
STATUTORY INSTRUMENTS

1992 No. 2372

The Electromagnetic Compatibility Regulations 1992

PART II

APPLICATION

Apparatus partly covered by other Directives

Electrical Energy Meters

23.—(1) These Regulations do not apply to electrical energy meters as regards the immunity thereof.

(2) In this regulation, “electrical energy meter” means any new direct connected induction meter, with single or multiple tariffs, designed to measure active energy single-phase or polyphase current at 50 Hz frequency mentioned or referred to in Article 2 of Council Directive [76/891/EEC](#) on the approximation of the laws of the Member States relating to electrical energy meters(1).
