EXPLANATORY NOTE

(This Note is not part of the Order.)

The Iron and Steel Industry Training Board was established on 3rd July 1964 by the Industrial Training (Iron and Steel Board) Order 1964 which defined the iron and steel industry in relation to which the Board exercises its functions. This Order re-defines that industry.

The principal changes in the definition of the industry are the inclusion therein of—

- (a) the production of cold finished tubes or cold finished pipes ;
- (b) the manipulation or fabrication of any tubes or pipes ;

when carried out by an employer (or associated company) mainly engaged in the production of iron or steel and in the production from iron or steel of hot finished tubes or pipes.
