EXPLANATORY NOTE

Under section 2 of the Pensions (Increase) Act 1971 (as amended by section 25 of the Superannuation Act 1972) the Minister for the Civil Service is required to conduct a review of rates of public service pensions against any rise in the cost of living during the review period. payment, with effect from 1st December 1973, of the pension increases resulting from the 1973 review and based on the rise in the cost of living during the review period of twelve months ending with 30th June 1973. To qualify for increase a person must satisfy one of the qualifying conditions specified in section 3 of the 1971 Act.

For pensions (or deferred lump sums) which began on or before 1st July 1972 the increase is of the percentage by which the cost of living rose during the review period (9.3%). For pensions (or deferred lump sums) which began in the six months following 1st July 1972, or in the six months following 1st January 1973, the increases (10.4% and 6.1% respectively) are of the percentage by which the cost of living at the end of the review period exceeded its mean level during the respective periods of six months ending 31st July 1972 and six months ending 31st January 1973.

The Order reproduces, in the Schedule, section 1 of the 1971 Act with the effect of the Pensions Increase (Annual Review) Order 1972 and this Order incorporated in it, so as to indicate the cumulative increases payable under the Act and the annual review orders.

The Order also provides for the payment, as a result of the review, of increases on certain lump sums of which payment was deferred and which became payable in the six months ending with 1st July 1973.
