**Fees—partial examinations**

6.—(1) Where a certificate to which this paragraph applies has been issued in relation to a vehicle or vehicle part and in consequence of an alteration in the design specification of the vehicle or vehicle part, either—

- (a) a further examination of the vehicle or vehicle part is needed with a view to the issue of a modified or further certificate but the alteration is not so extensive as to require that the further examination shall be as complete and exhaustive as the original examination; or
- (b) an applicant requires a modification of a certificate but the alteration is not so extensive as to require a further examination of the vehicle or vehicle part and can be carried out on an examination of data supplied by the applicant,

the fee for such an examination is such proportion of the fee prescribed in regulation 4 as the Secretary of State considers to be appropriate.

(2) Paragraph (1) applies to—

- (a) a sound level measurement certificate; or
- (b) a type approval certificate, or an authorisation, in relation to—

and in consequence a further, but partial, examination of the vehicle or vehicle part is required, the fee to be paid for such further examination is such proportion of the fee prescribed in regulation 4 as the Secretary of State considers to be appropriate in view of the nature and extent of the further, but partial, examination.

(4) Where more than one vehicle or vehicle part of the same type but embodying minor variations is submitted by an applicant and it is unnecessary to submit each individual vehicle or vehicle part to a complete examination, the fee to be paid for the carrying out of the partial examination on a particular vehicle or vehicle part is such proportion of the fee prescribed in regulation 4 as the Secretary of State considers to be appropriate in view of the nature and extent of the partial examination.

### **Fees—final examination of complete vehicle**

7.—(1) The fee for the final examination of a vehicle to which the Great Britain Regulations apply with a view to the issue in respect of that vehicle of a document specified in column 1 of Schedule 2 where, before the examination takes place, type approval procedures have been carried out (whether in Great Britain or elsewhere) to ascertain that in respect of that vehicle all the approval requirements which—

have been satisfied, is of the amount specified in column 3 of Schedule 2.

- (b) relate to particular parts or aspects of a vehicle; and
- (c) are applicable to the vehicle,

have been satisfied, is of the amount specified in paragraph (3).

- (c) the vehicle is one which has been assembled in more than one stage by more than one manufacturer; or
- (d) a type approval certificate or Minister's approval certificate has previously been issued in respect of the model of the vehicle but the vehicle incorporates certain changes in detail not covered by the certificate,

and in consequence a further, but partial, examination of the vehicle is required before the relevant document can properly be issued in respect of it, the fee for that partial examination shall be such proportion of the relevant sum specified in Schedule 2 or, as the case may be, Schedule 3 as the Secretary of State considers to be appropriate in view of the nature and extent of that partial examination.

- (a) the travelling and subsistence expenses reasonably incurred or expected to be incurred by each person so acting in relation to the application or examination (including expenses outstanding after the cancellation of any travelling or subsistence arrangements which result from the withdrawal of any such application); and
- (b) the whole, or such proportion as the Secretary of State may determine is reasonably attributable to the application or examination, of a sum of £54 for each hour spent or expected to be spent by each person so acting whilst travelling otherwise than on land in the United Kingdom, wholly or partly in relation to the application or examination.

(2) The reference to expenses in paragraph 1(a) does not include any expenses relating to—

the fee payable under paragraph (1) shall be re-calculated in accordance with that paragraph by reference to the actual travelling and subsistence expenses incurred and the actual time spent in travelling, and the difference shall be paid by, or as the case may be, refunded to, the applicant.

### **Payment of fees**

**11.—(1)** The fee for the carrying out or supervision of an examination of a vehicle or vehicle part in connection with the issue of a type approval certificate or authorisation, for the purpose of a Community Instrument, or ECE Regulation or in connection with the issue of a sound level

measurement certificate shall be paid when the application is made for the issue of the type approval certificate, authorisation or sound level measurement certificate for the vehicle or vehicle part in question.

(2) The fee for the carrying out or supervision of an examination of a vehicle or vehicle part in connection with the issue of a type approval certificate or a Minister's approval certificate shall be paid when the applicant is notified by the Secretary of State in accordance with the provisions of the Great Britain Regulations, or the Great Britain Regulations for Goods Vehicles of the fee payable.

(3) The fee for the issue of a document specified in Schedule 4 or 5 shall be paid—

- (a) in a case where the examination of a vehicle or vehicle part for which a fee is payable under these Regulations is required before the document is issued, when the applicant is notified of the result of the examination; and
- (b) in any other case, when the application is made for the issue of the document.

he shall be liable to pay a cancellation fee to cover the abortive work involved in dealing with the application and making arrangements for the examination.

(2) In the case of an examination of a vehicle or vehicle part to which a fee specified in Schedule 1 applies—

- (a) if the Secretary of State is, not less than 7 days before the date fixed for the examination, notified of the withdrawal or of the intention not to submit the vehicle or vehicle part for the examination, the cancellation fee shall be £97;
- (b) if the Secretary of State is not so notified within that period—
  - (i) where the fee is specified in column (a) of Schedule 1, the cancellation fee shall be a quarter of that fee plus any wasted expenses reasonably incurred by the Secretary of State in the provision of any facility for the particular examination; or
  - (ii) where the fee is specified in column (b) of Schedule 1, the cancellation fee shall be half of that fee or £215 whichever is the less.

(3) In the case of a further or partial examination of a vehicle or vehicle part in the circumstances described in regulation 6, the cancellation fee shall be such proportion of the fee as the Secretary of State considers to be appropriate.

(4) In the case of an examination of a vehicle to which a fee specified in Schedule 2 or Schedule 3 applies—

- (a) if the Secretary of State is, not less than 14 days before the date fixed for the examination, notified of the withdrawal or of the intention not to submit the vehicle for examination, the cancellation fee shall be £95;
- (b) if the Secretary of State is not so notified within that period, the cancellation fee shall be £280.

(5) Any cancellation fee for which an applicant is liable in accordance with the foregoing provisions of this regulation shall be provided—

- (6) An applicant who is liable for a cancellation fee under this regulation in respect of an application shall also be liable for any fee payable under regulation 10, but all other fees under these Regulations in respect of the application shall be reduced to nil (the balance of any sums paid in respect of the application being refundable).

### **Submission of alternative vehicle or vehicle part for examination**

13. Where an applicant does not wish, or is unable, to submit the vehicle or vehicle part in respect of which the application was made, for examination at the time and place appointed, but is able to submit for examination at that time and place some other vehicle or vehicle part which can conveniently be fitted into the programme of examinations being carried out at that place and in respect of which he has made an application he shall be entitled, subject to any adjustment by way of refund or additional payment so as to secure that the appropriate fee is paid for the examination which actually takes place, to have the sum which he originally paid applied in payment of the fee for that examination without being liable to pay a cancellation fee under regulation 12(1), but in that event he shall pay the appropriate fee prescribed by these regulations when applying for a new appointment for the examination which he originally sought.

## EXPLANATORY NOTE

*(This note is not part of the Regulations)*

1. These Regulations re-enact with modifications the provisions of the Motor Vehicles (Type Approval and Approval Marks) (Fees) Regulations 1991 and enact provisions which replace the Agricultural and Forestry Tractors and Tractor Components (Type Approval) (Fees) (Amendment) Regulations 1992.

2. The Regulations prescribe the fees payable for the examination of vehicles and vehicle parts, the examination of complete vehicles and the issue of documents in connection with—

(1) the type approval of vehicles and vehicle parts and the authorisation of the application of approval marks to vehicles and vehicle parts for the purposes of Community Instruments or ECE Regulations; and

(2) the national scheme for the type approval of vehicles and vehicle parts established under sections 54 to 66 of the Road Traffic Act 1988, the Motor Vehicles (Type Approval) (Great Britain) Regulations 1984 (S.I.1984/981) and the Motor Vehicles (Type Approval for Goods Vehicles) (Great Britain) Regulations 1982 (S.I.1982/1271).

3. In addition to minor drafting changes, the Regulations make the following changes of substance.

4. The principal changes relate to the fee amounts and to the inclusion in Schedule 1 of items relating to the type approval testing of agricultural or forestry tractor components. The overall change to the fees contained in these Regulations is an increase of approximately 13%, but this is applied in different ways with the result that some fees are increased, some are reduced and some remain in same.

5. In addition to changes to fee amounts, the introduction of new or amended ECE Regulations and new Community Instruments means that—

(1) certain new fees relating to headlamps, strength of seats and anchorages for public service vehicles, and mechanical couplings have been added to Schedule 1; and

**Status:** *This is the original version (as it was originally made). This item of legislation is currently only available in its original format.*

(2) reference to those, as alternatives to existing ECE Regulations or Community Instruments—in relation to seat belts, seat belt anchorages, seat belt installation, rear view mirrors, engine power, fuel consumption, steering, forward field of vision, seats and anchorages and head restraints—appear for the first time.

**6.** Copies of the ECE Regulations and Community Instruments referred to in these Regulations may be obtained from Her Majesty's Stationery Office.
