SCHEDULE 3

ELECTRONIC COMMUNICATIONS CODE: CONSEQUENTIAL AMENDMENTS

PART 1

GENERAL PROVISION

References to a conduit system

- 3 In any enactment passed or made before the commencement date, unless the context requires otherwise—
- (a) a reference to a conduit system, where it is defined by reference to the existing code, is to be read as a reference to an infrastructure system as defined by paragraph 7(1) of the new code, and
 - (b) a reference to provision of such a system is to be read in accordance with paragraph 7(2) of the new code (reference to provision includes establishing or maintaining).
