 - i. dates of any appointment,
 - ii. details of the reservoirs, including their capacity and main dimensions, in connection with the design construction, management, maintenance or repair of which the applicant has been employed,
 - iii. details of the nature and extent of the applicants responsibility for any reservoir in relation to which he has been employed, that is to say, whether he had responsibility for the design, construction or operation of the reservoir and to what degree of supervision he was subject,
 - iv. the name and address of any engineer under whose supervision the applicant worked.

Signed by authority of
the Secretary of State

Ian Gow,
Minister for Housing and Construction,
Department of the Environment.

27th November 1984.

Nicholas Edwards,
Secretary of State for Wales.

29th November 1984.

George Younger,
Secretary of State for Scotland.

29th November 1984.

EXPLANATORY NOTE

(This note is not part of the regulations.)

The Secretaries of State for the Environment, Wales and Scotland have determined that there shall be a number of different panels of civil engineers for the purposes of the Reservoirs Act 1975. One of these panels will consist of those civil engineers who may be employed under section 12 of the Act, which provides for the supervision of large raised reservoirs. These regulations prescribe the manner in which a civil engineer may apply to be appointed to that panel. They also prescribe the fee which is to accompany such an application.
