which received Royal Assent on 26 November 2008*

PLANNING ACT 2008

EXPLANATORY NOTES

COMMENTARY

Part 3: Nationally Significant Infrastructure Projects

Sections 25 and 26: Railways and Rail Freight interchanges

93. These sections set out the circumstances in which the construction or alteration of a railway or a rail freight interchange is a nationally significant infrastructure project. Only railways and rail freight interchanges which would be situated wholly in England are included.
