

1980 No. 2048

LOCAL GOVERNMENT, ENGLAND AND WALES

The Rate Support Grant (Increase) Order 1980

Made - - - - 11th December 1980

Laid before the
House of Commons - 16th December 1980

Coming into Operation 15th January 1981

The Secretary of State for the Environment, as respects this order (other than article 5 thereof), and the Minister of Transport (as respects article 5), in exercise of the powers conferred on them by section 4 of the Local Government Act 1974(a), and of all other powers enabling them in that behalf, with the consent of the Treasury and after consultation with the associations of local authorities appearing to them to be concerned and the local authority with whom consultation appeared to them to be desirable, hereby make the following order:—

Title and commencement

1. This order may be cited as the Rate Support Grant (Increase) Order 1980 and shall come into operation on the day following the day on which it is approved by a resolution of the Commons House of Parliament.

Interpretation

2. In this order—

“the Act” means the Local Government Act 1974;

“the Increase Order” means the Rate Support Grant (Increase) (No. 2) Order 1979(b); and

“the Order” means the Rate Support Grant Order 1978(c).

Further increase of rate support grants and needs element

3. The amounts fixed by article 3(1) of the Order and increased by article 3 of the Increase Order as the estimated aggregate amount of the rate support grants and the aggregate amount of the needs element for the year 1979-80 as set out in column (2) of the following table, shall be further increased pursuant to section 4 of the Act (which provides for an increase where there is an increase of costs of which no account was taken when the amounts were originally fixed), by the amounts specified in column (3) to produce the respective totals shown in column (4).

(a) 1974 c. 7.

(b) S.I. 1980/59.

(c) S.I. 1978/1867.

TABLE

For the year 1979-80 (1)	Amounts fixed by the Order as increased by the Increase Order (2)	Increase under section 4 of the Act (3)	Totals (4)
Estimated aggregate amount of rate support grants . . .	£7,751,000,000	£215,000,000	£7,966,000,000
Aggregate amount of needs element	£4,767,000,000	£145,000,000	£4,912,000,000

Amount of resources element

4.—(1) The actual aggregate amount of the resources element for the year 1979-80 is (pursuant to subsections (4) and (5)(a) of section 4 of the Act) hereby specified as £2,367,000,000.

(2) The amount of the resources element payable to a local authority entitled to payment in respect of that element shall be correspondingly varied in such manner that the amount payable to that authority shall bear the same ratio to the amount which would have been payable to that authority under the Order and the Increase Order, apart from this order, as the actual aggregate amount of the resources element as specified by article 4(1) above bears to the aggregate of the amounts calculated pursuant to Part III of Schedule 2 to the Act in relation to all such authorities.

Increase of transport supplementary grant

5. The amount fixed by article 3(2) of the Order and increased by article 5 of the Increase Order as the aggregate amount of supplementary grants under section 6 of the Act (supplementary grants for transport purposes) shall be further increased from £350,000,000 to £352,000,000.

Needs element—additional factors

6. The manner of determining the additional amount of needs element attributable to any additional factor prescribed by the Schedule to the Order for the purposes of paragraph 1(b) of Schedule 2 to the Act as respects the year 1979-80 and referred to in column (1) of the following table shall be further varied by substituting for the manner of determination set out in column (2) (being the manner of determination substituted by article 7 of the Increase Order) that specified in column (3).

TABLE

<i>Additional factor</i> (1)	<i>Existing manner of determining additional amount</i> (2)	<i>Substituted manner</i> (3)
1. In relation to the council of a non-metropolitan county, a metropolitan district or the Council of the Isles of Scilly—		
(a) The number of acres comprised in their area minus a number equivalent to 0.05 times the population of their area;	Multiplying that number by £2.808	Multiplying that number by £2.894
(b) The number of acres comprised in their area minus a number equivalent to 1.5 times the population of their area (if the resultant number is a positive number);	Multiplying that number by £4.298	Multiplying that number by £4.429
(c) The number of acres comprised in their area minus a number equivalent to 3.0 times the population of their area (if the resultant number is a positive number);	Multiplying that number by £1.535	Multiplying that number by £1.582
(d) In relation to the council of a non-metropolitan county, the sum of the respective products of the number of persons per acre in the area of each district in the county and the population of that district, and, in relation to a metropolitan district or the Council of the Isles of Scilly, the number of persons per acre in their area multiplied by the population of their area;	Multiplying that number by £0.4853	Multiplying that number by £0.5001
(e) The number of persons in their area living in parishes or wards or parts of parishes or wards whose density exceeded 50 persons per hectare at the date of the 1971 census, multiplied by the population of their area on 30th June 1977 and divided by the population of their area at the date of the 1971 census;	Multiplying that number by £3.781	Multiplying that number by £3.896

<i>Additional factor</i> (1)	<i>Existing manner of determining additional amount</i> (2)	<i>Substituted manner</i> (3)
<p>(f) The number of new permanent dwellings started in their area during the period from 1st January 1975 to 31st December 1977, insofar as it exceeds 0.59 per 100 of the population of their area;</p> <p>(g) The number by which the population of their area on 30th June 1967 exceeded that on 30th June 1977;</p> <p>(h) The number by which the population of their area on 30th June 1972 exceeded that on 30th June 1977, multiplied by one thousandth of the population of their area;</p> <p>(i) The number of men 65 years of age or over and women 60 years of age or over living alone in their area at the date of the 1971 census, multiplied by the number of persons 65 years of age or over living in their area on 30th June 1977 and divided by the number of persons 65 years of age or over living in their area at the date of the 1971 census, insofar as the resultant number exceeds 2.73 per 100 of the population of their area;</p> <p>(j) The number of persons in their area living in permanent or non-permanent buildings in households without the exclusive use of hot water supply, fixed bath or inside water closet at the date of the 1971 census, insofar as it exceeds 1.74 per 100 of the population of their area;</p> <p>(k) The number of persons in their area living in permanent buildings with a density of occupation greater than $1\frac{1}{3}$ persons per room at the date of the 1971 census, insofar as it exceeds 1.03 per 100 of the population of their area;</p>	<p>Multiplying that number by £307.8</p> <p>Multiplying that number by £18.72</p> <p>Multiplying that number by £0.02994</p> <p>Multiplying that number by £383.0</p> <p>Multiplying that number by £93.62</p> <p>Multiplying that number by £126.7</p>	<p>Multiplying that number by £317.2</p> <p>Multiplying that number by £19.29</p> <p>Multiplying that number by £0.03085</p> <p>Multiplying that number by £394.7</p> <p>Multiplying that number by £96.47</p> <p>Multiplying that number by £130.6</p>

<i>Additional factor</i> (1)	<i>Existing manner of determining additional amount</i> (2)	<i>Substituted manner</i> (3)
(l) The number of persons in their area living in shared households in permanent buildings at the date of the 1971 census, insofar as it exceeds 0.15 per 100 of the population of their area;	Multiplying that number by £40.14	Multiplying that number by £41.36
(m) The number of lone parent families with dependent children in their area at the date of the 1971 census, insofar as it exceeds 0.72 per 100 of the population of their area;	Multiplying that number by £4590.7	Multiplying that number by £4730.6
(n) The number of primary school pupils living in their area, insofar as it exceeds 7 per 100 of the population of their area;	Multiplying that number by £552.3	Multiplying that number by £569.1
(o) The number of secondary or special school pupils under 16 years of age living in their area, insofar as it exceeds 6 per 100 of the population of their area;	Multiplying that number by £722.1	Multiplying that number by £744.1
(p) The number of secondary or special school pupils 16 years of age or over in their area, insofar as it exceeds 0.3 per 100 of the population of their area;	Multiplying that number by £651.4	Multiplying that number by £671.2
(q) The number of pupils under 16 years of age who are attending direct grant grammar schools at the expense of the council;	Multiplying that number by £596.3	Multiplying that number by £614.5
(r) The number of pupils 16 years of age or over who are attending direct grant grammar schools at the expense of the council;	Multiplying that number by £456.0	Multiplying that number by £469.9
(s) The number of further education students, full time or full time equivalent, living in their area, insofar as it exceeds 0.6 per 100 of the population of their area;	Multiplying that number by £723.8	Multiplying that number by £745.9

<i>Additional factor</i> (1)	<i>Existing manner of determining additional amount</i> (2)	<i>Substituted manner</i> (3)
(t) The number of persons in their area unemployed and registered for employment, insofar as it exceeds 1 per 100 of the population of their area;	Multiplying that number by £329.0	Multiplying that number by £339.0
(u) In relation only to the council of the counties of Bedfordshire, Berkshire, Essex, Hertfordshire, Kent, Oxfordshire and Surrey, the amount of the labour cost differential in their area multiplied by the population of their area;	Multiplying that number by £6.059	Multiplying that number by £6.244
(v) In relation only to the council of the county of Hampshire Powys the population of their area;	Multiplying that number by £0.564 £9.824	Multiplying that number by £0.581 £10.123
(w) The number of the population of their area.	Multiplying that number by £0.9977	Multiplying that number by £1.0281
2. In relation to an Outer London borough council—	Multiplying that number by £11.23 and multiplying the result by the adjustment coefficient	Multiplying that number by £11.57 and multiplying the result by the adjustment coefficient
(a) The number of the population of their area;	Multiplying that number by £11.33 and multiplying the result by the adjustment coefficient	Multiplying that number by £11.68 and multiplying the result by the adjustment coefficient
(b) The number of persons in their area living in parishes or wards whose density exceeded 60 persons per hectare at the date of the 1971 census multiplied by the population of their area on 30th June 1977, and divided by the population of their area at the date of the 1971 census, insofar as the resultant number exceeds 4.25 per 100 of the population of their area;		
(c) The number of new permanent dwellings started in their area during the period from 1st January 1975 to 31st December 1977, insofar as it exceeds 0.12 per 100 of the population of their area;	Multiplying that number by £809.1 and multiplying the result by the adjustment coefficient	Multiplying that number by £833.8 and multiplying the result by the adjustment coefficient

<i>Additional factor</i> (1)	<i>Existing manner of determining additional amount</i> (2)	<i>Substituted manner</i> (3)
(d) The number of permanent dwellings in their area, during the period from 1st January 1975 to 31st December 1977, which either were unfit and have been made fit or in which defects have been remedied at the initiative of the local authority, insofar as it exceeds 0.1 per 100 of the population of their area;	Multiplying that number by £165.4 and multiplying the result by the adjustment coefficient	Multiplying that number by £170.4 and multiplying the result by the adjustment coefficient
(e) The number of the population of their area divided by the number of domestic hereditaments in their area, multiplied by the population of their area;	Multiplying that number by £5.442 and multiplying the result by the adjustment coefficient	Multiplying that number by £5.608 and multiplying the result by the adjustment coefficient
(f) The number by which the population of their area on 30th June 1967 exceeded that on 30th June 1977;	Multiplying that number by £64.3 and multiplying the result by the adjustment coefficient	Multiplying that number by £66.3 and multiplying the result by the adjustment coefficient
(g) The number by which the population of their area on 30th June 1972 exceeded that on 30th June 1977, multiplied by one thousandth of the population of their area;	Multiplying that number by £0.3652 and multiplying the result by the adjustment coefficient	Multiplying that number by £0.3763 and multiplying the result by the adjustment coefficient
(h) The number by which the population of their area on 30th June 1972 exceeded that on 30th June 1977;	Multiplying that number by £11.6 and multiplying the result by the adjustment coefficient	Multiplying that number by £11.5.0 and multiplying the result by the adjustment coefficient
(i) The number by which the population of their area on 30th June 1977 exceeded that on 30th June 1972, multiplied by one thousandth of the population of their area;	Multiplying that number by £2.756 and multiplying the result by the adjustment coefficient	Multiplying that number by £2.840 and multiplying the result by the adjustment coefficient
(j) The number of men 65 years of age or over and women 60 years of age or over living alone in their area at the date of the 1978 National Dwellings and Housing Survey, insofar as it exceeds 3.2 per 100 of the population of their area;	Multiplying that number by £1022.0 and multiplying the result by the adjustment coefficient	Multiplying that number by £1053.1 and multiplying the result by the adjustment coefficient

<i>Additional factor</i> (1)	<i>Existing manner of determining additional amount</i> (2)	<i>Substituted manner</i> (3)
(k) The number of persons in their area living in permanent buildings with a density of occupation greater than $1\frac{1}{2}$ persons per room at the date of the 1978 National Dwellings and Housing Survey;	Multiplying that number by £147.9 and multiplying the result by the adjustment coefficient	Multiplying that number by £152.4 and multiplying the result by the adjustment coefficient
(l) The number of children under 5 years of age living in their area at the date of the 1978 National Dwellings and Housing Survey, insofar as it exceeds 5 per 100 of the population of their area;	Multiplying that number by £206.7 and multiplying the result by the adjustment coefficient	Multiplying that number by £213.0 and multiplying the result by the adjustment coefficient
(m) The number of families with 3 or more children living in their area at the date of the 1978 National Dwellings and Housing Survey insofar as it exceeds 1.4 per 100 of the population of their area;	Multiplying that number by £406.1 and multiplying the result by the adjustment coefficient	Multiplying that number by £418.5 and multiplying the result by the adjustment coefficient
(n) The number of lone parent families with dependent children in their area at the date of the 1978 National Dwellings and Housing Survey, insofar as it exceeds 0.85 per 100 of the population of their area;	Multiplying that number by £2088.4 and multiplying the result by the adjustment coefficient	Multiplying that number by £2152.0 and multiplying the result by the adjustment coefficient
(o) The number of children in care in their area, insofar as it exceeds 0.08 per 100 of the population of their area;	Multiplying that number by £2276.9 and multiplying the result by the adjustment coefficient	Multiplying that number by £2346.3 and multiplying the result by the adjustment coefficient
(p) The number of persons in their area living in shared households in permanent buildings at the date of the 1978 National Dwellings and Housing Survey, insofar as it exceeds 0.35 per 100 of the population of their area;	Multiplying that number by £97.27 and multiplying the result by the adjustment coefficient	Multiplying that number by £100.23 and multiplying the result by the adjustment coefficient
(q) The number of the daytime population of their area at the date of the 1971 census, insofar as it exceeds 82 per 100 of the population of their area;	Multiplying that number by £47.40 and multiplying the result by the adjustment coefficient	Multiplying that number by £48.84 and multiplying the result by the adjustment coefficient

<i>Additional factor</i> (1)	<i>Existing manner of determining additional amount</i> (2)	<i>Substituted manner</i> (3)
(r) The number of primary school pupils living in their area, insofar as it exceeds 6 per 100 of the population of their area;	Multiplying that number by £497.4 and multiplying the result by the adjustment coefficient	Multiplying that number by £512.6 and multiplying the result by the adjustment coefficient
(s) The number of secondary or special school pupils under 16 years of age living in their area, insofar as it exceeds 5.4 per 100 of the population of their area;	Multiplying that number by £572.8 and multiplying the result by the adjustment coefficient	Multiplying that number by £590.3 and multiplying the result by the adjustment coefficient
(t) The number of secondary or special school pupils 16 years of age or over living in their area, insofar as it exceeds 0.25 per 100 of the population of their area;	Multiplying that number by £289.0 and multiplying the result by the adjustment coefficient	Multiplying that number by £297.8 and multiplying the result by the adjustment coefficient
(u) The number of pupils under 16 years of age who are attending direct grant grammar schools at the expense of the council;	Multiplying that number by £516.9 and multiplying the result by the adjustment coefficient	Multiplying that number by £532.7 and multiplying the result by the adjustment coefficient
(v) The number of pupils 16 years of age or over who are attending direct grant grammar schools at the expense of the council;	Multiplying that number by £202.3 and multiplying the result by the adjustment coefficient	Multiplying that number by £208.5 and multiplying the result by the adjustment coefficient
(w) The number of further education students, full time or full time equivalent, living in their area, insofar as it exceeds 0.5 per 100 of the population of their area;	Multiplying that number by £321.2 and multiplying the result by the adjustment coefficient	Multiplying that number by £331.0 and multiplying the result by the adjustment coefficient
(x) The number by which the population of the area of Outer London falls short of the population of that area at the date of the 1971 census, divided by the number of the population of Outer London, multiplied by the population of their area;	Multiplying that number by £205.9 and multiplying the result by the adjustment coefficient	Multiplying that number by £212.2 and multiplying the result by the adjustment coefficient
(y) The number of the population of that part of the Metropolitan Police District within the area of Greater London;	Multiplying that number by the product of £8.722, the Metropolitan Police District rateable value ratio and the adjustment coefficient	Multiplying that number by the product of £8.988, the Metropolitan Police District rateable value ratio and the adjustment coefficient
(z) The number of the population of the area of Greater London.	Multiplying that number by the product of £20.06, the Greater London rateable value ratio and the adjustment coefficient	Multiplying that number by the product of £20.67, the Greater London rateable value ratio and the adjustment coefficient

<i>Additional factor</i> (1)	<i>Existing manner of determining additional amount</i> (2)	<i>Substituted manner</i> (3)
<p>3. In relation to an Inner London borough council—</p> <p>(1) The additional factors set out in the following sub-paragraphs of paragraph 2 above—</p> <p>sub-paragraph (d)</p> <p>sub-paragraph (b)</p> <p>sub-paragraph (c)</p> <p>sub-paragraph (d)</p> <p>sub-paragraph (f)</p> <p>sub-paragraph (g)</p> <p>sub-paragraph (i)</p> <p>sub-paragraph (m)</p> <p>sub-paragraph (n)</p>	<p>Multiplying that number by £2.004 and multiplying the result by the adjustment coefficient</p> <p>Multiplying that number by £11.33 and multiplying the result by the adjustment coefficient</p> <p>Multiplying that number by £627.9 and multiplying the result by the adjustment coefficient</p> <p>Multiplying that number by £165.4 and multiplying the result by the adjustment coefficient</p> <p>Multiplying that number by £64.3 and multiplying the result by the adjustment coefficient</p> <p>Multiplying that number by £0.34477 and multiplying the result by the adjustment coefficient</p> <p>Multiplying that number by £1022.0 and multiplying the result by the adjustment coefficient</p> <p>Multiplying that number by £406.1 and multiplying the result by the adjustment coefficient</p> <p>Multiplying that number by £1153.5 and multiplying the result by the adjustment coefficient</p>	<p>Multiplying that number by £2.065 and multiplying the result by the adjustment coefficient</p> <p>Multiplying that number by £11.68 and multiplying the result by the adjustment coefficient</p> <p>Multiplying that number by £647.0 and multiplying the result by the adjustment coefficient</p> <p>Multiplying that number by £170.4 and multiplying the result by the adjustment coefficient</p> <p>Multiplying that number by £66.3 and multiplying the result by the adjustment coefficient</p> <p>Multiplying that number by £0.35528 and multiplying the result by the adjustment coefficient</p> <p>Multiplying that number by £1053.1 and multiplying the result by the adjustment coefficient</p> <p>Multiplying that number by £418.5 and multiplying the result by the adjustment coefficient</p> <p>Multiplying that number by £1188.6 and multiplying the result by the adjustment coefficient</p>

<i>Additional factor</i> (1)	<i>Existing manner of determining additional amount</i> (2)	<i>Substituted manner</i> (3)
sub-paragraph (o)	Multiplying that number by £2276.9 and multiplying the result by the adjustment coefficient	Multiplying that number by £2346.3 and multiplying the result by the adjustment coefficient
sub-paragraph (q)	Multiplying that number by £19.73 and multiplying the result by the adjustment coefficient	Multiplying that number by £20.33 and multiplying the result by the adjustment coefficient
sub-paragraph (x)	Multiplying that number by £205.9 and multiplying the result by the adjustment coefficient	Multiplying that number by £212.2 and multiplying the result by the adjustment coefficient
with the substitution in sub-paragraph (x) for references to the area of Outer London of references to the areas of the Inner London borough councils;		
(2) The additional factors set out in the following sub-paragraphs of paragraph 2 above—		
sub-paragraph (a)	Multiplying that number by the product of £9.23, the Inner London rateable value ratio and the adjustment coefficient	Multiplying that number by the product of £9.51, the Inner London rateable value ratio and the adjustment coefficient
sub-paragraph (c)	Multiplying that number by the product of £181.2, the Inner London rateable value ratio and the adjustment coefficient	Multiplying that number by the product of £186.7, the Inner London rateable value ratio and the adjustment coefficient
sub-paragraph (e)	Multiplying that number by the product of £5.442, the Inner London rateable value ratio and the adjustment coefficient	Multiplying that number by the product of £5.608, the Inner London rateable value ratio and the adjustment coefficient
sub-paragraph (g)	Multiplying that number by the product of £0.02049, the Inner London rateable value ratio and the adjustment coefficient	Multiplying that number by the product of £0.02111, the Inner London rateable value ratio and the adjustment coefficient
sub-paragraph (h)	Multiplying that number by the product of £111.6, the Inner London rateable value ratio and the adjustment coefficient	Multiplying that number by the product of £115.0, the Inner London rateable value ratio and the adjustment coefficient

<i>Additional factor</i> (1)	<i>Existing manner of determining additional amount</i> (2)	<i>Substituted manner</i> (3)
sub-paragraph (k)	Multiplying that number by the product of £147.9, the Inner London rateable value ratio and the adjustment coefficient	Multiplying that number by the product of £152.4, the Inner London rateable value ratio and the adjustment coefficient
sub-paragraph (l)	Multiplying that number by the product of £206.7, the Inner London rateable value ratio and the adjustment coefficient	Multiplying that number by the product of £213.0, the Inner London rateable value ratio and the adjustment coefficient
sub-paragraph (n)	Multiplying that number by the product of £934.8, the Inner London rateable value ratio and the adjustment coefficient	Multiplying that number by the product of £963.3, the Inner London rateable value ratio and the adjustment coefficient
sub-paragraph (p)	Multiplying that number by the product of £97.27, the Inner London rateable value ratio and the adjustment coefficient	Multiplying that number by the product of £100.23, the Inner London rateable value ratio and the adjustment coefficient
sub-paragraph (q)	Multiplying that number by the product of £27.67, the Inner London rateable value ratio and the adjustment coefficient	Multiplying that number by the product of £28.51, the Inner London rateable value ratio and the adjustment coefficient
sub-paragraph (r)	Multiplying that number by the product of £497.4, the Inner London rateable value ratio and the adjustment coefficient	Multiplying that number by the product of £512.6, the Inner London rateable value ratio and the adjustment coefficient
sub-paragraph (s)	Multiplying that number by the product of £572.8, the Inner London rateable value ratio and the adjustment coefficient	Multiplying that number by the product of £590.3, the Inner London rateable value ratio and the adjustment coefficient
sub-paragraph (t)	Multiplying that number by the product of £289.0, the Inner London rateable value ratio and the adjustment coefficient	Multiplying that number by the product of £297.8, the Inner London rateable value ratio and the adjustment coefficient
sub-paragraph (u)	Multiplying that number by the product of £516.9, the Inner London rateable value ratio and the adjustment coefficient	Multiplying that number by the product of £532.7, the Inner London rateable value ratio and the adjustment coefficient
sub-paragraph (v)	Multiplying that number by the product of £202.3, the Inner London rateable value ratio and the adjustment coefficient	Multiplying that number by the product of £208.5, the Inner London rateable value ratio and the adjustment coefficient

<i>Additional factor</i> (1)	<i>Existing manner of determining additional amount</i> (2)	<i>Substituted manner</i> (3)
<p>sub-paragraph (w)</p> <p>with the substitution for references to their area of references to the area of Inner London; and in sub-paragraphs (u) and (v) for references to the council of references to the Inner London Education Authority;</p> <p>(3) The additional factors set out in the following sub-paragraphs of paragraph 2 above—</p> <p>sub-paragraph (y)</p> <p>sub-paragraph (z).</p>	<p>Multiplying that number by the product of £321.2, the Inner London rateable value ratio and the adjustment coefficient</p> <p>Multiplying that number by the product of £8.722, the Metropolitan Police District rateable value ratio and the adjustment coefficient</p> <p>Multiplying that number by the product of £20.06, the Greater London rateable value ratio and the adjustment coefficient</p>	<p>Multiplying that number by the product of £331.0, the Inner London rateable value ratio and the adjustment coefficient</p> <p>Multiplying that number by the product of £8.988, the Metropolitan Police District rateable value ratio and the adjustment coefficient</p> <p>Multiplying that number by the product of £20.67, the Greater London rateable value ratio and the adjustment coefficient.</p>
<p>4. In relation to the Common Council of the City of London—</p> <p>(1) The additional factor set out in sub-paragraph (g) of paragraph 2 above</p> <p>(2) The additional factors set out in the following sub-paragraphs of paragraph 2 above—</p> <p>sub-paragraph (a)</p>	<p>Multiplying that number by £29.96 and multiplying the result by the adjustment coefficient</p> <p>Multiplying that number by the product of £9.23, the Inner London rateable value ratio and the adjustment coefficient</p>	<p>Multiplying that number by £30.87, and multiplying the result by the adjustment coefficient</p> <p>Multiplying that number by the product of £9.51, the Inner London rateable value ratio and the adjustment coefficient</p>

<i>Additional factor</i> (1)	<i>Existing manner of determining additional amount</i> (2)	<i>Substituted manner</i> (3)
sub-paragraph (c)	Multiplying that number by the product of £181.2, the Inner London rateable value ratio and the adjustment coefficient	Multiplying that number by the product of £186.7, the Inner London rateable value ratio and the adjustment coefficient
sub-paragraph (e)	Multiplying that number by the product of £5.442, the Inner London rateable value ratio and the adjustment coefficient	Multiplying that number by the product of £5.608, the Inner London rateable value ratio and the adjustment coefficient
sub-paragraph (g)	Multiplying that number by the product of £0.02049, the Inner London rateable value ratio and the adjustment coefficient	Multiplying that number by the product of £0.02111, the Inner London rateable value ratio and the adjustment coefficient
sub-paragraph (h)	Multiplying that number by the product of £111.6, the Inner London rateable value ratio and the adjustment coefficient	Multiplying that number by the product of £115.0, the Inner London rateable value ratio and the adjustment coefficient
sub-paragraph (k)	Multiplying that number by the product of £147.9, the Inner London rateable value ratio and the adjustment coefficient	Multiplying that number by the product of £152.4, the Inner London rateable value ratio and the adjustment coefficient
sub-paragraph (l)	Multiplying that number by the product of £206.7, the Inner London rateable value ratio and the adjustment coefficient	Multiplying that number by the product of £213.0, the Inner London rateable value ratio and the adjustment coefficient
sub-paragraph (n)	Multiplying that number by the product of £934.8, the Inner London rateable value ratio and the adjustment coefficient	Multiplying that number by the product of £963.3, the Inner London rateable value ratio and the adjustment coefficient
sub-paragraph (p)	Multiplying that number by the product of £97.27, the Inner London rateable value ratio and the adjustment coefficient	Multiplying that number by the product of £100.23, the Inner London rateable value ratio and the adjustment coefficient
sub-paragraph (q)	Multiplying that number by the product of £27.67, the Inner London rateable value ratio and the adjustment coefficient	Multiplying that number by the product of £28.51, the Inner London rateable value ratio and the adjustment coefficient
sub-paragraph (r)	Multiplying that number by the product of £497.4, the Inner London rateable value ratio and the adjustment coefficient	Multiplying that number by the product of £512.6, the Inner London rateable value ratio and the adjustment coefficient
sub-paragraph (s)	Multiplying that number by the product of £572.8, the Inner London rateable value ratio and the adjustment coefficient	Multiplying that number by the product of £590.3, the Inner London rateable value ratio and the adjustment coefficient

11th December 1980. *Michael R. D. Heseltine,*
Secretary of State for the Environment.

11th December 1980. *Norman Fowler,*
Minister of Transport.

We consent,

11th December 1980. *Carol Mather,*
J. A. Douglas-Hamilton,
Two of the Lords Commissioners
of Her Majesty's Treasury.

EXPLANATORY NOTE
(*This Note is not part of the Order.*)

This Order came into operation on 15th January 1981 and further increases the rate support grants for the financial year 1979-80.

Specifically it—

- (a) increases from £7,751,000,000 to £7,966,000,000 the aggregate amount of the rate support grants (payable to local authorities in England and Wales under Part I of the Local Government Act 1974);
- (b) increases the aggregate amount of the needs element of rate support grants, while varying the manner of determining additional amounts attributable to certain additional factors prescribed by the Rate Support Grant Order 1978 (which are not themselves varied);
- (c) specifies the actual aggregate amount of the resources element, after making an adjustment necessary to maintain the expected ratio between the resources element and the needs element; and
- (d) increases the aggregate amount of supplementary grants for transport purposes.

These increases are referable to the increase in the level of costs since the grants for the year 1979-80 were first revised (The Rate Support Grant (Increase) (No. 2) Order 1979).
