**1982 No. 1000**

**PETROLEUM**

**The Petroleum (Production) Regulations 1982**

<i>Made</i> - - - -	20th July 1982
<i>Laid before Parliament</i>	22nd July 1982
<i>Coming into Operation</i>	16th August 1982

The Secretary of State in pursuance of the powers conferred by section 6 of the Petroleum (Production) Act 1934(a), and now vested in him(b), hereby makes the following Regulations:—

*Commencement and citation*

1. These Regulations shall come into operation on 16th August 1982 and may be cited as the Petroleum (Production) Regulations 1982.

*Interpretation*

2. In these Regulations the following expressions have the meanings hereby respectively assigned to them, that is to say:—

“block” has the meaning assigned thereto in Regulation 7(2);

“Gazette notice” means a notice published from time to time by the Secretary of State in the *London Gazette*, the *Edinburgh Gazette* and the *Belfast Gazette*;

“invited application” has the meaning assigned thereto in Regulation 7(1);

“landward areas” and “seaward areas” have the meanings assigned thereto in Regulation 3(1);

“low water line” has the same meaning as it has in Schedule 1 to these Regulations;

“methane drainage licence” means a licence to get natural gas in the course of operations for making and keeping safe mines whether or not disused;

“non-invited application” has the meaning assigned thereto in Regulation 6(1).

---

(a) 1934 c. 36.

(b) S.R. & O. 1942/1132; the Ministry of Fuel and Power Act 1945 (c.19); S.I. 1969/1498, 1970/1537.

*Application of the Regulations*

3.—(1) These Regulations shall have effect in relation to applications for, and the model clauses to be prescribed for inclusion, unless the Secretary of State thinks fit to modify or exclude them in any particular case, in, licences to search and bore for, and get, petroleum:—

- (a) in strata in the areas of Great Britain and beneath the waters adjacent thereto which lie on the landward side of lines drawn in accordance with the provisions of Schedule 1 to these Regulations (in these Regulations referred to as “landward areas”); and
- (b) in strata in the islands on the seaward side of the said lines, in the sea bed and subsoil beneath waters which lie on the seaward side of the said lines and, where such lines are not the outward limit of territorial waters adjacent to Great Britain, within that limit, and in the sea bed and subsoil within any area designated under section 1(7) of the Continental Shelf Act 1964(a) (in these Regulations referred to as “seaward areas”).

(2) The provisions of the Regulations specified in Schedule 2 hereto shall cease to have effect in relation to:—

- (a) applications made after the date of coming into operation of these Regulations for any licence to search and bore for, and get, petroleum;
- (b) model clauses to be incorporated in any such licence to be granted after the date of coming into operation of these Regulations in pursuance of an application lodged after that date.

*Applicants for licences*

4. Any person may apply in accordance with these Regulations for:—

- (a) a production licence which may be in respect of a landward area or a seaward area;
- (b) an exploration licence in respect of the areas referred to in Regulation 8;
- (c) a methane drainage licence.

*Applications for production and exploration licences*

5.—(1) An application for a production licence or an exploration licence shall be made in writing and shall be in the form specified in Schedule 3 hereto or in a form substantially to the like effect, sent to the Petroleum Production Division, Department of Energy, London SW1P 4QJ, and shall be accompanied by the appropriate fee and by such evidence and particulars or documents in support thereof as are referred to in that Schedule and are appropriate to that application.

(2) If any of the matters stated in an application or any further information supplied by the applicant shall change after the application is made or after the information is given but before a licence is granted or the Secretary of State informs the applicant that the application is refused, the applicant shall

---

(a) 1964 c. 29.

forthwith give notice in writing to the Secretary of State giving particulars of the change.

*Non-invited applications*

6.—(1) An application for a production licence in accordance with the provisions of this Regulation (in these Regulations called a “non-invited application”) may, subject to paragraphs (2) to (5), be made in respect of any landward area and may, subject to paragraph (6) be made in respect of any seaward area.

(2) No non-invited application may be made in respect of a landward area which is, or is comprised in, an area in respect of which the Secretary of State has published a Gazette notice in accordance with Regulation 7(2) unless it is made in respect of any landward area which is, or is comprised in, an area in respect of which the Secretary of State has published a Gazette notice to the effect that he is once more prepared to receive non-invited applications in respect of the area therein described or thereby specified by reference to a map deposited at the principal office of the Department of Energy and at such other places (if any) as may be specified in that notice, being a notice published after the last Gazette notice in accordance with Regulation 7(2) comprising that area.

(3) Every landward area in respect of which a non-invited application is made shall be a clearly defined area which shall as far as possible be compact and shall be described in the application which shall be accompanied by two copies of the 1:25,000 Ordnance Survey Map or such other map or chart as may be required by the Secretary of State, upon which shall be delineated the boundaries of the landward area in respect of which a licence is applied for.

(4) No licence shall be granted pursuant to a non-invited application in respect of a landward area of more than 250 square kilometres or less than 10 square kilometres unless the Secretary of State otherwise determines.

(5) Where an applicant desires to make non-invited applications for two or more separate landward areas, a separate application shall be made in respect of each such area, and no licence shall be granted in respect of two or more separate landward areas unless the sum of those areas does not exceed 250 square kilometres.

(6) No non-invited application in respect of a seaward area may be made unless:—

- (a) every part of the area to which the application relates is, or has been, comprised in a production licence which was granted in pursuance of an invited application;
- (b) every such part is proposed to be, or has been, surrendered by the holder for the time being of the production licence so granted in which it is, or has been, comprised, or has been comprised in a production licence which has been revoked either in whole or in relation to the area to which the application relates; and
- (c) the Secretary of State has served notice in writing on such persons as appear to him to be concerned that he would be prepared to consider the application in such circumstances as may be specified in the notice.

*Invited applications*

7.—(1) Every application for a production licence pursuant to these Regulations, not being a non-invited application made pursuant to the last foregoing Regulation (in these Regulations referred to as an “invited application”), shall be:—

- (a) in respect of one or more blocks described or specified by a Gazette notice published in accordance with the next following paragraph;
- (b) lodged within the period specified by such a notice as the period during which the Secretary of State is prepared to receive applications in respect of the blocks so specified;

and shall not comprise any part of a block.

(2) The Gazette notice referred to in the last foregoing paragraph is a Gazette notice describing or specifying by reference to a map deposited at the principal office of the Department of Energy, and at such other places (if any) as may be specified in the notice, areas (in these Regulations referred to as “blocks”) to which reference numbers shall be assigned, in respect of which he is prepared to receive applications for production licences and specifying the dates within which applications in respect of the blocks so specified are to be made.

*Applications for exploration licences*

8.—(1) An application for an exploration licence may be made in respect of:—

- (a) an area in the landward areas above the low water line;
- (b) the whole or any part of the seaward areas or the landward areas below the low water line.

(2) Every application for an exploration licence made pursuant to paragraph (1)(a) shall include both a description of a clearly defined area in relation to which a licence is sought and two copies of the 1 : 25,000 Ordnance Survey Map or other such map or chart as the Secretary of State may allow upon which the boundaries of that area are clearly defined.

(3) The area in respect of which an exploration licence is granted, if an area mentioned in paragraph (1)(a), shall be a compact area not exceeding 500 square kilometres.

*Methane drainage licences*

9.—(1) An application for a methane drainage licence shall be made in writing and addressed to the Petroleum Production Division, Department of Energy, London SW1P 4QJ, and shall be in respect of a clearly defined area, which shall as far as possible be compact, described in the application which shall be accompanied by two copies of the 1 : 25,000 Ordnance Survey Map or such other map or chart as may be required by the Secretary of State, upon which shall be delineated the boundaries of the area in respect of which a licence is applied for.

(2) No methane drainage licence shall be granted in respect of any area of

more than 25,000 square kilometres or less than 10 square kilometres unless the Secretary of State otherwise determines.

*Form of licences*

10.—(1) Every licence shall incorporate the model clauses respectively prescribed by the next following paragraph for the kind of licence to which that licence belongs unless the Secretary of State thinks fit to modify or exclude, in any particular case, the clauses so prescribed.

(2) The clauses prescribed for incorporation in licences of the following kinds are those set out in the respective Schedules to these Regulations, that is to say:—

- (a) for incorporation in production licences in respect of landward areas, the clauses set out in Schedule 4;
- (b) for incorporation in production licences in respect of seaward areas, the clauses set out in Schedule 5;
- (c) for incorporation in exploration licences for landward areas above the low water line, the clauses set out in Schedule 6;
- (d) for incorporation in exploration licences for seaward areas or for landward areas below the low water line, the clauses set out in Schedule 7; and
- (e) for incorporation in methane drainage licences, the clauses set out in Schedule 8.

*Fees*

11.—(1) With every non-invited application for a production licence in respect of a landward area there shall be paid a fee of £750 and with every non-invited application for a production licence in respect of a seaward area there shall be paid a fee of £2,000 but if the application shall be refused on the grounds:—

- (a) that the Secretary of State proposes to publish a Gazette notice pursuant to Regulation 7 inviting applications for production licences in respect of blocks comprising the whole or any part of the area for a licence in respect of which that application is made; or
- (b) that the Secretary of State proposes to grant a licence in respect of the whole or any part of the area in respect of which the application is made to an applicant whose application in respect thereof was made to the Secretary of State before receipt of the application which is so refused,

the Secretary of State will repay the fee in respect of the application so refused.

(2) With every invited application for a production licence in respect of a landward area there shall be paid a fee of £750 and with every invited application for a production licence in respect of a seaward area there shall be paid a fee of £2,000.

(3) With every application for an exploration licence made pursuant to Regulation 8(1)(a) there shall be paid a fee of £750 and for every such application made pursuant to Regulation 8(1)(b) there shall be paid a fee of £500, but if an application made pursuant to Regulation 8(1)(a) shall be

refused on the ground specified in paragraph (1)(b) of this Regulation, the Secretary of State will repay the fee in respect of the application so refused.

(4) With every application for a methane drainage licence there shall be paid a fee of £50.

*Plurality of licences*

12. Nothing in these Regulations shall prevent more than one application being made by the same person or more than one licence being granted to him.

*Hamish Gray,*  
Minister of State,  
Department of Energy.

20th July 1982.

(Regulation 3(1))

SCHEDULE 1

LINES DIVIDING LANDWARD AREAS FROM SEAWARD AREAS

1. Except as provided by the four next following paragraphs, the lines dividing the mainland of Great Britain and islands adjacent thereto (other than the Orkney and Shetland Islands) and the waters adjacent to the mainland and such islands to be treated for the purposes of these Regulations as landward areas from the islands and waters to be treated for such purposes as seaward areas shall be the low water line along the coast of the mainland of Great Britain, the Isle of Wight, Anglesey and Holy Island.

2. The lines dividing landward areas from seaward areas at the estuaries, rivers, harbours, bays and other places specified in the second column of Table 1 of this Schedule shall be straight lines drawn between the pairs of points identified by the map references respectively specified in the third column of that Table, each such point being a point situate on low water line on or adjacent to the feature respectively named in the fourth column of that Table.

3. The lines dividing landward areas from seaward areas between Cape Wrath and the Mull of Kintyre shall be a series of straight lines drawn so as to join successively, in the order in which they are there set out, the points identified by the map references specified in the second column of Table 2 of this Schedule, each such point being a point situate on low water line on or adjacent to the feature, if any, named in the third column of that Table.

4. The lines dividing landward areas from seaward areas in the vicinity of the Pentland Firth and the Orkney Islands shall be a straight line drawn from the map reference point ND 310753, being a point situate on low water line on or adjacent to the feature known as St. John's Point to the map reference point

ND 289809 and thence a line following the outward limit of the territorial waters adjacent to the Orkney Islands in a clockwise direction to the map reference point ND 459711 and thence a straight line to the map reference point ND 407734, being a point situate on low water line on or adjacent to the feature known as Duncansby Head.

5. Subject to the provision of the last three foregoing paragraphs, the lines dividing landward areas from seaward areas at the mouths of rivers or estuaries shall be straight lines joining the points on the low water lines at either side of each such mouth.

6. The line dividing the Shetland Islands and the waters adjacent thereto to be treated for the purposes of these Regulations as landward areas from the areas to be treated for such purposes as seaward areas shall be the line of the outward limit of the territorial waters adjacent to those islands:

Provided that Foula and Fair Isle and the territorial waters adjacent to them shall be treated as seaward areas.

7. In this Schedule the expression "low water line" means the line so marked on the Ordnance Survey maps on a scale of 1 : 25,000 in the edition for the areas to which they respectively relate last published prior to the date on which these Regulations are made, and any reference to a map reference point shall be construed as a reference to a point having that map reference on the National Grid for those Ordnance Survey maps.

## SCHEDULE 3

(Regulation 5(1))

## FORM OF APPLICATION FOR A PRODUCTION LICENCE OR AN EXPLORATION LICENCE

## PART I

1. Type of licence applied for.

## PART II

2. Name of each applicant in full.
3. If the application is made by more than one person the share of the beneficial interest in the licence which is to be held by each applicant.
4. Name of proposed operator.

## PART III

5. In the case of an application for a production licence in respect of a seaward area, reference number(s) of the block(s) in respect of which the application is made and, if the application is made by tender, the consideration by way of initial payment which the applicant is prepared to offer for each such block (A).

6. In the case of an application for a production licence in respect of a landward area or an application for an exploration licence in respect of a landward area which is above the low water line, description of the area in respect of which a licence is desired and reference to the map which accompanies the application.

## PART IV (B)

7. In respect of each applicant who is an individual:—
  - (a) Name of applicant in full
  - (b) Usual residential address

(c) Nationality

8. In respect of each applicant which is a body corporate:—

- (a) Name of applicant in full
- (b) Place of incorporation
- (c) Principal place of business
- (d) In the case of a company, its registered office
- (e) Place of central management and control
- (f) Particulars of each member of the board of directors or other governing body of the body corporate, as follows:—

(1)	(2)	(3)
Full name	Usual residential address	Nationality

9. In respect of each applicant which is a body corporate (C)—

(a) Particulars of capital authorised and issued as follows:—

(1)	(2)	(3)	(4)(D)
Class of capital	Amount authorised	Amount issued	Voting rights of each class

(b) Particulars of all holdings of not less than 5 per cent. in number or value of any class of capital which has been issued by the body corporate as follows:—

(1)	(2)	(3)	(4)
Name of holder or names of joint holders, in full	Nationality of holder(s)	Class of holding	Amount

(c) Particulars of all capital issued to bearer, as follows:—

(1)	(2)	(3)
Class of capital	Total amount issued	Amount issued bearer

10.—(1) In the case of an application for a production licence for each applicant which is a body corporate there shall accompany the application three copies of the most recent audited accounts of each such applicant and three copies of the most recent audited accounts of any body corporate having control of such applicant. Sub-sections (2) and (4) to (6) of section 302 of the Income and Corporation Taxes Act 1970 shall apply, for the purpose of determining whether for the purposes of this paragraph a body corporate has control of another body corporate, with the following modifications, namely—

- (a) for the words 'the greater part' wherever they occur in the said sub-section (2) there shall be substituted the words 'one-third or more';
- (b) in the said sub-section (6), for the word 'may', there shall be substituted the word 'shall', the words from 'and such attributions' onwards shall be omitted, and in the other provisions of that sub-

section any reference to an associate of a person shall be construed as including only a relative of his (as defined by section 303(4) of that Act), a partner of his and a trustee of a settlement (as defined by section 454(3) of that Act) of which he is a beneficiary.

(2) There shall also accompany the application a list of the bodies corporate whose accounts are submitted pursuant to sub-paragraph (1) above.

11. Where the proposed operator is not an applicant, the proposed operator shall comply with paragraphs 7 to 10 above as if he were an applicant.

#### PART V

12. Details of the fees which accompany the application. (Cheques should be crossed and made payable to "Department of Energy".)

#### PART VI

I/We hereby declare that the information given in Parts II, III and IV or annexed to or accompanying this application is correct.

Date

Signature of each applicant or proposed operator or, in the case of each applicant or proposed operator which is a body corporate, of a duly authorised officer whose capacity is stated (E)

To Petroleum Production Division  
Department of Energy  
London SW1P 4QJ

#### NOTES

(A) If the application specifies more than one block it may indicate an order of preference for some or all of the blocks and it may indicate that blocks are applied for as alternatives.

(B) If there is more than one applicant or proposed operator all the information relating to each applicant or proposed operator which is required in this Part should be grouped together. The groups should appear in the order in which the applicants or proposed operator are named in Part II.

(C) If the body corporate does not possess a capital structure, any comparable information concerning the items listed should be furnished.

(D) Column 4 of sub-paragraph (a) need not be completed if a copy of the memorandum and articles of association, or other document setting out or defining the constitution, of the body corporate accompanies the application.

(E) Where there is more than one signature, the applicant or proposed operator to which each signature relates should be identified.

## Regulation 10(2)(a)

## SCHEDULE 4

## MODEL CLAUSES FOR PRODUCTION LICENCES IN LANDWARD AREAS

Interpretation.

1.—(1) In the following clauses the following expressions have the meanings hereby respectively assigned to them, that is to say:—

“the Act of 1934” means the Petroleum (Production) Act 1934;

“the Act of 1964” means the Continental Shelf Act 1964;

“block” means an area delineated on the reference map deposited at the principal office of the Department of Energy;

“development scheme” has the meaning assigned thereto by clause 26;

“half year” means the period from 1st January to 30th June in any year and the period from 1st July to 31st December in any year;

“initial term” has the meaning assigned thereto by clause 3;

“the licensed area” means the area for the time being in which the Licensee may exercise the rights granted by this licence;

“the Licensee” means the person or persons to whom this licence is granted, his personal representatives and any person or persons to whom the rights conferred by this licence may lawfully have been assigned;

“the Minister” means the Secretary of State for Energy;

“petroleum” includes any mineral oil or relative hydrocarbon and natural gas existing in its natural condition in strata, but does not include coal or bituminous shales or other stratified deposits from which oil can be extracted by destructive distillation;

“well” includes borehole.

(2) Any obligations which are to be observed and performed by the Licensee shall at any time at which the Licensee is more than one person be joint and several obligations.

Right to search and bore for and get petroleum.

2. In consideration of the payments and royalties hereinafter provided and the performance and observance by the Licensee of all the terms and conditions hereof, the Minister, in exercise of the powers conferred upon him by the Act of 1934 hereby grants to the Licensee EXCLUSIVE LICENCE AND LIBERTY during the continuance of this licence and subject to the provisions hereof to search and bore for, and get, petroleum in the area of more particularly described in Schedule 1 to this licence [being the area comprising block(s) No. on the reference map deposited at the principal office of the Department of Energy] [and delineated on the map annexed hereto and thereon edged red]:

Provided that nothing in this licence shall affect the right of the Minister to grant a methane drainage licence in respect of the whole or any part of the licensed area or affect the exercise of any rights so granted.

Note: *When the licence is granted pursuant to an invited application, the first set of words in square brackets will generally be appropriate, but when it is granted pursuant to a non-invited application, the second set of words will generally be used instead.*

3.—(1) This licence unless sooner determined under any of the provisions hereof shall be and continue in force for the term of four years next after [ ] (hereinafter called “the initial term”); but if the terms and conditions hereof are duly performed and observed and, in particular, if the work programme described in Schedule 4 to this licence has been duly performed, it may be continued for a further period of twenty years in respect of part of the relevant area in the manner hereinafter provided.

SCH. 4  
Term of  
licence.

(2) If the Minister sees fit and petroleum is then being got under this licence, it may be further continued for a period of ten years at the expiry of the said period of twenty years.

4.—(1) The Licensee, if he wishes this licence to continue for a further period of twenty years in respect of a part of the licensed area as provided by clause 3, shall at least three months before the expiry of the initial term give the Minister written notice of continuance and, unless notice has been given under clause 6(1) to surrender at least one half of the original licensed area before such expiry, give written notice of surrender from a date not later than such expiry in respect of an area which satisfies the requirements of clause 6(3) and whose surrender reduces the licensed area to not more than one half its original size.

Extension of  
term for part  
of licensed  
area.

(2) The Licensee may at any time not less than one month before the surrender date specified in any notice of surrender give further notice in writing to the Minister varying the part of the licensed area to be surrendered and in the event of such further notice being given the provisions of paragraph (1) of this clause shall apply *mutatis mutandis* to such notice but so that the surrender date specified in such notice shall be the same as that specified in the first notice of surrender.

(3) Where notice of continuance is duly given and such area (if any) as may be required to be surrendered by notice under paragraph (1) is duly surrendered, this licence shall, subject to the provisions of clause 3 of this licence, continue in respect of the residual area for a term of twenty years after the expiry of the initial term.

5. The Licensee, if he wishes the Minister to assent to the further continuance of this licence for a period of ten years following the expiry of the twenty year term, shall apply in writing for such assent during the nineteenth year of that term; and where assent is given, this licence shall, subject to the provisions of clause 3 of this licence, continue in respect of the area to which it then relates for a further period of ten years after the expiry of the said twenty year term.

Further  
extension of  
term.

6.—(1) Without prejudice to any obligation or liability imposed by or incurred under the terms and conditions hereof, the Licensee may, at any time, determine this licence or surrender any such part of the licensed areas as is mentioned in paragraph (3) of this clause by giving six months' written notice to that effect to the Minister.

Right of  
Licensee to  
determine  
licence or  
surrender  
part of  
licensed area.

(2) A notice given pursuant to paragraph (1) of this clause may be cancelled by a further notice in writing given to the Minister not less than one month before the expiration of the notice.

- SCH. 4 (3) Any area to be surrendered in accordance with the preceding provisions of this licence shall, unless the Minister has otherwise agreed in writing prior to the date on which the appropriate notice is given by the Licensee to the Minister, be a clearly defined compact area—
- (a) which comprises at least ten square kilometres or one fifth of the subsisting licensed area (whichever is the greater) and has a length not more than three times its average breadth; and
  - (b) whose surrender leaves as the licensed area one or more clearly defined and reasonably compact areas none of which is less than ten square kilometres or has a length more than three times its average breadth.
- Consequences of determination or surrender by Licensee. 7. Upon the date on which any determination of this licence by the Licensee or any surrender of a part of the licensed area is to take effect, the rights granted by this licence shall cease or cease in respect of the part so surrendered as the case may be but without prejudice to any obligation or liability imposed upon the Licensee or incurred by him under the terms and conditions of this licence prior to that date.
- Payment of consideration for licence. 8.—(1) The Licensee shall make to the Minister as consideration for the grant of this licence—
- (a) payments of royalty in accordance with clauses 9 and 10 of this licence;
  - (b) deliveries of petroleum in accordance with clause 11 of this licence; and
  - (c) payments in accordance with Schedule 2 to this licence.
- (2) The Licensee shall not by reason of the determination of this licence or the surrender of any part of the licensed area be entitled to be repaid or allowed any sum payable to the Minister hereunder before the date of the determination or surrender.
- Royalty payments. 9.—(1) Subject to paragraphs (2) to (4) of this clause the Licensee shall pay to the Minister, in respect of each chargeable period, a royalty equal to the sum of the percentages specified in Schedule 3 to this licence of the value of the relevant units won and saved in the year which includes that period and for the purposes of this paragraph “relevant unit” means a unit won and saved in the chargeable period in question and the value of a relevant unit is the amount produced by dividing the value of the petroleum relating to that period by the number of the relevant units.
- (2) The Licensee shall not be required to make a payment in pursuance of paragraph (1) of this clause in respect of a chargeable period if he is required by virtue of clause 11 of this licence to deliver to the Minister all the royalty petroleum for that period.
- (3) The Licensee shall not be required to make a payment in pursuance of paragraph (1) of this clause in respect of a chargeable period if he is required by virtue of clause 11 of this licence to deliver to the Minister some but not all of the royalty petroleum for that period; but in

respect of that period the Licensee shall, subject to paragraph (4) of this clause, pay to the Minister a royalty of an amount determined in accordance with the formula—

$$\frac{A(B-C)}{100-C}$$

where A is the value of the petroleum relating to that period and B is the number of units of royalty petroleum multiplied by one hundred and divided by the number of relevant units as defined in paragraph (1) of this clause and C is the number of per cent. in the percentage which the royalty petroleum required to be delivered to the Minister in that period is of the petroleum won and saved in the licensed area in that period.

(4) Where in a chargeable period in respect of which, apart from this paragraph, royalty is payable in pursuance of paragraph (3) of this clause, the petroleum won and saved in the licensed area includes both petroleum in the form of gas and petroleum in other forms, that paragraph shall have effect—

- (a) in relation to the petroleum in the form of gas, as if references to petroleum in the provisions of that paragraph relating to the meaning of A and C excluded petroleum in other forms; and
- (b) in relation to the petroleum in other forms, as if those references excluded petroleum in the form of gas;

and in such a case the value of the petroleum relating to that period shall be apportioned between the petroleum in the form of gas and the petroleum in other forms in such manner as the Minister and the Licensee may agree.

(5) For the purposes of this clause and clause 10 of this licence the value of the petroleum relating to a chargeable period is, subject to paragraph (6) of this clause, the total of the amounts which, if the words “one-half of” were omitted from paragraph (b) of subsection (4) and paragraph (d) of subsection (5) of section 2 of the Oil Taxation Act 1975, would in pursuance of paragraph (a) of the said subsection (4) fall to be taken into account in relation to that period in respect of the persons who by reference to this licence are or are treated as participators for the purposes of those subsections, reduced by the total of the market values which would in pursuance of the said paragraph (b) fall to be taken into account as aforesaid.

(6) The value which, in pursuance of paragraph (5) of this clause, is the value of the petroleum relating to a chargeable period shall be increased by an amount equal to the value, as determined for the purposes of income tax or the charge of corporation tax on income, of so much of the petroleum won and saved in the licensed area as falls within section 10(1) of the Oil Taxation Act 1975 and was in that period disposed of or relevantly appropriated (within the meaning of Part I of that Act) by the persons mentioned in the said paragraph (5).

(7) In this clause—

“chargeable period” means a half year in which this licence is in force;

“royalty petroleum”, in relation to a chargeable period, means the

SCH. 4

petroleum which by virtue of clause 11 of this licence the Minister is entitled to require the Licensee to deliver to him in that period;

“unit” means one tonne of petroleum won and saved in the licensed area except that in the case of petroleum so won and saved in the form of gas it means a quantity of it equal to 1.115 cubic metres of the gas at a temperature of 15 degrees Celsius and a pressure of 1.0132 bar; and

“year” means a year consisting of a chargeable period in which such a periodic payment as is mentioned in Schedule 2 to this licence is payable and the following chargeable period.

Provisions  
supplemen-  
tary to clause  
9.

**10.**—(1) The Licensee shall, within two months after the end of each chargeable period, deliver to the Minister, in such form as the Minister may specify, a statement of—

- (a) the quantity of petroleum won and saved in the licensed area in that period;
- (b) the quantity of that petroleum delivered to the Minister in that period in pursuance of clause 11 of this licence; and
- (c) the amounts of the prices and market values which are required by paragraph 2 of Schedule 2 to the Oil Taxation Act 1975 to be stated in the returns made for that period in pursuance of that paragraph in consequence of this licence.

(2) The Licensee shall, when he delivers a statement to the Minister in pursuance of paragraph (1) of this clause for a chargeable period in respect of which royalty is payable in pursuance of clause 9(1) of this licence, make to the Minister a payment on account of royalty for that period equal to the relevant fraction of the sum produced by aggregating the amounts which in pursuance of sub-paragraph (c) of paragraph (1) of this clause are specified in the statement and reducing the aggregate by the amount which, by virtue of paragraph 2(2)(d)(ii) of Schedule 2 to the said Act of 1975, was specified in the statement delivered to the Minister in pursuance of the said paragraph (1) in respect of the preceding chargeable period.

(3) The Licensee shall, when he delivers a statement to the Minister in pursuance of paragraph (1) of this clause for a chargeable period in respect of which royalty is payable in pursuance of clause 9(3) or (4) of this licence, make to the Minister a payment on account of royalty for that period equal to the amount which would be so payable for that period if the royalty so payable for that period fell to be determined by reference to the amounts specified in the statement and the amount which, by virtue of paragraph 2(2)(d)(ii) of Schedule 2 to the Oil Taxation Act 1975, was specified in the statement delivered to the Minister in pursuance of paragraph (1) of this clause in respect of the preceding chargeable period.

(4) The Minister may from time to time, after a statement in respect of any chargeable period has been delivered to him in pursuance of paragraph (1) of this clause and before he has given to the Licensee a notice in pursuance of paragraph (5) of this clause in respect of that period, give a notice in writing to the Licensee specifying the amount

which the Minister estimates is payable by the Licensee in pursuance of clause 9 of this licence in respect of that period; and where the amount specified in the notice is larger or smaller than the total amount already paid by the Licensee in pursuance of this clause in respect of that period, then—

- (a) if it is larger the difference shall be paid forthwith by the Licensee to the Minister; and
- (b) if it is smaller the difference shall be paid forthwith by the Minister to the Licensee.

(5) When it appears to the Minister that the value of the petroleum relating to any chargeable period has been finally determined for tax purposes, he may give to the Licensee a notice in writing specifying the amount which the Minister considers is payable by the Licensee in pursuance of clause 9 of this licence in respect of that period; and where the amount specified in the notice is larger or smaller than the total amount already paid by the Licensee in pursuance of this clause in respect of that period, then, subject to paragraph (7) of this clause—

- (a) if it is larger the difference shall be paid forthwith by the Licensee to the Minister; and
- (b) if it is smaller the difference shall be paid forthwith by the Minister to the Licensee.

(6) If after the date when the Minister gave notice to the Licensee in pursuance of paragraph (5) of this clause or this paragraph in respect of a chargeable period it appears to the Minister, in consequence of a relevant assessment or determination made after that date which relates directly or indirectly to the value of petroleum by reference to which the amount specified in the notice was determined, that another amount ought to have been so specified, he may give notice in writing to the Licensee specifying the other amount; and where he does so, then, subject to paragraph (7) of this clause—

- (a) if the other amount is larger than the total amount already paid by the Licensee in pursuance of this clause in respect of that period the difference shall be paid forthwith by the Licensee to the Minister; and
- (b) if it is smaller the difference shall be paid forthwith by the Minister to the Licensee.

(7) A decision made by the Minister for the purposes of paragraph (4), (5) or (6) of this clause shall not be called in question by the Licensee except that any dispute between the Minister and the Licensee as to whether an amount specified in a notice given in pursuance of the said paragraph (5) or (6) is payable by virtue of clause 9 of this licence may be referred to arbitration in the manner provided by clause 39 of this licence; and on a reference to arbitration in pursuance of this paragraph any relevant assessment or determination for the time being in force shall be binding on the Minister and the Licensee so far as the assessment or determination relates directly or indirectly to the value of petroleum relating to the chargeable period in question.

(8) When any payment is made by the Licensee or the Minister in pursuance of paragraph (4), (5) or (6) of this clause, an amount in respect

SCH. 4 of interest on the payment shall also be payable by him to the recipient of the payment and that amount shall be calculated in such manner as the Minister may specify from time to time in a notice in writing given by him to the Licensee; but—

- (a) a notice in pursuance of this paragraph shall provide for amounts by way of interest to be calculated by applying a rate of interest which is for the time being a commercial rate of interest; and
- (b) any such amount in respect of interest shall be disregarded in calculating for the purposes of the said paragraph (4) or (5) any amount already paid by the Licensee in pursuance of this clause.

(9) In this clause—

“chargeable period” and “royalty petroleum” have the same meanings as in clause 9 of this licence;

“relevant assessment or determination” means an assessment or determination made by the Commissioners of Inland Revenue for the purposes of petroleum revenue tax, income tax or the charge of corporation tax on income or a determination made in proceedings arising out of such an assessment or determination made by the said Commissioners; and

“the relevant fraction”, in relation to a chargeable period, means the fraction produced by dividing the amount of royalty petroleum for that period by the amount of the petroleum won and saved in the licensed area in that period, and for the purpose of determining that fraction 1,115 cubic metres of petroleum in the form of gas at a temperature of 15 degrees Celsius and a pressure of 1.0132 bar shall be treated as the equivalent of one tonne of petroleum in any other form.

(10) For the purposes of this clause any amount paid by the Licensee or the Minister on account of a prospective liability under paragraph (4), (5) or (6) of this clause shall be treated as paid in pursuance of that paragraph.

Deliveries of petroleum in place of royalties.

**11.—**(1) If during the term of this licence the Minister serves on the Licensee a notice in writing in accordance with the following provisions of this clause requiring the Licensee to deliver to the Minister part of the petroleum won and saved by the Licensee in the licensed area, the Licensee shall comply with the notice.

(2) Where the Minister proposes to serve a notice on the Licensee in pursuance of paragraph (1) of this clause, he shall before doing so—

- (a) give the Licensee a copy of the proposed notice and an opportunity of making representations to the Minister about it; and
- (b) consider any representations then made to him by the Licensee about the proposed notice;

and the Minister shall, in deciding upon the terms of the actual notice, have regard to the desirability of not disturbing unduly any arrangements made by the Licensee for transporting and delivering petroleum won and saved from the licensed area.

(3) Subject to paragraph (4) of this clause, a notice served in pursuance of paragraph (1) of this clause—

- (a) shall specify the date on which the notice is to come into force and may contain provisions with respect to the time when it shall cease to be in force;
- (b) shall specify the quantity of petroleum won and saved in the licensed area during each half year in which the notice is in force which, up to any maximum quantities specified in the notice in pursuance of paragraph (4)(b) of this clause, is to be delivered to the Minister in consequence of the notice;
- (c) may relate to all petroleum so won and saved or may be limited to and specify different quantities of such petroleum which is of one or more of the following kinds, namely, crude oil, condensate, natural gas and natural gas liquids, in each case of a quality or composition or of each quality or composition determined in the manner specified in the notice;
- (d) shall contain provisions with respect to the place or places at which any petroleum or kind of petroleum is to be delivered in pursuance of the notice and may contain provisions with respect to the times at which any quantities of it are to be so delivered.

(4) Such a notice—

- (a) shall not specify as the date on which it is to come into force a date before the expiration of the period of six months beginning with the date on which the notice is served on the Licensee but shall, if the Minister serves on the Licensee a further notice in writing stating that it is to cease to be in force at a time specified in the further notice which is not earlier than six months after the date of service of the further notice, cease to be in force at that time;
- (b) shall not specify, as the quantity of petroleum won and saved in any half year which is to be delivered in pursuance of the notice or as the quantity of any kind of such petroleum, a percentage of all the petroleum or of all that kind of petroleum which is won and saved in the licensed area in that half year exceeding the percentage at which, apart from the notice, royalty for that half year would be payable in respect of the petroleum in pursuance of clause 9(1) of this licence, but may provide that the quantities of petroleum or of a kind of petroleum so won and saved which are to be so delivered shall not in the aggregate exceed a quantity specified in the notice;
- (c) shall not specify, or enable to be specified, as a place at which delivery is to be made in pursuance of the notice a place which is not a point at which the Licensee normally delivers petroleum of any kind from the licensed area.

12.—(1) The Licensee shall measure or weigh by a method or methods customarily used in good oilfield practice and from time to time approved by the Minister all petroleum won and saved from the licensed area.

Measurement of petroleum obtained from the licensed area.

(2) The Licensee shall not make any alteration in the method or methods of measurement or weighing used by him or any appliances used

SCH. 4 for that purpose without the consent in writing of the Minister and the Minister may in any case require that no alteration shall be made save in the presence of a person authorised by the Minister.

(3) The Minister may from time to time direct that any weighing or measuring appliance shall be tested or examined in such manner, upon such occasions or at such intervals and by such persons as may be specified by the Minister's direction and the Licensee shall pay to any such person or to the Minister such fees and expenses for test or examination as the Minister may specify.

(4) If any measuring or weighing appliance shall upon any such test or examination as is mentioned in the last foregoing paragraph be found to be false or unjust the same shall if the Minister so determines after considering any representations in writing made by the Licensee be deemed to have existed in that condition during the period since the last occasion upon which the same was tested or examined pursuant to the last foregoing paragraph.

Keeping of  
accounts.

13.—(1) The Licensee shall keep in the United Kingdom full and correct accounts in a form from time to time approved by the Minister of—

- (a) the quantity of petroleum in the form of gas won and saved;
- (b) the quantity of petroleum in any other form won and saved;
- (c) the name and address of any person to whom any petroleum has been supplied by the Licensee, the quantity so supplied, the price or other consideration therefor and the place to which the petroleum was conveyed pursuant to the agreement for such supply; and
- (d) such other particulars as the Minister may from time to time direct.

(2) The quantities of petroleum stated in such accounts may exclude any water separated from the petroleum and shall be expressed as volumes in cubic metres measured at, or calculated as if measured at, a temperature of 15 degrees Celsius and a pressure of 1.0132 bar but if the Minister serves notice in writing on the Licensee determining any other manner in which any quantity of petroleum or any quantity of any form of petroleum is to be expressed that quantity shall be so expressed.

(3) Such accounts shall state separately the quantities used for the purposes of carrying on drilling and production operations and pumping to field storage, and quantities not so used, and in the case of petroleum not in the form of gas shall state the specific gravity of the petroleum and, if petroleum of different specific gravities has been won and saved, the respective quantities of petroleum of each specific gravity.

(4) The Licensee shall within two months after the end of each half year in which this licence is in force and within two months after the expiration or determination of this licence deliver to the Minister an abstract in a form from time to time approved by the Minister of the accounts for that half year or for the period prior to such expiration or determination as the case may be.

14.—(1) The Licensee shall during the initial term of this licence carry out with due diligence the scheme of prospecting including any geological survey by chemical or physical means or programme of test drilling or any of them set out in Schedule 4 to this licence. SCH. 4  
Working  
obligations.

(2) The Licensee shall give the Minister at least 21 days' written notice of any proposed seismic survey during the term of this licence of any area which is not wholly on the seaward side of the low water line and such notice shall indicate the nature of the survey and the total number of kilometres to be shot and shall be accompanied by a copy of an Ordnance Survey map for the relevant area drawn to the scale of 1:50,000 or 1:63,360 upon which the proposed lines of survey are indicated and by evidence that the planning authorities for the area to be surveyed have been consulted about the proposed survey and, in a case where any planning permission under the Town and Country Planning Act 1971 or the Town and Country Planning (Scotland) Act 1972 is required for the survey in question, evidence that such permission has been granted.

(3) The Licensee shall not carry out any seismic survey during the term of this licence of any such area as is mentioned in paragraph (2) of this clause if notice has not been given as aforesaid or if the Minister indicates to the Licensee within 14 days of the receipt of such notice that the survey is not to be carried out.

(4) If during the term of this licence the Minister serves a notice in writing on the Licensee requiring him to submit to the Minister, before a date specified in the notice, an appropriate programme for exploring for petroleum in the licensed area during a period so specified, the Licensee shall comply with the notice; and for the purposes of this paragraph an appropriate programme is one which any person who, if he—

- (a) were entitled to exploit the rights granted by this licence; and
- (b) had the competence and resources needed to exploit those rights to the best commercial advantage; and
- (c) were seeking to exploit those rights to the best commercial advantage,

could reasonably be expected to carry out during the period specified in the notice, and that period must be within the term of this licence and begin after the expiration of the initial term of this licence.

(5) If a programme is submitted to the Minister in consequence of a notice served by him in pursuance of paragraph (4) of this clause, then—

- (a) he shall not be entitled to revoke this licence on the ground that the programme does not satisfy the requirements of that paragraph (hereafter in this clause referred to as "the relevant requirements"); but
- (b) if he is of opinion that the programme does not satisfy the relevant requirements he may serve a notice in writing on the Licensee stating his opinion and the reasons for it.

(6) Where notice in respect of a programme is served on the Licensee in pursuance of paragraph (5) of this clause he shall either—

- (a) within 28 days beginning with the date of service of the notice

SCH. 4

refer to arbitration, in the manner provided by clause 39 of this licence, the question of whether the programme satisfies the relevant requirements; or

- (b) within a reasonable period beginning with that date submit to the Minister a further programme which satisfies the relevant requirements;

and where it is determined in consequence of any reference to arbitration in pursuance of sub-paragraph (a) of this paragraph that the programme in question does not satisfy the relevant requirements the Licensee shall submit to the Minister, as soon as possible after the date of the determination, a further programme which satisfies the relevant requirements.

(7) The Licensee shall carry out any programme submitted by him in pursuance of this clause as to which either—

- (a) the Minister serves notice in writing on the Licensee stating that the Minister approves the programme; or
- (b) it is determined in consequence of any reference to arbitration in pursuance of this licence that the programme satisfies the relevant requirements;

and any programme approved by the Minister in pursuance of this paragraph shall be deemed for the purposes of this licence to satisfy the relevant requirements.

(8) Where, in consequence of any breach or non-observance by the Licensee of any provision of paragraph (4), (6) or (7) of this clause, the Minister has power by virtue of paragraph (1) of clause 38 of this licence to revoke this licence, he may if he thinks fit exercise that power in relation to such part only of the licensed area as he may specify; and where he does so the rights granted by this licence shall cease in respect of the specified part of that area without prejudice to any obligation or liability imposed upon the Licensee or incurred by him under the terms of this licence.

(9) Where the Licensee has a duty by virtue of this clause to carry out a programme during a part of the term of this licence, the Minister may serve notice in pursuance of paragraph (4) of this clause in respect of another part of that term.

Development  
and produc-  
tion pro-  
grammes.

15.—(1) The Licensee shall not—

- (a) erect or carry out any relevant works, either in the licensed area or elsewhere, for the purpose of getting petroleum from that area or for the purpose of conveying to a place on land petroleum got from that area; or
- (b) get petroleum from that area otherwise than in the course of searching for petroleum or drilling wells,

except with the consent in writing of the Minister or in accordance with a programme which the Minister has approved or served on the Licensee in pursuance of the following provisions of this clause.

(2) The Licensee shall prepare and submit to the Minister, in such

form and by such time and in respect of such period during the term of this licence as the Minister may direct, a programme specifying—

- (a) the relevant works which the Licensee proposes to erect or carry out during that period for either of the purposes mentioned in paragraph (1)(a) of this clause;
- (b) the proposed locations of the works, the purposes for which it is proposed to use the works and the times at which it is proposed to begin and to complete the erection or carrying out of the works;
- (c) the maximum and minimum quantities of petroleum in the form of gas and the maximum and minimum quantities of petroleum in other forms which, in each calendar year during the period aforesaid or in such other periods during that period as the Minister may specify, the Licensee proposes to get as mentioned in paragraph (1)(b) of this clause.

(3) If the Minister directs the Licensee—

- (a) to prepare different programmes in pursuance of paragraph (2) of this clause in respect of petroleum from such different parts of the licensed area as are specified in the direction; or
- (b) where a programme approved or served in pursuance of this clause relates to a particular period during the term of this licence, to prepare a programme or programmes in pursuance of paragraph (2) of this clause in respect of a further period or further periods during that term,

the Licensee shall comply with the direction.

(4) It shall be the duty of the Minister expeditiously to consider any programme submitted to him in pursuance of paragraph (2) of this clause and when he has done so to give notice in writing to the Licensee stating—

- (a) that the Minister approves the programme; or
- (b) that the Minister approves the programme subject to the condition that such of the relevant works as are specified in the notice shall not be used before the expiration of the period so specified in relation to the works or shall not be used without the consent in writing of the Minister; or
- (c) that the Minister rejects the programme on one or both of the following grounds, namely—
  - (i) that the carrying out of any proposals included in the programme in pursuance of paragraph (2) of this clause would be contrary to good oilfield practice;
  - (ii) that the proposals included in the programme in pursuance of sub-paragraph (c) of the said paragraph (2) are, in the opinion of the Minister, not in the national interest;

and a notice in pursuance of sub-paragraph (b) of this paragraph may contain different conditions in respect of different works.

(5) Where the Minister gives notice of rejection of a programme in pursuance of sub-paragraph (c) of paragraph (4) of this clause, then—

SCH. 4

- (a) if the grounds of the rejection consist of or include the ground mentioned in paragraph (i) of that sub-paragraph he shall include in the notice a statement of the matters in consequence of which he rejected the programme on that ground; and
- (b) if the grounds of the rejection consist of or include the ground mentioned in paragraph (ii) of that sub-paragraph he shall include in the notice a statement of the rates at which he considers that, in the national interest, petroleum should be got from the area to which the programme relates; and
- (c) the Licensee shall prepare and submit to the Minister, before the time specified in that behalf in the notice—
  - (i) where the notice contains such a statement as is mentioned in sub-paragraph (a) above, modifications of the programme which ensure that the carrying out of the programme with those modifications would not be contrary to good oilfield practice;
  - (ii) where the notice contains such a statement as is mentioned in sub-paragraph (b) above, modifications of the programme which ensure the getting of petroleum from the area there mentioned at the rates specified in the statement and which (except so far as may be necessary in order to get petroleum at those rates) are not such that the carrying out of the programme with those modifications would be contrary to good oilfield practice;

but the Licensee shall not be required by virtue of paragraph (i) of this sub-paragraph to submit modifications if the carrying out of the programme without modifications would not be contrary to good oilfield practice.

(6) If the Minister gives notice in writing to the Licensee that the Minister approves the modifications of a programme which have been submitted to him in pursuance of sub-paragraph (c) of paragraph (5) of this clause, the programme with those modifications shall be deemed to be approved by the Minister; but if the Licensee fails to perform the duty imposed on him by that sub-paragraph the Minister may if he thinks fit, instead of revoking this licence in consequence of the failure, serve on the Licensee such a programme as the Minister considers that the Licensee should have submitted to him in respect of the area and period to which the rejected programme related.

(7) Where the Minister proposes to approve a programme subject to a condition in pursuance of paragraph (4)(b) of this clause or to reject a programme in pursuance of paragraph (4)(c) of this clause or to serve a programme on the Licensee in pursuance of paragraph (6) of this clause he shall before doing so—

- (a) give the Licensee particulars of the proposal and an opportunity of making representations to the Minister about the technical and financial factors which the Licensee considers are relevant in connection with the proposal; and
- (b) consider any such representations then made to him by the Licensee;

and the Minister shall not approve a programme subject to such a

condition unless he is satisfied that the condition is required in the national interest. SCH. 4

(8) The Licensee shall carry out any programme approved or served on him by the Minister in pursuance of this clause or, if such a programme is varied in pursuance of clause 16 of this licence, the programme as so varied except so far as the Licensee is authorised in writing by the Minister to do otherwise or is required to do otherwise by such a condition as is mentioned in paragraph (4)(b) of this clause; but if it is necessary to carry out certain works in order to comply with provisions included in a programme by virtue of paragraph (5)(c) of this clause or provisions of a programme served on the Licensee in pursuance of paragraph (6) of this clause or provisions of a programme as varied in pursuance of clause 16 of this licence, then, notwithstanding anything in the programme as to the time when those provisions are to be complied with, the Licensee shall not be treated as having failed to comply with those provisions before the expiration of the period reasonably required for carrying out the works.

(9) In this clause “relevant works” means any structures and any other works whatsoever which are intended by the Licensee to be permanent and are neither designed to be moved from place to place without major dismantling nor intended by the Licensee to be used only for searching for petroleum.

16.—(1) A consent given by the Minister in pursuance of clause 15(1) of this licence may be given subject to such conditions as are specified in the document signifying the consent and may in particular, without prejudice to the generality of the preceding provisions of this paragraph, be limited to a period so specified. Provisions supplementary to clause 15.

(2) Where—

- (a) the Minister gives notice in respect of a programme in pursuance of paragraph (4)(a) or (b) or paragraph (6) of clause 15 of this licence or serves a programme in pursuance of the said paragraph (6); or
- (b) it is determined by arbitration that the Licensee is not required by virtue of paragraph (i) of clause 15(5)(c) of this licence to submit modifications of a programme in respect of which notice of rejection containing such a statement as is mentioned in the said paragraph (i) was given by the Minister in pursuance of clause 15(4)(c) of this licence,

the Minister may give to the Licensee, with the notice given or the programme served as mentioned in sub-paragraph (a) of this paragraph or, in a case falling within sub-paragraph (b) of this paragraph, within the period of three months beginning with the date of the arbitrator's or arbiter's determination, a notice (hereafter in this clause referred to as a “limitation notice”) authorising the Minister, by a further notice given to the Licensee from time to time after the expiration of the period specified in that behalf in the limitation notice, to provide that the programme to which the limitation notice relates shall have effect while the further notice is in force with the substitution for any quantity of petroleum or any period specified in the programme in pursuance of clause 15(2)(c) of this licence of a different quantity of petroleum or a different period specified in the further notice.

SCH. 4

(3) A quantity or period specified in such a further notice as that to be substituted for a quantity or period which is specified in the programme in question shall be within the limits specified in the limitation notice as those applicable to that quantity or period specified in the programme; and those limits shall be such as to secure that the expenditure to be incurred by the Licensee in complying with the further notice, in a case where an effect of the notice is to increase the quantity of petroleum which the Licensee is required to get from the licensed area in any period, is less than the cost of drilling a new well in the licensed area at the time when the further notice is given.

(4) Where the Minister proposes to give a limitation notice or any such further notice as aforesaid he shall before doing so—

- (a) give the Licensee particulars of the proposal and an opportunity of making representations to the Minister about the technical and financial factors which the Licensee considers are relevant in connection with the proposal; and
- (b) consider any such representations then made to him by the Licensee;

and the Minister shall not give such a further notice of which an effect is to increase the quantity of petroleum which the Licensee is required to get from the licensed area during any period unless the Minister is satisfied that the notice is required by reason of a national emergency and shall not give any other such further notice as aforesaid, unless he is satisfied that the notice is required in the national interest.

(5) A limitation notice or such a further notice as aforesaid may—

- (a) specify any quantity or period by reference to such factors as the Minister thinks fit; and
- (b) in the case of such a further notice, contain provisions as to—
  - (i) the date when the notice is to come into force,
  - (ii) the date when the notice is to cease to be in force,and specify different dates in pursuance of this sub-paragraph for different provisions of the notice;

and the Minister may revoke such a further notice at a particular time by serving on the Licensee a notice in writing stating that the further notice is revoked at that time.

(6) Any question arising under clause 15 of this licence or this clause as to what is, is not or is required in the national interest or as to what is, or is required by reason of, a national emergency shall be determined by the Minister.

(7) The Licensee shall ensure that any conditions to which an approval is subject in pursuance of clause 15(4)(b) of this licence or a consent is subject in pursuance of paragraph (1) of this clause are complied with.

(8) If in respect of part of the licensed area—

- (a) a consent has been given in pursuance of paragraph (1) of clause 15 of this licence; or
- (b) the Licensee has submitted to the Minister, in accordance with a

direction given by virtue of paragraph (3)(a) of that clause, a programme in pursuance of paragraph (2) of that clause—

- (i) as respects which the Minister has served notice in pursuance of paragraph (4)(a) or (b) or paragraph (6) of that clause, or
- (ii) in consequence of which the Minister has served a programme on the Licensee in pursuance of the said paragraph (6), or
- (iii) in respect of which it has been determined by arbitration that the Licensee is not required by virtue of paragraph (5)(c)(i) of that clause to submit modifications,

paragraph (1) of clause 38 of this licence shall not authorise the Minister to revoke this licence in relation to that part of the licensed area in consequence of any breach or non-observance, while the consent is in force or during the period to which the programme relates, of any provision of the said clause 15 in connection with a different part of the licensed area.

(9) Where in consequence of any breach or non-observance by the Licensee of any provision of clause 15 of this licence the Minister has power by virtue of paragraph (1) of clause 38 of this licence to revoke this licence or, in consequence of paragraph (8) of this clause, to revoke it in respect of part only of the licensed area, he may if he thinks fit—

- (a) in a case where he has power to revoke this licence, exercise the power in relation to such part only of the licensed area as he may specify; and
- (b) in a case where by virtue of the said paragraph (8) he has power to revoke it in respect of part only of the licensed area, exercise the power in relation to such portion only of that part as he may specify;

and where in consequence of the said paragraph (8) or by virtue of the preceding provisions of this paragraph the Minister revokes this licence in respect of a part or portion of the licensed area, the rights granted by this licence shall cease in respect of that part or portion without prejudice to any obligation or liability imposed upon the Licensee or incurred by him under the terms of this licence.

17.—(1) The Licensee shall not commence, or after abandoning in manner hereinafter provided, shall not recommence the drilling of any well without the consent in writing of the Minister.

Commence-  
ment and  
abandonment  
and plugging  
of wells.

(2) The Licensee shall not abandon any well without the consent in writing of the Minister.

(3) The Licensee shall ensure compliance with any conditions subject to which any consent under either of the foregoing paragraphs is given.

(4) If any such condition under paragraph (1) of this clause relates to the position, depth or direction of the well, or to any casing of the well or if any condition under either paragraph (1) or paragraph (2) of this clause relates to any plugging or sealing of the well, the Minister may from time to time direct that the well and all records relating thereto shall be examined in such manner upon such occasions or at such intervals and by such persons as may be specified by the Minister's direction and the

SCH. 4 Licensee shall pay to any such person or to the Minister such fees and expenses for such examination as the Minister may specify.

(5) The plugging of any well shall be done in accordance with a specification approved by the Minister applicable to that well or to wells generally or to a class of wells to which that well belongs and shall be carried out in an efficient and workmanlike manner.

(6) Any well drilled by the Licensee pursuant to this licence, which, at the expiry or determination of the Licensee's rights in respect of the area or part thereof in which that well is drilled, has not with the consent of the Minister been abandoned, shall be left in good order and fit for further working together with all casings and any well head fixtures the removal whereof would cause damage to such well or if the Minister so directs in manner provided by paragraph (8) of this clause be plugged and sealed in accordance with the Minister's direction.

(7) All casings and fixtures left in position pursuant to the last foregoing paragraph shall be the property of the Minister.

(8) In any case to which paragraph (6) of this clause applies, a direction by the Minister may be given by notice in writing to the Licensee not less than one month before the Licensee's rights in respect of the area or part thereof in which the well is situate expire or determine, specifying the manner in which the well is to be plugged and sealed and the time within which such work is to be done.

(9) An application for the consent of the Minister to the drilling of a well at any place above the low water line shall be accompanied by evidence that the planning authority for the relevant place has been consulted about the drilling and that any planning permission required by the Town and Country Planning Act 1971 or the Town and Country Planning (Scotland) Act 1972 for the drilling of that well has been granted.

Distance of wells from boundaries of licensed area.

**18.** No well shall except with the consent in writing of the Minister be drilled or made so that any part thereof is less than one hundred and twenty-five metres from any of the boundaries of the licensed area.

Control of development wells.

**19.—(1)** The Licensee shall not suspend work on the drilling of a development well, or having suspended it in accordance with this paragraph shall not begin it again, except with the consent in writing of the Minister and in accordance with the conditions, if any, subject to which the consent is given.

(2) When work on the drilling of a development well is suspended in accordance with paragraph (1) of this clause, the Licensee shall forthwith furnish the Minister with such information relating to the well as the Minister may specify.

(3) The Licensee—

(a) shall not do any completion work in respect of a well in the

licensed area except in accordance with a programme of completion work approved by the Minister in respect of the well; SCH. 4

- (b) shall furnish to the Minister, in accordance with the provisions of such a programme, particulars of any completion work done by him in respect of a well in the licensed area; and
- (c) shall not remove or alter any casing or equipment installed by way of completion work in respect of a well except with the consent in writing of the Minister and in accordance with the conditions, if any, subject to which the consent is given.

(4) In this clause—

“completion work”, in relation to a well, means work, by way of the installation of a casing or equipment or otherwise after the well has been drilled, for the purpose of bringing the well into use as a development well; and

“development well” means a well which the Licensee uses or intends to use in connection with the getting of petroleum in the licensed area, other than a well which for the time being he uses or intends to use only for searching for petroleum.

**20.** The Licensee shall use methods and practice customarily used in good oilfield practice for confining the petroleum obtained from the licensed area in tanks, gasholders, pipes, pipe-lines or other receptacles constructed for that purpose. Provision of storage tanks, pipes, pipe-lines or other receptacles.

**21.—(1)** The Licensee shall maintain all apparatus and appliances and all wells in the licensed area which have not been abandoned and plugged as provided by clause 17 of this licence in good repair and condition and shall execute all operations in or in connection with the licensed area in a proper and workmanlike manner in accordance with methods and practice customarily used in good oilfield practice and without prejudice to the generality of the foregoing provision the Licensee shall take all steps practicable in order— Avoidance of harmful methods of working.

- (a) to control the flow and to prevent the escape or waste of petroleum discovered in or obtained from the licensed area;
- (b) to conserve the licensed area for productive operations;
- (c) to prevent damage to adjoining petroleum bearing strata;
- (d) to prevent the entrance of water through wells to petroleum bearing strata except for the purposes of secondary recovery; and
- (e) to prevent the escape of petroleum into any waters or water bearing strata in or in the vicinity of the licensed area.

(2) The Licensee shall comply with any instructions from time to time given by the Minister in writing relating to any of the matters set out in the foregoing paragraph. If the Licensee objects to any such instruction on the ground that it is unreasonable he may, within fourteen days from the date upon which the same was given, refer the matter to arbitration in manner provided by clause 39 of this licence.

SCH. 4

(3) Notwithstanding anything in the preceding provisions of this clause, the Licensee shall not—

(a) flare any gas from the licensed area; or

(b) use gas for the purpose of creating or increasing the pressure by means of which petroleum is obtained from that area,

except with the consent in writing of the Minister and in accordance with the conditions, if any, of the consent.

(4) An application for consent in pursuance of paragraph (3) of this clause must be made in writing to the Minister and must specify the date on which the Licensee proposes to begin the flaring or use in question; and subject to paragraph (5) of this clause that date must not be before the expiration of the period of two years beginning with the date when the Minister receives the application.

(5) If the Minister gives notice in writing to the Licensee stating that, in consequence of plans made by the Licensee which the Minister considers are reasonable, the Minister will entertain an application for consent in pursuance of paragraph (3) of this clause which specifies a date after the expiration of a period mentioned in the notice which is shorter than the period mentioned in paragraph (4) of this clause, an application made in consequence of the notice may specify, as the date on which the applicant proposes to begin the flaring or use in question, a date after the expiration of that shorter period.

(6) Before deciding to withhold consent or to grant it subject to conditions in pursuance of paragraph (3) of this clause, the Minister shall give the Licensee an opportunity of making representations in writing to the Minister about the technical and financial factors which the Licensee considers are relevant in connection with the case and shall consider any such representations then made to him by the Licensee.

(7) Consent in pursuance of paragraph (3) of this clause shall not be required for any flaring which, in consequence of an event which the Licensee did not foresee in time to deal with it otherwise than by flaring, is necessary in order—

(a) to remove or reduce the risk of injury to persons in the vicinity of the well in question; or

(b) to maintain a flow of petroleum from that or any other well;

but when the Licensee does any flaring which is necessary as aforesaid he shall forthwith inform the Minister that he has done it and shall, in the case of flaring to maintain a flow of petroleum, stop the flaring upon being directed by the Minister to stop it.

(8) The Licensee shall give notice to the Minister of any event causing escape or waste of petroleum, damage to petroleum bearing strata or entrance of water through wells to petroleum bearing strata except for the purposes of secondary recovery forthwith after the occurrence of that event and shall, forthwith after the occurrence of any event causing escape of petroleum into the sea, give notice of the event to the Chief Inspector of Her Majesty's Coastguard.

(9) The Licensee shall comply with any reasonable instructions from

time to time given by the Minister with a view to ensuring that funds are available to discharge any liability for damage attributable to the release or escape of petroleum in the course of activities connected with the exercise of rights granted by this licence; but where the Minister proposes to give such instructions he shall before giving them—

- (a) give the Licensee particulars of the proposal and an opportunity of making representations to the Minister about the proposal; and
- (b) consider any representations then made to him by the Licensee about the proposal.

22.—(1) The Licensee shall ensure that another person (including, in the case where the Licensee is two or more persons, any of those persons) does not exercise any function of organising or supervising all or any of the operations of searching or boring for or getting petroleum in pursuance of this licence unless that other person is a person approved in writing by the Minister and the function in question is one to which that approval relates.

SCH. 4  
Appointment  
of operators.

(2) The Minister shall not refuse to give his approval of a person in pursuance of paragraph (1) of this clause if that person is competent to exercise the function in question; but where an approved person is no longer competent to exercise that function the Minister may, by notice in writing given to the Licensee, revoke his approval.

23. The Licensee shall not carry out any operations authorised by this licence in or about the licensed area in such manner as to interfere unjustifiably—

Fishing and  
navigation.

- (a) with navigation in any navigable waters; or
- (b) with fishing in or conservation of the living resources of any waters in or in the vicinity of the licensed area.

24. The Licensee shall comply with any instructions from time to time given by the Minister in writing for securing the safety, health and welfare of persons employed in or about the licensed area.

Safety, health  
and welfare  
of employees.

25.—(1) The Minister may from time to time give to the Licensee instructions in writing as to the training of persons employed or to be employed, whether by the Licensee or by any other person, in any activity which is related to the exercise of the rights granted by this licence and the Licensee shall ensure that any instructions so given are complied with.

Training.

(2) The Minister shall not give instructions in pursuance of paragraph (1) of this clause unless he has consulted as to the provisions proposed to be included in such instructions the Petroleum Industry Training Board or such other body of a like nature as may from time to time be carrying on activities of a substantially similar kind to those at present performed by the said Board.

(3) The Licensee shall furnish the Minister with such information relating to the training of persons referred to in paragraph (1) of this clause as the Minister may from time to time request.

SCH. 4  
Unit devel-  
opment.

**26.—(1)** If at any time in which this licence is in force the Minister shall be satisfied that the strata in the licensed area or any part thereof form part of a single geological petroleum structure or petroleum field (hereinafter referred to as “an oil field”) other parts whereof are formed by strata in areas in respect of which other licences granted in pursuance of the Act of 1934 or of that Act as applied by the Act of 1964 are then in force and the Minister shall consider that it is in the national interest in order to secure the maximum ultimate recovery of petroleum and in order to avoid unnecessary competitive drilling that the oil field should be worked and developed as a unit in co-operation by all persons including the Licensee whose licences extend to or include any part thereof the following provisions of this clause shall apply.

(2) Upon being so required by notice in writing by the Minister the Licensee shall co-operate with such other persons, being persons holding licences under the Act of 1934 or that Act as applied by the Act of 1964 in respect of any part or parts of the oil field (hereinafter referred to as “the other Licensees”) as may be specified in the said notice in the preparation of a scheme (hereinafter referred to as “a development scheme”) for the working and development of the oil field as a unit by the Licensee and the other Licensees in co-operation, and shall, jointly with the other Licensees, submit such scheme for the approval of the Minister.

(3) The said notice shall also contain or refer to a description of the area or areas in respect of which the Minister requires a development scheme to be submitted and shall state the period within which such scheme is to be submitted for approval by the Minister.

(4) If a development scheme shall not be submitted to the Minister within the period so stated or if a development scheme so submitted shall not be approved by the Minister, the Minister may himself prepare a development scheme which shall be fair and equitable to the Licensee and all other Licensees, and the Licensee shall perform and observe all the terms and conditions thereof.

(5) If the Licensee shall object to any such development scheme prepared by the Minister he may within 28 days from the date on which notice in writing of the said scheme shall have been given to him by the Minister refer the matter to arbitration in the manner provided by clause 39 hereof.

Licensee to  
keep records.

**27.—(1)** The Licensee shall keep accurate records in a form from time to time approved by the Minister of the drilling, deepening, plugging or abandonment of all wells and of any alterations in the casing thereof. Such records shall contain particulars of the following matters—

- (a) the site of and number assigned to every well;
- (b) the subsoil and strata through which the well was drilled;
- (c) the casing inserted in any well and any alteration to such casing;
- (d) any petroleum, water, mines or workable seams of coal encountered; and
- (e) such other matters as the Minister may from time to time direct.

(2) The Licensee shall keep in the United Kingdom accurate geological plans and maps relating to the licensed area and such other records in relation thereto as may be necessary to preserve all information which the Licensee has about the geology of the licensed area. SCH. 4

(3) The Licensee shall deliver copies of the said records, plans and maps referred to in the two foregoing paragraphs to the Minister as and when required.

**28.**—(1) The Licensee shall furnish to the Minister three months from the date of this licence and at intervals of three months thereafter during the period in which this licence is in force a return in a form from time to time approved by the Minister of the progress of his operations in the licensed area. Such return shall contain— Returns.

- (a) a statement of all geological work, including surveys and tests, which has been carried out and the areas in which and the persons by whom the work has been carried out and the results thereof;
- (b) the number assigned to each well and, in the case of any well the drilling of which was begun or the number of which has been changed during such period of three months, the site thereof;
- (c) a statement of the depth drilled in each well;
- (d) a statement of any petroleum, water, mines or workable seams of coal or other minerals encountered in the course of the said operations; and
- (e) a statement of all petroleum won and saved.

(2) Within two months after the end of each calendar year in which this licence is in force and within two months after the expiration or determination of this licence or any renewal thereof the Licensee shall furnish to the Minister an annual return in a form from time to time approved by the Minister of the operations conducted in the licensed area during that year or the period prior to such expiration or determination as the case may be together with a plan upon a scale approved by the Minister showing the situation of all wells. The Licensee shall also indicate on the said plan all development and other works executed by him in connection with searching, boring for or getting petroleum.

(3) The Licensee shall furnish the Minister with such information as the Minister may from time to time request about any aspect of activities of the Licensee which are attributable directly or indirectly to the grant of this licence, except that the Licensee shall not by virtue of this paragraph be required to furnish information in respect of his activities in connection with any crude oil after he has appropriated it for refining by him.

**29.**—(1) As far as reasonably practicable the Licensee shall correctly label and preserve for reference for a period of five years samples of the strata encountered in any well (including, where the site of such well is on land covered by water, the surface of such land) and samples of any petroleum or water discovered in any well in the licensed area. Licensee to keep samples.

- SCH. 4
- (2) The Licensee shall not dispose of any sample after the expiry of the said period of five years unless—
- (a) he has at least six months before the date of the disposal given notice in writing to the Minister of his intention to dispose of the sample; and
  - (b) the Minister or any person authorised by him has not within the said period of six months informed the Licensee in writing that he wishes the sample to be delivered to him.
- (3) The Minister or any person authorised by him shall be entitled at any time—
- (a) to inform the Licensee in writing that he wishes part of any sample preserved by the Licensee to be delivered to him; or
  - (b) to inspect and analyse any sample preserved by the Licensee.
- (4) The Licensee shall forthwith comply with any request for the delivery of the whole or any part of any sample which is made in accordance with the preceding provisions of this clause.

Reports to be treated as confidential.

**30.** All records, returns, plans, maps, samples, accounts and information (in this clause referred to as “the specified data”) which the Licensee is or may be from time to time required to furnish under the provisions of this licence shall be supplied at the expense of the Licensee and shall not (except with the consent in writing of the Licensee which shall not be unreasonably withheld) be disclosed to any person not in the service or employment of the Crown:

Provided that—

- (i) the Minister shall be entitled at any time to make use of any of the specified data for the purpose of preparing and publishing such returns and reports as may be required of the Minister pursuant to the Petroleum and Submarine Pipe-lines Act 1975 or otherwise required by law;
- (ii) the Minister shall be entitled at any time to furnish any of the specified data to the Natural Environment Research Council and to any other body of a like nature as may from time to time be carrying on activities of a substantially similar kind to the geological activities at present carried on by the said Council;
- (iii) the Minister, the said Council and any other such body shall be entitled at any time to prepare and publish reports and surveys of a general nature using information derived from any of the specified data;
- (iv) the Minister, the said Council and any such other body shall be entitled to publish any of the specified data of a geological, scientific or technical kind after the expiration of the period of five years beginning with the date when the Minister received the data or after the expiration of such longer period as the Minister may determine after considering any representations made to him by the Licensee about the publication of data in pursuance of this sub-paragraph.

**31. The Licensee shall—**

SCH. 4

- (a) permit any person in the service or employment of the Crown who is appointed by the Minister for the purpose to inspect, and to take copies of and make notes from, all books, papers, maps and other records of any kind kept by the Licensee in pursuance of this licence or in connection with activities about which the Minister is entitled to obtain information in pursuance of clauses 25(3) and 28(3) of this licence; and
- (b) furnish that person at reasonable times with such information and provide him at reasonable times with such reasonable assistance as he may request in connection with or arising out of an inspection in pursuance of this clause.

Inspection of records, etc.

**32. Any person or persons authorised by the Minister shall be entitled at all reasonable times to enter into and upon any land for the time being possessed or occupied by the Licensee in the licensed area or to enter into and upon any of the Licensee's installations or equipment used or to be used in connection with searching, boring for or getting petroleum in the licensed area for the purposes hereinafter mentioned—**

Rights of access.

- (a) to examine the installations, wells, plant, appliances and works made or executed by the Licensee in pursuance of this licence and the state of repair and condition thereof; and
- (b) to execute any works or to provide and install any equipment which the Minister may be entitled to execute or provide and install in accordance with the provisions hereof.

**33. If the Licensee shall at any time fail to perform the obligations arising under the terms and conditions of any of clauses 12, 17, 20, 21 or 24 of this licence the Minister shall be entitled, after giving to the Licensee reasonable notice in writing of such his intention, to execute any works and to provide and install any equipment which in the opinion of the Minister may be necessary to secure the performance of the said obligations or any of them and to recover the costs and expenses of so doing from the Licensee.**

Power to execute works.

**34. If and whenever any of the payments mentioned in clause 8(1) of this licence or any part thereof shall be in arrear or unpaid for 28 days next after any of the days whereon the same ought to be paid (whether the same shall have been legally demanded or not) then and so often as the same may happen the Minister may (as an additional remedy and without prejudice to the power of distress and any other rights and remedies to which he would be entitled) enter into and upon any land which shall for the time being be possessed or occupied by the Licensee for the purposes of this licence or the exercise of any of the rights thereby granted or into and upon any of the Licensee's installations and equipment used or to be used in connection with searching, boring for or getting petroleum in the licensed area and may seize and distrain and sell as a landlord may do for rent in arrear all or any of the stocks of petroleum, engines, machinery, tools, implements, chattels and effects belonging to the Licensee which shall be found in or upon or about the land, installations and equipment so entered upon and out of the moneys**

Right of distress.

SCH. 4 arising from the sale of such distress may retain and pay all the arrears of the said payments and also the costs and expenses incident to any such distress and sale rendering the surplus (if any) to the Licensee.

*Note: When the licensed area is situate in Scotland or in waters adjacent thereto the following provision will be substituted for the foregoing clause.*

34. If and whenever any of the payments mentioned in clause 8(1) of this licence or any part thereof shall be in arrear or unpaid for 28 days next after any of the days whereon the same ought to be paid (whether the same shall have been legally demanded or not) then and so often as the same may happen the Minister may (as an additional remedy and without prejudice to any other rights and remedies to which he would be entitled) do diligence in respect thereof in like manner as a landlord may do diligence in respect of unpaid arrears of rent and such diligence shall be effectual to attach all or any of the stocks of petroleum, engines, machinery, tools, implements and other effects belonging to the Licensee which shall be found in or upon any land which shall for the time being be possessed or occupied by the Licensee for the purposes of this licence or the exercise of any of the rights thereby granted or on or about any of the Licensee's installations and equipment used or to be used in connection with searching, boring for or getting petroleum in the licensed area, and where in pursuance of such a diligence a sale of such effects as shall have been attached thereby takes place the Minister may out of the proceeds thereof retain and pay all the arrears of the said payments and also the expenses of and incident to such diligence and sale and shall pay the surplus thereof (if any) to the Licensee.

Indemnity  
against third  
party claims.

35. The Licensee shall at all times keep the Minister effectually indemnified against all actions, proceedings, costs, charges, claims and demands whatsoever which may be made or brought against the Minister by any third party in relation to or in connection with this licence or any matter or thing done or purported to be done in pursuance thereof.

Advertise-  
ments,  
prospectuses,  
etc.

36. No statement shall be made either in any notice, advertisement, prospectus or other document issued by or to the knowledge of the Licensee or in any other manner claiming or suggesting whether expressly or by implication that Her Majesty or any Government Department or any person or body acting on behalf of Her Majesty has or have formed or expressed any opinion that the licensed area is from its geological formation or otherwise one in which petroleum is likely to be obtainable.

Restrictions  
on assign-  
ment, etc.

37.—(1) The Licensee shall not, except with the consent in writing of the Minister and in accordance with the conditions (if any) of the consent, do anything whatsoever whereby, under the law (including the rules of equity) of any part of the United Kingdom or of any other place, any right granted by this licence or derived from a right so granted becomes exercisable by or for the benefit of or in accordance with the directions of another person.

(2) The Licensee shall not enter into any agreement providing for a person other than the Licensee to become entitled to, or to any proceeds of sale of, any petroleum which, at the time when the agreement is made, has not been but may be won and saved from the licensed area unless the

terms of the agreement have been approved in writing by the Minister either unconditionally or subject to conditions; but the preceding provisions of this paragraph do not apply to—

- (a) an agreement for the sale of such petroleum under which the price is payable after the petroleum is won and saved; and
- (b) an agreement in so far as it provides that, after any petroleum has been won and saved from the licensed area, it shall be exchanged for other petroleum.

(3) The Licensee shall not, without the consent of the Minister, dispose of any petroleum won and saved in the licensed area or any proceeds of sale of such petroleum in such a manner that the disposal does, to the knowledge of the Licensee or without his knowing it, fulfil or enable another person to fulfil obligations which a person who controls the Licensee, or a person who is controlled by a person who controls the Licensee, is required to fulfil by an agreement which, if the person required to fulfil the obligations were the Licensee, would be an agreement of which the terms require approval by virtue of paragraph (2) of this clause; and subsections (2) and (4) to (6) of section 302 of the Income and Corporation Taxes Act 1970 shall apply, for the purpose of determining whether for the purposes of this paragraph a person has control of another person, with the following modifications, namely—

- (a) for the words “the greater part” wherever they occur in the said subsection (2) there shall be substituted the words “one-third or more”; and
- (b) in the said subsection (6), for the word “may” there shall be substituted the word “shall”, the words from “and such attributions” onwards shall be omitted and in the other provisions of that subsection any reference to an associate of a person shall be construed as including only a relative of his (as defined by section 303(4) of that Act), a partner of his and a trustee of a settlement (as defined by section 454(3) of that Act) of which he is a beneficiary.

(4) Where the Licensee is two or more persons, then, without prejudice to the preceding provisions of this clause, none of those persons shall enter into an agreement with respect to the entitlement of any of them to—

- (a) the benefit of any right granted by this licence; or
- (b) any petroleum won and saved from the licensed area; or
- (c) any proceeds of sale of such petroleum,

unless the terms of the agreement have been approved in writing by the Minister; but the preceding provisions of this paragraph do not apply to an agreement for the sale of such petroleum under which the price is payable after the petroleum is won and saved and an agreement in so far as it provides that, after any petroleum has been won and saved from the licensed area, it shall be exchanged for other petroleum.

38.—(1) If any of the events specified in the following paragraph shall occur then and in any such case the Minister may revoke this licence and thereupon the same and all the rights hereby granted shall cease and determine but subject nevertheless and without prejudice to any

Power of re-  
vocation.

SCH. 4 obligation or liability incurred by the Licensee or imposed upon him by or under the terms and conditions hereof.

- (2) The events referred to in the foregoing paragraph are—
- (a) any payments mentioned in clause 8(1) of this licence or any part thereof being in arrear or unpaid for two months next after any of the days whereon the same ought to have been paid;
  - (b) any breach or non-observance by the Licensee of any of the terms and conditions of this licence;
  - (c) the bankruptcy of the Licensee;
  - (d) the making by the Licensee of any arrangement or composition with his creditors;
  - (e) if the Licensee is a company, the appointment of a receiver or any liquidation whether compulsory or voluntary;
  - (f) any breach or non-observance by the Licensee of the terms and conditions of a development scheme;
  - (g) the Licensee's ceasing in the case of a company to have its central management and control in the United Kingdom;
  - (h) any breach of a condition subject to which the Minister gave his approval in pursuance of clause 37(2) of this licence;
  - (i) any breach of clause 37(4) of this licence;

and where two or more persons are the Licensee any reference to the Licensee in sub-paragraphs (c) to (g) of this paragraph is a reference to any of those persons.

(3) The Minister may revoke this licence, with the like consequences as are mentioned in paragraph (1) of this clause, if—

- (a) the Licensee is a company; and
- (b) there is a change in the control of the Licensee; and
- (c) the Minister serves notice in writing on the Licensee stating that the Minister proposes to revoke this licence in pursuance of this paragraph unless such a further change in the control of the Licensee as is specified in the notice takes place within the period of three months beginning with the date of service of the notice; and
- (d) that further change does not take place within that period.

(4) There is a change in the control of the Licensee for the purposes of paragraph (3)(b) of this clause whenever a person has control of the Licensee who did not have control of the Licensee when this licence was granted; and subsections (2) and (4) to (6) of section 302 of the Income and Corporation Taxes Act 1970 shall apply, for the purpose of determining whether for the purposes of this paragraph a person has or had control of the Licensee, with the modifications specified in clause 37(3) of this licence.

(5) Where two or more persons are the Licensee and any of them is a company, paragraphs (3) and (4) of this clause shall have effect as if—

- (a) sub-paragraph (a) of paragraph (3) were omitted;

- (b) in sub-paragraph (b) of that paragraph, after the word “of” there were inserted the words “any company included among the persons who together constitute”; and
- (c) for the word “Licensee” in any other provision of those paragraphs there were substituted the word “company”.

39.—(1) If at any time any dispute, difference or question shall arise between the Minister and the Licensee as to any matter arising under or by virtue of this licence or as to their respective rights and liabilities in respect thereof then the same shall, except where it is expressly provided by this licence that the matter or thing to which the same relates is to be determined, decided, directed, approved or consented to by the Minister, be referred to arbitration as provided by the following paragraph. Arbitration.

(2) The arbitration referred to in the foregoing paragraph shall be in accordance with the Arbitration Act 1950 by a single arbitrator who, in default of agreement between the Minister and the Licensee and, in the case of arbitration in relation to a development scheme, other Licensees affected by that scheme, as to his appointment, shall be appointed by the Lord Chief Justice of England for the time being.

(3) In the case of any such arbitration which relates to a development scheme the Licensee shall unless the arbitrator otherwise determines perform and observe the terms and conditions of the development scheme pending the decision of the arbitrator.

*Note: When the licensed area is situate in Scotland or in waters adjacent thereto the following provisions will be substituted for the last two foregoing paragraphs.*

(2) The arbitration referred to in the foregoing paragraph shall be by a single arbiter who, in default of agreement between the Minister and the Licensee and, in the case of arbitration relating to a development scheme, other Licensees affected by that scheme, as to this appointment, shall be appointed by the Lord President of the Court of Session.

(3) In the case of any such arbitration which relates to a development scheme the Licensee shall unless the arbiter otherwise determines perform and observe the terms and conditions of the development scheme pending the decision of the arbiter.

*Note: Schedules to each Licence will (1) describe the area to which the Licence relates, (2) provide for the payment by the Licensee of sums which may include initial payments on the grant of the Licence and annual payments payable in advance, (3) specify rates at which royalty is to be assessed, (4) set out working obligations.*

*Licences will be executed as deeds in duplicate by all parties thereto.*

described in Schedule 1 to this Licence being the area comprising block(s) SCH. 5  
No. on the reference map deposited at the principal office of the  
Department of Energy:

Provided that nothing in this licence shall affect the right of the Minister to grant a methane drainage licence in respect of the whole or any part of the licensed area or affect the exercise of any rights so granted.

Note: *The reference to the Act of 1964 is to be omitted where the licensed area is not in an area designated pursuant to that Act.*

3. This licence unless sooner determined under any of the provisions hereof shall be and continue in force for the term of six years next after (hereinafter called "the initial term"); but if the terms and conditions hereof are duly performed and observed and, in particular, if the work programme described in Schedule 4 to this licence has been duly performed, it may be continued for a further term of thirty years as hereinafter provided. Term of licence.

4.—(1) At any time not later than three months before the expiration of the initial term the Licensee paying the payments and royalties hereinafter provided and observing and performing the terms and conditions herein contained may give notice in writing to the Minister that he desires the licence to continue as to a part of the licensed area (hereinafter called "the continuing part") in the manner hereinafter provided and to determine as to the residue thereof (hereinafter called "the surrendered part"). Option to continue licence as to part of the licensed area.

(2) Such notice shall—

- (a) describe the surrendered part which shall be an area which shall together with any area previously surrendered in accordance with clause 5 hereof—
- (i) if the area originally comprised in this licence consisted of sixty or more sections, be not less than half the number of such sections; or
  - (ii) if the area originally comprised in this licence consisted of more than thirty but less than sixty sections, be such a number of sections as will leave a continuing part consisting of thirty sections;

provided that if the area originally comprised in this licence consisted of not more than thirty sections the Licensee shall not be obliged to surrender any part of the licensed area and provided that any area surrendered in accordance with this clause shall comply with clause 6 hereof; and

- (b) specify a date (hereinafter called "the surrender date") not later than the expiry of the initial term upon which the surrendered part is to be surrendered.

(3) The Licensee may at any time not less than one month before the surrender date give further notice in writing to the Minister varying the part of the licensed area to be surrendered and in the event of such further notice being given the provisions of the previous paragraphs of this clause

SCH. 5 shall apply *mutatis mutandis* to such notice but so that the surrender date specified in such notice shall be the same as that specified in the first notice.

(4) This licence shall upon the option conferred by this clause being duly exercised but subject to the provisions of clause 3 of this licence continue in respect of the continuing part for a term of thirty years next after the surrender date.

Right of licensee to determine licence or surrender part of licensed area.

5.—(1) Without prejudice to any obligation or liability imposed by or incurred under the terms hereof the Licensee may at any time by giving to the Minister not less than six months' notice in writing to that effect to expire on an anniversary of the date of commencement of the initial term, determine this licence or surrender any part of the licensed area being a part which complies with clause 6 hereof.

(2) A notice given pursuant to paragraph (1) of this clause may be cancelled by a further notice in writing given to the Minister not less than one month before the expiration of the notice.

Areas surrendered.

6.—(1) Within a block any area surrendered by the Licensee pursuant to either clause 4 or clause 5 of this licence and any area accordingly retained by him or, where the surrendered or retained area comprises separate parts, each part of each area shall, unless the Minister has otherwise agreed in writing before the date at which the appropriate notice is given by the Licensee to the Minister,—

- (a) be bounded by minute lines of latitude extending not less than two minutes of longitude and minute lines of longitude extending not less than two minutes of latitude;
- (b) subject to clause 4(2)(a) hereof, consist of not less than thirty sections; and
- (c) have boundaries which, whether they run north and south or east and west, either coincide with the corresponding boundaries of the block or are not less than two sections distant from those boundaries;

and where the surrendered or retained area comprises separate parts, each part of that area shall be not less than two sections distant from any other part of that area.

(2) Upon the date upon which any determination of this licence or any surrender of part of the licensed area in manner provided by either clause 4 or clause 5 of this licence is to take effect the rights granted by this licence shall cease in respect of the licensed area or of the part so surrendered as the case may be but without prejudice to any obligation or liability imposed upon the Licensee or incurred by him under the terms of this licence prior to that date.

Payment of consideration for licence.

7.—(1) The Licensee shall make to the Minister as consideration for the grant of this licence—

- (a) payments of royalty in accordance with clauses 8 and 9 of this licence;

- (b) deliveries of petroleum in accordance with clause 10 of this licence; and
- (c) payments in accordance with Schedule 2 to this licence.

(2) The Licensee shall not by reason of determination of the licence or surrender of any part of the licensed area be entitled to be repaid or allowed any sum payable to the Minister pursuant to this licence before the date of determination or surrender.

8.—(1) Subject to paragraphs (2) to (4) of this clause the Licensee shall pay to the Minister, in respect of each half year in which this licence is in force (hereafter in this clause and in clause 9 of this licence referred to as a “chargeable period”), a royalty of an amount equal to the percentage specified in Schedule 3 to this licence (hereinafter referred to as “the appropriate percentage”) of the value of the petroleum relating to that period. Royalty payments.

(2) The Licensee shall not be required to make a payment in pursuance of paragraph (1) of this clause in respect of a chargeable period if he is required by virtue of clause 10 of this licence to deliver to the Minister all the royalty petroleum for that period.

(3) The Licensee shall not be required to make a payment in pursuance of paragraph (1) of this clause in respect of a chargeable period if he is required by virtue of clause 10 of this licence to deliver to the Minister some but not all of the royalty petroleum for that period; but in respect of that period the Licensee shall, subject to paragraph (4) of this clause, pay to the Minister a royalty of an amount determined in accordance with the formula—

$$\frac{A(B-C)}{100-C}$$

where A is the value of the petroleum relating to that period B is the appropriate percentage and C is the number of per cent. in the percentage which the royalty petroleum required to be delivered to the Minister in that period is of the petroleum won and saved in the licensed area in that period.

(4) Where in a chargeable period in respect of which, apart from this paragraph, royalty is payable in pursuance of paragraph (3) of this clause, the petroleum won and saved in the licensed area includes both petroleum in the form of gas and petroleum in other forms, that paragraph shall have effect—

- (a) in relation to the petroleum in the form of gas, as if references to petroleum in the provisions of that paragraph relating to the meaning of A and C excluded petroleum in other forms; and
- (b) in relation to the petroleum in other forms, as if those references excluded petroleum in the form of gas;

and in such a case the value of the petroleum relating to that period shall be apportioned between the petroleum in the form of gas and the petroleum in other forms in such manner as the Minister and the Licensee may agree.

SCH. 5

(5) For the purposes of this clause and clause 9 of this licence the value of the petroleum relating to a chargeable period is, subject to paragraph (6) of this clause, the total of the amounts which, if the words “one-half of” were omitted from paragraph (b) of subsection (4) and paragraph (d) of subsection (5) of section 2 of the Oil Taxation Act 1975, would in pursuance of paragraph (a) of the said subsection (4) fall to be taken into account in relation to that period in respect of the persons who by reference to this licence are or are treated as participators for the purposes of those subsections, reduced by the total of the market values which would in pursuance of the said paragraph (b) fall to be taken into account as aforesaid.

(6) The value which, in pursuance of paragraph (5) of this clause, is the value of the petroleum relating to a chargeable period shall be increased by an amount equal to the value, as determined for the purposes of income tax or the charge of corporation tax on income, of so much of the petroleum won and saved in the licensed area as falls within section 10(1) of the Oil Taxation Act 1975 and was in that period disposed of or relevantly appropriated (within the meaning of Part I of that Act) by the persons mentioned in the said paragraph (5).

(7) In this clause “royalty petroleum”, in relation to a chargeable period, means the petroleum which by virtue of clause 10 of this licence the Minister is entitled to require the Licensee to deliver to him in that period.

Provisions  
supplemen-  
tary to clause  
8.

9.—(1) The Licensee shall, within two months after the end of each chargeable period, deliver to the Minister, in such form as the Minister may specify, a statement of—

- (a) the quantity of petroleum won and saved in the licensed area in that period;
- (b) the quantity of that petroleum delivered to the Minister in that period in pursuance of clause 10 of this licence; and
- (c) the amounts of the prices and market values which are required by paragraph 2 of Schedule 2 to the Oil Taxation Act 1975 to be stated in the returns made for that period in pursuance of that paragraph in consequence of this licence.

(2) The Licensee shall, when he delivers a statement to the Minister in pursuance of paragraph (1) of this clause for a chargeable period in respect of which royalty is payable in pursuance of clause 8(1) of this licence, make to the Minister a payment on account of royalty for that period equal to the appropriate percentage of the sum produced by aggregating the amounts which in pursuance of sub-paragraph (c) of paragraph (1) of this clause are specified in the statement and reducing the aggregate by the amount which, by virtue of paragraph 2(2)(d)(ii) of Schedule 2 to the said Act of 1975, was specified in the statement delivered to the Minister in pursuance of the said paragraph (1) in respect of the preceding chargeable period.

(3) The Licensee shall, when he delivers a statement to the Minister in pursuance of paragraph (1) of this clause for a chargeable period in respect of which royalty is payable in pursuance of clause 8(3) or (4) of

this licence, make to the Minister a payment on account of royalty for that period equal to the amount which would be so payable for that period if the royalty so payable for that period fell to be determined by reference to the amounts specified in the statement and the amount which, by virtue of paragraph 2(2)(d)(ii) of Schedule 2 to the Oil Taxation Act 1975, was specified in the statement delivered to the Minister in pursuance of paragraph (1) of this clause in respect of the preceding chargeable period. SCH. 5

(4) The Minister may from time to time, after a statement in respect of any chargeable period has been delivered to him in pursuance of paragraph (1) of this clause and before he has given to the Licensee a notice in pursuance of paragraph (5) of this clause in respect of that period, give a notice in writing to the Licensee specifying the amount which the Minister estimates is payable by the Licensee in pursuance of clause 8 of this licence in respect of that period; and where the amount specified in the notice is larger or smaller than the total amount already paid by the Licensee in pursuance of this clause in respect of that period, then—

- (a) if it is larger the difference shall be paid forthwith by the Licensee to the Minister; and
- (b) if it is smaller the difference shall be paid forthwith by the Minister to the Licensee.

(5) When it appears to the Minister that the value of the petroleum relating to any chargeable period has been finally determined for tax purposes, he may give to the Licensee a notice in writing specifying the amount which the Minister considers is payable by the Licensee in pursuance of clause 8 of this licence in respect of that period; and where the amount specified in the notice is larger or smaller than the total amount already paid by the Licensee in pursuance of this clause in respect of that period, then, subject to paragraph (7) of this clause—

- (a) if it is larger the difference shall be paid forthwith by the Licensee to the Minister; and
- (b) if it is smaller the difference shall be paid forthwith by the Minister to the Licensee.

(6) If after the date when the Minister gave notice to the Licensee in pursuance of paragraph (5) of this clause or this paragraph in respect of a chargeable period it appears to the Minister, in consequence of a relevant assessment or determination made after that date which relates directly or indirectly to the value of petroleum by reference to which the amount specified in the notice was determined, that another amount ought to have been so specified, he may give notice in writing to the Licensee specifying the other amount; and where he does so, then subject to paragraph (7) of this clause—

- (a) if the other amount is larger than the total amount already paid by the Licensee in pursuance of this clause in respect of that period the difference shall be paid forthwith by the Licensee to the Minister; and
- (b) if it is smaller the difference shall be paid forthwith by the Minister to the Licensee.

SCH. 5

(7) A decision made by the Minister for the purposes of paragraph (4), (5) or (6) of this clause shall not be called in question by the Licensee except that any dispute between the Minister and the Licensee as to whether an amount specified in a notice given in pursuance of the said paragraph (5) or (6) is payable by virtue of clause 8 of this licence may be referred to arbitration in the manner provided by clause 40 of this licence; and on a reference to arbitration in pursuance of this paragraph any relevant assessment or determination for the time being in force shall be binding on the Minister and the Licensee so far as the assessment or determination relates directly or indirectly to the value of petroleum relating to the chargeable period in question.

(8) When any payment is made by the Licensee or the Minister in pursuance of paragraph (4), (5) or (6) of this clause, an amount in respect of interest on the payment shall also be payable by him to the recipient of the payment and that amount shall be calculated in such manner as the Minister may specify from time to time in a notice in writing given by him to the Licensee; but—

- (a) a notice in pursuance of this paragraph shall provide for amounts by way of interest to be calculated by applying a rate of interest which is for the time being a commercial rate of interest; and
- (b) any such amount in respect of interest shall be disregarded in calculating for the purposes of the said paragraph (4) or (5) any amount already paid by the Licensee in pursuance of this clause.

(9) In this clause “relevant assessment or determination” means an assessment or determination made by the Commissioners of Inland Revenue for the purposes of petroleum revenue tax, income tax or the charge of corporation tax on income or a determination made in proceedings arising out of such an assessment or determination made by the said Commissioners.

(10) For the purposes of this clause any amount paid by the Licensee or the Minister on account of a prospective liability under paragraph (4), (5) or (6) of this clause shall be treated as paid in pursuance of that paragraph.

Deliveries of  
petroleum in  
place of  
royalties.

**10.—(1)** If during the term of this licence the Minister serves on the Licensee a notice in writing in accordance with the following provisions of this clause requiring the Licensee to deliver to the Minister part of the petroleum won and saved by the Licensee in the licensed area, the Licensee shall comply with the notice.

(2) Where the Minister proposes to serve a notice on the Licensee in pursuance of paragraph (1) of this clause, he shall before doing so—

- (a) give the Licensee a copy of the proposed notice and an opportunity of making representations to the Minister about it; and
- (b) consider any representations then made to him by the Licensee about the proposed notice;

and the Minister shall, in deciding upon the terms of the actual notice, have regard to the desirability of not disturbing unduly any arrangements made by the Licensee for transporting and delivering petroleum won and saved from the licensed area.

(3) Subject to paragraph (4) of this clause, a notice served in pursuance of paragraph (1) of this clause—

- (a) shall specify the date on which the notice is to come into force and may contain provisions with respect to the time when it shall cease to be in force;
- (b) shall specify the quantity of petroleum won and saved in the licensed area during each half year in which the notice is in force which, up to any maximum quantities specified in the notice in pursuance of paragraph (4)(b) of this clause, is to be delivered to the Minister in consequence of the notice;
- (c) may relate to all petroleum so won and saved or may be limited to and specify different quantities of such petroleum which is of one or more of the following kinds, namely, crude oil, condensate, natural gas and natural gas liquids, in each case of a quality or composition or of each quality or composition determined in the manner specified in the notice;
- (d) shall contain provisions with respect to the place or places at which any petroleum or kind of petroleum is to be delivered in pursuance of the notice and may contain provisions with respect to the times at which any quantities of it are to be so delivered.

(4) Such a notice—

- (a) shall not specify as the date on which it is to come into force a date before the expiration of the period of six months beginning with the date on which the notice is served on the Licensee but shall, if the Minister serves on the Licensee a further notice in writing stating that it is to cease to be in force at a time specified in the further notice which is not earlier than six months after the date of service of the further notice, cease to be in force at that time;
- (b) shall not specify, as the quantity of petroleum won and saved in any half year which is to be delivered in pursuance of the notice or as the quantity of any kind of such petroleum, a quantity greater than the appropriate percentage of all the petroleum, or as the case may be of all the petroleum of that kind, which is won and saved by the Licensee in the licensed area in that half year, but may provide that the quantities of the petroleum or of a kind of petroleum so won and saved which are to be so delivered shall not in the aggregate exceed a quantity specified in the notice;
- (c) shall not specify, or enable to be specified, as a place at which delivery is to be made in pursuance of the notice a place which is neither a point at sea at which the Licensee normally loads, nor a point on land at which the Licensee normally lands, petroleum of any kind from that area.

11.—(1) The Licensee shall measure or weigh by a method or methods customarily used in good oilfield practice and from time to time approved by the Minister all petroleum won and saved from the licensed area.

Measurement of petroleum obtained from the licensed area.

(2) The Licensee shall not make any alteration in the method or methods of measurement or weighing used by him or any appliances used

SCH. 5 for that purpose without the consent in writing of the Minister and the Minister may in any case require that no alteration shall be made save in the presence of a person authorised by the Minister.

(3) The Minister may from time to time direct that any weighing or measuring appliance shall be tested or examined in such manner, upon such occasions or at such intervals and by such persons as may be specified by the Minister's direction and the Licensee shall pay to any such person or to the Minister such fees and expenses for test or examination as the Minister may specify.

(4) If any measuring or weighing appliance shall upon any such test or examination as is mentioned in the last foregoing paragraph be found to be false or unjust the same shall if the Minister so determines after considering any representations in writing made by the Licensee be deemed to have existed in that condition during the period since the last occasion upon which the same was tested or examined pursuant to the last foregoing paragraph.

Keeping of accounts.

**12.—(1)** The Licensee shall keep in the United Kingdom full and correct accounts in a form from time to time approved by the Minister of—

- (a) the quantity of petroleum in the form of gas won and saved;
- (b) the quantity of petroleum in any other form won and saved;
- (c) the name and address of any person to whom any petroleum has been supplied by the Licensee, the quantity so supplied, the price or other consideration therefor and the place to which the petroleum was conveyed pursuant to the agreement for such supply; and
- (d) such other particulars as the Minister may from time to time direct.

(2) The quantities of petroleum stated in such accounts may exclude any water separated from the petroleum and shall be expressed as volumes in cubic metres measured at, or calculated as if measured at, a temperature of 15 degrees Celsius and a pressure of 1.0132 bar but if the Minister serves notice in writing on the Licensee determining any other manner in which any quantity of petroleum or any quantity of any form of petroleum is to be expressed that quantity shall be so expressed.

(3) Such accounts shall state separately the quantities used for the purposes of carrying on drilling and production operations and pumping to field storage, and quantities not so used, and in the case of petroleum not in the form of gas shall state the specific gravity of the petroleum and, if petroleum of different specific gravities has been won and saved, the respective quantities of petroleum of each specific gravity.

(4) The Licensee shall within two months after the end of each half year in which this licence is in force and within two months after the expiration or determination of this licence deliver to the Minister an abstract in a form from time to time approved by the Minister of the accounts for that half year or for the period prior to such expiration or determination as the case may be.

13.—(1) The Licensee shall before the expiry of the initial term of this licence carry out such scheme of prospecting including any geological survey by any physical or chemical means and such programme of test drilling (hereinafter collectively referred to as a “work programme”) as may be set out in Schedule 4 to this licence.

SCH. 5  
Working  
obligations.

(2) If at any time the Minister serves a notice in writing on the Licensee requiring him to submit to the Minister, before a date specified in the notice, an appropriate programme for exploring for petroleum in the licensed area during a period so specified, the Licensee shall comply with the notice; and for the purposes of this paragraph an appropriate programme is one which any person who, if he—

- (a) were entitled to exploit the rights granted by this licence; and
- (b) had the competence and resources needed to exploit those rights to the best commercial advantage; and
- (c) were seeking to exploit those rights to the best commercial advantage,

could reasonably be expected to carry out during the period specified in the notice, and that period must be within the term of this licence.

(3) If a programme is submitted to the Minister in consequence of a notice served by him in pursuance of paragraph (2) of this clause, then—

- (a) he shall not be entitled to revoke this licence on the ground that the programme does not satisfy the requirements of that paragraph (hereafter in this clause referred to as “the relevant requirements”); but
- (b) if he is of opinion that the programme does not satisfy the relevant requirements he may serve a notice in writing on the Licensee stating his opinion and the reasons for it.

(4) Where notice in respect of a programme is served on the Licensee in pursuance of paragraph (3) of this clause he shall either—

- (a) within 28 days beginning with the date of service of the notice refer to arbitration, in the manner provided by clause 40 of this licence, the question of whether the programme satisfies the relevant requirements; or
- (b) within a reasonable period beginning with that date submit to the Minister a further programme which satisfies the relevant requirements;

and where it is determined in consequence of any reference to arbitration in pursuance of sub-paragraph (a) of this paragraph that the programme in question does not satisfy the relevant requirements the Licensee shall submit to the Minister, as soon as possible after the date of the determination, a further programme which satisfies the relevant requirements.

(5) The Licensee shall carry out any programme submitted by him in pursuance of this clause as to which either—

- (a) the Minister serves notice in writing on the Licensee stating that the Minister approves the programme; or

SCH. 5

- (b) it is determined in consequence of any reference to arbitration in pursuance of this licence that the programme satisfies the relevant requirements;

and any programme approved by the Minister in pursuance of this paragraph shall be deemed for the purposes of this licence to satisfy the relevant requirements.

(6) Where, in consequence of any breach or non-observance by the Licensee of any provision of paragraph (2), (4) or (5) of this clause, the Minister has power by virtue of paragraph (1) of clause 39 of this licence to revoke this licence, he may if he thinks fit exercise that power in relation to such part only of the licensed area as he may specify; and where he does so the rights granted by this licence shall cease in respect of the specified part of that area without prejudice to any obligation or liability imposed upon the Licensee or incurred by him under the terms of this licence.

(7) Where the Licensee has a duty by virtue of this clause to carry out a programme during a part of the term of this licence, the Minister may serve notice in pursuance of paragraph (2) of this clause in respect of another part of that term.

Development  
and produc-  
tion pro-  
grammes.

14.—(1) The Licensee shall not—

- (a) erect or carry out any relevant works, either in the licensed area or elsewhere, for the purpose of getting petroleum from that area or for the purpose of conveying to a place on land petroleum got from that area; or
- (b) get petroleum from that area otherwise than in the course of searching for petroleum or drilling wells,

except with the consent in writing of the Minister or in accordance with a programme which the Minister has approved or served on the Licensee in pursuance of the following provisions of this clause.

(2) The Licensee shall prepare and submit to the Minister, in such form and by such time and in respect of such period during the term of this licence as the Minister may direct, a programme specifying—

- (a) the relevant works which the Licensee proposes to erect or carry out during that period for either of the purposes mentioned in paragraph (1)(a) of this clause;
- (b) the proposed locations of the works, the purposes for which it is proposed to use the works and the times at which it is proposed to begin and to complete the erection or carrying out of the works;
- (c) the maximum and minimum quantities of petroleum in the form of gas and the maximum and minimum quantities of petroleum in other forms, which, in each calendar year during the period aforesaid or in such other periods during that period as the Minister may specify, the Licensee proposes to get as mentioned in paragraph (1)(b) of this clause.

(3) If the Minister directs the Licensee—

- (a) to prepare different programmes in pursuance of paragraph (2)

of this clause in respect of petroleum from such different parts of the licensed area as are specified in the direction; or

- (b) where a programme approved or served in pursuance of this clause relates to a particular period during the term of this licence, to prepare a programme or programmes in pursuance of paragraph (2) of this clause in respect of a further period or further periods during that term,

the Licensee shall comply with the direction.

(4) It shall be the duty of the Minister expeditiously to consider any programme submitted to him in pursuance of paragraph (2) of this clause and when he has done so to give notice in writing to the Licensee stating—

- (a) that the Minister approves the programme; or
- (b) that the Minister approves the programme subject to the condition that such of the relevant works as are specified in the notice shall not be used before the expiration of the period so specified in relation to the works or shall not be used without the consent in writing of the Minister; or
- (c) that the Minister rejects the programme on one or both of the following grounds, namely—
- (i) that the carrying out of any proposals included in the programme in pursuance of paragraph (2) of this clause would be contrary to good oilfield practice;
- (ii) that the proposals included in the programme in pursuance of sub-paragraph (c) of the said paragraph (2) are, in the opinion of the Minister, not in the national interest;

and a notice in pursuance of sub-paragraph (b) of this paragraph may contain different conditions in respect of different works.

(5) Where the Minister gives notice of rejection of a programme in pursuance of sub-paragraph (c) of paragraph (4) of this clause, then—

- (a) if the grounds of the rejection consist of or include the ground mentioned in paragraph (i) of that sub-paragraph he shall include in the notice a statement of the matters in consequence of which he rejected the programme on that ground; and
- (b) if the grounds of the rejection consist of or include the ground mentioned in paragraph (ii) of that sub-paragraph he shall include in the notice a statement of the rates at which he considers that, in the national interest, petroleum should be got from the area to which the programme relates; and
- (c) the Licensee shall prepare and submit to the Minister, before the time specified in that behalf in the notice,—
- (i) where the notice contains such a statement as is mentioned in sub-paragraph (a) above, modifications of the programme which ensure that the carrying out of the programme with those modifications would not be contrary to good oilfield practice;

SCH. 5

- (ii) where the notice contains such a statement as is mentioned in sub-paragraph (b) above, modifications of the programme which ensure the getting of petroleum from the area there mentioned at the rates specified in the statement and which (except so far as may be necessary in order to get petroleum at those rates) are not such that the carrying out of the programme with those modifications would be contrary to good oilfield practice;

but the Licensee shall not be required by virtue of paragraph (i) of this sub-paragraph to submit modifications if the carrying out of the programme without modifications would not be contrary to good oilfield practice.

(6) If the Minister gives notice in writing to the Licensee that the Minister approves the modifications of a programme which have been submitted to him in pursuance of sub-paragraph (c) of paragraph (5) of this clause, the programme with those modifications shall be deemed to be approved by the Minister; but if the Licensee fails to perform the duty imposed on him by that sub-paragraph the Minister may if he thinks fit, instead of revoking this licence in consequence of the failure, serve on the Licensee such a programme as the Minister considers that the Licensee should have submitted to him in respect of the area and period to which the rejected programme related.

(7) Where the Minister proposes to approve a programme subject to a condition in pursuance of paragraph (4)(b) of this clause or to reject a programme in pursuance of paragraph (4)(c) of this clause or to serve a programme on the Licensee in pursuance of paragraph (6) of this clause he shall before doing so—

- (a) give the Licensee particulars of the proposal and an opportunity of making representations to the Minister about the technical and financial factors which the Licensee considers are relevant in connection with the proposal; and
- (b) consider any such representations then made to him by the Licensee;

and the Minister shall not approve a programme subject to such a condition unless he is satisfied that the condition is required in the national interest.

(8) The Licensee shall carry out any programme approved or served on him by the Minister in pursuance of this clause or, if such a programme is varied in pursuance of clause 15 of this licence, the programme as so varied except so far as the Licensee is authorised in writing by the Minister to do otherwise or is required to do otherwise by such a condition as is mentioned in paragraph (4)(b) of this clause; but if it is necessary to carry out certain works in order to comply with provisions included in a programme by virtue of paragraph (5)(c) of this clause or provisions of a programme served on the Licensee in pursuance of paragraph (6) of this clause or provisions of a programme as varied in pursuance of clause 15 of this licence, then, notwithstanding anything in the programme as to the time when those provisions are to be complied with, the Licensee shall not be treated as having failed to comply with those provisions before the expiration of the period reasonably required for carrying out the works.

(9) In this clause “relevant works” means any structures and any other works whatsoever which are intended by the Licensee to be permanent and are neither designed to be moved from place to place without major dismantling nor intended by the Licensee to be used only for searching for petroleum. SCH. 5

15.—(1) A consent given by the Minister in pursuance of clause 14(1) of this licence may be given subject to such conditions as are specified in the document signifying the consent and may in particular, without prejudice to the generality of the preceding provisions of this paragraph, be limited to a period so specified. Provisions supplementary to clause 14.

(2) Where—

- (a) the Minister gives notice in respect of a programme in pursuance of paragraph (4)(a) or (b) or paragraph (6) of clause 14 of this licence or serves a programme in pursuance of the said paragraph (6); or
- (b) it is determined by arbitration that the Licensee is not required by virtue of paragraph (i) of clause 14(5)(c) of this licence to submit modifications of a programme in respect of which notice of rejection containing such a statement as is mentioned in the said paragraph (i) was given by the Minister in pursuance of clause 14(4)(c) of this licence,

the Minister may give to the Licensee, with the notice given or the programme served as mentioned in sub-paragraph (a) of this paragraph or, in a case falling within sub-paragraph (b) of this paragraph, within the period of three months beginning with the date of the arbitrator's or arbiter's determination, a notice (hereafter in this clause referred to as a “limitation notice”) authorising the Minister, by a further notice given to the Licensee from time to time after the expiration of the period specified in that behalf in the limitation notice, to provide that the programme to which the limitation notice relates shall have effect while the further notice is in force with the substitution for any quantity of petroleum or any period specified in the programme in pursuance of clause 14(2)(c) of this licence of a different quantity of petroleum or a different period specified in the further notice.

(3) A quantity or period specified in such a further notice as that to be substituted for a quantity or period which is specified in the programme in question shall be within the limits specified in the limitation notice as those applicable to that quantity or period specified in the programme; and those limits shall be such as to secure that the expenditure to be incurred by the Licensee in complying with the further notice, in a case where an effect of the notice is to increase the quantity of petroleum which the Licensee is required to get from the licensed area in any period, is less than the cost of drilling a new well in the licensed area at the time when the further notice is given.

(4) Where the Minister proposes to give a limitation notice or any such further notice as aforesaid he shall before doing so—

- (a) give the Licensee particulars of the proposal and an opportunity of making representations to the Minister about the technical and financial factors which the Licensee considers are relevant in connection with the proposal; and

SCH. 5

(b) consider any such representations then made to him by the Licensee;

and the Minister shall not give such a further notice of which an effect is to increase the quantity of petroleum which the Licensee is required to get from the licensed area during any period unless the Minister is satisfied that the notice is required by reason of a national emergency and shall not give any other such further notice as aforesaid unless he is satisfied that the notice is required in the national interest.

(5) A limitation notice or such a further notice as aforesaid may—

(a) specify any quantity or period by reference to such factors as the Minister thinks fit; and

(b) in the case of such a further notice, contain provisions as to—

(i) the date when the notice is to come into force,

(ii) the date when the notice is to cease to be in force,

and specify different dates in pursuance of this sub-paragraph for different provisions of the notice;

and the Minister may revoke such a further notice at a particular time by serving on the Licensee a notice in writing stating that the further notice is revoked at that time.

(6) Any question arising under clause 14 of this licence or this clause as to what is, is not or is required in the national interest or as to what is, or is required by reason of, a national emergency shall be determined by the Minister.

(7) The Licensee shall ensure that any conditions to which an approval is subject in pursuance of clause 14(4)(b) of this licence or a consent is subject in pursuance of paragraph (1) of this clause are complied with.

(8) If in respect of part of the licensed area—

(a) a consent has been given in pursuance of paragraph (1) of clause 14 of this licence; or

(b) the Licensee has submitted to the Minister, in accordance with a direction given by virtue of paragraph (3)(a) of that clause, a programme in pursuance of paragraph (2) of that clause—

(i) as respects which the Minister has served notice in pursuance of paragraph (4)(a) or (b) or paragraph (6) of that clause, or

(ii) in consequence of which the Minister has served a programme on the Licensee in pursuance of the said paragraph (6), or

(iii) in respect of which it has been determined by arbitration that the Licensee is not required by virtue of paragraph (5)(c)(i) of that clause to submit modifications,

paragraph (1) of clause 39 of this licence shall not authorise the Minister to revoke this licence in relation to that part of the licensed area in consequence of any breach or non-observance, while the consent is in force or during the period to which the programme relates, of any provision of the said clause 14 in connection with a different part of the licensed area.

(9) Where in consequence of any breach or non-observance by the Licensee of any provision of clause 14 of this licence the Minister has power by virtue of paragraph (1) of clause 39 of this licence to revoke this licence or, in consequence of paragraph (8) of this clause, to revoke it in respect of part only of the licensed area, he may if he thinks fit—

- (a) in a case where he has power to revoke this licence, exercise the power in relation to such part only of the licensed area as he may specify; and
- (b) in a case where by virtue of the said paragraph (8) he has power to revoke it in respect of part only of the licensed area, exercise the power in relation to such portion only of that part as he may specify;

and where in consequence of the said paragraph (8) or by virtue of the preceding provisions of this paragraph the Minister revokes this licence in respect of a part or portion of the licensed area, the rights granted by this licence shall cease in respect of that part or portion without prejudice to any obligation or liability imposed upon the Licensee or incurred by him under the terms of this licence.

16.—(1) The Licensee shall not commence or, after abandoning in manner hereinafter provided, shall not recommence the drilling of any well without the consent in writing of the Minister.

SCH. 5  
Commence-  
ment and  
abandonment  
and plugging  
of wells.

(2) The Licensee shall not abandon any well without the consent in writing of the Minister.

(3) The Licensee shall ensure compliance with any conditions subject to which any consent under either of the foregoing paragraphs is given.

(4) If any such condition under paragraph (1) of this clause relates to the position, depth or direction of the well, or to any casing of the well or if any condition under either paragraph (1) or paragraph (2) of this clause relates to any plugging or sealing of the well, the Minister may from time to time direct that the well and all records relating thereto shall be examined in such manner upon such occasions or at such intervals and by such persons as may be specified by the Minister's direction and the Licensee shall pay to any such person or to the Minister such fees and expenses for such examination as the Minister may specify.

(5) The plugging of any well shall be done in accordance with a specification approved by the Minister applicable to that well or to wells generally or to a class of wells to which that well belongs and shall be carried out in an efficient and workmanlike manner.

(6) Any well drilled by the Licensee pursuant to this licence, which, at the expiry or determination of the Licensee's rights in respect of the area or part thereof in which that well is drilled, has not with the consent of the Minister been abandoned, shall be left in good order and fit for further working together with all casings and any well head fixtures the removal whereof would cause damage to such well or if the Minister so directs in manner provided by paragraph (8) of this clause be plugged and sealed in accordance with the Minister's direction.

(7) All casings and fixtures left in position pursuant to the last foregoing paragraph shall be the property of the Minister.

SCH. 5 (8) In any case to which paragraph (6) of this clause applies, a direction by the Minister may be given by notice in writing to the Licensee not less than one month before the Licensee's rights in respect of the area or part thereof in which the well is situate expire or determine, specifying the manner in which the well is to be plugged and sealed and the time within which such work is to be done.

Distance of wells from boundaries of licensed area. 17. No well shall except with the consent in writing of the Minister be drilled or made so that any part thereof is less than one hundred and twenty-five metres from any of the boundaries of the licensed area.

Control of development wells. 18.—(1) The Licensee shall not suspend work on the drilling of a development well, or having suspended it in accordance with this paragraph shall not begin it again, except with the consent in writing of the Minister and in accordance with the conditions, if any, subject to which the consent is given.

(2) When work on the drilling of a development well is suspended in accordance with paragraph (1) of this clause, the Licensee shall forthwith furnish the Minister with such information relating to the well as the Minister may specify.

(3) The Licensee—

- (a) shall not do any completion work in respect of a well in the licensed area except in accordance with a programme of completion work approved by the Minister in respect of the well;
- (b) shall furnish to the Minister, in accordance with the provisions of such a programme, particulars of any completion work done by him in respect of a well in the licensed area; and
- (c) shall not remove or alter any casing or equipment installed by way of completion work in respect of a well except with the consent in writing of the Minister and in accordance with the conditions, if any, subject to which the consent is given.

(4) In this clause—

“completion work”, in relation to a well, means work, by way of the installation of a casing or equipment or otherwise after the well has been drilled, for the purpose of bringing the well into use as a development well; and

“development well” means a well which the Licensee uses or intends to use in connection with the getting of petroleum in the licensed area, other than a well which for the time being he uses or intends to use only for searching for petroleum.

Provision of storage tanks, pipes, pipe-lines or other receptacles. 19. The Licensee shall use methods and practice customarily used in good oilfield practice for confining the petroleum obtained from the licensed area in tanks, gasholders, pipes, pipe-lines or other receptacles constructed for that purpose.

20.—(1) The Licensee shall maintain all apparatus and appliances and all wells in the licensed area which have not been abandoned and plugged as provided by clause 16 of this licence in good repair and condition and shall execute all operations in or in connection with the licensed area in a proper and workmanlike manner in accordance with methods and practice customarily used in good oilfield practice and without prejudice to the generality of the foregoing provision the Licensee shall take all steps practicable in order—

SCH. 5  
Avoidance of  
harmful  
methods of  
working.

- (a) to control the flow and to prevent the escape or waste of petroleum discovered in or obtained from the licensed area;
- (b) to conserve the licensed area for productive operations;
- (c) to prevent damage to adjoining petroleum bearing strata;
- (d) to prevent the entrance of water through wells to petroleum bearing strata except for the purposes of secondary recovery; and
- (e) to prevent the escape of petroleum into any waters in or in the vicinity of the licensed area.

(2) The Licensee shall comply with any instructions from time to time given by the Minister in writing relating to any of the matters set out in the foregoing paragraph. If the Licensee objects to any such instruction on the ground that it is unreasonable he may, within fourteen days from the date upon which the same was given, refer the matter to arbitration in manner provided by clause 40 of this licence.

(3) Notwithstanding anything in the preceding provisions of this clause, the Licensee shall not—

- (a) flare any gas from the licensed area; or
- (b) use gas for the purpose of creating or increasing the pressure by means of which petroleum is obtained from that area,

except with the consent in writing of the Minister and in accordance with the condition, if any, of the consent.

(4) An application for consent in pursuance of paragraph (3) of this clause must be made in writing to the Minister and must specify the date on which the Licensee proposes to begin the flaring or use in question; and subject to paragraph (5) of this clause that date must not be before the expiration of the period of two years beginning with the date when the Minister receives the application.

(5) If the Minister gives notice in writing to the Licensee stating that, in consequence of plans made by the Licensee which the Minister considers are reasonable, the Minister will entertain an application for consent in pursuance of paragraph (3) of this clause which specifies a date after the expiration of a period mentioned in the notice which is shorter than the period mentioned in paragraph (4) of this clause, an application made in consequence of the notice may specify, as the date on which the applicant proposes to begin the flaring or use in question, a date after the expiration of that shorter period.

(6) Before deciding to withhold consent or to grant it subject to conditions in pursuance of paragraph (3) of this clause, the Minister shall give the Licensee an opportunity of making representations in writing to

SCH. 5 the Minister about the technical and financial factors which the Licensee considers are relevant in connection with the case and shall consider any such representations then made to him by the Licensee.

(7) Consent in pursuance of paragraph (3) of this clause shall not be required for any flaring which, in consequence of an event which the Licensee did not foresee in time to deal with it otherwise than by flaring, is necessary in order—

(a) to remove or reduce the risk of injury to persons in the vicinity of the well in question; or

(b) to maintain a flow of petroleum from that or any other well;

but when the Licensee does any flaring which is necessary as aforesaid he shall forthwith inform the Minister that he has done it and shall, in the case of flaring to maintain a flow of petroleum, stop the flaring upon being directed by the Minister to stop it.

(8) The Licensee shall give notice to the Minister of any event causing escape or waste of petroleum, damage to petroleum bearing strata or entrance of water through wells to petroleum bearing strata except for the purposes of secondary recovery forthwith after the occurrence of that event and shall, forthwith after the occurrence of any event causing escape of petroleum into the sea, give notice of the event to the Chief Inspector of Her Majesty's Coastguard.

(9) The Licensee shall comply with any reasonable instructions from time to time given by the Minister with a view to ensuring that funds are available to discharge any liability for damage attributable to the release or escape of petroleum in the course of activities connected with the exercise of rights granted by this licence; but where the Minister proposes to give such instructions he shall before giving them—

(a) give the Licensee particulars of the proposal and an opportunity of making representations to the Minister about the proposal; and

(b) consider any representations then made to him by the Licensee about the proposal.

Appointment of operators. **21.—(1)** The Licensee shall ensure that another person (including, in the case where the Licensee is two or more persons, any of those persons) does not exercise any function of organising or supervising all or any of the operations of searching or boring for or getting petroleum in pursuance of this licence unless that other person is a person approved in writing by the Minister and the function in question is one to which that approval relates.

(2) The Minister shall not refuse to give his approval of a person in pursuance of paragraph (1) of this clause if that person is competent to exercise the function in question, but where an approved person is no longer competent to exercise that function the Minister may, by notice in writing given to the Licensee, revoke his approval.

Fishing and navigation. **22.** The Licensee shall not carry out any operations authorised by this licence in or about the licensed area in such manner as to interfere unjustifiably with navigation or fishing in the waters of the licensed area or with the conservation of the living resources of the sea.

23. The Licensee shall comply with any instructions from time to time given by the Minister in writing for securing the safety, health and welfare of persons employed in or about the licensed area.

SCH. 5  
Safety, health  
and welfare  
of employees.

24.—(1) The Minister may from time to time give to the Licensee instructions in writing as to the training of persons employed or to be employed, whether by the Licensee or by any other person, in any activity which is related to the exercise of the rights granted by this licence and the Licensee shall ensure that any instructions so given are complied with.

Training.

(2) The Minister shall not give instructions in pursuance of paragraph (1) of this clause unless he has consulted as to the provisions proposed to be included in such instructions the Petroleum Industry Training Board or such other body of a like nature as may from time to time be carrying on activities of a substantially similar kind to those at present performed by the said Board.

(3) The Licensee shall furnish the Minister with such information relating to the training of persons referred to in paragraph (1) of this clause as the Minister may from time to time request.

25.—(1) If at any time in which this licence is in force the Minister shall be satisfied that the strata in the licensed area or any part thereof form part of a single geological petroleum structure or petroleum field (hereinafter referred to as “an oil field”) other parts whereof are formed by strata in areas in respect of which other licences granted in pursuance of the Act of 1934 or of that Act as applied by the Act of 1964 are then in force and the Minister shall consider that it is in the national interest in order to secure the maximum ultimate recovery of petroleum and in order to avoid unnecessary competitive drilling that the oil field should be worked and developed as a unit in co-operation by all persons including the Licensee whose licences extend to or include any part thereof the following provisions of this clause shall apply.

Unit devel-  
opment.

(2) Upon being so required by notice in writing by the Minister the Licensee shall co-operate with such other persons, being persons holding licences under the Act of 1934 or that Act as applied by the Act of 1964 in respect of any part or parts of the oil field (hereinafter referred to as “the other Licensees”) as may be specified in the said notice in the preparation of a scheme (hereinafter referred to as “a development scheme”) for the working and development of the oil field as a unit by the Licensee and the other Licensees in co-operation, and shall, jointly with the other Licensees, submit such scheme for the approval of the Minister.

(3) The said notice shall also contain or refer to a description of the area or areas in respect of which the Minister requires a development scheme to be submitted and shall state the period within which such scheme is to be submitted for approval by the Minister.

(4) If a development scheme shall not be submitted to the Minister within the period so stated or if a development scheme so submitted shall not be approved by the Minister, the Minister may himself prepare a development scheme which shall be fair and equitable to the Licensee and all other Licensees, and the Licensee shall perform and observe all the terms and conditions thereof.

SCH. 5 (5) If the Licensee shall object to any such development scheme prepared by the Minister he may within 28 days from the date on which notice in writing of the said scheme shall have been given to him by the Minister refer the matter to arbitration in the manner provided by clause 40 of this licence.

(6) Any such development scheme or the award of any arbitrator in relation thereto shall have regard to any direction pursuant to clause 26 of this licence in force at the date of such scheme.

Directions as to oil fields across boundaries.

**26.—**(1) Where the Minister is satisfied that any strata in the licensed area or any part thereof form part of an oil field, other parts whereof are in an area to which the Minister's powers to grant licences pursuant to the Act of 1934 or the Act of 1964 do not apply and the Minister is satisfied that it is expedient that the oil field should be worked and developed as a unit in co-operation by the Licensee and all other persons having an interest in any part of the oil field, the Minister may from time to time by notice in writing give to the Licensee such directions as the Minister may think fit, as to the manner in which the rights conferred by this licence shall be exercised.

(2) The Licensee shall observe and perform all such requirements in relation to the licensed area as may be specified in any such direction.

(3) Any such direction may add to, vary or revoke the provisions of a development scheme.

Disposal of petroleum.

**27.—**(1) The Licensee shall ensure that all petroleum won and saved from the licensed area other than petroleum used therein for the purpose of carrying on drilling and production operations or pumping to field storage and refineries shall be delivered on shore in the United Kingdom unless the Minister gives notice of his consent in writing to delivery elsewhere, and in such case the Licensee shall ensure compliance with any conditions subject to which that consent is given.

(2) Any conditions imposed by the Minister on a consent under the foregoing paragraph may, without prejudice to the generality of the Minister's right to impose conditions of any nature, include provision—

- (a) as to the place of delivery;
- (b) as to the price to be obtained for the petroleum to which such consent relates;
- (c) as to the time within which and the manner in which payment of the price is to be made; and
- (d) requiring payment to be made to a person resident in the United Kingdom.

Licensee to keep records.

**28.—**(1) The Licensee shall keep accurate records in a form from time to time approved by the Minister of the drilling, deepening, plugging or abandonment of all wells and of any alterations in the casing thereof. Such records shall contain particulars of the following matters—

- (a) the site of and number assigned to every well;

- (b) the subsoil and strata through which the well was drilled; SCH. 5
- (c) the casing inserted in any well and any alteration to such casing;
- (d) any petroleum, water, mines or workable seams of coal encountered; and
- (e) such other matters as the Minister may from time to time direct.

(2) The Licensee shall keep in the United Kingdom accurate geological plans and maps relating to the licensed area and such other records in relation thereto as may be necessary to preserve all information which the Licensee has about the geology of the licensed area.

(3) The Licensee shall deliver copies of the said records, plans and maps referred to in the two foregoing paragraphs to the Minister as and when required.

**29.**—(1) The Licensee shall furnish to the Minister three months from the date of this licence and at intervals of three months thereafter during the period in which this licence is in force a return in a form from time to time approved by the Minister of the progress of his operations in the licensed area. Such return shall contain— Returns.

- (a) a statement of all geological work, including surveys and tests, which has been carried out and the areas in which and the persons by whom the work has been carried out and the results thereof;
- (b) the number assigned to each well, and in the case of any well the drilling of which was begun or the number of which has been changed during such period of three months, the site thereof;
- (c) a statement of the depth drilled in each well;
- (d) a statement of any petroleum, water, mines or workable seams of coal or other minerals encountered in the course of the said operations; and
- (e) a statement of all petroleum won and saved.

(2) Within two months after the end of each calendar year in which this licence is in force and within two months after the expiration or determination of this licence or any renewal thereof the Licensee shall furnish to the Minister an annual return in a form from time to time approved by the Minister of the operations conducted in the licensed area during that year or the period prior to such expiration or determination as the case may be together with a plan upon a scale approved by the Minister showing the situation of all wells. The Licensee shall also indicate on the said plan all development and other works executed by him in connection with searching, boring for or getting petroleum.

(3) The Licensee shall furnish the Minister with such information as the Minister may from time to time request about any aspect of activities of the Licensee which are attributable directly or indirectly to the grant of this licence, except that the Licensee shall not by virtue of this paragraph be required to furnish information in respect of his activities in connection with any crude oil after he has appropriated it for refining by him.

SCH. 5

Licensee to  
keep samples.

**30.**—(1) As far as reasonably practicable the Licensee shall correctly label and preserve for reference for a period of five years samples of the sea bed and of the strata encountered in any well and samples of any petroleum or water discovered in any well in the licensed area.

(2) The Licensee shall not dispose of any sample after the expiry of the said period of five years unless—

- (a) he has at least six months before the date of the disposal given notice in writing to the Minister of his intention to dispose of the sample; and
- (b) the Minister or any person authorised by him has not within the said period of six months informed the Licensee in writing that he wishes the sample to be delivered to him.

(3) The Minister or any person authorised by him shall be entitled at any time—

- (a) to inform the Licensee in writing that he wishes part of any sample preserved by the Licensee to be delivered to him; or
- (b) to inspect and analyse any sample preserved by the Licensee.

(4) The Licensee shall forthwith comply with any request for the delivery of the whole or any part of any sample which is made in accordance with the preceding provisions of this clause.

Reports to be  
treated as  
confidential.

**31.** All records, returns, plans, maps, samples, accounts and information (in this clause referred to as “the specified data”) which the Licensee is or may be from time to time required to furnish under the provisions of this licence shall be supplied at the expense of the Licensee and shall not (except with the consent in writing of the Licensee which shall not be unreasonably withheld) be disclosed to any person not in the service or employment of the Crown:

Provided that—

- (i) the Minister shall be entitled at any time to make use of any of the specified data for the purpose of preparing and publishing such returns and reports as may be required of the Minister pursuant to the Petroleum and Submarine Pipe-lines Act 1975 or the Act of 1964 or otherwise required by law;
- (ii) the Minister shall be entitled at any time to furnish any of the specified data to the Natural Environment Research Council and to any other body of a like nature as may from time to time be carrying on activities of a substantially similar kind to the geological activities at present carried on by the said Council;
- (iii) the Minister, the said Council and any such other body shall be entitled at any time to prepare and publish reports and surveys of a general nature using information derived from any of the specified data;
- (iv) the Minister, the said Council and any such other body shall be entitled to publish any of the specified data of a geological, scientific or technical kind after the expiration of the period of five years beginning with the date when the Minister received

the data or after the expiration of such longer period as the Minister may determine after considering any representations made to him by the Licensee about the publication of data in pursuance of this sub-paragraph. SCH. 5

**32. The Licensee shall—**

- (a) permit any person in the service or employment of the Crown who is appointed by the Minister for the purpose to inspect, and to take copies of and make notes from, all books, papers, maps and other records of any kind kept by the Licensee in pursuance of this licence or in connection with activities about which the Minister is entitled to obtain information in pursuance of clauses 24(3) and 29(3) of this licence; and
- (b) furnish that person at reasonable times with such information and provide him at reasonable times with such reasonable assistance as he may request in connection with or arising out of an inspection in pursuance of this clause.

Inspection of records, etc.

**33. Any person or persons authorised by the Minister shall be entitled at all reasonable times to enter into and upon any of the Licensee's installations or equipment used or to be used in connection with searching, boring for or getting petroleum in the licensed area for the purpose hereinafter mentioned—** Rights of access.

- (a) to examine the installations, wells, plant, appliances and works made or executed by the Licensee in pursuance of the licence and the state of repair and condition thereof; and
- (b) to execute any works or to provide and install any equipment which the Minister may be entitled to execute or provide and install in accordance with the provisions hereof.

**34. If the Licensee shall at any time fail to perform the obligations arising under the terms and conditions of any of clauses 11, 16, 19, 20 or 23 of this licence, the Minister shall be entitled, after giving to the Licensee reasonable notice in writing of such his intention, to execute any works and to provide and install any equipment which in the opinion of the Minister may be necessary to secure the performance of the said obligations or any of them and to recover the costs and expenses of so doing from the Licensee.** Power to execute works.

**35. If and whenever any of the payments mentioned in clause 7(1) of this licence or any part thereof shall be in arrear or unpaid for 28 days next after any of the days whereon the same ought to be paid (whether the same shall have been legally demanded or not) then and so often as the same may happen the Minister may (as an additional remedy and without prejudice to the power of distress and any other rights and remedies to which he would be entitled) enter into and upon any of the Licensee's installations and equipment used or to be used in connection with searching, boring for or getting petroleum in the licensed area and may seize and distrain and sell as a landlord may do for rent in arrear all or any of the stocks of petroleum, engines, machinery, tools, implements,** Right of distress.

SCH. 5

chattels and effects belonging to the Licensee which shall be found in or upon or about the installations and equipment so entered upon and out of the moneys arising from the sale of such distress may retain and pay all the arrears of the said payments and also the costs and expenses incident to any such distress and sale rendering the surplus (if any) to the Licensee.

*Note: When the licensed area is situate in Scotland or waters adjacent thereto or in a designated area or part of a designated area in respect of which an Order in Council has been made pursuant to section 3(2) of the Act of 1964 making provision for the determination of questions in accordance with the law in force in Scotland the following provision will be substituted for the foregoing clause.*

**35.** If and whenever any of the payments mentioned in clause 7(1) of this licence or any part thereof shall be in arrear or unpaid for 28 days next after any of the days whereon the same ought to be paid (whether the same shall have been legally demanded or not) then and so often as the same may happen the Minister may (as an additional remedy and without prejudice to any other rights and remedies to which he would be entitled) do diligence in respect thereof in like manner as a landlord may do diligence in respect of unpaid arrears of rent and such diligence shall be effectual to attach all or any of the stocks of petroleum, engines, machinery, tools, implements and other effects belonging to the Licensee which shall be found on or about any of the Licensee's installations and equipment used or to be used in connection with searching, boring for or getting petroleum in the licensed area, and where in pursuance of such a diligence a sale of such effects as shall have been attached thereby takes place the Minister may out of the proceeds thereof retain and pay all the arrears of the said payments and also the expenses of and incident to such diligence and sale and shall pay the surplus thereof (if any) to the Licensee.

Indemnity  
against third  
party claims.

**36.** The Licensee shall at all times keep the Minister effectually indemnified against all actions, proceedings, costs, charges, claims and demands whatsoever which may be made or brought against the Minister by any third party in relation to or in connection with this licence or any matter or thing done or purported to be done in pursuance thereof.

Advertise-  
ments,  
prospectuses,  
etc.

**37.** No statement shall be made either in any notice, advertisement, prospectus or other document issued by or to the knowledge of the Licensee or in any other manner claiming or suggesting whether expressly or by implication that Her Majesty or any Government Department or any person or body acting on behalf of Her Majesty has or have formed or expressed any opinion that the licensed area is from its geological formation or otherwise one in which petroleum is likely to be obtainable.

Restrictions  
on assign-  
ment, etc.

**38.—(1)** The Licensee shall not, except with the consent in writing of the Minister and in accordance with the conditions (if any) of the consent, do anything whatsoever whereby, under the law (including the rules of equity) of any part of the United Kingdom or of any other place, any right granted by this licence or derived from a right so granted becomes exercisable by or for the benefit of or in accordance with the directions of another person.

(2) An agreement permitting the carrying out of geological surveys by physical or chemical means in the licensed area otherwise than by drilling is not prohibited by paragraph (1) of this clause if the person by whom such surveys are to be carried out is—

- (a) the holder of a licence granted by the Minister of the right, in common with all other persons to whom the like right may have been granted, to search for petroleum in respect of an area which would include the licensed area, but for a proviso therein excluding the exercise of such rights in the licensed area without the consent of the Licensee; or
- (b) the holder of a licence granted by the Minister to search and bore for, and get, petroleum in an area adjacent to the licensed area,

and if the information intended to be obtained by such survey is reasonably necessary to enable that holder more efficiently to exercise the rights granted by the licence which he holds from the Minister.

(3) The Licensee shall not enter into any agreement providing for a person other than the Licensee to become entitled to, or to any proceeds of sale of, any petroleum which, at the time when the agreement is made, has not been but may be won and saved from the licensed area unless the terms of the agreement have been approved in writing by the Minister either unconditionally or subject to conditions; but the preceding provisions of this paragraph do not apply to—

- (a) an agreement for the sale of such petroleum under which the price is payable after the petroleum is won and saved; and
- (b) an agreement in so far as it provides that, after any petroleum has been won and saved from the licensed area, it shall be exchanged for other petroleum.

(4) The Licensee shall not, without the consent of the Minister, dispose of any petroleum won and saved in the licensed area or any proceeds of sale of such petroleum in such a manner that the disposal does, to the knowledge of the Licensee or without his knowing it, fulfil or enable another person to fulfil obligations which a person who controls the Licensee, or a person who is controlled by a person who controls the Licensee, is required to fulfil by an agreement which, if the person required to fulfil the obligations were the Licensee, would be an agreement of which the terms require approval by virtue of paragraph (3) of this clause; and subsections (2) and (4) to (6) of section 302 of the Income and Corporation Taxes Act 1970 shall apply, for the purpose of determining whether for the purposes of this paragraph a person has control of another person, with the following modifications, namely—

- (a) for the words “the greater part” wherever they occur in the said subsection (2) there shall be substituted the words “one-third or more”; and
- (b) in the said subsection (6), for the word “may” there shall be substituted the word “shall”, the words from “and such attributions” onwards shall be omitted and in the other provisions of that subsection any reference to an associate of a person shall be construed as including only a relative of his (as defined by section 303(4) of that Act), a partner of his and a trustee of a settlement (as defined by section 454(3) of that Act) of which he is a beneficiary.

SCH. 5

(5) Where the Licensee is two or more persons, then, without prejudice to the preceding provisions of this clause, none of those persons shall enter into an agreement with respect to the entitlement of any of them to—

- (a) the benefit of any right granted by this licence; or
- (b) any petroleum won and saved from the licensed area; or
- (c) any proceeds of sale of such petroleum,

unless the terms of the agreement have been approved in writing by the Minister; but the preceding provisions of this paragraph do not apply to an agreement for the sale of such petroleum under which the price is payable after the petroleum is won and saved and an agreement in so far as it provides that, after any petroleum has been won and saved from the licensed area, it shall be exchanged for other petroleum.

Power of  
revocation.

39.—(1) If any of the events specified in the following paragraph shall occur then and in any such case the Minister may revoke this licence and thereupon the same and all the rights hereby granted shall cease and determine but subject nevertheless and without prejudice to any obligation or liability incurred by the Licensee or imposed upon him by or under the terms and conditions hereof.

(2) The events referred to in the foregoing paragraph are—

- (a) any payments mentioned in clause 7(1) of this licence or any part thereof being in arrear or unpaid for two months next after any of the days whereon the same ought to have been paid;
- (b) any breach or non-observance by the Licensee of any of the terms and conditions of this licence;
- (c) the bankruptcy of the Licensee;
- (d) the making by the Licensee of any arrangement or composition with his creditors;
- (e) if the Licensee is a company, the appointment of a receiver or any liquidation whether compulsory or voluntary;
- (f) any breach or non-observance by the Licensee of the terms and conditions of a development scheme;
- (g) the Licensee's ceasing in the case of a company to have its central management and control in the United Kingdom;
- (h) any breach of a condition subject to which the Minister gave his approval in pursuance of clause 38(3) of this licence;
- (i) any breach of clause 38(5) of this licence;

and where two or more persons are the Licensee any reference to the Licensee in sub-paragraphs (c) to (g) of this paragraph is a reference to any of those persons.

(3) The Minister may revoke this licence, with the like consequences as are mentioned in paragraph (1) of this clause, if—

- (a) the Licensee is a company; and
- (b) there is a change in the control of the Licensee; and

- (c) the Minister serves notice in writing on the Licensee stating that the Minister proposes to revoke this licence in pursuance of this paragraph unless such a further change in the control of the Licensee as is specified in the notice takes place within the period of three months beginning with the date of service of the notice; and
- (d) that further change does not take place within that period.

(4) There is a change in the control of the Licensee for the purposes of paragraph (3)(b) of this clause whenever a person has control of the Licensee who did not have control of the Licensee when this licence was granted; and subsections (2) and (4) to (6) of section 302 of the Income and Corporation Taxes Act 1970 shall apply, for the purpose of determining whether for the purposes of this paragraph a person has or had control of the Licensee, with the modifications specified in clause 38(4) of this licence.

(5) Where two or more persons are the Licensee and any of them is a company, paragraphs (3) and (4) of this clause shall have effect as if—

- (a) sub-paragraph (a) of paragraph (3) were omitted;
- (b) in sub-paragraph (b) of that paragraph, after the word “of” there were inserted the words “any company included among the persons who together constitute”; and
- (c) for the word “Licensee” in any other provision of those paragraphs there were substituted the word “company”.

40.—(1) If at any time any dispute, difference or question shall arise between the Minister and the Licensee as to any matter arising under or by virtue of this licence or as to their respective rights and liabilities in respect thereof then the same shall, except where it is expressly provided by this licence that the matter or thing to which the same relates is to be determined, decided, directed, approved or consented to by the Minister, be referred to arbitration as provided by the following paragraph.

(2) The arbitration referred to in the foregoing paragraph shall be in accordance with the Arbitration Act 1950 by a single arbitrator who, in default of agreement between the Minister and the Licensee and, in the case of arbitration in relation to a development scheme, other Licensees affected by that scheme, as to his appointment, shall be appointed by the Lord Chief Justice of England for the time being.

*Note: Where the licensed area is situate in Scotland or waters adjacent thereto or in a designated area or part of a designated area in respect of which an Order in Council has been made pursuant to section 3(2) of the Act of 1964 making provision for the determination of questions in accordance with the law in force in Scotland, paragraph (2A) following will be substituted for the foregoing paragraph (2).*

*Where the licensed area is situate in a designated area or part of a designated area in respect of which such an Order in Council has been made making provision for the determination of questions in accordance with the law in force in Northern Ireland, paragraph (2B) following will be substituted for the foregoing paragraph (2).*

SCH. 5

(2A) The arbitration referred to in the foregoing paragraph shall be by a single arbiter who, in default of agreement between the Minister and the Licensee and, in the case of arbitration relating to a development scheme, other Licensees affected by that scheme, as to his appointment, shall be appointed by the Lord President of the Court of Session.

(2B) The arbitration referred to in the foregoing paragraph shall be in accordance with the Arbitration Act (Northern Ireland) 1937 by a single arbitrator who, in default of agreement between the Minister and the Licensee and, in the case of arbitration in relation to a development scheme, other Licensees affected by that scheme, as to his appointment, shall be appointed by the Lord Chief Justice of Northern Ireland for the time being.

(3) In the case of any such arbitration which relates to a development scheme the Licensee shall unless the arbitrator otherwise determines perform and observe the terms and conditions of the development scheme pending the decision of the arbitrator.

*Note: In any licence incorporating paragraph (2A) in substitution for paragraph (2) of this clause, the paragraph (3A) following will be substituted for the foregoing paragraph (3).*

(3A) In the case of any such arbitration which relates to a development scheme the Licensee shall unless the arbiter otherwise determines perform and observe the terms and conditions of the development scheme pending the decision of the arbiter.

*Note: Schedules to each Licence will (1) identify the blocks to which the licence relates, (2) provide for the payment by the Licensee of sums which may include initial payments on the grant of the Licence and annual payments payable in advance, (3) specify the rate at which royalty is to be assessed and (4) set out working obligations.*

*Licences will be executed as deeds in duplicate by all parties thereto.*

(Regulation 10(2)(c))

## SCHEDULE 6

## MODEL CLAUSES FOR EXPLORATION LICENCES IN LANDWARD AREAS ABOVE THE LOW WATER LINE

Interpretation.

1.—(1) In the following clauses the following expressions have the meanings hereby respectively assigned to them, that is to say:—

“the Act of 1934” means the Petroleum (Production) Act 1934;

“the exploration area” means the area for the time being in which the Licensee may exercise the rights granted by this licence;

“the Licensee” means the person or persons to whom this licence is granted, his personal representatives and any person or persons to whom the rights conferred by this licence may lawfully have been assigned;

“the Minister” means the Secretary of State for Energy;

“petroleum” includes any mineral oil or relative hydrocarbon and natural gas existing in its natural condition in strata, but does

not include coal or bituminous shales or other stratified deposits from which oil can be extracted by destructive distillation; SCH. 6

“well” includes borehole.

(2) Any obligations which are to be observed and performed by the Licensee shall at any time at which the Licensee is more than one person be joint and several obligations.

2. In consideration of the payments hereinafter provided and the performance and observance by the Licensee of all the terms and conditions hereof, the Minister in exercise of his powers under the Act of 1934 hereby grants to the Licensee EXCLUSIVE LICENCE AND LIBERTY during the continuance of this licence and subject to the provisions hereof to search for petroleum in the area of more particularly described in Schedule 1 to this licence and delineated on the map annexed hereto and thereon edged red: Right to search for petroleum.

Provided that nothing in this licence shall affect the right of the Minister to grant a methane drainage licence in respect of the whole or any part of the exploration area or affect the exercise of any rights granted by such licence.

3. The right to search for petroleum conferred by this licence shall include prospecting and carrying out geological surveys by physical or chemical means and drilling to a depth not exceeding three hundred and fifty metres for the purpose of obtaining geological information about strata in the exploration area but shall not include any right to get petroleum. Prospecting methods.

4. This licence unless sooner determined under any of the provisions hereof shall be and continue in force for the term of four years from Term of licence.

5.—(1) Without prejudice to any obligation or liability imposed by or incurred under the terms and conditions hereof, the Licensee may, at any time, determine this licence or surrender any such part of the exploration area as is mentioned in the following paragraph by giving six months' written notice to that effect to the Minister. Right of Licensee to determine licence or surrender part of exploration area.

(2) Any area to be surrendered in accordance with paragraph (1) of this clause shall, unless the Minister has otherwise agreed in writing prior to the date on which the appropriate notice is given by the Licensee to the Minister, be an area whose surrender leaves as the exploration area a clearly defined and reasonably compact area which comprises not less than twenty square kilometres and has a length not more than three times its average breadth.

6.—(1) The Licensee shall pay to the Minister during the term of this licence the consideration for the grant of this licence specified in Schedule 2 to this licence, at the times and in the manner so specified. Payment of consideration for licence.

SCH. 6 (2) The Licensee shall not by reason of the determination of this licence or the surrender of any part of the exploration area be entitled to be repaid or allowed any sum payable to the Minister hereunder before the date of the determination or surrender.

Seismic surveys. 7.—(1) The Licensee shall give the Minister at least 21 days written notice of any proposed seismic survey and such notice shall indicate the nature of the survey and the total number of kilometres to be shot and shall be accompanied by a copy of an Ordnance Survey map drawn to the scale of 1:50,000 or 1:63,360 for the relevant area upon which the proposed lines of survey are indicated and by evidence that the planning authorities for the area to be surveyed have been consulted about the proposed survey and in a case where any planning permission under the Town and Country Planning Act 1971 or the Town and Country Planning (Scotland) Act 1972 is required for the survey in question, evidence that such permission has been granted.

(2) The Licensee shall not carry out any seismic survey if notice thereof has not been given as aforesaid or if the Minister indicates to the Licensee within fourteen days of the receipt of such notice that the survey is not to be carried out.

Commencement and abandonment and plugging of wells. 8.—(1) The Licensee shall not commence, or after abandoning in manner hereinafter provided, shall not recommence the drilling of any well without the consent in writing of the Minister.

(2) The Licensee shall not abandon any well without the consent in writing of the Minister except as provided in paragraph (5) of this clause.

(3) The Licensee shall ensure compliance with any conditions subject to which any consent under either of the foregoing paragraphs is given.

(4) If any such condition under paragraph (1) of this clause relates to the position, depth or direction of the well or to any casing of the well or if any condition under either paragraph (1) or paragraph (2) of this clause relates to any plugging or sealing of the well, the Minister may from time to time direct that the well and all records relating thereto shall be examined in such manner upon such occasions or at such intervals and by such persons as may be specified by the Minister's direction and the Licensee shall pay to any such person or to the Minister such fees and expenses for such examination as the Minister may specify.

(5) All the Licensee's wells in the exploration area shall, unless the Minister otherwise determines, be plugged by the Licensee not less than one month nor more than three months before the expiry or determination of the Licensee's rights under this licence.

(6) The plugging of any well shall be done in accordance with a specification approved by the Minister applicable to that well or to wells generally or to a class of wells to which that well belongs and shall be carried out in an efficient and workmanlike manner.

(7) An application for the consent of the Minister shall be accompanied by evidence that the planning authority for the relevant place has

been consulted about the drilling of the well in question and that any planning permission required by the Town and Country Planning Act 1971 or the Town and Country Planning (Scotland) Act 1972 for the drilling of that well has been granted. SCH. 6

**9.** No well shall except with the consent in writing of the Minister be drilled or made so that any part thereof is less than one hundred and twenty-five metres from any of the boundaries of the exploration area. Distance of wells from boundaries of exploration area.

**10.—(1)** The Licensee shall maintain all apparatus and appliances and all wells which have not been abandoned and plugged as provided by clause 8 of this licence in good repair and condition and shall execute all operations in or in connection with the exploration area in a proper and workmanlike manner in accordance with methods and practice of exploration customarily used in good oil field practice and without prejudice to the generality of the foregoing provision the Licensee shall take all steps practicable in order— Avoidance of harmful methods of working.

- (a) to prevent the escape or waste of petroleum discovered in the exploration area;
- (b) to conserve the exploration area for productive operations;
- (c) to prevent damage to petroleum bearing strata;
- (d) to prevent the entrance of water through wells to petroleum bearing strata; and
- (e) to prevent the escape of petroleum into any waters in or in the vicinity of the exploration area.

(2) The Licensee shall comply with any instructions from time to time given by the Minister in writing relating to any of the matters set out in the foregoing paragraph. If the Licensee objects to any such instruction on the ground that it is unreasonable he may, within fourteen days from the date upon which the same was given, refer the matter to arbitration in manner provided by clause 23 of this licence.

(3) The Licensee shall give notice to the Minister of any event causing escape or waste of petroleum, damage to petroleum bearing strata or entrance of water through wells to petroleum bearing strata forthwith after the occurrence of that event.

**11.** The Licensee shall not carry out any operations authorised by this licence in or about the exploration area in such manner as to interfere unjustifiably with navigation in any navigable waters within the exploration area or with fishing in or the conservation of the living resources of any waters in or in the vicinity of the exploration area. Fishing and navigation.

**12.** The Licensee shall comply with any instructions from time to time given by the Minister in writing for securing the safety, health and welfare of persons employed in or about the exploration area. Safety, health and welfare of employees.

SCH. 6  
Licensee to  
keep records.

**13.—(1)** The Licensee shall keep accurate records in a form from time to time approved by the Minister of the drilling, deepening, plugging or abandonment of all wells and of any alterations in the casing thereof. Such records shall contain particulars of the following matters—

- (a) the site of and number assigned to every well;
- (b) the subsoil and strata through which the well was drilled;
- (c) the casing inserted in any well and any alteration to such casing;
- (d) any petroleum, water, mines or workable seams of coal encountered; and
- (e) such other matters as the Minister may from time to time direct.

(2) The Licensee shall keep in the United Kingdom accurate geological plans and maps relating to the exploration area and such other records in relation thereto as may be necessary to preserve all information which the Licensee has about the geology of the exploration area.

(3) The Licensee shall deliver copies of the said records, plans and maps referred to in the two foregoing paragraphs to the Minister as and when required.

Returns.

**14.—(1)** The Licensee shall furnish to the Minister three months from the date of this licence and at intervals of three months thereafter during the period in which this licence is in force a return in a form from time to time approved by the Minister of the progress of his operations in the exploration area. Such return shall contain—

- (a) a statement of the areas in which any geological work, including surveys by any physical or chemical means, has been carried out;
- (b) the number assigned to each well, and in the case of any well the drilling of which was begun or the number of which was changed in that month, the site thereof;
- (c) a statement of the depth drilled in each well; and
- (d) a statement of any petroleum, water, mines or workable seams of coal encountered in the course of the said operations.

(2) Within two months after the end of each calendar year in which this licence is in force and within two months after the expiration or determination of this licence the Licensee shall furnish to the Minister an annual return in a form from time to time approved by the Minister of the operations conducted by him in the exploration area during that year or the period prior to such expiration or determination as the case may be together with a plan upon a scale approved by the Minister showing the situation of all wells. The Licensee shall also indicate on the said plan all works executed by him in connection with searching for petroleum.

(3) The Licensee shall furnish to the Minister such other information, including information in the form of maps and plans, as to progress of his operations in the exploration area as the Minister may from time to time require.

15.—(1) As far as reasonably practicable the Licensee shall correctly label and preserve for reference for a period of five years samples of the strata encountered in any of the Licensee's wells in the exploration area and samples of any petroleum or water discovered in any such wells. SCH. 6  
Licensee to  
keep samples.

(2) The Licensee shall not dispose of any sample after the expiry of the said period of five years unless—

- (a) he has at least six months before the date of the disposal given notice in writing to the Minister of his intention to dispose of the sample; and
- (b) the Minister or any person authorised by him has not within the said period of six months informed the Licensee in writing that he wishes the sample to be delivered to him.

(3) The Minister or any person authorised by him shall be entitled at any time—

- (a) to inform the Licensee in writing that he wishes part of any sample preserved by the Licensee to be delivered to him; or
- (b) to inspect and analyse any sample preserved by the Licensee.

(4) The Licensee shall forthwith comply with any request for the delivery of the whole or any part of any sample which is made in accordance with the preceding provisions of this clause.

16. All records, returns, plans, maps, samples, accounts and information (in this clause referred to as "the specified data") which the Licensee is or may be from time to time required to furnish under the provisions of this licence shall be supplied at the expense of the Licensee and shall not (except with the consent in writing of the Licensee which shall not be unreasonably withheld) be disclosed to any person not in the service or employment of the Crown: Reports to be  
treated as  
confidential.

Provided that—

- (i) the Minister shall be entitled at any time to make use of any of the specified data for the purpose of preparing and publishing such returns and reports as may be required of the Minister pursuant to the Petroleum and Submarine Pipe-lines Act 1975 or otherwise required by law;
- (ii) the Minister shall be entitled at any time to furnish any of the specified data to the Natural Environment Research Council and to any other body of a like nature as may from time to time be carrying on activities of a substantially similar kind to the geological activities at present carried on by the said Council;
- (iii) the Minister, the said Council and any such other body shall be entitled at any time to prepare and publish reports and surveys of a general nature using information derived from any of the specified data;
- (iv) the Minister, the said Council and any such other body shall be entitled to publish any of the specified data of a geological, scientific or technical kind after the expiration of the period of five years beginning with the date when the Minister received the data

- SCH. 6 or after the expiration of such longer period as the Minister may determine after considering any representations made to him by the Licensee about the publication of data in pursuance of this sub-paragraph.
- Power to inspect records. **17.** Any person authorised by the Minister may at all reasonable times inspect and make abstracts or copies of any records, returns, plans or maps which the Licensee is required to keep or make in accordance with the provisions of this licence.
- Rights of access. **18.** Any person or persons authorised by the Minister shall be entitled at all reasonable times to enter into and upon any land for the time being possessed or occupied by the Licensee in the exploration area, or any of the Licensee's installations and equipment used or to be used in connection with searching for petroleum in the exploration area for the purposes hereinafter mentioned—
- (a) to examine the installations, wells, plant, appliances and works made or executed by the Licensee in pursuance of this licence and the state of repair and condition thereof; and
  - (b) to execute any works or to provide and install any equipment which the Minister may be entitled to execute or provide and install in accordance with the provisions hereof.
- Power to execute works. **19.** If the Licensee shall at any time fail to perform the obligations arising under the terms and conditions of any of clauses 8, 10 and 12 of this licence then and in any such case the Minister shall be entitled, after giving to the Licensee reasonable notice in writing of such his intention, to execute any works and to provide and install any equipment which in the opinion of the Minister may be necessary to secure the performance of the said obligations or any of them and to recover the costs and expenses of so doing from the Licensee.
- Indemnity against third party claims. **20.** The Licensee shall at all times keep the Minister effectually indemnified against all actions, proceedings, costs, charges, claims and demands whatsoever which may be made or brought against the Minister by any third party in relation to or in connection with this licence or any matter or thing done or purported to be done in pursuance thereof.
- Agreement not to assign. **21.** The Licensee shall not without the consent of the Minister in writing assign or part with any of the rights granted by this licence in relation to the whole or any part of the exploration area or grant any sub-licence in respect of any of such rights.
- Power of revocation. **22.—(1)** If any of the events specified in the following paragraph shall occur then and in any such case the Minister may revoke this licence and thereupon the same and all the rights hereby granted shall cease and

determine but subject nevertheless and without prejudice to any SCH. 6  
obligation or liability incurred by the Licensee or imposed upon him by  
or under the terms and conditions hereof.

- (2) The events referred to in the foregoing paragraph are—
- (a) any consideration specified in Schedule 2 hereto or any part thereof being in arrear or unpaid for two months next after any of the days whereon the same ought to have been paid;
  - (b) any breach or non-observance by the Licensee of any of the terms and conditions of this licence;
  - (c) the bankruptcy of the Licensee;
  - (d) the making by the Licensee of any arrangement or composition with his creditors;
  - (e) if the Licensee is a company, the appointment of a receiver or any liquidation whether compulsory or voluntary;
  - (f) the Licensee's ceasing in the case of a company, to have its central management and control in the United Kingdom;

and where two or more persons are the Licensee any reference to the Licensee in sub-paragraphs (c) to (f) of this paragraph is a reference to any of those persons.

23.—(1) If at any time any dispute, difference or question shall arise Arbitration.  
between the Minister and the Licensee as to any matter arising under or by virtue of this licence or as to their respective rights and liabilities in respect thereof then the same shall, except where it is expressly provided by this Licence that the matter or thing to which the same relates is to be determined, decided, approved or consented to by the Minister, be referred to arbitration as provided by the following paragraph.

(2) The arbitration referred to in the foregoing paragraph shall be in accordance with the Arbitration Act 1950 by a single arbitrator who, in default of agreement between the Minister and the Licensee as to his appointment, shall be appointed by the Lord Chief Justice of England for the time being:

Provided that if any such dispute, difference or question arises solely out of any act or omission taking place in Scotland the arbitration referred to in the foregoing paragraph shall be by a single arbiter who, in default of agreement between the Minister and the Licensee as to his appointment, shall be appointed by the Lord President of the Court of Session.

Note: *Schedules to each Licence will describe the area to which the licence relates and provide for the payment by the Licensee of sums which may include annual payments payable in advance.*

*Licences will be executed as deeds in duplicate by all parties thereto.*

## SCH. 7 (Regulation 10(2)(d)) SCHEDULE 7

## MODEL CLAUSES FOR EXPLORATION LICENCES IN SEAWARD AREAS OR IN LANDWARD AREAS BELOW THE LOW WATER LINE

Interpretation.

1.—(1) In the following clauses the following expressions have the meanings hereby respectively assigned to them, that is to say:—

“the Act of 1934” means the Petroleum (Production) Act 1934;

“the Act of 1964” means the Continental Shelf Act 1964;

“the exploration area” means the area for the time being in which the Licensee may exercise the rights granted by this licence;

“the Licensee” means the person or persons to whom this licence is granted, his personal representatives and any person or persons to whom the rights conferred by this licence may lawfully have been assigned;

“the Minister” means the Secretary of State for Energy;

“petroleum” includes any mineral oil or relative hydrocarbon and natural gas existing in its natural condition in strata, but does not include coal or bituminous shales or other stratified deposits from which oil can be extracted by destructive distillation;

“well” includes borehole.

(2) Any obligations which are to be observed and performed by the Licensee shall at any time at which the Licensee is more than one person be joint and several obligations.

Right to search for petroleum.

2. In consideration of the payments hereinafter provided and the performance and observance by the Licensee of all the terms and conditions hereof, the Minister, in exercise of the powers conferred upon him by the Act of 1934 and the Act of 1964, hereby grants to the Licensee LICENCE AND LIBERTY in common with all other persons to whom the like right may have been granted or may hereafter be granted during the continuance of this licence and subject to the provisions hereof to search for petroleum in the strata in the islands and in the sea bed and subsoil:

(a) comprised in the seaward areas defined by Regulation 3(1)(b) of the Petroleum (Production) Regulations 1982; and

(b) where the lines drawn in accordance with Schedule 1 to the said Regulations dividing landward areas from seaward areas are not the low-water line, in the areas between that line and the said dividing lines:

Provided that no rights conferred by this licence shall be exercisable in any area in respect of which a licence (not being a methane drainage licence) is for the time being in force, entitling the grantee thereof to search and bore for and get petroleum, except with the agreement of the holder of that licence to the exercise in any such area of any such rights.

3. The right to search for petroleum conferred by this licence shall include prospecting and carrying out geological surveys by physical or chemical means and drilling for the purpose of obtaining geological information about strata in the exploration area but shall not include any right to get petroleum or any right to drill wells for production of petroleum or any other well of a depth exceeding three hundred and fifty metres below the surface of the sea bed or such greater depth as the Minister may from time to time approve either generally or in relation to a particular well or in relation to a class of wells to which that well belongs. SCH. 7  
Prospecting  
methods.
4. This licence unless sooner determined under any of the provisions hereof shall be and continue in force for the term of three years from but may, if the Minister sees fit and the Licensee has at least three months before the expiry of the said term made a written request for its extension, be continued for a further period of three years. Term of  
licence.
5. Without prejudice to any obligation or liability imposed by or incurred under the terms and conditions hereof the Licensee may at any time determine this licence by giving to the Minister not less than six months' previous notice in writing to that effect. Right of  
Licensee to  
determine  
licence.
- 6.—(1) The Licensee shall pay to the Minister during the term of this licence the consideration for the grant of this licence specified in Schedule 1 to this licence at the times and in the manner so specified. Payment of  
consideration  
for licence.
- (2) The Licensee shall not by reason of determination of this licence or of any reduction in the exploration area be entitled to be repaid or allowed any part of any sum payable to the Minister pursuant to this licence.
- 7.—(1) The Licensee shall not commence or, after abandoning in manner hereinafter provided, shall not recommence the drilling of any well without the consent in writing of the Minister. Commence-  
ment and  
abandonment  
and plugging  
of wells.
- (2) The Licensee shall not abandon any well without the consent in writing of the Minister except as provided in paragraph (5) and (6) of this clause.
- (3) The Licensee shall ensure compliance with any conditions subject to which any consent under either of the foregoing paragraphs is given.
- (4) If any such condition under paragraph (1) of this clause relates to the position, depth or direction of the well or to any casing of the well or if any condition under either paragraph (1) or paragraph (2) of this clause relates to any plugging or sealing of the well, the Minister may from time to time direct that the well and all records relating thereto shall be examined in such manner upon such occasions or at such intervals and by such persons as may be specified by the Minister's direction and the Licensee shall pay to any such person or to the Minister such fees and expenses for such examination as the Minister may specify.

SCH. 7 (5) Where the Licensee's rights in any area cease for the time being to be exercisable, by reason of the grant of such a licence as is mentioned in the proviso to clause 2 of this licence or by reason of the ending of any such agreement as referred to in that proviso, the Licensee unless the Minister otherwise determines, shall within one month after the date on which such rights cease to be exercisable plug any of the Licensee's wells in that area.

(6) All the Licensee's wells (other than wells to which the last foregoing paragraph applies) in the exploration area shall, unless the Minister otherwise determines, be plugged by the Licensee not less than one month nor more than three months before the expiry or determination of the Licensee's rights under this licence.

(7) The plugging of any well shall be done in accordance with a specification approved by the Minister applicable to that well or to wells generally or to a class of wells to which that well belongs and shall be carried out in an efficient and workmanlike manner.

Distance of wells from boundaries of exploration area.

8. No well shall except with the consent in writing of the Minister be drilled or made so that any part thereof is less than one hundred and twenty-five metres from any of the boundaries of the exploration area.

Avoidance of harmful methods of working.

9.—(1) The Licensee shall maintain all apparatus and appliances and all wells which have not been abandoned and plugged as provided by clause 7 of this licence in good repair and condition and shall execute all operations in or in connection with the exploration area in a proper and workmanlike manner in accordance with methods and practice of exploration customarily used in good oil field practice and without prejudice to the generality of the foregoing provision the Licensee shall take all steps practicable in order—

- (a) to prevent the escape or waste of petroleum discovered in the exploration area;
- (b) to conserve the exploration area for productive operations;
- (c) to prevent damage to petroleum bearing strata;
- (d) to prevent the entrance of water through wells to petroleum bearing strata; and
- (e) to prevent the escape of petroleum into any waters in or in the vicinity of the exploration area.

(2) The Licensee shall comply with any instructions from time to time given by the Minister in writing relating to any of the matters set out in the foregoing paragraph. If the Licensee objects to any such instruction on the ground that it is unreasonable he may, within fourteen days from the date upon which the same was given, refer the matter to arbitration in manner provided by clause 22 of this licence.

(3) The Licensee shall give notice to the Minister of any event causing escape or waste of petroleum, damage to petroleum bearing strata or entrance of water through wells to petroleum bearing strata forthwith after the occurrence of that event and shall, forthwith after the occurrence

of any event causing escape of petroleum into the sea, give notice of the event to the Chief Inspector of Her Majesty's Coastguard. SCH. 7

10. The Licensee shall not carry out any operations authorised by this licence in or about the exploration area in such manner as to interfere unjustifiably with navigation or fishing in the waters of the exploration area or with the conservation of the living resources of the sea. Fishing and navigation.

11. The Licensee shall comply with any instructions from time to time given by the Minister in writing for securing the safety, health and welfare of persons employed in or about the exploration area. Safety, health and welfare of employees.

12.—(1) The Licensee shall keep accurate records in a form from time to time approved by the Minister of the drilling, deepening, plugging or abandonment of all wells and of any alterations in the casing thereof. Such records shall contain particulars of the following matters— Licensee to keep records.

- (a) the site of and number assigned to every well;
- (b) the subsoil and strata through which the well was drilled;
- (c) the casing inserted in any well and any alteration to such casing;
- (d) any petroleum, water, mines or workable seams of coal encountered; and
- (e) such other matters as the Minister may from time to time direct.

(2) The Licensee shall keep in the United Kingdom accurate geological plans and maps relating to the exploration area and such other records in relation thereto as may be necessary to preserve all information which the Licensee has about the geology of the exploration area.

(3) The Licensee shall deliver copies of the said records, plans and maps referred to in the two foregoing paragraphs to the Minister as and when required.

13.—(1) The Licensee shall furnish to the Minister on or before the fifteenth day of each month in which this licence is in force a return in a form from time to time approved by the Minister of the progress of his operations in the exploration area. Such return shall contain— Returns.

- (a) a statement of the areas in which any geological work, including surveys by any physical or chemical means, has been carried out;
- (b) the number assigned to each well, and in the case of any well the drilling of which was begun or the number of which was changed in that month, the site thereof;
- (c) a statement of the depth drilled in each well; and
- (d) a statement of any petroleum, water, mines or workable seams of coal encountered in the course of the said operations.

(2) Within two months after the end of each calendar year in which this licence is in force and within two months after the expiration or

SCH. 7 determination of this licence the Licensee shall furnish to the Minister an annual return in a form from time to time approved by the Minister of the operations conducted by him in the exploration area during that year or the period prior to such expiration or determination as the case may be together with a plan upon a scale approved by the Minister showing the situation of all wells. The Licensee shall also indicate on the said plan all works executed by him in connection with searching for petroleum.

(3) The Licensee shall furnish to the Minister such other information, including information in the form of maps and plans, as to progress of his operations in the exploration areas as the Minister may from time to time require.

Licensee to keep samples. **14.—(1)** As far as reasonably practicable the Licensee shall correctly label and preserve for reference for a period of five years samples of the sea bed and of the strata encountered in any of the Licensee's wells in the exploration area and samples of any petroleum or water discovered in any such wells.

(2) The Licensee shall not dispose of any sample after the expiry of the said period of five years unless—

(a) he has at least six months before the date of the disposal given notice in writing to the Minister of his intention to dispose of the sample; and

(b) the Minister or any person authorised by him has not within the said period of six months informed the Licensee in writing that he wishes the sample to be delivered to him.

(3) The Minister or any person authorised by him shall be entitled at any time—

(a) to inform the Licensee in writing that he wishes part of any sample preserved by the Licensee to be delivered to him; or

(b) to inspect and analyse any sample preserved by the Licensee.

(4) The Licensee shall forthwith comply with any request for the delivery of the whole or any part of any sample which is made in accordance with the preceding provisions of this clause.

Reports to be treated as confidential. **15.** All records, returns, plans, maps, samples, accounts and information (in this clause referred to as "the specified data") which the Licensee is or may be from time to time required to furnish under the provisions of this licence shall be supplied at the expense of the Licensee and shall not (except with the consent in writing of the Licensee which shall not be unreasonably withheld) be disclosed to any person not in the service or employment of the Crown:

Provided that—

(i) the Minister shall be entitled to any time to make use of any of the specified data for the purpose of preparing and publishing such returns and reports as may be required of the Minister pursuant to the Petroleum and Submarine Pipe-lines Act 1975 or the Act of 1964 or otherwise required by law;

- (ii) the Minister shall be entitled at any time to furnish any of the specified data to the Natural Environment Research Council and to any other body of a like nature as may from time to time be carrying on activities of a substantially similar kind to the geological activities at present carried on by the said Council; SCH. 7
- (iii) the Minister, the said Council and any such other body shall be entitled at any time to prepare and publish reports and surveys of a general nature using information derived from any of the specified data;
- (iv) the Minister, the said Council and any such other body shall be entitled to publish any of the specified data of a geological, scientific or technical kind after the expiration of the period of five years beginning with the date when the Minister received the data or after the expiration of such longer period as the Minister may determine after considering any representations made to him by the Licensee about the publication of data in pursuance of this sub-paragraph.

**16.** Any person authorised by the Minister may at all reasonable times inspect and make abstracts or copies of any records, returns, plans or maps which the Licensee is required to keep or make in accordance with the provisions of this licence. Power to inspect records.

**17.** Any person or persons authorised by the Minister shall be entitled at all reasonable times to enter into and upon any of the Licensee's installations and equipment used or to be used in connection with searching for petroleum in the exploration area for the purposes hereinafter mentioned— Rights of access.

- (a) to examine the installations, wells, plant, appliances and works made or executed by the Licensee in pursuance of this licence and the state of repair and condition thereof; and
- (b) to execute any works or to provide and install any equipment which the Minister may be entitled to execute or provide and install in accordance with the provisions hereof.

**18.** If the Licensee shall at any time fail to perform the obligations arising under the terms and conditions of any of clauses 7, 9 and 11 of this licence then and in any such case the Minister shall be entitled, after giving to the Licensee reasonable notice in writing of such his intention, to execute any works and to provide and install any equipment which in the opinion of the Minister may be necessary to secure the performance of the said obligations or any of them and to recover the costs and expenses of so doing from the Licensee. Power to execute works.

**19.** The Licensee shall at all times keep the Minister effectually indemnified against all actions, proceedings, costs, charges, claims and demands whatsoever which may be made or brought against the Minister by any third party in relation to or in connection with this licence or any matter or thing done or purported to be done in pursuance thereof. Indemnity against third party claims.

SCH. 7  
Agreement  
not to assign.      **20.** The Licensee shall not without the consent of the Minister in writing assign or part with any of the rights granted by this licence in relation to the whole or any part of the exploration area or grant any sub-licence in respect of any such rights.

Power of  
revocation.      **21.—(1)** If any of the events specified in the following paragraph shall occur then and in any such case the Minister may revoke this licence and thereupon the same and all the rights hereby granted shall cease and determine but subject nevertheless and without prejudice to any obligation or liability incurred by the Licensee or imposed upon him by or under the terms and conditions hereof.

(2) The events referred to in the foregoing paragraph are—

- (a) any consideration specified in Schedule 1 hereto or any part thereof being in arrear or unpaid for two months next after any of the days whereon the same ought to be have been paid;
- (b) any breach or non-observance by the Licensee of any of the terms and conditions of this licence;
- (c) the bankruptcy of the Licensee;
- (d) the making by the Licensee of any arrangement or composition with his creditors;
- (e) if the Licensee is a company, the appointment of a receiver or any liquidation whether compulsory or voluntary;
- (f) the Licensee's ceasing in the case of a company to have its central management and control in the United Kingdom;

and where two or more persons are the Licensee any reference to the Licensee in sub-paragraphs (b) to (f) of this paragraph is a reference to any of those persons.

Arbitration.      **22.—(1)** If at any time any dispute, difference or question shall arise between the Minister and the Licensee as to any matter arising under or by virtue of this licence or as to their respective rights and liabilities in respect thereof then the same shall, except where it is expressly provided by this licence that the matter or thing to which the same relates is to be determined, decided, approved or consented to by the Minister, be referred to arbitration as provided by the following paragraph.

(2) The arbitration referred to in the foregoing paragraph shall be in accordance with the Arbitration Act 1950 by a single arbitrator who, in default of agreement between the Minister and the Licensee as to his appointment, shall be appointed by the Lord Chief Justice of England for the time being:

Provided that if any such dispute difference or question arises solely out of any act or omission taking place in Scotland or in waters adjacent thereto or in a designated area or part of a designated area in respect of which an Order in Council has been made pursuant to Section 3(2) of the Act of 1964 making provision for the determination of questions in accordance with the law in force in Scotland the arbitration referred to in

the foregoing paragraph shall be by a single arbiter who, in default of agreement between the Minister and the Licensee as to his appointment, shall be appointed by the Lord President of the Court of Session: SCH. 7

And provided further that if any such dispute, difference or question arises solely out of any act or omission taking place in a designated area or part of a designated area in respect of which such an Order in Council has been made making provision for the determination of questions in accordance with the law in force in Northern Ireland the arbitration referred to in the foregoing paragraph shall be in accordance with the Arbitration Act (Northern Ireland) 1937 by a single arbitrator who, in default of agreement between the Minister and the Licensee as to his appointment shall be appointed by the Lord Chief Justice of Northern Ireland for the time being.

*Note: A Schedule to each Licence will provide for the payment by the Licensee of sums which may include annual payments payable in advance.*

*Licences will be executed as deeds in duplicate by all parties thereto.*

#### SCHEDULE 8 (Regulation 10(2)(e))

##### MODEL CLAUSES FOR METHANE DRAINAGE LICENCES

1.—(1) In the following clauses the following expressions have the meanings hereby respectively assigned to them, that is to say— Interpretation.

“the Act” means the Petroleum (Production) Act 1934;

“the licensed area” means the area in which the Licensee may exercise the rights granted by this licence;

“the Licensee” means the person or persons to whom this licence is granted, his personal representatives and any person or persons to whom the rights conferred by this licence may lawfully have been assigned;

“mine” has the same meaning as in the Mines and Quarries Act 1954;

“the Minister” means the Secretary of State for Energy.

(2) Any obligations which are to be observed and performed by the Licensee shall at any time at which the Licensee is more than one person be joint and several obligations.

2. In consideration of the payments hereinafter provided and the performance and observance by the Licensee of all the terms and conditions hereof, the Minister in exercise of the powers conferred by the Act, hereby grants to the Licensee LICENCE AND LIBERTY during the continuance of this licence and subject to the provisions hereof to get natural gas in the course of operations for making and keeping safe mines whether or not disused within ALL THOSE lands having a superficial area of or thereabouts, situate in the County (Counties) of and more particularly delineated and described on the Ordnance Survey Map annexed hereto and thereon edged red. Right to get natural gas.

- SCH. 8  
Term of  
licence.
- 3.** This licence unless sooner determined under any of the provisions hereof shall be and continue in force for the term of twenty-five years next after
- Right of  
Licensee to  
determine  
licence.
- 4.** Without prejudice to any obligation or liability imposed by or incurred under the terms and conditions hereof the Licensee may at any time during the term hereby granted determine this licence by giving to the Minister not less than one month's previous notice in writing to that effect.
- Payment of  
consideration  
for licence.
- 5.—(1)** The Licensee shall pay to the Minister during the term of this licence the consideration for the grant of this licence specified in Schedule 1 to this licence at the times and in the manner so specified.
- (2) The Licensee shall not by reason of the determination of this licence be entitled to be repaid or allowed any part of any sum payable to the Minister pursuant to this licence.
- Records.
- 6.** The Licensee shall keep and furnish to the Minister such records relating to the operations conducted in the licensed area under this licence, the result thereof and the disposal of any natural gas won and saved as the Minister may from time to time determine.
- Power to  
inspect  
accounts, etc.
- 7.** Any person authorised by the Minister may at all reasonable times enter into and upon any land for the time being possessed or occupied by the Licensee in the licensed area and inspect and make abstracts or copies of any records or accounts which the Licensee is required to keep or make in accordance with the provisions of this licence.
- Records to  
be treated as  
confidential.
- 8.** All records, accounts and information which the Licensee is or may be from time to time required to furnish under the provisions of this licence shall be supplied at the expense of the Licensee and shall not (except with the consent in writing of the Licensee which shall not be unreasonably withheld) be disclosed to any person not in the service or employment of the Crown. The Minister shall nevertheless be entitled at any time to make use of any information received from the Licensee for the purpose of preparing and publishing such returns and reports as may be required of the Minister pursuant to the Petroleum and Submarine Pipe-lines Act 1975 or otherwise required by law.
- Notice of  
commence-  
ment and  
termination  
of operations.
- 9.** As soon as the Licensee has decided to get natural gas at any place he shall notify the Minister in writing of the situation thereof stating—
- (a) the name of the mine for the safety of which the operations are to be undertaken;
- (b) whether such mine is a disused mine or not.

The Licensee shall also give to the Minister notice in writing of the termination of any such operation within one month of the date of termination.

10. The Licensee shall at all times keep the Minister effectually indemnified against all actions, proceedings, costs, charges, claims and demands whatsoever which may be made or brought against the Minister by any third party in relation to or in connection with this licence or any matter or thing done or purported to be done in pursuance thereof.

SCH. 8  
Indemnity  
against third  
party claims.

11. The Licensee shall not without the consent of the Minister in writing assign or part with any of the rights granted by this licence in relation to the whole or any part of the licensed area or grant any sub-licence in respect of any of such rights.

Agreement  
not to assign.

12. If there shall be any breach or non-observance by the Licensee of any of the terms and conditions herein contained the Minister may revoke this licence and thereupon the same and all the rights hereby granted shall cease and determine but subject nevertheless and without prejudice to any obligation or liability imposed by or incurred under the terms and conditions hereof.

Power of  
revocation.

13.—(1) If at any time any dispute, difference or question shall arise between the Minister and the Licensee as to any matter arising under or by virtue of this licence or as to their respective rights and liabilities in respect thereof then the same shall, except where it is expressly provided by this licence that the matter or thing to which the same relates is to be determined or consented to by the Minister, be referred to arbitration as provided by the following paragraph.

Arbitration.

(2) The arbitration referred to in the foregoing paragraph shall be in accordance with the Arbitration Act 1950 by a single arbitrator who, in default of agreement between the Minister and the Licensee as to his appointment, shall be appointed by the Lord Chief Justice of England for the time being.

Note: *Where the licensed area is situate in Scotland the following paragraph will be substituted for the last foregoing paragraph.*

(2) The arbitration referred to in the foregoing paragraph shall be by a single arbiter who, in default of agreement between the Minister and the Licensee as to his appointment, shall be appointed by the Lord President of the Court of Session.

Note: *A schedule to each Licence will provide for the payment by the Licensee of sums agreed between the Minister and the Treasury which may include annual payments payable in advance.*

*Licences will be executed as deeds in duplicate by all parties thereto.*

## EXPLANATORY NOTE

*(This Note is not part of the Regulations.)*

These Regulations consolidate with amendments the provisions of the Petroleum (Production) Regulations 1976 as amended.

The Regulations set out the requirements for applications to the Secretary of State for Energy for licences to search and bore for, and get, petroleum, to be issued under the Petroleum (Production) Act 1934. The Regulations also set out the requirements in respect of methane drainage licences for getting natural gas in the course of operations for making and keeping safe mines.

The Regulations prescribe a form of application in Schedule 3 and also prescribe model clauses to be incorporated, unless the Secretary of State thinks fit to modify or exclude them in a particular case, in licences granted in pursuance of applications under these Regulations. The clauses appropriate to landward production licences and seaward production licences are set out in Schedules 4 and 5 respectively. The clauses appropriate to exploration licences in landward areas above the low water line and exploration licences in seaward areas and landward areas below the low water line are set out in Schedules 6 and 7 respectively. The model clauses appropriate to methane drainage licences are set out in Schedule 8. The landward and seaward areas to which the production and exploration licences referred to above relate are defined in Regulation 3 and Schedule 1.

The principal amendments relate to landward licensing. The model clause relating to approval of operator in landward production licences now corresponds with the equivalent model clause in seaward production licences. The model clauses for incorporation in landward exploration licences now provide for a single term of 4 years instead of a term of 3 years renewable for a further 3 years, and also enable the holder of such a licence to surrender part of the licensed area during the 4-year term.
