## SCHEDULES

### SCHEDULE 4

#### APPLICATION AND MODIFICATION OF EMISSIONS LIMIT DUTY

##### *Modifications where carbon capture and storage process used in relation to part of generating station*

- 4 (1) Regulations under section 57(6)(b) may provide for the exemption in section 58 to apply with modifications in cases where the complete CCS system for the fossil fuel plant relates to only part of the generating station.
- (2) For this purpose—
- (a) a complete CCS system relates to part of a generating station if it is a system for capturing some or all of the carbon dioxide (or any substance consisting primarily of carbon dioxide) that is produced by, or in connection with, generation of electricity by that part of the generating station, and
  - (b) “complete CCS system” has the same meaning as in section 58.

**Changes to legislation:**

Energy Act 2013, Cross Heading: Modifications where carbon capture and storage process used in relation to part of generating station is up to date with all changes known to be in force on or before 19 March 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations.
