### TERMS OF UNION OF NEWFOUNDLAND WITH CANADA

#### TERMS OF UNION

#### FINANCIAL TERMS

##### *Financial Surplus*

- 24 (1) In this Term the expression “financial surplus” means the balances standing to the credit of the Newfoundland Exchequer at the date of Union (less such sums as may be required to discharge accounts payable at the date of Union in respect of appropriations for the public services) and any public moneys or public revenue (including loans and advances referred to in Term twenty-five) in respect of any matter, thing, or period prior to the date of Union recovered by the Government of the Province of Newfoundland subsequent to the date of Union.
- (2) Newfoundland will retain its financial surplus subject to the following conditions:
- (a) one-third of the surplus shall be set aside during the first eight years from the date of Union, on deposit with the Government of Canada, to be withdrawn by the Government of the Province of Newfoundland only for expenditures on current account to facilitate the maintenance and improvement of Newfoundland public services, and any portion of this one-third of the surplus remaining unspent at the end of the eight-year period shall become available to the Province of Newfoundland without the foregoing restriction;
  - (b) the remaining two-thirds of the surplus shall be available to the Government of the Province of Newfoundland for the development of resources and for the establishment or extension of public services within the Province of Newfoundland; and
  - (c) no part of the surplus shall be used to subsidize the production or sale of products of the Province of Newfoundland in unfair competition with similar products of other provinces of Canada, but nothing in this paragraph shall preclude the Province of Newfoundland from assisting industry by developmental loans on reasonable conditions or by ordinary provincial administrative services.
- (3) The Government of the Province of Newfoundland will have the right within one year from the date of Union to deposit with the Government of Canada all or any part of its financial surplus held in dollars and on the thirty-first day of March and the thirtieth day of September in each year to receive with respect thereto interest at the rate of two and five-eighths per centum per annum during a maximum period of ten years from the date of Union on the minimum balance outstanding at any time during the six-month period preceding payment of interest.
