Citation and commencement

1. These Regulations may be cited as the Electricity Supply Pension Scheme (Eligible Persons) Regulations 1990 and shall come into force on 1st March 1990.

Interpretation

2.—(1) In these Regulations—

“the 1947 Act” means the Electricity Act 1947;

“by-analogy member” means a person referred to in regulation 3;

“old scheme” means, in respect of each by-analogy member to whom regulation 3(2)(c) (i) applies, the retirement benefits scheme created by the determination referred to in that paragraph and, in respect of each by-analogy member to whom regulation 3(3) applies, the retirement benefits scheme created by a determination applying in respect of that member while he was entitled to accrue pension rights in accordance with it;

“the Pension Scheme” means the Electricity Supply Pension Scheme;

(1) 1947 c. 54; section 54 was amended by the Electricity Act 1957 (c. 48), section 42 and Schedule 4, Part I; the Tribunals and Inquiries Act 1958 (c. 66), Schedule 2, Part II; the Employment Protection (Consolidation) Act 1978 (c. 44), section 130 and Schedule 10, paragraph 7 and S.I.1959/1769, 1968/729 and 1970/1537.

(2) S.I. 1957/48, 1969/1498 and 1970/1537.

(3) See the definition of “prescribed” in section 64(1).

(4) 1989 c. 29.

“relevant existing body” means, prior to the transfer date, in respect of each by-analogy member, any existing body of which he is or was at any time the Chairman or other member prior to the coming into force of these Regulations which has a legal or customary obligation to contribute to the pension rights of that by-analogy member and, after the transfer date, the successor company of that existing body to which any liability under these Regulations is transferred;

“relevant scheme” means a retirement benefits scheme, other than the Pension Scheme or an old scheme, under which a by-analogy member has acquired pension rights and to which an existing body or a Scottish Board has paid contributions in respect of that by-analogy member;

“retirement benefits scheme” has the same meaning as in section 611 of the Income and Corporation Taxes Act 1988(5);

“the Trustees” means the Trustees of the Pension Scheme from time to time.

(2) Unless the context otherwise requires, any reference in these Regulations to a numbered regulation is a reference to the regulation in these Regulations bearing that number; and any reference in a regulation to a numbered paragraph is a reference to the paragraph of that regulation bearing that number.

By-analogy members

3.—(1) Any person to whom paragraph (2) or (3) applies is a by-analogy member for the purpose of these Regulations.

(2) This paragraph applies to any person who—

- (a) is or has at any time been a Chairman or other member of an existing body in England and Wales;
- (b) was not entitled by virtue of any regulations made under subsection (4) of section 54 of the 1947 Act to be a member of any pension scheme established under subsection (1) of that section; and
- (c) (i) is or was entitled to accrue pension rights in accordance with a determination under section 3(6) of the 1947 Act upon terms expressed by reference to the Pension Scheme or another retirement benefits scheme but containing modifications to the terms of the Pension Scheme or that other scheme as the same was expressed to apply to that person; or
 - (ii) notwithstanding sub-paragraph (b) of this paragraph was treated by the Trustees as a member of the Pension Scheme.

(3) This paragraph applies to any person to whom paragraph (2) would have applied, if that person had not died prior to the coming into force of these Regulations.

Amendments to the Pension Scheme

4.—(1) The amendments to the Pension Scheme specified in Part I of the Schedule shall have effect.

(2) Between the coming into force of these Regulations and the transfer date the Pension Scheme shall have effect as if any provision of an old scheme which requires or has the effect of requiring that any discretion in that scheme to apply particular features of it to or in respect of a by-analogy member shall be exercised by the Secretary of State and the Treasury were a provision of the Pension Scheme.

Transfer of by-analogy members

5. Each by-analogy member to whom regulation 3(2) applies shall become a Transferred By-Analogy Member(6) of the Pension Scheme and each by-analogy member to whom regulation 3(3) applies shall become a Transferred Former By-Analogy Member(6) of the Pension Scheme.

Transfer of property and rights

6.—(1) Subject to the provisions of this regulation and of regulation 7, all property and rights of every type and description vested at the coming into force of these Regulations in any person other than as a nominee or custodian trustee being property or rights available for the purposes of any old scheme are hereby transferred without further assurance to the Trustees.

(2) A certificate, signed by the relevant existing body and by any person in whom any property or right transferred by virtue of this regulation was vested immediately before these Regulations came into force, that the property or right was so transferred, or a copy of such certificate certified by the relevant existing body to be a true copy thereof, shall be sufficient evidence that the property or right was transferred as aforesaid.

(3) In the case of any property or right vested in two or more persons jointly, a certificate for the purposes of paragraph (2) signed by any one of those persons on behalf of them all shall be sufficient.

(4) Every person in whom any property or right transferred as aforesaid was vested immediately before these Regulations came into force shall do all such things as are necessary, or as the Trustees may reasonably require to be done, for the purpose of ensuring—

- (a) the due registration of the title of the Trustees to such property;
- (b) the delivery to the Trustees of any document constituting evidence of the said registration;
- (c) the performance for the benefit of the Trustees of all obligations due in respect of such rights; and
- (d) the receipt by the Trustees of all dividends, rent, interest or other sums in respect of such property or right due for payment after these Regulations come into force.

Transfer of liabilities

7.—(1) Subject to the provisions of paragraph (2), every liability or obligation outstanding immediately before the coming into force of these Regulations and incurred by any relevant existing body or other person on behalf of or for the purposes of an old scheme or by any relevant scheme in respect of a by-analogy member shall be liabilities or obligations of the Trustees to the exclusion of that person:

Provided that nothing in this paragraph shall relieve any relevant existing body or other person from any liability for any breach of trust or duty, except in so far as under the provisions of the old scheme or the relevant scheme he would, but for the operation of these Regulations, have been entitled to an indemnity in respect thereof from assets available for the purposes of the old scheme or the relevant scheme.

(2) In respect of an old scheme the exclusion of each relevant existing body or other person to whom the foregoing paragraph applies from liability as aforesaid shall, without prejudice to the vesting in the Trustees of the liability in question, take effect only after signature and delivery of all certificates required to be made for the due registration of the title of the Trustees to all property and rights transferred with respect to the old scheme by virtue of regulation 6.

(6) A definition of this phrase is inserted into the Pension Scheme by these Regulations, *see* Part I of the Schedule, paragraph 1.

(6) A definition of this phrase is inserted into the Pension Scheme by these Regulations, *see* Part I of the Schedule, paragraph 1.

Valuation of accrued pension rights

8.—(1) Subject to paragraph (2), the Trustees shall cause an actuarial valuation to be prepared by the actuary of the Pension Scheme of the accrued pension rights of or in respect of the by-analogy member of each old scheme and each relevant scheme and the property and rights (if any) transferred under regulation 6 as at the coming into force of these Regulations, using actuarial assumptions identical to those adopted for the valuation of the Pension Scheme on 31st March 1989 and, in respect of any old scheme having more than one relevant existing body, showing separately the value of—

- (a) the accrued pension rights of that scheme for which each relevant existing body is responsible; and
- (b) any property or rights apportioned in the ratio which the accrued pension rights for which each relevant existing body is responsible bear to the aggregate accrued pension rights in respect of that scheme.

(2) Where the Trustees have received contributions or other payments in respect of a person to whom regulation 3(2)(c)(ii) applies and are satisfied that, having regard to the provisions of the Pension Scheme and the pension rights of that person, they already hold, in whole or in part, adequate funds, the provisions of paragraph (1) shall not apply, to the extent that they are so satisfied.

(3) For the purpose of this regulation, “accrued pension rights” shall mean—

- (a) all pension rights under the old scheme or the relevant scheme (relating, in the case of a by-analogy member in service whose pension rights are still accruing, to rights in respect of pensionable service up to the date these Regulations come into force but taking into account, where appropriate, assumed future salary increases);
- (b) all additional rights calculated by reference to the rights under sub-paragraph (a) of this paragraph and arising from a customary or express obligation undertaken by the relevant existing body or Scottish Board, other than annual payments arising in connection with the termination of employment of any person due to reorganisation or redundancy (including any increase in such payments); and
- (c) all additional rights which would arise for the benefit of or in respect of the by-analogy member of the old scheme or the relevant scheme if that scheme had contained the obligations referred to in sub-paragraph (b) of this paragraph and a provision having the same effect as Rule 26 of the Pension Scheme,

whether payments in respect of such rights are being made or are prospectively or contingently payable and includes any lump sums payable on retirement or death.

(4) Subject to paragraph (2), the Trustees shall deliver a copy of the valuation prepared for the purposes of paragraph (1) and a statement specifying the amount (if any) by which the value of the accrued pension rights and any other liabilities or obligations exceeds the value of the property and rights (if any) transferred under regulation 6—

- (a) in respect of an old scheme, to the relevant existing body; and
- (b) in respect of a relevant scheme, to the trustees of that scheme.

(5) Within 60 days of the delivery of the statement under paragraph (4) the relevant existing body or the trustees of the relevant scheme, as the case may be, shall pay to the Trustees the amount specified in the statement.

Application of funds

9. The Trustees shall not cause or allow the disposal of any property or right transferred or payment received by virtue of the foregoing regulations or the application of any such property or right or payment otherwise than—

- (a) for the discharge of any liability or obligation or the payment of any expense imposed upon them by these Regulations; or
- (b) in accordance with the provisions of the Pension Scheme.

Winding up

10. Each old scheme shall cease to have effect on the date when these Regulations come into force:

Provided that—

- (a) the proviso to paragraph (1) of regulation 7 shall apply in relation to this paragraph as it applies in relation to that paragraph; and
- (b) nothing in this paragraph shall affect the operation of paragraph (2) of regulation 7.

Officers of the Electricity Consumers' Council

11.—(1) Any person who, whether before or after the coming into force of section 21 of and Schedule 2 to the Energy Act 1983(7)—

- (a) is or was an officer of the Electricity Consumers' Council; and
- (b) was treated as a member of the Pension Scheme,

shall be deemed to have been a member of the Pension Scheme from the date of commencement of such treatment, notwithstanding the provisions of section 54(1) of the 1947 Act, and any contributions paid by or in respect of that person shall be deemed to have been properly paid to and received by the Trustees.

(2) In consequence of paragraph (1), the amendments to the Pension Scheme specified in Part II of the Schedule shall have effect.

- (a) (2) Upon assuming responsibility for the By-Analogy Liabilities, the Trustees shall cause an actuarial valuation of the By-Analogy Assets and the By-Analogy Liabilities in respect of each By-Analogy Arrangement to be prepared by the Actuary, in accordance with the provisions of the By-Analogy Assimilation Regulations.
- (b) Where under an actuarial valuation referred to in sub-paragraph (a) the Actuary certifies that the By-Analogy Assets are not sufficient to meet the By-Analogy Liabilities, the deficiency certified by the Actuary shall be met by a payment to the Fund of the amount of such deficiency by the By-Analogy Employer which was responsible for the relevant By-Analogy Arrangement.

Regulation 11(2)

PART II

amendments to the electricity supply pension scheme
relating to officers of the electricity consumers' council.

1. In Clause 46, the definition of “the Boards” shall be deleted and the following definition shall be substituted:

““the Boards” means the Council, the Generating Board, the Area Boards, the Consultative Councils and the Electricity Consumers' Council; and

“the Board” means whichever of the Boards is appropriate;”.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations provide:

(i) for certain present and former Chairmen and other members of the Electricity Council and the Electricity Boards in England and Wales; and

(ii) for certain officers and former officers of the Electricity Consumers' Council,

who were ineligible for membership of the Electricity Supply Pension Scheme (the Pension Scheme) (which is an existing scheme providing pension benefits for most employees and members of the electricity supply industry in England and Wales) under section 54 of the Electricity Act 1947, as amended, to become eligible for membership.

Regulation 1 provides for the citation and commencement of the Regulations and regulation 2 contains definitions. Regulation 3 defines the persons who are within paragraph (i) above. Regulation 4(1) introduces Part I of the Schedule, which contains the amendments to the Pension Scheme necessary to provide how these persons will be treated as members of the Scheme. The effect of the amendments is that their existing pension benefits will be at least maintained. Regulation 4(2) continues the effect of a provision of old schemes (as defined) but only until the transfer date. Regulation 5 then provides for the persons mentioned in paragraph (i) above to become members of the Pension Scheme.

Regulations 6 to 10 provide for the winding up of the old schemes of such persons created by determinations under section 3(6) of the 1947 Act. These regulations provide for the assets and outstanding liabilities of these schemes to pass to the Trustees of the Pension Scheme, and for an actuarial valuation of all assets and liabilities of the schemes to be wound up and of certain liabilities to be transferred from other schemes. Each Electricity Board which presently funds these liabilities out of revenue is, and the trustees of other electricity supply industry schemes holding assets in respect of those persons are, required to make a payment to the Trustees of the Pension Scheme in respect of any deficit shown by the valuation. Certain requirements are specified in the regulations for the effective registration of the title to the property being transferred.

Regulation 11 provides that any officer or former officer of the Electricity Consumers' Council who has been treated as a member of the Pension Scheme shall be deemed to have been a member of the Scheme from the date of commencement of such treatment, notwithstanding the fact that section 54(1) of the 1947 Act did not entitle such persons to be members of the Scheme. This provision is to apply whether or not the officer served with the Electricity Consumers' Council before it was put on to a statutory footing under section 21 of and Schedule 2 to the Energy Act 1983. Part II of the Schedule contains an amendment to the Pension Scheme to add the Electricity Consumers' Council to the list of bodies which may participate in the Scheme.
