

*These notes refer to the Energy Act 2008 (c.32)
which received Royal Assent on 26 November 2008*

ENERGY ACT 2008

EXPLANATORY NOTES

Part 2: Electricity from Renewable Sources

Offshore Electricity Transmission Commentary on Sections

Section 44 and Schedule 2: Offshore electricity transmission and property schemes

Effect of property scheme

218. *Paragraphs 20 and 21* provide for the transfers and other matters provided for in a scheme to take place by operation of law, according to the terms specified by the Authority, subject to any statutory requirements for registration of a particular transaction. *Paragraph 22* provides that where compensation is payable to a person, it may be recovered by that person if unpaid.
