1994 No. 1768

The Plugs and Sockets etc. (Safety) Regulations 1994

PART I

Electrical devices other than standard plugs

10.—(1) Subject to the following provisions of this regulation, any electrical device (other than a standard plug) specified in column 2 of Schedule 2 to these Regulations shall conform to the particular British Standard specified for such devices in column 3 of that Schedule.

(2) Any fuse link contained in or accompanying a round-pin plug conforming to BS 546 shall conform to BS 646.
