

National Debt (Conversion of Stock) Act 1884

1884 CHAPTER 23

1 Creation of new $2\frac{3}{4}$ per cent. stock, and of additional $2\frac{1}{2}$ per cent. stock

- (1) Subject to the limitation in this Act mentioned, the Treasury may at any time and from time to time within two years after the passing of this Act, by warrant addressed to the Bank, direct—
 - (a) that stock shall be created, consisting of perpetual annuities yielding dividends at the rate of two pounds fifteen shillings per cent. per annum, which stock may be called two and three-quarters per cent. stock ; and
 - (b) that an additional amount of two and a half per cent. stock shall be created ;or give either of such directions : Provided that the amount of stock so directed to be created shall not be more than the Treasury, on the recommendation of the National Debt Commissioners, from time to time deem sufficient for the purpose of exchange under this Act.
- (2) The two and three-quarters per cent. stock, and two and a half per cent. stock, shall not be redeemable until the fifth day of January one thousand nine hundred and five, but on and after such day shall be redeemable by Parliament after not less than one month's notice at the rate of one hundred pounds sterling for every hundred pounds of the capital sums in respect of which the annuities are payable, together with the payment of all arrears of such annuities, including a proportionate part accrued since the last date for the payment of dividends.
- (3) Such notice shall be a resolution of the House of Commons signified by the Speaker in writing and printed in the London Gazette: and the portion of stock redeemed at one time shall not be less, in the case of two and three-quarters per cent. stock, than five million pounds capital stock, and in the case of two and a half per cent. stock, than fourteen million pounds capital stock; but subject as aforesaid, the mode of redemption shall be determined by an Act to be hereafter passed.
- (4) The two and three-quarters per cent. stock of annuities shall form part of the National Debt, and shall be payable by equal quarterly dividends on the fifth day of January, the fifth day of April, the fifth day of July, and the fifth day of October in every year.

- (5) The annuities created in pursuance of this Act shall be charged on the Consolidated Fund of the United Kingdom, and paid out of the permanent annual charge of the National Debt, and the provisions of the National Debt Act, 1870, shall apply in the same manner, so far as may be consistently with the tenour of this Act, as if the stocks of annuities created in pursuance of this Act were part of the stocks of perpetual annuities described in the First Schedule to the National Debt Act, 1870; and the two and a half per cent. stock created under this Act shall be consolidated with the two and a half per cent. stock mentioned in the said Schedule; and the Treasury may by warrant declare that the two and three-quarters per cent. stock shall be subject to Part Five of the said Act.

2 Exchange of 3 per cent. stock into $2\frac{3}{4}$ per cent. or $2\frac{1}{2}$ per cent stock

- (1) The Treasury may make arrangements whereby three per cent. stock may be exchanged for either two and three-quarters per cent. stock, or for two and a half per cent. stock, at a rate not exceeding one hundred and two pounds of two and three-quarters per cent stock, or one hundred and eight pounds of two and a half per cent. stock for every hundred pounds of three per cent. stock, and so in proportion for any greater or less sum than one hundred pounds.
- (2) For the purpose of effecting such exchange the Bank shall cancel in their books as from the date of the exchange the amount to be exchanged of three per cent. stock standing in the name of the person making the exchange, and shall inscribe in their books in the name of such person the amount of two and three-quarters per cent. stock, or of two and a half per cent. stock (as the case may be), to be given in exchange for the three per cent. stock so cancelled.

3 Adjustment of accounts as to net saving from exchange under Bill

- (1) At the expiration of each of such periods as the Treasury from time to time fix, not exceeding twelve months, an account shall be taken of the pecuniary results of the operations under this Act during that period ; and if during that period there has been by reason of such operations an increase in the nominal capital amount of the national debt, the Treasury shall forthwith create in the names of the National Debt Commissioners terminable annuities of such amount as, if based on a rate of interest of two and a half per cent. per annum, will within a period not exceeding fifty years from the date of creation, extinguish the amount of the said increase; and such annuities shall be charged on the consolidated fund and paid out of the permanent annual charge of the national debt, and shall be applied by the National Debt Commissioners, in like manner as if the same were part of the new sinking fund.
- (2) If the said account shows with respect to the said period, that any such diminution in the annual charge for the dividends of the national debt as has arisen from the operations under this Act, exceeds the annual amount of the terminable annuities created under this section, the amount of such excess shall be deemed to be the net saving from the operations of this Act, and the permanent annual charge of the national debt shall be reduced by the amount of such saving.
- (3) The Treasury may from time to time redeem out of the Consolidated Fund or the growing produce thereof, all or any part of the terminable annuities created in pursuance of this section, and the permanent annual charge of the National Debt shall be reduced by the amount of the terminable annuities so redeemed.

4 Provision as to increase of charge arising from earlier payment of dividends

- (1) Where by reason of any exchange of stock in pursuance of this Act an increase of charge for the annual dividends of the National Debt arises in one financial year ending on the thirty-first day of March, and the amount of such increase would but for such exchange have been a charge in the next financial year, the Treasury may borrow all or so much as they think fit of the amount of such increase, and may borrow the same by means of terminable annuities of such amount as will pay off the loan within a period not exceeding twenty years, and such annuities shall be charged on the Consolidated Fund and shall be paid out of the permanent annual charge of the National Debt.
- (2) The Treasury may from time to time redeem out of the Consolidated Fund or the growing produce thereof the said annuities or any part thereof, and the permanent annual charge of the National Debt shall be reduced by the amount of any annuities so redeemed.
