PART I

CITATION, OPERATION, INTERPRETATION ETC.

1. This Order may be cited as the Firemen's Pension Scheme (War Service) Order 1979.

2. This Order shall come into operation on 1st December 1979 and shall have effect as from 1st April 1975.

3.—(1) In this Order references to the Firemen's Pension Scheme 1973 are references to the Scheme set out in Appendix 2 to the Firemen's Pension Scheme Order 1973(e).

of Schedule 1 which is applicable to his case or, if no corresponding provision is specified, shall be disregarded.

(4) In this Order references to firemen are to be construed as references to regular firemen in relation to service on or after 10th July 1956.

(5) In this Order, unless the context otherwise requires, a reference to an Article or a Schedule is a reference to an Article of or a Schedule to this Order, a reference to a paragraph is a reference to a paragraph in the same Article or, as the case may be, the same Part of the same Schedule and a reference to a sub-paragraph is a reference to a sub-paragraph in the same paragraph.

4.—(1) In this Order any reference to a person's war service is, subject to paragraph (2), a reference to whole time service on or after 3rd September 1939 but before 1st July 1950 in the armed forces of the Crown, in the merchant navy or the mercantile marine, or in any of the women's services specified in Schedule 1 to the Superannuation Act 1946(a).

(2) For the purposes of this Order no account shall be taken of a person's period of war service, or that part thereof—

- (a) that was performed before he attained the age of 18 years, or
- (b) in respect of which he received non-effective pay or excess remuneration, within the meaning of paragraph (3), which he has not repaid, or
- (c) by virtue of which an armed forces pension or retired pay is payable to him in pursuance of any Royal Warrant or other instrument otherwise than in respect of disablement, or
- (d) by virtue of which he is entitled to reckon a period of pensionable service otherwise than in pursuance of this Order, or
- (e) which he has reckoned or has had the opportunity to reckon for the purposes of a public service pension scheme within the meaning of section 51(3)(b) of the Social Security Act 1973(b).

(3) In paragraph (2)(b)—

- (b) the expression "excess remuneration" means, in relation to a retired officer of the armed forces of the Crown who is re-employed in those forces, any service pension drawn in respect of such period of re-employment or any addition to the normal pay attaching to the post in which the officer is re-employed which is granted by reason of the officer's former employment in those forces,

and, for the purposes of paragraph (2)(b), a fire authority shall be entitled to rely upon a certificate, signed by a duly authorised officer of the Ministry of Defence, that non-effective pay or excess remuneration was, or was not, paid in respect of any period and as to the sufficiency of any repayment.

(a) 1946 c. 60.

(b) 1973 c. 38.

(c) 1945 (9 & 10 Geo. 6) c. 13 (repealed by 1952 c. 10).

5. Any notice for the purposes of this Order shall be given in writing to the fire authority maintaining the brigade in which the person giving the notice is serving or, where that person is entitled to a pension or a transfer value has been paid, or is payable, in his case, to the fire authority liable for that pension or transfer value.

6.—(1) This Order shall have effect in the case of a fireman, other than one who died before 1st April 1975 or retired before that date without a pension—

- (a) who completed a period of war service,
- (b) who after completing his war service and before 1st July 1950 served as a fireman, and
- (c) who is (or, immediately before his death, was) entitled to reckon pensionable service by virtue of that period of service as a fireman.

(2) In this Order any reference to a qualified fireman is a reference to such a fireman as is mentioned in paragraph (1).

7.—(1) Nothing in this Order shall affect the calculation of a pension payable in respect of a period ending before 1st April 1975 and no payment shall be made in respect of such a period in the case of a pension which would not have been payable (on account of that or some other pension) but for this Order.

(2) Nothing in this Order shall affect the calculation of a transfer value other than one payable under Article 71A of the Firemen's Pension Scheme 1973 or the Superannuation (Fire and Specified Services) Interchange Rules 1972(a) in the case of a fireman who ceased to serve as such on or after 1st April 1975.

PART II

RECKONING OF WAR SERVICE

8.—(1) A qualified fireman may, in accordance with this Article, by notice elect to reckon pensionable service by virtue of such period of war service as he may specify in the notice ("the specified period of war service") for all the purposes of the Firemen's Pension Scheme 1973 except for the purposes of the calculation of a widow's pension or child's allowance (whether or not by reference to his own pension or notional pension).

(2) A qualified fireman who elects under paragraph (1) may also so elect to reckon pensionable service by virtue of the specified period of war service for the purposes excepted in paragraph (1).

(3) Subject to the payment conditions contained in Article 9 being satisfied, in the case of a qualified fireman who elects as mentioned in paragraph (1) or in paragraphs (1) and (2), the Firemen's Pension Scheme 1973 shall have effect as though he had been entitled, immediately before his retirement (or death while serving) to reckon an additional period of pensionable service

equal to a half of his specified period of war service so, however, that where a qualified fireman elects only as mentioned in paragraph (1), this paragraph shall not have effect for the purposes excepted in paragraph (1) and for those purposes his pension shall be deemed to be the pension to which he would be entitled without his additional period of pensionable service under this paragraph, but that period shall count for the purposes of the provisions mentioned in Part III of Schedule 1 (being provisions for the calculation of the rate of widow's ordinary pension by reference to husband's pensionable service).

(4) Notice for the purposes of paragraph (1) or (2)—

(a) shall be given by a qualified fireman not earlier than three months before his intended retirement nor later than three months, or such longer period as the fire authority may allow in the circumstances of his case, after his retirement, and

(b) shall be of no effect if he dies while serving or if it is given more than three months before his actual retirement:

Provided that a qualified fireman who retired before 1st December 1979 may give notice for the said purposes within three months of that date or within such longer period as the fire authority may allow in the circumstances of his case.

(5) Where under paragraph (4) the fire authority allow notice to be given more than three months after 1st December 1979 or the date on which the qualified fireman retires, as the case may be, then, unless the fire authority are satisfied that the delay was due to circumstances beyond his control—

(a) he shall not be entitled to any payment under this Order in respect of the period before his application is received by the fire authority;

(b) paragraph 2 of Part I of Schedule 2 shall apply to him with the omission of sub-paragraph (a) and the words "in any other case"; and

(c) Articles 13 and 14 shall not apply to him.

(6) Where a notice for the purposes of paragraph (1) or (2) specifies the whole of a qualified fireman's period of war service and a shorter period of war service would be sufficient to produce the benefits which are sought, the notice shall be deemed to specify that period.

9.—(1) Subject to paragraph (5), the payment conditions referred to in Article 8(3) shall be satisfied if, within three months of the fireman concerned exercising his right of election, or within such longer period as the fire authority may allow in the circumstances of his case, there is paid to the fire authority the appropriate sum calculated—

(a) so far as concerns an election under Article 8(1), in accordance with Part I of Schedule 2;

(b) so far as concerns an election under Article 8(2), in accordance with Part II of that Schedule.

(2) Where the fireman concerned ceased to serve as such before 1st December 1979 and, on that date he was in receipt of a pension then, without prejudice to paragraph (1), the payment conditions shall be satisfied if, within the three month period mentioned in paragraph (1), by notice he undertakes

to pay the appropriate sum by regular instalments of such amount that the payment of the sum will be completed within a period of five years :

Provided that—

- (a) he may at any time discharge his liability under the undertaking, in whole or in part, by paying the whole or part of the balance then outstanding;
- (b) if he dies before discharging his liability under the undertaking, the balance shall be payable immediately.

(3) Where the fireman concerned is entitled to a deferred pension which has not come into payment within the three month period referred to in paragraph (1), the payment conditions shall be satisfied if, within three months of the pension coming into payment there is paid to the fire authority the appropriate sum.

(4) Where the fireman concerned has commuted a portion of his pension for a lump sum of an amount not less than that of the appropriate sum and payment of the lump sum has not been made, he may by notice instruct the fire authority to deduct the appropriate sum from the lump sum before making payment thereof; and in such case the giving of the notice shall be treated for the purposes of this Article and of Schedule 2 as if it were the payment of the appropriate sum.

(5) Where the fireman concerned is retiring in circumstances in which a transfer value is payable under Article 71A of the Firemen's Pension Scheme 1973, the payment condition referred to in Article 8(3) shall be satisfied if the appropriate sum, calculated as provided in paragraph (1), is paid to the fire authority before he retires or is deducted by the fire authority from the amount of the transfer value which would otherwise be payable under the said Article 71A.

10.—(1) This Article shall apply where a qualified fireman died before 1st December 1979 or dies while serving or while entitled to give notice for the purposes of Article 8, not having elected thereunder or having elected only as mentioned in Article 8(1).

(2) The widow of a fireman to whom this Article applies who has not elected as mentioned in Article 8(1) may, in accordance with this Article, by notice request that he be deemed to have so elected and to have specified the period of war service specified in the notice.

(3) The widow of a fireman to whom this Article applies who has, or is deemed to have, elected as mentioned in Article 8(1), may by notice request that he be deemed to have elected as mentioned in Article 8(2).

(4) Effect shall be given to requests under paragraphs (2) and (3) and, subject to paragraphs (5) and (6), Articles 8(3) and 9(1) and (2) and Schedule 2 shall have effect accordingly.

(5) Article 9 shall have effect—

- (a) as if the reference in paragraph (1) thereof to the fireman exercising his right of election were a reference to the widow giving the relevant notice;

- (b) as if in paragraph (2) thereof the words preceding the words “without prejudice” were omitted.
- (6) Part II of Schedule 2 shall have effect—
- (a) as if in paragraph 1(1) thereof there were omitted the words following the words “widow’s pension”;
- (b) as if the word “hypothetical” were omitted wherever it occurs in paragraphs 1(2) and 2 thereof;
- (c) as if in paragraph 2(b) thereof, for the reference to 1st April 1975 there were substituted a reference to the date of the death of the fireman concerned.
- (7) Notice for the purposes of paragraph (2) or (3) shall be given by a widow within three months of 1st December 1979 or the date of her husband’s death, whichever is the later, or such longer period as the fire authority may allow in the circumstances of her case.
- (8) A notice of election which is of no effect by reason of Article 8(4)(b) shall be disregarded for the purposes of this Article.
- 11.** For the purposes of Part VIII of Schedule 1 to the Firemen’s Pension Scheme 1973 there shall be disregarded the pensionable service mentioned in Article 8(3).
- 12.**—(1) This Article shall apply where a widow or child of a qualified fireman is entitled to an accrued pension or allowance under the Firemen’s Pension Scheme 1973 and Article 8(3) has effect for the purposes of its calculation; and in this Article any reference to half-rate service or to mixed-rate service is a reference to such service for the purposes of Part IV of Schedule 2 to the Firemen’s Pension Scheme 1973.
- (2) Where this Article applies, Part IV of Schedule 2 and Part III of Schedule 3 to the Firemen’s Pension Scheme 1973 shall have effect—
- (a) where the fireman concerned has half-rate service, other than such service as is mentioned in sub-paragraphs (a) and (b) of paragraph 1(1) of the said Part IV, as if both his half-rate service and mixed-rate service included the pensionable service mentioned in Article 8(3);
- (b) where the preceding sub-paragraph does not apply but the fireman concerned has mixed-rate service, as if his mixed-rate service included the pensionable service so mentioned.
- 13.**—(1) Where a qualified fireman has allocated a portion of his pension under Article 41 of the Firemen’s Pension Scheme 1973 and subsequently receives an increased pension on account of the additional period of pensionable service which he is entitled to reckon by virtue of Article 8(3), the amount of pension so allocated shall not be affected (without prejudice to the allocation of a further portion).
- (2) The following paragraph shall apply to a qualified fireman who—
- (a) when entitled to reckon less than 25 years’ pensionable service, retired with a short-service or deferred pension a portion of which he allocated as provided in Article 41 of the Firemen’s Pension Scheme 1973, and

(b) by virtue of Article 8(3) is treated as entitled to reckon at least 25 years' pensionable service and to be entitled to an ordinary pension.

(3) In the case of a qualified fireman to whom this paragraph applies, for the purposes of Article 41 of the Firemen's Pension Scheme 1973 the notice of allocation given thereunder shall be treated as if it related to the ordinary pension referred to in paragraph (2)(b).

14.—(1) This Article shall apply to a qualified fireman who—

- (a) when entitled to reckon less than 30 years' pensionable service retired before attaining the age of 55 years with an ordinary pension, and
- (b) by virtue of Article 8(3) is treated as entitled to reckon at least 30 years' pensionable service.

(2) In the case of a qualified fireman to whom this Article applies, notwithstanding anything in Article 21 of the Firemen's Pension Scheme 1973—

- (a) notice of commutation may be given thereunder, subject to paragraph (3), at any time before the expiry of the period of 3 months following this Article becoming applicable in his case;
- (b) where he retired before 1st April 1975, the maximum portion of the pension which may be commuted shall be determined by reference to the amount of the pension to which he was originally entitled.

(3) The transitional provisions of this paragraph shall apply to the case of a qualified fireman to whom this regulation applies who retired on or after 1st April 1975 but before 1st December 1979 and gave notice of commutation before he became entitled to reckon an additional period of pensionable service under Article 8(3)—

- (a) if a lump sum has not been paid to him in respect of that notice of commutation, it shall cease to have effect (without prejudice to the giving of a further notice);
- (b) if the notice of commutation specified the portion of his pension which he wished to surrender as a weekly, monthly or annual sum and he has been paid a lump sum calculated on that basis, he shall be entitled to give a further notice of commutation provided that the two notices shall not specify in total a portion of his pension greater than that allowed by Article 21(3) of the Firemen's Pension Scheme 1973;
- (c) if the notice of commutation specified the portion of his pension which he wished to surrender as a proportion of his pension and he has been paid a lump sum calculated on that basis, the fire authority shall, unless he requests otherwise, treat the notice as extending to the additional pension payable in respect of the additional period of pensionable service and as effective for that purpose from the date on which he gave notice of his election to reckon war service.

15.—(1) This Article shall apply to a qualified fireman who—

- (a) retired with a deferred pension, and
- (b) by virtue of Article 8(3) is treated as entitled to reckon at least 25 years' pensionable service and becomes entitled to an ordinary pension.

(2) In the case of a qualified fireman to whom this Article applies—

(a) whose deferred pension has come into payment, and

(b) who has commuted for a lump sum, as provided in Article 21 of the Firemen's Pension Scheme 1973, a portion of that pension,

notwithstanding anything in the said Article 21, the notice of commutation given thereunder shall be treated for the purposes of paragraph (6) thereof as if it related to the ordinary pension mentioned in paragraph (1)(b).

(3) In the case of a qualified fireman to whom this Article applies whose deferred pension has not come into payment, a notice of commutation relating to the deferred pension shall not take effect but the provisions of paragraph (2) of Article 14 shall have effect as if the reference therein to that Article were a reference to this Article; and, if he retires before 1st April 1975, Article 21 of the Firemen's Pension Scheme 1973, as applied by Article 14, shall have effect as if for paragraph (2) there were substituted "The following provisions of this Article shall have effect as if the fireman had retired on 1st April 1975." and paragraph (3A) were omitted.

SCHEDULE 2

APPROPRIATE SUM

PART I

1. So far as concerns an election under Article 8(1), the appropriate sum shall be calculated by reference to the period in weeks of the pensionable service referred to in Article 8(3) (a day being reckoned as a seventh of a week) at the rate of 5% of £4.50 a week.

2. The appropriate sum, calculated as aforesaid, shall be increased by an amount equal to the compound interest which would have been payable thereon had the sum become payable on 1st July 1950 and such interest, calculated at $3\frac{1}{2}$ % per annum with yearly rests, had been payable in respect of the period beginning with that date and ending—

(a) in the case of a fireman who was in receipt of a pension on 1st December 1979, immediately before 1st April 1975 or the date of his retirement whichever is the later;

(b) in any other case, immediately before payment of the appropriate sum:

Provided that where he dies before payment of the appropriate sum, no interest shall be payable in respect of any time thereafter.

PART II

1.—(1) So far as concerns an election under Article 8(2), the appropriate sum shall be calculated by reference to the widow's pension ("the hypothetical pension") which would have been payable had the fireman concerned died on the date of his retirement or on 1st April 1975, whichever is the later, leaving a widow entitled to such a pension.

(2) The appropriate sum shall be a half of the amount by which the actuarial value of the hypothetical pension is increased by the operation of Article 8(3).

2. For the purposes of paragraph 1—

(a) where the hypothetical pension is calculated in accordance with the Firemen's Pension Scheme 1973, it shall be calculated without regard to Part V of Schedule 2 to that Scheme;

(b) the hypothetical pension shall be calculated without regard to any increase in pursuance of an order made under the Pensions (Increase) Act 1971 after 1st April 1975;

(c) the actuarial value of the hypothetical pension shall be determined in accordance with tables prepared by the Government Actuary.

3. Where the fireman concerned is (or on retirement will be) entitled to a deferred pension, the appropriate sum, determined as aforesaid, shall be increased by an amount equal to the compound interest which would have

been payable thereon had the sum become payable on 1st April 1975 or the date of his retirement, whichever is the later, and such interest, calculated at $3\frac{1}{2}\%$ per annum with yearly rests, had been payable in respect of the period beginning with that date and ending immediately before payment of the appropriate sum.:

Provided that where he dies before payment of the appropriate sum, no interest shall be payable in respect of any time thereafter.

EXPLANATORY NOTE

(This Note is not part of the Order.)

This Order supplements the Firemen's Pension Scheme Order 1973 (and, in the case of firemen who retired before 1st April 1972, the earlier Pension Scheme Orders mentioned in Part I of Schedule 1 to this Order). This Order makes special provision for firemen who have completed a period of war service (defined in Article 4(1)) and meet the other qualifications required by Article 6(1) ("qualified firemen"). A qualified fireman may elect to increase his own pension by buying additional years of reckonable service up to half his period of war service or he may pay more and provide also a corresponding increase in the benefits under the pension scheme for widows and children (Article 8). The payment conditions are set out in Schedule 2. Where a qualified fireman dies without electing to increase his widow's pension in this way, she may in certain circumstances exercise the right to elect (Article 10). The other Articles deal with the procedure for exercising the rights under this Order and adapt the 1973 and earlier Orders where this is necessary to take account of the increase in reckonable service to which a fireman may become entitled under this Order.

This Order has effect from 1st April 1975 (retrospection is authorised by sections 12 and 16 of the Superannuation Act 1972).
