## EXPLANATORY NOTE

*(This Note is not part of the Regulations.)*

Part I of the Wireless Telegraphy Act 1967 contains provisions to enable the Postmaster General to obtain information as to the sale and hire of television receiving sets.

Section 1 of the Act enables the Postmaster General to compile a register of television dealers by requiring them to give him a notice containing certain information ; the form of this notice is prescribed in regulation 2 and is Form No. 1 in Schedule 1.

Section 2 of the Act requires television dealers to give to the Postmaster General notifications of certain transactions in television sets ; the form of notification is prescribed in regulation 3 and is Form No. 2 in Schedule 1. Form No. 3 in Schedule 1 is an optional alternative prescribed in regulation 3(2) and is designed particularly to facilitate the giving in certain circumstances of notifications prepared by means of a computer.

Section 2 of the Act also requires television dealers to keep certain records of transactions ; regulation 4 prescribes an acceptable form of record (Form No. 4 in Schedule 1).

Regulation 5 and Schedule 2 prescribe the address to which (1) the notices to the Postmaster General under section 1 of the Act are to be sent ; and (2) the notifications to the Postmaster General under section 2 of the Act are to be sent unless the Postmaster General has directed another address by notice in writing given to the dealer.
