(2) If an accident happens to a worker after he leaves the territory of one Party to go in the course of his employment to the territory of the other Party, but before he arrives in the latter territory, then, for the purpose of any claim to benefit for that accident:

## PART III

### SPECIAL PROVISIONS

#### Section 1

#### Sickness Benefit, Maternity Benefit and Death Grant

**ARTICLE 12.**—(1) Where a person is subject to the legislation of one Contracting Party, then for the purposes of any claim to sickness benefit or maternity benefit under the legislation of that Party he shall be treated as if any insurance period completed under the legislation of the other Party were an insurance period completed under the legislation of the former Party.

(2) Where a person would be entitled to receive sickness benefit or maternity allowance under the legislation of one Party if he were in the territory of that Party he shall be entitled to receive that benefit while he is in the territory of the other Party if:

- (a) his condition necessitates immediate treatment during a stay in the territory of the latter Party and, within three days of commencement of incapacity for work, he submits to the competent authority of the former Party a certificate of incapacity for work issued by the doctor treating him; or
- (b) having become entitled to receive sickness benefit or maternity allowance chargeable to the competent authority of the former Party, he is authorised by that competent authority to return to the territory of the Party where he resides or to transfer his residence to the territory of the other Party; or
- (c) he is authorised by the competent authority of the former Party to go to the territory of the latter Party to receive there the treatment appropriate to his condition.

The authorisation required in accordance with sub-paragraph (b) of this paragraph may be refused only if it is established that movement of the person concerned would be prejudicial to his state of health or the receipt of medical treatment. The authorisation required in accordance with sub-paragraph (c) of this paragraph may not be refused where the treatment in question cannot be provided for the person concerned within the territory in which he resides.

(3) The provisions of paragraph (1) of this Article shall apply also to death grant, subject to such modification as the differing nature of that benefit may require.

**ARTICLE 13.**—(1) Where a woman who is insured under the legislation of one Contracting Party, or who is the wife of a person so insured, is confined in the territory of the other Party, she shall, for the purpose of any right to receive maternity grant under the legislation of the former Party, be treated as if she had been confined in the territory of the former Party.

(2) Where a woman would be entitled, by virtue of this Convention or otherwise, to receive a maternity grant under the legislation of the United Kingdom and a birth grant under the legislation of Spain for the same confinement, she shall be entitled to receive the grant only under the legislation of the territory where the confinement occurs, or if the confinement does not occur in the territory of either Party, under the legislation of the Party with which the woman, or her husband, as the case may be, was last insured before the confinement.

**ARTICLE 14.**—(1) Where a person dies in the territory of one Contracting Party, his death shall be treated, for the purpose of any claim to receive a death grant under the legislation of the other Party, as if it had occurred in the territory of the latter Party.

(2) Death grant shall not be payable under the legislation of both Parties in respect of the same death, either by virtue of this Convention or otherwise.

(3) The following provisions shall determine the right to receive a death grant in cases where paragraph (2) of this Article applies:

- (a) if the death occurs in the territory of one Party, a death grant shall be paid only under the legislation of that Party;
- (b) if the death does not occur in the territory of either Party, a death grant shall be paid only under the legislation of the Party under whose legislation the person on whose insurance the right to benefit is determined was last insured before the death.

## Section 2

### Benefits for Occupational Injuries and Diseases

**ARTICLE 15.**—(1) If a worker has sustained an industrial injury or contracted an industrial disease to which the legislation of one Contracting Party applies and later sustains an industrial injury or contracts an industrial disease to which the legislation of the other Party applies, then for the purpose of determining the degree of his disablement under the legislation of the latter Party account shall be taken of the former injury or disease as if the legislation of the latter Party applied to it.

(2) Where a worker contracts an industrial disease after having been employed and insured in the territory of only one Party in occupations which, under the legislation of that Party, may by their nature give rise to such a disease, the legislation of that Party shall apply in his case, even if the disease is first diagnosed in the territory of the other Party. This shall apply also in relation to any aggravation of the disease, provided that the worker has not in the meantime been further exposed to the same risk in the territory of the latter Party.

(3) Where a worker contracts an industrial disease after having been employed and insured in the territories of both Parties in occupations to which, under the legislation of both Parties, the disease may be attributed, only the legislation of that Party in whose territory he was last employed in such an occupation before the disease was diagnosed shall be applied and, for this purpose, account shall be taken, if necessary, of any employment in such occupations in the territory of the other Party.

(4) Where it is ascertained that a worker has suffered an aggravation of an industrial disease for which benefit has been paid in accordance with the provisions of paragraph (2) of this Article, the following provisions shall apply:

- (a) if the worker has not had further employment in occupations to which the disease or the aggravation may be attributed, or has had such employment only in the territory of the Party under whose legislation benefit has been paid, that legislation shall apply also in relation to any increase in the benefit;
- (b) if the worker makes a claim under the legislation of the Party in whose territory he is employed and insured on the ground that he has suffered an aggravation of the disease while he was employed in the territory of that Party in occupations to which, under the legislation of that Party, the aggravation may be attributed, the competent insurance authority of that Party shall be liable to pay benefit only in respect of the aggravation as determined under the legislation of that Party.

(5) The provisions of paragraph (2) of Article 12 of this Convention shall apply also to the payment of injury benefit to a worker who has sustained an industrial injury or contracted an industrial disease.

## Section 3

### Old Age Pensions and Survivor's Pensions

**ARTICLE 16.**—(1) Where a person has been insured under the legislation of both Contracting Parties, his entitlement to an old age pension shall be determined in accordance with the provisions of paragraphs (2) to (8) of this Article.

(2) For the purpose of determining whether such a person is entitled to receive an old age pension under the legislation of one Party, any contribution period or equivalent period which he has completed under the legislation of the other Party shall be treated as if it were, respectively, a contribution period or equivalent period completed under the legislation of the former Party.

(3) The competent insurance authority of the Party or Parties under whose legislation such a person satisfies the conditions for an old age pension shall determine:

- (a) the amount of pension to which he would be entitled under its own legislation without the application of paragraph (2) of this Article; and
- (b) the amount of pension to which he would be entitled under its own legislation with the application of the provisions of paragraph (4) of this Article.

The higher rate so determined shall be the rate of benefit to be taken into account in the application of the provisions of paragraphs (6) and (7) of this Article.

(4) Where a person claims an old age pension and would satisfy the conditions for such a pension under the legislation of one Party, or both Parties, only if the provisions of paragraph (2) of this Article were applied, the competent insurance authority of that Party or of each Party, as the case may be, shall determine:

- (a) first the amount of the theoretical pension which would be payable if all the insurance periods completed under the legislation of both Parties had been completed under its own legislation; and then
- (b) the amount of that part of such pension which bears the same relation to the whole as the total of the insurance periods which he has completed under the legislation of the former Party bears to the total of all the insurance periods which he has completed under the legislation of both Parties.

For the purpose of United Kingdom legislation insurance periods completed after pensionable age shall be disregarded in the calculation of the pension under the provisions of sub-paragraphs (a) and (b) of this paragraph. For the purpose of calculating any increase in pension payable by virtue of insurance periods completed after pensionable age, sub-paragraphs (a) and (b) shall be applied only in respect of such periods and the amount of increases of pension so determined shall be added to the amount of pension determined by virtue of insurance periods completed before pensionable age.

- (5) For the purpose of applying the provisions of paragraphs (3) and (4) of this Article:
- (a) no account shall be taken of any graduated contributions paid under the legislation of the United Kingdom or of any graduated benefit payable under that legislation;
  - (b) where in accordance with United Kingdom legislation, a woman applies for an old age pension:
    - (i) on the basis of her husband's insurance; or
    - (ii) on the basis of her personal insurance, and where, because the marriage has ended as the result of the death of the husband, or for other reasons, the contributions paid by the latter are taken into account for the determination of pension rights, any reference to a period of insurance completed by her shall be considered for the purposes of establishing the annual average of the contributions paid by her husband or credited to him, to include reference to a period of insurance completed by her husband;
  - (c) where a period of compulsory insurance completed under the legislation of one Party coincides with a period of voluntary insurance completed under the legislation of the other Party, only the period of compulsory insurance shall be taken into account, provided that the amount of pension payable by the United Kingdom under paragraphs (3)(b) and (4) of this Article shall be increased by the amount by which the pension payable under United Kingdom legislation would have been increased if all voluntary contributions paid under that legislation had been taken into account;
  - (d) where a contribution period completed under the legislation of one Party coincides with an equivalent period completed under the legislation of the other Party, only the contribution period shall be taken into account;
  - (e) where an equivalent period completed under the legislation of one Party coincides with an equivalent period completed under the legislation of the other Party, account shall be taken only of the equivalent period completed under the legislation under which the insured

person was last compulsorily insured before the day when the period in question began or, if he was never compulsorily insured before that day, under the legislation under which he was first compulsorily insured after the day when the periods in question ended;

- (f) where it is not possible to determine accurately the period of time in which certain insurance periods were completed under the legislation of one Party, such insurance periods shall be presumed not to overlap with insurance periods completed under the legislation of the other Party and shall, where advantageous, be taken into account;
- (g) notwithstanding the provisions of paragraph (2) of this Article, if the total length of the periods of insurance or residence completed under the legislation of one Party does not amount to a year and if, taking into account these periods alone, no entitlement to benefit is acquired under the provisions of that legislation, the competent insurance authority of that Party shall not grant any benefit in respect of those periods, but they shall be taken into account under the legislation of the other Party for the purpose of any calculation in accordance with paragraph (4) of this Article, excepting sub-paragraph (b).

(6) The amount of benefit payable under this Article shall be the total sum of the benefits determined in accordance with the provisions of paragraphs (3) and (4) of this Article, except that the total benefit payable shall not exceed the higher theoretical amount calculated under paragraph (4).

(7) For the purpose of applying the provisions of paragraph (6) of this Article, where the total amount of benefit which, except for the provisions of this paragraph, would otherwise be payable exceeds the higher theoretical amount calculated under paragraph (4) of this Article, the competent authority of a Party applying the provisions of paragraph (3) of this Article shall reduce its share of the benefit which would otherwise be payable by that amount of the excess proportionate to the amounts of benefit determined in accordance with the provisions of paragraph (3).

(8) The amount of pension actually due in accordance with paragraphs (6) and (7) of this Article shall be increased by the full amount of any graduated benefit payable under the legislation of the United Kingdom.

**ARTICLE 17.** Where a person does not simultaneously satisfy the conditions laid down by the legislation of both Contracting Parties for receiving an old age pension, his entitlement to receive an old age pension under the legislation of one Party shall be established as and when he satisfies the conditions laid down by that legislation. The provisions of Article 16 of this Convention shall be applied where there is otherwise no entitlement to receive an old age pension under the legislation of that Party without the application of paragraph (2) of that Article and also when the conditions laid down by the legislation of the other Party are satisfied.

**ARTICLE 18.—**(1) The provisions of this Article shall apply to any increase of or supplement to an old age pension under the legislation of either Contracting Party in respect of a dependent child or dependent children.

(2) Such increase or supplement shall be payable in accordance with the following provisions:

- (a) if a pensioner draws a pension under the legislation of one Party only, the increase or supplement shall be paid in accordance with the legislation of the Party responsible for the pension;
- (b) if a pensioner draws pensions under the legislation of both Parties, the increase or supplement shall be paid:
  - (i) in accordance with the legislation of the Party under which the higher amount of increase or supplement is payable; or
  - (ii) where the amounts are equal, in accordance with the legislation of the Party in whose territory he resides.

**ARTICLE 19.** The provisions concerning old age pensions contained in Articles 16 to 18 of this Convention shall apply (with such modifications as the differing nature of the benefits shall require) to survivor's benefit, other than orphan's benefit under the legislation of Spain.

#### Section 4

##### Invalidity Pension

**ARTICLE 20.**—(1) The competent insurance authority in the territory of the Party whose legislation was applicable at the time when incapacity for work followed by invalidity occurred shall determine, in accordance with that legislation, whether the person concerned satisfies the conditions for entitlement to invalidity pension taking account, where appropriate, of any contribution period or equivalent period which that person has completed under the legislation of the other Party as if it were, respectively, a contribution period or equivalent period completed under the legislation of the former Party.

(2) If the provision of invalidity pension determined under the previous paragraph is to be resumed following suspension or cessation, the competent insurance authority responsible for the payment of invalidity pension at the time of suspension or cessation shall remain responsible for its payment, provided that the illness is the same as the one which caused the original invalidity and it occurs within a period of twelve months from the date of the suspension or cessation of invalidity pension.

#### Section 5

##### Orphan's Benefit

**ARTICLE 21.**—(1) The following provisions shall determine the right to receive orphan's benefit:

- (a) where the deceased parent was insured only under the legislation of one Contracting Party entitlement to benefit shall be determined exclusively under the legislation of that Party;
- (b) where the deceased parent was insured under the legislation of both Parties, entitlement to benefit shall be determined under the legislation of the Party in whose territory the orphan is ordinarily resident, provided that where no right to benefit exists under the legislation of that Party, entitlement to benefit shall be determined under the legislation of the other Party.

(2) Where orphan's benefit would be payable to any person under the legislation of one Party if that person or the orphan for whom the benefit is claimed were ordinarily resident in the territory of that Party, it shall be paid while that person, or the orphan, is ordinarily resident in the territory of the other Party.

#### Section 6

##### Family Allowances

**ARTICLE 22.**—(1) Where a worker is employed in the territory of one Contracting Party and the legislation of the other Party applies to him in accordance with any of the provisions of Articles 7 to 10 of this Convention, he shall be treated, for the purpose of any claim to receive family allowances under that legislation:

- (a) as if he were in the territory of the latter Party and employed in that territory;
- (b) as if his children or other dependants were in the territory of the latter Party, if they are in the territory of the former Party.

(2) Subject to the provisions of paragraphs (1), (3) and (4) of this Article, a worker subject to the legislation of one Party in respect of his employment shall be entitled to the family allowances

provided for by the legislation of that Party for members of his family residing in the territory of the other Party, as though they were residing in the territory of the former Party.

(3) (a) Subject to the provisions of paragraphs (4) and (5) of this Article, a person resident in the territory of either Party, other than a self-employed person, who is in receipt of maternity allowance or benefits for unemployment, old age, temporary total incapacity for work arising from industrial accident or industrial disease, total incapacity for work whether permanent or otherwise however caused, or survivor's benefit whether arising from industrial accident or industrial disease or otherwise under the legislation of one Party shall be entitled to the family allowances provided for by the legislation of that Party for members of his family residing in, or present in, as the case may be, the territory of the other Party, as though they were residing in, or present in, the territory of the former Party.

(b) For the purpose of this paragraph the expression "total incapacity" shall mean, in relation to the legislation of Spain, both provisional and permanent invalidity of any kind.

(4) The provisions of paragraph (3) of this Article shall not apply if there is entitlement to any of the benefits under the legislation of the Party in whose territory the family is ordinarily resident.

(5) Where there is entitlement to family allowances under the legislation of the United Kingdom otherwise than by virtue of this Convention and at the same time entitlement to family allowances for the same members of the family under the legislation of Spain in accordance with paragraphs (1) or (2) of this Article, entitlement to benefit under the legislation of the United Kingdom shall be suspended so long as entitlement to benefit under the legislation of Spain continues. Where, however, a person is subject to the legislation of Spain and his spouse, having entitlement to family allowances under the legislation of the United Kingdom, is gainfully occupied in the territory of the United Kingdom, the right to family allowances under the legislation of Spain shall be suspended and only family allowances under the legislation of the United Kingdom shall be paid.

(6) If United Kingdom legislation relating to entitlement to family allowances is applicable to a person, he shall be treated, for the purpose of entitlement to family allowance, as if he had been present in the United Kingdom prior to his application for allowances during any period when he was insured or employed within the territory or under the legislation of Spain.

(7) Where a person, his spouse, children or dependants, to whom the provisions of this Convention apply, were not born in the territory of the United Kingdom, the word "Spain" shall be substituted for the words "United Kingdom", "Isle of Man" or "Guernsey", as the case may be, in any provision of the legislation of the United Kingdom relating to the person's place of birth, or to the place of birth of his spouse, children or dependants.

(8) Where, but for the provisions of this paragraph, family allowances would be payable under the legislation of both Parties for the same children, family allowances shall be paid only under the legislation of the Party in whose territory the children concerned are ordinarily resident.

## Section 7

### Unemployment Benefit

**ARTICLE 23.**—(1) If a worker has, since his last arrival in the territory of one Contracting Party, completed a contribution period under the legislation of that Party, he shall be treated, for the purpose of a claim to unemployment benefit under the legislation of that Party, as if any insurance period completed under the legislation of the other Party were an insurance period completed under the legislation of the former Party.

(2) Where a worker claims unemployment benefit under the legislation of one Party by virtue of paragraph (1) of this Article, any period during which he received such benefit under the legislation of the other Party during the last 12 months before the day on which his claim is made shall be taken into account as if it were a period during which he had received such benefit under the legislation of the former Party.

(3) For the purpose of any claim to receive unemployment benefit under the legislation of the United Kingdom, a worker shall be treated as if he had been resident in the territory of the United Kingdom during any period during which he was resident in the territory of Spain.

## Section 8

### Earnings Related Supplement

**ARTICLE 24.** For the purpose of calculating reckonable earnings for entitlement to the earnings-related supplement payable with sickness benefit and unemployment benefit and the widow's supplementary allowance payable with widow's allowance under the legislation of the United Kingdom, a claimant or, in the case of a claim to widow's allowance, a claimant's late husband, shall be credited, for each week of employment as a worker under the legislation of Spain during the relevant or appropriate income tax year, with an amount equivalent to the average weekly earnings appropriate to the average weekly rate of earnings-related supplement estimated to be payable to a man or woman, as the case may be, during the current benefit year.

## PART IV

(3) The competent authorities and insurance authorities of the two Parties may, for the purpose of applying this Convention, correspond directly with one another, or with any person who has claimed benefit by virtue of the Convention, or with his legal representative.

(4) A Joint British-Spanish Social Security Commission, of a technical character, shall be established for the following purposes:

- (a) to ensure exact fulfilment of the provisions of this Convention and to ensure maximum efficiency and speed in its application;
- (b) to study those questions of interpretation and application which may arise between the Insurance Authorities of both Contracting Parties, and to report to the competent authorities;
- (c) to propose the modification of the provisions of the Convention and of the administrative measures, when the development in practice of the said provisions shows such modification to be necessary;
- (d) to revise procedures and liaison forms for the application of the Convention and its administrative measures;
- (e) to perform any other function relating to studies or decisions which the competent authorities of each of the Contracting Parties may entrust to the Commission.

(5) The Commission referred to in the previous paragraph will meet at the request of the competent authority of either of the Contracting Parties alternately in Madrid and London.

**ARTICLE 26.**—(1) The competent insurance authorities shall assist one another on any matter relating to the application of this Convention as if the matter were one affecting the application of their own legislation. This assistance shall be free of charge.

(2) Where any benefit is payable under the legislation of one Contracting Party to a person in the territory of the other Party, the payment may be made by the competent insurance authority of the latter Party at the request of the competent insurance authority of the former Party.

(3) Where a person who is in the territory of one Party has claimed benefit under the legislation of the other Party and a medical examination is necessary, the competent insurance authority of the former Party, at the request of the competent insurance authority of the latter Party, shall arrange for this examination. The costs of such examinations shall be met under arrangements to be made between the competent authorities under the provisions of Article 25(1) of this Convention.

**ARTICLE 27.**—(1) Where the legislation of one Contracting Party provides that any certificate or other document which is submitted under the legislation of that Party shall be exempt, wholly or partly, from any taxes, legal dues, consular fees, or administrative charges, this exemption shall apply to any certificate or other document which is submitted under the legislation of the other Party or under this Convention.

(2) Any certificate, document or written statement of any kind which has to be submitted for the application of this Convention shall not require to be legalised or authenticated.

**ARTICLE 28.** Where a claim is submitted to a competent insurance authority of one Contracting Party, it shall not be rejected on the ground that it is written in the official language of the other Party.

**ARTICLE 29.**—(1) Any claim, notice or appeal which should, for the purposes of the legislation of one Contracting Party, have been submitted within a prescribed period to the competent insurance authority of that Party, shall be treated as if it had been submitted to that authority, if it is submitted within the same period to a competent insurance authority of the other Party.

(2) Any claim to benefit submitted under the legislation of one Party shall be deemed to be a claim to the corresponding benefit under the legislation of the other Party in so far as the corresponding benefit is payable in accordance with the provisions of this Convention.

(3) Any document submitted under the legislation of Spain may, where appropriate, be treated as a notice of retirement given under the legislation of the United Kingdom.

(4) In any case to which the provisions of paragraph (1), (2) or (3) of this Article apply, the authority to which the notice, claim, appeal or document has been submitted shall transmit it without delay to the competent insurance authority of the other Party.

**ARTICLE 30.**—(1) Payment of any benefit in accordance with the provisions of this Convention may be made in the currency of the Contracting Party whose insurance authority makes the payment and any such payment shall constitute a full discharge of the obligation.

(2) Where a competent insurance authority has made a payment of benefit in accordance with the provisions of paragraph (2) of Article 26 of this Convention, any reimbursement shall be in the currency of the Party in whose territory the other competent insurance authority has its principal place of business.

(3) Any remittance to be made in accordance with this Convention shall be made in accordance with any agreement binding the two Parties at the time when such remittance is made.

**ARTICLE 31.**—(1) Where an insurance authority of one Contracting Party has made an advance payment for any period, any arrears of a corresponding benefit which become payable for the same period under the legislation of the other Party may be withheld. Where an insurance authority of one Party has overpaid benefit for any period for which the insurance authority of the other Party afterwards becomes liable to pay a corresponding benefit, the overpayment shall be regarded, for the purpose of the first sentence of this paragraph, as an advance payment.

(2) Where a social assistance authority of one Party has paid assistance to a person for any period for which he afterwards becomes entitled to benefit under the legislation of the other Party, the

competent insurance authority of the latter Party or the liaison office of that Party responsible for the payment shall, at the request of that social assistance authority and on behalf of that authority, withhold the amount paid by way of assistance from the arrears of benefit due to be paid for the same period, treating that amount as if it were an equal amount of assistance paid by a social assistance authority of the latter Party and shall transfer the amount withheld to the competent authority of the other Party.

**ARTICLE 32.** Where, but for the provisions of this Article, a person would have been entitled to sickness benefit, maternity allowance or any benefit payable in respect of an industrial injury or disease under the legislation of both Parties, that benefit shall be granted exclusively under the legislation to which the person was last subject.

**ARTICLE 33.—**(1) The competent authorities shall endeavour to resolve by negotiation any disagreement which may arise as to the interpretation or application of this Convention.

(2) If any such disagreement cannot be resolved by negotiation within a period of three months from the commencement of the negotiation, the disagreement shall be submitted to arbitration by an arbitral body whose composition and procedure shall be agreed upon by the Contracting Parties, or, in default of such agreement, within a further period of three months by an arbitrator chosen at the request of either Party by the President of the International Court of Justice.

(3) The decision of the arbitral body or arbitrator, as the case may be, shall be accepted as final and binding.

(3) In cases covered by the first sentence of paragraph (1) of this Article:

- (a) any benefit which has been determined before the date of the entry into force of this Convention may, at the request of the person concerned, be determined afresh in accordance with the provisions of the Convention notwithstanding any provisions of the legislation concerned which precludes such a revised determination, and payment shall be made from the date of entry into force of the Convention;
- (b) any benefit or increase of benefit to which a person becomes entitled solely by virtue of the Convention shall be determined at his request from the date of entry into force of the Convention, provided that he makes the request within two years after that date; otherwise the benefit or increase of benefit shall be paid from the date determined under the domestic legislation concerned.
