[^{F5}CHAPTER 2A

RELEVANT IP PROFITS: CASES MENTIONED IN SECTION 357A(6)

Textual Amendments

F5 Pt. 8A Chs. 2A, 2B inserted (with effect in accordance with s. 64(7) of the amending Act) by [Finance Act 2016 \(c. 24\), s. 64\(3\)](#)

Steps for calculating relevant IP profits of a trade

357BF Relevant IP profits

- (1) This section applies for the purposes of determining the relevant IP profits of a trade of a company for an accounting period in a case where—
- (a) the accounting period begins on or after 1 July 2021, or
 - (b) the company is a new entrant (see section 357A(11)).

- (2) To determine the relevant IP profits—

Step 1 Take any amounts which are brought into account as credits in calculating the profits of the trade for the accounting period, other than any amounts of finance income (see section 357BG), and divide them into two “streams”, amounts of relevant IP income (see sections 357BH to 357BHC) and amounts that are not amounts of relevant IP income. The stream consisting of relevant IP income is “the relevant IP income stream”; the other stream is the “standard income stream”.

Step 2 Divide the relevant IP income stream into “relevant IP income sub-streams” so that each sub-stream is—

- (a) a sub-stream consisting of income properly attributable to a particular qualifying IP right (an “individual IP right sub-stream”),
- (b) a sub-stream consisting of income properly attributable to a particular kind of IP item (a “product sub-stream”), or
- (c) a sub-stream consisting of income properly attributable to a particular kind of IP process (a “process sub-stream”).

See subsection (5) for the meaning of “IP item” and “IP process” and see subsections (6) and (7) for further provision in connection with product sub-streams and process sub-streams.

Step 3 Take any amounts which are brought into account as debits in calculating the profits of the trade for the accounting period, other than any excluded debits (see section 357BI), and allocate them on a just and reasonable basis between the standard income stream and each of the relevant IP income sub-streams.

Step 4 Deduct from each relevant IP income sub-stream—

- (a) the amounts allocated to the sub-stream at Step 3, and
- (b) the routine return figure for the sub-stream (see section 357BJ).

But see section 357BIA (which provides that certain amounts allocated to a relevant IP income sub-stream at Step 3 are not to be deducted from the sub-stream at this Step).

Status: Point in time view as at 15/09/2016.

Changes to legislation: There are currently no known outstanding effects for the Corporation Tax Act 2010, PART 8A. (See end of Document for details)

Step 5 Deduct from each relevant IP income sub-stream which is greater than nil following Step 4 the marketing assets return figure for the sub-stream (see section 357BK).

Step 6 Multiply the amount of each relevant IP income sub-stream (following the deductions required at Steps 4 and 5) by the R&D fraction for the sub-stream (see section 357BL).

Step 7 Add together the amounts of the relevant IP income sub-streams (following Step 6).

Step 8 If the company has made an election under section 357BM (which provides in certain circumstances for profits arising before the grant of a right to be treated as relevant IP profits), add to the amount given by Step 7 any amount determined in accordance with subsection (3) of that section.

- (3) If the amount given by subsection (2) is greater than nil, that amount is the relevant IP profits of the trade for the accounting period.
- (4) If the amount given by subsection (2) is less than nil, that amount is the relevant IP losses of the trade for the accounting period (see Chapter 5).
- (5) In this section—
 - “IP item” means—
 - (a) an item in respect of which a qualifying IP right held by the company has been granted, or
 - (b) an item which incorporates one or more items within paragraph (a);
 - “IP process” means—
 - (a) a process in respect of which a qualifying IP right held by the company has been granted, or
 - (b) a process which incorporates one or more processes within paragraph (a).
- (6) For the purposes of this section two or more IP items, or two or more IP processes, may be treated as being of a particular kind if they are intended to be, or are capable of being, used for the same or substantially the same purposes.
- (7) Income may be allocated at Step 2 of subsection (2) to a product sub-stream or process sub-stream only if—
 - (a) it would not be reasonably practicable to apportion the income between individual IP right sub-streams, or
 - (b) it would be reasonably practicable to do that but doing so would result in it not being reasonably practicable to apply any of the remaining steps in subsection (2).
- (8) Any reference in this section to a qualifying IP right held by the company includes a reference to a qualifying IP right in respect of which the company holds an exclusive licence.

Finance income

357BG Finance income

- (1) For the purposes of this Part “finance income”, in relation to a trade of a company, means—

Status: Point in time view as at 15/09/2016.

Changes to legislation: There are currently no known outstanding effects for the Corporation Tax Act 2010, PART 8A. (See end of Document for details)

- (a) any credits which are treated as receipts of the trade by virtue of—
 - (i) section 297 of CTA 2009 (credits in respect of loan relationships), or
 - (ii) section 573 of CTA 2009 (credits in respect of derivative contracts),
 - (b) any amount which in accordance with generally accepted accounting practice falls to be recognised as arising from a financial asset, and
 - (c) any return, in relation to an amount, which—
 - (i) is produced for the company by an arrangement to which it is a party, and
 - (ii) is economically equivalent to interest.
- (2) In subsection (1)—
- “economically equivalent to interest” is to be construed in accordance with section 486B(2) and (3) of CTA 2009, and
- “financial asset” means a financial asset as defined for the purposes of generally accepted accounting practice.
- (3) For the purposes of subsection (1)(c), the amount of a return is the amount which by virtue of the return would, in calculating the company's chargeable profits, be treated under section 486B of CTA 2009 (disguised interest to be regarded as profit from loan relationship) as profit arising to the company from a loan relationship.

But, in calculating that profit for the purposes of this subsection, sections 486B(7) and 486C to 486E of that Act are to be ignored.

Relevant IP income

357BH Relevant IP income

- (1) For the purposes of this Part “relevant IP income” means income falling within any of the Heads set out in—
- (a) subsection (2) (sales income),
 - (b) subsection (6) (licence fees),
 - (c) subsection (7) (proceeds of sale etc),
 - (d) subsection (8) (damages for infringement), and
 - (e) subsection (9) (other compensation).
- This is subject to section 357BHB (excluded income).
- (2) Head 1 is income arising from the sale by the company of any of the following items—
- (a) items in respect of which a qualifying IP right held by the company has been granted (“qualifying items”);
 - (b) items incorporating one or more qualifying items;
 - (c) items that are wholly or mainly designed to be incorporated into items within paragraph (a) or (b).
- (3) For the purposes of this Part an item and its packaging are not to be treated as a single item, unless the packaging performs a function that is essential for the use of the item for the purposes for which it is intended to be used.
- (4) In subsection (3) “packaging”, in relation to an item, means any form of container or other packaging used for the containment, protection, handling, delivery or

Status: Point in time view as at 15/09/2016.

Changes to legislation: There are currently no known outstanding effects for the Corporation Tax Act 2010, PART 8A. (See end of Document for details)

presentation of the item, including by way of attaching the item to, or winding the item round, some other article.

- (5) In a case where a qualifying item and an item that is designed to incorporate that item (“the parent item”) are sold together as, or as part of, a single unit for a single price, the reference in subsection (2)(b) to an item incorporating a qualifying item includes a reference to the parent item.
- (6) Head 2 is income consisting of any licence fee or royalty which the company receives under an agreement granting another person any of the following rights only—
- (a) a right in respect of any qualifying IP right held by the company,
 - (b) any other right in respect of a qualifying item or process, and
 - (c) in the case of an agreement granting any right within paragraph (a) or (b), a right granted for the same purposes as those for which that right was granted.

In this subsection “qualifying process” means a process in respect of which a qualifying IP right held by the company has been granted.

- (7) Head 3 is any income arising from the sale or other disposal of a qualifying IP right or an exclusive licence in respect of such a right.
- (8) Head 4 is any amount received by the company in respect of an infringement, or alleged infringement, of a qualifying IP right held by the company at the time of the infringement or alleged infringement.
- (9) Head 5 is any amount of damages, proceeds of insurance or other compensation, other than an amount in respect of an infringement or alleged infringement of a qualifying IP right, which is received by the company in respect of an event and—
- (a) is paid in respect of any items that fell within subsection (2) at the time of that event, or
 - (b) represents a loss of income which would, if received by the company at the time of that event, have been relevant IP income.
- (10) But income is not relevant IP income by virtue of subsection (8) or (9) unless the event in respect of which the income is received, or any part of that event, occurred at a time when—
- (a) the company was a qualifying company, and
 - (b) an election under section 357A(1) had effect in relation to it.
- (11) In a case where the whole of that event does not occur at such a time, subsection (8) or (9) (as the case may be) applies only to so much of the amount received by the company in respect of the event as on a just and reasonable apportionment is properly attributable to such a time.
- (12) Any reference in this section to a qualifying IP right held by the company includes a reference to a qualifying IP right in respect of which the company holds an exclusive licence.

357BHANotional royalty

- (1) This section applies where—
- (a) a company holds a qualifying IP right or an exclusive licence in respect of a qualifying IP right,

Status: Point in time view as at 15/09/2016.

Changes to legislation: There are currently no known outstanding effects for the Corporation Tax Act 2010, PART 8A. (See end of Document for details)

- (b) the qualifying IP right falls within paragraph (a), (b) or (c) of section 357BB(1), and
 - (c) the income of a trade of the company for an accounting period includes income (“IP-derived income”) which—
 - (i) arises from things done by the company that involve the exploitation by the company of the qualifying IP right, and
 - (ii) is not relevant IP income, finance income or excluded income.
- (2) The company may elect that the appropriate percentage of the IP-derived income is to be treated for the purposes of this Part as if it were relevant IP income.
- (3) The “appropriate percentage” is the proportion of the IP-derived income which the company would pay another person (“P”) for the right to exploit the qualifying IP right in the accounting period concerned if the company were not otherwise able to exploit it.
- (4) For the purposes of determining the appropriate percentage under this section, assume that—
- (a) the company and P are dealing at arm's length,
 - (b) the company, or the company and persons authorised by it, will have the right to exploit the qualifying IP right to the exclusion of any other person (including P),
 - (c) the company will have the same rights in relation to the qualifying IP right as it actually has,
 - (d) the right to exploit the qualifying IP right is conferred on the relevant day,
 - (e) the appropriate percentage is determined at the beginning of the accounting period concerned,
 - (f) the appropriate percentage will apply for each succeeding accounting period for which the company will have the right to exploit the qualifying IP right, and
 - (g) no income other than IP-derived income will arise from anything done by the company that involves the exploitation by the company of the qualifying IP right.
- (5) In subsection (4)(d) “the relevant day” means—
- (a) the first day of the accounting period concerned, or
 - (b) if later, the day on which the company first began to hold the qualifying IP right or licence.
- (6) In determining the appropriate percentage, the company must act in accordance with—
- (a) Article 9 of the OECD Model Tax Convention, and
 - (b) the OECD transfer pricing guidelines.
- (7) In this section “excluded income” means any income falling within either of the Heads in section 357BHB.

357BHB Excluded income

- (1) For the purposes of this Part income falling within either of the Heads set out in the following subsections is not relevant IP income—
- (a) subsection (2) (ring fence income),
 - (b) subsection (3) (income attributable to non-exclusive licences).

Status: Point in time view as at 15/09/2016.

(4) In a case where—

Changes to legislation: There are currently no known outstanding effects for the Corporation Tax Act 2010, PART 8A. (See end of Document for details)

- (6) But where the amount of income that on such an apportionment is properly attributable to any of the matters in paragraphs (d) to (g) of subsection (4) is a trivial proportion of the income to which this section applies, all of that income is to be regarded for the purposes of this Part as relevant IP income.

- (a) is not “qualifying expenditure on relevant R&D undertaken in-house”, but
- (b) is “qualifying expenditure on relevant R&D sub-contracted to connected persons”,

so far as it is expenditure brought into account in calculating a relevant profits amount, or a relevant losses amount, aggregated at section 18A(4)(a) or (b) of CTA 2009 in calculating the company's foreign permanent establishments amount for the period.

- (5) In this section and sections 357BLC and 357BLD, “relevant research and development” means research and development (within the meaning of section 1138) which—

 - (a) any reference in those sections to the relevant period were to the period of three years ending with the last day of the accounting period,
 - (b) in section 357BLB, for subsections (5) and (6) there were substituted—

“(5) In this section and sections 357BLC and 357BLD, “relevant research and development” means research and development (within the meaning of section 1138) which relates to the trade.”, and
 - (c) in section 357BLE—
 - (i) in each of subsections (2), (3) and (4) the word “relevant” were omitted, and
 - (ii) subsection (6) were omitted.

357BLHR&D fraction: increase for exceptional circumstances

- (1) The company may elect to increase the R&D fraction for the sub-stream by the amount mentioned in subsection (2) if (but for the increase)—
 - (a) it would not be less than 0.325, and
 - (b) it would, because of exceptional circumstances, be less than the value fraction for the sub-stream (see subsection (3)).
- (2) The amount of the increase referred to in subsection (1) is the amount which is equal to the difference between the R&D fraction (before the increase) and the value fraction.
- (3) The “value fraction” for the sub-stream is the fraction which, on a just and reasonable assessment, represents the proportion of the value of the relevant qualifying IP rights which is properly attributable to research and development undertaken at any time—
 - (a) by the company itself, or
 - (b) on behalf of the company by persons not connected with it.
- (4) An election under subsection (1) is made by the company giving notice to an officer of Revenue and Customs.
- (5) The notice must be given on or before the last day on which an amendment of the company's tax return for the accounting period could be made under paragraph 15 of Schedule 18 to FA 1998.

Status: Point in time view as at 15/09/2016.

Changes to legislation: There are currently no known outstanding effects for the Corporation Tax Act 2010, PART 8A. (See end of Document for details)

- (6) In this section—
- “relevant qualifying IP rights” has the same meaning as in section 357BLE,
 - and
 - “research and development” has the meaning given by section 1138.
- (7) Section 1122 (meaning of “connected” persons”) applies for the purposes of this section.

Profits arising before grant of right

357BM Profits arising before grant of right

- (1) This section applies where a company—
- (a) holds a right mentioned in paragraph (a), (b) or (c) of section 357BB(1) (rights to which this Part applies) or an exclusive licence in respect of such a right, or
 - (b) would hold such a right or licence but for the fact that the company disposed of any rights in the invention or (as the case may be) the licence before the right was granted.
- (2) The company may elect that, for the purposes of determining the relevant IP profits of a trade of the company for the accounting period in which the right is granted, there is to be added the amount determined in accordance with subsection (3) (the “additional amount”).
- (3) The additional amount is the difference between—
- (a) the aggregate of the relevant IP profits of the trade for each relevant accounting period, and
 - (b) the aggregate of what the relevant IP profits of the trade for each relevant accounting period would have been if the right had been granted on the relevant day.
- (4) For the purposes of determining the additional amount, the amount of any relevant IP profits to which section 357A does not apply by virtue of Chapter 5 (relevant IP losses) is to be disregarded.
- (5) In this section “relevant accounting period” means—
- (a) the accounting period of the company in which the right is granted, and
 - (b) any earlier accounting period of the company which meets the conditions in subsection (6).
- (6) The conditions mentioned in subsection (5)(b) are—
- (a) that it is an accounting period for which an election made by the company under section 357A(1) has effect,
 - (b) that it is an accounting period for which the company is a qualifying company, and
 - (c) that it ends on or after the relevant day.
- (7) In this section “the relevant day” is the later of—
- (a) the first day of the period of 6 years ending with the day on which the right is granted, and
 - (b) the day on which—

Status: Point in time view as at 15/09/2016.

Changes to legislation: There are currently no known outstanding effects for the Corporation Tax Act 2010, PART 8A. (See end of Document for details)

- (i) the application for the grant of the right was filed, or
 - (ii) in the case of a company that holds an exclusive licence in respect of the right, the licence was granted.
- (8) Where the company would be a qualifying company for an accounting period but for the fact that the right had not been granted at any time during that accounting period, the company is to be treated for the purposes of this section as if it were a qualifying company for that accounting period.
- (9) Where the company would be a qualifying company for the accounting period in which the right was granted but for the fact that the company disposed of the rights or licence mentioned in subsection (1)(b) before the right was granted, the company is to be treated for the purposes of section 357A as if it were a qualifying company for that accounting period.

Small claims treatment

357BN Small claims treatment

- (1) This section applies where—
- (a) a company carries on only one trade during an accounting period,
 - (b) section 357BF applies for the purposes of determining the relevant IP profits of the trade for the accounting period, and
 - (c) the qualifying residual profit of the trade for the accounting period does not exceed whichever is the greater of—
 - (i) £1,000,000, and
 - (ii) the relevant maximum for the accounting period.
- (2) The company may make any of the following elections for the accounting period—
- (a) a notional royalty election (see section 357BNA),
 - (b) a small claims figure election (see section 357BNB), and
 - (c) a global streaming election (see section 357BNC).

This is subject to subsections (3) and (4).

- (3) The company may not make a notional royalty election, a small claims figure election or a global streaming election for the accounting period if—
- (a) the qualifying residual profit of the trade for the accounting period exceeds £1,000,000,
 - (b) section 357BF applied for the purposes of determining the relevant IP profits of the trade for any previous accounting period beginning within the relevant 4-year period, and
 - (c) the company did not make a notional royalty election, a small claims figure election or (as the case may be) a global streaming election for that previous accounting period.
- (4) The company may not make a small claims figure election for the accounting period if—
- (a) the qualifying residual profit of the trade for the accounting period exceeds £1,000,000,

Status: Point in time view as at 15/09/2016.

Changes to legislation: There are currently no known outstanding effects for the Corporation Tax Act 2010, PART 8A. (See end of Document for details)

- (b) section 357C or 357DA applied for the purposes of determining the relevant IP profits of the trade for any previous accounting period beginning within the relevant 4-year period, and
 - (c) the company did not make an election under section 357CL for small claims treatment for that previous accounting period.
- (5) In subsections (3) and (4) “the relevant 4-year period” means the period of 4 years ending with the beginning of the accounting period mentioned in subsection (1)(a).
- (6) For the purposes of this section, the “qualifying residual profit” of a trade of a company for an accounting period is the amount which (assuming the company did not make an election under this section) would be equal to the aggregate of the relevant IP income sub-streams established at Step 2 in section 357BF(2) in determining the relevant IP profits of the trade for the accounting period, following the deductions from those sub-streams required by Step 4 in section 357BF(2) (ignoring the amount of any sub-stream which is not greater than nil following those deductions).
- (7) For the purposes of this section, the “relevant maximum” for an accounting period of a company is—
- (a) in a case where no company is a related 51% group company of the company in the accounting period, £3,000,000;
 - (b) in a case where one or more companies are related 51% group companies of the company in the accounting period, the amount given by the formula—

$$\frac{\pounds 3,000,000}{(1 + N)}$$

where N is the number of those related 51% group companies in relation to which an election under section 357A(1) has effect for the accounting period.

- (8) For an accounting period of less than 12 months, the relevant maximum is proportionally reduced.

357BNANotional royalty election

- (1) Subsection (2) applies where a company has made a notional royalty election for an accounting period under section 357BN(2)(a).
- (2) In its application for the purposes of determining the relevant IP profits of the trade of the company for the accounting period, section 357BHA (notional royalty) has effect as if—
 - (a) in subsection (2) for “the appropriate percentage” there were substituted “75%”, and
 - (b) subsections (3) to (6) were omitted.

357BNBSmall claims figure election

- (1) Subsection (2) applies where a company has made a small claims figure election for an accounting period under section 357BN(2)(b).

Status: Point in time view as at 15/09/2016.

Changes to legislation: There are currently no known outstanding effects for the Corporation Tax Act 2010, PART 8A. (See end of Document for details)

- (2) In its application for the purposes of determining the relevant IP profits of the trade of the company for the accounting period, section 357BF(2) (steps for calculating relevant IP profits) has effect as if in Step 5—
- (a) for “marketing assets return figure” there was substituted “ small claims figure ”, and
 - (b) for “(see section 357BK)” there was substituted “ (see section 357BNB(3)) ”.
- (3) Subsections (4) to (9) apply for the purpose of calculating the small claims figure for a relevant IP income sub-stream established at Step 2 in section 357BF(2) in determining the relevant IP profits of a trade of a company for an accounting period.
- (4) If 75% of the qualifying residual profit of the trade for the accounting period is lower than the small claims threshold, the small claims figure for the sub-stream is 25% of the amount of the sub-stream following Step 4 in section 357BF(2).
- (5) If 75% of the qualifying residual profit of the trade for the accounting period is higher than the small claims threshold, the small claims figure for the sub-stream is the amount given by—

$$A - \left(\frac{A}{\text{QRP}} \times \text{SCT} \right)$$

where—

A is the amount of the sub-stream following the deductions required by Step 4 in section 357BF(2),

QRP is the qualifying residual profit of the trade of the company for the accounting period, and

SCT is the small claims threshold.

- (6) If no company is a related 51% group company of the company in the accounting period, the small claims threshold is £1,000,000.
- (7) If one or more companies are related 51% group companies of the company in the accounting period, the small claims threshold is—

$$\frac{\pounds 1,000,000}{(1 + N)}$$

where N is the number of those related 51% group companies in relation to which an election under section 357A(1) has effect for the accounting period.

- (8) For an accounting period of less than 12 months, the small claims threshold is proportionately reduced.
- (9) Subsection (6) of section 357BN (meaning of “qualifying residual profit”) applies for the purposes of subsection (4) and (5) of this section.

Status: Point in time view as at 15/09/2016.

Changes to legislation: There are currently no known outstanding effects for the Corporation Tax Act 2010, PART 8A. (See end of Document for details)

CHAPTER 2B

RELEVANT IP PROFITS: CASES MENTIONED IN SECTION 357A(7): INCOME FROM NEW IP

357BO Relevant IP profits

- (1) Section 357BF applies, with the modifications set out in section 357BQ, for the purposes of determining the relevant IP profits of a trade of a company for an accounting period in a case where—
 - (a) the accounting period begins before 1 July 2021,
 - (b) the company is not a new entrant (see section 357A(11)), and
 - (c) any amount of relevant IP income brought into account as a credit in calculating the profits of the trade for the accounting period is properly attributable to a new qualifying IP right (see section 357BP).
- (2) Where it is necessary for the purposes of section 357BF, as applied by this section, to determine the R&D fraction for a relevant IP income sub-stream, the company concerned is to be treated for the purposes of sections 357BLF and 357BLG as if it were a new entrant.
- (3) Where section 357BF applies by reason of this section for the purposes of determining the relevant IP profits of a trade of a company for an accounting period, the company may not make a global streaming election for the accounting period under section 357BN(2)(c).

Status: Point in time view as at 15/09/2016.

Changes to legislation: There are currently no known outstanding effects for the Corporation Tax Act 2010, PART 8A. (See end of Document for details)

357BP Meaning of “new qualifying IP right” and “old qualifying IP right”

- (1) This section applies for the purposes of this Part.
- (2) “New qualifying IP right”, in relation to a company, means a qualifying IP right which meets condition A, B or C.
- (3) “Old qualifying IP right”, in relation to a company, means a qualifying IP right which does not meet any of those conditions.
- (4) Condition A is that the right was granted or issued to the company in response to an application filed on or after the relevant date.
- (5) Condition B is that the right was assigned to the company on or after the relevant date.
- (6) Condition C is that an exclusive licence in respect of the right was granted to the company on or after the relevant date.
- (7) The “relevant date” for the purposes of subsections (4), (5) and (6) is 1 July 2016; but this is subject to subsection (8).
- (8) The “relevant date” for the purposes of subsections (5) and (6) is 2 January 2016 if—
 - (a) the company and the person who assigned the right or granted the licence were connected at the time of the assignment or grant,
 - (b) the main purpose, or one of the main purposes, of the assignment of the right or the grant of the licence was the avoidance of a foreign tax,
 - (c) the person who assigned the right or granted the licence was not within the charge to corporation tax at the time of the assignment or grant, and
 - (d) the person who assigned the right or granted the licence was not liable at the time of the assignment or grant to a foreign tax which is designated for the purposes of this section by regulations made by the Treasury.
- (9) Regulations may be made under subsection (8)(d) which designate a foreign tax only if it appears to the Treasury that the tax may be charged at a reduced rate under provisions of the law of the country or territory concerned which correspond to the provisions of this Part.
- (10) Regulations may not be made under subsection (8)(d) after 31 December 2016.
- (11) In this section “foreign tax” means a tax under the law of a country or territory outside the United Kingdom.

- (1) The modifications of section 357BF referred to in section 357BO(1) are as follows.
- (2) Omit subsection (1).
- (3) In subsection (2)—
 - (a) in Step 2—
 - (i) before paragraph (a) insert—

Status: Point in time view as at 15/09/2016.

Changes to legislation: There are currently no known outstanding effects for the Corporation Tax Act 2010, PART 8A. (See end of Document for details)

- “(aa) a sub-stream consisting of income properly attributable to old qualifying IP rights (“an old IP rights sub-stream”),”
- (ii) in paragraph (a) before “qualifying IP right” insert “ new ”,
- (iii) in the words after paragraph (c) for “and (7)” substitute “ to (7E) ”,
- (b) in Step 6, for “relevant IP income sub-stream” substitute “ individual IP right sub-stream, each product sub-stream and each process sub-stream ”, and
- (c) for Step 7 substitute—
- “*Step 7* Add together—
- (a) the amount of any old IP rights sub-stream (following Steps 4 and 5), and
- (b) the amount of each of the individual IP right sub-streams, each of the product sub-streams and each of the process sub-streams (following Step 6).”
- (4) In subsection (7) for paragraph (a) substitute—
- “(a) it would not be reasonably practicable to apportion the income between—
- (i) individual IP rights sub-streams, or
- (ii) individual IP rights sub-streams and an old IP rights sub-stream, or”.
- (5) After subsection (7) insert—
- “(7A) Subsections (7B) to (7E) apply where—
- (a) income which is properly attributable to an IP item or IP process may in accordance with subsection (7) be allocated at Step 2 of subsection (2) to a product sub-stream or process sub-stream, and
- (b) the IP item or IP process incorporates—
- (i) at least one item or process in respect of which an old qualifying IP right held by the company has been granted, and
- (ii) at least one item or process in respect of which a new qualifying IP right held by the company has been granted.
- (7B) If—
- (a) the value of the IP item or IP process is wholly or mainly attributable to the incorporation in it of the items or processes referred to in subsection (7A)(b)(i), or
- (b) the old IP percentage for the IP item or IP process is 80% or more,
- the income properly attributable to the IP item or IP process may be treated as if it were properly attributable to old qualifying IP rights only; and, accordingly, the income may be allocated at Step 2 of subsection (2) to an old qualifying IP rights sub-stream (rather than to a product sub-stream or process sub-stream).
- (7C) If the old IP percentage for the IP item or IP process is less than 80% but not less than 20%, that percentage of the income which is properly attributable to the IP item or IP process may be treated as if it were properly attributable to old qualifying IP rights only; and, accordingly, that percentage of the income may be allocated at Step 2 of subsection (2) to an old IP rights sub-stream

Status: Point in time view as at 15/09/2016.

Changes to legislation: There are currently no known outstanding effects for the Corporation Tax Act 2010, PART 8A. (See end of Document for details)

(and the remainder is to be allocated to a product sub-stream or process sub-stream).

(7D) Where by reason of subsection (7C) only part of the income properly attributable to the IP item or IP process is allocated to a product sub-stream or process sub-stream, the IP item or IP process is to be treated, in determining the R&D fraction for the sub-stream, as if it did not incorporate the items or processes referred to in subsection (7A)(b)(i).

(7E) For the purposes of subsection (7B) and (7C), the “old IP percentage” for an IP item or IP process is the percentage found by the following calculation—

$$\frac{O}{T} \times 100$$

where—

O is the number of items or processes incorporated in the IP item or IP process in respect of which an old qualifying IP right held by the company has been granted, and

T is the number of items or processes incorporated in the IP item or IP process in respect of which an old or a new qualifying IP right held by the company has been granted.”]

RELEVANT IP PROFITS ^{F6}: CASES MENTIONED IN SECTION 357A(7): NO INCOME FROM NEW IP]

Textual Amendments

Steps for calculating relevant IP profits of a trade

357C Relevant IP profits

[This section applies for the purposes of determining the relevant IP profits of a trade ^{F7}(A1) of a company for an accounting period in a case where—

- (a) the accounting period began before 1 July 2021,
- (b) the company is not a new entrant (see section 357A(11)), and
- (c) none of the amounts of relevant IP income brought into account as credits in calculating the profits of the trade for the accounting period is properly attributable to a new qualifying IP right (see section 357BP).

But see also section 357D (alternative method of calculating relevant IP profits in such a case).]

- (1) To determine the relevant IP profits ^{F8}...—

Status: Point in time view as at 15/09/2016.

Changes to legislation: There are currently no known outstanding effects for the Corporation Tax Act 2010, PART 8A. (See end of Document for details)

Step 1 Calculate the total gross income of the trade for the accounting period (see section 357CA).

Step 2 Calculate the percentage (“X%”) given by the following formula—

$$\frac{\text{RIPI}}{\text{TI}} \times 100$$

where—

“RIPI” is so much of the total gross income of the trade for the accounting period as is relevant IP income (see sections [F9]357BH to 357BHC), and

“TI” is the total gross income of the trade for the accounting period.

Step 3 Calculate X% of the profits of the trade for the accounting period. If there are no such profits, calculate X% of the losses of the trade (expressed as a negative figure) for the accounting period. In calculating the profits of the trade for the purposes of this step, make any adjustments required by section 357CG (and references in this step to the profits or losses of the trade are to be read subject to any such adjustments).

Step 4 Deduct from the amount given by Step 3 the routine return figure [F10]in relation to the trade for the accounting period] (see section 357CI). The amount given by this step is the “qualifying residual profit”.

If the amount of the qualifying residual profit is not greater than nil, go to Step 7.

Step 5 If the company has [F11]made an election under section 357CL] for small claims treatment, calculate the small claims amount in relation to the trade (see section 357CM). If the company has not, go to Step 6.

Step 6 Deduct from the qualifying residual profit the marketing assets return figure [F12]in relation to the trade for the accounting period] (see section 357CN).

Step 7 If the company has made an election under section 357CQ (which provides in certain circumstances for profits arising before the grant of a right to be treated as relevant IP profits), add to the amount given by Step 5 or 6 (or, if the amount of the qualifying residual profit was not greater than nil, Step 4) any amount determined in accordance with subsection (3) of that section.

- (2) If the amount given by subsection (1) is greater than nil, that amount is the relevant IP profits of the trade for the accounting period.
- (3) If the amount given by subsection (1) is less than nil, that amount is the relevant IP losses of the trade for the accounting period (see Chapter 5).

Total gross income of trade

357CA Total gross income of a trade

 - (b) subsection (5) (compensation),
 - (c) subsection (6) (adjustments),
 - (d) subsection (7) (proceeds from intangible fixed assets),

- (2) The amount that is to be added to the actual R&D expenditure for the purposes of section 357CG(5) is an amount equal to the difference between—
 - (a) 75% of the average amount of R&D expenditure, and
 - (b) the actual R&D expenditure, as adjusted under subsections (8) to (11).
- (3) In this section—
 - (a) the “actual R&D expenditure” of a trade of a company for an accounting period is the amount of R&D expenditure that (ignoring section 357CG(5)) is brought into account in calculating the profits of the trade for the accounting period, and
 - (b) “R&D expenditure” and “relevant accounting period” have the meaning given by section 357CG(6).
- (4) The average amount of R&D expenditure is—

$$\frac{E}{N} \times 365$$

where—

E is the amount of R&D expenditure that—

- (a) has been incurred by the company during the relevant period, and
- (b) has been brought into account in calculating the profits of the trade for any accounting period ending before the first relevant accounting period, and

N is the number of days in the relevant period.

Status: Point in time view as at 15/09/2016.

Changes to legislation: There are currently no known outstanding effects for the Corporation Tax Act 2010, PART 8A. (See end of Document for details)

- (5) The relevant period is the shorter of—
- (a) the period of 4 years ending immediately before the first relevant accounting period, and

- (6) For a relevant accounting period of less than 12 months, the average amount of R&D expenditure is proportionately reduced.
- (7) Subsections (8) to (11) apply for the purposes of determining—
- (a) whether there is a shortfall in R&D expenditure for a relevant accounting period, and
 - (b) if there is such a shortfall, the amount to be added by virtue of subsection (2).
- (8) If the amount of the actual R&D expenditure for a relevant accounting period is greater than the average amount of R&D expenditure, the difference between the two amounts is to be added to the actual R&D expenditure for the next relevant accounting period.
- (9) If—
- (a) there is not a shortfall in R&D expenditure for a relevant accounting period, but
 - (b) in the absence of any additional amount, there would be a shortfall in R&D expenditure for that accounting period,
- the remaining portion of the additional amount is to be added to the actual R&D expenditure for the next relevant accounting period.
- (10) For the purposes of this section—
- “additional amount”, in relation to a relevant accounting period, means any amount added to the actual R&D expenditure for that accounting period by virtue of subsection (8), (9) or (11), and
- “the remaining portion” of an additional amount is so much of that amount as exceeds the difference between—
- (a) the actual R&D expenditure for the relevant accounting period in the absence of the additional amount, and
 - (b) 75% of the average amount of R&D expenditure.
- (11) If—
- (a) there is not a shortfall in R&D expenditure for a relevant accounting period, and
 - (b) there would not be a shortfall in R&D expenditure for that accounting period in the absence of any additional amount,
- the additional amount is to be added to the actual R&D expenditure for the next relevant accounting period (in addition to any additional amount so added by virtue of subsection (8)).

(4) Any amount of qualifying residual profit of a trade of the company that is not greater than nil is to be disregarded for the purposes of subsection (3).

(5) If [^{F42}no other company is a related 51% group company of the company] in the accounting period, the small claims threshold is £1,000,000.

(6) If [^{F43}one or more other companies are related 51% group companies of the company,] in the accounting period, the small claims threshold is—

$$\frac{\pounds 1,000,000}{1 + N}$$

where N is the number of [^{F44}those related 51% group] companies in relation to which an election under section 357A has effect for the accounting period.

(7) For an accounting period of less than 12 months, the small claims threshold is proportionately reduced.

Marketing assets return figure

357CN Marketing assets return figure

(1) The marketing assets return figure in relation to a trade of a company for an accounting period is—

Status: Point in time view as at 15/09/2016.

Changes to legislation: There are currently no known outstanding effects for the Corporation Tax Act 2010, PART 8A. (See end of Document for details)

NMR – AMR

where—

NMR is the notional marketing royalty in respect of the trade for the accounting period (see section 357CO), and

AMR is the actual marketing royalty in respect of the trade for the accounting period (see section 357CP).

- (2) Where—
- (a) AMR is greater than NMR, or
 - (b) the difference between NMR and AMR is less than 10% of the qualifying residual profit of the trade for the accounting period,
- the marketing assets return figure is nil.

357CO Notional marketing royalty

- (1) The notional marketing royalty in respect of a trade of a company for an accounting period is the appropriate percentage of the relevant IP income for that accounting period.

In this section “relevant IP income”, in relation to a trade of a company for an accounting period, means so much of the total gross income of the trade for the accounting period as is relevant IP income.

- (2) The “appropriate percentage” is the proportion of any relevant IP income for an accounting period which the company would pay another person (“P”) for the right to exploit the relevant marketing assets in that accounting period if the company were not otherwise able to exploit them.
- (3) For the purposes of this section a marketing asset is a “relevant marketing asset” in relation to an accounting period if the relevant IP income of the trade of the company for the accounting period includes any income arising from things done by the company that involve the exploitation by the company of that marketing asset.
- (4) For the purposes of determining the appropriate percentage under this section, assume that—
- (a) the company and P are dealing at arm's length,
 - (b) the company, or the company and persons authorised by it, will have the right to exploit the relevant marketing assets to the exclusion of any other person (including P),
 - (c) the company will have the same rights in relation to the relevant marketing assets as it actually has,
 - (d) the right to exploit the relevant marketing assets is conferred on the relevant day,
 - (e) the appropriate percentage for the accounting period is determined at the beginning of the accounting period,
 - (f) the appropriate percentage for the accounting period will apply for each succeeding accounting period for which the company will have the right to exploit the relevant marketing assets, and

Status: Point in time view as at 15/09/2016.

Changes to legislation: There are currently no known outstanding effects for the Corporation Tax Act 2010, PART 8A. (See end of Document for details)

- (g) no income other than relevant IP income will arise from anything done by the company that involves the exploitation by the company of the relevant marketing assets.
- (5) In subsection (4)(d) “the relevant day”, in relation to a relevant marketing asset, means—
- (a) the first day of the accounting period, or
 - (b) if later, the day on which the company first acquired the relevant marketing asset or the right to exploit the asset.
- (6) In determining the appropriate percentage, the company must act in accordance with—
- (a) Article 9 of the OECD Model Tax Convention, and
 - (b) the OECD transfer pricing guidelines.
- (7) In this section “marketing asset” means any of the following (whether or not capable of being transferred or assigned)—
- (a) anything in respect of which proceedings for passing off could be brought, including a registered trade mark (within the meaning of the Trade Marks Act 1994),
 - (b) anything that corresponds to a marketing asset within paragraph (a) and is recognised under the law of a country or territory outside the United Kingdom,
 - (c) any signs or indications (so far as not falling within paragraph (a) or (b)) which may serve, in trade, to designate the geographical origin of goods or services, and
 - (d) any information which relates to customers or potential customers of the company, or any other member of a group of which the company is a member, and is intended to be used for marketing purposes.

357CP Actual marketing royalty

- (1) The actual marketing royalty in respect of a trade of a company for an accounting period is X% of the aggregate of any sums which—
- (a) were paid by the company for the purposes of acquiring any relevant marketing assets, or the right to exploit any such assets, and
 - (b) were brought into account as debits in calculating the profits of the trade for the accounting period.
- (2) In this section—
- “relevant marketing assets” has the same meaning as in section 357CO, and
 - “X%” is the percentage given by Step 2 in section 357C(1).

Profits arising before grant of right

357CQ Profits arising before grant of right

- (1) This section applies where a company—
- (a) holds a right mentioned in paragraph (a), (b) or (c) of section 357BB(1) (rights to which this Part applies) or an exclusive licence in respect of such a right, or
 - (b) would hold such a right or licence but for the fact that the company disposed of any rights in the invention or (as the case may be) the licence before the right was granted.

Status: Point in time view as at 15/09/2016.

Changes to legislation: There are currently no known outstanding effects for the Corporation Tax Act 2010, PART 8A. (See end of Document for details)

- (2) The company may elect that, for the purposes of determining the relevant IP profits of a trade of the company for the accounting period in which the right is granted, there is to be added the amount determined in accordance with subsection (3) (the “ additional amount ”).
- (3) The additional amount is the difference between—
 - (a) the aggregate of the relevant IP profits of the trade for each relevant accounting period, and
 - (b) the aggregate of what the relevant IP profits of the trade for each relevant accounting period would have been if the right had been granted on the relevant day.
- (4) For the purposes of determining the additional amount, the amount of any relevant IP profits to which section 357A does not apply by virtue of Chapter 5 (relevant IP losses) is to be disregarded.
- (5) In this section “relevant accounting period” means—
 - (a) the accounting period of the company in which the right is granted, and
 - (b) any earlier accounting period of the company which meets the conditions in subsection (6).
- (6) The conditions mentioned in subsection (5)(b) are—
 - (a) that it is an accounting period for which an election made by the company under section 357A has effect,
 - (b) that it is an accounting period for which the company is a qualifying company, and
 - (c) that it ends on or after the relevant day.
- (7) In this section “the relevant day” is the later of—
 - (a) the first day of the period of 6 years ending with the day on which the right is granted, or
 - (b) the day on which—
 - (i) the application for the grant of the right was filed, or
 - (ii) in the case of a company that holds an exclusive licence in respect of the right, the licence was granted.
- (8) Where the company would be a qualifying company for an accounting period but for the fact that the right had not been granted at any time during that accounting period, the company is to be treated for the purposes of this section as if it were a qualifying company for that accounting period.
- (9) Where the company would be a qualifying company for the accounting period in which the right was granted but for the fact that the company disposed of the rights or licence mentioned in subsection (1)(b) before the right was granted, the company is to be treated for the purposes of section 357A as if it were a qualifying company for that accounting period.

Status: Point in time view as at 15/09/2016.

Changes to legislation: There are currently no known outstanding effects for the Corporation Tax Act 2010, PART 8A. (See end of Document for details)

CHAPTER 4

STREAMING

357D Alternative method of calculating relevant IP profits: “streaming”

- (1) A company may elect to apply section 357DA (instead of section 357C) for the purposes of determining the relevant IP profits of any trade of the company for an accounting period [^{F46} in a case where—
- (a) the accounting period began before 1 July 2021,
 - (b) the company is not a new entrant (see section 357A(11)), and
 - (c) none of the amounts of relevant IP income brought into account as credits in calculating the profits of the trade for the accounting period is properly attributable to a new qualifying IP right (see section 357BP).]
- (2) An election made under subsection (1) is known as a “streaming election”.
- (3) A streaming election has effect—
- (a) for the accounting period for which it is made, and
 - (b) for each subsequent accounting period.

This is subject to section 357DB.

- [^{F47}(4) A company must apply section 357DA (instead of section 357C) for the purposes of determining the relevant IP profits of a trade of the company for an accounting period in a case mentioned in subsection (1) if any of the mandatory streaming conditions in section 357DC is met in relation to the trade for the period.]

357DA Relevant IP profits

- (1) To determine the relevant IP profits of a trade of a company for an accounting period in accordance with this section—

Step 1 Take any amounts which are brought into account as credits in calculating the profits of the trade for the accounting period, other than any amounts of finance income (see [^{F48}section 357BG]), and divide them into two “streams”, amounts of relevant IP income (see [^{F49}sections 357BH to 357BHC]) and amounts that are not amounts of relevant IP income. The stream consisting of relevant IP income is “the relevant IP income stream”.

Step 2 Take any amounts which are brought into account as debits in calculating the profits of the trade for the accounting period, other than any amounts referred to in section 357CG(3), and allocate them on a just and reasonable basis between the two streams. (See also section 357CG(5).)

Step 3 Deduct from the relevant IP income stream the amounts allocated to that stream under Step 2.

Step 4 Deduct from the amount given by Step 3 the routine return figure [^{F50}in relation to the trade for the accounting period] (see subsection (4)). The amount given by this step is the “qualifying residual profit”.

Status: Point in time view as at 15/09/2016.

Changes to legislation: There are currently no known outstanding effects for the Corporation Tax Act 2010, PART 8A. (See end of Document for details)

If the amount of the qualifying residual profit is not greater than nil, go to Step 7.

Step 5 If the company has [^{F51}made an election under section 357CL] for small claims treatment, calculate the small claims amount in relation to the trade (see section 357CM). If the company has not, go to Step 6.

Step 6 Deduct from the qualifying residual profit the marketing assets return figure [^{F52}in relation to the trade for the accounting period] (see section 357CN and subsection (6)).

Step 7 If the company has made an election under section 357CQ (which provides in certain circumstances for profits arising before the grant of a right to be treated as relevant IP profits), add to the amount given by Step 5 or 6 (or, if the amount of the qualifying residual profit was not greater than nil, Step 4) any amount determined in accordance with subsection (3) of that section.

- (2) If the amount given by subsection (1) is greater than nil, that amount is the relevant IP profits of the trade for the accounting period.
- (3) If the amount given by subsection (1) is less than nil, that amount is the relevant IP losses of the trade for the accounting period (see Chapter 5).
- (4) The routine return figure, in relation to a trade of a company for an accounting period, is 10% of the aggregate of any routine deductions which—
 - (a) have been made by the company in calculating the profits of the trade for the accounting period, and
 - (b) have been allocated to the relevant IP income stream under Step 2.
 In this subsection “routine deductions” is to be read in accordance with [^{F53}sections 357BJA and 357BJB].
- (5) Subsections (2) and (3) of section 357CI have effect for the purposes of subsection (4) of this section as they have effect for the purposes of that section.
- (6) For the purposes of determining the marketing assets return figure in Step 6, section 357CP (actual marketing royalty) has effect as if the reference to X% of the aggregate of any sums falling within subsection (1) of that section were a reference to the aggregate of any such sums which have been allocated to the relevant IP income stream under Step 2.

357DB Method of allocation

- (1) In this section “method of allocation” means the method of allocating, for the purposes of Step 2 in section 357DA(1), the amounts mentioned in that step.
- (2) A company that applies section 357DA for the purposes of determining the relevant IP profits of a trade of the company for an accounting period must use the same method

Status: Point in time view as at 15/09/2016.

Changes to legislation: There are currently no known outstanding effects for the Corporation Tax Act 2010, PART 8A. (See end of Document for details)

of allocation in relation to the trade for that accounting period as it used in the last accounting period of the company for which it applied that section for the purposes of determining the relevant IP profits of the trade.

- (3) But subsection (2) does not apply if there is a change of circumstances relating to the trade which makes the use of that method of allocation in relation to the trade for the accounting period inappropriate.
- (4) In such a case, the company may—
 - (a) use a different method of allocation in relation to the trade for the accounting period (and subsection (2) applies accordingly for subsequent accounting periods), or
 - (b) elect not to apply section 357DA for the purposes of determining the relevant IP profits of the trade for the accounting period.
- (5) Subsection (4)(b) does not prevent the company making a fresh streaming election in relation to the trade for any subsequent accounting period.

357DC The mandatory streaming conditions

- (1) Mandatory streaming condition A is met in relation to a trade of a company for an accounting period if—
 - (a) any amount brought into account as a credit in calculating the profits of the trade for the accounting period is not fully recognised as revenue for the accounting period, and
 - (b) the amount, or the aggregate of any such amounts, is substantial.
- (2) An amount is a “substantial” amount for the purposes of this section if it is greater than—
 - (a) £2,000,000, or
 - (b) 20% of the total gross income of the trade for the accounting period,whichever is the lower.
- (3) But an amount is not a substantial amount for the purposes of this section if it does not exceed £50,000.
- (4) The reference in subsection (1)(a) to an amount brought into account as a credit includes a reference to any amount brought into account by virtue of section 147 of TIOPA 2010 (basic transfer-pricing rule).
- (5) Mandatory streaming condition B is met in relation to a trade of a company for an accounting period if the total gross income of the trade for the accounting period includes—
 - (a) relevant IP income, and
 - (b) a substantial amount of licensing income that is not relevant IP income.
- (6) In subsection (5) “licensing income” means income consisting of any licence fee, royalty or other payment which the company has received under an agreement granting another person any right in respect of any intellectual property held by the company.
“Intellectual property” has the meaning given by section 712(3) of CTA 2009.

Status: Point in time view as at 15/09/2016.

Changes to legislation: There are currently no known outstanding effects for the Corporation Tax Act 2010, PART 8A. (See end of Document for details)

- (7) Mandatory streaming condition C is met in relation to a trade of a company for an accounting period if the total gross income of the trade for the accounting period includes—
- (a) income that is not relevant IP income, and
 - (b) a substantial amount of relevant Head 2 income.
- (8) Income is “relevant Head 2 income” for the purposes of subsection (7) if—
- (a) it is relevant IP income received under an agreement falling within subsection (6) of [^{F54}section 357BH] , and
 - (b) every qualifying IP right—
 - (i) in respect of which a right within paragraph (a) of that subsection is granted by the agreement, or
 - (ii) which is granted in respect of an invention in respect of which a right within paragraph (b) of that subsection is granted by the agreement, is a right in respect of which the company holds an exclusive licence.
- (9) In a case where—
- (a) relevant IP income is received under an agreement falling within [^{F55}section 357BH(6)] , but
 - (b) the condition in paragraph (b) of subsection (8) above is not met,
- so much of the relevant IP income as on a just and reasonable apportionment is attributable to any qualifying IP right falling within that paragraph is relevant Head 2 income for the purposes of subsection (7).

CHAPTER 5

RELEVANT IP LOSSES

357E Company with relevant IP losses: set-off amount

Where a company would be entitled to make a deduction under section 357A(2) in calculating the profits of a trade of the company for an accounting period but for the fact that there are relevant IP losses of the trade for the accounting period, there is a “set-off amount” in relation to the trade of the company for the accounting period which is equal to the amount of the relevant IP losses.

357EA Effect of set-off amount on company with more than one trade

- (1) This section applies where—
- (a) there is a set-off amount in relation to a trade of a company for an accounting period, and
 - (b) the company carries on any other trade.

Status: Point in time view as at 15/09/2016.

Changes to legislation: There are currently no known outstanding effects for the Corporation Tax Act 2010, PART 8A. (See end of Document for details)

- (2) The set-off amount is to be reduced (but not to below nil) by any relevant IP profits of that other trade for the accounting period.
- (3) Section 357A does not apply in relation to so much of the amount of relevant IP profits of that other trade for the accounting period as is equal to the amount by which the set-off amount is reduced under subsection (2).

357EB Allocation of set-off amount within a group

- (1) This section applies where—
 - (a) there is a set-off amount in relation to a trade of a company for an accounting period,
 - (b) the company is a member of a group, and
 - (c) the set-off amount has not been reduced to nil by the operation of section 357EA(2).
- (2) The set-off amount (or so much of it as remains after the operation of section 357EA(2)) is to be reduced (but not to below nil) by any relevant IP profits of a trade of a relevant group member for the relevant accounting period.
- (3) For the purposes of this section—
 - (a) “relevant group member” means another member of the group that has made an election under [^{F56}section 357A(1)] and is a qualifying company for the relevant accounting period, and
 - (b) “relevant accounting period”, in relation to a company, means the accounting period of the company in or at the end of which the accounting period mentioned in subsection (1)(a) ends.
- (4) Section 357A does not apply in relation to so much of the amount of relevant IP profits of the trade of the relevant group member for the relevant accounting period as is equal to the amount by which the set-off amount (or so much of it as remains after the operation of section 357EA(2)) is reduced under subsection (2).
- (5) Where there is more than one relevant group member, the relevant group members may jointly determine the order in which subsection (2) is to apply to them.
- (6) If no determination is made under subsection (5), subsection (2) is to apply first to the trade that has the greatest amount of relevant IP profits of any trade of any of the relevant group members for a relevant accounting period, then to the trade that has the second greatest amount of relevant IP profits of any of those trades for such a period, and so on.

357EC Carry-forward of set-off amount

- (1) This section applies where—
 - (a) there is a set-off amount in relation to a trade of a company for an accounting period, and

Status: Point in time view as at 15/09/2016.

Changes to legislation: There are currently no known outstanding effects for the Corporation Tax Act 2010, PART 8A. (See end of Document for details)

- (b) the set-off amount has not been reduced to nil by the operation of section 357EA(2) or 357EB(2).
- (2) The set-off amount (or so much of it as remains after the operation of section 357EA(2) or 357EB(2)) is to be reduced (but not to below nil) by the amount of any relevant IP profits of the trade of the company for the current accounting period.
- The “current accounting period” is the accounting period immediately following the accounting period mentioned in subsection (1)(a).
- (3) Section 357A does not apply in relation to so much of the amount of relevant IP profits of the trade of the company for the current accounting period as is equal to the amount by which the set-off amount (or so much of it as remains after the operation of section 357EA(2) or 357EB(2)) is reduced under subsection (2).
- (4) If any portion of the set-off amount remains after the operation of subsection (2), that portion (“the remaining portion”) is to be treated as the set-off amount in relation to the trade of the company for the current accounting period (and the provisions of this Chapter apply accordingly).
- (5) If there are relevant IP losses of the trade of the company for the current accounting period, the set-off amount in relation to the trade of the company for that accounting period is the aggregate of the remaining portion and an amount equal to the amount of those relevant IP losses (and the provisions of this Chapter apply accordingly).

357ED Company ceasing to carry on trade, etc

- (1) This section applies where—
- (a) there is a set-off amount in relation to a trade of a company for an accounting period, and
 - (b) at any time in the accounting period immediately following that accounting period, the company meets any of the conditions in subsection (2).
- (2) The conditions are—
- (a) that the company ceases to carry on the trade,
 - (b) that the company ceases to be within the charge to corporation tax in respect of the trade, or
 - (c) that any election made by the company under [F57 section 357A(1)] ceases to have effect.
- (3) Sections 357EA to 357EC continue to have effect in relation to the set-off amount subject to the following provisions of this section.
- (4) Section 357EB has effect as if—
- (a) the reference in subsection (1)(b) to the company being a member of a group were a reference to the company having been a member of the group at the time referred to in subsection (1)(b) of this section,
 - (b) for subsection (2) there were substituted—
 - “(2) The set-off amount (or so much of it as remains after the operation of section 357EA(2)) is to become, or be added to, the set-off amount in relation to a trade of a relevant group member for the relevant accounting period.”,
 - (c) subsection (4) were omitted,

Status: Point in time view as at 15/09/2016.

Changes to legislation: There are currently no known outstanding effects for the Corporation Tax Act 2010, PART 8A. (See end of Document for details)

- (d) for the words after “determine” in subsection (5) there were substituted “ the relevant group member to which subsection (2) is to apply ”, and
- (e) for subsection (6) there were substituted—
 - “(6) If no determination is made under subsection (5), subsection (2) is to apply to the trade that has the greatest amount of relevant IP profits of any trade of any of the relevant group members for a relevant accounting period.
 - (7) If there is no relevant group member with any relevant IP profits of a trade for the relevant accounting period, subsection (2) is to apply to the trade that has the greatest set-off amount in relation to any trade of any of the relevant group members for a relevant accounting period.”
- (5) Sections 357EA to 357EC cease to have effect in relation to the set-off amount in relation to the trade of the company for an accounting period if—
 - (a) the company is not carrying on any other trade in that accounting period, and
 - (b) in the case of a company that was a member of a group at the time referred to in subsection (1)(b) of this section, none of the members of the group is a relevant group member (within the meaning of section 357EB).
- (6) In such a case, the set-off amount (so far as remaining after the operation of those sections) is to be reduced to nil.
