**1993 No. 69**

**The Merchant Shipping (Navigational  
Equipment) Regulations 1993**

**PART V**

**ECHO SOUNDER INSTALLATION**

**Echo sounder performance standards**

**28.** Every echo sounder installation required to be provided shall comply with the performance standard adopted by the Organisation and shall, in the case of a United Kingdom ship, comply with the relevant performance standard.

**Siting of echo sounder installation**

**29.—(1)** The transducer unit or units of such echo sounder installation shall be sited so as to avoid, where practicable, the vicinity of all underwater openings in, or projections from, the hull, such as plugs, anodes or other transducers, so that satisfactory overall performance is achieved.

(2) The echo sounder graphical display shall, where practicable, be sited on the bridge in a position to facilitate easy access and viewing, and where the effect of any lighting necessary for the equipment does not interfere with the keeping of an effective look-out.
