CHAPTER 2

15 Interaction with the petroleum licensing requirements

- (1) This section applies where there is a licence for the recovery of gas stored in a controlled place.
- (2) The [F1OGA] may give a direction in respect of the place or any part of it (“the relevant stratum”).
- (3) The effect of the direction is that any operations under the licence to recover gas from the relevant stratum are not to be regarded as resulting in the boring for or getting of petroleum for the purposes of Part 1 of the Petroleum Act 1998 (c. 17).
- (4) A direction may be given only if the [F1OGA] is satisfied that the amount of petroleum which exists in its natural condition in the relevant stratum is so small that it ought to be disregarded for the purposes of that Part.
- (5) Where a direction has effect, if the [F1OGA] ceases to be satisfied as mentioned in subsection (4), the [F1OGA] must give the licence holder a notice revoking the direction and specifying a time for the purposes of subsection (6).
- (6) Where a notice is given under subsection (5), the revocation of the direction takes effect—
