#### EXPLANATORY NOTE

*(This Note is not part of the Regulations.)*

These Regulations amend the Misuse of Drugs (Safe Custody) Regulations 1973 by substituting a new Schedule 1 (which specifies those drugs which are exempted from the requirements of the Regulations). The only change of substance is the addition of fenethylline (when in the form of a liquid preparation designed for administration otherwise than by injection) and cathine.

**BY THE QUEEN****A PROCLAMATION****DETERMINING THE SPECIFICATIONS AND DESIGN FOR,  
AND GIVING CURRENCY TO, ONE POUND COINS  
IN THE FALKLAND ISLANDS**

*ELIZABETH R*

We, in exercise of the powers conferred by section II of the Coinage Act 1870, section 2(3) of the Decimal Currency Act 1967, and all other powers enabling Us in that behalf, do hereby, by and with the advice of Our Privy Council, proclaim, direct and ordain as follows:—

1. This Proclamation shall be published in the Official Gazette of the Falkland Islands and shall come into force there on the date of such publication.

2.—(1) A new coin of mixed metal of the denomination of one pound shall be made, being a coin of a standard weight of 9.5 grammes, a standard diameter of 22.5 millimetres, a standard composition of seventy per centum copper, five and one half per centum nickel and twenty-four and one half per centum zinc and being circular in shape.

(2) In the making of the said mixed metal coin a remedy (that is, a variation from the standard weight, diameter or composition specified above) shall be allowed of an amount not exceeding the following, that is to say:—

- (a) a variation from the said standard weight of an amount per coin (measured as the average of a sample of not more than one kilogramme of the coin) of 0.05 grammes;
- (b) a variation from the said standard diameter of 0.1 millimetres per coin; and
- (c) a variation from the said standard composition of two per centum copper, three quarters per centum nickel and two per centum zinc.

3.—(1) A new coin of silver of the denomination of one pound shall be made, being a coin of a standard weight of 9.5 grammes, a standard diameter of 22.5 millimetres and a standard composition of thirty-seven fortieths fine silver and three fortieths alloy; or millesimal fineness 925, and being circular in shape.

(2) In the making of the said silver coin a remedy (that is, a variation from the standard weight, diameter or composition specified above) shall be allowed of an amount not exceeding the following, that is to say:—

- (a) a variation from the said standard weight of an amount per coin (measured as the average of a sample of not more than one kilogramme of the coin) of 0.05 grammes;
- (b) a variation from the said standard diameter of 0.1 millimetres per coin; and
- (c) a variation from the said standard composition of five per mille.

4.—(1) A new coin of silver of the denomination of one pound shall be made, being a coin of a standard weight of 19 grammes, a standard diameter of 22.5 millimetres and a standard composition of thirty-seven fortieths fine silver and three fortieths alloy; or millesimal fineness 925, and being circular in shape.

(2) In the making of the said silver coin a remedy (that is, a variation from the standard weight, diameter or composition specified above) shall be allowed of an amount not exceeding the following, that is to say:—

- (a) a variation from the said standard weight of an amount per coin (measured as the average of a sample of not more than one kilogramme of the coin) of 0.1 grammes;
- (b) a variation from the said standard diameter of 0.1 millimetres per coin; and
- (c) a variation from the said standard composition of five per mille.

5.—(1) A new coin of gold of the denomination of one pound shall be made, being a coin of a standard weight of 19.65 grammes, a standard diameter of 22.5 millimetres and a standard composition of eleven twelfths fine gold and one twelfth alloy; or millesimal fineness 916.66 and being circular in shape.

(2) In the making of the said gold coin a remedy (that is, a variation from the standard weight, diameter or composition specified above) shall be allowed of an amount not exceeding the following, that is to say:—

- (a) a variation from the said standard weight of an amount per coin (measured as the average of a sample of not more than one kilogramme of the coin) of 0.12 grammes; and
- (b) a variation from the said standard diameter of 0.1 millimetres per coin; and
- (c) a variation from the said standard composition of two per mille.

6. The design for each coin shall be as follows:—

- (a) For the obverse impression Our effigy with the inscription “QUEEN ELIZABETH THE SECOND”.
- (b) For the reverse impression the Ensigns Armorial of Our Colony of the Falkland Islands, encircled by the words “FALKLAND ISLANDS” and the date of the year and the words “ONE POUND”.
- (c) The coins shall have a graining upon the edge and in incuse letters the inscription “DESIRE THE RIGHT”.

7. The said coins shall be current within Our Colony of the Falkland Islands.

Given at Our Court at Buckingham Palace, this sixteenth day of December in the year of our Lord One thousand nine hundred and eight-six and in the thirty-fifth year of Our Reign.

GOD SAVE THE QUEEN
