EXPLANATORY NOTE
(This Note is not part of the Scheme.)

This Scheme, made under the Plant Varieties and Seeds Act 1964, prescribes the varieties of cherries and of cherry rootstocks in respect of which grants of plant breeders' rights may be made and also prescribes the period of 25 years as that during which the rights may be exercised.

The aforesaid Act, as read with this scheme, provides that infringements of the rights in the registered name of a variety of cherry or cherry rootstock may be the subject of legal proceedings when committed in connection with any other variety of cherry or cherry rootstock.

The Scheme also provides that a compulsory licence granted by the Controller of Plant Variety Rights in respect of a variety of cherry or cherry rootstock shall not have effect during a period of 3 years from the date of the grant of rights in that variety.

Plant breeders' rights in respect of any variety of cherry to which the scheme applies are extended by the scheme to the production or propagation of the variety for the purpose of selling fruit.
