

Clean Air Act 1956

1956 CHAPTER 52

Grit and Dust from furnaces

5 Requirement that grit and dust from furnaces shall be minimised

- (1) The occupier of any building in which a furnace is used to burn solid fuel or solid waste, or of any building or land in or on which an oven is used to subject solid fuel to any process involving the application of heat, shall use any practicable means there may be for minimising the emission of grit and dust from any chimney which serves the furnace or oven and if he fails so to do, he shall be guilty of an offence.
- (2) This section shall not apply to furnaces designed solely or mainly for domestic purposes, not being furnaces or boilers with a maximum heating capacity of fifty-five thousand or more British thermal units per hour.
