 - (b) the premises are in the area of the undertaker.
- (2) Where this section applies, it shall be the duty of the primary water undertaker, in accordance with an agreement or determination for such period and containing such terms and conditions as may be provided for under section 66D(2) below—
- (a) to take any such steps—
 - (i) for the purpose of connecting the premises in question with the undertaker’s supply system; or
 - (ii) in respect of that system,
 as may be so provided for in order to enable the undertaker to provide the requested supply; and
 - (b) having taken any such steps, to provide that supply.

Status: This is the original version (as it was originally enacted).

- (3) A primary water undertaker shall not be required by virtue of this section to provide a supply of water to a licensed water supplier, or to take any steps to enable it to provide such a supply, if—

- (a) the premises to be supplied by the supplier do not consist in the whole or any part of a building; or
 - (b) the supply to be made by it to those premises is for purposes other than domestic purposes.
- (5) The second condition is that the provision of the supply by the undertaker would—
- (a) require the undertaker, in order to meet all its existing obligations to supply water for domestic or other purposes, together with its probable future obligations to supply buildings and parts of buildings with water for domestic purposes, to incur unreasonable expenditure in carrying out works; or
 - (b) otherwise put at risk its ability to meet any of the existing or probable future obligations mentioned in paragraph (a) above.
- (6) The third condition is that there is a contravention in relation to the water fittings used or to be used in connection with—
- (a) the supply of water to the premises to be supplied by the supplier; or
 - (b) the use of water in those premises,
- of such of the requirements of regulations under section 74 below as are prescribed for the purposes of this subsection.

- the failure of the undertaker to acquire the necessary authority or agreement shall not affect any liability of the licensed water supplier, under any term or condition in accordance with which those steps are taken, to reimburse the undertaker in respect of some or all of the expenses incurred by it in taking those steps.
- (8) A water undertaker is the primary water undertaker of a licensed water supplier for the purposes of this section and section 66C below if the undertaker's supply system is to be used for the purpose of making the supply to premises mentioned in those sections.
- (9) In this section and sections 66B and 66C below—

 - (b) the premises are in the area of the undertaker.
- (2) This section also applies where—
 - (a) a water undertaker agrees to permit a qualifying licensed water supplier to introduce water into the undertaker's treatment works;
 - (b) in connection with that introduction, the supplier requests the undertaker to permit it to introduce water into the undertaker's supply system, by means of which any particular supply of water to any premises in accordance with the retail authorisation is to take place, in connection with that supply; and

 - (iii) for the purpose of connecting with that system any source used by the qualifying licensed water supplier for the purpose of supplying water other than for domestic or food production purposes (in a case falling within subsection (1) above); or
 - (iv) in respect of that system,
as may be so provided for in order to enable the supplier to make the requested introduction of the water into that system; and
 - (b) having taken any such steps, to permit the requested introduction of the water into that system.
- (4) A water undertaker shall not be required by virtue of this section to permit the introduction of water into its supply system, or to take any steps to enable a qualifying water supplier to make such an introduction, if the first or second condition is satisfied.
- (5) The first condition is that permitting the introduction of the water into the water undertaker's supply system would—

- (b) the steps which the undertaker is required to take by virtue of that request include steps for the purpose of obtaining any necessary authority for, or agreement to, any exercise by it of any of its powers or the carrying out by it of any works,
- the failure of the undertaker to acquire the necessary authority or agreement shall not affect any liability of the supplier, under any term or condition in accordance with which those steps are taken, to reimburse the undertaker in respect of some or all of the expenses incurred by it in taking those steps.
- (8) In this section “treatment works”—
- (a) in relation to a water undertaker, means the works designated as treatment works by the Secretary of State for the purposes of section 17B(6) above;
- (b) in relation to a qualifying licensed water supplier, means the works designated from time to time by the Secretary of State as treatment works for the purposes of this paragraph.
- (9) Before designating any works for the purposes of subsection (8)(b) above, the Secretary of State shall consult the Assembly.
- (10) A list of any works designated for the purposes of subsection (8)(b) above shall be published from time to time by the Secretary of State in such manner as he considers appropriate for the purpose of bringing the designations to the attention of persons likely to be affected by them.

- (2) The period for which and terms and conditions on which a water undertaker is to perform any duty under sections 66A to 66C above are—

- (ii) in a case falling within section 66C(2) above, agreed between the water undertakers and the licensed water supplier in question; or
- (b) in default of such agreement, those which are determined by the Authority, in a case referred to it by the licensed water supplier in question, if they are acceptable to the supplier,
- (subject to the following provisions of this section and sections 66E and 66F below).

Status: This is the original version (as it was originally enacted).

66E Section 66D: costs principle

- (1) The costs principle referred to in subsection (3) of section 66D above is that the charges payable by a licensed water supplier to a water undertaker, under the agreement or determination mentioned in that subsection, shall enable the undertaker to recover from the supplier—

 - (b) to the extent that any amount is recoverable in some other way (other than from other customers of the undertaker).
- (5) In this section “relevant customers” means customers to whose premises the licensed water supplier is to make any supply of water in connection with which the agreement or determination mentioned in subsection (1) above is made.

 - (ii) Wales;
- (b) but the area of the secondary water undertaker in question is (respectively) wholly or mainly in—
- (i) Wales; or
 - (ii) England,
- the Authority shall consult the Assembly (as well as the Secretary of State).
- (5) The Authority shall publish guidance issued under section 66D(4) above in such manner as the Authority considers appropriate for the purpose of bringing it to the attention of persons likely to be affected by it.

66G Designation of strategic supply

- (1) Subsection (2) below applies if at any time the Authority determines that an introduction of water which a water undertaker is required to permit under section 66B or 66C above in accordance with an agreement under section 66D above constitutes a strategic supply of water.

- (9) Subsection (5) above applies to a notice under subsection (8) above as it applies to a notice under subsection (4) above (and subsection (6) above applies accordingly).
- (10) For the purposes of this section, an introduction of water is a strategic supply if, without that introduction being made, there is a substantial risk that the water undertaker would be unable to maintain supplies to its own customers as well as supplying customers of the licensed water supplier in question with water for domestic purposes.

66H Designation of collective strategic supply

- (1) Subsection (2) below applies if at any time the Authority determines that two or more introductions of water—
