## **EXPLANATORY NOTE**

*(This note is not part of the Scheme)*

This Scheme authorises the Secretary of State to provide a 25 metre length of special road which shall add to the special road which he is authorised to construct by the A102(M) Motorway (Eastway Section) Scheme 1986. The additional length of special road is required as a consequence of the proposed redesign of the Lea interchange which has resulted in a slight shift in the point at which the slip roads join the Link Road and hence a change in the point at which non-motorway traffic may join or leave the Link Road.
