years.
- (3) Whether the duration of a lease exceeds 50 years is to be determined—
 - (a) in accordance with section 38(1) to (4) and (6) of ICTA, and

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (b) without regard to section 393V(3) (new lease granted as a result of the exercise of an option treated as continuation of old lease).
- (4) A person claiming a writing-down allowance may require the allowance to be reduced to a specified amount.

393K Amount of allowance

- (1) The writing-down allowance for a chargeable period is 25% of the qualifying expenditure.
- (2) The allowance is proportionately increased or reduced if the chargeable period is more or less than a year.
- (3) The amount of the writing-down allowance for a chargeable period is limited to the residue of qualifying expenditure.
- (4) For this purpose the residue is ascertained immediately before writing off the writing-down allowance at the end of the chargeable period.

393L Meaning of “the residue of qualifying expenditure”

The residue of qualifying expenditure is the qualifying expenditure that has not yet been written off in accordance with Chapter 8.

CHAPTER 7

BALANCING ADJUSTMENTS

393M When balancing adjustments are made

- (1) A balancing adjustment is made if—
 - (a) qualifying expenditure has been incurred in respect of a flat, and
 - (b) a balancing event occurs.
- (2) A balancing adjustment is either a balancing allowance or a balancing charge and is made for the chargeable period in which the balancing event occurs.
- (3) A balancing allowance or balancing charge is made to or on the person who incurred the qualifying expenditure.
- (4) No balancing adjustment is made if the balancing event occurs more than 7 years after the time when the flat was first suitable for letting as a dwelling.
- (5) If more than one balancing event occurs, a balancing adjustment is made only on the first of them.

393N Balancing events

- (1) The following are balancing events for the purposes of this Part—
 - (a) the relevant interest in the flat is sold;
 - (b) a long lease of the flat is granted out of the relevant interest in consideration of the payment of a capital sum;

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (c) if the relevant interest is a lease, the lease ends otherwise than on the person entitled to it acquiring the interest reversionary on it;
 - (d) the person who incurred the qualifying expenditure dies;
 - (e) the flat is demolished or destroyed;
 - (f) the flat ceases to be a qualifying flat (without being demolished or destroyed).
- (2) Section 393J(2) and (3) (meaning of “ long lease ”) apply for the purposes of subsection (1)(b).

393O Proceeds from balancing events

- (1) References in this Part to the proceeds from a balancing event are to the amounts received or receivable in connection with the event, as shown in the Table—

TABLE: BALANCING EVENTS AND PROCEEDS

<i>1. Balancing event</i>	<i>2. Proceeds from event</i>
1. The sale of the relevant interest.	The net proceeds of the sale.
2. The grant of a long lease out of the relevant interest.	If the capital sum paid in consideration of the grant is less than the commercial premium, the commercial premium. In any other case, the capital sum paid in consideration of the grant.
3. The coming to an end of a lease, where a person entitled to the lease and a person entitled to any superior interest are connected persons.	The market value of the relevant interest in the flat at the time of the event.
4. The death of the person who incurred the qualifying expenditure.	The residue of qualifying expenditure immediately before the death.
5. The demolition or destruction of the flat.	The net amount received for the remains of the flat, together with— (a) any insurance money received in respect of the demolition or destruction, and (b) any other compensation of any description so received, so far as it consists of capital sums.
6. The flat ceases to be a qualifying flat.	The market value of the relevant interest in the flat at the time of the event.

- (2) The amounts referred to in column 2 of the Table are those received or receivable by the person who incurred the qualifying expenditure.
- (3) In Item 2 of the Table “ the commercial premium ” means the premium that would have been given if the transaction had been at arm’s length.

393P Calculation of balancing adjustments

- (1) A balancing allowance is made if—

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (a) there are no proceeds from the balancing event, or
 - (b) the proceeds from the balancing event are less than the residue of qualifying expenditure immediately before the event.
- (2) The amount of the balancing allowance is the amount of—
- (a) the residue (if there are no proceeds);
 - (b) the difference (if the proceeds are less than the residue).
- (3) A balancing charge is made if the proceeds from the balancing event are more than the residue, if any, of qualifying expenditure immediately before the event.
- (4) The amount of the balancing charge is the amount of—
- (a) the difference, or
 - (b) the proceeds (if the residue is nil).
- (5) The amount of a balancing charge made on a person must not exceed the total amount of—
- (a) any initial allowances made to the person in respect of the expenditure, and
 - (b) any writing-down allowances made to the person in respect of the expenditure for chargeable periods ending on or before the date of the balancing event giving rise to the balancing adjustment.

CHAPTER 8

WRITING OFF QUALIFYING EXPENDITURE

393Q Introduction

For the purposes of this Part qualifying expenditure is written off to the extent and at the times specified in this Chapter.

393R Writing off initial allowances and writing-down allowances

- (1) If an initial allowance is made in respect of the qualifying expenditure, the amount of the allowance is written off at the time when the flat is first suitable for letting as a dwelling.
- (2) If a writing-down allowance is made in respect of the qualifying expenditure, the amount of the allowance is written off at the end of the chargeable period for which the allowance is made.
- (3) If a balancing event occurs at the end of the chargeable period referred to in subsection (2), the amount written off under that subsection is to be taken into account in calculating the residue of qualifying expenditure immediately before the event to determine what balancing adjustment (if any) is to be made.

393S Treatment of demolition costs

- (1) This section applies if—
 - (a) a qualifying flat is demolished, and
 - (b) the person who incurred the qualifying expenditure incurs the cost of the demolition.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (2) The net cost of the demolition is added to the residue of qualifying expenditure immediately before the demolition.
- (3) “ The net cost of the demolition ” means the amount, if any, by which the cost of the demolition exceeds any money received for the remains of the flat.
- (4) If this section applies, neither the cost of the demolition nor the net cost of the demolition is treated for the purposes of any Part of this Act as expenditure on any other property replacing the flat demolished.

CHAPTER 9

SUPPLEMENTARY PROVISIONS

393T Giving effect to allowances and charges

- (1) This section applies if a person is entitled or liable under this Part to an allowance or charge for a chargeable period.
- (2) If the person’s interest in the flat is an asset of a Schedule A business carried on by him at any time in that period, the allowance or charge is to be given effect in calculating the profits of that business for that period, by treating—
 - (a) the allowance as an expense of that business, and
 - (b) the charge as a receipt of that business.
- (3) If the person’s interest in the flat is not an asset of a Schedule A business carried on by him at any time in that period, the allowance or charge is to be given effect by treating him as if he had been carrying on a Schedule A business in that period and as if—
 - (a) the allowance were an expense of that business, and
 - (b) the charge were a receipt of that business.

393U Apportionment of sums partly referable to non-qualifying assets

- (1) If the sum paid for the sale of the relevant interest in a flat is attributable—
 - (a) partly to assets representing expenditure for which an allowance can be made under this Part, and
 - (b) partly to assets representing other expenditure,
 only so much of the sum as on a just and reasonable apportionment is attributable to the assets referred to in paragraph (a) is to be taken into account for the purposes of this Part.
- (2) Subsection (1) applies to other proceeds from a balancing event in respect of a flat as it applies to a sum given for the sale of the relevant interest in the flat.
- (3) Subsection (1) does not affect any other provision of this Act requiring an apportionment of the proceeds of a balancing event.

393V Provisions applying on termination of lease

- (1) This section applies for the purposes of this Part if a lease is terminated.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (2) If, with the consent of the lessor, the lessee of a flat remains in possession of the flat after the termination without a new lease being granted to him the lease is treated as continuing so long as the lessee remains in possession.
- (3) If on the termination a new lease is granted to the lessee as a result of the exercise of an option available to him under the terms of the first lease, the second lease is treated as a continuation of the first.
- (4) If on the termination the lessor pays a sum to the lessee in respect of a flat comprised in the lease, the lease is treated as if it had come to an end by surrender in consideration of the payment.
- (5) If on the termination—
 - (a) another lease is granted to a different lessee, and
 - (b) in connection with the transaction that lessee pays a sum to the person who was the lessee under the first lease,the two leases are to be treated as if they were the same lease which had been assigned by the lessee under the first lease to the lessee under the second lease in consideration of the payment.

393W Meaning of “lease” etc.

- (1) In this Part “ lease ” includes—
 - (a) an agreement for a lease if the term to be covered by the lease has begun, and
 - (b) any tenancy,but does not include a mortgage (and “ lessee ”, “ lessor ” and “ leasehold interest ” are to be read accordingly).
- (2) In the application of this Part to Scotland—
 - (a) “ leasehold interest ” (or “ leasehold estate ”) means the interest of a tenant in property subject to a lease, and
 - (b) any reference to an interest which is reversionary on a leasehold interest or on a lease is to be read as a reference to the interest of the landlord in the property subject to the leasehold interest or lease.]

PART 5

MINERAL EXTRACTION ALLOWANCES

CHAPTER 1

INTRODUCTION

394 Mineral extraction allowances

- (1) Allowances are available under this Part if a person carries on a mineral extraction trade and incurs qualifying expenditure.
- (2) In this Part “mineral extraction trade” means a trade which consists of, or includes, the working of a source of mineral deposits.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (3) In this Part “mineral deposits” includes any natural deposits capable of being lifted or extracted from the earth, and for this purpose geothermal energy is to be treated as a natural deposit.
- (4) Any reference in this Part to mineral deposits is to mineral deposits of a wasting nature.
- (5) In this Part “source of mineral deposits” includes a mine, an oil well and a source of geothermal energy.

395 Qualifying expenditure

- (1) In this Part “qualifying expenditure” means—
 - (a) expenditure on mineral exploration and access which is qualifying expenditure under Chapter 2,
 - (b) expenditure on acquiring a mineral asset which is qualifying expenditure under Chapter 3,
 - (c) expenditure which is treated as qualifying expenditure on mineral exploration and access under section 407(5) or 408(2), and
 - (d) expenditure which is qualifying expenditure under Chapter 5 (expenditure on works likely to become valueless and post-trading restoration expenditure).

But this is subject to subsections (2) and (3).

- (2) Expenditure is not qualifying expenditure if it is excluded from being qualifying expenditure by section 399.
- (3) Chapter 4 contains provisions limiting in certain cases the amount of expenditure which is qualifying expenditure.

396 Meaning of “mineral exploration and access”

- (1) In this Part “mineral exploration and access” means—
 - (a) searching for or discovering and testing the mineral deposits of a source, or
 - (b) winning access to such deposits.
- (2) Expenditure on seeking planning permission necessary to enable—
 - (a) mineral exploration and access to be undertaken at any place, or
 - (b) any mineral deposits to be worked,
 is treated as expenditure on mineral exploration and access if planning permission is not granted.
- (3) “Seeking planning permission” includes pursuing an appeal against a refusal to grant planning permission.

397 Meaning of “mineral asset”

In this Part “mineral asset” means—

- (a) any mineral deposits or land comprising mineral deposits, or
- (b) any interest in or right over such deposits or land.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

398 Relationship between main types of qualifying expenditure

Subject to Chapter 4, expenditure on—

- (a) the acquisition of, or of rights over, the site of a source of mineral deposits, or
- (b) the acquisition of, or of rights over, mineral deposits,

is to be treated as expenditure on acquiring a mineral asset and not as expenditure on mineral exploration and access.

399 Expenditure excluded from being qualifying expenditure

- (1) Expenditure on the provision of plant or machinery is not qualifying expenditure except as provided by section 402 (pre-trading expenditure on plant or machinery).
- (2) Expenditure on works constructed wholly or mainly for subjecting the raw product of a source to any process is not qualifying expenditure, unless the process is designed for preparing the raw product for use as such.
- (3) Expenditure on buildings or structures provided for occupation by, or for the welfare of, workers is not qualifying expenditure except as provided by section 415.
- (4) Expenditure on a building is not qualifying expenditure if the whole of the building was constructed for use as an office.
- (5) Subsection (6) applies if part of a building or structure has been constructed for use as an office.
- (6) The expenditure on the office part is not qualifying expenditure if it was more than 10% of the capital expenditure incurred on the construction of the whole.

CHAPTER 2

QUALIFYING EXPENDITURE ON MINERAL EXPLORATION AND ACCESS

400 Qualifying expenditure on mineral exploration and access

- (1) Expenditure on mineral exploration and access is qualifying expenditure if—
 - (a) it is capital expenditure, and
 - (b) it is incurred for the purposes of a mineral extraction trade.
- (2) Expenditure on mineral exploration and access incurred by a person in connection with a mineral extraction trade which that person carries on then or subsequently is to be treated as incurred for the purposes of that trade.
- (3) But pre-trading expenditure on mineral exploration and access is qualifying expenditure only to the extent provided by—
 - section 401 (pre-trading exploration expenditure), or
 - section 402 (pre-trading expenditure on plant or machinery).
- (4) Any pre-trading expenditure that is qualifying expenditure under either of those sections is to be treated as incurred on the first day of trading.
- (5) In this Chapter—

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (a) “pre-trading expenditure” means capital expenditure incurred before the day on which a person begins to carry on a mineral extraction trade, and
- (b) “the first day of trading”, in relation to a person’s pre-trading expenditure, means the day on which that person begins to carry on the mineral extraction trade.

401 Pre-trading exploration expenditure

- (1) This section applies if—
 - (a) a person incurs pre-trading expenditure on mineral exploration and access at a source, and
 - (b) the expenditure is not incurred on the provision of plant or machinery.
- (2) The amount of the expenditure (“pre-trading exploration expenditure”) that is qualifying expenditure depends on whether mineral exploration and access is continuing at the source on the first day of trading.
- (3) If it is, so much of the pre-trading exploration expenditure as exceeds any relevant receipts is qualifying expenditure.
- (4) If it is not, only so much of the pre-trading exploration expenditure as—
 - (a) was incurred within 6 years ending on the first day of trading, and
 - (b) exceeds any relevant receipts,
 is qualifying expenditure.
- (5) “Relevant receipts” means capital sums received—
 - (a) by the person incurring the pre-trading exploration expenditure referred to in subsection (3) or (4), and
 - (b) before the first day of trading,
 so far as they are reasonably attributable to that expenditure.

402 Pre-trading expenditure on plant or machinery

- (1) This section applies if—
 - (a) a person incurs pre-trading expenditure on the provision of plant or machinery for mineral exploration and access,
 - (b) the plant or machinery was used in connection with mineral exploration and access at a source, and
 - (c) before the first day of trading, the plant or machinery is sold, demolished, destroyed or abandoned.
- (2) The amount of the expenditure (“pre-trading expenditure on plant or machinery”) that is qualifying expenditure depends on whether mineral exploration and access is continuing at the source on the first day of trading.
- (3) If it is, so much of the pre-trading expenditure on plant or machinery as exceeds any relevant receipts is qualifying expenditure.
- (4) If it is not, only so much of the pre-trading expenditure on plant or machinery as—
 - (a) was incurred within 6 years ending on the first day of trading, and
 - (b) exceeds any relevant receipts,
 is qualifying expenditure.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (5) “Relevant receipts” means—
- (a) if the plant or machinery is sold, the net proceeds to the person of the sale;
 - (b) if the plant or machinery is demolished or destroyed, the net amount received by the person for the remains of the plant or machinery, together with—
 - (i) any insurance money received by him in respect of the demolition or destruction, and
 - (ii) any other compensation of any description so received, so far as it consists of capital sums;
 - (c) if the plant or machinery is abandoned—
 - (i) any insurance money received by the person in respect of the abandonment, and
 - (ii) any other compensation of any description so received, so far as it consists of capital sums.

CHAPTER 3

QUALIFYING EXPENDITURE ON ACQUIRING A MINERAL ASSET

403 Qualifying expenditure on acquiring a mineral asset

- (1) Expenditure on acquiring a mineral asset is qualifying expenditure if—
 - (a) it is capital expenditure, and
 - (b) it is incurred for the purposes of a mineral extraction trade.
- (2) Subsection (1) is subject to—
 - section 404 (exclusion of undeveloped market value of land), and
 - section 406 (reduction where premium relief previously allowed).
- (3) In this Chapter “the buyer”, in relation to the acquisition of a mineral asset, means the person acquiring it.

404 Exclusion of undeveloped market value of land

- (1) If the mineral asset is an interest in land, so much of the buyer’s expenditure on acquiring the asset as is equal to the undeveloped market value of the interest is not qualifying expenditure.
- (2) “The undeveloped market value of the interest” means the amount that, at the time of the acquisition, the interest might reasonably be expected to fetch on a sale in the open market on the assumptions in subsection (3).
- (3) The assumptions are that—
 - (a) there is no source of mineral deposits on or in the land, and
 - (b) it will only ever be lawful to carry out existing permitted development.
- (4) Development is existing permitted development if at the time of the acquisition—
 - (a) it has been, or had begun to be, lawfully carried out, or
 - (b) it could be lawfully carried out under planning permission granted by a general development order.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (5) In applying subsection (4) in relation to land outside the United Kingdom—
- (a) whether, at the time of the acquisition, development has been, or had begun to be, lawfully carried out is to be determined according to the law of the territory in which the land is situated, and
 - (b) whether, at that time, development could be lawfully carried out under planning permission granted by a general development order is to be determined as if the land were in England.
- (6) References in this section to the time of acquisition are not affected by section 434 (expenditure incurred before trade carried on).
- (7) This section does not apply to the buyer's expenditure if an election under section 569 (election to treat sale as being for alternative amount) is made in relation to the acquisition.

405 Qualifying expenditure where buildings or structures cease to be used

- (1) This section applies if—
- (a) section 404 (exclusion of undeveloped market value of land) applies to limit the buyer's qualifying expenditure on acquiring the mineral asset,
 - (b) the undeveloped market value of the interest in land includes the value of any buildings or structures on the land, and
 - (c) at the time of the acquisition, or at any later time, the buildings or structures permanently cease to be used for any purpose.
- (2) The buyer is to be treated—
- (a) as having incurred qualifying expenditure, on acquiring a mineral asset, of an amount equal to the unrelieved value of the buildings or structures, and
 - (b) as having incurred it when the buildings or structures permanently cease to be used for any purpose.
- (3) The unrelieved value of the buildings or structures is—

$$V - (A - B)$$

where—

V is the value of the buildings or structures at the date of the acquisition (disregarding any value properly attributable to the land on which they stand),

A is the amount of any allowances made to the buyer under the provisions of this Act other than Part 10 (assured tenancy allowances) in respect of—

- (a) the buildings or structures, or
- (b) assets in the buildings or structures, and

B is the amount of any balancing charges made on the buyer under those provisions in respect of those buildings or structures or assets in them.

- (4) References in this section to the time of acquisition are not affected by section 434 (time when expenditure incurred).

406 Reduction where premium relief previously allowed

- (1) This section applies if—

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (a) the mineral asset is or includes an interest in land, and
 - (b) for chargeable periods previous to the chargeable period for which the buyer first becomes entitled to an allowance under this Part in respect of the expenditure on acquiring the mineral asset, deductions are made under section 87 of ICTA (deductions in calculating trading profits where premiums etc. taxable).
- (2) The amount of the expenditure on the acquisition of the mineral asset that is qualifying expenditure is reduced by—

$$Dx \frac{E}{T}$$

where—

D is the total of the deductions made under section 87 of ICTA in the earlier chargeable periods mentioned in subsection (1)(b),

E is the amount of the capital expenditure on the acquisition of the interest in land that would have been qualifying expenditure if the buyer had been entitled to allowances under this Part in those earlier periods, and

T is the total amount of the capital expenditure on the acquisition of the interest in land.

CHAPTER 4

QUALIFYING EXPENDITURE: SECOND-HAND ASSETS

Assets reflecting expenditure on mineral exploration and access

407 Acquisition of mineral asset owned by previous trader

- (1) This section applies if—
- (a) a person carrying on a mineral extraction trade (“the buyer”) incurs capital expenditure on acquiring a mineral asset (“asset X”) for the purposes of that trade, and
 - (b) the conditions in subsection (3) are met.
- (2) In this section “the buyer’s expenditure” means the expenditure referred to in subsection (1)(a), less any amount which, under section 404 (exclusion of undeveloped market value of land), is not qualifying expenditure on the acquisition of the mineral asset.
- (3) The conditions are that—
- (a) expenditure was previously incurred on acquiring asset X or bringing it into existence by—
 - (i) the person from whom the buyer acquired asset X, or
 - (ii) an earlier owner of asset X,in connection with a mineral extraction trade carried on by the person incurring that expenditure,
 - (b) part of the value of asset X is properly attributable to expenditure (“E1”) on mineral exploration and access by the previous trader, and

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (c) it is just and reasonable to attribute part of the buyer's expenditure ("E2") to that part of the value of asset X.
- (4) In arriving at E1, any expenditure that is or has been deducted in calculating, for tax purposes, the profits of a trade carried on by the previous trader must be excluded.
- (5) If this section applies—
 - (a) so much of the buyer's expenditure as is equal to the lesser of E1 and E2 is to be treated as qualifying expenditure on mineral exploration and access, and
 - (b) the buyer's expenditure on acquiring the mineral asset is reduced by the same amount.
- (6) "The previous trader" means—
 - (a) the person incurring the expenditure mentioned in subsection (3)(a), or
 - (b) if there has been more than one such person, the last before the buyer acquired asset X.
- (7) In this section references to asset X include—
 - (a) two or more assets which together make up asset X, and
 - (b) one asset from which, or two or more assets from the combination of which, asset X is derived.

408 Acquisition of oil licence from non-trader

- (1) This section applies if—
 - (a) a person carrying on a mineral extraction trade ("the buyer") incurs capital expenditure on acquiring an interest in an oil licence for the purposes of that trade,
 - (b) the person from whom the interest was acquired ("the seller") disposed of the interest without having carried on a mineral extraction trade,
 - (c) part of the value of the interest is attributable to expenditure ("E1") on mineral exploration and access by the seller, and
 - (d) it is just and reasonable to attribute part of the buyer's expenditure ("E2") to that part of the value of the interest.
- (2) If this section applies—
 - (a) so much of the buyer's expenditure as is equal to the lesser of E1 and E2 is to be treated as qualifying expenditure on mineral exploration and access, and
 - (b) the buyer's expenditure on acquiring the interest in the oil licence is reduced by an amount equal to E2.
- (3) In this section "oil licence" and "interest in an oil licence" have the same meaning as in Chapter 3 of Part 12.

409 Acquisition of other assets from non-traders

- (1) This section applies if—
 - (a) a person carrying on a mineral extraction trade ("the buyer") incurs capital expenditure on acquiring any assets for the purposes of that trade,
 - (b) the person from whom the assets were acquired ("the seller") disposed of the assets without having carried on a mineral extraction trade,

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (c) the assets represent expenditure on mineral exploration and access incurred by the seller, and
 - (d) section 408 (acquisition of oil licence from non-trader) does not apply in relation to the acquisition.
- (2) If this section applies, the buyer's expenditure is qualifying expenditure only to the extent that it does not exceed the amount of the seller's expenditure on mineral exploration and access that is represented by the assets.
- (3) The references in this section to assets representing expenditure on mineral exploration and access include any results obtained from any search, exploration or inquiry on which the expenditure was incurred.

Qualifying expenditure on assets limited by reference to historic costs

410 UK oil licence: limit is original licence payment

- (1) This section applies if a person carrying on a mineral extraction trade ("the buyer") incurs capital expenditure on acquiring a mineral asset which is a UK oil licence, or an interest in such a licence, for the purposes of that trade.
- (2) If this section applies, the buyer's expenditure is qualifying expenditure only to the extent that it does not exceed—
- (a) the original licence payment, or
 - (b) if the mineral asset is an interest in a UK oil licence, such part of the original licence payment as it is just and reasonable to attribute to the interest.
- (3) In this section "the original licence payment" means the amount paid to the relevant authority for the purpose of obtaining the licence by the person to whom the licence was granted.
- (4) This section does not affect any expenditure that is treated as qualifying expenditure on mineral exploration and access under—
- section 407(5) (acquisition of mineral asset owned by previous trader), or
 - section 408(2) (acquisition of oil licence from non-trader).
- (5) In this section "UK oil licence" and "the relevant authority" have the same meaning as in Chapter 3 of Part 12.

411 Assets generally: limit is residue of previous trader's qualifying expenditure

- (1) This section applies if—
- (a) a person carrying on a mineral extraction trade ("the buyer") incurs capital expenditure on acquiring an asset ("asset X") for the purposes of that trade, and
 - (b) expenditure was previously incurred on acquiring asset X or bringing it into existence by—
 - (i) the person from whom the buyer acquired asset X, or
 - (ii) an earlier owner of asset X,in connection with a mineral extraction trade carried on by the person incurring that expenditure.

- (3) If this section applies, the buyer’s expenditure is qualifying expenditure only to the extent that it does not exceed the residue of the previous trader’s qualifying expenditure.
- (4) The residue of the previous trader’s qualifying expenditure is—

$$QE - (A - B)$$

where—

QE is so much of the expenditure incurred by the previous trader on the acquisition or bringing into existence of asset X as constitutes qualifying expenditure for the purposes of this Part,

A is the total of any allowances made under this Part in respect of the previous trader’s qualifying expenditure, and

B is the total of any balancing charges made under this Part in respect of the previous trader’s qualifying expenditure.

- (5) “The previous trader” means—
- (a) the person incurring the expenditure mentioned in subsection (1)(b), or
 - (b) if there has been more than one such person, the last before the buyer acquired asset X.
- (6) In this section references to asset X include—
- (a) two or more assets which together make up asset X, and
 - (b) one asset from which, or two or more assets from the combination of which, asset X is derived.
- (7) For the purposes of subsection (4), if the previous trader incurred expenditure on the acquisition or bringing into existence of one or more assets from which asset X is derived, QE is so much of that expenditure as—
- (a) was qualifying expenditure for the purposes of this Part, and
 - (b) is just and reasonable to attribute to asset X;
- and a similar apportionment is to be made to arrive at A and B.
- (8) This section does not affect any expenditure that is treated as qualifying expenditure on mineral exploration and access under—
- section 407(5) (acquisition of mineral asset owned by previous trader), or
 - section 408(2) (acquisition of oil licence from non-trader).

412 Transfers of mineral assets within group: limit is initial group expenditure

- (1) Subject to section 413, this section applies if—
- (a) a company (“the buyer”) incurs capital expenditure on acquiring a mineral asset (“asset X”) from another company (“the seller”), and
 - (b) the seller is a group company in relation to the buyer at the time of the acquisition.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (2) The buyer's expenditure on acquiring asset X is to be left out of account for the purposes of this Part to the extent that it exceeds—
 - (a) the capital expenditure incurred by the seller on acquiring asset X, or
 - (b) if asset X is an interest or right granted by the seller in a mineral asset acquired by the seller ("asset Y"), so much of the capital expenditure incurred by the seller on asset Y as on a just and reasonable apportionment is referable to asset X.
- (3) If there is a sequence of acquisitions within subsection (1), apply subsection (2) in the same sequence (starting with the first acquisition in the sequence).
- (4) Subsections (5) to (7) apply if—
 - (a) the buyer is carrying on a mineral extraction trade, and
 - (b) the asset is an interest in land.
- (5) Section 404 (exclusion of undeveloped market value of land) applies to the buyer as if the time of the buyer's acquisition of the interest in land were—
 - (a) the time of the seller's acquisition of the interest, or
 - (b) if there is a sequence of acquisitions within subsection (1), the time when the interest was acquired by the company which is the seller in the first acquisition in the sequence.
- (6) Subject to subsection (7), section 405 (qualifying expenditure where buildings or structures cease to be used) applies to the buyer as if the time of the buyer's acquisition of the interest in land were the time of the seller's acquisition of the interest.
- (7) If there is a sequence of acquisitions within subsection (1), section 405 applies as if—
 - (a) the time of the acquisition were the time when the interest was acquired by the company which is the seller in the first acquisition in the sequence, but
 - (b) the allowances and balancing charges to be taken into account in calculating (under section 405(3)) the unrelieved value of the buildings or structures included any allowances or charges made to or on any seller in the sequence.

413 Transfers of mineral assets within group: supplementary

- (1) For the purposes of section 412, a company is a group company in relation to another company if—
 - (a) it controls, or is controlled by, the other company, or
 - (b) both companies are under the control of another person.
- (2) Section 412 does not apply if—
 - (a) section 410 (UK oil licences: limit is original licence payment) applies to the acquisition, or
 - (b) the acquisition is a sale in respect of which an election is made under section 569 (election to treat sale as being for an alternative amount).
- (3) Section 412 applies regardless of section 568 (sales between connected persons etc., or to obtain tax advantage, treated as at market value).
- (4) Section 412 does not affect any expenditure that is treated as qualifying expenditure on mineral exploration and access under—
 - section 407(5) (acquisition of mineral asset owned by previous trader), or

 - (b) it is incurred for the purposes of a mineral extraction trade, and
 - (c) the works—
 - (i) are likely to be of little or no value, when the source is no longer worked, to the last person working the source, or
 - (ii) if the source is worked under a foreign concession, are likely to become valueless, when the concession ends, to the last person working the source under the concession.
- (2) For the purposes of subsection (1), expenditure on constructing works does not include expenditure on acquiring the site of the works or any right in or over the site.

 - (b) the expenditure is incurred within 3 years from the last day of trading and meets the further conditions in subsection (3),the net cost of the restoration is qualifying expenditure.
- (2) The qualifying expenditure is treated as incurred on the last day of trading.
- (3) The further conditions are that the expenditure—
 - (a) has not been deducted in calculating for tax purposes the profits of any trade carried on by that person, and
 - (b) would have been—
 - (i) deductible in calculating the profits of the trade, or
 - (ii) capable of being qualifying expenditure under this Chapter, if the expenditure had been incurred while the trade was being carried on.

- (c) the chargeable period in which, and the time when, an additional VAT liability or an additional VAT rebate accrues are given by section 549.

447 Additional VAT liability treated as additional expenditure etc.

- (1) If a person—
 - (a) has incurred qualifying expenditure (“the original expenditure”), and
 - (b) incurs an additional VAT liability in respect of that expenditure,the liability is to be treated as capital expenditure incurred on the same research and development as the original expenditure.
- (2) But subsection (1) does not apply if by the time the liability is incurred—
 - (a) the person who incurred the original expenditure has ceased to own the asset representing that expenditure, or
 - (b) that asset has been demolished or destroyed.
- (3) Any allowance arising as a result of this section is available for—
 - (a) the chargeable period in which the liability accrues, or
 - (b) if the liability accrued before the chargeable period in which the relevant trade is set up and commenced, that chargeable period,rather than for the relevant chargeable period specified in section 441(2).

448 Additional VAT rebate generates disposal value

- (1) This section applies if—
 - (a) a person has incurred qualifying expenditure, and
 - (b) an additional VAT rebate is made to the person in respect of that expenditure.
- (2) But this section does not apply if by the time the rebate is made—

 - (b) that asset has been demolished or destroyed.
- (3) And this section does not apply if the rebate falls to be brought into account for the purpose of making allowances and charges under Part 2 or 3 (plant and machinery allowances and industrial buildings allowances).
- (4) The person must bring the amount of the rebate into account—
 - (a) as a disposal value in respect of the qualifying expenditure for the appropriate chargeable period, or

449 Effect on balancing charges of additional VAT rebates in earlier chargeable periods

- (1) Section 442 (balancing charges) has effect subject to this section if—
- (a) an allowance is made to a person for a chargeable period (“the original period”) in respect of qualifying expenditure,
 - (b) the person is required to bring a disposal value into account for a later chargeable period in respect of that expenditure, and
 - (c) the person has been required by section 448(4)(a) to bring one or more disposal values (“VAT disposal values”) into account in respect of that expenditure for one or more chargeable periods after the original period but before the later chargeable period.
- (2) In relation to the later chargeable period, subsection (3)(a) of section 442 applies as if the unclaimed allowance were reduced by—

$$DV - BC$$

where—

DV is the total amount of the VAT disposal values, and

BC is the total amount of any balancing charges to which the person is liable under that section as a result of bringing into account the VAT disposal values.

- (3) In relation to the later chargeable period, subsection (3)(b) of section 442 applies as if the allowance made in respect of the qualifying expenditure were reduced by BC.

CHAPTER 5

INTRODUCTION

464 Patent allowances

- (1) Allowances are available under this Part if a person incurs qualifying expenditure on the purchase of patent rights.
- (2) In this Part “patent rights” means the right to do or authorise the doing of anything which would, but for that right, be an infringement of a patent.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

465 Future patent rights

- (1) References in this Part to expenditure incurred on the purchase of patent rights include expenditure incurred on obtaining a right to acquire future patent rights.
- (2) If a person—
 - (a) incurs expenditure on obtaining a right to acquire future patent rights, and
 - (b) subsequently acquires those rights,the expenditure is to be treated as having been expenditure on the purchase of those rights.
- (3) “A right to acquire future patent rights” means a right to acquire in the future patent rights relating to an invention in respect of which the patent has not yet been granted.
- (4) References in this Part to the proceeds of a sale of patent rights include a sum received from a person which is treated under this section as expenditure incurred by him on the purchase of patent rights.

466 Grant of licences

- (1) The acquisition of a licence in respect of a patent is to be treated as the purchase of patent rights.
- (2) The grant of a licence in respect of a patent is to be treated as a sale of part of patent rights.
- (3) But the grant by a person entitled to patent rights of an exclusive licence is to be treated as a sale of the whole of those rights.
- (4) “Exclusive licence” means a licence to exercise those rights to the exclusion of the grantor and all other persons for the period remaining until the rights come to an end.

CHAPTER 2

QUALIFYING EXPENDITURE

467 Qualifying expenditure

Expenditure is qualifying expenditure only if it is—

- (a) qualifying trade expenditure, or
- (b) qualifying non-trade expenditure.

468 Qualifying trade expenditure

- (1) “Qualifying trade expenditure” means capital expenditure incurred by a person on the purchase of patent rights for the purposes of a trade within the charge to tax carried on by the person.
- (2) The same expenditure may not be taken into account as qualifying trade expenditure in relation to more than one trade.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (3) Expenditure incurred for the purposes of a trade by a person about to carry on the trade is to be treated as if it had been incurred by him on the first day on which he carries on the trade.
- (4) But subsection (3) does not apply if the person has before that day sold all the rights on the purchase of which the expenditure was incurred.

469 Qualifying non-trade expenditure

“Qualifying non-trade expenditure” means capital expenditure incurred by a person on the purchase of patent rights if—

- (a) any income receivable by the person in respect of the rights would be liable to tax, and
- (b) the expenditure is not qualifying trade expenditure.

CHAPTER 3

ALLOWANCES AND CHARGES

470 Pooling of expenditure

- (1) Qualifying expenditure has to be pooled for the purpose of determining a person’s entitlement to writing-down allowances and balancing allowances and liability to balancing charges.
- (2) There is a separate pool—
 - (a) for each trade in respect of which the person has qualifying trade expenditure, and
 - (b) for all of the person’s qualifying non-trade expenditure.

471 Determination of entitlement or liability

- (1) Whether a person is entitled to a writing-down allowance or a balancing allowance, or liable to a balancing charge, for a chargeable period is determined separately for each pool of qualifying expenditure and depends on—
 - (a) the available qualifying expenditure in that pool for that period (“AQE”), and
 - (b) the total of any disposal receipts to be brought into account in that pool for that period (“TDR”).
- (2) If AQE exceeds TDR, the person is entitled to a writing-down allowance or a balancing allowance for the period.
- (3) If TDR exceeds AQE, the person is liable to a balancing charge for the period.
- (4) The entitlement under subsection (2) is to a writing-down allowance except for the final chargeable period when it is to a balancing allowance.
- (5) The final chargeable period for a pool to which qualifying trade expenditure has been allocated is the chargeable period in which the trade is permanently discontinued.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (6) The final chargeable period for a pool to which qualifying non-trade expenditure has been allocated is the chargeable period in which the last of the patent rights on which the person has incurred qualifying non-trade expenditure—
- (a) comes to an end without any of those rights being revived, or
 - (b) is wholly disposed of.

472 Amount of allowances and charges

- (1) The amount of the writing-down allowance to which a person is entitled for a chargeable period is 25% of the amount by which AQE exceeds TDR.
- (2) If the chargeable period is more or less than a year, the amount is proportionately increased or reduced.
- (3) If in the case of qualifying trade expenditure the trade has been carried on for part only of the chargeable period, the amount is proportionately reduced.
- (4) A person claiming a writing-down allowance may require the allowance to be reduced to a specified amount.
- (5) The amount of the balancing charge to which a person is liable for a chargeable period is the amount by which TDR exceeds AQE.
- (6) The amount of the balancing allowance to which a person is entitled for the final chargeable period is the amount by which AQE exceeds TDR.

473 Available qualifying expenditure

A person's available qualifying expenditure in a pool for a chargeable period consists of—

- (a) any qualifying expenditure allocated to the pool for that period in accordance with section 474, and
- (b) any unrelieved qualifying expenditure carried forward in the pool from the previous chargeable period under section 475.

474 Allocation of qualifying expenditure to pools

- (1) The following rules apply to the allocation of a person's qualifying expenditure to a pool.
- (2) An amount of qualifying expenditure is not to be allocated to the pool for a chargeable period if that amount has been taken into account in determining the person's available qualifying expenditure for an earlier chargeable period.
- (3) Qualifying expenditure is not to be allocated to the pool for a chargeable period before that in which the expenditure is incurred.
- (4) Qualifying expenditure incurred on patent rights is not to be allocated to the pool for a chargeable period if in any earlier period those rights—
 - (a) have come to an end without any of them having been revived, or
 - (b) have been wholly disposed of.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

475 Unrelieved qualifying expenditure

- (1) A person has unrelieved qualifying expenditure to carry forward from a chargeable period if for that period AQE exceeds TDR.
- (2) The amount of the unrelieved qualifying expenditure is—
 - (a) the excess less the writing-down allowance made for the period, or
 - (b) if no writing-down allowance is claimed for the period, the excess.
- (3) No amount may be carried forward as unrelieved qualifying expenditure from the final chargeable period.

476 Disposal value of patent rights

- (1) In this Chapter “disposal receipt” means a disposal value that a person is required to bring into account in accordance with—
 - (a) this section, or
 - (b) paragraph 11 of Schedule 12 to FA 1997 (finance lease or loan: receipt of major lump sum) or any other enactment.
- (2) A person is required to bring a disposal value into account for the chargeable period in which he sells the whole or a part of any patent rights on which he has incurred qualifying expenditure.
- (3) Subject to section 477, the disposal value to be brought into account is the net proceeds of the sale, so far as they consist of capital sums.

477 Limit on amount of disposal value

- (1) The amount of any disposal value, or the total amount of any disposal values, required to be brought into account by a person—
 - (a) on the sale of the whole of any patent rights, or
 - (b) on one or more sales of part of any patent rights,
 is limited to the capital expenditure incurred by the person on purchasing the rights.
- (2) But subsection (3) applies if the person acquired the rights as a result of—
 - (a) a transaction which was between connected persons, or
 - (b) a series of transactions each of which was between connected persons.
- (3) That amount, or total amount, is limited to the capital expenditure on purchasing the rights incurred by whichever party to the transaction, or to any of the transactions, incurred the greatest such expenditure.

CHAPTER 4

GIVING EFFECT TO ALLOWANCES AND CHARGES

478 Persons having qualifying trade expenditure

- (1) This section applies for income tax purposes if a person is entitled or liable under this Part to an allowance or charge for a chargeable period (“the current tax year”) in respect of qualifying non-trade expenditure.
- (2) An allowance is to be given effect by deducting it from or setting it off against the person’s income from patents for the current tax year.
- (3) If the amount to be deducted from or set off against the person’s income from patents for that tax year exceeds the amount of that income, the excess must be deducted from or set off against the person’s income from patents for the next tax year, and so on for subsequent tax years.
- (4) A charge is to be given effect by treating the charge as income to be taxed under Case VI of Schedule D.

480 Persons having qualifying non-trade expenditure: corporation tax

- (1) This section applies for corporation tax purposes if a company is entitled or liable under this Part to an allowance or charge for a chargeable period (“the current accounting period”) in respect of qualifying non-trade expenditure.
- (2) An allowance is to be given effect by deducting it from the company’s income from patents for the current accounting period.
- (3) If the amount to be deducted from the company’s income from patents for that period exceeds the amount of that income, the excess must (if the company remains within the charge to tax) be deducted from its income from patents for the next accounting period, and so on for subsequent accounting periods.
- (4) A charge is to be given effect by treating the charge as income of the company from patents.

CHAPTER 5

SUPPLEMENTARY PROVISIONS

481 Anti-avoidance: limit on qualifying expenditure

- (1) In the two cases given below, the amount (if any) by which the capital expenditure incurred by a person (“the buyer”) on the purchase of patent rights exceeds the relevant limit is to be left out of account in determining the buyer’s qualifying expenditure.
- (2) The first case is where the buyer and the seller are connected with each other.
- (3) The second case is where it appears that the sole or main benefit which (but for this section) might have been expected to accrue to the parties from—
 - (a) the sale, or
 - (b) transactions of which the sale is one,

Status: Point in time view as at 22/07/2004.

- (4) If the seller is required to bring a disposal value into account under this Part because of the sale, the relevant limit is that disposal value.
- (5) If subsection (4) does not apply but the seller—

- (6) If neither subsection (4) nor subsection (5) applies, the relevant limit is whichever of the following is the smallest—
 - (a) the market value of the rights;
 - (b) if the seller incurred capital expenditure on acquiring the rights, the amount of that expenditure;
 - (c) if a person connected with the seller incurred capital expenditure on acquiring the rights, the amount of that expenditure.

482 Sums paid for Crown use etc. treated as paid under licence

- (1) This section applies if an invention which is the subject of a patent is used by or for the services of—
 - (a) the Crown under sections 55 to 59 of the Patents Act 1977 (c. 37), or

- (5) In subsection (4) “regulated tenancy” and “housing association tenancy” have the same meaning as in the Rent Act 1977 (c. 42).
- (6) Further requirements that have to be met for a dwelling-house to be a qualifying dwelling-house are given in sections 504 and 505; and subsection (2) is subject to section 506(2)(b) (temporary disuse of dwelling-house ignored).

CHAPTER 2

THE RELEVANT INTEREST

Introduction

494 Introduction

This Chapter identifies, in a case where a person has incurred expenditure on the construction of a building which is to be or include a qualifying dwelling-house—

- (a) the relevant interest in the building, and
- (b) the relevant interest in a dwelling-house comprised in the building.

The relevant interest in the building

495 General rule as to what is the relevant interest in the building

- (1) The relevant interest in the building is the interest in the building to which the person who incurred the expenditure on the construction of the building was entitled when the expenditure was incurred.
- (2) Subsection (1) is subject to the following provisions of this Chapter.
- (3) If—
 - (a) the person who incurred the expenditure on the construction of the building was entitled to more than one interest in the building when the expenditure was incurred, and
 - (b) one of those interests was reversionary on all the others,the reversionary interest is the relevant interest.

496 Interest acquired on completion of construction

For the purpose of determining the relevant interest, a person who—

- (a) incurs expenditure on the construction of a building, and
- (b) is entitled to an interest in the building on or as a result of the completion of the construction,

is treated as having had that interest when the expenditure was incurred.

497 Effect of creation of subordinate interest

An interest does not cease to be the relevant interest merely because of the creation of a lease or other interest to which that interest is subject.

498 Merger of leasehold interest

If the relevant interest is a leasehold interest which is extinguished on—

- (a) being surrendered, or
- (b) the person entitled to it acquiring the interest which is reversionary on it,

the interest into which the leasehold interest merges becomes the relevant interest when the leasehold interest is extinguished.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

499 Provisions applying on termination of lease

- (1) This section applies if the relevant interest in relation to expenditure on the construction of a building is a lease.
- (2) If, with the consent of the lessor, the lessee of a building remains in possession after the termination of the lease without a new lease being granted to him, the lease is treated as continuing as long as the lessee remains in possession.
- (3) If on the termination of the lease a new lease is granted to the lessee as a result of the exercise of an option available to him under the terms of the first lease, the second lease is treated as a continuation of the first.
- (4) If on the termination of the lease the lessor pays a sum to the lessee in respect of a building comprised in the lease, the lease is treated as if it had come to an end by surrender in consideration of the payment.
- (5) If on the termination of the lease—
 - (a) a new lease is granted to a different lessee, and
 - (b) in connection with the transaction that lessee makes a payment to the former lessee,
 the two leases are treated as if they were the same lease which had been assigned by the former lessee to the new lessee in consideration of the payment.

The relevant interest in the dwelling-house

500 The relevant interest in the dwelling-house

The relevant interest in a dwelling-house comprised in a building is the relevant interest in the building, to the extent that it subsists in the dwelling-house.

CHAPTER 3

QUALIFYING EXPENDITURE

501 Capital expenditure on construction

If—

- (a) capital expenditure has been incurred on the construction of a building which was to be or include a qualifying dwelling-house, and
- (b) the relevant interest in the building has not been sold or, if it has been sold, it has been sold only after the first use of the building,

the capital expenditure is qualifying expenditure.

502 Purchase of unused dwelling-house where developer not involved

- (1) This section applies if—
 - (a) expenditure has been incurred on the construction of a building which was to be or include a qualifying dwelling-house,
 - (b) the relevant interest was sold before the first use of any dwelling-house comprised in the building,

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (c) a capital sum was paid by the purchaser for the relevant interest, and
 - (d) section 503 (purchase of dwelling-house sold unused by developer) does not apply.
- (2) The lesser of—
- (a) the capital sum paid by the purchaser for the relevant interest, and
 - (b) the expenditure incurred on the construction of the building,
- is qualifying expenditure.
- (3) The qualifying expenditure is to be treated as having been incurred when the capital sum became payable.
- (4) If the relevant interest was sold more than once before the first use of any dwelling-house comprised in the building, subsection (2) has effect only in relation to the last of those sales.

503 Purchase of dwelling-house sold unused by developer

- (1) This section applies if—
- (a) expenditure has been incurred by a developer on the construction of a building which was to be or include a qualifying dwelling-house, and
 - (b) the relevant interest was sold by the developer in the course of the development trade before the first use of any dwelling-house comprised in the building.
- (2) If—
- (a) the sale of the relevant interest by the developer was the only sale of that interest before the first use of any dwelling-house comprised in the building, and
 - (b) a capital sum was paid by the purchaser for the relevant interest,
- the capital sum is qualifying expenditure.
- (3) If—
- (a) the sale by the developer was not the only sale before the first use of any dwelling-house comprised in the building, and
 - (b) a capital sum was paid by the purchaser for the relevant interest on the last sale,
- the lesser of that capital sum and the price paid for the relevant interest on its sale by the developer is qualifying expenditure.
- (4) The qualifying expenditure is treated as having been incurred when the capital sum referred to in subsection (2)(b) or (3)(b) became payable.
- (5) For the purposes of this section—
- (a) a developer is a person who carries on a trade which consists in whole or in part in the construction of buildings with a view to their sale, and
 - (b) an interest in a building is sold by the developer in the course of the development trade if the developer sells it in the course of the trade or (as the case may be) that part of the trade that consists in the construction of buildings with a view to their sale.

Status: Point in time view as at 22/07/2004.

- (1) A dwelling-house is a qualifying dwelling-house only if the landlord is—
- (a) a company, and
 - (b) the person who—
 - (i) incurred the qualifying expenditure on the building in which the dwelling-house is comprised, or
 - (ii) is for the time being entitled to the relevant interest in the dwelling-house.
- (2) The requirement that the landlord must be a company does not apply in relation to expenditure incurred—
- (a) before 5th May 1983, or
 - (b) on or after that date pursuant to a contract entered into before that date, unless a person other than a company became entitled to the relevant interest on or after that date.

505 Qualifying dwelling-houses: exclusions

- (1) A dwelling-house is not a qualifying dwelling-house if any of the exclusions given below apply.

Exclusion 1

The landlord under the tenancy is—

- (a) between the landlords (or owners) of different dwelling-houses, and
- (b) under which one landlord takes a person as a tenant in circumstances in which, if that person was the tenant of a dwelling-house let by the other landlord, that dwelling-house would not be a qualifying dwelling-house because of exclusion 2, 3 or 4.

506 Dwelling-house ceasing to be qualifying dwelling-house

- (1) If a dwelling-house ceases to be a qualifying dwelling-house otherwise than on a sale of the relevant interest in the dwelling-house, this Part has effect as if—
 - (a) the relevant interest in the dwelling-house had been sold at that time, and
 - (b) the net proceeds of the sale were equal to the market value of that interest at that time.
- (2) For the purposes of this Part—
 - (a) a dwelling-house is not to be regarded as ceasing altogether to be used merely because it falls temporarily out of use, and
 - (b) if, immediately before any period of temporary disuse, a dwelling-house is a qualifying dwelling-house, it is to be regarded as continuing to be a qualifying dwelling-house during the period of temporary disuse.

CHAPTER 5

WRITING-DOWN ALLOWANCES

Entitlement to and calculation of writing-down allowances

507 Entitlement to writing-down allowance

- (1) A person is entitled to a writing-down allowance for a chargeable period if—
 - (a) qualifying expenditure has been incurred on a building,
 - (b) that person is or has been an approved body,
 - (c) at the end of that chargeable period the person is entitled to the relevant interest in the building, and
 - (d) at the end of that chargeable period, the building is or includes a qualifying dwelling-house or two or more qualifying dwelling-houses.
- (2) A person claiming a writing-down allowance may require the allowance to be reduced to a specified amount.

508 Basic rule for calculating amount of allowance

- (1) The basic rule is that the writing-down allowance for a chargeable period is 4% of the qualifying expenditure attributable to the dwelling-house or (as the case may be) each dwelling-house falling within section 507(1)(d).
- (2) The allowance is proportionately increased or reduced if the chargeable period is more or less than a year.
- (3) The basic rule does not apply if section 509 applies.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

509 Calculation of allowance after sale of relevant interest

- (1) This section applies if—
 - (a) the relevant interest in a qualifying dwelling-house is sold, and
 - (b) a balancing adjustment falls to be made under section 513 as a result of the sale.
- (2) If this section applies, the writing-down allowance for any chargeable period ending after the sale is—

$$RQE \times \frac{A}{B}$$

where—

RQE is the amount of the residue of qualifying expenditure attributable to the dwelling-house immediately after the sale,

A is the length of the chargeable period, and

B is the length of the period from the date of the sale to the end of the period of 25 years beginning with the day on which the dwelling-house was first used.

- (3) On any later such sale, the writing-down allowance is further adjusted in accordance with this section.

510 Allowance limited to residue of qualifying expenditure attributable to dwelling-house

- (1) The amount of the writing-down allowance for a chargeable period in respect of a dwelling-house is limited to the residue of qualifying expenditure attributable to it.
- (2) For this purpose the residue is ascertained immediately before writing off the writing-down allowance at the end of the chargeable period.

Interpretation

511 Qualifying expenditure attributable to dwelling-house

- (1) If the building concerned consists of a single qualifying dwelling-house, then, subject to the relevant limit, the whole of the qualifying expenditure is attributable to the dwelling-house.
- (2) If the qualifying dwelling-house forms part of a building, the qualifying expenditure attributable to the dwelling-house is, subject to the relevant limit, the total of—
 - (a) the part of the qualifying expenditure properly attributable to that dwelling-house, and
 - (b) if there are common parts of the building, such part of the qualifying expenditure on those common parts—
 - (i) as it is just and reasonable to attribute to that dwelling-house, and
 - (ii) as does not exceed 10% of the part referred to in paragraph (a).
- (3) In this section “the relevant limit” means—
 - (a) £60,000, if the dwelling-house is in Greater London, and
 - (b) £40,000, if the dwelling-house is elsewhere.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (4) In subsection (2) “common parts”, in relation to a building, means common parts of the building which—
- (a) are not intended to be in separate occupation (whether for domestic, commercial or other purposes), but
 - (b) are intended to be of benefit to some or all of the qualifying dwelling-houses included in the building.
- (5) For the purposes of subsection (2), the qualifying expenditure on any common parts of a building is so much of the expenditure on the construction of the building as it is just and reasonable to attribute to those parts.

512 Residue of qualifying expenditure attributable to dwelling-house

- (1) The residue of qualifying expenditure attributable to a dwelling-house is the qualifying expenditure attributable to that dwelling-house that has not yet been written off in accordance with Chapter 7.
- (2) Subsection (1) is subject to section 528 (treatment of demolition costs).

CHAPTER 6

BALANCING ADJUSTMENTS

General

513 When balancing adjustments are made

- (1) A balancing adjustment is made if—
- (a) qualifying expenditure has been incurred on a building, and
 - (b) a balancing event occurs in relation to a dwelling-house comprised in the building while it is a qualifying dwelling-house.
- (2) A balancing adjustment is either a balancing allowance or a balancing charge and is made for the chargeable period in which the balancing event occurs.
- (3) A balancing allowance or balancing charge is made to or on the person entitled to the relevant interest in the dwelling-house immediately before the balancing event.
- (4) No balancing adjustment is made if the balancing event occurs more than 25 years after the dwelling-house was first used.

514 Balancing events

The following are balancing events in relation to a qualifying dwelling-house—

- (a) the relevant interest in the dwelling-house is sold;
- (b) if the relevant interest in the dwelling-house is a lease, the lease ends otherwise than on the person entitled to it acquiring the interest reversionary on it;
- (c) the dwelling-house is demolished or destroyed;
- (d) the dwelling-house ceases altogether to be used (without being demolished or destroyed).

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

515 Proceeds from balancing events

- (1) References in this Part to the proceeds from a balancing event are to the amounts received or receivable in connection with the event, as shown in the Table—

3. The dwelling-house ceases altogether to be used.	Any compensation of any description received in respect of the event, so far as it consists of capital sums.

- (2) The amounts referred to in column 2 of the Table are those received or receivable by the person whose entitlement to a balancing allowance or liability to a balancing charge is in question.

Calculation of balancing adjustments

516 Dwelling-house a qualifying dwelling-house throughout

- (1) This section provides for balancing adjustments in cases where the dwelling-house was a qualifying dwelling-house for the whole of the relevant period of ownership.
- (2) A balancing allowance is made if—
- there are no proceeds from the balancing event, or
 - the proceeds from the balancing event are less than the residue of qualifying expenditure attributable to the dwelling-house immediately before the event.
- (3) The amount of the balancing allowance is the amount of—
- the residue (if there are no proceeds);
 - the difference (if the proceeds are less than the residue).
- (4) A balancing charge is made if the proceeds from the balancing event are more than the residue of qualifying expenditure attributable to the dwelling-house immediately before the event.
- (5) The amount of the balancing charge is the amount of the difference.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

517 Dwelling-house not a qualifying dwelling-house throughout

- (1) This section provides for balancing adjustments where the building was not a qualifying dwelling-house for a part of the relevant period of ownership.
- (2) A balancing allowance is made if—
 - (a) the proceeds from the balancing event are less than the starting expenditure attributable to the dwelling-house, and
 - (b) the total amount of the relevant allowances in respect of that expenditure is less than the adjusted net cost of the dwelling-house.
- (3) The amount of the balancing allowance is the amount of the difference between the adjusted net cost of the dwelling-house and the total amount of the relevant allowances.
- (4) A balancing charge is made if the proceeds from the balancing event are equal to or more than the starting expenditure attributable to the dwelling-house.
- (5) The amount of the balancing charge is equal to the total amount of the relevant allowances.
- (6) A balancing charge is also made if—
 - (a) the proceeds from the balancing event are less than the starting expenditure attributable to the dwelling-house, and
 - (b) the total amount of the relevant allowances in respect of that expenditure is more than the adjusted net cost in relation to the dwelling-house.
- (7) The amount of the balancing charge is the amount of the difference between the total amount of those allowances and the adjusted net cost.
- (8) “The relevant allowances” means—
 - (a) any initial allowance under paragraph 1 of Schedule 12 to FA 1982, and
 - (b) any writing-down allowance made for a chargeable period ending on or before the date of the balancing event in question.

518 Overall limit on balancing charge

- (1) The amount of a balancing charge made on a person in respect of any qualifying expenditure attributable to a dwelling-house must not exceed the total amount of the relevant allowances made to that person.
- (2) “The relevant allowances” has the meaning given by section 517(8).

519 Recovery of old initial allowances made on incorrect assumptions

- (1) This section applies if—
 - (a) an initial allowance has been made under paragraph 1 of Schedule 12 to FA 1982 in respect of expenditure relating to a dwelling-house, and
 - (b) when the dwelling-house comes to be used, it is not a qualifying dwelling-house.
- (2) All such assessments and adjustments of assessments are to be made as are necessary to secure that, despite the repeal of Schedule 12 to FA 1982, effect is given to the prohibition in paragraph 1(3) of that Schedule (on the making of initial allowances in respect of dwelling-houses which are not qualifying dwelling-houses).

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

Meaning of “the relevant period of ownership” etc.

520 The relevant period of ownership

The relevant period of ownership is the period beginning—

- (a) with the day on which the dwelling-house was first used for any purpose, or
- (b) if the relevant interest in the dwelling-house has been sold after that day, with the day following that on which the sale (or the last such sale) occurred,

and ending with the day on which the balancing event occurs.

521 Starting expenditure

- (1) This section gives the starting expenditure attributable to a dwelling-house for the purposes of section 517.
- (2) If the person to or on whom the balancing allowance or balancing charge falls to be made is the person who incurred the qualifying expenditure attributable to the dwelling-house, that expenditure is the starting expenditure.
- (3) Otherwise, the starting expenditure is the residue of qualifying expenditure attributable to the dwelling-house at the beginning of the relevant period of ownership.
- (4) If section 528 (treatment of demolition costs) applies, the starting expenditure is increased by an amount equal to the net cost of the demolition.

522 Adjusted net cost

The amount of the adjusted net cost in relation to a dwelling-house is—

$$(S - P) \times \frac{I}{R}$$

where—

S is the starting expenditure attributable to the dwelling-house,

P is the amount of any proceeds from the balancing event,

I is the number of days in the relevant period of ownership on which the dwelling-house was a qualifying dwelling-house, and

R is the number of days in the whole of the relevant period of ownership.

CHAPTER 7

WRITING OFF QUALIFYING EXPENDITURE ATTRIBUTABLE TO DWELLING-HOUSE

523 Introduction

For the purposes of this Part qualifying expenditure attributable to a dwelling-house is written off to the extent and at the times specified in this Chapter.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

524 Writing off initial allowances

If an initial allowance was made under paragraph 1 of Schedule 12 to FA 1982 in respect of a qualifying dwelling-house, the amount of the allowance is written off at the time of the first use of the dwelling-house.

525 Writing off writing-down allowances

- (1) If a writing-down allowance is made in respect of qualifying expenditure attributable to a dwelling-house, the amount of the allowance is written off at the end of the chargeable period for which the allowance is made.
- (2) If a balancing event occurs at the end of a chargeable period, the amount written off under subsection (1) is to be taken into account in calculating the residue of qualifying expenditure immediately before the event to determine what balancing adjustment (if any) is to be made.

526 Writing off expenditure for periods when building not used as qualifying dwelling-house

- (1) This section applies if for any period or periods between—
 - (a) the time when the whole or a part of the building was first used for any purpose, and
 - (b) the time when the residue of qualifying expenditure attributable to a dwelling-house falls to be ascertained,the building or part has not been a qualifying dwelling-house.
- (2) An amount equal to the notional writing-down allowances for the period or periods is written off at the time when the residue falls to be ascertained.
- (3) The notional writing-down allowances are the allowances that would have been made for the period or periods in question (if the building or part had remained a qualifying dwelling-house), at such rate or rates as would have been appropriate, having regard to any relevant sale.
- (4) In subsection (3) “relevant sale” means a sale of the relevant interest as a result of which a balancing adjustment falls to be made under section 513.

527 Writing off or increase of expenditure where balancing adjustment made

- (1) This section applies if the relevant interest in the dwelling-house is sold.
- (2) If a balancing allowance is made, the amount by which the residue of qualifying expenditure attributable to the dwelling-house before the balancing event exceeds the net proceeds from the event is written off at the time of the event.
- (3) If a balancing charge is made, the amount of the residue of qualifying expenditure attributable to the dwelling-house is increased at the time of the balancing event by the amount of the charge.
- (4) But if the balancing charge is made under section 517(6) (difference between relevant allowances and adjusted net cost), the residue of qualifying expenditure attributable to the dwelling-house immediately after the balancing event is limited to the net proceeds from the event.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

528 Treatment of demolition costs

- (1) This section applies if—
 - (a) a dwelling-house is demolished, and
 - (b) the person to or on whom any balancing allowance or balancing charge is or might be made is the person incurring the cost of the demolition.
- (2) The net cost of the demolition is added to the residue of qualifying expenditure attributable to the qualifying dwelling-house immediately before the demolition.
- (3) “The net cost of the demolition” means the amount, if any, by which the cost of the demolition exceeds any money received for the remains of the property.
- (4) If this section applies, the net cost of the demolition is not treated for the purposes of this Part as expenditure on any other property replacing the property demolished.

CHAPTER 8

SUPPLEMENTARY PROVISIONS

529 Giving effect to allowances and charges

- (1) If a person who is entitled or liable to an allowance or charge for a chargeable period was carrying on a Schedule A business at any time in that period, the allowance or charge is to be given effect in calculating the profits of that business, by treating—
 - (a) the allowance as an expense of that business, and
 - (b) the charge as a receipt of that business.
- (2) If a person who is entitled or liable to an allowance or charge for a chargeable period was not carrying on a Schedule A business at any time in that period, the allowance or charge is to be given effect by treating him as if he had been carrying on such a business in that period and as if—
 - (a) the allowance were an expense of that business, and
 - (b) the charge were a receipt of that business.

530 Apportionment of sums partly referable to non-qualifying assets

- (1) If the sum paid for the sale of the relevant interest in a building is attributable—
 - (a) partly to assets representing expenditure for which an allowance can be made under this Part, and
 - (b) partly to assets representing other expenditure,only so much of the sum paid as on a just and reasonable apportionment is attributable to the assets referred to in paragraph (a) is to be taken into account for the purposes of this Part.
- (2) Subsection (1) applies to other proceeds from a balancing event in respect of a building as it applies to a sum given for the sale of the relevant interest in the building.
- (3) Subsection (1) does not affect any other provision of this Part requiring an apportionment of the proceeds of a balancing event.

Status: Point in time view as at 22/07/2004.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to Capital Allowances Act 2001. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

Qualifying expenditure where buildings or structures cease to be used

- 84 In section 405(3) “A” does not include, in cases where the buildings or structures have permanently ceased to be used for any purpose before 27th July 1989, the amount of any agricultural buildings allowances.

did not include a person who has not owned the asset at any time after 31st March 1986.

- (4) In the case of a mineral asset which consists of or includes an interest in or right over mineral deposits or land, the asset is not to be regarded for the purposes of this paragraph as situated in the United Kingdom unless the deposits or land are or is so situated.
- (5) Expressions used in this paragraph and Chapter 4 of Part 5 have the same meaning in this paragraph as they have in that Chapter.

Expenditure incurred pre-1st April 1986

88 (1) Part 5 of this Act does not apply in relation to expenditure incurred before 1st April 1986 (“old expenditure”) except as provided by the following provisions of this paragraph.

- (2) Sections 401 and 402 apply to old expenditure if—
 - (a) that expenditure was incurred on mineral exploration and access,
 - (b) immediately before 1st April 1986, no allowance had been made under Chapter III of Part I of CAA 1968 in respect of it, and
 - (c) after that day and before mineral exploration and access ceases at the source in question, the person by whom the expenditure was incurred began or begins to carry on a trade of mineral extraction.

In this sub-paragraph “source” has the same meaning as it had in Schedule 14 to FA 1986.

- (3) For the purposes of Part 5—
 - (a) expenditure which by virtue of any provision of section 119 of CAA 1990 (read with any provision of Schedule 14 to FA 1986) was treated immediately before the coming into force of this Act as expenditure incurred on 1st April 1986 for any purpose or purposes is to continue to be so treated;
 - (b) any allowances treated as having been made under Schedule 13 to FA 1986 is to continue to be so treated;
 - (c) any amount treated as qualifying expenditure for the purposes of that Schedule is to continue to be so treated; and
 - (d) in relation to any expenditure to which paragraph 6(4)(a) of Schedule 14 to FA 1986 applied, section 424 does not apply (so that no deduction is to be made from the amount of any disposal receipt by reference to the undeveloped market value of the land in question).

(4) In the case of expenditure incurred in the acquisition of a mineral asset, nothing in sub-paragraph (3)(c) affects the time as at which under section 404 the undeveloped market value of an interest is to be determined.

- (5) In a case where—
 - (a) by virtue of any provision of this paragraph, the whole or any part of the outstanding balance (within the meaning of paragraph 1 of Schedule 14 to FA 1986) of an item of old expenditure is treated for the purposes of Part 5 as qualifying expenditure, and
 - (b) a balancing charge falls to be made under Chapter 6 of that Part in respect of the expenditure,

then, in determining the amount on which that charge falls to be made, subsection (4) of section 418 has effect (subject to sub-paragraph (6)) as if paragraph (b) of that subsection included a reference to allowances made in respect of the item under Chapter III of Part I of CAA 1968.

- (6) Where the qualifying expenditure in respect of which a balancing charge falls to be made represents part only of the outstanding balance of an item of old expenditure, the reference in sub-paragraph (5) to allowances made in respect of that item is to be construed as a reference to such part of those allowances as it is just and reasonable to apportion to that part of the balance (having regard to any apportionment made under paragraph 3(2) of Schedule 14 to FA 1986).

PART 8

RESEARCH AND DEVELOPMENT ALLOWANCES

Expenditure incurred partly on research and development

- 89 Section 439(4) does not apply to expenditure incurred before 27th July 1989.

References to research and development in relation to new trades

- 90 (1) Where—
- (a) a trade is set up and commenced in the year of assessment 1999-00, and
 - (b) its first period of account ends after 6th April 2001,
- Part 6 of this Act has effect in relation to that year as if references to research and development were references to scientific research.
- (2) In this paragraph “scientific research” means any activities in the fields of natural or applied science for the extension of knowledge.

Disposal of oil licences

- 91 (1) Sub-paragraphs (2) and (3) apply where—
- (a) a person (“the transferor”) disposes of any interest in an oil licence to another (“the transferee”) during the transitional period,
 - (b) part of the value of the interest is attributable to allowable exploration expenditure incurred by the transferor, and
 - (c) an election is made in accordance with this paragraph specifying an amount as the amount to be treated as so attributable.
- (2) Chapter 3 of Part 6 has effect in relation to the disposal as if—
- (a) the disposal were a disposal by which an asset representing the allowable exploration expenditure ceases to belong to the transferor, and
 - (b) the disposal value of that asset were an amount equal to the amount specified in the election.
- (3) For the purposes of Part 5 of this Act, the amount of any expenditure incurred—
- (a) by the transferee in acquiring the interest from the transferor, or
 - (b) by any person subsequently acquiring the interest (or an interest deriving from the interest),

Status: Point in time view as at 22/07/2004.

which is taken to be attributable to expenditure incurred, before the disposal to the transferee, on mineral exploration and access is the lesser of the amount specified in the election and the amount which, apart from this sub-paragraph, would be taken to be so attributable.

- (4) An election—
 - (a) must be made by notice to the Board of Inland Revenue given by the transferor, and
 - (b) subject to sub-paragraph (5), does not have effect unless a copy of it is served on the transferee and the transferee consents to it.
- (5) If the Special Commissioners are satisfied—
 - (a) that the disposal was made under or in pursuance of an agreement entered into by the transferor and the transferee on the mutual understanding that a quantified (or quantifiable) part of the value of the interest disposed of was attributable to allowable exploration expenditure, and
 - (b) that the part quantified in accordance with that understanding and the amount specified in the election are the same,they may dispense with the need for the transferee to consent to the election.
- (6) Any question falling to be determined by the Special Commissioners under sub-paragraph (5) is to be determined by them in the same way as an appeal; but both the transferor and the transferee are entitled to appear and be heard by those Commissioners or to make representations to them in writing.
- (7) Subject to sub-paragraph (8), an election may specify any amount, including a nil amount, as the amount to be treated as mentioned in sub-paragraph (1)(c).
- (8) Where—
 - (a) a return has been made for a chargeable period of the transferor, and
 - (b) the return includes, at the time when it is made, an amount which, disregarding the provisions of this paragraph, would be treated under Chapter 3 of Part 6 as a trading receipt accruing in that period,the election must not specify an amount less than the amount included in the return unless the Board of Inland Revenue agrees the lesser amount in question.
- (9) An election made in accordance with this paragraph—
 - (a) is irrevocable, and
 - (b) may not be varied after it is made.
- (10) For the purposes of this paragraph a disposal is a disposal made during the transitional period if it is one made—
 - (a) before 13th September 1995, or
 - (b) on or after that date in pursuance of any obligation to make the disposal which, immediately before that date, was an unconditional obligation.
- (11) For the purposes of sub-paragraph (10), the fact that a third party who is not connected with the transferor or the transferee may, by exercising any right or withholding any permission, prevent the fulfilment of an obligation does not prevent the obligation from being treated as unconditional.
- (12) In sub-paragraph (11) the reference to a third party is a reference to any person, body, government or public authority, whether within or outside the United Kingdom.

Status: Point in time view as at 22/07/2004.

- (13) In this paragraph—
 “allowable exploration expenditure” has the same meaning as in section 555;
 “mineral exploration and access” has the same meaning as in Part 5.
- (14) All such assessments and adjustments of assessments are to be made as are necessary to give effect to this paragraph.

PART 9

PATENT ALLOWANCES

Expenditure incurred before 1st April 1986

Scope of paragraphs 93 to 101

- 92 (1) Paragraphs 93 to 101 apply to capital expenditure incurred by a person before 1st April 1986 on the purchase of patent rights.
- (2) Chapters 2 to 4 of Part 8 do not apply to such expenditure, except for certain provisions which are specifically applied by paragraph 101.

Qualifying expenditure and unrelieved qualifying expenditure

- 93 (1) In this paragraph and paragraphs 94 to 101, “qualifying expenditure” means capital expenditure incurred before 1st April 1986 on the purchase of patent rights.
- (2) The result of Steps 1 to 3 is the unrelieved qualifying expenditure for a chargeable period.

Step 1

Take an item of qualifying expenditure.

Step 2

Subtract any writing-down allowances made in respect of that expenditure for earlier chargeable periods.

Step 3

If the person who incurred the expenditure sold any part of the patent rights before the beginning of the chargeable period, subtract the net proceeds of sale (so far as they consist of capital sums).

Entitlement to writing-down allowances

- 94 (1) A writing-down allowance is made for a chargeable period in respect of an item of qualifying expenditure if—
- (a) the chargeable period falls wholly or partly within the writing-down period for that expenditure (as determined in accordance with paragraph 95),
 - (b) paragraph 97 does not prohibit writing-down allowances for that period, and
 - (c) either—

- (i) the trade use condition is met for that period, or
 - (ii) any income receivable by that person in respect of the patent rights in that period would be liable to tax.
- (2) The trade use condition is that—
- (a) the person is carrying on in the chargeable period a trade which is within the charge to tax, and
 - (b) at any time in the chargeable period the patent rights, or other rights out of which they were granted, were, or were to be, used for the purposes of the trade.
- (3) The total writing-down allowances made in respect of an item of qualifying expenditure (whether to the same or to different persons) must not exceed the amount of that expenditure.

The writing-down period

- 95 (1) The writing-down period for an item of qualifying expenditure—
- (a) begins at the beginning of the chargeable period in respect of which the expenditure is incurred, and
 - (b) is of a length determined in accordance with the Table, which shows the basic rule, and the rules which apply instead of the basic rule in the cases described in items 2 and 3.

Table

Length of writing-down periods for qualifying expenditure

Rule	Length of writing-down period
1. Basic rule.	17 years.
2. Patent rights are purchased for a specified period.	Whichever is shorter— (a) 17 years; (b) the number of years comprised within the specified period.
3. Patent rights begin one complete year or more after the commencement of the patent, and item 2 does not apply.	17 years, less the number of complete years which, when the rights began, have elapsed since the commencement of the patent; or if 17 complete years have so elapsed, one year.

- (2) For the purpose of determining the writing-down period, expenditure incurred for the purposes of a trade by a person about to carry on the trade is treated as if incurred on the first day on which that person carries on that trade, unless that person has by then sold all the rights on which the expenditure was incurred.
- (3) “The commencement of the patent”, means, in relation to a patent, the date as from which the patent rights become effective.

Calculation of writing-down allowances

- 96 (1) The basic rule for calculating a writing-down allowance for an item of qualifying expenditure is—

$$E \times \frac{C}{W}$$

where—

E is the amount of the qualifying expenditure;

C is the length of the part of the chargeable period falling within the writing-down period;

W is the length of the writing-down period.

- (2) The basic rule is subject to the rules about—
- (a) cessation of writing-down allowances (paragraph 97), and
 - (b) reduced writing-down allowances (paragraph 98).

End of writing-down allowances

- 97 (1) No writing-down allowance is to be made to a person for a chargeable period in respect of qualifying expenditure incurred on the purchase of patent rights if any of the following occur in that period—
- (a) the patent rights come to an end without being subsequently revived,
 - (b) the person sells all of those rights, or so much of them as that person still owned at the beginning of the chargeable period, or
 - (c) the person sells part of those rights, and the net proceeds of sale for that period (so far as they consist of capital sums) are not less than the amount of the unrelieved qualifying expenditure for that period.
- (2) If a writing-down allowance in respect of qualifying expenditure is prohibited by sub-paragraph (1) for a chargeable period, no writing-down allowance is to be made in respect of that expenditure for any subsequent chargeable period.

Reduced writing-down allowance

- 98 (1) If a person sells part of any patent rights in a chargeable period, and for that period U is greater than N, the writing-down allowance for that period is—

Y is the number of complete years of the writing-down period remaining at the beginning of the chargeable period.

- (2) If an amount is calculated under sub-paragraph (1) for a chargeable period, that amount is also the amount of the writing-down allowance for subsequent chargeable periods until another sale in a period for which U is greater than N causes a fresh calculation to be made under sub-paragraph (1).

Balancing allowance on sale or expiry of patent rights

- 99 (1) A person is entitled to a balancing allowance for a chargeable period in respect of qualifying expenditure if there is unrelieved qualifying expenditure for that period and any of the following occur in that period—
- (a) the patent rights come to an end without subsequently being revived, or
 - (b) the person sells all of those rights, or so much of them as that person still owned at the beginning of the period.

This is subject to sub-paragraph (2).

- (2) The person is not entitled to a balancing allowance unless—
 - (a) a writing-down allowance has been given in respect of the expenditure, or
 - (b) a writing-down allowance could, but for the rights coming to an end or being sold, have been given in respect of the expenditure.
- (3) The amount of the balancing allowance is—
 - (a) in the case of a sale, equal to the unrelieved qualifying expenditure for the chargeable period, less the net proceeds of sales taking place in the chargeable period (so far as they consist of capital sums), and
 - (b) in any other case, equal to the unrelieved qualifying expenditure for the chargeable period.

Balancing charges

- 100 (1) A balancing charge is made on a person for a chargeable period in respect of qualifying expenditure if in that period—
- (a) the person sells some or all of the patent rights, and
 - (b) the net proceeds of sale (so far as they consist of capital sums) from the sales in that period exceed any unrelieved qualifying expenditure for that period.

The charge is calculated in accordance with sub-paragraphs (2) to (5).

- (2) If there is no unrelieved qualifying expenditure, the amount of the balancing charge is equal to the net proceeds of sale (so far as they consist of capital sums).
- (3) If there is some unrelieved qualifying expenditure, the amount of the balancing charge is equal to the amount by which the net proceeds of sale (so far as they consist of capital sums) exceed the unrelieved qualifying expenditure.
- (4) The total amount of the first balancing charge must not exceed the total writing-down allowances actually given in respect of the expenditure.
- (5) The total amount on which a second or further balancing charge is made must not exceed the total writing-down allowances actually made in respect of the expenditure, less the amount of any earlier charge.
