The Building Standards (Scotland) Regulations 1990

PART II

BUILDING STANDARDS

Drainage and sanitary facilities

25.—(1) A building to which this regulation applies shall be provided with adequate sanitary facilities.

(2) This regulation shall apply to all buildings other than—

- (a) buildings or any part of a building to which the Factories Act 1961 applies;
- (b) buildings or any part of a building to which the School Premises (General Requirements and Standards) (Scotland) Regulations 1967 to 1979⁽¹⁾ apply;
- (c) buildings or any part of a building of purpose groups 3 and 4.

(3) This regulation shall not be subject to specification in a notice served under section 11 of the Act.
