1991 No. 2843

The Animals, Meat and Meat Products (Examination for Residues and Maximum limits) Regulations 1991

Notification to analyst

10. –

(1) An authorised officer who submits to an approved laboratory a sample for primary analysis shall inform the analyst of that approved laboratory of the name and address of the owner of the animal, meat or meat product from which such sample was taken.

(2) An authorised officer who refers to an approved laboratory a finding specified in a primary analysis shall inform the analyst of that approved laboratory of the name and address of the owner of the animal, meat or meat product.
