## EXPLANATORY NOTE

*(This note is not part of the Regulations)*

These Regulations amend the National Health Service (General Medical and Pharmaceutical Services) (Scotland) Regulations 1974 (“the principal regulations”) regulating the terms upon which pharmaceutical services are provided under the National Health Service (Scotland) Act 1978.

Regulation 2 inserts definitions for the purposes of the principal regulations.

Regulation 4 inserts into the principal regulations a new regulation 28 which relates to the pharmaceutical list kept by each Health Board (“the Board”), and provides for applications to be made to the Board for inclusion in that list in respect of pharmaceutical services to be provided, or the use of additional premises or their relocation.

Schedule 3 to the principal regulations substitutes new prescribed forms of application. Applications are — subject to minor exceptions — to be granted only if the Board is satisfied that the provision of pharmaceutical services at the premises named in the application is necessary or desirable in order to ensure adequate provision of such services in the neighbourhood of the premises. Further provisions concerning applications are made in the new Schedule 3A inserted into the principal Regulations.

Schedule 3A details the constitution and procedures of pharmacy practice committees and the National Appeal Panel.

Each Board is to establish a pharmacy practice committee which will on behalf of the Board consider and take decisions on applications.

Appeals with respect to applications are to be considered by a National Appeal Panel, whose decision is final.

Regulation 5 inserts a new regulation 28A into the principal regulations which specifies the grounds upon and procedure by which names may be removed from the pharmaceutical list.

Regulation 6 amends regulation 29 of the principal regulations by making provision for an appeal against a Board’s decision to vary the terms of a scheme directed at ensuring the proper provision of pharmaceutical services within the Board’s area.

Regulation 7 amends regulation 32 of the principal regulations and provides that the Secretary of State may obtain information from chemists whose names are included in the pharmaceutical list.

Transitional provisions are contained in regulation 11.

Where an application with respect to entry on the pharmaceutical list has been lodged before, but granted after, 1st April 1987, then such a grant is to be governed by the principal regulations as in force immediately before that date but only if that grant is made within 6 months from that date.

Additionally, where that transitional provision has been made use of, the applicant must begin to provide pharmaceutical services within 6 months of 1st April 1987, otherwise his name will be removed from the list on 1st October 1987.

Regulations 3 and 8 make minor amendments to the text of the principal regulations.
