This order provides for increases on and after 30th December 1970 in the average rates of surcharge payable on imported composite sugar products of the descriptions specified in Schedule 1 and in the average rates of surcharge repayment in respect of exported goods of the descriptions specified in Schedule 3. These correspond to the increase in surcharge rates effected by the Sugar (Rates of Surcharge and Surcharge Repayments) (No. 10) Order 1970 (S.I. 1970/2005). Provision is also made for certain imported composite sugar products to be treated as not containing any sugar or invert sugar.

This order also indicates decimal equivalents, effective from 15th February 1971, unless varied by a subsequent order, of the average rates of surcharge on imported composite sugar products of the descriptions specified in Schedule 1 and the average rates of surcharge repayment in respect of exported goods of the descriptions specified in Schedule 3. Some of the rates have been rounded down.
