EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend the New Towns (Transfer of Housing Stock) Regulations 1990 (which make provision requiring the transfer of new town housing stock). They provide that where a new town corporation transfers housing stock to the district council in whose area it is situated, the stock is to be treated as having been acquired by the council under Part II of the Housing Act 1985, save in certain specified circumstances. They also make further provision about the statement by the prospective landlord which is required to be approved by the transferring corporation and to be sent to all tenants. The corporation may now approve a statement which they consider to be misleading or inaccurate in some particular; but require an additional corrective statement prepared by them to be sent with it. The Regulations also specify additional assumptions upon which any valuation of the housing stock is to be made in relation to the rents of tenancies, of certain dwellings, subsisting at the date of transfer of the stock.
