- (4) Regulations may provide for dispensing, in the case of any person not resident in Great Britain, with the requirements of subsection (1) of this section.
- (5) For the purposes of paragraph (a) of subsection (1) of this section a test of competence to drive is to be taken to be sufficient for the granting of a licence authorising the driving of vehicles of any class or description, if—
 - (a) in the case of a test passed before the first day of March, nineteen hundred and fifty-seven, it was on that day the prescribed test under section six of the Road Traffic Act, 1934, for that class or description, or the passing of the test would have authorised the granting on that day of a licence under Part I of the Road Traffic Act, 1930, comprising that class or description, or
 - (b) whenever the test was passed, the class or description is one to which at the time of the application for the licence this paragraph applied by virtue of regulations having effect by virtue of this section, or the corresponding provision of the enactments repealed by this Act applied by virtue of regulations under subsection (5) of the said section six, and the test, or any other test declared by such regulations to be equivalent thereto, was at that time the prescribed test under this section or the said section six for that class or description, or the passing of the test authorised the granting at that time of a licence under this Part of this Act or the said Part I comprising that class or description, or
 - (c) whenever the test was passed, the class or description is one which by virtue of this subsection has been comprised in a licence under this Part of this Act or the said Part I previously granted to the applicant.

100 Requirements as to physical fitness of drivers

- (1) On an application for the grant of a licence the applicant shall make a declaration in the prescribed form as to whether or not he is suffering from any such disease or physical disability as may be specified in the form, or any other disease or physical disability which would be likely to cause the driving by him of a motor vehicle, being a vehicle of such a class or description as he would be authorised by the licence to drive, to be a source of danger to the public.
- (2) If from the declaration it appears that the applicant is suffering from any such disease or disability as aforesaid, or if on inquiry into other information the licensing authority are satisfied that the applicant is suffering from any such disease or disability, then subject to the following provisions of this section the licensing authority shall refuse to grant the licence.

- (3) The last foregoing subsection shall not prevent the grant of a licence limited to driving an invalid carriage in a case in which the licensing authority are satisfied of the applicant's fitness or ability to drive such a carriage.
- (4) Except in the case of such diseases and disabilities as may be prescribed, the applicant may, on payment of the prescribed fee, claim to be subjected to a test as to his fitness or ability to drive a motor vehicle of any such class or description as he would be authorised by the licence to drive, and if he passes the prescribed test the licence shall not be refused by reason only of the provisions of subsection (2) of this section; but if the test proves his fitness or ability to drive vehicles of a particular construction or design only, the licence shall be limited to the driving of such vehicles.
- (5) If, on the application for the grant of a licence, the applicant makes a declaration that on the occasion of a previous application by him a licence was granted to him after passing such a test as aforesaid or making a declaration under proviso (c) to subsection (2) of section five of the Road Traffic Act, 1930 (which precluded the refusal, on grounds of disease or disability of a kind falling within that paragraph, of a licence under Part I of that Act in the case of a person who, on his first application for it, declared that during the six months preceding the application he had been in the habit of driving a motor vehicle of any such class or description as he would be authorised by the licence to drive and that the disease or disability from which he suffered did not cause the driving of such a motor vehicle by him to be a source of danger to the public), a further test shall not be required unless from the declaration as to physical fitness made by him for the purposes of his application, or from information received by the licensing authority, it appears that the disease or physical disability from which the applicant is suffering has become more acute, or that the applicant is suffering from some disease or disability not disclosed on the previous occasion or contracted since that occasion.
- (6) If it appears to a licensing authority that there is reason to believe that a person who holds a licence granted by them is suffering from a disease or physical disability likely to cause the driving by him of a motor vehicle, being a vehicle of any such class or description as he is authorised by the licence to drive, to be a source of danger to the public, and on inquiry into the matter the authority are satisfied that he is suffering from such a disease or disability as aforesaid, then, whether or not he has previously passed a test under this section, the licensing authority may, after giving him notice of their intention so to do, revoke the licence, and he shall, on receipt of the notice, deliver the licence to the licensing authority for cancellation:

Provided that the licence holder may, except in the case of any such disease or disability as may be prescribed, claim to be subjected to a test as to his fitness or ability to drive a motor vehicle, and if he passes the prescribed test the licence shall not be revoked.

- (1) For the purposes of this Part of this Act the licensing authority is the council of the county or county borough in which the applicant for a licence resides, or if he resides in Scotland—

- (a) where under the provisions of this Part of this Act the applicant is subject to a restriction with respect to the driving of a class or description of motor vehicle, the extent of the restriction shall be specified in the prescribed manner on the licence;
 - (b) except in the case of a provisional licence, shall specify whether the licence authorises the holder to drive motor vehicles of all classes or descriptions or of certain classes or descriptions only, and in the latter case shall specify the classes or descriptions of vehicles which it authorises the holder to drive.
- (4) A licence shall, unless previously revoked or surrendered, remain in force for a period of three years from the date on which it is granted:
- Provided that where the holder of a licence capable of remaining in force for three years surrenders it and applies under this section for a new licence he shall, if he so requires, be granted a licence at a reduced fee to continue in force only for the period for which the surrendered licence would have continued if not surrendered.
- (5) The fee payable under subsection (2) of this section on the grant of a licence shall be fifteen shillings, and the reduced fee payable under the proviso to the last foregoing subsection shall be—
- (a) two shillings and sixpence, if by virtue of subsection (5) of section ninety-nine of this Act the licence granted comprises a class or description of vehicles not comprised in the surrendered licence,
 - (b) five shillings in any other case.
- (6) Subsections (4) and (5) of this section shall not apply to a provisional licence or to a licence granted to a person as resident outside the United Kingdom; but a licence granted as aforesaid shall, unless previously revoked or surrendered, remain in force for a period of twelve months from the date on which it is granted and the fee payable under subsection (2) of this section on the grant thereof shall be five shillings.

- (4) Where an applicant for a provisional licence holds such a licence or has held one during the period of twelve months ending on the date of coming into force of the licence applied for, and has held a previous provisional licence within the period of twelve months ending on the date of coming into force of the last provisional licence held by him, the licensing authority may refuse to grant the licence applied for unless either—
- (a) the applicant has submitted himself to a test of competence to drive or test of fitness to drive during the currency of the last provisional licence held by him, or
 - (b) he satisfies the licensing authority that he has reasonable cause for not having done so,
- and (in either case) before the date of the application for the licence he has applied to submit himself to such a test to be taken within six months after the date of the application for the licence.

- (a) if he has, during a continuous period of three years or upwards since the order was made, had no such order made against him, or no such order other than an order made more than one year before the date of his application and by reason only of a conviction for the offence of driving a motor vehicle at a speed exceeding a speed limit; or
 - (b) where the order was made by reason only of such a conviction as aforesaid and immediately before the order was made he was the holder of, or was entitled to have issued to him, a licence free from any endorsement or free from any endorsement except of particulars in relation to such a conviction as aforesaid, if he has during a continuous period of one year or upwards since the order was made had no order requiring endorsement made against him:

Licensing of Public Service Vehicles

127 Public service vehicle licences

- (1) No person shall cause or permit a motor vehicle to be used on a road as a stage carriage, an express carriage or a contract carriage unless he is the holder of a licence (in this Part of this Act referred to as a "public service vehicle licence") so to use the vehicle in accordance with the provisions of this Part of this Act.
- (2) A licence to use a vehicle as a stage carriage shall authorise the holder to use the vehicle as an express carriage or as a contract carriage.
- (3) A licence to use a vehicle as an express carriage shall authorise the holder to use the vehicle as a contract carriage.
- (4) In the case of a service of stage carriages, a licence to use a vehicle as an express carriage shall authorise the use of the vehicle on the service if the traffic commissioners for each of the traffic areas in which the vehicle is to be so used think that it may in any special circumstances, including the character of the service, properly be so used and consent in writing thereto.
- (5) If a person causes or permits a vehicle to be used in contravention of this section, he shall be liable on summary conviction to a fine not exceeding twenty pounds, or in the case of a second or subsequent conviction to a fine not exceeding fifty pounds or to imprisonment for a term not exceeding three months.
- (6) The authority having power to grant a public service vehicle licence shall be the traffic commissioners for the traffic area within or from which the vehicle is, at the time of application for the licence, intended to be ordinarily operated.
- (7) A public service vehicle licence may be refused or, if it has already been granted, may at any time be suspended or revoked by the traffic commissioners by whom it was granted if, having regard to the conduct of the applicant for or holder of the licence

Status: This is the original version (as it was originally enacted).

or to the manner in which the vehicle is being used, it appears to them that he is not a fit person to hold such a licence; and a licence suspended under this subsection, shall during the time of suspension be of no effect.

- (8) A public service vehicle licence granted by the traffic commissioners for one traffic area shall be valid in every other traffic area.
- (9) A public service vehicle licence shall, unless previously revoked, continue in force for one year from the date on which it is expressed to take effect.

128 Certifying officers and public service vehicle examiners

- (1) For the purpose of the provisions of this Part of this Act with respect to the certification of fitness of vehicles, the Minister may, with the approval of the Treasury, appoint such officers (in this Part of this Act referred to as "certifying officers") as he thinks fit, and those officers shall perform such duties in relation to the examination of vehicles, the issue of certificates of fitness and otherwise, as the Minister may require.
- (2) The Minister shall appoint as public service vehicle examiners such persons as he considers necessary for the purpose of the inspection of public service vehicles within the several traffic areas and for the purpose of the discharge of such other duties as the Minister considers can conveniently be discharged by persons acting as such examiners, and for that purpose may, with the concurrence of the Secretary of State, make arrangements with any police authority for the appointment of members of their police force for this purpose.

In the application of this subsection to England and Wales "police authority" has the same meaning as in the Police Pensions Act, 1921, and in the application of this subsection to Scotland that expression has the same meaning as in the Police (Scotland) Act, 1956.

- (3) A certifying officer or public service vehicle examiner shall at any time on production, if so required, of his authority, be entitled to enter and inspect any public service vehicle, and for that purpose may require any public service vehicle to be stopped, and may at any time which is reasonable having regard to the circumstances of the case, enter any premises on which he has reason to believe that a public service vehicle is kept, and if a person obstructs any such officer or examiner in the performance of his duty, or when required so to do fails to stop the vehicle, he shall be liable on summary conviction to a fine not exceeding twenty pounds, or in the case of a second or subsequent conviction to a fine not exceeding fifty pounds or to imprisonment for a term not exceeding three months.
- (4) There shall be paid to or in respect of certifying officers and public service vehicle examiners such remuneration and such salaries or allowances, if any, as the Minister may, with the consent of the Treasury, determine.

129 Certificates of fitness, and effect thereof

- (1) A licence to use a vehicle adapted to carry eight or more passengers as a stage carriage, express carriage or contract carriage shall not be granted unless a certificate (hereinafter referred to as a "certificate of fitness") has been issued by a certifying officer that the prescribed conditions as to fitness are fulfilled in respect of the vehicle and such a certificate is in force in respect of the vehicle.

- (2) The provisions of the foregoing subsection may be extended by regulations to stage carriages and express carriages adapted to carry seven passengers or any smaller number of passengers specified in the regulations.
- (3) A public service vehicle licence of any class shall not be refused on the ground that the construction or fixed equipment of the vehicle is not suitable if a certificate of fitness as a vehicle of that class has been issued and is in force in respect of the vehicle:

Provided that if the traffic commissioners are satisfied that the structure of the vehicle or the fixed equipment thereof has become defective or has been so altered as no longer to comply with the prescribed conditions as to fitness, they may refuse to grant a public service vehicle licence until a new certificate of fitness has been obtained.

- (4) A certificate of fitness shall, unless previously revoked or cancelled, continue in force for seven years, or, if the certifying officer thinks fit, for such shorter period, not being less than one year, as may be specified in the certificate.
- (5) The Minister may at any time revoke a certificate of fitness, and if on the inspection of a public service vehicle it appears to the certifying officer that the vehicle does not comply with the prescribed conditions as to fitness, the officer may revoke the certificate of fitness; and where by reason of the revocation of a certificate of fitness or otherwise a vehicle ceases to be a vehicle in respect of which a certificate of fitness is in force, any licence granted in respect of that vehicle shall cease to have effect unless or until a new certificate of fitness is obtained.

130 Approval of type vehicles, and effect thereof

- (1) Where the Minister is satisfied in respect of one vehicle of a particular type that the prescribed conditions as to fitness are fulfilled in respect of the vehicle, he may, on payment of the prescribed fee, approve the vehicle as a type vehicle.
- (2) Where a type vehicle has been approved under this section and a declaration in the prescribed form has been made by a person authorised by the Minister in that behalf that any other vehicle conforms in design, construction and equipment with the type vehicle, the certifying officer may, after examining that other vehicle, issue a certificate in the prescribed form that the vehicle conforms to the type vehicle, and such a certificate shall for the purposes of this Part of this Act be deemed to be a certificate of fitness and shall have effect accordingly.
- (3) The Minister may at any time withdraw his approval of a type vehicle, and thereupon any certificate that any other vehicle conforms to the type vehicle shall cease to have effect as a certificate of fitness.

131 Certificates of fitness for experimental vehicles

- (1) Where it appears to the Minister expedient so to do for the purpose of the making of tests or trials of a vehicle or its equipment, he may by order made as respects that vehicle for the purposes of section one hundred and twenty-nine of this Act dispense with any of the prescribed conditions as to fitness specified in the order; and so long as such an order is in force—
 - (a) that section shall have effect, in relation to the vehicle to which the order relates as if, for the references in subsection (1), in the proviso to subsection (3), and in subsection (5) to the prescribed conditions as to fitness,

Status: This is the original version (as it was originally enacted).

there were substituted references to such of those conditions as are not dispensed with by the order;

- (b) so much of subsection (4) of that section as fixes a minimum of one year for the duration of a certificate of fitness shall not have effect.
- (2) An order under this section shall specify the period for which it is to continue in force, and may contain, or authorize the imposition of, requirements, restrictions or prohibitions relating to the construction, equipment or use of the vehicle to which the order relates.
- (3) An order under this section may be varied or revoked by the Minister.
- (4) Where an order under this section is revoked or otherwise ceases to have effect, any certificate of fitness issued by virtue of the order shall cease to be in force.
- (5) Where a certificate of fitness is issued by virtue of an order under this section and relates to a vehicle as respects which a previous certificate of fitness is in force, the previous certificate shall thereupon cease to be in force.

132 Notice to be given to traffic commissioners of failure in, damage to, or alteration of vehicles

- (1) It shall be the duty of the holder of a public service vehicle licence on the happening to the vehicle in respect of which the licence was granted of any failure or damage of a nature calculated to affect the safety of the passengers or of persons using the road, as soon as may be to report the matter to the traffic commissioners for the traffic area in which the failure or damage happened.
- (2) It shall be the duty of the holder of a public service vehicle licence on any alteration otherwise than by way of replacement of parts being made in the structure or fixed equipment of the vehicle forthwith to give notice of the alteration to the traffic commissioners for the traffic area in which the licence was issued.
- (3) If a person fails to comply with the provisions of this section, he shall be liable on summary conviction to a fine not exceeding twenty pounds, or in the case of a second or sub-sequent conviction to a fine not exceeding fifty pounds or to imprisonment for a term not exceeding three months.

133 Suspension of vehicle licences for defects

- (1) If on the inspection of a public service vehicle it appears to a certifying officer or public service vehicle examiner that the vehicle, owing to any defects therein, is or is likely to become unfit for service until the defects have been remedied, he may suspend the public service vehicle licence in respect of the vehicle:

Provided that, where in the opinion of the officer or examiner the defects are such as can be remedied within forty-eight hours, and are not defects which involve danger to the public, the suspension shall not operate before the expiration of forty-eight hours, nor shall it operate after the expiration of that time if the licensee before the expiration of that time furnishes evidence to the satisfaction of the officer or examiner that the defects have been, or are in the course of being, remedied.

- (2) Where a certifying officer or public service vehicle examiner suspends a licence under this section, he shall forthwith give notice of the suspension to the traffic commissioners who granted the licence, and to the licensee, and a suspension under

this section which becomes operative shall continue in force until it is removed or ceases in accordance with the provisions hereinafter contained.

- (3) Where a licence has been suspended under this section, the suspension may be removed by any certifying officer or public service vehicle examiner and where any such officer or examiner removes a suspension of a licence, he shall forthwith give notice of the removal to the traffic commissioners who granted the licence.
- (4) Where a public service vehicle examiner for a traffic area refuses to remove the suspension of a public service vehicle licence, the holder of the licence may make an application to the traffic commissioners for that area to have the vehicle inspected by the certifying officer for that area, and where any such application is made, a certifying officer, on the matter being referred to him, shall, if he considers that the prescribed conditions as to fitness, or such of those conditions as are not dispensed with by an order under section one hundred and thirty-one of this Act, are fulfilled in respect of the vehicle, remove the suspension.
- (5) A licence suspended under this section shall during the time of suspension be of no effect.

Road Service Licences

134 Road service licences

- (1) Subject to the provisions of the next following section, any person applying therefor may be granted a licence (in this Act referred to as a "road service licence") to provide such a road service as may be specified therein, and a vehicle shall not be used as a stage carriage or an express carriage except under such a licence.
- (2) For the purposes of this section a vehicle used as a stage carriage or an express carriage shall not be deemed to be so used under a road service licence unless it is so used by the holder of the licence and, except in so far as compliance with the provisions of the licence may have been dispensed with by the traffic commissioners for the traffic area in which the vehicle is being used, in accordance with the provisions thereof.
- (3) If a person uses a vehicle or causes or permits it to be used in contravention of this section, or being the holder of a road service licence wilfully or negligently fails to comply with any of the conditions attached to the licence (other than conditions as respects which he proves that compliance therewith had been dispensed with by the traffic commissioners for the traffic area in which the offence is alleged to have been committed) he shall be liable on summary conviction to a fine not exceeding twenty pounds, or in the case of a second or subsequent conviction to a fine not exceeding fifty pounds or to imprisonment for a term not exceeding three months.
- (4) A road service licence in respect of any route shall be required notwithstanding that the provision of a service of stage carriages or express carriages is authorised under Part V of the Road Traffic Act, 1930, or by a special Act or an order having the force of an Act.

135 Grant and variation of road service licences

- (1) The authority having power to grant a road service licence is the traffic commissioners for any traffic area within which the proposed route or any part thereof is situated, but such a licence shall not authorise the use of a vehicle as a stage carriage or express

Status: This is the original version (as it was originally enacted).

carriage except in the traffic area of the commissioners granting the licence or in any other area for which the licence is backed as hereinafter provided.

- (2) Traffic commissioners shall not grant a road service licence in respect of a route if it appears to them from the particulars furnished on the application for the licence that section twenty-four of this Act is likely to be contravened, and in exercising their discretion to grant or refuse a road service licence in respect of any routes and their discretion to attach conditions to any such licence shall have regard to the following matters:—

- (a) the suitability of the routes on which a service may be provided under the licence ;
- (b) the extent, if any, to which the needs of the proposed routes or any of them are already adequately served;
- (c) the extent to which the proposed service is necessary or desirable in the public interest;
- (d) the needs of the area as a whole in relation to traffic (including the provision of adequate, suitable and efficient services, the elimination of unnecessary services and the provision of unremunerative services) and the co-ordination of all forms of passenger transport, including transport by rail;

and shall take into consideration any representations which may be made by persons who are already providing transport facilities along or near to the routes or any part thereof or (except as respects so much of any route as is situated in the Metropolitan Traffic Area) by the council of any county, county borough or county district in England or Wales, and any county or town council in Scotland, in whose area any of the routes or any part of any of the routes is situated.

- (3) For the avoidance of doubt it is hereby declared that the matters to which traffic commissioners are to have regard in exercising their discretion to grant or refuse applications for road service licences do not include the duty imposed upon the British Transport Commission by paragraph (c) of subsection (1) of section three of the Transport Act, 1947 (which requires the Commission to provide, in such places and to such extent as may appear to them to be expedient, certain transport services).
- (4) Subject to any regulations, traffic commissioners may attach to a road service licence such conditions as they may think fit with respect to the matters to which they are required to have regard under subsection (2) of this section and in particular for securing that—
- (a) the fares shall not be unreasonable;
 - (b) where desirable in the public interest the fares shall be so fixed as to prevent wasteful competition with alternative forms of transport, if any, along the route or any part thereof or in proximity thereto;
 - (c) copies of the time-table and fare-table shall be carried and shall be available for inspection in vehicles used on the service;
 - (d) passengers shall not be taken up or shall not be set down except at specified points or shall not be taken up or shall not be set down between specified points;

and generally for securing the safety and convenience of the public.

- (5) The traffic commissioners may from time to time vary in such manner as they think fit the conditions attached to a road service licence granted by them; and where the holder of such a licence makes application to the commissioners to exercise their powers

under this subsection it shall be their duty to consider whether they shall exercise those powers.

- (6) If, where an application has been made for a road service licence, it is represented to the traffic commissioners by a person interested in or affected by the application that it is necessary or desirable in the public interest that the commissioners should fix the minimum or maximum fares for any service which the applicant proposes to provide under the licence, the traffic commissioners may fix such fares and make it a condition of the licence that fares shall not be charged under or in excess of the minimum or maximum.

- (1) Subject to the provisions of this Part of this Act, no person shall use a goods vehicle on a road for the carriage of goods—
- (a) for hire or reward; or
 - (b) for or in connection with any trade or business carried on by him,
- except under a licence granted under this Part of this Act (hereafter in this Part of this Act referred to as a "carrier's licence"):

Provided that this subsection shall not apply to the use of a vehicle in any case such as is mentioned in the Thirteenth Schedule to this Act.

- (2) A person who uses a vehicle in contravention of the foregoing subsection shall be liable on summary conviction to a fine not exceeding twenty pounds, or in the case of a second or subsequent conviction to a fine not exceeding fifty pounds.
- (3) For the purposes of this Part of this Act, the driver of a vehicle, if it belongs to him or is in his possession under an agreement for hire, hire-purchase or loan, and in any other case the person whose agent or servant the driver is, shall be deemed to be the person using the vehicle.
- (4) Where at any time goods are carried in a goods vehicle, being a vehicle which has been let on hire by the person who, at the time of the carriage of the goods, is within the meaning of this Part of this Act the user of the vehicle, the goods shall be deemed to be carried by that person for hire or reward.
- (5) Where goods are carried in a vehicle, those goods shall not, for the purposes of this Part of this Act or the Thirteenth Schedule thereto, be deemed to be carried for hire or reward if—
- (a) they are goods sold, used or let on hire or hire-purchase in the course of a trade or business carried on by the person using the vehicle, and are being delivered or collected by him ; or
 - (b) they are goods which have been, or are to be, subjected to a process or treatment in the course of a trade or business carried on by the person using the vehicle, and are being delivered or collected by him; or
 - (c) they are carried, by a person engaged in agriculture in any locality, for or in connection with the business of agriculture carried on by another person in that locality, and the vehicle in which they are carried is one which the person carrying them is authorised by a carrier's licence to use for the carriage of goods for or in connection with his agricultural business; or

- (6) It is hereby declared that, for the purposes of this Part of this Act, the performance by a local or public authority of their functions shall be deemed to be the carrying on of a business.

165 The licensing authority

- (1) In relation to each traffic area constituted for the purposes of Part III of this Act, the person who is the chairman of the traffic commissioners for the area (including any person for the time being appointed by the Minister to act as deputy to the chairman) shall be known as the licensing authority and shall exercise the functions relating to carriers' licences conferred on him by this Part of this Act.
- (2) In the exercise of his functions under this Part of this Act the licensing authority shall act under the general directions of the Minister.
- (3) Subsection (1) of this section shall have effect as respects the Metropolitan Traffic Area with the substitution of a reference to the traffic commissioner for the Metropolitan Traffic Area for the reference to the chairman of the traffic commissioners.

- (1) Carriers' licences shall be of the following classes, that is to say—
- (a) public carriers' licences (in this Part of this Act referred to as " A licences ");
 - (b) limited carriers' licences (in this Part of this Act referred to as " B licences "); and
 - (c) private carriers' licences (in this Part of this Act referred to as " C licences ").
- (2) Subject to the provisions of this Part of this Act, an A licence shall entitle the holder thereof to use the authorised vehicles for the carriage of goods for hire or reward, and shall also entitle him to use those vehicles for the carriage of goods for or in connection with his business as a carrier of goods (whether that business is conducted by the use of road transport or any other kind of transport).
- (3) Subject to the provisions of this Part of this Act, a B licence shall entitle the holder thereof to use the authorised vehicles, as he thinks fit from time to time,—
- (a) for the carriage of goods for or in connection with a trade or business carried on by him, or
 - (b) subject to any conditions which the licensing authority, in the exercise of his discretion to attach conditions to a B licence, may attach to the licence, for the carriage of goods for hire or reward.
- (4) Subject to the provisions of this Part of this Act, a C licence shall entitle the holder thereof—
- (a) to use the authorised vehicles for the carriage of goods for or in connection with a trade or business carried on by him, or
 - (b) if specially authorised by the licensing authority in a case of emergency, to use an authorised vehicle for the carriage of goods, in accordance with any conditions imposed by the authority in giving the authorisation, for any person to whom he lets the vehicle.

Status: This is the original version (as it was originally enacted).

The licensing authority shall not give an authorisation under paragraph (b) of this subsection unless he is satisfied that the needs of the person for whom the goods are to be carried cannot conveniently be met from other sources.

- (5) In relation to an A licence of which the holder is a person carrying on a canal, dock or harbour undertaking, subsection (2) of this section shall have effect as if the following words were inserted at the end of the subsection, that is to say—

“or for or in connection with the canal, dock or harbour undertaking carried on by him”.

167 Authorised vehicles

- (1) The vehicles authorised to be used under a carrier's licence shall be—
- (a) such motor vehicles, being vehicles belonging to the holder of the licence or in his possession under a hire-purchase agreement, as are specified in the licence;
 - (b) motor vehicles from time to time in the possession of the holder of the licence under an agreement for hire or loan, not exceeding at any time such maximum number as is specified in the licence;
 - (c) trailers from time to time belonging to the holder of the licence or in his possession under an agreement for hire-purchase, hire or loan, not exceeding at any time such maximum number as is specified in the licence;
 - (d) in the case of a C licence, subject to the provisions of the next following subsection, any motor vehicle belonging to the holder of the licence or in his possession under a hire-purchase agreement, but acquired by him, or coming into his possession under such an agreement, only after the grant of the licence.

For the purposes of paragraph (b) or paragraph (c) of this subsection, different types of motor vehicles or different types of trailers, as the case may be, may be distinguished in a licence and a maximum number may be specified in the licence for vehicles or trailers of each type.

- (2) A motor vehicle which, after the grant of a C licence, is acquired by the holder of the licence, or comes into his possession under a hire-purchase agreement, shall cease to be an authorised vehicle on the expiration of one month from the date on which it was acquired by him or came into his possession unless before the expiration of that period he delivers to the licensing authority a notice in the prescribed form to the effect that the vehicle has been acquired by him, or has come into his possession, as the case may be.
- (3) A motor vehicle specified in a carrier's licence shall not, while it remains so specified, be capable of being effectively specified in any other carrier's licence.

168 Conditions of carriers' licences

- (1) It shall be a condition of every A licence that no vehicle which is for the time being an authorised vehicle shall be used for the carriage of goods for or in connection with a trade or business carried on by the holder of the licence (other than a trade or business for or in connection with which the holder of the licence is, by virtue of subsection (2) of section one hundred and sixty-six of this Act, entitled to use that vehicle for the carriage of goods), except such storage or warehousing of goods as may be incidental to his business as a carrier.

- (2) The licensing authority may in his discretion attach to a B licence, as respects the use of the authorised vehicles, or any of them, for the carriage of goods for hire or reward, all or any of the following conditions, that is to say—
 - (a) a condition that they shall be so used only in a specified district or between specified places ;
 - (b) a condition that certain classes or descriptions of goods only shall be so carried;
 - (c) a condition that goods shall be so carried only for specified persons;
 - (d) such other conditions (not being conditions with respect to the rates to be charged) as the licensing authority may think fit to impose in the public interest and with a view to preventing uneconomic competition.
- (3) It shall be a condition of every C licence that no vehicle which is for the time being an authorised vehicle shall be used for the carriage of goods for hire or reward except under an authorisation given under paragraph (b) of subsection (4) of section one hundred and sixty-six of this Act.
- (4) The conditions of a carrier's licence shall not apply in relation to the use of an authorised vehicle for a purpose for which it might lawfully be used without the authority of a carrier's licence.
- (5) Subject to the last foregoing subsection, a person who fails to comply with a condition of a carrier's licence of which he is the holder shall be liable on summary conviction to a fine not exceeding twenty pounds, or in the case of a second or subsequent conviction to a fine not exceeding fifty pounds.

169 Duration of carriers' licences

- (1) There shall be specified in every carrier's licence the date on which the licence is to come into force (in this Part of this Act referred to as " the commencement date ").
- (2) Regulations may specify the dates in the year on which carriers' licences shall expire and, subject to the provisions of this section, a carrier's licence shall, unless previously revoked, continue in force up till and including that one of the specified dates which occurs next before the expiration of the period (in this Part of this Act referred to as " the currency period") applicable to that licence in accordance with subsection (4) of this section, unless at the time of the granting of the licence the licensing authority for special reasons determines that it shall continue in force only up till and including an earlier date (being one of those specified), in which case it shall, unless previously revoked, continue in force only up till and including that date.
- (3) If at the date on which a carrier's licence is due to expire, proceedings are pending before the licensing authority on an application by the holder of that licence for the grant to him of a new licence in substitution therefor, the existing licence shall continue in force until the application is disposed of, without prejudice, however, to the exercise in the meantime of the powers of suspension, revocation and curtailment conferred by this Part of this Act.
- (4) The currency period shall be—
 - (a) in the case of an A licence, two years or such longer period as may be prescribed;
 - (b) in the case of a B licence, one year or such longer period as may be prescribed;

Status: This is the original version (as it was originally enacted).

- (c) in the case of a C licence, three years or such longer period as may be prescribed:

Provided that regulations may provide that, where the licensing authority is of opinion that such a course is desirable in order to arrange a suitable and convenient programme of work, he may in his discretion grant a licence for a currency period shortened to meet the requirements of that programme.

170 Short-term carriers' licences

- (1) With a view to enabling goods vehicles to be used temporarily—
- (a) for the purposes of a seasonal business,
 - (b) for the purposes of the execution of a particular piece of work, or
 - (c) for any other purpose of limited duration,
- a carrier's licence of any class may be granted for a period not exceeding three months.
- (2) Where an application has been made for a carrier's licence having a duration determined by the last foregoing section, the licensing authority, if for administrative reasons he deems it desirable so to do, may, pending the determination of the application, grant to the applicant a carrier's licence for a period not exceeding—
- (a) in the case of a first application for an A licence, twelve months;
 - (b) in the case of a first application for a B licence, six months; and
 - (c) in any other case, three months.
- (3) If, in a case where an application has been made for a carrier's licence, the licensing authority has granted a licence under the last foregoing subsection, that licence shall cease to have effect on the commencement date of a licence granted on that application and having a duration determined by the last foregoing section.
- (4) A licence granted under this section is hereafter in this Part of this Act referred to as a "short-term licence".
- (5) Subsections (2) to (4) of the last foregoing section shall not apply to short-term licences.

Procedure governing Grant of Carriers Licences

171 Applications for carriers' licences

- (1) An application for an A licence or for a B licence shall be made to the licensing authority for the area in which the applicant's operating centre is situated.
- (2) Where the applicant for an A licence or for a B licence has more than one operating centre he shall make a separate application in respect of each centre, but where applications for licences of the same class are made by the same person in respect of two or more centres in the same area the licensing authority may, if he thinks fit, grant a single licence in respect of all or any of the applications.
- (3) An application for a C licence shall be made to the licensing authority either for the area in which the principal place of business of the applicant is situated or for the area in which his head office is situated.

- (4) In this section " operating centre " means the permanent base or centre from which it is intended that the authorised vehicles will normally be used for the carriage of goods for hire or reward.

172 Applicant to furnish information

- (1) A person applying for a carrier's licence shall give to the licensing authority a statement in the prescribed form giving such particulars as may be prescribed of the motor vehicles proposed to be used under the licence which—
- (a) belong to the applicant, or
 - (b) are in his possession under a hire-purchase agreement, or
 - (c) he intends, if the application is granted, to acquire, or to obtain possession of under such an agreement,
- and also stating the number and type of any hired motor vehicles, and of any trailers, proposed to be so used; but an applicant shall not be required to distinguish in his statement between vehicles belonging to him and vehicles subject to hire-purchase agreements.
- (2) A person applying for an A licence or for a B licence shall also give to the licensing authority a statement in the prescribed form—
- (a) specifying the facilities for the transport of goods intended to be provided by the applicant under the licence for other persons, and
 - (b) giving particulars of the district within which, or the places between which, it is intended that the authorised vehicles will normally be used for the carriage of goods for hire or reward.
- (3) A person applying for a carrier's licence shall give to the licensing authority any further information which he may reasonably require for the discharge of his duties in relation to the application, and in particular shall, if the application is for an A licence or for a B licence and he is required by the licensing authority so to do, give to him in the prescribed form—
- (a) such particulars as he may require with respect to any business as a carrier carried on by the applicant at any time before the making of the application, and of the rates charged by the applicant;
 - (b) particulars of any agreement or arrangement entered into by the applicant with any other carrier (whether operating within the area of the licensing authority or outside that area) which affect in any material respect the provision within the area of the licensing authority of facilities for the transport of goods for hire or reward;
 - (c) particulars of any financial interest which any other carrier, or a person controlling (either solely or in conjunction with any other person) the business of any other carrier, has in the business of the applicant;
 - (d) where the applicant is a company, particulars of any right which any other carrier, or any person controlling (either solely or in conjunction with any other person) the business of any other carrier, has to nominate any director of the company.

In this subsection " carrier " means a person providing facilities for the transport of goods for hire or reward, and " financial interest " means financial interest as a partner or shareholder or as a result of a loan, guarantee or other financial transaction.

Status: This is the original version (as it was originally enacted).

173 Objections to certain applications for A or B licences

- (1) This section applies to every application for the grant of an A licence or a B licence except—
- (a) an application which the licensing authority is bound to grant;
 - (b) an application which, in the opinion of the licensing authority, is of so trivial a nature that it is not necessary that an opportunity should be given for objection;
 - (c) an application for a licence to expire not later than an existing licence under which the vehicles to which the application relates are authorised to be used for the purposes of a business which the applicant has acquired or intends to acquire ;
 - (d) an application for a short-term licence, where the licensing authority is of opinion that the application has been made with reasonable expedition and that the demand for the use of the vehicles to be authorised under the licence is so urgent as to render compliance with the requirements of this section impracticable.
- (2) The licensing authority shall publish in the prescribed manner notice of an application to which this section applies specifying the time within which, and the manner in which, objections may be made to the grant of the application.
- (3) It shall be the duty of the licensing authority, on an application to which this section applies, to take into consideration any relevant objection to the application which may be made by a person who is already providing facilities, whether by means of road transport or any other kind of transport, for the carriage of goods for hire or reward in the district, or between the places, which the applicant intends to serve:
- Provided that on an application for an A licence, the licensing authority shall not be bound to take into consideration an objection made by a person who holds a B licence but does not also hold an A licence.
- (4) In this section, " relevant objection " means an objection on any of the following grounds, that is to say,—
- (a) that suitable transport facilities in the district, or between the places, which the applicant intends to serve are or, if the application were granted, would be, either generally or in respect of any particular type of vehicles, in excess of requirements;
 - (b) that any of the conditions of a carrier's licence held by the applicant has not been complied with;
 - (c) that in relation to a carrier's licence held by the applicant, there has been any such conviction or prohibition as is mentioned in the Fourteenth Schedule to this Act.
- (5) The onus of proof of the existence of the grounds on which a relevant objection is made shall lie on the objector.
- (6) In considering, for the purposes of an objection on grounds such as are referred to in paragraph (a) of subsection (4) of this section, whether existing transport facilities are to be treated as suitable, the licensing authority shall have regard to the relative efficiency, reliability and adequacy of the existing facilities at the date of the application and the facilities which the applicant will provide if his application is granted, and to all other relevant considerations, including, to such extent as may in all the circumstances appear proper, the charges made and to be made in respect of those facilities respectively.

174 Decision of licensing authority on application for carrier's licence

- (1) Subject to the provisions of this Part of this Act, the licensing authority, on an application for an A licence or for a B licence, shall have full power in his discretion—
 - (a) to grant the application, or
 - (b) to grant a licence in respect of motor vehicles other than those of which particulars were contained in the application, or in respect of motor vehicles or trailers less in number than, or differing in type from, those for the use of which authorisation was applied for, or
 - (c) to refuse the application.
- (2) If, on an application for an A licence, the applicant satisfies the licensing authority that any of the authorised vehicles will be used exclusively for the purposes of a contract entered into by the applicant with a person carrying on a trade or business (not being the business of carrying or arranging for the carrying of goods) for the carriage of goods for or in connection with that trade or business during any continuous period of not less than one year, the following provisions shall have effect:—
 - (a) the licensing authority shall be obliged to grant the application so far as regards those vehicles (unless he is satisfied that, having regard to the previous conduct of the applicant in the capacity of a carrier of goods, he is not a fit person to receive a carrier's licence, in which case the licensing authority shall refuse the application); but
 - (b) if the application is granted, the licensing authority shall attach to the licence conditions for securing that those vehicles shall be used exclusively for the purposes of the contract and shall at the termination of the contract cease to be authorised vehicles unless the licensing authority, on an application made to him with respect thereto, otherwise directs.
- (3) The licensing authority shall be obliged to grant an application for a C licence unless—
 - (a) the applicant is the holder of a carrier's licence which is suspended or has been curtailed, or
 - (b) a carrier's licence previously held by the applicant has been revoked or curtailed,in either of which cases the licensing authority shall have full power in his discretion either to grant or to refuse the application.
- (4) The licensing authority, in exercising his discretion under this section, shall have regard to the interests of the public generally, including primarily those of persons requiring facilities for transport, and secondarily those of persons providing facilities for transport, and, in particular, shall have regard in the case of an application for an A licence or for a B licence—
 - (a) where the applicant is the holder of an existing licence of the same class, to the extent to which he is authorised to use goods vehicles thereunder for the carriage of goods for hire or reward;
 - (b) to the previous conduct of the applicant in the capacity of a carrier of goods;
 - (c) to the number and type of vehicles proposed to be used under the licence ;
 - (d) in determining the number of vehicles to be authorised, to the need for providing for occasions when vehicles are withdrawn from service for overhaul or repair;
 - (e) to the extent to which the vehicles to be authorised will be in substitution for horse-drawn vehicles previously used by the applicant for the purposes of his business as a carrier:

Status: This is the original version (as it was originally enacted).

(f) to the extent to which the vehicles to be authorised will further the provision of services under which goods will be carried partly by road and partly by railway or inland waterway without the need for unloading and reloading, and, in the case of an application for a B licence, also to the extent to which the applicant intends that the vehicles proposed to be used under the licence shall be used for the carriage of goods for hire or reward.

Where goods are contained in a receptacle which is an additional body for a goods vehicle and is constructed or adapted for the purpose of being taken on to or off the vehicle with goods contained therein, the transfer of the receptacle with goods contained therein on to or off a goods vehicle, railway wagon or vessel shall not be treated for the purposes of paragraph (f) of this subsection as an unloading or reloading of those goods.

- (5) For the avoidance of doubt it is hereby declared that the matters to which the licensing authority is to have regard in exercising his discretion under this section do not include the duty imposed upon the British Transport Commission by paragraph (c) of subsection (1) of section three of the Transport Act, 1947 (which requires the Commission to provide, in such places and to such extent as may appear to them to be expedient, certain transport services).
- (6) In a case in which the licensing authority refuses to grant a carrier's licence, or grants a carrier's licence which differs from the licence applied for, or imposes conditions to which the applicant does not agree, the licensing authority shall, if so requested by the applicant, state in writing the reasons for his decision.
- (7) Where, under paragraph (b) of subsection (1) of this section, the licensing authority proposes to grant an application for an A licence or for a B licence in respect of vehicles other than those of which particulars were contained in the application, then (unless the licensing authority is satisfied that the variation subject to which he proposes to grant the application will not materially increase the total carrying capacity of the authorised vehicles) he shall publish notice of his proposal as if it were an application to which the last foregoing section applies, and thereupon subsections (3) to (6) of that section shall apply accordingly.

175 Right of applicant or objector to appeal to Transport Tribunal

- (1) A person who, having applied for a carrier's licence, is aggrieved—
- (a) by the decision of the licensing authority on the application, or
 - (b) in the case of an application for a B licence, by a condition attached to the licence by the licensing authority,
- may appeal to the Transport Tribunal.
- (2) A person who, having duly made an objection to an application for a carrier's licence, is aggrieved by the decision of the licensing authority thereon, may, if the objection was one which the licensing authority was bound to take into consideration, appeal to the Transport Tribunal.
- (3) The Transport Tribunal shall have power to make such order as it thinks fit on an appeal under this section, and the decision of the Tribunal on such an appeal shall be binding on the licensing authority.
- (4) Where a person who has applied for a new carrier's licence, in substitution for a licence, other than a short-term licence, held by him and in force at the date of his application,

appeals to the Transport Tribunal, the existing licence shall, notwithstanding anything contained in section one hundred and sixty-nine of this Act, continue in force until the appeal has been disposed of, without prejudice, however, to the exercise in the meantime of the powers of suspension, revocation and curtailment conferred by this Part of this Act.

Variation, Revocation, Suspension and Curtailment of Carriers' Licences

176 Variation of carrier's licence at instance of holder

- (1) On the application of the holder of a carrier's licence, the licensing authority by whom the licence was granted may at any time while it is in force vary the licence by directing—
 - (a) that additional vehicles be specified therein, or
 - (b) that vehicles specified therein be removed therefrom, or
 - (c) that the maximum number of motor vehicles or of trailers specified therein under paragraph (b) or paragraph (c) of subsection (1) of section one hundred and sixty-seven of this Act be increased or reduced, or
 - (d) in the case of an application by the holder of a B licence, that any condition attached to the licence under subsection (2) of section one hundred and sixty-eight of this Act be cancelled or varied.
- (2) The following provisions of this Act, namely, subsection (2) of section one hundred and sixty-eight, section one hundred and seventy-two and section one hundred and seventy-four shall, so far as applicable and with any necessary modifications, apply to an application under this section for the variation of a carrier's licence of any class as they apply to an application for the grant of a licence of that class, subject, however, in the case of the said section one hundred and seventy-four, to the restriction that the licensing authority shall be bound to grant an application for a variation consisting only of—
 - (a) the removal of a specified vehicle from the licence; or
 - (b) a reduction in the maximum number of motor vehicles or of trailers specified in the licence in pursuance of paragraphs (b) and (c) respectively of subsection (1) of section one hundred and sixty-seven of this Act; or
 - (c) the specification in the licence in substitution for a specified vehicle of a vehicle of the same or of a less weight unladen.
- (3) In the case of an application under this section for—
