1977 No. 985

The Local Land Charges Rules 1977

Use of existing registers

7. Where the particulars of a planning charge or other charge which are required by these Rules to be entered in the register have been entered in another record maintained and kept open for public inspection in pursuance of a statutory obligation, it shall be a sufficient compliance with that requirement to enter in the register a reference whereby the particulars in that other record can readily be traced.
