EXPLANATORY NOTE

(This Note is not part of the Order.)

This Order, which comes into operation on 1st July 1974, provides for the opening and administration of a tariff quota of 50,000 tonnes of iron and steel coils for re-rolling. This is a renewal of the tariff quota the opening and administration of which was provided for by the Import Duties (Quota Relief) (No. 3) Order 1974 (S.I. 1974/676).

The Order provides for exemption from import duty until 30th September 1974 for imports of such goods within the quota.

Goods are treated as forming part of the quota in the order in which they are entered for home use on or after the date of coming into operation of this Order.

The Order also provides that goods shall not constitute part of the quota if duty would not be chargeable apart from this Order, and that no duty shall be chargeable on goods satisfying the requisite conditions to benefit from the eventual abolition of customs duties between the United Kingdom and other Member States of the Communities until after the quota has been exhausted.
