    - (b) reasonably attributable to the use of that sewer for the drainage for domestic sewerage purposes of those premises or to the disposal of effluent drained for any such purposes from those premises.
  - (5) For the purposes of subsection (4) above, a thing is expected to be the case if, at the time the relevant calculation is made, it is reasonably likely to occur.
  - (6) The estimated relevant deficit for a year mentioned in subsection (1) above shall be discounted in order to determine its net present value by applying such factor, and in accordance with such other provision, as may be determined by the Authority.
  - (7) A determination made by the Authority for the purposes of subsection (6) above—
    - (a) may be made in relation to the provision of a particular public sewer or in relation to the provision of public sewers generally; and
