1968 No. 1731

GOVERNMENT ANNUITIES

The Government Annuity Table Order 1968

<i>Made</i>	- - - - -	<i>29th October 1968</i>
-------------	-----------	--------------------------

<i>Laid before Parliament</i>	<i>6th November 1968</i>
-------------------------------	--------------------------

<i>Coming into Operation</i>	<i>7th November 1968</i>
------------------------------	--------------------------

Whereas it appears to the Treasury that the annuity tables in force for the purposes mentioned in section 33(3) of the Finance Act 1962(a) have ceased to be appropriate or sufficient in respect of calculating the amounts of annuities when the average price of £100 of 2½ per cent. Consolidated Stock is under £40:

Now therefore the Treasury, in exercise of the powers conferred on them by section 33(4) of the Finance Act 1962 and of all other powers enabling them in that behalf, hereby make the following Order:—

1. Table C.101 set out in Schedule 2 to the Government Annuity Table Order 1963(b) shall be varied so that it applies only when the average price of £100 of 2½ per cent. Consolidated Stock is £39 5s. or between £39 5s. and £40.

2.—(1) The tables set out in Schedule 2 to this Order shall be added to the tables set out in Schedule 2 to the 1954 Order, Schedule 2 to the 1955 Order (as varied by the 1963 Order), and Schedule 2 to the 1963 Order (as varied by this Order).

(2) In this article, “the 1954 Order” means the Savings Bank Annuities (Tables) Order 1954(c), “the 1955 Order” means the Savings Bank Annuities (Tables) Order 1955(d), and “the 1963 Order” means the said Government Annuity Table Order 1963.

3. The rules which have been observed in making the variation and addition made by this Order are set out in Schedule 1 to this Order.

4. The Interpretation Act 1889(e) shall apply for the interpretation of this Order as it applies for the interpretation of an Act of Parliament.

5. This Order may be cited as the Government Annuity Table Order 1968, and shall come into operation on 7th November 1968.

*Harry Gourlay,
Joseph Harper,*

Two of the Lords Commissioners of
Her Majesty's Treasury.

29th October 1968.

SCHEDULE 1

Statement of the Rules observed in varying Table C.101 set out in Schedule 2 to the Government Annuity Table Order 1963 and in the construction of the Tables set out in Schedule 2 to this Order.

The Table C.101 set out in Schedule 2 to the Government Annuity Table Order 1963 has been varied so that instead of applying whenever the average price of £100 of 2½ per cent. Consolidated Stock is under £40 it only applies when the average price is £39 5s. or between £39 5s. and £40, thereby enabling new Tables to be added to cover particular price ranges all of which were previously covered by Table C.101.

The Tables set out in Schedule 2 to this Order are based on an investigation into the mortality of Government Annuitants which is described in detail in a report to the Treasury by the Government Actuary and the Actuary to the National Debt Commissioners dated 24th May 1954 and published as a Stationery Office publication. The investigation showed not only that the mortality of Government Annuitants at that time was considerably lighter than that experienced in the period 1900-20 on which the tables hitherto in use were based but also that the allowance made in those tables for a prospective further decline in mortality was no longer adequate. The same additions to the net annuity values have been made in constructing the new Tables as were made when the existing Tables were constructed in 1954 and 1955 in order to secure that the grant of annuities under them did not cause any loss to the Exchequer. The new Tables incorporate also an addition of £1 16s. per cent. of the net annuity value to provide for the expenses which would be incurred by the National Debt Commissioners in connection with the grant and payment of each annuity if the Commissioners were to continue to grant annuities.

SCHEDULE 2
Tables of Immediate Life Annuities
TABLE C.201
IMMEDIATE LIFE ANNUITIES

Table showing the sum for which an Immediate Life Annuity of £1, payable quarterly, could have been bought under Part II of the Government Annuities Act 1929 (19 & 20 Geo. 5. c. 29) if the power to grant such annuities had not been repealed by section 33(1) of the Finance Act 1962 (10 & 11 Eliz. 2. c. 44).

When the average price of £100 of $2\frac{1}{2}$ per cent. Consolidated Stock is

EXPLANATORY NOTE

(This Note is not part of the Order.)

Section 33 of the Finance Act 1962 terminated the power to grant annuities under section 45 of the Government Annuities Act 1929 except in special cases, but retained the Government Annuity tables which had been used primarily to calculate these annuities, since these tables are also used to determine certain other payments, and gave the Treasury power to vary them and add new tables.

This Order varies Table C.101 set out in Schedule 2 to the Government Annuity Table Order 1963 so that instead of applying whenever the average price of £100 of 2½ per cent. Consolidated Stock is under £40 it only applies when the average price is £39 5s. or between £39 5s. and £40, and adds new tables to cover particular price ranges all of which were previously covered by Table C.101.
